I am writing to complain about the council forms to build houses at the grand to the front of Ack'd

This proposal has been put forward on a few occasional and I think someone needs to take a good look at them!

1st The amentus in the village are terrible and adding extra people will be a disastor.

One the amentus gang to be upgraded BEFORE having is knull?

and Health & Safety issues regarding pylons access railway etc.

3rd One the residents of Roosevelt gang to be Corepensated for the loss of their views? Corepensated for the loss of their views? On the reajority of residents settled because of the autlook of the house price would drop of the autlook of the house price would drop considerably with housing to the first.

There is very lettle walking a playing areas for the children and taking away even view green areas usnt a good idea.

In Is This proposal for council or private housing? And is it affectable housing? ie-houses that young people can affect? Starting at around the £80K mark? Starting at around the £80K mark? And is it going to be the people from Kirknewton that would take priority if council housing, making Kirknewton a closed Community wallow be a step in the rife devection as there wallow be a step in the rife devection as there are to many autsiders with drug issues being put in a larely Village and counsing trackle.
