# 1 Overview

## 1.1 Introduction

### **Welcome to the Education Services Management Plan 2014/15**

Central Education Services work in partnership with schools to deliver education services to pupils, their parents/carers, and the wider community.

Education Services work towards achieving the key strategic aims of the Council. In particular, Education Services improve opportunities for young people by:

- Raising standards of attainment and achievement
- Improving employability and positive destinations for all school leavers
- Improving the learning environment
- Promoting equality of access to education
- Developing values and citizenship
- Promoting learning for life and encouraging a creative, enterprising and ambitious outlook

Central Education Services also provide direct services to parents/carers, including pupil placement, wraparound care, child care development, allowances, grants and bursaries and central complaints handling. Services are also provided where schools and individual teachers are the customers. This includes ensuring that our schools are of a high quality through performance management, continuous professional development, planning school provision, health and safety, workforce planning and property management.

Our purpose is to continuously raise attainment and achievement for all children and young people and achieve positive destinations for all school leavers. We strive to improve the quality and performance of the education services provided to pupils and parents/carers, our key customers. Our priority is to continuously raise attainment.

In 2013/14 the key achievements of the service were:

- Raising attainment in secondary schools:

- Over the five year period, the percentage of pupils in S4 achieving five or more qualifications at level 3 or above, by the end of S4, has risen from 95% to 97%. Attainment has met the target. Attainment remains above the national average (95%) and above comparator authorities (93%).
- Over the five year period, the percentage of pupils in S4 achieving English and mathematics qualifications at level 3 or above, by the end of S4, has risen from 95% to 97%. Attainment has exceeded the target. Attainment remains above the national average (94%) and above comparator authorities (93%).
- Over the five year period, the percentage of pupils in S5 achieving three or more qualifications at level 6 or above, by the end of S5, has risen from 21% to 29%. Attainment has exceeded the target. Performance in this measure is above the national average (28%) and above our comparator authorities (26%).
- Over the five year period, the percentage of pupils in S5 achieving five or more qualifications at level 6 or above, by the end of S5, has risen from 9% to 15%. Attainment has exceeded the target. Performance in this measure is above the national average (13%) and significantly above comparator authority attainment levels (11%).
- Improving positive destinations for school leavers, in partnership with Area Services
  - 92.0% of West Lothian's school leavers in 2013 progressed into positive destinations, an increase of 2.2% 2012 level. This is the highest ever level of positive destinations for West Lothian.
  - Over the last five years, West Lothian has seen year on year improvements in the numbers of school leavers achieving a positive destination.
  - Since 2007/08, the proportion of school leavers entering a positive destination (higher education, further education, training, volunteering or employment) has increased by 11.2%.
- Undertaking a Validated Self Evaluation of the Education Service, in partnership with Education Scotland, with a positive outcome, and producing an action plan aimed at further improving provision for learners in West Lothian
- Adopting the Validated Self Evaluation model in internal council reviews of the quality of education provision in schools, in order to increase the responsibility of schools for their own self evaluation; to increase capacity in schools to accurately assess improvement; and to increase peer involvement in quality assurance, leading to continuous improvement for learners
- Introducing a model of collaborative working amongst headteachers, in both the primary and secondary sectors, aimed at raising attainment and improving the quality of learning and teaching
- Establishing a Performance Management Team to support the implementation of the Attainment Strategy

- Improving the scrutiny of school reviews and HMI (Her Majesty's Inspectorate) Inspections in the new Education Quality Assurance Committee as a driver of continuous improvement
- Decreasing the time lost to education through exclusion. There has been a downward trend over the last 5 years in the amount of time missed by primary and secondary school pupils as a result of exclusion. This has been achieved partly through a revised policy, increased behaviour support through outreach services, and increased use of alternatives to exclusion. It is also the case, however, that improved learning and teaching, and improvements in meeting the needs of individual learners, will have a positive impact on behaviour
- Maintaining and improving high attendance levels. Attendance levels in West Lothian primary schools remain consistently high at around 95%. Attendance levels in West Lothian secondary schools remain consistently high around 92% and the trend over the last 5 years has been upward.
- Improving the attainment of Looked After Children in partnership with Social Policy
- Identifying the number of distinct pupil participants progressing from curricular to extracurricular sporting and physical activity. 5,123, or 20% of the total school population, took part in regular extracurricular physical activity and sport within a school setting lead and supported by 383 volunteers including 234 members of school staff and 83 senior pupils.
- Achieving success at the Scottish Concert Band Festival regional heats which were held at Inveralmond Community High School in December 2013 with seven West Lothian bands participating - the only local authority to have such a high number of entries. Six of those bands achieved a Gold award or higher, which allows them to go forward for the National Final in Perth, March 2014 – an amazing achievement for one local authority.

In 2014/15 the key priorities and actions for the service will be:

- Continuing to raise primary and secondary attainment.
- Extending pre-school provision to 600 hours for all eligible children
- Making pre-school provision for 2 year old children as set out in forthcoming legislation
- Extending the provision of free school meals to all primary 1 to 3 children
- Improving quality of education provision through workstreams involving education officers and headteachers in the development of improved and more effective practice within context of reduced resources.
- Entering into a partnership agreement with Education Scotland in order to formalise working arrangements in order to improve the support and challenge delivered to West Lothian schools.

- Providing two new nurseries to support development of Core Development Areas
- Implementing the Donaldson Review of Teacher Education in order to secure the future quality of the teaching workforce.

Assurance)

## **1.2 Context**

Central Education Services support schools in the administration of specific functions. These include quality assurance, educational psychology, additional support needs, information and communication technology, continuous professional development, child protection, pupil placement, customer care, performance management, administration of grants and allowances to pupils, property and staff resource management, early years provision, active schools provision and the instrumental music service.

The Education Service is delivered in accordance with legislation and national policy and is available to all children aged 3 to 18. Schools in West Lothian have made very good progress in the implementation of Curriculum for Excellence and are set to meet all Scottish Government time lines. This is being supported by the education officers/quality assurance.

The needs of children and young people requiring additional support in their learning are met through a range of provision, including outreach support in mainstream schools. In addition, there are five special schools catering for autistic spectrum disorder, emotional and behavioural difficulty and severe and complex needs. The Getting It Right For Every Child (GIRFEC) agenda underpins the approach to supporting children and young people in West Lothian schools through effective partnership working. West Lothian Council is committed to meeting needs locally wherever that is possible. The Additional Support Needs team provides support to schools across these functions in order to ensure that the council discharges its legislative requirements.

It is recognised that high quality education is essential in order to ensure that West Lothian's young people make the best possible start in life. Improving attainment for young people and developing essential skills for work contribute directly to local economic growth and prosperity. Supporting schools in improving the quality of education and raising attainment are key priorities for officers across the Central Education Services.

Continued investment in high quality school buildings, Information, Communication and Technology (ICT) and resources are required to provide the optimum learning environment for all of our young people. Increased emphasis will be placed on integrating ICT with the learning experience. This is both in terms of developing and delivering on line and distance learning through the new GLOW, and maximising investment in increased bandwidth and the use of mobile devices. The Central Resources team supports the provision and maintenance of a high quality learning

environment across the school estate. The centrally based Information and Communication Technology team supports schools in the use of the latest technology in order to improve delivery of the curriculum.

The quality of the learning experience for our children and young people is dependent on high quality staff with a continued commitment to professional learning. The implementation of the Donaldson Review 'Teaching Scotland's Future' will secure the future quality of the teaching profession. Education Officers will continue to support and challenge schools to provide the best quality learning experience for every young person, supporting schools in the implementation of the new Validated Self Assessment model.

The council will continue to ensure that all eligible 2, 3 and 4 year olds have access to a nursery place in recognition of the importance of pre-school education. Centrally based staff have designed, and will support the implementation of, a new model of 600 hours pre-school provision for all eligible children, and will examine options for increasing flexibility of provision, subject to appropriate funding.

A key driver of efficiency within schools is the appropriate allocation of staff to schools in order to allow the council to discharge its statutory duties under parental choice legislation in the most efficient manner possible. This function is supported by the Pupil Placement Team.

In common with other areas of the council, freedom of information, complaints and information and records management are driven by legislation, national policy framework and corporate policy. The Customer Care team ensures compliance within schools and Central Education Services.

The corporate Anti-Poverty Strategy drives much activity across the service ranging from targeted action to increase staff/pupil ratios in areas of deprivation, and other targeted interventions linked to the Scottish Index of Multiple Deprivation. The Customer Care team provide free school meals, clothing grant and Education Maintenance according to legislation and Council and national policy.

Children and young people will continue to benefit from access to instrumental music provision and the opportunity to perform to a variety of audiences. We will motivate and inspire young people to participate in sport at all levels. The centrally based Instrumental Music and Active Schools teams provide a policy framework, leadership, advice and guidance to schools, and manage the direct delivery of services.

The Central Education Service provides a policy framework within which schools operate, and advises schools on the application of policy to particular circumstances.

### **1.3 Partnership Working**

- West Lothian College – partnership aimed at providing the widest possible range of courses to West Lothian Pupils, whilst reducing duplication in provision, with a view to improving attainment and positive destinations as well as maximising the efficiency of provision. Information is shared effectively within an agreed strategy in order to provide a seamless service to students and their parents.
- Lothian Health – partnership aimed at ensuring the needs of all children with Additional Support Needs are met in terms of the relevant legislation, and that relevant information about children and young people is shared to support effective service provision. This partnership also involves Social Policy.
- Social Policy - Partnership aimed at meeting the needs of the most vulnerable in society and increasing equality through early intervention.
- Senior Officer Review Group – partnership involving Lothian Health, Social Policy, Scottish Children’s Reporter Administration which allocates specialist provision within and out with the authority to children with additional support needs.
- Police Scotland – partnership with multiple aims supporting the needs of both Education and the Police, involving police staff attached to schools and partnerships with community police and officers dealing with particular functions such as child protection. This partnership includes curricular delivery, improving health and wellbeing and reducing offending amongst young people.
- Education Scotland (including HMI) – strategic partnership across a range of activities including support for the implementation of the 3-18 curriculum, support for the implementation of new qualifications, and the inspection function. This partnership delivers benefits in terms of the quality of education provision, and the continuous improvement of provision. The partnership will be formalised in the forthcoming year with the introduction of a Partnership Agreement.
- Scottish Qualification Agency – strategic partnership in the development, delivery, implementation and moderation of national qualifications, leading to improved attainment for secondary pupils in West Lothian.
- General Teaching Council Scotland – strategic partnership in maintaining the registration and promoting and improving the professional standards of teaching professionals, leading to improved quality of learning and teaching in West Lothian schools.
- Scottish Government – strategic partnership in relation to the implementation of the new GLOW which will present exciting opportunities for curricular delivery, and access through mobile devices, as well as supporting business continuity.

- Scottish Government – strategic partnership for the delivery of Education Maintenance Allowance with the aim of improving stay on rates and therefore raising attainment and positive destinations.
- Scottish Government – strategic partnership to gather and analyse information through SCOTXED Data Exchanges in order to provide the data necessary to plan and deliver school improvement and raised attainment.
- Scottish Government – strategic partnership to raise attainment supported by the introduction of the new National Benchmarking Tool.
- SEEMIS – partnership to develop and implement an effective and efficient Management Information System for Education Services
- Durham University – partnership to support the gathering and analyse of information through Adaptive testing in order to provide the data necessary to plan and deliver school improvement and raised attainment.
- **sportscotland** strategic partnership aimed at improving the quality of sporting provision within West Lothian including Active Schools and associated programmes.
- ABRSM (Associated Board of the Royal Schools of Music) and Trinity Guildhall – partnerships aimed at providing a recognised and accredited formal assessment process for instrumental music to children and young people in West Lothian.
- Central Scotland Partnership and Edinburgh University – partnerships aimed at delivering high quality Continuous Professional Development opportunities to teaching staff in an efficient and collaborative manner.
- ADES – partnership aimed at improving the delivery of education services through the development and sharing of good practice, and representing the views of Education professionals in national debates on service provision.
- Alpha Schools (West Lothian) Ltd (PPP1) and Kajima Partnership Ltd (PPP3) – partnership for the provision of high quality school buildings, with the aim of improving the quality of the school estate in an efficient manner.
- Simply Play – partnership to deliver accessible out of school childcare in an efficient manner which meets the needs of West Lothian parents.
- Common Ground – Mediation service aimed at dispute resolution with the parents and carers of children and young people with Additional Support Needs.
- Partner Providers – contractual arrangements supporting choice and flexibility in the provision of pre-school provision, and ensuring that the Council can meet its obligation to offer a place to the parents of every eligible child.
- West Lothian Parent Council Forum – partnership to gather the views of parents and to disseminate information to parents of children and young people at West Lothian schools, with the aim of improving service delivery and strengthening parental involvement in the education of their children and in the life of their schools.
- Operational Services – future development of existing partnership will be required in order to deliver legislative and policy commitments in terms of free school meals and breakfast clubs.

## 1.4 Outcomes, Priorities and Activities

The council has set 8 priorities in the current Corporate Plan (2013/17) in consultation with the local community, partners, stakeholders and our staff. These priorities, along with the 3 enablers themes, represent all the vital activities that the council will undertake in order to achieve better outcomes for West Lothian.

Figure 1 illustrates where the WLAM units in the service *directly* contribute to the council's priorities (and/or) enablers.

	Quality Assurance	Central Resources	Customer and Performance	Active Schools	Instrumental Music	Schools
<b>Council Priorities</b>						
1. Delivering positive outcomes and early intervention for early years	✓	✓	✓			✓
2. Improving the employment position in West Lothian						✓
3. Improving attainment and positive destinations for school children	✓				✓	✓
4. Improving the quality of life for older people						
5. Minimising poverty, the cycle of deprivation and promoting equality			✓			✓
6. Reducing crime and improving community safety						✓
7. Delivering positive outcomes on health				✓		✓
8. Protecting the built and natural environment		✓

## 1.5 Corporate Strategies

The council has corporate strategies that set out what we want to achieve for a particular priority, outcome or targeted group within a corporate planning period (4 years). Including what we will do, with our partner services and agencies, to deliver those outcomes.

The service has responsibility for the development and implementation of the following corporate strategies:

Corporate Strategy	Strategy Outcomes	Start	End	Review Date
<b>Attainment Strategy</b>	<ul style="list-style-type: none"> <li>Improved literacy and numeracy</li> </ul>	2012	2015	January annually
	<ul style="list-style-type: none"> <li>Improved engagement of parents/carers in the learning of the child</li> </ul>	2012	2015	January annually
	<ul style="list-style-type: none"> <li>Improved progression in learning through effective monitoring and tracking and reporting to parents</li> </ul>	2013	2015	January annually
	<ul style="list-style-type: none"> <li>Children/young people facing challenge remain engaged with school</li> </ul>	2012	2015	January annually
	<ul style="list-style-type: none"> <li>Young people benefit from increased opportunities for vocational learning</li> </ul>	2013	2015	January annually
	<ul style="list-style-type: none"> <li>Improvement in attainment</li> </ul>	2012	2015	August and February annually
<b>Active West Lothian Strategy</b>  <i>(Strategy developed with Area Services)</i>	<ul style="list-style-type: none"> <li>Increased lifelong participation in sport and physical activity</li> <li>Resources are used to maximum effect</li> <li>Clubs and individuals encouraged to meet their full potential</li> <li>Services and facilities provided to meet the needs of the West Lothian community</li> </ul>	2014	2018	Strategy in draft form

Figure 2: Corporate Strategies

## 2 Education Service Structure

The service is part of the Education, Planning and Area Services directorate and the management structure is outlined in figure 3 below:

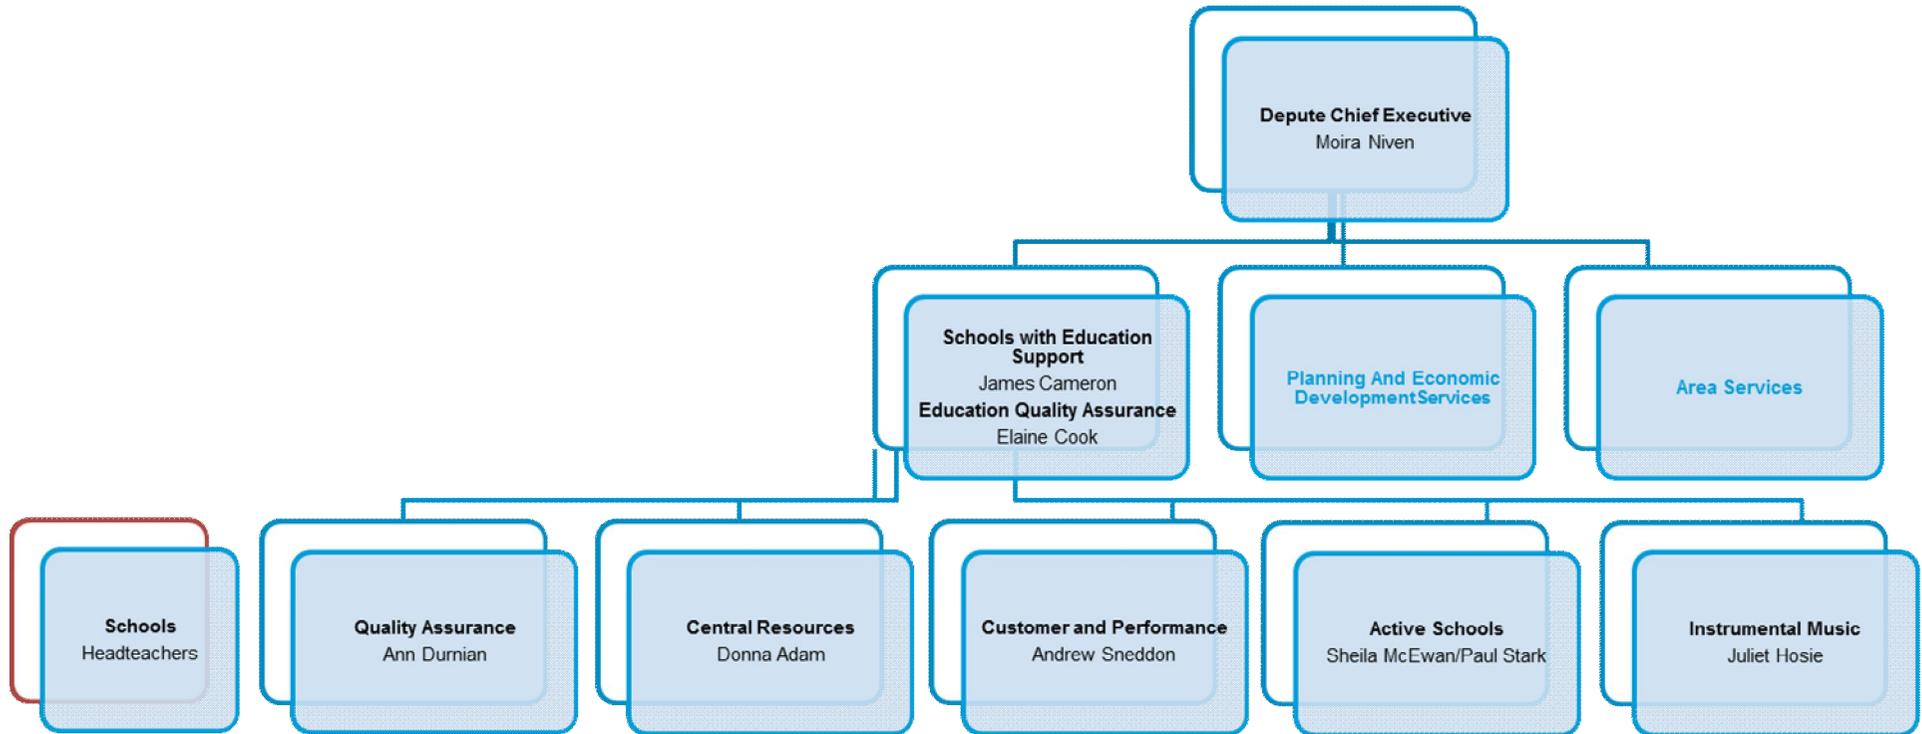

Figure 3: Education Service Structure

## 3 Service Activity

### 3.1 Schools

Manager:	James Cameron and Elaine Cook
Number of Staff (FTE):	2762.9
Location:	Throughout West Lothian

#### Purpose

West Lothian Council provides 66 primary schools, 11 secondary schools, 14 pre-school establishments and 5 special schools to meet the individual needs of over 26,000 pupils and around 4,000 pre-school children.

Education is provided in terms of the Standards in Scotland's Schools Etc. Act 2000 and the Education (Additional Support for Learning) (Scotland) Act 2004.

West Lothian Council's focus on educational standards in schools arises from its community leadership role to promote social and economic wellbeing. A prime motivation is ensuring that all citizens within West Lothian have the skills needed to compete in a modern, integrated society. Improving attainment for young people and developing essential skills for work contributes directly to local economic growth and prosperity. West Lothian Council recognises the economic benefit to individuals, and hence the community, of improving educational attainment. An investment in improving the quality of education, the primary vehicle for building the knowledge and skills of West Lothian's future workforce, is key to sustainability and growth.

Children and young people deserve the best possible start in life through the provision of high quality pre-school education. The council will continue to ensure that all eligible children have access to a nursery place in recognition of the importance of teacher-led pre-school education.

The learning and health needs of children are developed in pre-school centres and classes where there is a clear focus on supporting the child and family through a nurturing approach. For many parents, pre-school provision is the first contact parents have made with formal education since themselves leaving school and the focus on working together in partnership is essential in developing positive attitudes to learning. Early years centres in particular deliver a joined up health, education and social care service. Inequality is addressed by the provision of these centres within some of the most deprived communities in West Lothian.

The extension to pre-school hours will pose a financial challenge unless this is funded by the Scottish Government.

Providing a quality learning experience in every school requires West Lothian Council to continue to develop the professional learning and leadership opportunities for all school staff. Continued investment in high quality school buildings, ICT and

resources is needed to ensure the optimum learning environment for all of our young people.

There is a challenge in maintaining the quality and number of core staff at a time of recruitment shortages at a national level. Significant challenges will arise in meeting the needs of pupils with additional support for learning requirements in special schools and classes, and in mainstream establishments. These challenges increase as the number of children considered to have additional support needs rises and new legislation places greater obligations on the council. Improving the learning and life chances of young people for whom English is an additional language will continue to be a significant challenge in West Lothian schools as numbers increase. As more students are now returning to S5 and S6, delivery of a relevant curriculum becomes increasingly important. We continue to develop vocational courses and work in partnership with West Lothian College to meet the educational needs of all young people. There is a need to reduce the attainment gap through early intervention strategies promoting equality of opportunity for all, including our most vulnerable young people. This will require council services to further develop collaborative approaches in order to maximise the effectiveness of targeted support.

The changes brought about by Curriculum for Excellence are leading to improved quality learning and teaching and increased attainment for all young people in West Lothian (including those children who need additional support in their learning). Our schools are developing a culture of aspiration and ambition in our young people. This creates an environment for success producing better prepared school leavers more able to contribute to the prosperity of West Lothian.

Engaging parents as partners in their child's learning will be embedded in a whole school and service strategy. The degree and quality of engagement that parents have with their child's learning is a critical factor in educational attainment. Increased engagement of parents from the most deprived communities and young parents will be essential.

Within the primary and secondary sectors children from the most deprived communities continue to have lower levels of literacy and numeracy. Continuing intervention is essential to break the cycle of low attainment, and inequality. The challenge will be to engage successfully with these children by boosting attendance and reducing exclusion.

To continue to support learners who face challenge in their learning as they progress through school, nurture groups have been set up in a range of primary and secondary schools. These are for young people at the upper stages of primary and the lower stages in secondary and are aimed at ensuring that the young people make a successful transition to secondary school and prevent exclusion or low attendance. Staff receive high quality training in a nurturing approach and the young people receive direct support in managing their school experience and the further development of literacy and numeracy skills.

Emphasis will be placed on Curriculum Support in order to improve transition of learning from nursery to primary and primary to secondary. There will also be the

provision of study support, homework clubs, the development of literacy and numeracy skills and support for the new National Qualifications. Literacy and numeracy skills open the door to the world of learning and achievement thus enabling every young person to engage effectively and fully in society. To minimise inequality of opportunity, support for children with special literacy needs will be provided. Similarly, improving positive outcomes for looked-after children will remain a priority.

In recognition of the links between health and attainment, the council will extend access to breakfast clubs.

### **Activities**

The main activities of the service in 2014/15 will be:

- To ensure that all eligible children have access to a nursery place and are provided with a quality learning experience.
- Quality teaching provision, early intervention and raising attainment for all pupils, taking account of the implementation of the 3 to 18 curriculum.
- Reducing inequality, providing appropriate early intervention, narrowing the gap and raising attainment for all children and young people.
- To provide support to children with Additional Support Needs and their families prior to accessing formal education.
- To provide support to all young people in order to maximise their opportunity to progress to positive destinations.

### **Key Partners**

The service actively works with our partners to plan, design and deliver improved services for our customers. Our key partners are:

- Education Scotland including HMI
- Scottish Qualification Agency
- General Teaching Council Scotland
- West Lothian College
- Central Scotland Partnership (CPD)
- Lothian Health
- Police Scotland
- Social Policy

## Customer Participation

The service will actively engage customers and potential customers in the delivery and re-design of services to ensure that are accessible and focused on their needs and preferences.

<b>Performance Indicator</b>	<b>Cost per Pupil in West Lothian Secondary Schools</b>	<i>P:EDSCH072_9a.1c</i>
<b>Description</b>	This indicator shows the average amount of money spent on each pupil in West Lothian Secondary Schools each year. This national measure is used to assess efficiency in the delivery of school education.	

**Trend Chart Commentary:**

High levels of occupancy result in greater efficiency and ensure best value for the West Lothian community. This allows approximately 90% of the Education budget to be devolved to schools. Larger items of expenditure not devolved include catering and cleaning, free school meals, clothing grants, Public Private Partnership costs and other central services.

This indicator will be influenced by changes in the amount of budget allocated to schools and fluctuations in pupil numbers.

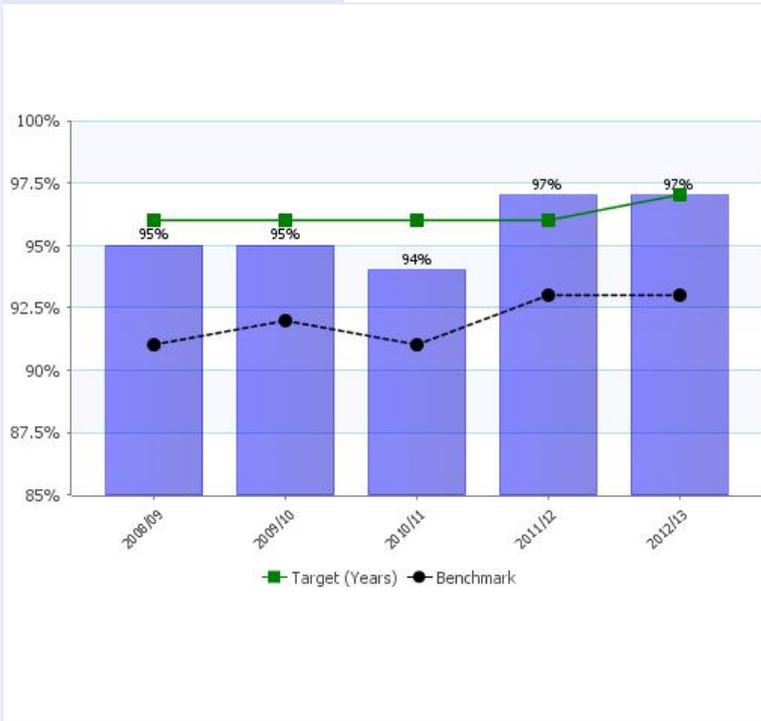

West Lothian Council aims to continue to invest in Education for the benefit of the young people of West Lothian, whilst maximising the efficiency of service delivery.

Nationally the figure for 2011/12 was £6,321, and is shown as the benchmark.

Improving attainment and low cost demonstrate efficient and effective use of resources.

Target for 2014/15 will be £6,247, as the Council will aim to improve quality of provision within existing resources.

<b>Performance Indicator</b>	<b>Percentage of Pupils in S4 Achieving 5 or More Qualifications at Level 3 or Above (by the end of S4).</b>	<i>CP:EDSQA65_9b.1c</i>
<b>Description</b>	This indicator shows the percentage of pupils in their 4th year of secondary education (S4) achieving 5 or more Standard Grade Qualifications at Level 3 (Foundation Level) or above. Pupils are presented for standard grade qualifications at a number of different levels. All qualifications gained by pupils in West Lothian schools are accredited by the Scottish Qualifications Authority (SQA). SQA is the national accreditation and awarding body in Scotland. The calculation of this performance indicator is carried out by statisticians in the Scottish Government. The Scottish Government will calculate this statistic based on the appropriate S4 roll.	

**Trend Chart Commentary:**

Over the five year period, the percentage of pupils in S4 achieving five or more qualifications at level 3 or above, by the end of S4, has risen to 97%.

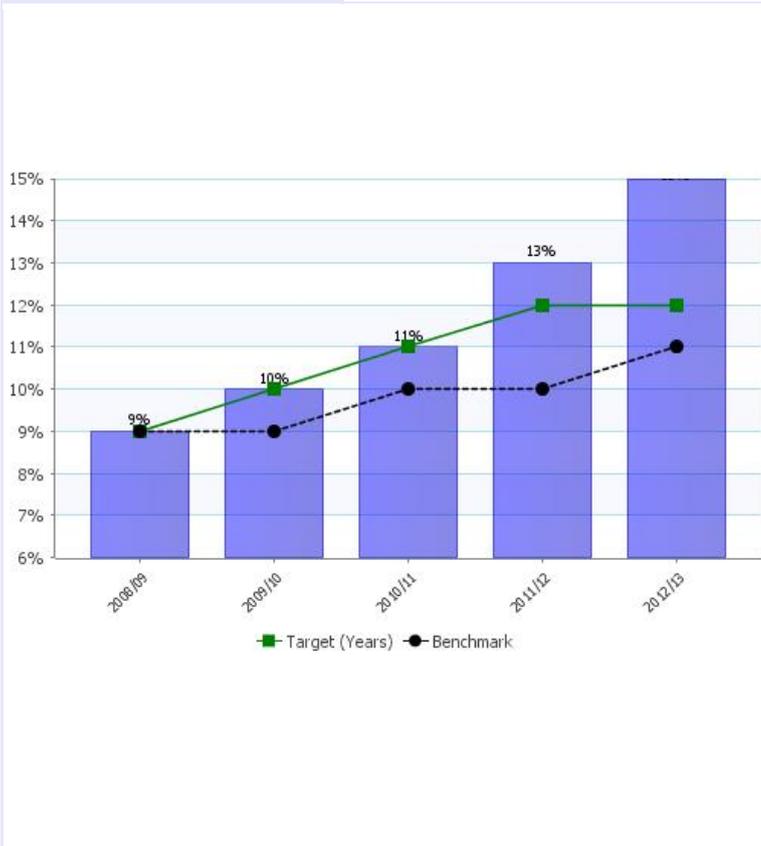

Attainment has met the target. Attainment remains above the national average (95%) and above comparator authorities (93%).

The target has been raised to 97% to reflect improved performance.

The target will remain at 97% for 2013/14 and 2014/15 in recognition of the difficulty of achieving an increase from this high level.

The long term trend in West Lothian Council, since 1996, has been for improvements to attainment, and this has been recognised by Education Scotland.

<b>Performance Indicator</b>	<b>Percentage of Pupils in S5 Achieving 5+ Qualifications at Level 6 (Higher Grade) or Better (by end of S5).</b>	<i>CP:EDSQA70_9b.1c</i>
<b>Description</b>	Percentage of pupils in their 5th year of secondary education (S5) achieving 5 or more higher grade qualifications at Level 6 or above. All qualifications gained by pupils in West Lothian schools are accredited by the Scottish Qualifications Authority (SQA). SQA is the national accreditation and awarding body in Scotland. The calculation of this performance indicator is carried out by statisticians in the Scottish Government. The Scottish Government will calculate this statistic based on the appropriate S4 roll.	

**Trend Chart Commentary:**

Over the five year period, the percentage of pupils in S5 achieving five or more qualifications at level 6 or above, by the end of S5, has risen to 15%.

Attainment has exceeded the target. Performance in this measure is above the national average (14%) and significantly above comparator authority attainment levels (11%).

Performance in this indicator will be influenced by the number of pupils attaining 5+standard grade credit passes in their fourth year of secondary education and the number of pupils returning to S5.

The target has been exceeded in each of the last two years. A target of maintaining performance at the historically high level of 14% will be set for 2013/14 and 2014/15.

The long term trend in West Lothian Council has been for improvements in attainment, and this has been recognised by Education Scotland.

<p><b>Performance Indicator</b></p>	<p><b>Percentage of Parents Rating their Overall Satisfaction With their Child's School and Education as Good or Excellent.</b></p>	<p>CP:EDSCH055_6a.7</p>								
<p><b>Description</b></p>	<p>This indicator shows the percentage of parents/carers rating their overall satisfaction with their child's school and education as good or excellent. Parents were asked to indicate their overall satisfaction with their child's school and education.</p>									
<table border="1"> <caption>Parent Satisfaction Data</caption> <thead> <tr> <th>Year</th> <th>Percentage</th> </tr> </thead> <tbody> <tr> <td>2011/12</td> <td>84.4%</td> </tr> <tr> <td>2012/13</td> <td>81.5%</td> </tr> <tr> <td>Benchmark</td> <td>85%</td> </tr> </tbody> </table>		Year	Percentage	2011/12	84.4%	2012/13	81.5%	Benchmark	85%	<p><b>Trend Chart Commentary:</b></p> <p>A survey of 14326 parents was carried out using online survey questionnaire software. A total of 81.5% of rated their child's school and education as good or excellent. This figure is down from the previous year's figure of 84.4% and below the target of 85%.</p> <p>Target is set as previous year's performance plus 1%. The service wishes to demonstrate continuous improvement, but increasing satisfaction at a time of expenditure restraint poses significant challenges. A more robust method of target setting will be adopted when greater trend information is available.</p> <p>Target for 2013/14 and 2014/15 will be 82.5%, subject to revision in light of trend information.</p> <p>During the period, a number of efficiencies have occurred, impacting on school education, as part of the Council's budget reductions.</p> <p>In 2011/12 over 3000 parents responded to this survey whilst only 1723 responded in 2012/13.</p>
Year	Percentage									
2011/12	84.4%									
2012/13	81.5%

## 3.2 WLAM Unit – Quality Assurance

Manager:	Ann Durnian
Number of Staff (FTE):	28.3
Location:	Civic Centre

### Purpose

The Quality Assurance Team aims to raise attainment for all pupils and students, and to maximise positive destinations.

#### Education Officers

Education Officers support and challenge schools through quality assurance procedures based on the national Quality Indicators contained in 'How Good is our School' and 'The Child at the Centre'.

The Education Officer team:

- Works with schools on continuous improvement
- Offers support and challenge to schools in raising attainment and achievement
- Supports curriculum development and change locally and nationally.

#### Education Psychology

The Educational Psychology Service is managed by the Principal Educational Psychologist who reports to the Senior Education Development Manager. The service works directly with children and their families, schools and multi-agency colleagues within the authority. The purpose is to support schools and individual children/young people to continuously improve learning and attainment.

Educational Psychologists:

- Contribute locally and nationally in developing and implementing strategies to ensure progress for children and young people requiring additional support in learning
- Offer professional advice and support to the Education Service in consultation, assessment, intervention, research and training.

#### Additional Support Needs

The Additional Support Needs Team is responsible for improving education provision, learning experiences and opportunities for children and young people with additional support needs and for supporting schools in delivering that provision. Collaborative planning with multi-agency partners is a key focus throughout the team's strategic and operational activities.

A group of support staff, managed by the Principal Officer (ASN), supports the day to day activities of the Additional Support Needs team.

### Information and Communication Technology Learning and Teaching

The Information and Communication Technology team is responsible for supporting schools and staff to enhance learning and teaching in schools and to improve access to the curriculum for pupils with Additional Support Needs through the effective use of information technology.

### Child Protection

The Child Protection Officer is part of the Additional Support Needs and Quality Assurance Service and offers advice, support and training to all schools. The officer also works closely with multi-agency partners including social policy, health and the police. In addition, the post holder ensures the implementation of the Children Educated at Home and the Children Missing from Education policies and systems. This work is continuous and supports schools in ensuring that children and young people are safe.

### Continuous Professional Development

The Continuing Professional Development Officer is responsible for providing development opportunities for teaching and non-teaching staff within schools. The officer is also responsible for probationer induction and training, the placing of student teachers and liaison with higher education providers.

### Performance Team

A performance team comprising Education Officers and other staff has been established to improve performance across primary and secondary schools in terms of the Attainment Strategy.

## **Activities**

The main activities of the service in 2014/15 will be:

- Through the Education Officer team, to support and challenge Headteachers to improve the quality of education, attainment, and the implementation of council policies and advice
- Through the Education Psychologist team to support school placements of children and young people who require additional support in their learning
- To ensure the consistent application of child protection procedures across the service
- To support schools in the consistent provision of additional support for learning to suit the needs of all children and young people

- To work with partners and schools to continue to improve positive and sustained destinations for all school leavers
- To deliver an ICT service to schools to improve learning and teaching, and anytime, anywhere access to learning resources.
- To provide continuous professional development that effectively supports professional growth
- To raise attainment through improving literacy and numeracy skills within and across schools
- To raise attainment through effective transition arrangements and with a clear focus on progression in learning at the key stages
- To raise attainment and improve achievement through providing support in nurture bases for children and young people who face challenge in learning
- To support schools, children and families facing challenge through the further development of the Behaviour Support Service
- To continue to improve the life chances of all young people through the further development of West Lothian Campus and partnership with West Lothian College
- To raise attainment and achievement through continued review of West Lothian provision for children and young people who require additional support in their learning
- To monitor the delivery of 2 hours of PE per week.
- Adopting the Validated Self Evaluation model in internal council reviews of the quality of education provision in schools, in order to increase the responsibility of schools for their own self evaluation; to increase capacity in schools to accurately assess improvement; and to increase peer involvement in quality assurance, leading to continuous improvement for learners
- Supporting a model of collaborative working amongst headteachers, in both the primary and secondary sectors, aimed at raising attainment and improving the quality of learning and teaching
- Establishing a Performance Management Team to support the implementation of the Attainment Strategy
- Implementing the Donaldson Review of Teacher Education in order to secure the future quality of the teaching workforce.

### **Key Partners**

The service actively works with our partners to plan, design and deliver improved services for our customers. Our key partners are:

- Education Scotland including HMI
- Scottish Qualification Agency
- General Teaching Council Scotland
- West Lothian College
- Central Scotland Partnership (CPD)

- Lothian Health
- Police Scotland
- Scottish Government (GLOW)
- ADES
- Social Policy
- SORG
- Common Ground

## Customer Participation

The service will actively engage customers and potential customers in the delivery and re-design of services to ensure that are accessible and focused on their needs and preferences.

## Performance

<b>Performance Indicator</b>	<b>Education Officer Team: Cost Per School of Education Officers Team.</b>	<i>EDEDQ014_9a.1c</i>																
<b>Description</b>	This indicator shows the cost per school of providing Quality Assurance services. This is calculated by dividing the activity budget of the service by the number of primary/special/secondary/nursery schools (96 schools). Measuring cost per school of the Education Officer Team allows comparison of the cost of providing each part of the service.																	
<table border="1"> <caption>Cost Per School Data</caption> <thead> <tr> <th>Year</th> <th>Actual Cost (£)</th> <th>Target (£)</th> <th>Benchmark (£)</th> </tr> </thead> <tbody> <tr> <td>2011/12</td> <td>16,057.00</td> <td>16,057.00</td> <td>16,057.00</td> </tr> <tr> <td>2012/13</td> <td>13,096.00</td> <td>13,096.00</td> <td>16,057.00</td> </tr> <tr> <td>2013/14</td> <td>8,496.00</td> <td>8,496.00</td> <td>16,057.00</td> </tr> </tbody> </table>		Year	Actual Cost (£)	Target (£)	Benchmark (£)	2011/12	16,057.00	16,057.00	16,057.00	2012/13	13,096.00	13,096.00	16,057.00	2013/14	8,496.00	8,496.00	16,057.00	<p><b>Trend Chart Commentary:</b></p> <p>The cost of delivering quality assurance services has declined significantly between 2011/12 and 2013/14, as a result of planned service efficiencies.</p> <p>Target is set as previous year's expenditure.</p> <p>The 2014/15 Activity Based Budget treats quality assurance as a management cost to reflect the new method of delivering the service.</p>

Year	Actual (%)	Target (%)	Benchmark (%)															
2010/11	92%	93%	87%															
2011/12	87%	88%	87%															
2012/13	74%	89%	87%															

<b>Performance Indicator</b>	<b>Psychological Services: Cost per School of Psychological Services Provision.</b>	<i>EDPSY001_9a.1c</i>
<b>Description</b>	This indicator shows the cost per school of providing Educational Psychology services. This is calculated by dividing the activity budget of the service by the number of primary/special/secondary/nursery schools (96 schools). Measuring the cost per pupil of the central education services allows comparison of the cost of providing each part of the service.	

Year	Cost (£)
2011/12	£9,365.00
2012/13	£8,947.00
2013/14	£8,497.00
2014/15	£8,112.00

**Trend Chart Commentary:**

The cost of delivering psychological services has declined between 2011/12 and 2013/14, as a result of planned service efficiencies.

Target is previous years' expenditure.

<b>Performance Indicator</b>	<b>Psychological Services: Percentage of Headteachers Rating the Psychological Services Provision Within Education Services as Good/Excellent.</b>	<i>EDPSY011_6a.7</i>
<b>Description</b>	This indicator shows the percentage of customers rating the psychological services provision within Education Services as good or excellent in customer satisfaction surveys carried out by the Central Education Service.	

Year	Percentage
2010/11	89%
2011/12	78%
2012/13	74%

**Trend Chart Commentary:**

The number of pupils supported in Schools not managed by the local authority ('out with schools') rose from 84 to 89, and fell to 82 in the three year period illustrated.

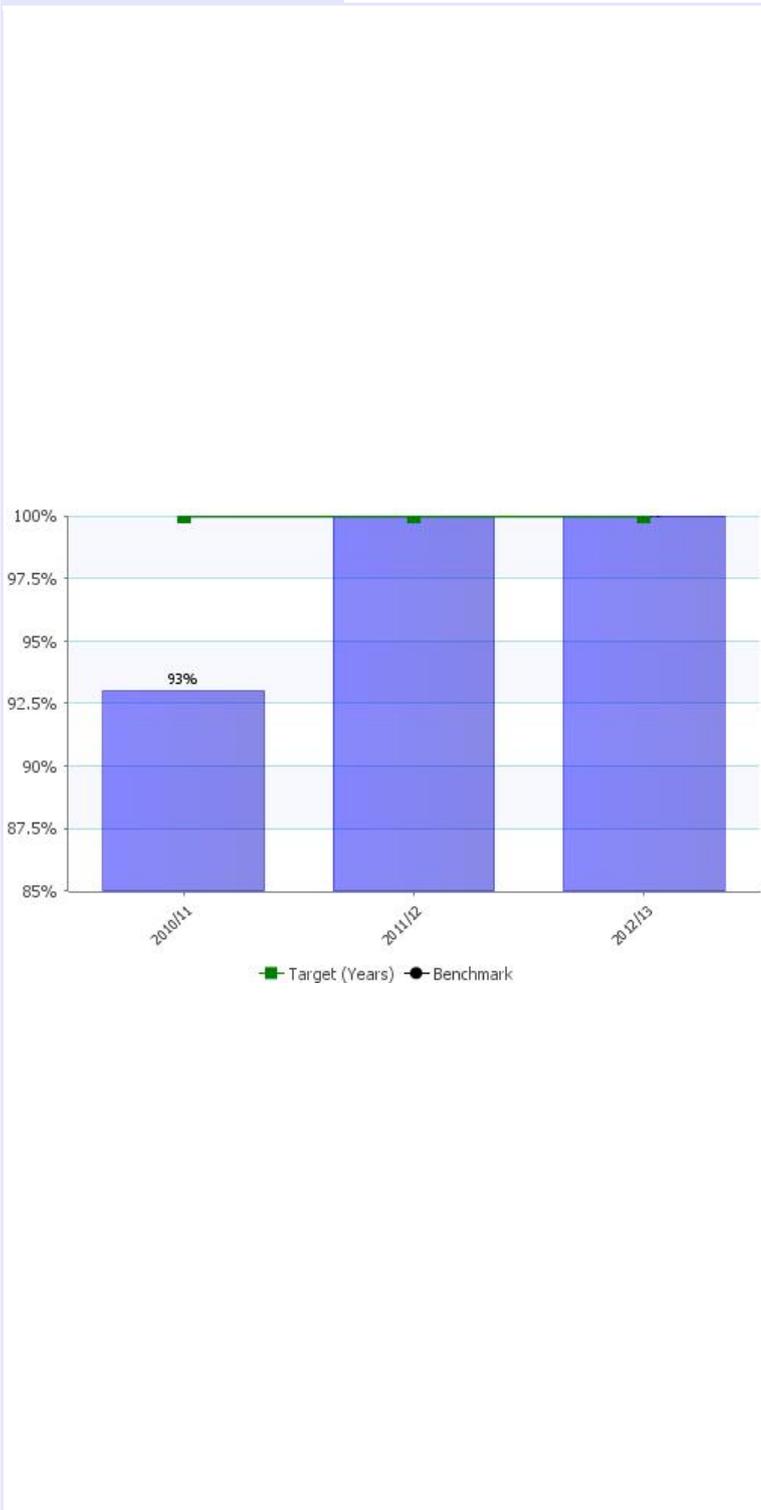

The number of pupils supported in out with schools will depend on the individual needs of the pupils concerned. Pupils included in these numbers include young people with significant and complex additional support needs and/or social care needs which cannot be met within West Lothian Council provision. Where possible pupils will be supported within West Lothian schools, and the Council aims to maximise its ability to meet the needs of pupils.

Efficiencies have been made in the provision of psychological services.

Target was set at previous year plus 1%, but has been adjusted down to reflect anticipated decrease in satisfaction related to the factors above.

Target for 2013/14 and 2014/15 will be set at 85%.

<b>Performance Indicator</b>	<b>Percentage of primary, secondary, special schools and pre-school establishments receiving positive inspection reports</b>	SOA1302_14
<b>Description</b>	Indicator shows the percentage of Primary, Secondary and Special Schools and Pre-School Education Establishments receiving a positive inspection report. A positive inspection report from Education Scotland is defined as the three reference quality indicators being evaluated as satisfactory or above.	

**Trend Chart Commentary:**

The percentage of schools receiving a positive inspection report from Education Scotland has remained at 100% over the last two years.

Between 1 July 2012 and 1 July 2013, inspection reports were published for 5 pre-school education establishments - Bankton Primary School Nursery Class, Eliburn Nursery Class, Glenvue Nursery Class, Greenrig Primary School Nursery Class and Kirknewton Primary School Nursery Class. All achieved evaluations of satisfactory or above in Improvement in Performance, Children's Experiences and Meeting Learning Needs.

Bankton Primary School Nursery Class, Greenrig Primary School Nursery Class and Kirknewton Primary School Nursery Class all achieved evaluations of good or above in the three quality indicators. Eliburn Nursery Class achieved evaluations of good for Children's Expectations and Meeting Learning Needs. Glenvue Nursery Class achieved evaluations of good for Improvement in Performance and Children's Expectations. An action plan is agreed after each inspection to further improve quality at the school.

Between 1 July 2012 and 1 July 2013, inspection reports were published for 6 schools - Bankton Primary School, Greenrig Primary School, Kirknewton Primary School, Lowport Primary School, Woodmuir Primary School, and St Margaret's Academy. All achieved evaluations of satisfactory or above in Improvement in Performance, Learners' Experiences and Meeting Learning Needs.

Bankton Primary School, Kirknewton Primary School and Woodmuir Primary School all achieved evaluations of good or above in the three quality indicators. Greenrig Primary School achieved evaluations of good for Learners' Expectations and Meeting Learning Needs. Lowport Primary School achieved evaluations of good for Improvement in Performance and Learner's Expectations. An action plan is agreed after each inspection to further improve quality at the school.

St Margaret's Academy became one of the very few secondary schools in Scotland to receive evaluations of nothing other than excellent or very good from inspectors.

The target will remain at 100% for session 2013/14.

### 3.3 WLAM Unit - Central Resources

Manager:	Donna Adam
Number of Staff (FTE):	31.5
Location:	Civic Centre/Primary and Secondary Schools

#### Purpose

The Strategic Resources Manager manages Public/Private Partnership contracts – PPP1 and PPP3, school based Area Business Support Managers and Resource Officers, the business element of the wraparound care service across six centres, is the client interface with Construction Services and Operation Services for services to schools and has responsibility for health and safety, business continuity planning, statutory compliance and control of risk across the service.

The Strategic Resource Manager undertakes workforce planning for teaching and non-teaching staff across the service including chairing the job sizing panel for promoted teaching posts and the service health & safety committee.

The Public/Private Partnership Team is managed by the Strategic Resources Manager. The team monitors the terms of the PPP1 contract with Alpha Schools (West Lothian) Ltd for 3 secondary and 3 primary schools. The team also monitors the contract with Kajima Schools Solutions Ltd for the second Public Private Partnership (PPP) project PPP3 to build replacement schools at Armadale Academy and Deans Community High School, which opened in August 2009. Monitoring ensures that the projects continue to deliver Best Value in terms of high quality services and accommodation for the Council over the thirty year life of the contracts.

#### Activities

The main activities of the service in 2014/15 will be:

- To ensure the quality of the learning environment in all schools through resource management of education property, acting as client contact for Education projects within the Council's agreed capital programme and developer funded projects.
- To ensure appropriate staff resources are available across the service through workforce planning.
- To ensure business continuity planning and risk management is delivered across all establishments and services including fire risk assessment, health & safety compliance and winter arrangements.
- To provide quality and affordable childcare alongside pre-school education.
- Forward planning of school provision.
- Planning for the expansion of Free School Meals.

### **Key Partners**

The service actively works with our partners to plan, design and deliver improved services for our customers. Our key partners are:

- Alpha Schools (West Lothian) Ltd (PPP1)
- Kajima Partnership Ltd (PPP3)
- Simply Play
- ADES Resources and Personnel Networks
- Corporate Health and Safety
- Land and NETS Services
- Construction Services
- Operational Services – Facilities Management

## Customer Participation

The service will actively engage customers and potential customers in the delivery and re-design of services to ensure that are accessible and focused on their needs and preferences.

### 3.4 WLAM Unit - Customer and Performance

Manager:	Andrew Sneddon
Number of Staff (FTE):	12.7
Location:	Civic Centre

#### Purpose

The Pupil Placement team is responsible for administering pre-school placements, placements at the P1 and S1 stages, and processing wraparound care applications. The outcomes of an officer review and a Citizen Led Inspection have been implemented to increase efficiency and customer focus.

The Customer Care and Support Services Team is managed by the Customer Care Manager, who reports to the Strategic Customer and Information Manager.

The team has responsibility for parental involvement, co-ordinating freedom of information requests and the central complaints service for the education function. It also covers the provision of clothing grants, free school meals, education maintenance allowances and bursaries, the letting of primary schools and halls, internal and external communication and the achievement of customer quality standards.

The Performance Officer is responsible for managing data collection and validation in support of the Scottish Government SCOTXed system and co-ordinating standardised testing. The Performance Officer also supports the education content on the Council performance management system.

#### Activities

The main activities of the service in 2014/15 will be:

- To provide an equitable and responsive service for the placement of pupils at nursery, primary and secondary schools.
- To provide a customer focused service for parent/pupil benefit applications for clothing grants, free school meals, Education Maintenance Allowance and bursaries.
- To provide a responsive customer complaints and Freedom of Information service leading to service improvement.
- To manage analysis and reporting of performance data to the public and internal and external stakeholders, including primary and secondary pupil attainment.
- To establish and support Parent Councils

## **Key Partners**

The service actively works with our partners to plan, design and deliver improved services for our customers. Our key partners are:

- Scottish Government (Education Maintenance Allowance)
- Scottish Parental Involvement Officers Network
- West Lothian Parent Council Forum
- Scottish Government (SCOTXED Data Exchanges)
- SEEMIS (Management Information System)
- Durham University (Adaptive Testing)

## Customer Participation

The service will actively engage customers and potential customers in the delivery and re-design of services to ensure that are accessible and focused on their needs and preferences.

2011/12	5.4													
2012/13	8.3													

<b>Performance Indicator</b>	<b>Complaints: Percentage of Complaints Upheld/Partially Upheld..</b>	<i>EDCUS009_6b.1</i>										
<b>Description</b>	This indicator shows the percentage of complaints received by the central Customer Care Team that are upheld/partially upheld..											
<table border="1"> <caption>Complaints: Percentage of Complaints Upheld/Partially Upheld..</caption> <thead> <tr> <th>Year</th> <th>Value</th> </tr> </thead> <tbody> <tr> <td>2009/10</td> <td>40%</td> </tr> <tr> <td>2010/11</td> <td>40%</td> </tr> <tr> <td>2011/12</td> <td>28%</td> </tr> <tr> <td>2012/13</td> <td>30%</td> </tr> </tbody> </table>	Year	Value	2009/10	40%	2010/11	40%	2011/12	28%	2012/13	30%	<p><b>Trend Chart Commentary</b></p> <p>This indicator shows the % of complaints that are upheld/partially upheld.</p> <p>Although there has been a small increase in session 2012/13 to 30.4%, figures for session 2011/12 (27.9%) showed a marked reduction from the previous session (39.8%).</p> <p>This indicator will be influenced by the inclusion of schools complaints on the council CRM complaints recording system part way through the year 2012/13. For year 2013/14 school complaints will be included for the full year.</p> <p>The target has decreased in response to improved performance over the four year period Target will remain at 30% for 2013/14 and 2014/15.</p>	
Year	Value											
2009/10	40%											
2010/11	40%											
2011/12	28%											
2012/13	30%											

<b>Performance Indicator</b>	<b>Pupil Placement: Cost Per pupil of Pupil Placement Service.</b>	EDPPL020_9a.1c
<b>Description</b>	This indicator shows the cost per pupil of the Pupil Placement Service. This is calculated by dividing the budget of the service by the number of pupils. Measuring cost per pupil of the education services allows comparison of the cost of providing each service.	

Year	Cost (£)
2011/12	11.11
2012/13	9.83
Target (Years)	9.83

**Trend Chart Commentary:**

This indicator shows the cost per pupil of the Pupil Placement Service. This is calculated by dividing the activity budget of the service by the number of pupils. Measuring the cost per pupil of the central education services allows comparison of the cost of providing each part of the service.

Target has decreased in light of planned efficiencies, and will remain at £9.83 for 2013/14 and 2014/15.

<b>Performance Indicator</b>	<b>Pupil Placement: Percentage of P1 and S1 Requests Granted by the School Placement Panel.</b>	EDPPL021_9b.1a
<b>Description</b>	This indicator shows the percentage of P1 and S1 Requests Granted by School Placement Panel	

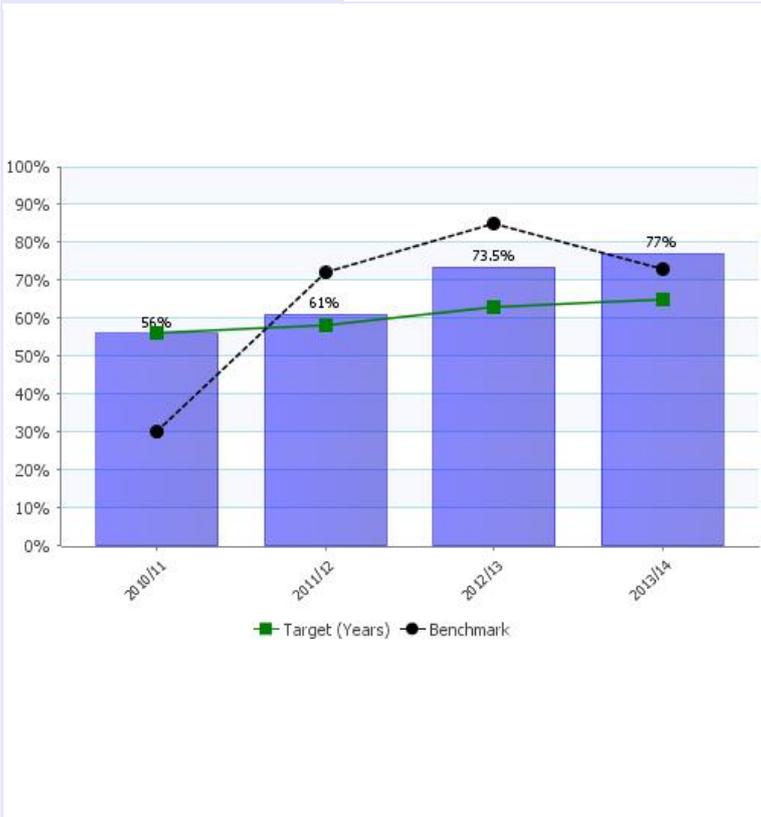

Year	Percentage (%)
2011/12	95%
2012/13	97%
2013/14	97%
Target (Years)	95%

**Trend Chart Commentary:** Performance is influenced by demographics, investment in the school estate and teacher numbers, and movement into and within West Lothian resulting from housing development. A new approach to pupil placement resulted in an increased percentage of pupils being allocated their first choice. For 2012/13 admissions, the school placement panel granted 97% of applicants their first choice. Only 123 applications were refused out of a total of 4276. In 2011/12 198 requests were refused. For 2013/14 admissions 97% of applicants were granted their first choice. Only 127 applications were refused out of a total of 4207. In particular St Margaret's Academy had a high number of applications, resulting in 34 being refused by the School Placement Panel.

Target remains 95% for 2014/15 in recognition of the difficulty of increasing the percentage granted further in light of demographic pressures and financial constraints.

Benchmarking is undertaken with pre-school placement.

<b>Performance Indicator</b>	<b>Pupil Placement: Percentage of Customers Rating Service as Good/Excellent - P1/S1.</b>	<i>EDPPL027_6a.7</i>
<b>Description</b>	This performance indicator measures the number of customers that rated our overall service as good or excellent. Collected in an annual survey, customers are asked to rate the quality of the service provided as excellent, good, adequate, poor or weak. The survey is a random and representative sample of the customers that accessed the service and the results are analysed to identify areas of concern to customers, or areas where improvement can be made.	

**Trend Chart Commentary:**

This indicator was introduced in 2010/11, and so limited historical data is available.

An improvement in satisfaction resulted from a new approach to allocation introduced in 2011/12.

For year 2012/13, the option of 'very good' was removed. In all years, all responses above 'adequate' are included in the figure.

Target had been set as previous year plus 2 percentage points.

Financial restrictions are likely to reduce parental choice, with the consequence that this figure may decrease. The requirement to achieve greater efficiency is likely to result in fewer parents receiving the placement of their choice. This is reflected in a reduced target. Target will remain at 65% for 2014/15 in light of this ongoing requirement.

Despite the impact of these factors satisfaction continued to increase in 2013/14.

A total of 74 parents of children of all ages replied to the 2013/14 survey.

Benchmark is pre-school satisfaction of 73%.

### 3.5 WLAM Unit – Active Schools

Manager:	Paul Stark/Sheila McEwan, Active Schools Manager
Number of Staff (FTE):	12.0
Location:	Civic Centre/Primary and Secondary Schools

#### Purpose

Active Schools is a national network of staff working across Scotland to increase capacity and provide opportunities for children and young people to participate in sport before, during and after school. West Lothian currently employs 12 FTE Active Schools staff across all 11 secondary, 66 primary and 5 ASN schools.

Active Schools work together with organisations and individuals, including PE staff and Sports Development, to provide a wide range of opportunities connected to physical education, school sport and club sport. Active Schools work to increase the number of opportunities available to children by recruiting volunteers, building partnerships with clubs and other organisations to create pathways for pupils to continue in sport once they leave school. The priority areas of work for Active Schools are Volunteers; Extra Curricular Sport; School to Club Links; School Sport; Supporting PE and Sports Development. These areas of work are also an important aspect of West Lothian’s Games Legacy plan for the upcoming Glasgow 2014 Commonwealth Games.

Although Active Schools and Sports Development sit within two different services, they work closely together and have a shared ‘School and Community Sport Plan’ which enables an integrated approach to the planning and delivery of sport across West Lothian.

#### Activities

The main activities of the service in 2014/15 will be:

- To plan, engage, support and recognise a network of volunteers
- To increase the quality and range of extra-curricular sporting opportunities
- To develop and strengthen sporting pathways from school to community
- To motivate and inspire young people to participate in sport by delivering programmes designed to maximise engagement with Glasgow 2014 and the Ryder Cup 2014

## Key Partners

The service actively works with our partners to plan, design and deliver improved services for our customers. Our key partners are:

- **sportscotland**
- Sport and Outdoor Education
- Physical Education Lead Officer (PELO)
- West Lothian College
- Winning Scotland Foundation
- Danceworld West Lothian
- Destination Judo
- Y-Dance
- The Sports Academy of Scotland

## Customer Participation

The service will actively engage customers and potential customers in the delivery and re-design of services to ensure that are accessible and focused on their needs and preferences.

## Performance

<b>Performance Indicator</b>	<b>Active Schools: Number of Distinct Participants</b>	<i>EDAS010_9b.1c</i>				
<b>Description</b>	This indicator shows the total number of distinct primary pupils and secondary students who take part in regular extracurricular sport and physical activity within a school setting. This is a national indicator recorded by <b>sportscotland</b> and so it is important that the Council collects this information.					
<table border="1"> <caption>Active Schools: Number of Distinct Participants</caption> <thead> <tr> <th>Year</th> <th>Value</th> </tr> </thead> <tbody> <tr> <td>2012/13</td> <td>5,123</td> </tr> </tbody> </table>		Year	Value	2012/13	5,123	<p>2012/13 was the first year that distinct participant data has been measured and so no directly comparable historic data is available.</p> <p>Data for 2012/13 indicates that 20% of the total primary and secondary school role in West Lothian progressed from attending curricular to extracurricular sport and physical activity clubs and other opportunities lead and supported by the Active Schools team.</p> <p>No data regarding national levels of performance have been released by <b>sportscotland</b>, although <b>sportscotland</b> are currently consulting on the production of benchmarking information.</p> <p>Target for 2013/14 and 14/15 will be 5,500 distinct participants.</p>
Year	Value					
2012/13	5,123					

<b>Performance Indicator</b>	<b>Active Schools: Number of Sports Clubs With Links to Schools.</b>	<i>EDAS007_9b.1c</i>								
<b>Description</b>	Active Schools provides a pathway for extracurricular participation from school to club. This indicator measures the number of clubs with at least one direct school link which provides this pathway. This is a national indicator set by Sport Scotland and so it is important that the Council collects this information.									
<table border="1"> <caption>Active Schools: Number of Sports Clubs With Links to Schools</caption> <thead> <tr> <th>Year</th> <th>Value</th> </tr> </thead> <tbody> <tr> <td>2010/11</td> <td>9</td> </tr> <tr> <td>2011/12</td> <td>60</td> </tr> <tr> <td>2012/13</td> <td>89</td> </tr> </tbody> </table>		Year	Value	2010/11	9	2011/12	60	2012/13	89	<p><b>Trend Chart Commentary:</b></p> <p>The number of sports clubs with links to schools has increased significantly year on year between 2010/11 and 2012/13 and is above target.</p> <p>Improved club links have been the result in a national change in emphasis for Active Schools from physical activity to sport, providing greater opportunity for engagement with clubs.</p> <p>No data regarding national levels of performance have been released by Sports Scotland, although Sports Scotland is currently consulting on the production of benchmarking information.</p>

2012/13	89									

**Performance Indicator** Active Schools: Cost Per Pupil of Active Schools Services. EDAS001\_9a.1c

**Description** This indicator shows the cost per pupil of delivering Active School services. This is calculated by dividing the net activity budget of the service by the number of primary/special/secondary pupils. Measuring the cost per pupil of the central education services allows comparison of the cost of providing each part of the service against the others.

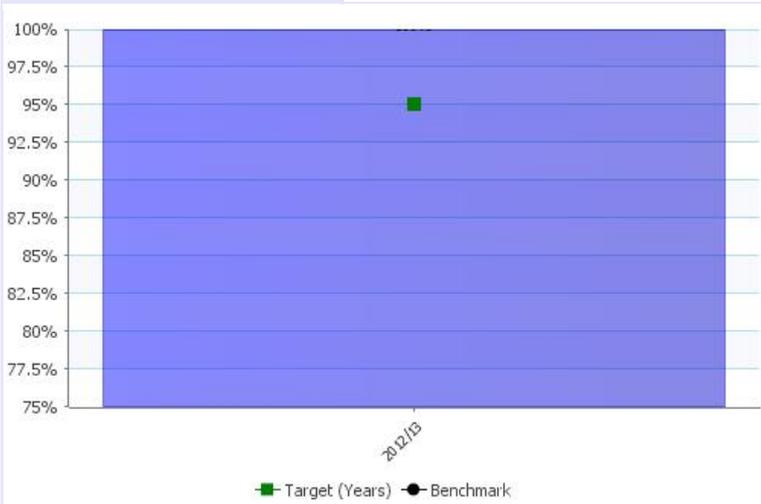

**Trend Chart Commentary:**  
This efficiency target measures the cost of providing Active Schools services within education. Session 2012/13 is the first year that Active Schools were included in the Education budget.

The cost is net of Government Funding, and only measures the Council's contribution to the service provided.

Between 2012/13 and 2013/14 the budget for Active School increased resulting in a higher cost per pupil.

**Performance Indicator** Active Schools: Customer Satisfaction with CPD within the Active Schools Team EDAS009\_6a.7

**Description** This indicator shows the percentage of customers rating the CPD provided by the Active Schools Team as good or excellent. Customers include school based staff (teaching and non-teaching, and PE specialists), Further and Higher Education students, senior students, parents and other members of the community

Customer Satisfaction is at 100%.

This is the first year that satisfaction has been measured using this methodology and so no directly comparable historic data is available.

Previous to this year, customer service standards were included within the wider sport and outdoor education survey for CPD. The target for 2012/13 was 94% of respondents satisfied or very satisfied.

The target is set as 95% reflecting the difficulty of achieving 100% satisfaction. This target will be reviewed in light of developing trend information.

### 3.6 WLAM Unit – Instrumental Music

Manager:	Juliet Hosie, Principal Officer, Instrumental Music Service
Number of Staff (FTE):	28.3
Location:	Civic Centre/Primary and Secondary Schools

#### Purpose

The Instrumental Music Service encourages achievement, enhances and supports the music curriculum within schools and delivers all aspects of Curriculum for Excellence to our young musicians.

The service delivers music tuition in a range of instruments to children and young people in West Lothian. Instructors work across groups of schools, ensuring access to instrumental tuition and extending pupil experience.

The central team is responsible for managing, developing and supporting all aspects of the Instrumental Music Programme on behalf of West Lothian Education Service and for organising and delivering continuous professional development. This ensures that good professional standards are maintained. The team also organises, manages and delivers the West Lothian Schools Area Bands and Ensembles Programme.

The service enhances and supports the music curriculum within schools, meeting the requirements of Curriculum for Excellence. Children and young people also benefit from the opportunity of playing in groups and ensembles and of performing to a wide variety of audiences both within and out with schools. This contributes directly to raising attainment and achievement.

#### Activities

The main activities of the service in 2014/15 will be:

- To deliver instrumental lessons in schools
- To provide performance opportunities and extend the number and range of such opportunities
- To continue the phased implementation of the changes identified in the review of the service
- To support the themed review of school music departments
- To provide high quality in service training and continuous professional development opportunities to meet the needs of individual music instructor staff

- Support pupils, groups and ensembles in gaining success in competitions and awards.

### **Key Partners**

The service actively works with our partners to plan, design and deliver improved services for our customers. Our key partners are:

- Community Arts
- Twinning Associations
- ABRSM (Associated Board of the Royal Schools of Music)
- Trinity Guildhall
- NYCoS (National Youth Choir of Scotland)
- Royal Conservatoire Scotland
- HITS (Heads of Instrumental Teaching Scotland)

## Customer Participation

The service will actively engage customers and potential customers in the delivery and re-design of services to ensure that are accessible and focused on their needs and preferences.
