

# ESOL PARENTS IN EMPLOYMENT

Our team of experienced ESOL (English for speakers of other languages) tutors can support parents in developing skills to look and apply for work. The course encourages participants to use and develop reading, writing, listening and speaking skills in a variety of situations connected to employment.

This 3-month course starts on the 17th January, 2 days per week within school hours and term dates.

Along with the course, participants will benefit from dedicated 1-1 support from our Parental Employment Advisers to reach employment goals.

The course will be flexible as we want to prioritise the learner's needs.
