

APPLICATION AND STOCK INFORMATION

PRODUCED BY HOUSING CUSTOMER & BUILDING SERVICES

Customers can now access their existing applications or register their new applications online via our self service portal. Just go to <https://www.westlothian.gov.uk/tenants-selfservice> and choose 'Application' from the menu at the top. You can view your current choices and update your current housing circumstances as and when they change.

When you update your application online it will move into a suspended status for the attention of our allocations team. They will then review the changes to see if your points will change and then confirm the changes making the application live again.

The information in this document is provided to help applicants understand the demand and capacity of our housing. There are many thousands of applicants seeking to be housed with us with many different kinds of households and needs.

Some of the information will contain 'double counts'. Because applicants can choose multiple areas, property types and bedroom sizes they will be included more than once when we count them. Tables that include application information will have this and tables that look at stock information will not.

Sometimes there might not be information for parts of this report. If there are no results at all the table will still be shown but only as a set of headings.

This information was correct on the day the information was taken from our housing management system but will be subject to change.
