R. No.

Report on Development Plans -

Ack'd

We as Residents of Hillview Pl, we are all very unhappy about this Plan.

We all have many CONCERNS regarding this

This Land has took 45 years to develop, but by the council have took trees down.

This area is used by locals and others (many).

We all feel this is a safe environment, very little cars,

Walkers of all ages also dog walkers people going to work on the estate, and there is a lot of

wild life up here.

Raised questions, Re-roads
drainage, sewage, Flooding (as we
have no ²FLOODING) just now)

SUBSIDENCE,

Schools, Doctors, ETC. ETC have
problems as it is ...

15 years ago, the Plan was for
39 Houses, this ground was not
suitable, so it didn't get ahead
of why now.

CONGERE'S :- Bengita the Communist
I. to part Public Park,

where so many things were took
away & why did they stop?

Woods missing and is water logged
Wild life, walking Dogs, Kids

Planting all concerned

Who will be responsible if

we are flooded, if these Houses are
higher than ours we will be
flooded, as it is I know of one

Bank that will not give you
mortgage if you are in this area
carefull concerns are felt by
all in the area.
