

West Lothian Council

THE WEST LOTHIAN LOCAL DEVELOPMENT PLAN (LDP)

CONSULTATION RESPONSE PORTAL

Have Your Say on the Proposed Plan

Introduction

West Lothian Council has published its Proposed Plan together with supporting documents including an Environmental Report (SEA), Habitats Regulation Appraisal, Strategic Flood Risk Assessment and Equalities & Human Rights Impact Assessment. These can be viewed on the West Lothian Council website at www.westlothian.gov.uk/proposedplan.

If you wish to make representations on the Proposed Plan or associated documents you are encouraged to use this online consultation portal. It's quick and easy and will help us to process representations more efficiently, reducing the overall cost and environmental impact of the exercise.

You do not need to complete this questionnaire in a single visit. Just simply put your Survey Reference Number (CODE) in the top right corner of the screen to allow you to continue with your submission at a later date.

If you need assistance with completing or submitting your representation online please call the Customer Service Centre (CSC) on 01506 280000. Please advise the Customer Service Centre that your enquiry relates specifically to the Local Development Plan and ask for it to be logged and directed to the Development Plan and Environment Team. Someone will contact you. Alternatively you can email us at wlldp@westlothian.gov.uk We will endeavour to respond as quickly as possible but in any event within 3 working days of receiving your enquiry.

It is important that all representations are submitted no later than midnight on Sunday 22 November 2015. Representations received after that time will not be considered.

Your comments should be concise, having regard to paragraph 84 of Scottish Government Circular 6/2013: Development Planning which states that representations should be no more than 2,000 words plus any limited supporting productions.

Data Protection Statement

Please be aware that when you make representations on the Proposed Plan through the consultation portal (and/or in a conventional written format) personal information provided as part of a representation cannot be treated as confidential. Representations require to be made available online and for public inspection at the council's office (this would include your name but would exclude any information which would be subject to the Data Protection Act 1998 i.e. signature, postal address, telephone number, email).

We are also required to pass these details to the Scottish Government's Directorate of Planning and Environmental Appeals (DPEA). This is because they may at a later date wish to invite you to an Examination in Public of the Proposed Plan to discuss your representation.

Before using the consultation portal you should also note that any information posted may be subject to disclosure under the Freedom of Information (Scotland) Act 2002. West Lothian Council will not be liable for any loss or damage arising from or in connection with the disclosure of any information including the disclosure of user generated content.

WLC need to stick to the approach stated - ie brownfield sites first, greenfield sites within the current town boundaries, then greenfield sites outwith the current boundaries. They also need to consider which sites could be set up with the minimum of disruption to neighbours and the wider community. Issues include traffic disruption, flooding risks, school placements.

Why has this been included in the proposed development plan, when this was rejected by WLC and by the Scottish government, supported over 200 letters of objection. Also under "Other Developments" P-118 new access associated with the site has been referred to but not shown in any of the documentation.

Requirements
(page 119)

H-LL10 main access via St Michaels hospital seems unrealistic; secondary access P-118 has been referred to but not illustrated anywhere in the document. I trust that Clarendon Road is not intended to be this route - this is already on occasions unable to cope with traffic from the existing Clarendon estate and would be unsuitable for traffic from another 120 homes. No mention has been made of the traffic issues - the canal bridge, access via low bridges, traffic jams along Back Station Road, farm track to Clarendon Mews, air quality in Linlithgow. Other issues include school capacities, doctors surgery. WLC policy is to retain prime agricultural sites unless the development is essential; brownfield sites should be developed first according to WLC policy - several such sites have been identified. H-LL12 Preston farm is outwith the current boundaries and should not be considered as part of the Plan per p26 5.65.

Proposals Map 2 - Linlithgow & Broxburn Area

The map for Linlithgow is FAR too small - it is completely unintelligible. Again P-118 new access for H-LL10 is not shown.

12. ACCOMPANYING DOCUMENTS

Alongside the LDP is a suite of documents which are required by statute as part of the preparation and supporting evidence for the LDP.

P255 summary of housing allocations for Linlithgow states 559; the list on p89 totals 569.
 The Council has not considered that the implications of these new houses includes new primary and secondary school places will be necessary, as will additional doctors surgery facilities.
 All these developments will generate extra traffic - the High Street and Back Station Road are already gridlocked on occasions.
 Access to some of the housing sites proposed are not shown and may not be viable (in particular H-LL10)
 WLC have not mentioned how P-44 and P-45 will be financed - without these Linlithgow will not cope with the extra traffic.
 I feel that the the proposed LDP for Linlithgow is sketchy in many areas and it is difficult to comment on due to lack of detail.
