ONLINE FEEDBACK PROVIDED	Date received: 4 th September 2024			
	Total cost of work: £615			
	Description of work: Supply and installation of extraction hood in kitchen, supply and installation of extraction fan in bathroom, repair of faulty wiring in electrical fuse box.			
	Comments: Communication and time keeping was excellent and the job was completed timeously, professionally and to a high standard. The pair also cleaned up after themselves and were mindful about keeping noise to a minimum as the work was carried out. Kept me fully informed throughout. The best experience I have had with a tradesperson in terms of communication, courtesy, time-keeping and quality of work. Can't recommend highly enough.

Customer Ratings (Out of 10)	10	10	10	10

ONLINE FEEDBACK PROVIDED	Date received: 2 nd November 2023			
	Total cost of work: £80			
	Description of work: We had a power failure (not a power cut - only our house was affected). RCD on consumer unit kept tripping and we couldn't see why despite trying all methods of fault-finding.			
	Comments: Michael and young Brandon came out at short notice and did an excellent job of quickly diagnosing and fixing the problem (it wasn't straightforward), and at a very reasonable price. Prompt and efficient service. Highly recommended.

	Comments: Fabulous service, would highly recommend.			
	Value for money	Quality of work	Service	Tidiness
Customer Ratings (Out of 10)	10	10	10	10

ONLINE FEEDBACK PROVIDED	<p>Date received: 16th May 2023</p> <p>Total cost of work: £128</p> <p>Description of work: Woke up to find the power was off in three rooms only in our house. Although not an immediate emergency, we quickly searched online for, preferably, a local electrician (and having no recommendations to rely on), we found One Design Electrical Ltd. A local and a registered company. Took a punt, and Michael from One Design was with us the next day, even earlier than anticipated. Good stuff.</p> <p>Comments: Michael was courteous and worked efficiently to find the fault. He soon had a temporary solution in place to get the power back on in the three rooms. He quickly followed up with 3 options to permanently fix the issue, all in writing with pricing. Michael answered our questions promptly and he was soon back to the house to resolve the fault as arranged a day later. A fast, no fuss, efficient service from Michael and One Design Electrical Ltd. Just what was needed. Recommended.</p>

ONLINE FEEDBACK PROVIDED	<p>Date received: 19th April 2023</p> <p>Total cost of work: £1099.60</p> <p>Description of work: Electric Vehicle charger fitted to outside of house.</p> <p>Comments: Michael was professional and knowledgeable throughout the process. He explained all the options available and gave us lots of choices along with his recommendations. He arrived when promised and fitted the charger within the expected timescale. We are delighted with the charger and would definitely recommend Michael and his company to anyone looking for a company that is reliable and trustworthy.</p>
