

## January 2022

We are delighted to provide you with the CXpulse Monthly. This report is designed to provide you with an insight into the customer experience teams activities for the month.

We spoke with customers about . . . .

# YOUR HOME

# AFFORDABILITY

**120** is the number of tenants we called.

**24%** of tenants provided us with an insight of their lived experiences.

**600** is the number of customers we aim to speak to by December.

# FINDINGS

We have picked just a few statistics that have been identified in our latest surveys that you may find interesting - we certainly did!

**87%**

are satisfied with the overall quality of their home.

**75%**

feel that when taking into account the accommodation and services provided by West Lothian Council, their rent represents good value for money.

**79%**

consider their rent affordable.

# Improvements

From our customers lived experiences we have been able to recommend 1 quick fix improvement and 2 long term improvements. We will keep staff and customers up to date of the progress of these recommendations.

## Quick Fix

A quick fix improvement can be implemented with very little cost and use of resources.

## Long-term

A long-term improvement is a more complex improvement that may involve changes to systems and processes, there will be a cost associated with this and a higher usage of resources.
