

THE WEST LOTHIAN LOCAL DEVELOPMENT PLAN (LDP)

CONSULTATION RESPONSE PORTAL

Have Your Say on the Proposed Plan

Introduction

West Lothian Council has published its Proposed Plan together with supporting documents including an Environmental Report (SEA), Habitats Regulation Appraisal, Strategic Flood Risk Assessment and Equalities & Human Rights Impact Assessment. These can be viewed on the West Lothian Council website at www.westlothian.gov.uk/proposedplan.

If you wish to make representations on the Proposed Plan or associated documents you are encouraged to use this online consultation portal. It's quick and easy and will help us to process representations more efficiently, reducing the overall cost and environmental impact of the exercise.

You do not need to complete this questionnaire in a single visit. Just simply put your Survey Reference Number (CODE) in the top right corner of the screen to allow you to continue with your submission at a later date.

If you need assistance with completing or submitting your representation online please call the Customer Service Centre (CSC) on 01506 280000. Please advise the Customer Service Centre that your enquiry relates specifically to the Local Development Plan and ask for it to be logged and directed to the Development Plan and Environment Team. Someone will contact you. Alternatively you can email us at wdl.dp@westlothian.gov.uk We will endeavour to respond as quickly as possible but in any event within 3 working days of receiving your enquiry.

It is important that all representations are submitted no later than midnight on Sunday 22 November 2015. Representations received after that time will not be considered

Your comments should be concise, having regard to paragraph 84 of Scottish Government Circular 6/2013: Development Planning which states that representations should be no more than 2,000 words plus any limited supporting productions.

Data Protection Statement

Please be aware that when you make representations on the Proposed Plan through the consultation portal (and/or in a conventional written format) personal information provided as part of a representation cannot be treated as confidential. Representations require to be made available online and for public inspection at the council's office (this would include your name but would exclude any information which would be subject to the Data Protection Act 1998 i.e. signature, postal address, telephone number, email).

We are also required to pass these details to the Scottish Government's Directorate of Planning and Environmental Appeals (DPEA). This is because they may at a later date wish to invite you to an Examination in Public of the Proposed Plan to discuss your representation.

Before using the consultation portal you should also note that any information posted may be subject to disclosure under the Freedom of Information (Scotland) Act 2002. West Lothian Council will not be liable for any loss or damage arising from or in connection with the disclosure of any information including the disclosure of user generated content.

E DOLE AND DUDDOSE OF DUANT (page 7 page graphs 2.4.2.5)
 ROLE AND PURPOSE OF PLAN (page 7, paragraphs 3.1-3.5) Establishes the role and purpose of the LDP in terms of its being a material consideration in the determination of any planning applications for development
in West Lothian and, when adopted by the Council, will replace the West Lothian Local Plan. It also sets out what documents the plan must comply with i.e. the P anning etc (Scotland) Act 2006 and what documents will accompany the p an i.e. the Action Programme etc.
Do you wish to make a comment?

C no
Please use the text box below for comments.
Your comments should be concise and limited to no more than 2,000 words. You should fully explain the issues you wish to be considered when the Proposed Plan is presented to Scottish Ministers for Examination. Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written.
Modification - This section should expressly state that the LDP requires to conform with the SDP. Whilst reference is made to the SDP, the need for compliance is not made clear in the text.
Modification - The Proposed Plan should make clear that the weight to be given to Proposed Plan will require to be assessed on a case by case basis. The Proposed Plan document has not been through any consultation, and allocations will be subject to objection. Should the Proposed Plan be modified by the Scottish Government the Council will (except in very limited circumstances) be compelled to follow that modification. The Council is not the ultimate arbiter on the content of the Proposed Plan, and the text requires to be amended to acknowledge the Plan preparation process.
The Proposed Plan is only one of a range of potential material considerations in decision making.
6. VISION STATEMENT AND AIMS (page 8, paragraphs 4.1-4.3)
Establishes the vision for the LDP in terms of outcomes desired over the plan period and identifies the key aims of the plan by individual subject areas i.e. Economic Development & Growth, Community Regeneration, Sustainable Housing Locations, Infrastructure Requirements and Delivery, Town Centres and Retailing, the Natural and Historic Environment, Climate Change and Renewable Energy and Waste and Minerals.
Do you wish to make a comment?

✓ Infrastructure Requirement	Infrastructure Requirements and Delivery (page 9)			
Town Centres and Retailing	Town Centres and Retailing (page 9)			
▼ The Natural and Historic Er	The Natural and Historic Environment (page 9)			
Climate Change and Renew	Climate Change and Renewable Energy (page 9)			
Waste and Minerals (page 9	Waste and Minerals (page 9)			
	timited to no more than 2,000 words. You should fully explain the issues you wish to be considered when the Proposed Plan xamination. Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation.			
Community Regeneration (page 8)	Allocation H-LL-4 is not a brownfield site. The allocations in Linlithgow do not reflect the Vision of the Plan.			
Sustainable Housing Locations (page 9)	Allocation H-LL-4 is not a sustainable location. It is remote from the town centre and schools. It has significant traffic constraints.			
Infrastructure Requirements and Delivery (page 9)	The Vision is to ensure infrastructure is in place for development. Site H LL 4 is constrained by reasons of transport, air quality and education. The allocation is not sufficient to secure proportionate developer contributions to facilitate the provision of such infrastructure. Allocation H LL4 is contrary to the Vision.			
The Natural and Historic Environment (page 9)	$\textbf{Allocation H LL 4} \ will \ \textbf{have a significant adverse impact on the natural environment, including the setting of Linlithgow.}$			

7. THE SPATIAL STRATEGY (INCLUDING POLICY FRAMEWORK) (page 10, paragraphs 5.1-5.10)

In the context of the Strategic Development Plan (SDP), the LDP identifies West Lothian as being one of thirteen Strategic Development Areas where development will be focused in sustainable locations where infrastructure is either available or can be provided and in locations where there are no environmental constraints.

Please use the text box below for your comments.

Your comments should be concise and limited to no more than 2,000 words. You should fully explain the issues you wish to be considered when the Proposed Plan is presented to Scottish Ministers for Examination. Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written.

Economic Development and Growth (page 12, paragraphs 5.11- 5.22)	N/A			
Promoting				
community regeneration (page 19, paragraphs 5.29- 5.35)	"the creation of healthy, greener and more sustainable environments which are well connected" - allocation H LL4 does not accord with this principle.			
Housing land requirements for the LDP (page 20, paragraphs 5.36- 5.49)	The approach to housing land allocations is contrary to the SDP, in that there is a shortfall to 2019. SESPlan requires LDPs to identify sufficient housing in two plan periods, (i) up to 2019 and (ii) from 2019 to 2024. The LDP fails to do so and as such is not in conformity with the SDP. The assessment of sites, and in particular, reliance on sites that can only provide in the post 2019 period fundamentally undermines the approach to housing allocations.			
Effective Housing				
Land and Generous Supply (page 23, paragraphs 5.50- 5.53)	Please see above. Moreover, the Proposed Plan allocates cites that are not effetive and fail the site effectiveness test in PAN 2/2010. The Proposed Plan is contrary to PAN 2/2010			
New Housing Sites and Design (page 24, paragraphs 5.4-5.56)	Allocation H LL 4 does not accord with the Housing Site principles espoused in this section.			
Linlithgow and Linlithgow Bridge (page 26-27)	Allocaiton H LL 4 is not supported by the Council's own approach to land release and design in Linlithgow. The allocation of H LL 4 fundamentally undermines the credibility of this section of the Plan.			
Infrastructure Requirements and Delivery (page 30, paragraphs 5.78- 5.84)	Agree that infrastructure constraints are a significant issue in Linlithgow and require to be addressed to allow development to go ahead. However, the development strategy for the town is piecemeal and there can be no confidence it will delivery the strategic infrastructure requirements. The text in 5.82 regarding developer contributions is wrong as a matter of law, and contrary to Circular 3/2012. Contibutions can only be required where it is necessary to allow development to proceed, not cimply to make goood any deficiencies as stated in the Plan.			
Education (page 32, paragraphs 5.89- 5.92)	Confirms that education infrastruture will need to be delivered by developers - with no funding from the Council. Site H LL4 is constrained both for primary and secondary provision. However, it is not of a size that it can make a meaningful contribution towards education infrastructure.			
Green Infrastructure and Green Networks				
(page 34, paragraphs 5.102-5.105)	N/A			
Roads (page 35, paragraph 5.113)	N/A			
Landscape Character and Local Landscape				
Designations (page 41, paragraphs 5.139 -5.143)	Allocation H LL4 is contrary to this element of the Proposed Plan. Its allocation undermines the effectivness of this part of the Plan.			
Countryside Belts (page 42, paragraph 5.144)	As above.			
Development in the Countryside (page 42, paragraphs 5.145 -5.147)	As above.			
Historic and Cultural Environment (page				
54, paragraphs 5.185 -5.187)	PROPOSAL BY SETTLEMENT (page 79)			
Provides details of devel reference for ease of ide	opment proposals which are supported by the LDP in each town and village across West Lothian and assigns each one a unique entification.

Comment

Linlithgow & Linlithgow Bridge (page 89) Object - plan should be modified to remove, at least, the southern element of site H LL 4. Site is prime agricultural land, outwith the settlement boundary of Linlithgow and in an AGLV - but for the proposed allocation the Site would be within the SLA. The site is of greater quality than other land retained within the SLA. The site sits to the South of the settlement boundary, which is currently formed by a well established Estate Wall. The site forms part of a larger field with a high quality deciduous tree belt. The allocation would undermine the setting of Linlithgow by eroding the existing robust settlement boundary and provide a substandard artificial and arbitary settlement boundary with a lack of natural boundary features. The site is constrained until at least 2019, and therefore cannnot make a contribution to housing land supply in the first development plan period. The transport, education and air quality constraints that resulted in refusal at the nearby Clarendon Farm site equally apply to this site. Moreover, this site would be incapable fo addressing these constraints. The site is constrained.

Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written

Site H LL 4 should be removed from the Proposed Plan. The reasons for this include:-

- 1. It is not an effective site in terms of SPP or PAN 2/2010
- 2. It does not contribute to the effective housing land supply.
- 3. It is constrained by infrastructure issues (education, air quality and transport), that the site is not capable of resolving itself.
- The site is within existing farm land that provides part of the AGLV around Linlithgow.
 The site boundaries are not based on any pre-existing features it cannot form a robust settlement boundary.
- 6. The allocation would remove the existing well established settlement boundary on one of the principle entry points to Linlithgow.

 7. The site would exacerbate existing traffic issues on Manse Road, including impacts on the canal bridge and railway bridge. The site is not capable of addressing these constraints.
- 8. Development of the site is contrary to numerous policies in the Proposed Plan, and undermines the effectiveness of those policies as a result.
- 9. The site is at the bottom of the land release hierarchy for Linlithgow as contained in the Proposed Plan.
- 10. The Allocation is predicated on a fundamental misapprehension of the requirements of SESPlan.

 11. The allocation is contrary to SESPlan Policy 7.
- 12. The allocation is contrary to the stated aim in the Proposed Plan to maintain and enhance the character and identity of tourist villages.
- 13. The site is remote from the town centre and amenities and would result in increased private car use.
- 14. The allocation would result in the loss of prime agricultural land.
- 15. Exacerbate air quality issues in town centre, without making meaningful contribution to alleviate these issues.
