

West Lothian Council

THE WEST LOTHIAN LOCAL DEVELOPMENT PLAN (LDP)

CONSULTATION RESPONSE PORTAL

Have Your Say on the Proposed Plan

Introduction

West Lothian Council has published its Proposed Plan together with supporting documents including an Environmental Report (SEA), Habitats Regulation Appraisal, Strategic Flood Risk Assessment and Equalities & Human Rights Impact Assessment. These can be viewed on the West Lothian Council website at www.westlothian.gov.uk/proposedplan.

If you wish to make representations on the Proposed Plan or associated documents you are encouraged to use this online consultation portal. It's quick and easy and will help us to process representations more efficiently, reducing the overall cost and environmental impact of the exercise.

You do not need to complete this questionnaire in a single visit. Just simply put your Survey Reference Number (CODE) in the top right corner of the screen to allow you to continue with your submission at a later date.

If you need assistance with completing or submitting your representation online please call the Customer Service Centre (CSC) on 01506 280000. Please advise the Customer Service Centre that your enquiry relates specifically to the Local Development Plan and ask for it to be logged and directed to the Development Plan and Environment Team. Someone will contact you. Alternatively you can email us at wlldp@westlothian.gov.uk We will endeavour to respond as quickly as possible but in any event within 3 working days of receiving your enquiry.

It is important that all representations are submitted no later than midnight on Sunday 22 November 2015. Representations received after that time will not be considered.

Your comments should be concise, having regard to paragraph 84 of Scottish Government Circular 6/2013: Development Planning which states that representations should be no more than 2,000 words plus any limited supporting productions.

Data Protection Statement

Please be aware that when you make representations on the Proposed Plan through the consultation portal (and/or in a conventional written format) personal information provided as part of a representation cannot be treated as confidential. Representations require to be made available online and for public inspection at the council's office (this would include your name but would exclude any information which would be subject to the Data Protection Act 1998 i.e. signature, postal address, telephone number, email).

We are also required to pass these details to the Scottish Government's Directorate of Planning and Environmental Appeals (DPEA). This is because they may at a later date wish to invite you to an Examination in Public of the Proposed Plan to discuss your representation.

Before using the consultation portal you should also note that any information posted may be subject to disclosure under the Freedom of Information (Scotland) Act 2002. West Lothian Council will not be liable for any loss or damage arising from or in connection with the disclosure of any information including the disclosure of user generated content.

1. GENERAL INFORMATION

Your Details

Please indicate in what capacity you are making this submission: *

Please note that this is a mandatory field

- as an individual (and representing your own views)
- as a representative of a private or commercial organisation (and representing the views of that organisation)
- as a representative of a public organisation (and representing the views of that organisation)
- as an agent (and making comments on behalf of other individuals that you represent or third parties)
- other

Please complete the following contact information: *

Please note that this is a mandatory field

Title

First Name

Surname

Email Address

Telephone

Postal Address

Organization Name

Client's Name

Is this the first time you have made a written representation on the Proposed Plan? *

Please note that this is a mandatory field

- yes
- no

If you have previously submitted a site to be considered for development when the Council was initially seeking Expressions of Interest (EOI), or commented on the Local Development Plan at the Main Issues Report (MIR) stage, or made a previous submission to the Proposed Plan please provide the reference given to you at that time if known.

EOI & MIR reference number can be found on any email or written communication we may have previously sent you

Enter EOI (Expression of Interest) reference here

Enter MIRQ (Main Issues Report) reference here

Please enter your survey reference number in the text box below. *

Survey Reference Number (CODE) can be found in the top right corner of this screen
Survey Reference Number (CODE) will allow you to save your responses and return to finish the survey later

Please keep a note of your Survey Reference Number (CODE) for future reference

Please note that this is a mandatory field

2. FOREWORD (page 4)

This introduction by the Leader of the Council establishes the role of the LDP and how it will help deliver the council's core objectives.

Do you wish to make a comment?

- yes
- no

Please use the text box below for comments.

Your comments should be concise and limited to no more than 2,000 words. You should fully explain the issues you wish to be considered when the Proposed Plan is presented to Scottish Ministers for Examination. Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written.

3. BACKGROUND (page 6, paragraphs 1.1-1.5)

Provides a brief historical context to the economic development of West Lothian which helps explain how settlements established and have developed.

Do you wish to make a comment?

- yes
- no

Please use the text box below for comments.

Your comments should be concise and limited to no more than 2,000 words. You should fully explain the issues you wish to be considered when the Proposed Plan is presented to Scottish Ministers for Examination. Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written.

4. CONTEXT (page 7, paragraphs 2.1-2.2)

Provides wider context for the LDP in geographic terms and explains how the LDP fits with the Strategic Development Plan (SDP1).

Do you wish to make a comment?

- yes
- no

Please use the text box below for comments.

Your comments should be concise and limited to no more than 2,000 words. You should fully explain the issues you wish to be considered when the Proposed Plan is presented to Scottish Ministers for Examination. Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written.

5. ROLE AND PURPOSE OF PLAN (page 7, paragraphs 3.1-3.5)

Establishes the role and purpose of the LDP in terms of its being a material consideration in the determination of any planning applications for development in West Lothian and, when adopted by the Council, will replace the West Lothian Local Plan. It also sets out what documents the plan must comply with i.e. the Planning Act (Scotland) 2006 and what documents will accompany the plan i.e. the Action Programme etc.

Do you wish to make a comment?

Your comments should be concise and limited to no more than 2,000 words. You should fully explain the issues you wish to be considered when the Proposed Plan is presented to Scottish Ministers for Examination. Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written.

6. VISION STATEMENT AND AIMS (page 8, paragraphs 4.1-4.3)

Establishes the vision for the LDP in terms of outcomes desired over the plan period and identifies the key aims of the plan by individual subject areas i.e. Economic Development & Growth, Community Regeneration, Sustainable Housing Locations, Infrastructure Requirements and Delivery, Town Centres and Retailing, the Natural and Historic Environment, Climate Change and Renewable Energy and Waste and Minerals.

Do you wish to make a comment?

- yes
- no

If you wish to make comments please begin by selecting the relevant sub-section(s) of Vision Statement and Aims from the list below.

- Economic Development and Growth (page 8)
- Community Regeneration (page 8)
- Sustainable Housing Locations (page 9)
- Infrastructure Requirements and Delivery (page 9)
- Town Centres and Retailing (page 9)
- The Natural and Historic Environment (page 9)
- Climate Change and Renewable Energy (page 9)
- Waste and Minerals (page 9)

Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written.

Sustainable
Housing
Locations (page
9)

4.1 We note that the LDP Vision is in the first instance informed by that of the Strategic Development Plan (SDP) for Edinburgh and South East Scotland (emphasis added). 4.2 In relation to sustainable housing locations, we also note that the Vision seeks to provide a generous supply of housing land and an effective five year housing land supply at all times (emphasis added). 4.3 We maintain that it will be crucial in progressing the LDP, to ensure it is compliant with the approved SDP and that in accommodating the growing West Lothian population and anticipated improved employment position, sufficient housing is delivered, timeously and in accordance with SDP requirements.

7. THE SPATIAL STRATEGY (INCLUDING POLICY FRAMEWORK) (page 10, paragraphs 5.1-5.10)

In the context of the Strategic Development Plan (SDP), the LDP identifies West Lothian as being one of thirteen Strategic Development Areas where development will be focused in sustainable locations where infrastructure is either available or can be provided and in locations where there are no environmental constraints.

Do you wish to make a comment?

- yes
 no

If you wish to make comments please begin by selecting the relevant sub-section(s) of the Spatial Strategy from the list below.

- Economic Development and Growth (page 12, paragraphs 5.11-5.22)
- Flexibility within traditional industrial estates (page 14, paragraphs 5.24-5.25)
- Enterprise Areas (page 17, paragraphs 5.24-5.25)
- Local business opportunities, small business start-ups and working from home (page 17, paragraph 5.26)
- Tourism (page 17, paragraphs 5.27-5.28)
- Promoting community regeneration (page 19, paragraphs 5.29-5.35)
- Housing land requirements for the LDP (page 20, paragraphs 5.36-5.49)
- Effective Housing Land and Generous Supply (page 23, paragraphs 5.50-5.53)
- New Housing Sites and Design (page 24, paragraphs 5.4-5.56)
- Strategic Allocations (including previously identified Core Development Area Allocations) (page 25, paragraphs 5.57-5.61)
- Whitburn/Charette (page 26, paragraph 5.62)
- Linlithgow and Linlithgow Bridge (page 26-27)
- Deans South, Livingston; Area for Comprehensive Re-development (page 27, paragraph 5.68)
- Affordable Housing (page 27, paragraphs 5.69-5.74)
- Accommodation for Gypsies, Travellers and Travelling Show People (page 29, paragraph 5.75)
- Residential Care and Supported Accommodation (page 29, paragraphs 5.76-5.77)
- Infrastructure Requirements and Delivery (page 30, paragraphs 5.78-5.84)
- Providing for Community Needs (page 32, paragraphs 5.85-5.88)
- Education (page 32, paragraphs 5.89-5.92)
- Healthcare Provision (page 33, paragraphs 5.93-5.96)
- Sports Facilities (page 33, paragraphs 5.97-5.101)
- Green Infrastructure and Green Networks (page 34, paragraphs 5.102-5.105)
- Water and Drainage (page 34, paragraphs 5.106-5.107)
- Travel in and around West Lothian (page 34, paragraphs 5.108-5.112)
- Roads (page 35, paragraph 5.113)
- A71 Corridor (page 35, paragraphs 5.114-5.115)
- A801 Corridor (page 35, paragraphs 5.116-5.117)
- A89/A8 (page 35, paragraphs 5.118-5.126)
- Rail (page 37, paragraphs 5.127-5.130)
- Walking and Cycling (page 37, paragraphs 5.131-5.132)
- Town Centres and Retailing (page 39, paragraphs 5.133-5.138)
- Landscape Character and Local Landscape Designations (page 41, paragraphs 5.139-5.143)
- Countryside Belts (page 42, paragraph 5.144)
- Development in the Countryside (page 42, paragraphs 5.145-5.147)
- Lowland Crofting (page 44, paragraphs 5.148-5.152)
- Green Networks, Local Biodiversity Sites and Geodiversity Sites (page 45, paragraphs 5.153-5.155)
- Forestry (page 46, paragraphs 5.156-5.163)
- Union Canal (p.49 paragraphs 5.164-5.165)
- Pentland Hills Regional Park (page 49, paragraphs 5.164-5.165)
- Country Parks (page 50, paragraph 5.169)
- Allotments/Community Growing (page 51, paragraphs 5.170-5.171)
- Temporary/Advance Greening (page 51, paragraphs 5.172-5.174)
- Biodiversity (page 52, paragraphs 5.175-5.180)
- Geodiversity (page 53, paragraph 5.181)
- West Lothian Open Space Strategy (page 53, paragraphs 5.182-5.184)
- Historic and Cultural Environment (page 54, paragraphs 5.185-5.187)
- Conservation Areas (page 55, paragraphs 5.185-5.188)

- Former Bangour Village Hospital, Dechmont (page 56, paragraph 5.189)
- Conservation Area at Abercorn/Hopetoun Estate (page 56, paragraph 5.190)
- Other Areas of Built Heritage and Townscape Value (page 57, paragraphs 5.191-5.199)
- Listed Buildings (page 58, paragraphs 5.185-5.187)
- Historic Gardens and Designed Landscapes (page 59, paragraphs 5.200-5.201)
- Historic Battlefields (page 60, paragraph 5.202)
- Archaeology (page 60, paragraph 5.203)
- Scheduled Monuments (page 60, paragraphs 5.204-5.206)
- Public Art (page 61, paragraphs 5.207-5.208)
- Climate Change Measures (page 62, paragraphs 5.209-5.214)
- Low Carbon Development and Renewable Energy (page 63, paragraphs 5.215-5.221)
- Wind Farms and Wind Turbines (page 65, paragraphs 5.222-5.225)
- Energy and Heat Networks (page 66, paragraphs 5.226-5.229)
- Off-gas Grid Areas and Renewable Heat Requirement for New-build Housing (page 67, paragraphs 5.230-5.232)
- The Water Environment and Flood Risk Management (page 67, paragraphs 5.233-5.239)
- Air Quality and Noise (page 70, paragraphs 5.240-5.242)
- Edinburgh Airport (page 71, paragraph 5.243)
- Noise (page 71, paragraph 5.244)
- Contaminated Land (page 71, paragraphs 5.245-5.246)
- Vacant and Derelict Land (page 72, paragraphs 5.249-5.250)
- Minerals and Waste (page 73, paragraphs 5.251-5.256)
- Site Restoration (page 75, paragraphs 5.257-5.238)
- Unconventional Gas Extraction including Hydraulic Fracking (page 75, paragraph 5.259)
- Waste (page 76, paragraph 5.260)

Please use the text box below for your comments.

Your comments should be concise and limited to no more than 2,000 words. You should fully explain the issues you wish to be considered when the Proposed Plan is presented to Scottish Ministers for Examination. Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written.

Housing land requirements for the LDP (page 20, paragraphs 5.36-5.49)

5.1 We note that West Lothian's population is predicted to increase by nearly 4% by 2020 to 183,000 compared with the projected increase in population for Scotland as a whole of around 3% during the same period. We also note that the number of households in West Lothian is also projected to increase with a 17% increase anticipated between 2012 and 2037. 5.2 The LDP has been prepared in the context of the SESplan SDP, approved by Scottish Ministers in June 2013, and SPP 2014. We note that West Lothian Council acknowledges that to meet the SDP requirements, the level of house completions across the plan area will need to go well above recent rates of housing completions. 5.3 The LDP spatial strategy continues to support the previously established CDA allocations although it acknowledges that further land allocations for development are also required in order to meet SESplan requirements in full. 5.4 Despite the above acknowledgements, we have concerns about the Council's continued reliance on sites from the previous Local Plan (2009) which have failed to come forward and deliver new housing and which are simply continued into the new LDP with no guarantee of delivery during the lifetime of the plan. This, despite the Council's acknowledgement that the LDP is running a shortfall of 3,623 units to 2019 which is contrary to Scottish Government policy and SESplan. 5.5 There is a case for revisiting the merits of continuing to include sites which have been identified in the previous Local Plan (2009), if these sites are still not likely to assist in meeting requirements by 2019. Importantly, the recently published Report of Examination into objections to the Scottish Borders LDP made it clear that sites not likely to come forward, where constraints indicate that development is unlikely to come forward, should be deleted from that plan. 5.6 It is critical that, in order to ensure compliance with SPP and the maintenance of an effective housing land supply at all times, West Lothian Council identifies additional housing sites that can contribute effectively to the housing land supply and that have a realistic opportunity of coming forward within the necessary timescale, i.e. upto 2019. 5.7 We maintain that there is a need to revisit the proposed allocation of sites in the LDP, carried forward from the Local Plan, and to replace or augment these with further sites that will be capable of delivering units to meet requirements in the first five year period of the plan. We refer West Lothian Council to the site on the eastern side of Armadale, promoted by Hallam and respectfully request that this site is identified as a housing site that can contribute to the Housing Land requirement up to 2019 and also to 2024. 5.8 (Please see Table below which demonstrate the effectiveness of this site in accordance with PAH 2/2010: 'Affordable Housing and Housing Land Audits'). 5.9 SESplan Policy 6 Housing Land Flexibility requires each planning authority to maintain a five year effective housing land supply at all times. Even with the reliance on sites in the second period of the LDP, this results in a surplus of only 33 units to 2024 according to West Lothian Council. This marginal figure does not provide stakeholders and interested parties with the confidence needed to ensure that the plan will ultimately deliver the necessary housing or provide the necessary supply of effective sites at all times. 5.10 The Proposed LDP fails to comply with SESplan by not providing sufficient effective housing land in the first period of the plan. It is not appropriate to simply allocate 'sufficient' land up to year 10 rather than the SESplan requirements for 2019 and 2024. 5.11 We therefore object to the Council's approach to housing land supply applied in the LDP and to the Supply target that the Council sets out in Figure 5: West Lothian Housing Land Supply Target. 5.12 The Proposed LDP identifies that a new SDP (SDP2) is currently being prepared and is at Main Issues Report stage. A new Housing Needs and Demand Assessment (HIDA2) has recently been published and is to inform the housing land requirement for SDP2. This, according to WLC includes more up to date housing projections and that it shows that housing need is expected to be around 40% less. Additionally, WLC reports that HIDA2 identifies that a much higher percentage of housing demand in West Lothian will be for rented housing rather than owner occupied housing. 5.13 The Proposed Plan (paragraph 5.41) states that the LDP must start to recognise the changing demand for housing both in terms of tenure and scale flagged up by HIDA2. It goes on to state that '...the most up to date demand figures will be used to calculate the five year housing land requirement in the context of a revised housing land audit process which will compare supply and demand in each sector than as a single figure as has been the case until now.' 5.14 We would wish to draw the Council's attention the recently published Report of Examination in to objections to the Scottish Borders Council LDP. 5.15 In this Report of Examination, The Reporter states (Paragraph 24, page 386): 'I note also the Council's reference to the likely reduction in future housing land requirement which appears to be emerging from HIDA2. I am in no doubt, however, that the plan ought to be consistent with the currently approved version of SESplan and its supplementary guidance.' (emphasis added) 5.16 We have strong reservations about the approach being pursued by WLC which we consider is not in accordance with the approved SDP. We therefore object to West Lothian Council relying upon HIDA2 to calculate the five year land supply figures for the LDP. As referenced in the recent Scottish Borders LDP Examination report, the LDP must be consistent with SESplan (including its supplementary guidance). Policy Hou1 Allocated Housing Sites 5.17 To accord with Scottish Government Policy, the second paragraph in Policy Hou1 should be rephrased by inserting the words 'at all times' after 'supply of housing land'. The sentence should read as follows: '...to ensure that an effective 5 year supply of housing land at all times is maintained over the plan period, proposals for uses other than housing...'

Effective Housing Land and Generous Supply (page 23, paragraphs 5.50-5.53)

6.1 The Hallam site at Armadale East has an indicative capacity of 145 units based on 25 dph. This site would deliver a sustainable new neighbourhood including for a range of house types and tenures as well as open space and green networks linking with the wider area including footpath/ cycleways linking with Armadale train station to the south west. 6.2 The allocation of the site for residential development would assist West Lothian Council in meeting housing requirements and maintaining the necessary continuous, minimum five year supply of effective housing land, without comprising areas important for their qualities in respect of landscape, the natural and built environment. 6.3 The proposals can assist in meeting affordable housing contributions in accordance with Policy Hou5 Affordable Housing. Armadale is identified as a Priority 2 area with a 15% affordable housing requirement and the allocation of the site for residential development would ensure the provision of affordable housing as an integral part of any future new neighbourhood. 6.4 The site has distinct advantages for the provision of new residential development. These can be summarised as follows: • The site is well located in relation to existing residential development within Armadale; • Development of the site for housing would assist the council in ensuring that it meets its obligation to provide a continuous minimum 5 year effective housing land supply; • Existing local bus services are accessible from the site providing connections to Armadale and Bathgate town centres, Livingston and beyond; • The site can be easily integrated into existing and potential footpath/ cycleway networks; • Local community facilities are within walking distance; • Vehicular and pedestrian access to and from the site can be adequately provided; • The proposals include for the provision of range of housing types and mix of tenures including affordable housing; • Potential for implementation of a Landscape framework to ensure, in perpetuity, a landscape corridor to provide visual and physical separation between the eastern edge of Armadale and Bathgate; • Development of the site for residential development effectively rounds off the Armadale settlement on its eastern side; 6.5 The site is surrounded by housing to the north and residential allocations immediately to the west and south, currently being built out as part of the Armadale CDA. There is also employment land to the south of the site. 6.6 The development of the site for housing and associated landscaping provides a natural rounding off of the settlement on the eastern edge. The provision of a robust landscape framework as part of the proposals protects the settlement edge and secures a permanent separation/ green corridor to safeguard against coalescence with Bathgate to the east. Effectiveness of the Site 6.7 The Scottish Government's first and foremost priority in relation to housing delivery, is to plan for a generous and effective land supply, ensuring flexibility within the development plan in recognition of present economic times as outlined in Scottish Planning Policy (SPP). 6.8 SPP promotes the provision of a range of effective housing sites (Paragraph 119, Page 29) as well as the provision of a 'generous supply of land for each housing market area within the plan area to support the achievement of the housing land requirement across all tenures, maintaining at least a 5-year supply of effective housing at all time' (Paragraph 110, Page 27). 6.9 The requirement to maintain an effective housing land supply as set out in SPP is complemented by PAH 2/2010: 'Affordable Housing and Housing Land Audits'. This sets out criteria to identify housing sites that can be successfully brought forward through the planning system (PAH 2/2010, Paragraph 55, Page 17). 6.11 Using the seven criteria of effectiveness defined in PAH 2/2010, it is clear that the Site is, effective and, thus, capable of delivering housing units on-site in the short term. 6.12 We respectfully request that the site as identified in the attached site plan is identified as a housing allocation in the LDP and included as a Housing site in the Schedule of Housing Sites in Appendix Two of the LDP.

New Housing Sites and Design (page 24, paragraphs 5.4-5.56)

6.1 The Hallam site at Armadale East has an indicative capacity of 145 units based on 25 dph. This site would deliver a sustainable new neighbourhood including for a range of house types and tenures as well as open space and green networks linking with the wider area including footpath/ cycleways linking with Armadale train station to the south west. 6.2 The allocation of the site for residential development would assist West Lothian Council in meeting housing requirements and maintaining the necessary continuous, minimum five year supply of effective housing land, without comprising areas important for their qualities in respect of landscape, the natural and built environment. 6.3 The proposals can assist in meeting affordable housing contributions in accordance with Policy Hou5 Affordable Housing. Armadale is identified as a Priority 2 area with a 15% affordable housing requirement and the allocation of the site for residential development would ensure the provision of affordable housing as an integral part of any future new neighbourhood. 6.4 The site has distinct advantages for the provision of new residential development. These can be summarised as follows: • The site is well located in relation to existing residential development within Armadale; • Development of the site for housing would assist the council in ensuring that it meets its obligation to provide a continuous minimum 5 year effective housing land supply; • Existing local bus services are accessible from the site providing connections to Armadale and Bathgate town centres, Livingston and beyond; • The site can be easily integrated into existing and potential footpath/ cycleway networks; • Local community facilities are within walking distance; • Vehicular and pedestrian access to and from the site can be adequately provided; • The proposals include for the provision of range of housing types and mix of tenures including affordable housing; • Potential for implementation of a Landscape framework to ensure, in perpetuity, a landscape corridor to provide visual and physical separation between the eastern edge of Armadale and Bathgate; • Development of the site for residential development effectively rounds off the Armadale settlement on its eastern side; 6.5 The site is surrounded by housing to the north and residential allocations immediately to the west and south, currently being built out as part of the Armadale CDA. There is also employment land to the south of the site. 6.6 The development of the site for housing and associated landscaping provides a natural rounding off of the settlement on the eastern edge. The provision of a robust landscape framework as part of the proposals protects the settlement edge and secures a permanent separation/ green corridor to safeguard against coalescence with Bathgate to the east. 6.12 We respectfully request that the site as identified in the attached site plan is identified as a housing allocation in the LDP and included as a Housing site in the Schedule of Housing Sites in Appendix Two of the LDP.

Strategic Allocations (including previously identified Core Development Area Allocations) (page 25, paragraphs 5.57-5.61)

Countryside Belts (page 42, paragraph 5.144)

7.1 The site is shown as part of the Countryside Belt in the Proposed LDP. According to the Proposed LDP, Countryside Belts are spatial designations for the purposes of controlling urban spread into the countryside. A key purpose is to maintain the identity of towns by avoiding coalescence. Protecting the setting of settlements is another important purpose of Countryside Belts and they are to provide access to informal green space. 7.2 There would be no coalescence between Armadale and Bathgate (physical or visual) as a result of the proposals and a robust landscape corridor, to the east of the proposed built development on land owned by Hallam, can be delivered in perpetuity to the benefit of existing and new residents with existing and proposed landscape features brought under positive ongoing management. 7.3 We maintain that the site on the eastern edge of the existing Armadale settlement should be excluded from the Countryside Belt and included as part of the settlement boundary. Future Masterplan proposals would ensure there would be no coalescence between Armadale and Bathgate and that a robust landscape corridor could be provided and maintained in perpetuity on the eastern side of the site, between Armadale and Bathgate. 7.4 We therefore object to the identification of Countryside Belt covering the site and request that the site is included within the Armadale settlement boundary and excluded from the Countryside Belt.

8. DEVELOPMENT PROPOSAL BY SETTLEMENT (page 79)

Provides details of development proposals which are supported by the LDP in each town and village across West Lothian and assigns each one a unique reference for ease of identification.

Please use the text box below for comments.

Your comments should be concise and limited to no more than 2,000 words. You should fully explain the issues you wish to be considered when the Proposed Plan is presented to Scottish Ministers for Examination. Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written.

Comment

Armadale
(page 80)

6.1 The Hallam site at Armadale East has an indicative capacity of 145 units based on 25 dph. This site would deliver a sustainable new neighbourhood including for a range of house types and tenures as well as open space and green networks linking with the wider area including footpath/ cycleways linking with Armadale train station to the south west. 6.2 The allocation of the site for residential development would assist West Lothian Council in meeting housing requirements and maintaining the necessary continuous, minimum five year supply of effective housing land, without comprising areas important for their qualities in respect of landscape, the natural and built environment. 6.3 The proposals can assist in meeting affordable housing contributions in accordance with Policy Hou5 Affordable Housing. Armadale is identified as a Priority 2 area with a 15% affordable housing requirement and the allocation of the site for residential development would ensure the provision of affordable housing as an integral part of any future new neighbourhood. 6.4 The site has distinct advantages for the provision of new residential development. These can be summarised as follows: • The site is well located in relation to existing residential development within Armadale; • Development of the site for housing would assist the council in ensuring that it meets its obligation to provide a continuous minimum 5 year effective housing land supply; • Existing local bus services are accessible from the site providing connections to Armadale and Bathgate town centres, Livingston and beyond; • The site can be easily integrated into existing and potential footpath/ cycleway networks; • Local community facilities are within walking distance; • Vehicular and pedestrian access to and from the site can be adequately provided; •

The proposals include for the provision of range of housing types and mix of tenures including affordable housing; • Potential for implementation of a Landscape framework to ensure, in perpetuity, a landscape corridor to provide visual and physical separation between the eastern edge of Armadale and Bathgate; • Development of the site for residential development effectively rounds off the Armadale settlement on its eastern side; 6.5 The site is surrounded by housing to the north and residential allocations immediately to the west and south, currently being built out as part of the Armadale CDA. There is also employment land to the south of the site. 6.6 The development of the site for housing and associated landscaping provides a natural rounding off of the settlement on the eastern edge. The provision of a robust landscape framework as part of the proposals protects the settlement edge and secures a permanent separation/ green corridor to safeguard against coalescence with Bathgate to the east. 6.11 Using the seven criteria of effectiveness defined in PAH 2/2010, it is clear that the Site is, effective and, thus, capable of delivering housing units on-site in the short term. 6.12 We respectfully request that the site as identified in the attached site plan is identified as a housing allocation in the LDP and included as a Housing site in the Schedule of Housing Sites in Appendix Two of the LDP.

9. APPENDICES (page 99)

A number of appendices are included at the end of the LDP which provides additional detail on specific elements of the Proposed Plan.
