Curriculum Rationale

All schools should consistently revisit the curriculum rationale that takes account of the most recent national and local guidance. **Refreshed curriculum rationales should reflect the local authority commitment to Agile Learning approaches prioritising authentic fulfilment of the four capacities and contexts for learning, within the Refreshed Narrative. See link below to the ‘Resources to support the refreshed CfE Narrative’.**

Contextual Data Analysis and Rationale for 2023/24 School Improvement Plan

Background - The context for the learners in your school

The Senior Leadership Team includes an Acting Head Teacher, two Acting Depute Head Teacher and one Acting Principal Teacher who are all committed to demonstrating the school values and achieving the school's vision and aims. During the past session there has been a continued focus on health and wellbeing and on building and sustaining an inclusive ethos within the school. Within our school community, 18.91% of our learners live in Quintile 1 according to the Scottish Index of Multiple Deprivation (SIMD). Our SIMD rank is 26 out of 68 WL schools with the majority of pupils living in decile 3 and 4 (50.72%), 27.70% of learners (P4-P7) receive free school meals and 36.96% receive a clothing grant. This goes in the context session above. Other core features of the school improvement work have included development of the IDL curriculum to enhance agile approaches to effective learning, teaching and assessment. The school has a clear understanding of its strengths and areas for improvement.

Data to identify the universal and targeted school Improvement Plan Priorities (SIP)

The health and wellbeing profile of our school is good with most children reporting positively across each of the wellbeing indicators. In each of the wellbeing indicators there are a few children who have identified areas in which they require support and these will be addressed individually. The Pupil Ethos Survey highlighted that most (88.89%) of our pupils feel safe at school and almost all (91.98%) state that staff treat them fairly and with respect. A number of identified children experience gaps for a variety of reasons which impact on their learning and attainment. Our target groups will include identified children who experience barriers in literacy, numeracy and health and wellbeing. The barriers to learning here are varied and include confidence, mental, social and emotional wellbeing and decreasing attendance resulting in periods of missed education. 3.44% of pupils in our school have a diagnosis of Autism Spectrum Disorder (ASD), 0.57% have been identified as dyslexic and 3.72% have English as an additional language. Attendance is just below the West Lothian average of 91.63%. Our data shows that by the end of P1, P4 and P7 most children attain the appropriate CfE levels in literacy and numeracy. Attainment data shows that most children in P1, P4 and P7 are achieving in line with the school's benchmarking group. Our data shows we are making incremental progress in Literacy and Numeracy at most stages.

	Reading	Writing	L & T	Combined Literacy	Numeracy	Mathematics
	2022-2023	2022-2023	2022-2023	2022-2023	2022-2023	2022-2023
P1	80.39%	76.47%	90.20%	76.47%	80.39%	84.31%
P2	79.17%	79.17%	91.67%	77.08%	75.00%	83.33%
P3	79.49%	74.36%	89.74%	71.79%	74.36%	87.18%
P4	81.03%	74.14%	94.83%	74.14%	82.76%	86.21%
P5	69.23%	63.46%	82.69%	63.46%	69.23%	80.77%
P6	83.67%	79.59%	87.76%	79.59%	79.59%	79.59%
P7	92.73%	87.27%	94.55%	85.45%	92.73%	94.55%

This year (2023-2024) we will focus on improved attainment in Literacy and Numeracy across the school but with particular focus on the following:-

- ✚ Writing at 1st Level & 1st Level Numeracy
- ✚ P6 (2023-24) All aspect of literacy & Numeracy
- ✚ P7 (2023-24) Writing, combined literacy & Numeracy

Early Years Trackers

Almost all N5 have achieved all key aspects of learning in HWB by May 2023. Almost all N5 pupils can persevere and complete tasks, can stay engaged in play activities, display a range of fine and gross motor skills, are independent in a range of personal care routines e.g. can dress themselves and can form friendships with their peers. The majority of N5 pupils can recognise their name, some letters and words and can recall and retell in sequence a story that they have heard and are able to mark make displaying increasing detail and can express meaning related to this. Most N5 pupils can talk clearly and use grammar correctly, can listen to others and take turns to talk, can understand and use an increasing vocabulary, can understand and use a range of questions and respond appropriately and can introduce a storyline into their play. The majority of N5 pupils can recite forward and backward number sequences from zero to at least ten, can read numerals zero to at least ten, can copy and repeat a complex pattern, can understand positional language (e.g. in front, behind, under, beside, in, on top of) and can match, sort using their own criteria and others' criteria sharing their ideas with others. The majority of N4 pupils can confidently cope with everyday/new situations, can persevere and complete tasks, can understand the expectations of behaviour and can follow rules, can stay engaged in play activities and can share and cooperate with others.

Wellbeing Data

Our most recent self-reported wellbeing data has provided an insight into how learners feel about their wellbeing. In session 2023-24 our main pupil focus will to increase the learner's perspective on Achieving and Respected. This is reflected in the main priorities of the School Improvement Plan through the work we will do around UNCRC

	Safe positive response	Healthy positive response	Achieving positive response	Nurtured positive response	Active positive response	Respected positive response	Responsible positive response	Included positive response
2021-2022	86.15%	78.39%	88.37%	88.37%	83.93%	78.95%	80.61%	80.33%
2022-2023	86.08%	81.25%	80.97%	88.35%	84.09%	76.42%	84.66%	82.10%

Engagement & Participation

Across the school, our levels of engagement and participation are good. However, as a school, we now need to consider how we can move beyond surface level engagement and to explore how we can use creative pedagogy approaches and a variety of learning environments to challenge learners and deeply engage them in their thinking. This has been explored through The Big Question approach for whole school thinking and Interdisciplinary Learning. By continuing with this style of learning we will give learners the autonomy to lead their own learning, be creative and curious about the world around them.

What are our improvement priorities?

- Promote and increase daily pupil attendance and reduce lateness throughout the school year.
- Promote staff morale and team building
- Continue to develop, acknowledge and plan children's rights into the core ethos of the school with a coordinated approach with partners and a commitment to meaningful empowerment and participation of children and young people in their education.
- Embed Zones of Regulation in P1-P7 and introduce into the ELC
- Review and develop a quality assessment approach which can be transferred across BGE
- Prioritise the development of quality differentiation within the classroom ensuring equitable learning experiences for all
- Continue to raise attainment in Literacy and Numeracy
- Promote positive mental and emotional wellbeing by providing information and support and create a shared understanding of all aspects of mental health.
- Ensure learners have a voice to direct their own learning across the curriculum
