

W.L.C.  
DARS GROUP SUPPORT

29 OCT 2015

W.L. REF - W.L. (LDP) / PM / 20

Dear Ms McBurnerty, I am writing to state my objections against the proposal to build houses in the [REDACTED]. My concerns are that we already have holes in the surrounding area due to subsidence, it was stated by Joe Cummings, that no building of any type is to be built in that area. The shows at the gala were moved because of waterlogging on that very site. My other concerns are for noise, habitat, trees and fauna in the area. We already have problems with street parking. This is an excellent play area for kids, walkers and dog walkers. These roads were never meant to

carry heavy loads, and access to  
and from our home will be  
heavily impaired

Yours sincerely
