Dear Sirs,

I wish to object to the proposed development of Preston Field, Linlithgow.
I live at [REDACTED]

I object on the grounds of traffic as the entrance to the proposed housing will be at the top of Deanburn Road and then out on to Preston Road.
Neither of these roads can take any more traffic, especially Preston Road, which is blocked most mornings and afternoons during the week as parents drop off and pick up children from the two Primary Schools on this road.

I also object to any further family housing in Linlithgow as Linlithgow Academy has no capacity for extra pupils.

In addition, any development will impact on traffic along the High Street, unless the motorway junction is upgraded to four-way. I believe the pollution levels along the high Street are pretty close to dangerous already.
Please take this objection into full consideration.
Yours sincerely,

[REDACTED]
Susan Allison

This is a copy of my email objection, in case there is any problem with electronic delivery.
