Subject: H-LV3, Murieston South (8), Tarbert Drive

In response to information received recently concerning the above piece of land being considered by yourselves for future development, my wife and I are very much opposed to such consideration on the basis that we wholeheartedly supported your action taken in 2009 in making a Tree Preservation Order in respect of the trees on this land, and the sentiments behind this action. Any development would also have a very negative impact on the wildlife in this area which is abundant and varied and provides much interest and pleasure. We are strongly in favour of a move this piece of land de-zoned for any future development and hope that your Planning Department will see this as a sensible and desirable move.

With respect.

Robert Reid
