## THE WEST LOTHIAN LOCAL DEVELOPMENT PLAN (LDP)

### CONSULTATION RESPONSE PORTAL

#### Have Your Say on the Proposed Plan

#### Introduction

West Lothian Council has published its Proposed Plan together with supporting documents including an Environmental Report (SEA), Habitats Regulation Appraisal, Strategic Flood Risk Assessment and Equalities & Human Rights Impact Assessment. These can be viewed on the West Lothian Council website at [www.westlothian.gov.uk/proposedplan](http://www.westlothian.gov.uk/proposedplan).

If you wish to make representations on the Proposed Plan or associated documents you are encouraged to use this online consultation portal. It's quick and easy and will help us to process representations more efficiently, reducing the overall cost and environmental impact of the exercise.

You do not need to complete this questionnaire in a single visit. Just simply put your Survey Reference Number (CODE) in the top right corner of the screen to allow you to continue with your submission at a later date.

If you need assistance with completing or submitting your representation online please call the Customer Service Centre (CSC) on 01506 280000. Please advise the Customer Service Centre that your enquiry relates specifically to the Local Development Plan and ask for it to be logged and directed to the Development Plan and Environment Team. Someone will contact you. Alternatively you can email us at [wlldp@westlothian.gov.uk](mailto:wlldp@westlothian.gov.uk) We will endeavour to respond as quickly as possible but in any event within 3 working days of receiving your enquiry.

It is important that all representations are submitted no later than midnight on Sunday 22 November 2015. Representations received after that time will not be considered.

Your comments should be concise, having regard to paragraph 84 of Scottish Government Circular 6/2013: Development Planning which states that representations should be no more than 2,000 words plus any limited supporting productions.

#### Data Protection Statement

*Please be aware that when you make representations on the Proposed Plan through the consultation portal (and/or in a conventional written format) personal information provided as part of a representation cannot be treated as confidential. Representations require to be made available online and for public inspection at the council's office (this would include your name but would exclude any information which would be subject to the Data Protection Act 1998 i.e. signature, postal address, telephone number, email).*

*We are also required to pass these details to the Scottish Government's Directorate of Planning and Environmental Appeals (DPEA). This is because they may at a later date wish to invite you to an Examination in Public of the Proposed Plan to discuss your representation.*

*Before using the consultation portal you should also note that any information posted may be subject to disclosure under the Freedom of Information (Scotland) Act 2002. West Lothian Council will not be liable for any loss or damage arising from or in connection with the disclosure of any information including the disclosure of user generated content.*

The surplus land near Uphall railway station is promoted for residential development. The development is supported by Ogilvie Homes Ltd and a PPP application is registered with WLC. [ application ref 0840/p/15]  
A key element of the application is that funds received from the sale of the land for residential use is to be used to further upgrade Uphall Business Park. A considerable number of jobs have already been created through significant private investment by the land owner.[ please refer to existing application and associated supporting text to be forwarded separately.]

This proposal is fully compliant with the key objectives of the SESPlan, in that the site is sustainable, being within 5 minutes walk of Uphall Railway Station; the site can be developed in the short term and is promoted by a National Housebuilder; and possibly quite uniquely the development of this site will provide funds to further improve Uphall Business Park, where considerable private investment and improvements have taken place over the last few years, by the same landowner. The site can therefore deliver viable housing on a sustainable site, whilst creating further direct employment opportunities.

#### 5. ROLE AND PURPOSE OF PLAN (page 7, paragraphs 3.1-3.5)

Establishes the role and purpose of the LDP in terms of its being a material consideration in the determination of any planning applications for development in West Lothian and, when adopted by the Council, will replace the West Lothian Local Plan. It also sets out what documents the plan must comply with i.e. the Planning etc (Scotland) Act 2006 and what documents will accompany the plan i.e. the Action Programme etc.

An integral part of this representation is the fact that should this site secure a housing allocation and consent [ application ref 0840/P/15], then funds will be directed toward the upgrading and improvement of the adjacent Uphall Business Park. [ under the same ownership].  
Considerable private investment has already been expended on the site, resulting in a significant number of new jobs for the area.  
This objection is to be read in conjunction with the application and notably the planning statement and supporting information lodged as part of PPP 0840/P/15. [ sent under separate cover]

#### 6. VISION STATEMENT AND AIMS (page 8, paragraphs 4.1-4.3)

Establishes the vision for the LDP in terms of outcomes desired over the plan period and identifies the key aims of the plan by individual subject areas i.e. Economic Development & Growth, Community Regeneration, Sustainable Housing Locations, Infrastructure Requirements and Delivery, Town Centres and Retailing, the Natural and Historic Environment, Climate Change and Renewable Energy and Waste and Minerals.

Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written.

Economic Development and Growth (page 8)

The allocation of this site will directly lead to economic development and growth. Information lodged with the PPP application proves this point. The allocation of this site in the LDP clearly supports economic development and growth.

Community Regeneration (page 8)

The site is now subject to a PPP application for housing. Supporting information has been lodged with the application [see separate submission]. The provision of funds will permit community regeneration in local areas.

Sustainable Housing Locations (page 9)

The site is directly linked to Uphall Railway Station via a footpath which is within 5 minutes walk.

Infrastructure Requirements and Delivery (page 9)

The redevelopment of this site for housing will permit significant infrastructure improvements to Uphall Business Park, leading to more employment opportunities and infrastructure improvements.

## 7. THE SPATIAL STRATEGY (INCLUDING POLICY FRAMEWORK) (page 10, paragraphs 5.1-5.10)

In the context of the Strategic Development Plan (SDP), the LDP identifies West Lothian as being one of thirteen Strategic Development Areas where development will be focused in sustainable locations where infrastructure is either available or can be provided and in locations where there are no environmental constraints.

**Please use the text box below for your comments.**

Your comments should be concise and limited to no more than 2,000 words. You should fully explain the issues you wish to be considered when the Proposed Plan is presented to Scottish Ministers for Examination. Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written.

Economic Development and Growth (page 12, paragraphs 5.11-5.22 )

The owner of Uphall Business Park and the adjacent site subject to this objection, has already created a significant number of jobs through private investment in Uphall. The local community council acknowledges the improvements. There is considerable scope to further undertake improvements, hence the promotion of this surplus area of land for residential use. What better way to create jobs through direct investment.

Flexibility within traditional industrial estates (page 14, paragraphs 5.24-5.25)

Flexibility within traditional industrial estates should also include the promotion of peripheral areas of land which are surplus to requirements. The alternative use of these areas for other uses can have direct positive opportunities for re-investment in the main industrial estate.

Local business opportunities, small business start-ups and working from home (page 17, paragraph 5.26)

Uphall Business Park, should have a far more general and flexible planning policy designation to facilitate different land uses, which would then facilitate local business opportunities.

Promoting community regeneration (page 19, paragraphs 5.29-5.35)

The promotion of the site at Uphall would, through re-investment as proposed by the applicant, would create employment, thereby indirectly improving the local area.

Housing land requirements for the LDP (page 20, paragraphs 5.36-5.49)

Please see Planning Statement to the PPP application issued under separate cover.

Effective Housing Land and Generous Supply (page 23, paragraphs 5.50-5.53)

Please see Planning Statement issued under separate cover.

New Housing Sites and Design (page 24, paragraphs 5.4-5.56)

The site at Uphall is well located for use as housing, set within a landscaped area.

Affordable Housing (page 27, paragraphs 5.69-5.74)

Flexibility in terms of affordable housing provision, should also include commuted payments.

Infrastructure Requirements and Delivery (page 30, paragraphs 5.78-5.84)

The development of the Uphall site for housing will permit improved funds for infrastructure at Uphall Business Park.

Green Infrastructure and Green Networks (page 34, paragraphs 5.102-5.105)

It is proposed as part of any PPP consent for the housing application at Uphall that the existing footpaths and cycle ways will be improved as part of any PPP consent. This would allow for much improved access to Uphall railway station from Uphall.

Travel in and around West Lothian (page 34, paragraphs 5.108-5.112)

Improved footpath and cycle ways to and from Uphall railway station as part of any release of land for housing will improve sustainable transport in West Lothian.

Roads (page 35, paragraph 5.113)

The Traffic Assessment lodged with the PPP application confirms that the proposal complies with WLC Roads guidelines. Also the improvement of footpaths and cycle ways to the railway station as part of the housing development will reduce traffic. There is also the opportunity to create footpaths to Uphall Business Park.

Rail (page 37, paragraphs 5.127-5.130)

The consenting of the residential site adjacent to the rail station at Uphall, will permit improved access to the station creating greater opportunities for increased use.

Walking and Cycling (page 37, paragraphs 5.131-5.132)

There exists a number of footpaths and cycle ways in and around the site. These can be improved as part of any consent for housing.

Town Centres and Retailing (page 39, paragraphs 5.133-5.138)

The vacant offices on the frontage to Uphall Business Park could be utilised for retail use.

Countryside Belts (page 42, paragraph 5.144)

The site subject to these representations should be reallocated for housing. The site is surplus and is not linked to any agricultural unit.

Vacant and Derelict Land (page 72, paragraphs 5.249-5.250)

This land is surplus to requirements and can be considered vacant. It is now subject to an application for housing.

Comment

Uphall  
(page  
94)

Objection i slodged that the above mentioned site is not identified for housing. The site is subject of a ppp application jointly by Ogilvie Homes Ltd and the owners, Uphall Business Park The site is effective. It is sustainable being next to a railway station. It sits within its own landscape setting. Funds from the site will be used to undertake continued improvementst to uphall business park, where significant jobs have been materialised through private investment..

Uphall  
Station  
(page  
94)

The land to the north, subject to these objections should be allocated as a viable housing site for th aforementioned reasons. There is 110 other site in the area which can provide for significant opportunitis for employment growth, through contnued private investment.

Strategic Flood Risk Assessment (SFRA).

The site does not flood-see technical report.

Habitats Regulations Appraisal.

The site has been subject to Phase 1 Habitat Survey, which concludes that a housing Development on this site will have minimal impact upon local habitat.

Transport Appraisal (TA).

The associated TA lodged as part of application PPP/0840/P/15

## 13. ADDITIONAL COMMENTS

Do you wish to submit any additional comments on the LDP?

- yes
- no

Please use the text box below for your additional comments on the LDP.

Your comments should be concise and limited to no more than 2,000 words. You should fully explain the issues you wish to be considered when the Proposed Plan is presented to Scottish Ministers for Examination. Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written.

1. The site subject to these representations is promoted for housing development.[PPP 0840/P/15]
2. Objection is made against its present zoning. The land is not used for agriculture. It is not part of any operational farm. It is adjacent to Uphall Railway Station, directly accessed via a footpath and underpass.
3. The site is subject to a recent PAN/PAC - public consultation. NO objections were received as part of the community consultation to the proposal to develop for housing.
4. A key feature of this proposal is the cross funding of receipts received from the sale of the site to the developers, Ogilvie Homes Ltd and the planned improvements to Uphall Business Park, by the same landowner. Considerable private funds have been spent in the last few years, transforming the site and buildings, which has seen a considerable growth in employment levels. Further funding will attract employment opportunities to the area which is a key objective of the SESPlan and the LDP.
5. The site is subject to a PPP application submitted jointly by Ogilvie Homes Ltd and the landowner. The application is supported by various technical documents, confirming the site is viable and can be developed in the short term.
6. The application and supporting documents including the Planning Statement forms part of this objection and will be sent under separate cover.
7. It is requested that the site be allocated as a housing development in the LDP, for development within the short term.
