Subject: H-BU 12 Hillview Place

I am sending this email in relation to the proposed building of houses in Hillview Place. This is shocking and unbelievable that you think that the council can take away this piece of ground which is used by the children that live already in Hillview and is also used by people walking their dogs.

You have not even taken into consideration the old people that live opposite the proposed site. These people are starting to panic and that is not good for these vulnerable frightened pensioners, this is unacceptable that you feel you can upset the residents of Hillview.

What about the piece of ground that Halls use to have, use that and leave our neighbourhood alone.

Who's pocket will be lined in this transaction, totally unbelievable.

Please advise when there is a meeting regarding this and I personally will go to every door in the surrounding area and get all residents to oppose and attend this meeting.

I am also shocked that not all residents have not been made aware of this, another lack of communication from the council.

I bet Fiona McBrierty does not live any were near this proposed site.

Yours angrily
