SUPPLEMENTARY GUIDANCE

**(SG) – RENEWABLES & LOW CARBON ENERGY DEVELOPMENT (EXCLUDING WIND ENERGY)
THE ENVIRONMENTAL ASSESSMENT (SCOTLAND) ACT 2005**

SCREENING DETERMINATION UNDER SECTION 8(1)

West Lothian Council has determined on 18 June 2021, in consultation with Historic Environment Scotland, the Scottish Environment Protection Agency and NatureScot, that Supplementary Guidance 'Renewables & Low Carbon Energy Development (Excluding Wind Energy)' is unlikely to have significant environmental effects when considered in relation to the criteria set out under Schedule 2 of the Act. It has therefore been concluded that Strategic Environmental Assessment (SEA) is not required. No environmental report will be prepared alongside the Supplementary Guidance relating to 'Renewables & Low Carbon Energy Development (Excluding Wind Energy)'.

Copies of the Screening Determination and the reasons for this conclusion are contained within the Screening Report which can be viewed at www.westlothian.gov.uk. Documents can also be requested by emailing wlldp@westlothian.gov.uk
