Dear Sir / Madam

I would like to officially object to a proposed 45 house site south of Oatland Park in the Linlithgow area Site Ref (H-LL4).

I live within a 2 minute walk of this site and my objections are due to the fact that this area is of great landscape value and prime agricultural land.

This is also a site that is known to home protected species and lastly I fell the impact of the approach into Linlithgow which negatively impact the view and skyline and the whole look of the entrance to the town/

Can you please accept this as my formal objection.

Kind Regards

Mr & Mrs S Bisht
