2. FOREWORD (page 4)

This introduction by the Leader of the Council establishes the role of the LDP and how it will help deliver the council's core objectives.

Your comments should be concise and limited to no more than 2,000 words. You should fully explain the issues you wish to be considered when the Proposed Plan is presented to Scottish Ministers for Examination. Please indicate whether you are seeking a change to the Proposed Plan (i.e. your representation is an objection) or if your representation supports the Proposed Plan as written.

Paragraph 5.6 states a need to protect West Lothian's historic assets. My representation is an objection to the inclusion of site H-WB17 on the basis that it has a severe detrimental impact on the setting of Hiddry Castle, an important historic building.

It was built in the 1360's. At that time it was a border defence between the Anglo Saxon and Scots lands. The Seton family, who had the property until the 17th century, had owned the site since at least the 12th century and there is archaeological evidence of a previous c.12th century wooden fortification. This makes Hiddry Castle one of the oldest surviving castles in Scotland (and one of the least changed). The current and previous owner have been in the process of restoring it and it would be a real shame if it had survived for 650 years in a strong setting only for it now to be enveloped in a modern housing estate.

Site H-WB17 is within 10 metres of Hiddry Castle. In 1735, a drawing of the designed landscape surrounding Hiddry Castle was made. This encompassed the present day golf course and the walled garden. It was an extensive parkland setting. That parkland setting has been preserved to date by the change of use to a golf course and the setting of the castle has been preserved. Linlithgow Palace has been granted a 800m protected zone. Hiddry Castle should have a similar protected zone (perhaps 400m) to preserve its setting.

Another point of note is that if the owner of the land the golf course is built on get permission to build houses on the area marked, the golf course will be moved to the other side of Winchburgh and the remaining part of the golf course will be left derelict - it will become a brownfield site, a fly-tipping wasteland and a tangled overgrown mess and then further housing may be deemed a better alternative in due course.

My feeling is that keeping the golf course intact and in use is the best possible contemporary setting for a castle of this importance and preserves its historic parkland setting. Although I have little interest in golf itself, I would like to see the golf course preserved so that the setting of the castle is protected. Even if WLC were to revise plans for a smaller housing allocation on site H-WB17 (away from the vicinity of the castle), it would still mean the end of the golf course and put the setting of the castle at risk over the longer term.

3. BACKGROUND (page 6, paragraphs 1.1-1.5)

5. ROLE AND PURPOSE OF PLAN (page 7, paragraphs 3.1-3.5)

Establishes the role and purpose of the LDP in terms of its being a material consideration in the determination of any planning applications for development in West Lothian and, when adopted by the Council, will replace the West Lothian Local Plan. It also sets out what documents the plan must comply with i.e. the Planning etc (Scotland) Act 2006 and what documents will accompany the plan i.e. the Action Programme etc.

The Natural and Historic Environment (page 9)
