

West Lothian Council

THE WEST LOTHIAN LOCAL DEVELOPMENT PLAN (LDP)

CONSULTATION RESPONSE PORTAL

Have Your Say on the Proposed Plan

Introduction

West Lothian Council has published its Proposed Plan together with supporting documents including an Environmental Report (SEA), Habitats Regulation Appraisal, Strategic Flood Risk Assessment and Equalities & Human Rights Impact Assessment. These can be viewed on the West Lothian Council website at www.westlothian.gov.uk/proposedplan.

If you wish to make representations on the Proposed Plan or associated documents you are encouraged to use this online consultation portal. It's quick and easy and will help us to process representations more efficiently, reducing the overall cost and environmental impact of the exercise.

You do not need to complete this questionnaire in a single visit. Just simply put your Survey Reference Number (CODE) in the top right corner of the screen to allow you to continue with your submission at a later date.

If you need assistance with completing or submitting your representation online please call the Customer Service Centre (CSC) on 01506 280000. Please advise the Customer Service Centre that your enquiry relates specifically to the Local Development Plan and ask for it to be logged and directed to the Development Plan and Environment Team. Someone will contact you. Alternatively you can email us at wlldp@westlothian.gov.uk We will endeavour to respond as quickly as possible but in any event within 3 working days of receiving your enquiry.

It is important that all representations are submitted no later than midnight on Sunday 22 November 2015. Representations received after that time will not be considered.

Your comments should be concise, having regard to paragraph 84 of Scottish Government Circular 6/2013: Development Planning which states that representations should be no more than 2,000 words plus any limited supporting productions.

Data Protection Statement

Please be aware that when you make representations on the Proposed Plan through the consultation portal (and/or in a conventional written format) personal information provided as part of a representation cannot be treated as confidential. Representations require to be made available online and for public inspection at the council's office (this would include your name but would exclude any information which would be subject to the Data Protection Act 1998 i.e. signature, postal address, telephone number, email).

We are also required to pass these details to the Scottish Government's Directorate of Planning and Environmental Appeals (DPEA). This is because they may at a later date wish to invite you to an Examination in Public of the Proposed Plan to discuss your representation.

Before using the consultation portal you should also note that any information posted may be subject to disclosure under the Freedom of Information (Scotland) Act 2002. West Lothian Council will not be liable for any loss or damage arising from or in connection with the disclosure of any information including the disclosure of user generated content.

Economic Development and Growth (page 8)

The most touristic town in WL is Linlithgow and by freeing up huge parcels of land for development you are destroying the town's appeal as a tourist destination, as views will be destroyed, there will be more traffic making it off putting to tourists, especially the lack of parking. In the proposed LDP the parcels of land that are proposed to be released would in fact be against what is stated on p8 about Economic Development and Growth. Therefore, I object to the development of many proposed sites within Linlithgow.

Community Regeneration (page 8)

This point states that you promote the regeneration of Brownfield sites. The vast majority of sites proposed for release in Linlithgow are in fact Greenfield, not Brownfield. Again failing to meet this stated target in the LDP. Hence, my objection to the release of Greenfield sites in Linlithgow.

Infrastructure Requirements and Delivery (page 9)

You state that infrastructure and facilities must be present before a proposed development can go ahead. I object to this and would claim that the infrastructure and facilities must be present before the land is released otherwise, there is a great risk of land being developed and putting a strain of the infrastructure and facilities and problems to both of these never being resolved.

The Natural and Historic Environment (page 9)

See the 2 previous points within Community Regeneration and Infrastructure as relevant to this.

7. THE SPATIAL STRATEGY (INCLUDING POLICY FRAMEWORK) (page 10, paragraphs 5.1-5.10)

In the context of the Strategic Development Plan (SDP), the LDP identifies West Lothian as being one of thirteen Strategic Development Areas where development will be focused in sustainable locations where infrastructure is either available or can be provided and in locations where there are no environmental constraints.

Please use the text box below for your comments.

Your comments should be concise and limited to no more than 2,000 words. You should fully explain the issues you wish to be considered when the Proposed Plan is presented to Scottish Ministers for Examination. Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written.

Linlithgow and Linlithgow Bridge (page 26-27)

All the prior issues that led to Linlithgow being an 'area of restraint' under previous LDPs are still valid and have not been addressed. Hence, I strongly believe it should remain an 'area of restraint' until all issues of traffic congestion, air quality, education and health are addressed. Linlithgow does not fall into the CDA allocations. Hence, why does it need to be developed? The LDP spatial strategy seeks to deliver sustainable development. However, this is not possible in Linlithgow until the previously stated issues are addressed. This proposed LPD states "the requirement to provide for the development needs also requires to be balanced against the desire to maintain and protect West Lothian's natural and historic assets." In releasing the many proposed parcels of land in Linlithgow for development this requirement is not being met, it is being ignored. Air quality is already considered too high in Linlithgow, so how is adding more traffic, as a result of proposed land released for development, going to improve the situation? On all these grounds I object to the LPD's proposed land release for Linlithgow and the lifting of the 'area of restraint'.

Union Canal (p.49 paragraphs 5.164-5.165)

According to 5.165 the Union Canal at Linlithgow will be considered strongly for Conservation, Economic and Recreational Proposals, but by releasing a large parcel of land along the canal in the proposed LDP for housing would go against this and is detrimental in every way.

Air Quality and Noise (page 70, paragraphs 5.240-5.242)

It states here "Air quality in central Linlithgow has been and continues to be a significant source of concern. The problems are principally associated with high volumes of stop-start traffic in the High Street, which in most cases has no alternative practical east-west route. The combination of peripheral housing developments and major retail and education facilities outwith the centre of the town give rise to a significant volume of cross-town short distance car use. Short distance journeys are disproportionately polluting. Further development which generates additional traffic in Linlithgow High Street and Low Port can be expected to worsen air quality." Providing a very strong argument for retaining the 'area of restraint' in Linlithgow until air pollution has been addressed. The parcels of land (in particular the Greenfield sites) that will be opened up by the LDP for development can't help but have a very detrimental impact upon air quality.

8. DEVELOPMENT PROPOSAL BY SETTLEMENT (page 79)

Provides details of development proposals which are supported by the LDP in each town and village across West Lothian and assigns each one a unique reference for ease of identification.

Appendix 2 - Schedule of Housing Sites / Site Delivery Requirements (page 119)

There are many inaccuracies regarding school catchments for plots of land within Linlithgow in these tables. This can be misleading and cause confusion for many people when referring to these documents. As a consequence, I object to this LDP in its current state and seek a correct document is issued and open for public consultation.
