Development Planning and Environment Manager,  
West Lothian Council  
West Lothian Civic Centre,  
Howden South Road,  
Livingston,  
West Lothian,  
EH54 6FF

Dear Sirs,

**West Lothian Council - Local Development Plan Consultation Response**

As a resident of Linlithgow I support the planned development of Linlithgow and Linlithgow Bridge but that plan must:

1. Exclude development at Preston Farm
2. Plan for a reduction of congestion in the High Street
3. Plan for a reduction of pollution in the High St
4. Plan for a new road between M9 and Edinburgh Road
5. Plan for a new road from Edinburgh Road to Manse Road South to relieve Manse Road bridge
6. Plan for considerably more town centre parking
7. Attract Tourists by planning a coach/car park
8. Keep the health centre in the centre of the town
9. Plan for combined health and care services
10. Improve transport to St John's hospital Livingston
11. Upgrade the road from Manse Road South to Dechmont to a B class road
12. Plan for a cross town cycle path
13. Increase economic and environmental potential of Union Canal

Please acknowledge receipt of this communication.

Yours faithfully

Scott Oliver
