

# No Sew reusable T-shirt Shopping bag

## What you will need:

- An Old T-shirt you no longer wear
- Sharpe Scissors
- Washable marker (optional)

## Instructions

**1.** Cut the sleeves off your T-shirt. You can fold the T-shirt in half and cut together to make sure both sides are the same.

**2.** Trim any collar off. If you like use a bowl and the washable marker to trace an outline before cutting.

**3.** Turn your T-shirt inside out. Cut a fringe along the bottom of the t-shirt. They need to be about 2-3cms wide. Cut the back and front together, so they match up for the next step.

**4.** Work along the fringe, tying each front and back piece together. Once you've tied all the way along, you'll see the bag is holding together but there are holes between each knot.

**5.** To close the gaps, start with the first three knots you tied. Take the two strands from the middle knot and tie one piece to a strand from the knot to the left of it and the other to a strand on the right. Continue this along the rest of the fringe.

**6.** Turn your new bag the right way out and fill it up!
