ONLINE FEEDBACK PROVIDED	Date received: 12 th July 2024			
	Total cost of work: Not provided.			
	Description of work: Total house rewire, relocation of sockets etc. ,outside sockets installed, outside lights installed.			
	Comments: Very happy with work carried out, very professional but friendly service. Colin and Eilidh provided estimate and time frame for work to be carried out. They gave us advice as to what we might need and where things might be placed. We are very happy with the work carried out, advice given, and the end result. A full house rewire with extra sockets, lights etc. We would definitely recommend Clan Electrical.

ONLINE FEEDBACK PROVIDED	Date received: 4 th June 2024			
	Total cost of work: £1211.61			
	Description of work: Installation of two external meter cabinets on semi-detached properties and internal connections to RCD boards in preparation of moving electricity supply from overhead to underground. Then subsequent connection of new electricity supply.			
	Comments: Colin and Eilidh were wonderful throughout the entire process - they were efficient with clear communication and quick responses when needed, especially as we were working in conjunction with the DNO and it required several visits. Wouldn't hesitate to use Clan Electrical again and would definitely recommend their services.

ONLINE FEEDBACK PROVIDED	Date received: 12 th February 2024			
	Total cost of work: £171.92			
	Description of work: Sourced new bathroom spotlights and kitchen fan. Replaced old bathroom spotlights and kitchen wall fan. Also replaced wall double gang socket for the bathroom.			
	Comments: Colin from Clan Electrical attended property. Replaced wall socket and returned later to replace bathroom spotlights and a wall fan in the kitchen. A great job done with the minimum of ease and carried out to a high standard. Colin has been to our property in the past to install outside door lights and to install smoke alarms and heat detector. A great electrician which we highly recommend for his work, advice and friendly nature.

ONLINE FEEDBACK PROVIDED	Date received: 22 nd January 2024			
	Total cost of work: £730			
	Description of work: New fuse board, testing or rings and sorting cross overs in wiring.			
	Comments: We were quoted £4-7k for a re wire from 4 other companies. Clan came in and ran a series of tests and gave us a certificate which pointed out all the issues requiring fixing. They never pushed us for a re-wiring as it wasn't needed so the costs were hugely different and came in at £730. When you buy a new house a company like clan are a breath of fresh air, they tell you what needs done rather than tell you you need everything.

ONLINE FEEDBACK PROVIDED	Date received: 20 th December 2023			
	Total cost of work: £214			
Customer Ratings (Out of 10)	Description of work: Additional indoor sockets, changing several sockets to incorporate USB and installation of outside socket			
	Comments: Found details for Clan Electrical on West Lothian Council Trusted Trader Website. Reviews were very good so decided to contact them for a quote, which I found acceptable. Colin was very professional and left no mess. We were delighted with the work carried and have arranged for Colin to come back at a later date to install some outdoor lighting. The only downside is that Colin is booked up well in advance although that tells you how good he is and offers great value for money!
