

West Lothian Council

THE WEST LOTHIAN LOCAL DEVELOPMENT PLAN (LDP)

CONSULTATION RESPONSE PORTAL

Have Your Say on the Proposed Plan

Introduction

West Lothian Council has published its Proposed Plan together with supporting documents including an Environmental Report (SEA), Habitats Regulation Appraisal, Strategic Flood Risk Assessment and Equalities & Human Rights Impact Assessment. These can be viewed on the West Lothian Council website at www.westlothian.gov.uk/proposedplan.

If you wish to make representations on the Proposed Plan or associated documents you are encouraged to use this online consultation portal. It's quick and easy and will help us to process representations more efficiently, reducing the overall cost and environmental impact of the exercise.

You do not need to complete this questionnaire in a single visit. Just simply put your Survey Reference Number (CODE) in the top right corner of the screen to allow you to continue with your submission at a later date.

If you need assistance with completing or submitting your representation online please call the Customer Service Centre (CSC) on 01506 280000. Please advise the Customer Service Centre that your enquiry relates specifically to the Local Development Plan and ask for it to be logged and directed to the Development Plan and Environment Team. Someone will contact you. Alternatively you can email us at wlldp@westlothian.gov.uk We will endeavour to respond as quickly as possible but in any event within 3 working days of receiving your enquiry.

It is important that all representations are submitted no later than midnight on Sunday 22 November 2015. Representations received after that time will not be considered.

Your comments should be concise, having regard to paragraph 84 of Scottish Government Circular 6/2013: Development Planning which states that representations should be no more than 2,000 words plus any limited supporting productions.

Data Protection Statement

Please be aware that when you make representations on the Proposed Plan through the consultation portal (and/or in a conventional written format) personal information provided as part of a representation cannot be treated as confidential. Representations require to be made available online and for public inspection at the council's office (this would include your name but would exclude any information which would be subject to the Data Protection Act 1998 i.e. signature, postal address, telephone number, email).

We are also required to pass these details to the Scottish Government's Directorate of Planning and Environmental Appeals (DPEA). This is because they may at a later date wish to invite you to an Examination in Public of the Proposed Plan to discuss your representation.

Before using the consultation portal you should also note that any information posted may be subject to disclosure under the Freedom of Information (Scotland) Act 2002. West Lothian Council will not be liable for any loss or damage arising from or in connection with the disclosure of any information including the disclosure of user generated content.

Education (page 32, paragraphs 5.89-5.92)

We note the planned development of a number of schools and state in this respect that sportscotland has produced design guidance for indoor and outdoor sports facilities for primary and secondary school provision. This is available here - http://www.sportscotland.org.uk/facilities/design_guidance/. We strongly encourage consideration of this guidance at an early stage in the design process.

West Lothian Open Space Strategy (page 53, paragraphs 5.182-5.184)

Policy E1V 22 sportscotland objects to Policy E1V 22 based on its current wording since it is not consistent with SPP. In addition, it is considered that the wording may be confusing (in one sense it is less stringent in protecting outdoor sports facilities than SPP and another sense it introduces additional caveats). We would comment that the reference in Policy E1V 21 to sports and recreation facilities is confusing; and may be unnecessary if Policy E1V 22 can be appropriately reworded. sportscotland suggests that Policy E1V 22 is reworded based on SPP paragraph 226. Our objection to E1V 22 is based on the following considerations: • The Policy is not consistent with SPP which allows development of playing fields where there is a clear excess of provision. Policy E1V 22 dilutes this protection by referring to an adequacy of provision. • The effect of SPP is that unless development in minor / ancillary to the use of an outdoor sports facility; then suitable compensation must be provided unless there is a clear local excess. This provides robust protection of outdoor sports facilities (including football pitches and bowling greens), which are a finite resource and which are not compensated for by the provision of other forms of open space. SPP requires that, for such a facility to be lost with no compensation; there must be an excess of provision and consultation with sportscotland. This enables consideration of sports development; and wider issues around local pitch* usage / demand. Pitch* usage can appear low which may suggest that provision is 'adequate' but this does not always tell the full story for example poor quality pitches* may be hampering usage but there could be local demand which is either unmet, or met within another area. In such cases there would certainly not be an excess of pitches* and so compensation for their loss would be required - in the interests of sports development. This emphasises the rationale for the wording within SPP. *A pitch is given as an example here but the same principle applies to other outdoor sports facilities. • The policy is confusing since it is worded in a manner that all points a) to d) need to be complied with before development of playing fields etc. may be permitted. SPP on the other hand sets out 4 caveats, and requires that only one is complied with • So on the one hand Policy E1V 22 appears less stringent than SPP since it suggests playing fields etc. may be lost where there is adequate provision as opposed to a clear excess; but on the other - close reading actually suggests that, in addition to there being adequate provision; replacement provision should be provided (bullet b); and that bullet points c) and d) should be complied with. We would have concerns that this Policy could stand up at appeal - if a developer could argue that there is 'adequate provision' and that bullet points c) and d) are complied with; it may seem unreasonable to also insist on replacement provision. The net result could be that no compensation would be provided. This would be inconsistent with SPP unless there was in fact a clear excess of provision. • This reiterates our position that the Policy as currently worded is confusing and inconsistent with SPP. sportscotland suggests alternative wording based on SP paragraph 226: "POLICY E1V 22 Protection of Playing Fields and Outdoor Sports Facilities Development of school playing fields and outdoor sports facilities will not be permitted unless it can be clearly demonstrated that: • the proposed development is ancillary to the principal use of the site as a [school playing field or] outdoor sports facility; • the proposed development involves only a minor part of the [school playing field or] outdoor sports facility and would not affect its use and potential for sport and training; • the outdoor sports facility which would be lost would be replaced either by a new facility of comparable or greater benefit for sport in a location that is convenient for users, or by the upgrading of an existing outdoor sports facility to provide a facility of better quality on the same site or at another location that is convenient for users and maintains or improves the overall playing capacity in the area; or • the relevant strategy (see paragraph 224) and consultation with sportscotland show that there is a clear excess of provision to meet current and anticipated demand in the area, and that the site would be developed without detriment to the overall quality of provision." Related to this Policy; potential loss of outdoor sports facilities is an issue for sportscotland. We note below a number of land use allocations which appear to contain outdoor sports facilities. We do not object to these allocations since we recognise that the outdoor sports element(s) may be unaffected, or that there may be plans to provide for their replacement, but stress that SPP paragraph 226 applies. Whilst we have highlighted a number of land allocations; if there are any other allocations which may prejudice the use of, or lead to the loss of outdoor sports facilities; then SPP similarly applies. • H-WB 17 Site west of Hiddry Castle • H-PB 1 - West Calder High School - allocated housing site appears to cut through sports pitch - but understood that High School and associated facilities to be replaced • H-FA 8 - bowling green • H-DE 1 - contains a grass sports pitch • H-BL 5 - may contain a playing field • H-WI 1 - site contains a playing field • H-PH 1 - Philpstoun Bowling Club
