I very strongly object to the housing development scheduled for the field behind Napier Ave Bathgate

As before this is a very congested area - with a very limited road entry in to the proposed site New developers would want to build as many houses as possible to maximise their profit despite the Scottish Reporter already concluding previously that 10 dwellings as per the HBG 24 is the capacity

Flood risk

A shortage of school places

The proposed site would overlook many homes and be very overpowering in stature compared to the surrounding buildings

Already have a saturated market of new properties in Bathgate

We do not have the infrastructure or facilities for any more new builds
