ONLINE FEEDBACK PROVIDED	Date received: 4th November 2026 Total cost of work: £220 Description of work: Both toilets were repaired - two different systems and older models - both are working brilliantly now. Bathroom radiator was removed and new radiator was installed Comments: I cannot recommend this company highly enough! The courteous, tidy, prompt and clear service with photos and explanations and estimates in advance were all very much appreciated. I could not have had a better service from anyone else. Shoes were taken off at the front door, parts were carried for easy and quick repairs. My floors were protected and wiped clean. Most of all - the extra touches of matching replacement valve caps and covers for bottom of pipes were provided free to improve the job

ONLINE FEEDBACK PROVIDED	Date received: 31st October 2026 Total cost of work: £60 Description of work: Change and fit new kitchen tap. Comments: We contacted James at Waterways Plumbing for a quote to replace our kitchen tap. His price was very reasonable, and having used him before, we knew he could be trusted. James arrived on time and completed the job with minimal fuss. Despite some unexpected difficulties due to the pipework location, he handled everything professionally and finished to a very high standard. Excellent service, very tidy and highly recommended. Despite the job proving more challenging than expected due to the location of the pipework, he tackled it without hesitation and completed everything to an excellent standard. His professionalism, workmanship and attention to detail were outstanding, and he left everything spotlessly tidy. A fantastic service from start to finish. We would definitely use James again and recommend him without hesitation! We cannot recommend James at Waterways Plumbing highly enough! His quote to replace our kitchen tap was very reasonable, and having used him before, we knew we were in safe hands. James arrived on time and was a pleasure to deal with. Despite unexpected difficulties with the pipework, he tackled the job without fuss and completed it to an excellent standard. His professionalism, workmanship and attention to detail were outstanding. Fantastic service from start to finish. Highly recommended

ONLINE FEEDBACK PROVIDED	Date received: 22nd October 2026 Total cost of work: £92 Description of work: Replaced waste pipe for a sink. Comments: James is a great plumber. He is really good at keeping you informed on when he will arrive, and explained clearly what he was going to do and why. He also went the extra mile and worked out why my washing machine wasn't working, offered to leave his extension cable so I could use the washing machine, and gave me a recommendation for an electrician to fix it. The sink looks so much better with properly done plumbing. I would definitely ask him to do any future jobs. Highly recommended.

ONLINE FEEDBACK PROVIDED	Date received: 21st October 2026 Total cost of work: £160 Description of work: Removal and replacement of bath taps. Removal and replacement of basin taps and waste. Comments: James advised us of the correct taps to purchase that would suit the water pressure in our bathroom. He also supported us by getting us to send photos of taps to ensure suitability prior to purchase. We would not hesitate to use him again and definitely recommend him to anyone requiring a plumber.

ONLINE FEEDBACK PROVIDED	Date received: 9th October 2026 Total cost of work: £60 Description of work: Change a bathroom tap. Comments: I am a returning customer and have always been very happy with his services. He is responsive, courteous, and communicates clearly, taking time to explain the job before he starts and when he finishes. He takes pride in his work. I appreciate his honesty, if a job is outside his expertise, or if it's not practical, he'll tell you upfront. He is very professional and treats you with respect (and doesn't call you "mate"). I wish all tradespeople were like him.

ONLINE FEEDBACK PROVIDED	Date received: 9th October 2026 Total cost of work: Not provided. Description of work: Leaking pipe in bathroom. Comments: Fixed a leaking pipe in bathroom When first contact with James he asked that I send pictures of problem he then got back to me with a quote and then if I was happy to send my address and booked me in for the next morning. Arrived on time told me what he would do and when he was finished he showed me what he done, tested it then I had the option of cash or card and he was a clean worker, no mess. Will use again, thanks James.

ONLINE FEEDBACK PROVIDED	Date received: 30th September 2026 Total cost of work: £40 Description of work: Found the source of a leak under the kitchen sink, took everything apart, replaced parts as needed and resealed everything. Comments: James has completed multiple jobs for me over the past few years. He's always friendly, professional and cleans up throughly after each job. The pricing is always very reasonable and he's always transparent around pricing. Would recommend James to anyone needing a small plumbing job done in West Lothian.

ONLINE FEEDBACK PROVIDED	Date received: 21st September 2026 Total cost of work: £70 Description of work: Supply and fit inlet valve in main bathroom Comments: This is the 3rd time I have used James. On all 3 occasions James' communication and response times have been amazing. On one occasion I contacted him Friday evening and he came round Saturday morning even though he hadn't planned on working Saturday. On another occasion when I had a radiator leak I contacted him first thing in the morning and he came round and fixed it within a couple of hours. His prices are very reasonable and the quality of his work is high. He's also a great guy.

ONLINE FEEDBACK PROVIDED	Date received: 17th August 2026 Total cost of work: £75 Description of work: Supply and fit W.C. inlet valve. Comments: James was working in the area when I put my call in and within 30 minutes he arrived. James checked out the problem, gave us a quote and had the new part fitted immediately. Brilliant, friendly, professional service and a very reasonable cost. I wouldn’t hesitate to recommend James for any plumbing repair that is needed.

ONLINE FEEDBACK PROVIDED	Date received: 9th August 2026 Total cost of work: £120 Description of work: Tap replacements in kitchen and showeroom. Comments: Initially contacted James through easily useable website. He got back to me within a day as stated. James was very accommodating to find the right time slot and very clear on what the job would involve, its pricing and duration. Friendly, courteous with no mess left behind. Have booked in already for radiator replacements. Thoroughly recommend.

ONLINE FEEDBACK PROVIDED	Date received: 8th August 2026 Total cost of work: £85 Description of work: Repair of a leaking shower dual control and replacement of shower unit. Comments: I highly recommend James Anderson of Waterways Plumbing. This is because he responded to messages. Arrived when he said he would. Did an excellent Job. Left the area tidy and clean. Gave advice and recommendations on another job and ways to save money. He is obviously highly trained and charged me a fair price for the job. I was so taken by how good he was I have already recommended him to my family and friends. It is very refreshing to be treated fairly and receive this level of service.
