Dear Sir / Madam,

I am making this submission as an individual representing my own views. This is my first representation on the proposed plan.

I am writing to object to the proposed development as unsuitable for a number of reasons. This land is longstanding greenbelt land and an asset to the town of Linlithgow. Once built upon this cannot be recovered. The site is also a habitat to protected species and highgrade agriculture. It therefore is inappropriate for development. In addition, housing in this particular site will also dominate the canal setting which is special and unique to Linlithgow.

Aside from this, no provision of additional services is being made for further housing in the Linlithgow area. For example, the schools are full and traffic in the town is far higher than previously already. This must be a prerequisite for approval of any development in the area.

Yours faithfully,
Stephen Pashley
