

Policy: Secondary School Admission - Policy and Procedure

Author: Andrew Sneddon
Service: Pupil Placement

Last Updated: July 2012

1 BACKGROUND

1.1 Catchment areas

1.1.1 West Lothian is divided into catchment areas for primary and secondary schools. Each school is either denominational (linked to a particular religion) or non-denominational (not linked to any particular religion).

1.1.2 Each home address has a catchment denominational school and a catchment non-denominational school, for both primary and secondary education. Although the Council aims to provide enough places for all children in the catchment area at a catchment school, living within a catchment area does not guarantee a child a place at a catchment school.

1.2 Associated schools

1.2.1 Each secondary school is associated with a number of primary schools to form a cluster. The catchment area of the secondary school is made up of the catchment areas of the associated primary schools. There are nine non-denominational clusters of associated schools and two denominational clusters of associated schools in West Lothian, one cluster for each secondary school. Children in attendance at a primary school will be given priority for admission to the associated secondary school. Although the Council aims to provide enough places for all children attending primary schools to transfer to the associated secondary school, attendance at a primary school does not guarantee a child a place at the associated secondary school.

1.3 Denominational schools

1.3.1 All the denominational schools in West Lothian are Roman Catholic. Baptised Roman Catholic children will be given priority for admission to Roman Catholic schools. Parents who want their child to be admitted to a Roman Catholic school should notify the Council if their child is a baptised Roman Catholic, is being baptised or is being prepared for first communion. Evidence of this must be supplied, usually in the form of a baptism certificate. Although the Council aims to provide enough places for all baptised Roman Catholic children to attend a Roman Catholic secondary school, baptism does not guarantee a child a place at a particular Roman Catholic secondary school.

1.4 Choice of school

1.4.1 Parents can request a school other than one of their catchment schools. Parents can request that their child go to any secondary school in West Lothian regardless of their religion. The council must grant these 'placing requests' unless there is a legal reason not to.

1.5 Oversubscribed schools

- 1.5.1 A number of schools in West Lothian are often oversubscribed, including at the S1 stage. That means these schools receive more applications than there are places available. Places are limited by factors including the availability of accommodation, the cost of extending accommodation, and the cost of employing additional staff. For this reason, it is not always possible to offer parents their first choice of school.

1.6 Reserved places

- 1.6.1 The council will reserve places for children moving into each school's catchment area during the school year, if there are places available after all catchment children have been admitted. The number of places reserved will depend on the number of children at each stage at the school. The Council aims to reserve the following number of places at each stage in each secondary school:-

Stage total	Places to reserve
240	6
220	5
200	4
180	3

- 1.6.2 The Council can change the number of places reserved due to particular circumstances. For example, if an unusually large number of houses are planned or being built in a particular catchment area, additional places may be reserved at all stages in that school.

2 THE APPLICATION PROCEDURE

2.1 Transferring from primary school to secondary school

- 2.1.1 All children in P7 at West Lothian Council primary schools will be given a secondary school application pack in November or December. Parents must fill in and return the application form which is in the application pack.
- 2.1.2 West Lothian children who are not attending West Lothian Council primary schools can request a secondary school application pack from Pupil Placement. Pupil Placement may send a secondary school application pack to any children of whom the Council is aware.
- 2.1.3 **Parents should include all the information that they think is important in the application form.** Information is treated confidentially. Parents should not wait until they find out that they have been refused their first choice school before providing all relevant information.
- 2.1.4 Application forms should be returned to Pupil Placement at the address on the form by 31 December. Application forms and additional information received after this date will be considered, but places will be limited as placement decisions will have been made by the School Placement Panel. Placement decisions may be made any time after 15 March. Return of forms by 31 December is important to enable the Council to see the overall pattern of applications and plan accordingly.

- 2.1.5 Pupil Placement will always send parents an acknowledgement letter once they receive the S1 application, or any additional information. If a letter is not received within 5 working days, parents should contact Pupil Placement.
- 2.1.6 If the chosen school is not a catchment school, parents will be informed in the acknowledgement letter from Pupil Placement of the Scottish Government booklet called 'Choosing a School – A Guide for Parents'. This booklet is also available from the Scottish Government website, although Pupil Placement can provide a paper copy on request. This booklet is also available in several languages.
- 2.1.7 The application form allows parent to make three choices of school. The second and third choices will be considered if the first choice school cannot be granted. Only the first choice will be treated as a 'placing request'.
- 2.1.8 If parents do not return an application form for a S1 place by 15 March, the Council will assume that the parent wants the child to transfer to one of the catchment secondary schools. This will be assumed even if the child attends a non-catchment primary school. If the child is attending a non-denominational primary school, the Council will assume that the parent wants the child to transfer to the catchment non-denominational school. If the child is attending a denominational primary school, the Council will assume that the parent wants the child to transfer to the catchment denominational school.
- 2.1.9 If parents do not return an application form for a place at secondary school, the School Placement Panel will be unable to consider information that may increase the chances of a child being allocated their first choice school.
- 2.1.10 If parents do not return an application form for a place at secondary school, and their circumstances have changed, for example a change of address out of a catchment area of which the Council has not been notified, a place may be withdrawn when this information comes to light.

2.2 Places in S1 to S6

2.2.1 Applications during the school year

Secondary schools deal with all applications for places in S1 to S6 during the school year. To apply, parents should ask the head teacher of the chosen school for an application form, fill it in, and return it to the chosen school.

2.2.2 Applications during the school holidays

Pupil Placement will receive all applications for places in S1 to S6 during school holidays. To apply, parents should ask Pupil Placement for an application form, fill it in, and return it to Pupil Placement, who will pass the form to the first choice school at the start of the next term.

2.2.3 Subject choice

If a child is transferring from one secondary school to another, parents should provide details of the subjects that the child has studied, particularly at stages S3 and above. It may not be possible to match all subjects previously studied at the chosen school and children may need to choose new subjects if they attend that school. Alternatively, a school providing particular subjects may be chosen. At S4-S6 there are opportunities to travel to other schools in order to access particular subjects.

2.3 Application procedure – general information

2.3.1 Multiple applications

If more than one application for a child is received, only the most recent will be considered.

2.3.2 Children moving within and into West Lothian

Parents may plan to move into West Lothian or within West Lothian, and the distance to the chosen school may be such that they cannot reasonably ensure that their children can attend the school from their current address. In these circumstances it is not possible to request that a place is kept for them at the chosen school until the child is in a position to attend. Places cannot usually be kept for longer than two weeks (not including school holidays).

2.3.3 Proof of address, age and baptism.

Pupil placement may ask for proof of address, or for a copy of the birth certificate or certificate of baptism to be submitted. In the case of applications made to the chosen secondary school, the school may ask for proof of address, or for a copy of the birth certificate or certificate of baptism taken to the school.

2.3.4 Change of circumstances

If a child's circumstances change (for example, their address) after submitting the application form, parents must inform Pupil Placement in writing as soon as possible. If the application has been made to the chosen school, the school must be informed in writing as soon as possible.

2.3.5 Withdrawal of place

Once a child has been offered a place, the offer will not be withdrawn unless false information has been provided, or information is deliberately withheld.

3 THE DECISION MAKING PROCEDURE

3.1 Decisions for S1

3.1.1 If there are enough places at the chosen school, all applications will be granted by the School Placement Panel. The School Placement Panel is made up of senior officers of the Council.

3.1.2 If there are more applications for S1 than there are places available at a school, the School Placement Panel will allocate the available places. The

School Placement Panel may grant some applications and ask for further information to allow it to consider others at a later date. Parents will not be invited to attend the School Placement Panel.

3.1.3 The School Placement Panel will take account of all the information provided in the application form. **Parents should include all the information that they think is important in the application form.**

3.1.4 The School Placement Panel will use the placing in schools guidelines set out in appendix 1 to make placement decisions. These guidelines have been agreed by the Education Executive. The Council has discretion to admit a pupil to any

school in special circumstances as determined by the Council. The factors in the guidelines are not in priority order, but when making its decision the School Placement Panel will decide how to prioritise these factors, taking account of all information provided by applicants, and the overall pattern of applications across West Lothian.

3.1.4 Pupil Placement will send parents a letter with the decision by the end of April.

3.2 Decisions for S1 after the School Placement Panel has met

Applications for S1 places received after the School Placement Panel has met will be decided using the delegated authority of the Head of Service (Education). Pupil Placement will send parents a letter with the decision.

3.3 Decisions for S1 after the term has started and for S2 to S6

Applications for places in S1 after the term has started and for other year groups will be decided by the Head Teacher. The chosen school will send parents a letter with the decision.

3.4 Decisions during school holidays

Applications for places during school holidays will be decided by the Head Teacher at the start of term. The chosen school or Pupil Placement will send parents a letter with the decision.

4 IF A PLACE IS REFUSED

4.1 Grounds of Refusal

If the council refuses an application to a secondary school, it must give a reason why, that complies with education law. This is the legal 'ground of refusal'. The main reasons, or 'grounds of refusal', are:-

- Admitting the child would require the employment of an additional teacher
- Admitting the child would require spending a lot of money, for example on providing an additional classroom.
- Admitting the child would be seriously detrimental to other pupils' education.
- Admitting the child would prevent the council reserving a place at the school for a child likely to move into the catchment area of the school.
- Admitting the child would mean that the capacity of the school would be exceeded in terms of pupil numbers.

4.2 Alternative Placement

If the council refuses an application to a secondary school, a place will normally be offered at an alternative school. This may be the second or third choice school, or a catchment school. Only the first choice will be treated as a 'placing request'.

4.3 Waiting lists

4.3.1 A waiting list will be formed for each secondary school where applications have been refused, and all children refused will be placed on the waiting list. A child can only be on the waiting list of the first-choice school. All waiting lists are prioritised in line with the placing in schools guidelines and decisions made by the School Placement Panel. A child's position in a waiting list can change, for example due to a change of address, or following baptism. A child can move down the waiting list as well as up, for example if someone with a higher priority applies. The length of time a child has been on a waiting list does not give any priority.

4.2.2 Pupil Placement will manage the waiting lists for S1 admissions until the second week of the autumn school term. The Head Teacher of each school will manage waiting lists after this time.

4.2.3 Waiting lists will last for a maximum of one school session. If you want your child to remain on a waiting list for the next school session, you must contact the school. The school may contact you during the session to ask if you want to remain on the waiting list.

4.2.3 Pupil Placement or the secondary school will contact parents if a place becomes available.

4.4 Right of Appeal

4.4.1 If the council refuses an application to a secondary school there is a right of appeal. The right of appeal only applies to the first choice school. Appeals are heard by the West Lothian (Placing in Schools) Appeals Committee. This committee is independent of West Lothian Council. The letter informing parents of refusal of their application will explain how to make an appeal.

4.4.2 The West Lothian (Placing in Schools) Appeals Committee hears cases, considers written and oral evidence and makes decisions. This is a formal legal process.

4.4.3 Parents then have the right to appeal to a Sheriff Court if the Appeals Committee does not decide in their favour.

4.4.4. Parents can appeal to the West Lothian (Placing in Schools) Appeal Committee if:-

- they do not receive a decision on an application for S1 by 30 April, when the application was submitted before 15 March, or
- they do not receive a decision on an application for S1 submitted after 15 March, or an application for any other stage, within two months of receipt of the application.

5 ADDITIONAL INFORMATION

5.1 Schools and school handbooks

5.1.1 Details of secondary schools in West Lothian are included in the Secondary ***School Admission – Guidance Note***.

5.1.2 Handbooks which give useful information about a school are available from each secondary school. The Head Teacher will supply a copy on request.

5.2 School transport

- 5.2.1 Parents are responsible for getting their children to and from school. The council will arrange suitable transport free of charge if:
- a pupil at a catchment school does not have a suitable walking route from home to school or lives more than two miles away from the school by a suitable walking route; or
 - the council asks a pupil to go to a non-catchment area school and the pupil lives outwith the above distance. (This could happen if a place is not available for the pupil at a catchment school.)
- 5.2.2 The council will not provide transport if parents choose to send their child to a non-catchment school.
- 5.2.3 More information, including a booklet called 'School Transport – A Guide for Parents and Pupils' can be obtained from the Public Transport Team.

5.3 Children who need additional support for learning

West Lothian Education Service is committed to meeting the needs of all learners through the careful planning and monitoring of learning progress. It is recognised that the needs of the majority of West Lothian's children and young people will be met as a result of the delivery of high quality teaching and learning through the Curriculum for Excellence.

For those children and young people who require additional support in order to fulfil their learning potential, a Continuum of Support framework is in place in West Lothian to ensure that their needs are understood and supported effectively.

The educational needs of most pupils with additional supports needs can be met within a mainstream setting, and so parents should follow this policy and apply for a mainstream school place.

If you intend to make a placing request for specialist provision, please do so in writing to the Education Placement Group.

Parents of children who have been attending a specialist provision in a previous Authority, should contact West Lothian Educational Psychology Service when a moving date and a West Lothian address can be confirmed. The Educational Psychology Service will ask for permission to contact the previous Authority and other relevant agencies for background information and may carry out its own assessment in order to make recommendations for the most appropriate school placement within West Lothian. All information gathered will be shared with the relevant planning group which will make a decision about the school placement.

5.4 Looked after children

In line with legislation, the Council has additional responsibilities for children who are 'looked after'. A child is 'looked after' if the child is cared for, either at home or away from home, as a result of the decision of a court or a children's hearing, or as a result of a voluntary agreement between the parent and the Council's Social Work Department.

5.5 Customer satisfaction

The Council welcomes and values the views of parents on the service received. If parents have any views on the service they should contact Pupil Placement. Each school year, Pupil Placement may also ask a few parents to fill in a short questionnaire on their service.

Appendix 1

Placing in schools - guidelines

In considering placing requests the Council takes into account the following:

- the design capacity of the school and the accommodation resources at the school
- the appropriate normal maximum class size as defined in the Conditions of Service for Teaching Staff which form part of the Council's contract of employment with an individual teacher.
- the need to maintain quality education provision within existing resources

If the preferred school has more applications than places, the following will be considered:

- those pupils living within the catchment area of the requested school will have priority over those pupils living outwith that catchment area
- in the case of pupils living outwith the catchment area of the requested school, pupils resident within West Lothian will have priority over those pupils living outwith West Lothian
- in the case of a Roman Catholic school where applications from those living within the catchment area exceed the number of places available, priority will be given to those pupils who have been baptised into the Roman Catholic Church.
- special medical and/or physical needs
- special educational needs
- brother or sister continuing to attend the school requested
- education course available only at the school requested
- nearness of home to school by non-hazardous walking route
- length of attendance at an associated primary school (Infant to Primary School Transfer and S1 requests)
- information provided by parent or guardian

The above are not in any priority order. It should be noted that the Council has discretion to admit a pupil to any school in special circumstances as determined by the Council.
