

West Lothian Council

THE WEST LOTHIAN LOCAL DEVELOPMENT PLAN (LDP)

CONSULTATION RESPONSE PORTAL

Have Your Say on the Proposed Plan

Introduction

West Lothian Council has published its Proposed Plan together with supporting documents including an Environmental Report (SEA), Habitats Regulation Appraisal, Strategic Flood Risk Assessment and Equalities & Human Rights Impact Assessment. These can be viewed on the West Lothian Council website at www.westlothian.gov.uk/proposedplan.

If you wish to make representations on the Proposed Plan or associated documents you are encouraged to use this online consultation portal. It's quick and easy and will help us to process representations more efficiently, reducing the overall cost and environmental impact of the exercise.

You do not need to complete this questionnaire in a single visit. Just simply put your Survey Reference Number (CODE) in the top right corner of the screen to allow you to continue with your submission at a later date.

If you need assistance with completing or submitting your representation online please call the Customer Service Centre (CSC) on 01506 280000. Please advise the Customer Service Centre that your enquiry relates specifically to the Local Development Plan and ask for it to be logged and directed to the Development Plan and Environment Team. Someone will contact you. Alternatively you can email us at wlldp@westlothian.gov.uk We will endeavour to respond as quickly as possible but in any event within 3 working days of receiving your enquiry.

It is important that all representations are submitted no later than midnight on Sunday 22 November 2015. Representations received after that time will not be considered.

Your comments should be concise, having regard to paragraph 84 of Scottish Government Circular 6/2013: Development Planning which states that representations should be no more than 2,000 words plus any limited supporting productions.

Data Protection Statement

Please be aware that when you make representations on the Proposed Plan through the consultation portal (and/or in a conventional written format) personal information provided as part of a representation cannot be treated as confidential. Representations require to be made available online and for public inspection at the council's office (this would include your name but would exclude any information which would be subject to the Data Protection Act 1998 i.e. signature, postal address, telephone number, email).

We are also required to pass these details to the Scottish Government's Directorate of Planning and Environmental Appeals (DPEA). This is because they may at a later date wish to invite you to an Examination in Public of the Proposed Plan to discuss your representation.

Before using the consultation portal you should also note that any information posted may be subject to disclosure under the Freedom of Information (Scotland) Act 2002. West Lothian Council will not be liable for any loss or damage arising from or in connection with the disclosure of any information including the disclosure of user generated content.

2. FOREWORD (page 4)

This introduction by the Leader of the Council establishes the role of the LDP and how it will help deliver the council's core objectives.

Please use the text box below for comments.

Your comments should be concise and limited to no more than 2,000 words. You should fully explain the issues you wish to be considered when the Proposed Plan is presented to Scottish Ministers for Examination. Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written.

1. The Introduction refers to "successful strategies, policies and objectives of the previous West Lothian Plan (2009)" I think any claims of "successful strategies" in terms of Linlithgow are a heavily optimistic assessment. There has been little development of appropriate new housing aligned to infrastructure development, with significant problems remaining in terms of traffic congestion; lack of parking (especially for rail commuters); education capacity and air quality. These have a negative impact on the local community and the environment.

2. The Introduction says: "The Vision which the plan aspires to cannot however be delivered by the council on its own. It will instead require commitment from partners in all sectors to work together and I therefore look forward to maintaining and developing existing relationships and forging new alliances in the coming years in order to achieve the best outcomes for the people and the environment of West Lothian and to deliver the vision set out in the plan"

As far as I can see very little if any notice has been taken in preparing the Plan following the feedback on the MIR. Also, I have little confidence that the Council will take any notice of, or build relationships with, such groups as the Community Councils, Linlithgow Civic Trust, Linlithgow Business Association etc. These have combined to produce an alternative plan via the "Linlithgow Planning Forum" - will their views have any impact - I strongly suspect not

3. I may have missed it amongst all the documentation, but I can see no endorsement (or comment) from the elected Linlithgow Councillors - surely they should be giving their views - or is this not part of the process?

3. BACKGROUND (page 6, paragraphs 1.1-1.5)

Provides a brief historical context to the economic development of West Lothian which helps explain how settlements established and have developed.

5. ROLE AND PURPOSE OF PLAN (page 7, paragraphs 3.1-3.5)

Establishes the role and purpose of the LDP in terms of its being a material consideration in the determination of any planning applications for development in West Lothian and, when adopted by the Council, will replace the West Lothian Local Plan. It also sets out what documents the plan must comply with i.e. the Planning etc (Scotland) Act 2006 and what documents will accompany the plan i.e. the Action Programme etc.

6. VISION STATEMENT AND AIMS (page 8, paragraphs 4.1-4.3)

Establishes the vision for the LDP in terms of outcomes desired over the plan period and identifies the key aims of the plan by individual subject areas i.e. Economic Development & Growth, Community Regeneration, Sustainable Housing Locations, Infrastructure Requirements and Delivery, Town Centres and Retailing, the Natural and Historic Environment, Climate Change and Renewable Energy and Waste and Minerals.

Sustainable Housing Locations (page 9)

The impact on traffic congestion / parking on all the sites around Manse Road (Linlithgow) would create huge strains on the Canal Basin area. These cannot proceed without solutions for traffic flow and additional parking - as well of course without resolving the capacity constraints at Linlithgow Academy.

7. THE SPATIAL STRATEGY (INCLUDING POLICY FRAMEWORK) (page 10, paragraphs 5.1-5.10)

In the context of the Strategic Development Plan (SDP), the LDP identifies West Lothian as being one of thirteen Strategic Development Areas where development will be focused in sustainable locations where infrastructure is either available or can be provided and in locations where there are no environmental constraints.

Housing land requirements for the LDP
(page 20, paragraphs 5.36-5.49)

I can't see any evidence for Linlithgow that the Council has proposals to ensure that necessary social and physical infrastructure accompanies growth

Comment

Linlithgow & Linlithgow Bridge (page 89)

In the absence of infra-structure improvements these proposals will put intolerable pressure on traffic congestion, road safety & parking in Linlithgow. For Manse Road / the Union canal bridge, the developments around Manse Road are simply not credible without relief proposals for congestion & station parking. Also re H-LL4, how can access for the South site possibly directly on to Manse road without severe adverse impact on road safety and the homes around Riccarton Road and The Glebe?

9. APPENDICES (page 99)

To reinforce my views, as I am not toally comfortable that this format has enables me to do so:
 Overview
 Whilst I respect the sentiment and broad objectives of the Plan, the devil is always in the detail.
 Therefore, as a Linlithgow resident I strongly object to the adoption of this plan without any clear strategy to show how the new housing will march hand in hand with:

- (i) physical infrastructure improvements - particularly re traffic, transport and parking congestion
- (ii)education capacity & social / community facilities e.g. health
- (iii) safeguarding the environment (e.g. the Upper Linlithgow and Union Canal preservation area)

1.Linlithgow impact:
 1.1 the Council seems to be failing to live up to its own benchmarks and values with regard to:
 - The LDP Vision Statement : "housing options will be supported by the full range of education, community and health facilities plus better and sustainable transport options". Where is the evidence of this?
 - LDP assertion In Housing Growth & Sustainable Housing Locations (section 5.37) "to ensure the necessary social and physical infrastructure accompanies growth" . Nothing seems to be outlined?
 - Graham Hope's appeal that the "the council and citizens of West Lothian should work together" .
 I can see little that suggests any feedback to the MIR from individuals or local bodies (e.g. Linlithgow & Linlithgow Bridge Community Council) have been taken on board.

1.2 It is difficult to see how any of the new housing proposals (569 total) for Linlithgow can be allowed to proceed without detailed infra-structure and (particularly) education proposals to support . There is no clarity on the former (traffic & parking congestion; medical resources, air quality etc)and no comment (as far as I see) regarding the status of the proposed new secondary school at Winchburgh.

2. Specific Housing proposals for Linlithgow
 2.1 None should proceed without a strategic plan that clearly shows how new house building and infra-structure & education improvements march hand -in hand.

2.2 The impact on the Upper Linlithgow and Union Canal preservation area will be significant and detrimental.

- How can the proposals for H-LL4 (45 houses with access via Manse Road direct or via Oatland's park) H-LL7 (8 houses with access via Manse Road) be feasible?
- There is also the possible impact of another access site for H-LL10 (a secondary access may be required?) which could further extends credibility on these proposals re Manse Road
- Where would H-LL4 access (south) join Manse Road? How could it be safe given the existing road junctions and current traffic volumes at peak times.
- There would be a significant and adverse impact on properties in the Riccarton Road / The Glebe area
- Unlike proposals for the adjacent sites, H-LL4 does not carry the proviso under "Education" "there are capacity issues relative to Linlithgow Schools which require to addressed" An oversight surely?
- How could the bridge over the canal cope with more traffic. There are already many incidents of "road rage". No proposal or alternative outlined
- Local objections will be significant on these issues in the absence of clear and detailed plans

I have read with interest the plans put forward by the Linlithgow Planning Forum / Linlithgow Civic Trust which are representative groups who's aspirations for Linlithgow should surely be considered in detail, in line with Mr. Hope's stated wish to work closely with such bodies. I hope that this will be done and that the Council also listens to all local feedback, which I think will support the desire for a considered and holistic approach, rather than pushing ahead with house building programmes that put an intolerable strain in Linlithgow's already poor infrastructure and diminish the quality of life for its citizens.
