## THE WEST LOTHIAN LOCAL DEVELOPMENT PLAN (LDP)

### CONSULTATION RESPONSE PORTAL

#### Have Your Say on the Proposed Plan

#### Introduction

West Lothian Council has published its Proposed Plan together with supporting documents including an Environmental Report (SEA), Habitats Regulation Appraisal, Strategic Flood Risk Assessment and Equalities & Human Rights Impact Assessment. These can be viewed on the West Lothian Council website at [www.westlothian.gov.uk/proposedplan](http://www.westlothian.gov.uk/proposedplan).

If you wish to make representations on the Proposed Plan or associated documents you are encouraged to use this online consultation portal. It's quick and easy and will help us to process representations more efficiently, reducing the overall cost and environmental impact of the exercise.

You do not need to complete this questionnaire in a single visit. Just simply put your Survey Reference Number (CODE) in the top right corner of the screen to allow you to continue with your submission at a later date.

If you need assistance with completing or submitting your representation online please call the Customer Service Centre (CSC) on 01506 280000. Please advise the Customer Service Centre that your enquiry relates specifically to the Local Development Plan and ask for it to be logged and directed to the Development Plan and Environment Team. Someone will contact you. Alternatively you can email us at [wlldp@westlothian.gov.uk](mailto:wlldp@westlothian.gov.uk) We will endeavour to respond as quickly as possible but in any event within 3 working days of receiving your enquiry.

It is important that all representations are submitted no later than midnight on Sunday 22 November 2015. Representations received after that time will not be considered.

Your comments should be concise, having regard to paragraph 84 of Scottish Government Circular 6/2013: Development Planning which states that representations should be no more than 2,000 words plus any limited supporting productions.

#### Data Protection Statement

*Please be aware that when you make representations on the Proposed Plan through the consultation portal (and/or in a conventional written format) personal information provided as part of a representation cannot be treated as confidential. Representations require to be made available online and for public inspection at the council's office (this would include your name but would exclude any information which would be subject to the Data Protection Act 1998 i.e. signature, postal address, telephone number, email).*

*We are also required to pass these details to the Scottish Government's Directorate of Planning and Environmental Appeals (DPEA). This is because they may at a later date wish to invite you to an Examination in Public of the Proposed Plan to discuss your representation.*

*Before using the consultation portal you should also note that any information posted may be subject to disclosure under the Freedom of Information (Scotland) Act 2002. West Lothian Council will not be liable for any loss or damage arising from or in connection with the disclosure of any information including the disclosure of user generated content.*

**Special Landscape Area**

Site H LL 4 sits outside the existing Linlithgow settlement boundary, and is currently designated as an AGLV, forming part of the Linlithgow Fringe. Land Use Consultants were commissioned by the Council to undertake a review of the existing AGLVs as part of the LDP process. That document, "West Lothian Local Landscape Designation Review" was published on 28 June 2013 ("the Landscape Review"). The purpose of the Landscape Review was to review existing AGLV and ALSC designations, and replace these with a single tier of "new, more robustly justified single tier designated landscapes that would accord with national policy"

**Linlithgow Fringe**

The Linlithgow Fringe is currently designated as part of an AGLV. The southern part of the Fringe, in which the proposed Site is located, forms part of the Bathgate Hills AGLV. This AGLV was assessed as part of the Landscape Review. Each of the landscape units within existing designations was assessed and given a scoring between 0 and 30. The assessment considered 10 separate elements of a landscape, including its views, rarity, intactness, enjoyment and settlement setting. The Bathgate Hills and Linlithgow Fringe were both given a scoring of 27 out of 30. This was the second highest scoring for a landscape awarded in the Review. The Bathgate Hills Unit (including the Site) were recommended by the Review for continued designation as a Special Landscape Area (SLA). The Review noted that this area had a strong relationship with neighbouring settlements, including Linlithgow. The Review also notes Cockleroy hill as providing key view points.

The Review's management recommendations for the Bathgate Hills SLA include ensuring settlement expansion does not advance to key skylines. It also recommends high quality of siting and design for any new development. The Bathgate Hills area (including the Site) were included in the top third of landscape areas, and therefore for inclusion as an SLA. For the avoidance of doubt, the Review did not recommend the omission or deletion of the proposed Site H LL 4 from the SLA.

**Purpose of SLA Designation**

The Review confirms that the purpose of the review of existing AGLV designations was to enable a single tier of robust and justifiable designations could be included in the LDP.

SPP (196) confirms that when preparing plans, the reasons for a local designation should be clearly explained and their function and continuing relevance considered. It is incumbent on the Council, therefore, to ensure the SLAs in its LDP meet these requirements. Proposed Site undermines Special Landscape Area Designations.

The whole of the proposed Site H LL 4 sits within the area recommended for inclusion by the Council's Landscape Review in the new SLA. The southern part of the site sits immediately outside the existing Estate wall in a large and largely flat field. This part of the designation has no existing natural features that provide a defensible boundary to this part of the settlement and the SLA. Any boundary would need to be man made and, by definition, arbitrary. Any such boundary will be vulnerable to further development pressures and creates precedence for further erosion of the SLA.

The allocation of this land for development, against the recommendations of the Council's own Report, undermines the reasoning, function and relevance of the Bathgate SLA designation. This is contrary to SPP. The allocation undermines the ability of the SLA designation to maintain the landscape setting of Linlithgow. This is contrary to the requirements of Policy 13 of SESPlan.

**No Justification for Allocation**

Given the conclusions of the Landscape Review, it was incumbent on the Council to provide a proper reasoned justification for the removal of this land from the proposed SLA. No such justification has been given.

The Council has chosen to allocate this land for development in favour of land to the east of Linlithgow, which has been given a Countryside Belt designation in the Proposed LDP. The Report to the Council Executive of 15 September 2015 explained that that designation was based on the Reporter's recommendation in an appeal for land at Burghmuir. It is noted that that land was not identified for protection in the Council's Landscape Review. Moreover, the proposed Site (H LL 4) has not been the focus of any assessment by a Scottish Government Reporter. The Council's approach is flawed.

**Harm outweighs contribution**

Whilst this Site may make a small contribution to the housing land supply in Linlithgow it will not be able to do so until existing infrastructure constraints (all outside the control of the landowner) are addressed. There can be no certainty when these constraints will be addressed, and site able to come forward. The allocation of the Site H LL 4 will have an adverse impact on the proposed SLA designation, and undermine the effectiveness of that landscape designation policy. The allocation is contrary to SPP and SESPlan. The harmful impacts of this allocation outweigh its potential benefits.
