---

Dear Sir/Madam,

I would like to register my objection to the proposed development at Tarbet Drive.

1) Toxic waste

The is unknown danger in the removal of material. This danger could affect a considerable number of local inhabitants (people and animals). The potential gain (i.e. a few houses) compared to the risks do not warrant this development.

2) Tree preservation order

The site was basically put out of development due to the tree preservation order. Whoever cut down the trees, it should not be possible for anyone to profit from this desecration for the foreseeable future. That includes developers and the council.

At a recent meeting, West Lothian planners explained that they had identified 10 times the required space for the developments required by the Scottish Parliament. I cannot see why this development should go ahead.

Regards,

Ian Carmichael
