ONLINE FEEDBACK PROVIDED	Date received: 11 th August 2025			
	Total cost of work: £3506 Description of work: Guntis fitted our kitchen for us, including units, worktops, tiling and finishing touches such as skirting boards for the room. He also worked on our bathroom building a frame to make the bath more sturdy, tiling our floor and walls around the bath (including making the wall straight first!). He also made a wooden threshold step from the hall into the bathroom. Comments: We hired Guntis to fit our kitchen and he did such a fantastic job that we asked him to do some other jobs including our bathroom. Guntis is a perfectionist and was fantastic with communication, asking us throughout if we were happy with how things were going and also asking before making any changes. He clearly takes pride in his craft and we are extremely pleased to have found a trustworthy and well priced joiner for any work we need. We would highly recommend Guntis!
