
We, the undersigned strongly object to the housing development planned for Napier Avenue, Bathgate - LP Ref - HBg 24 for the following reason:-

We believe this will seriously jeopardise the safety of the many young children who frequently move around the paths and roads in the estate on foot or on bike. Regardless of their understanding of road safety, by creating this access route, we are drastically altering the dynamic they have grown accustomed to as a safe haven. The safety factor for our children was paramount in our purchase of our house, and we feel that this will be compromised should this planning application be granted.
