I'm writing to object to the building of 15 houses on the green belt at [REDACTED]. It has took years to mature. There would be about 30 mature trees to cut down so where is the wild life going to go. There is birds squirrels foxes rabbits hedgehogs etc. People use that green everyday myself and husband use it three times a day walking the dog as many others do even disabled people on their buggies it gets them out in the fresh air. What about the people that use it going to work twice a day

[REDACTED]
