ONLINE FEEDBACK PROVIDED	Date received: 28 th March 2025			
	Total cost of work: £1500			
	Description of work: Upgrade of lighting system throughout property and EICR certificate			
	Comments: Prompt, effective, courteous. Engendered confidence in abilities to undertake work. Used several times and would be first choice to use again.			
	Value for money	Quality of work	Service	Tidiness
Customer Ratings (Out of 10)	10	10	10	10

ONLINE FEEDBACK PROVIDED	Date received: 27 th March 2025			
	Total cost of work: £980			
	Description of work: Supply and fit new Mira Sports shower. Supply and fit replacement pull cord and switch for shower. Supply and install of new consumer unit.			
	Comments: Michael and his apprentice were a pleasure to deal with and were very thorough with associated safety checks relating to the install of a new consumer unit which gave me peace of mind about the quality of their work - especially given the age of the previous unit I had in use. The works were completed on the date agreed and in line with the estimate. Very happy with the service and have already booked them for further work. Wouldn't hesitate to recommend them.

ONLINE FEEDBACK PROVIDED	Date received: 7 th March 2025			
	Total cost of work: £810			
	Description of work: Upgrade to Consumer Unit, SPD and individual RCBO's, install 10mm cable for shower and pullcord and fit new shower. Everything fully checked.			
	Comments: Michael and his apprentice were very professional, friendly and always tidied up after themselves. Michael will answer any questions you may have and reply promptly to emails. I would definitely recommend One Design Electrical to anyone needing electrical work done and would use them in the future. This in fact was the 3rd time I have used them. Very pleased.

ONLINE FEEDBACK PROVIDED	Date received: 2 nd November 2023			
	Total cost of work: £80			
	Description of work: We had a power failure (not a power cut - only our house was affected). RCD on consumer unit kept tripping and we couldn't see why despite trying all methods of fault-finding.			
	Comments: Michael and young Brandon came out at short notice and did an excellent job of quickly diagnosing and fixing the problem (it wasn't straightforward), and at a very reasonable price. Prompt and efficient service. Highly recommended.

ONLINE FEEDBACK PROVIDED

Date received: 16th May 2023

Total cost of work: £128

Description of work: Woke up to find the power was off in three rooms only in our house. Although not an immediate emergency, we quickly searched online for, preferably, a local electrician (and having no recommendations to rely on), we found One Design Electrical Ltd. A local and a registered company. Took a punt, and Michael from One Design was with us the next day, even earlier than anticipated. Good stuff.

Comments: Michael was courteous and worked efficiently to find the fault. He soon had a temporary solution in place to get the power back on in the three rooms. He quickly followed up with 3 options to permanently fix the issue, all in writing with pricing. Michael answered our questions promptly and he was soon back to the house to resolve the fault as arranged a day later. A fast, no fuss, efficient service from Michael and One Design Electrical Ltd. Just what was needed. Recommended.
