Subject: LP Ref - HBg 24

Hi,

I refer to the planned development to the west of Napier Avenue, Bathgate and referenced in the Subject title.

Please accept this email as my formal objection to this development. I have, at least, twice previously objected to this development and I have to say that it is disappointing that I have to formally register my objection once again. I am not familiar with the planning process but it appears that it might be predicated upon persistence rather than the merits or otherwise of the application.

My objection, as previously communicated, is based on concerns regarding the impact on traffic, environmental issues and a failure to comprehend why green belt land is being sacrificed when there are already so many building projects (and empty houses) in progress.

Yours sincerely

Regards Ian Cordner
