To whom it may concern

In response to the recent communication regarding the development of site H-LV 3 at Tarbot and Teviot Drive , Murieston Valley, I wish to object to this development plan.

I reside in the valley, and am concerned in regards to the invasion of addition traffic through the community, the continuous traffic that would require to utilises the single entry and exit road, and the health of the residents in the area as the removal of any contaminated soil through the community would be a great risk to all residents, due to the concerns over the levels of toxic waste on this site.

As a result of the above, I object to this planning proposal.

Regards

Mrs Barbara Boland
