ONLINE FEEDBACK FORM	Date received: 6 th June 2024			
	Total cost of work: £276			
	Description of work: Renewal of old shower			
	Comments: I am elderly and overpaid (stupid mistake) but the owner Chris spotted this and reimbursed me, I would never have known. Such honesty is so few and far between. The young fitters were fantastic and explained everything rather than just a user manual. Seriously I cannot praise this company high enough.

ONLINE FEEDBACK FORM	<p>Date received: 25th April 2024</p> <p>Total cost of work: £240</p> <p>Description of work: To supply and fit new radiator and to de-install and dispose of old radiator. Also to supply new toilet seat and remove and dispose of old seat.</p> <p>Comments: Chris arrived on time and, without fuss, set about the tasks he was required to carry out. He is a man who does not waste time, but just gets on with the job and gets it done. You'd never know he'd been to do the work either: he left it clear and tidy. I was really impressed how quickly the job was completed. He was professional, polite and respected my property. He and his apprentice, Aaron, will be my "go to" from now on. Chris really does care about his customers.</p>
