

# Endo Warriors WL

are proud to support

## MARCH in March

in aid of

### EXPPECT

EXCELLENCE IN PELVIC PAIN AND  
ENDOMETRIOSIS CARE AND TREATMENT

March is **Endometriosis Awareness Month** and aims to increase awareness of this debilitating condition, which currently affects around 1 in 10 women.

**Please help raise awareness  
- and money in aid of EXPPECT -  
by taking part in #MarchInMarch.**

This virtual walking challenge will see you commit to walking either 31 miles or 31 kilometres in March 2020.

As it's a virtual challenge, there's no entry fee and you aren't tied to a specific day or location – in fact you have the whole of March to complete your challenge!

**Endo Warriors WL** are delighted to continue our support of EXPPECT by taking part in March In March.

On behalf of everyone living with endometriosis, we encourage you to sign up today at

**<https://edin.ac/march>**
