Date: 22 November 2015 20:28:22

I am making this submission as an individual representing my own views. This is my first representation on the proposed plan. I object to the proposed use of the land as the site is far from frequent public transport, breaching Scot Gov guidelines means more cars going down Preston Road. This area is already heavily congested at school time and as a parent I am very concerned for the health and safety of our children. At present the town is struggling to cope with the present infrastructure without adding more pressure to schooling and doctors etc. Another objection why this area should be preserved as it provides vital grounds for our protected wildlife, bats, badgers and kingfishers.

My details are:

Eleanor Renwick
