ONLINE FEEDBACK PROVIDED	Date received: 9 <sup>th</sup> September 2024			
	Total cost of work: Not provided.			
Customer Ratings (Out of 10)	Description of work: Carried out an inspection of all electrics installed by a previous electrician during a full house renovation in order to issue minor electrical installation works certificate. As a result of the inspection replaced a large number of downlighters that did not meet the required standards and increased the capacity of the fuse box. Did a couple of extra jobs - installed a new double socket and rearrange the wiring for the bathroom light switches.			
	Comments: Colin & Eilidh were a joy to work with. Always responded promptly, turned up as arranged and took the stress away from me in trying to get our original contractor to finish off the job.

ONLINE FEEDBACK PROVIDED	Date received: 23 <sup>rd</sup> August 2024			
	Total cost of work: £200			
	Description of work: Replace 8 downlights and air vent with LED lighting in bathroom and en-suite shower room. Some existing downlights did not work and were quite old using high energy with transformers. Decided to switch to LED lighting.			
	Comments: Assessment of work required was done quickly and thoroughly by Colin. I was given options for the work required and given date for the work to be completed. Colin arrived at agreed time, keeping me advised of arrival. The work was carried out efficiently and work areas left clean. Really happy with work done.

ONLINE FEEDBACK PROVIDED	Date received: 22 <sup>nd</sup> January 2024			
	Total cost of work: £730			
	Description of work: New fuse board, testing or rings and sorting cross overs in wiring.			
	Comments: We were quoted £4-7k for a re wire from 4 other companies. Clan came in and ran a series of tests and gave us a certificate which pointed out all the issues requiring fixing. They never pushed us for a re-wiring as it wasn't needed so the costs were hugely different and came in at £730. When you buy a new house a company like clan are a breath of fresh air, they tell you what needs done rather than tell you you need everything.

ONLINE FEEDBACK PROVIDED

Date received: 20<sup>th</sup> December 2023

Total cost of work: £214

Description of work: Additional indoor sockets, changing several sockets to incorporate USB and installation of outside socket

Comments: Found details for Clan Electrical on West Lothian Council Trusted Trader Website. Reviews were very good so decided to contact them for a quote, which I found acceptable. Colin was very professional and left no mess. We were delighted with the work carried and have arranged for Colin to come back at a later date to install some outdoor lighting. The only downside is that Colin is booked up well in advance although that tells you how good he is and offers great value for money!
