

West Lothian Council

THE WEST LOTHIAN LOCAL DEVELOPMENT PLAN (LDP)

CONSULTATION RESPONSE PORTAL

Have Your Say on the Proposed Plan

Introduction

West Lothian Council has published its Proposed Plan together with supporting documents including an Environmental Report (SEA), Habitats Regulation Appraisal, Strategic Flood Risk Assessment and Equalities & Human Rights Impact Assessment. These can be viewed on the West Lothian Council website at www.westlothian.gov.uk/proposedplan.

If you wish to make representations on the Proposed Plan or associated documents you are encouraged to use this online consultation portal. It's quick and easy and will help us to process representations more efficiently, reducing the overall cost and environmental impact of the exercise.

You do not need to complete this questionnaire in a single visit. Just simply put your Survey Reference Number (CODE) in the top right corner of the screen to allow you to continue with your submission at a later date.

If you need assistance with completing or submitting your representation online please call the Customer Service Centre (CSC) on 01506 280000. Please advise the Customer Service Centre that your enquiry relates specifically to the Local Development Plan and ask for it to be logged and directed to the Development Plan and Environment Team. Someone will contact you. Alternatively you can email us at wlldp@westlothian.gov.uk We will endeavour to respond as quickly as possible but in any event within 3 working days of receiving your enquiry.

It is important that all representations are submitted no later than midnight on Sunday 22 November 2015. Representations received after that time will not be considered.

Your comments should be concise, having regard to paragraph 84 of Scottish Government Circular 6/2013: Development Planning which states that representations should be no more than 2,000 words plus any limited supporting productions.

Data Protection Statement

Please be aware that when you make representations on the Proposed Plan through the consultation portal (and/or in a conventional written format) personal information provided as part of a representation cannot be treated as confidential. Representations require to be made available online and for public inspection at the council's office (this would include your name but would exclude any information which would be subject to the Data Protection Act 1998 i.e. signature, postal address, telephone number, email).

We are also required to pass these details to the Scottish Government's Directorate of Planning and Environmental Appeals (DPEA). This is because they may at a later date wish to invite you to an Examination in Public of the Proposed Plan to discuss your representation.

Before using the consultation portal you should also note that any information posted may be subject to disclosure under the Freedom of Information (Scotland) Act 2002. West Lothian Council will not be liable for any loss or damage arising from or in connection with the disclosure of any information including the disclosure of user generated content.

Comment

Linlithgow & Linlithgow Bridge (page 89)

More land for housing is needed in Linlithgow in general in order to maximise the use of the train station as a means of sustainable transport given its ideal location between Edinburgh and Glasgow. Any additional housing could be used to cross subsidise the provision of education facilities within adjacent CDA to alleviate capacity issues in Linlithgow Academy.

Winchburgh (page 97)

H-WB2 is not effective. There has been no interest shown in the site since its inclusion in the adopted local plan. It is also constrained by virtue of historic mine workings and could not accommodate the number of units, in a form respectful of the local area, to remediate the land whilst remaining economically viable. This also calls in to question whether development on this site would be able to contribute, specifically towards education provision. The site therefore represents a housing site which would exacerbate rather than alleviate the identified education capacity issues and therefore conflicts with policy INF1. The above also demonstrate that the allocation is contrary to the Vision Statement, specifically regards Sustainable Housing Locations and Infrastructure Requirements and Delivery and that this site will fail to contribute towards meeting the housing land requirement up to 2024, and conflicts with policy HOU1. H-WB2 does not enhance or protect the built environment and will result in the loss of a key feature contributing to place making. Irrespective of the form of any development on this site, it will not respect the character of the surrounding area which is predominantly made up of post war housing and a later Radburn estate. Both these have little to no useable open space within them and the area of land to the north of the primary school makes up for this historic shortcoming. This is evident in the area being well utilised by local children especially those too young to walk unaccompanied to further play parks or football pitches. It should therefore be afforded the protection of policy ENV21 and re-allocated accordingly. Housing on this site would therefore conflict with DES1 as it can not be integrated given the local context, layout and built form. Furthermore, due to the lack of off street parking and narrow roads, a housing development on this site will further exacerbate road safety issues and conflicts with policy HOU3, a, d, f and g. H-WB2 is also an ill conceived allocation since the Council as education authority have designed the delivery of the wider CDA in a manner that will require Winchburgh Primary School (WPS) to become double stream. The anticipated school roll will therefore more than double and require additional outdoor space for sports and outdoor education. WPS are already seeking to maximise the time children are active outdoors and pupils require a spare set of gym clothes in the event the weather allows for out door activities. Allocating this site for housing will result in the loss of playing fields with no possibility of compensatory provision, contrary to SportScotland guidance. Lastly, allocating this site for housing will also severely restrict the ability of any future expansion of the school which is short sighted given the school is in an ideal location, in the heart of the village making it easily accessible on foot for prospective pupils from existing or new houses. The area of informal open space should therefore be protected as such with policy ENV21 being applicable. Similarly the area of land to the south of one place should be reallocated unprotected for education use with policy ENV22 applying to the site.

Your comments should be concise and limited to no more than 2,000 words. You should fully explain the issues you wish to be considered when the Proposed Plan is presented to Scottish Ministers for Examination. Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written.

Proposals Map 2 - Linlithgow & Broxburn Area

Objection: the Areas of Special Protection (miners rows) need to be reclassified as Conservation Areas given the change to the house holder permitted development rights and the detrimental impacts these can have on the character of the miners rows. Secondly, each CDA area should be the subject of its own map and not just an annex of an existing settlement map. This will make it far easier to read and identify the map people are interested in especially in the CDA's given this is where the majority of change is planned for.

12. ACCOMPANYING DOCUMENTS

There are no details of what proposal 99 and 100 relate to. This further adds further concern that H-WB2 will be required to accommodate any planned extension, directly or indirectly, of the primary school/s.
