

I/~~we~~, the undersigned strongly object to the housing development planned for the West of Napier Avenue, Bathgate - LP Ref - HBg 24 for the following reason:-

The grassland area in question is a valuable habitat for various wildlife species including kestrel (which are in decline), pipit, kestrel, bats and small mammals. There are so few unimproved grassland areas left where nature can thrive. Also all us humans need greenspace too, to enhance our lives.
