I wanted to email in showing I am in favour of the proposed developments in Linlithgow. Every town needs new blood and affordable housing and Linlithgow is no different, in fact it could be argued new housing is even more required to keep the town thriving as most residents grow old in the town and don't move on.

I would appreciate however that the council consider the road network and main roads with schools on them and ensure the developers pay as appropriate to ensure road & child safety as deemed necessary throughout.

I grew up in Linlithgow & have been lucky to be able to afford to move back to Linlithgow to raise my own children so know first hand how expensive it is to buy a house here & how little comes on the market.
