Dear Consultee

West Lothian Council has a statutory obligation to adopt a whole school approach even when consulting on a proposal that only makes minor adjustments to catchment boundaries.

The proposal only affects 7 existing residential properties around the B7015 north of Gavieside and does not affect any children currently in education in West Lothian.

The principal aim of the proposal is to address the demands of future housing development at Gavieside and ensure the best use of existing and future school capacities in West Lothian.

Proposal to Review Admission Arrangements arising from School Catchment Area Variations at St Mary's Primary School Polbeth, Our Lady of Lourdes Primary School and St Ninian's Primary School.

West Lothian Council's Education Executive at its meeting on 10 September 2019 authorised West Lothian Council's Education Services to commence statutory consultation on the proposals to review and amend the current non-denominational catchment areas of St Mary's Primary School Polbeth, Our Lady of Lourdes Primary School and St Ninian's Primary School.

The consultation document outlining the proposal is available online on the following webpage:

SECTION ONE

This section introduces the reason for the consultation. It provides information about why West Lothian Council is proposing to review admission arrangements as a result of alteration to the denominational primary school catchment areas of St Mary's Primary School Polbeth, Our Lady of Lourdes Primary School and St Ninian's Primary School.

1.1 PURPOSE OF THE DOCUMENT

The purpose of this document is to advise:

1. West Lothian Council's proposals to review admission arrangements as a result of alteration to the denominational primary school catchment areas of:
 - I. St Mary's Primary School Polbeth
 - II. Our Lady of Lourdes Primary School
 - III. St Ninian's Primary School
2. The educational benefits of the proposals and how they will make things better; and
3. Information on how you can give your views and take part in the consultation process.

West Lothian Council believes that thorough and effective consultation will support better outcomes for pupils, their families and the wider community as a whole.

Public consultations are necessary when a local authority is proposing to make a change to the school estate in this instance, amendment to school catchment areas. To carry out a public consultation the Council requires to follow the statutory guidance outlined in the Schools (Consultation) (Scotland) Act 2010. With this in mind this document is organised into three sections:

Section 1 of this document introduces the proposals and gives background and rationale.

Section 2 contains the educational benefits statement and provides an assessment of the effects of the proposals on the children/young people and their families of the affected schools.

Section 3 details how West Lothian Council has organised the consultation process to meet the requirements of the legislation and how you can take part and give your views.

1.2. BACKGROUND

The West Lothian Local Development Plan was approved in September 2018.

Within the Local Development Plan Gavieside is a major development with over 2,000 new dwellings planned. At present, almost the site is split between Our Lady of Lourdes Primary School and St Mary's Primary School Polbeth catchment areas for denominational primary schooling.

In recognition of the West Lothian Local Development Plan, West Lothian Council has an obligation to address school capacities within the denominational primary school education sector. Doing so will offer opportunity to better match allocated housing developments to existing and future primary school capacities.

The figures detailed below show capacities and forecast school rolls at the denominational primary schools for St Mary's Primary School Polbeth, Our Lady of Lourdes Primary School and St Ninian's Primary School.

School Roll Forecast from the 2018 Based Forecasts

School	Capacity	2018-19	2019-20	2020-21	2021-22	2022-23	2023-24	2024-25	2025-26	2026-27	2027-28	2028-29
St Mary's Primary School Polbeth	252	133	170	173	183	189	197	205	209	207	202	196
Our Lady of Lourdes Primary School	171	153	150	158	156	155	159	159	150	153	148	150
St Ninian's Primary School	387	268	269	266	264	273	269	272	266	263	258	257

West Lothian Council note that said capacities are not well matched to the allocated Local Development Plan sites. Adopting the proposed approach detailed in Section 1.3 of this report offers a feasible solution that alleviates potential capacity issues.

1.3. SUMMARY OF PROPOSALS

The principal aim of the proposal is to address the demands of future housing developments and ensure the best use of existing and future school capacities in West Lothian denominational primary school catchment areas.

West Lothian Council propose to review admission arrangements as a result of alteration to the current denominational primary school catchment areas of:

- Proposal 1 – St Mary's Primary School Polbeth
- Proposal 2 – Our Lady of Lourdes Primary School
- Proposal 3 – St Ninian's Primary School

Details of proposed school catchment area realignment are explained in sections (1.3.1) – (1.3.4) of this report with area maps attached as appendices.

1.3.1 PROPOSED CHANGE OF CATCHMENT AREA FROM OUR LADY OF LOURDES PRIMARY SCHOOL TO ST MARY'S PRIMARY SCHOOL POLBETH

An area of Our Lady of Lourdes Primary School catchment north of the B7015 and south of the River Almond is proposed to transfer from Our Lady of Lourdes Primary School catchment to St Mary's Primary School Polbeth catchment area. There are 7 existing residential properties in this area with no children in education in West Lothian.

1.3.2 PROPOSED CHANGE OF CATCHMENT AREA FROM ST NINIAN'S PRIMARY SCHOOL TO ST MARY'S PRIMARY SCHOOL POLBETH

It is proposed to transfer a small area of St Ninian's Primary School catchment to St Mary's Primary School Polbeth catchment area. This will allow the catchments to follow the Killandean Burn. No residential properties are affected by this particular proposal.

1.3.3 PROPOSED CHANGE OF CATCHMENT AREA FROM ST MARY'S PRIMARY SCHOOL POLBETH TO ST NINIAN'S PRIMARY SCHOOL

It is proposed to transfer a small area of St Mary's Primary School Polbeth catchment to St Ninian's Primary School catchment area. This will allow the catchments to follow the Killandean Burn. No residential properties are affected by this particular proposal.

1.3.4 DENOMINATIONAL SECONDARY SCHOOL CATCHMENT AREAS

Each denominational secondary school in West Lothian has a defined catchment area which consists of combined associated primary school catchment.

Primary to secondary school alignment for the denominational primary schools detailed in this report are as follows:

- St Mary's Primary School Polbeth – St Kentigern's Academy
- Our Lady of Lourdes Primary School – St Kentigern's Academy
- St Ninian's Primary School – St Margaret's Academy

Further to proposed amendments to primary school catchments as detailed in sections (1.3.1) – (1.3.3) of this report it is further proposed to associate each of the identified area changes to the designated secondary school to ensure all secondary school catchments align with primary school catchments.

Maps of the proposed alterations can be found here:

<https://coins.westlothian.gov.uk/coins/submissiondocuments.asp?submissionid=43584>

SECTION TWO

This section provides information on the Integrated Impact Assessment (IIA) conducted by Council officers to meet statutory equality duties, to assess policies and practices and ensure compliance with all legislative requirements

INTEGRATED IMPACT ASSESSMENT

To meet statutory equality duties, the Council conducts an Integrated Impact Assessment (IIA) to critically assess policies and practices and ensure compliance with all legislative requirements.

The aim of an IIA is to examine policies and practices in a structured way taking account of equality, human rights and socioeconomic disadvantage (poverty) implications when making decisions, ensuring the impact within the community is recognised and addressed accordingly.

IIA screening is completed using the Council's Integrated Impact Assessment Toolkit and allows the Authority to recognise positive steps it can take to promote fairness and equality of opportunity for all.

As part of the consultation process the Council will consult with a wide range of stakeholders, staff, parents/carers and young people and will welcome and address comments on the IIA process.

The outcome of the Integrated Impact Assessment will inform the Final Consultation Report and the Council's consideration of the proposed changes prior to reaching a decision on whether they should be implemented.

SECTION THREE

This section contains the educational benefits to be gained should the proposals be progressed.

3.1	EDUCATIONAL BENEFIT STATEMENT
	<p>Whilst assessing the educational benefits of the proposals, the undernoted factors were considered:</p> <ul style="list-style-type: none"> • Curriculum For Excellence Curriculum for Excellence is the national curriculum of experiences and outcomes for all pupils, 3-18 years. <p>The national guidance from Education Scotland encourages education authorities to ensure that curricular provisions offer opportunities for learners to achieve across all curricular areas and develop skills, attributes and capabilities through courses aligned with the key principles of Curriculum for Excellence: challenge and enjoyment, breadth, progression, depth, personalisation and choice, coherence and relevance.</p> <p>A key educational advantage of the proposed amendments is that the affected schools will continue to be fully equipped to deliver the full breadth of Curriculum for Excellence.</p> <p>The continued engagement of creative teaching and learning approaches in viable and sustainable school establishments broadens scope for attainment and achievement and builds a positive ethos for staff and pupils alike.</p> <ul style="list-style-type: none"> • Admission There will be no impact to pupils currently in attendance at West Lothian schools as a result of proposed variations to school catchment areas. All pupils will continue to attend their existing schools for the remainder of their primary stage education. <p>Younger siblings of those pupils currently attending St Mary's Primary School Polbeth, Our Lady of Lourdes Primary School and St Ninian's Primary School will retain the catchment status of the older sibling and will be permitted to attend the existing primary school establishment if parents wish siblings to attend the same primary school.</p>

This catchment status would remain until such times that the sibling link is broken i.e. should the elder sibling leave primary stage education prior to commencement of the younger sibling at primary school.

Criteria for admission will continue to be in accordance with West Lothian Council's current admission arrangements. [West Lothian Council Primary School Admission Policy](#)

It is proposed to transfer only the specified areas set out in section 1.3 of this report. All other existing catchment area criteria for each of the denominational primary schools highlighted in this report will remain unchanged.

- **School Capacity**

West Lothian Council do not anticipate any impact to existing school capacities at the detailed schools as a result of the proposed school catchment alterations.

- **School Management/Staff Teams**

West Lothian Council do not foresee alteration to current school management structures at the schools detailed in this report. All existing staffing facilitations and day to day operations within each of the schools will continue as is.

Any amendments to current staffing will be undertaken in accordance to West Lothian Council statutory recruitment processes.

- **School Transport**

There are no anticipated amendments to existing school transport provisions as a result of the proposals.

Any requests for school transport provisions will be considered in accordance with West Lothian Council's School Transport Policy. [West Lothian Council School Transport Policy](#)

- **Secondary School Alignment**

There are no proposed amendments to existing primary to secondary school associations as a result of this proposed review of school catchment areas.

St Mary's Primary School Polbeth and Our Lady of Lourdes Primary School will continue to be an associated primary school and aligned to St Kentigern's Academy catchment.

St Ninian's Primary School will remain in alignment to St Margaret's Academy catchment.

Primary to secondary transition programmes currently adopted will be unaffected by the proposed amendment to catchment allocation. All of the relative establishments will endeavour as always to ensure the transition process will continue to be a seamless and positive experience for those pupils involved.

- **School Grounds/Outdoor Learning/Playground**

The school grounds and playground areas at the identified primary schools will continue to offer ample scope for development of the outdoor classroom. This will have a positive impact on the learning environment for all pupils and will support the development of good relationships and positive behaviour, not only in the classroom but also outdoors and in the wider community.

Car parking and pupil drop off / uplift areas will continue to ensure safe and efficient traffic flow. Appropriate car park protocols and risk assessments will be maintained.

- **Breakfast / School Clubs**

Breakfast clubs will continue to provide pupils with a healthy breakfast and offer opportunity to sample and develop preferences for healthy options. The aim of the club is to establish positive relationships at the start of the school day and improve attitude, behaviours and motivation to learn.

Pupils will continue to be invited to take part in a wide range of extracurricular activities. Activities are designed to offer opportunity to learn new skills and enhance experiences. Participation in these activities promotes and encourages social interaction, confident individuals, effective contributors and responsible citizens.

- **Parental Involvement**

Parents and carers are an integral part of the school community with their ongoing contributions and working partnerships being considered key to the success of the school.

West Lothian Council do not foresee any impact to existing opportunities for parental involvement and engagement as a result of the intimated proposals.

A principal focus as always is the delivery of a welcoming school that is inclusive for all parents, carers, pupils and staff.

- **Community Links**

Community interaction encourages a welcoming ethos, provides pupils with valuable life and interpersonal skills and promotes acknowledgement and respect for the local area.

All external links that each of the highlighted primary schools has established will remain with each establishment continuing to have clear and distinct associations within the local community.

- **Benefits for Any Other School Users**

The proposed changes will have no impact on existing external school users. All existing provisions for other school users will continue as a result of the proposed catchment area review.

November 2021

1. Introduction

1.1 This report from Education Scotland has been prepared by Her Majesty's Inspectors of Education (HM Inspectors) in accordance with the terms of the [Schools \(Consultation\) \(Scotland\) Act 2010](#) ("the 2010 Act"). The purpose of the report is to provide an independent and impartial consideration of West Lothian Council's proposal to review admission arrangements arising from school catchment area variations at St Mary's Primary School Polbeth, Our Lady of Lourdes Primary School and St Ninian's Primary School. Section 2 of the report sets out brief details of the consultation process. Section 3 of the report sets out HM Inspectors' consideration of the educational aspects of the proposal, including significant views expressed by consultees. Section 4 summarises HM Inspectors' overall view of the proposal. Upon receipt of this report, the Act requires the council to consider it and then prepare its final consultation report. The council's final consultation report should include this report and must contain an explanation of how, in finalising the proposal, it has reviewed the initial proposal, including a summary of points raised during the consultation process and the council's response to them. The council has to publish its final consultation report three weeks before it takes its final decision.

1.2 HM Inspectors considered:

- the likely effects of the proposal for children of the schools; children likely to become pupils within two years of the date of publication of the proposal paper;
- how the council intends to minimise or avoid any adverse effects that may arise from the proposal; and
- the educational benefits the council believes will result from implementation of the proposal, and the council's reasons for coming to these beliefs.

1.3 In preparing this report, HM Inspectors undertook the following activities:

- consideration of all relevant documentation provided by the council in relation to the proposal, specifically the educational benefits statement and related consultation documents, written and oral submissions from parents and others; and
- virtual visits to St Mary's Primary School Polbeth, Our Lady of Lourdes Primary School and St Ninian's Primary School.

2. Consultation process

2.1 West Lothian Council undertook the consultation on its proposal(s) with reference to the [Schools \(Consultation\) \(Scotland\) Act 2010](#).

2.2 West Lothian Council undertook a statutory consultation which ran from 15 September 2021 until 5 November 2021. Information was provided to stakeholders including parents of children attending the three schools. A public meeting was held on 30 September 2021 which no one attended. The council received no objections or written responses to the proposal.

3. Educational aspects of proposal

3.1 West Lothian Council has set out a sound rationale for its proposal to review admission arrangements arising from school catchment area variations at St Mary's Primary School Polbeth, Our Lady of Lourdes Primary School and St Ninian's Primary School. Within West Lothian Council's Local Development Plan Gavieside is a major development with over 2,000 new dwellings planned. Currently, almost all of the site is split between Our Lady of Lourdes Primary School and St Mary's Primary School, Polbeth catchment areas for denominational primary

schooling. The proposed changes to catchment areas will ensure that there is greater alignment of housing developments to existing and future primary school capacities. Currently, only seven residential properties sit within the proposed area of change with no children in these properties attending West Lothian schools. The proposal helps to avoid pressure on accommodation in the future and also supports schools linking with their local communities which support Curriculum for Excellence. The clarification of the catchment areas avoids uncertainty for parents moving into the new catchment areas.

3.2 The council believe that there will be no impact to pupils currently in attendance at West Lothian schools as a result of proposed variations to school catchment areas. All pupils will continue to attend their existing schools for the remainder of their primary stage education. Arrangements for younger siblings have also been considered and those pupils currently attending St Mary's Primary School, Polbeth, Our Lady of Lourdes Primary School and St Ninian's Primary School will retain the catchment status of the older sibling and will be permitted to attend the existing primary school establishment if parents wish siblings to attend the same primary school. This catchment status would remain until no older sibling was in attendance at any of the affected primary schools. The assurances that existing pupils will not be affected and that siblings can attend the same school is positive. Current arrangements for primary to secondary school associations will remain the same and not change as a result of this proposed review of school catchment areas. HM Inspectors agree that there will be no negative impacts on the local community.

3.2. HM Inspectors met with the headteachers of St Mary's Primary School Polbeth, Our Lady of Lourdes Primary School and St Ninian's Primary School. All headteachers were in favour of the proposal.

3.3 The council did not receive any responses during the consultation period.

3.4 HM Inspectors met with a representative of the Scottish Catholic Education Service who expressed no concerns in relation to the proposal.

4. Summary

HM Inspectors agree that West Lothian Council's proposal provides a valid case for the proposed catchment area changes which will result in educational benefits. If approved, there will be a greater alignment of housing developments to existing and future primary school capacities.
