Comment

Livingston
(page 90)

Scottish Enterprise support the allocation of the H-LV 23 as a housing site. It has been marketed for several years for business use, however development has not come to fruition. It is located adjacent to a residential area and within comfortable walking distance of Livingston North Train Station. In addition the site is located close to Eliburn Park, offering leisure facilities. The site is, in our view effective and can be added to the 5 year effective housing land supply as developer contributions are able to overcome local education constraints.

Under the Livingston sites H-LV 23 contains further information about the development of the Scottish Enterprise site. There are a number of issues raised such as undermining, the Airport Restriction Zone, archaeology, capacity at waste water treatment work, a pipe traversing the bottom corner of the site and noise. All of these issues have been considered in detail by Scottish Enterprises consultancy team and a suite of documents supported a planning application 0822/P13 which is currently before West Lothian Council. The applicants are currently discussing the terms of a s75 agreement regarding developer contributions prior to the consent being issued.

Action Programme.

We note that the action programme has several proposals for the extension of primary and secondary schools in the Livingston area. Capacity at educational facilities have long been an issue for West Lothian Council. However we believe that there is need for more transparency from Council officials on how new development can be utilised to assist in overcoming these issues. Obtaining information from Council officials on what is required to overcome these issues is difficult and is hindering development.
