17669	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	They are clearly savings which can be made. Broadcasting council meetings cannot cost that much. Teams is readily available and allows access to the public, recording at no additional cost. If our councillors cannot work teams without other staff then they couldn't be representing us. Staff need to be more adaptable which would be expected of them in the private sector and more cross training is likely needed. A lot of these non statutory services are vital and there is waste in how money is spend.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
17670	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	5b The proposed saving is unclear as although it refers to ceasing broadcasting, it does not specify if the £51000 saving also relates to stopping the recording of meetings entirely. It is also unclear if hybrid meetings would stop, the requirements of which necessitate IT support considering the challenges experienced with the Confero platform. These issues are the responsibility of someone with the required technical expertise. Broadcasting and publishing recorded meetings promotes both greater openness and transparency; committee services are not qualified to fix technical issues; recorded meetings are an essential resource for stakeholders; the public would need to attend meetings in person, which, if inconvenient, may result in queries and requests for transcripts and therefore additional resources / costs. Committee Services do not have the resource to produce more detailed minutes. A suggestion to address some of these issues would be to move meetings to Teams.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
17671	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	Yes they should, but not across all of the services listed, some of them are essential	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
17672	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	A lot of these services are already being or have been cut back. Not all should be cut back.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
17673	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	See what non - statutory services are not being used fully in all areas and maybe end them and move the money elsewhere.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
17674	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	I thought these services were already paid for through council tax!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
17675	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	5b. All WLC employees should attend meetings in person.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
17676	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	Consider all of these to be important. We would support efficiency savings if that can be achieved but this should not come at the cost of reduction of quality of service.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
17677	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	5b. All WLC employees should attend meetings in person.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
17678	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	Going to ruin communities	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
17679	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	Some of them should be prioritised above others	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
17680	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
17681	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	I disagree with most of these proposals however I would like to see some of them reviewed and reduced to an acceptable amount. Look at the option of volunteering and or self funding posts that can operate some of the services. E. g. country park wardens, galaday funding officers etc.. 5b can be stopped immediately.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
17682	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	Some services however can be made more efficient through AI e.g. online council meetings.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
17683	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	5b they are all in there big houses anyway	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
17684	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	For some of these, one would need to know how well they are used and what the success of them has been eg online council meetings	Corporate Policy and Resources	9. The respondent made a comment on the survey question
17685	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	Some of the areas highlighted are critical for the residents of west lothian and further investigation would be required	Corporate Policy and Resources	9. The respondent made a comment on the survey question
17686	Theme 5- Reducing Spending on Non-Statutory Services	5b - Broadcasting council committee meetings online.	dreadful question - too many choices! who watches the recordings of meetings??	Corporate Policy and Resources	9. The respondent made a comment on the survey question
17687	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	So much of this shocks me at how much money in my eyes is being wasted. Why on earth for 5c?! Absolutely reduced this spending!	Education	1. The respondent advised that they agree with the proposal.
17688	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Common sense things, stop funding. - people from outside West Lothian Look at the cumulative cost of getting rid of all the small things that could ensure larger services can continue. For those larger services, find more efficient alternatives.	Education	1. The respondent advised that they agree with the proposal.
17689	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	What is the explanation for why so much is being spent on non - West Lothian pupils?	Education	1. The respondent advised that they agree with the proposal.
17690	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes the amount spent on some of these services is astronomical including partner provider nurseries when we have reduced numbers in council	Education	1. The respondent advised that they agree with the proposal.
17691	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Agree, funded ELC places in West Lothian based private partner nurseries should only be for children residing in West Lothian.	Education	1. The respondent advised that they agree with the proposal.
17692	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Why are WLC funding non - WLC children in schools?	Education	1. The respondent advised that they agree with the proposal.
17693	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I agree with this in principle however it is essential council continues to support important and vital community organisations & activities.	Education	1. The respondent advised that they agree with the proposal.
17694	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Some massive savings to be had here and these are some of the areas you need to look at in great detail.	Education	1. The respondent advised that they agree with the proposal.
17695	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Times are tough. Time to tighten the belt and maybe when you are crippled by debt you can look at these items again to reintroduce them.	Education	1. The respondent advised that they agree with the proposal.
17696	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Within reason	Education	1. The respondent advised that they agree with the proposal.
17697	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Cut c in their entirety.	Education	1. The respondent advised that they agree with the proposal.
17698	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes	Education	1. The respondent advised that they agree with the proposal.
17699	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Although this is a difficult decision it is required to balance the books based on the funding allocation.	Education	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
17700	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Look at ways to reduce costs in each area but do not cut any of the serviced entirely	Education	1. The respondent advised that they agree with the proposal.
17701	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes but leave the schools alone.	Education	1. The respondent advised that they agree with the proposal.
17702	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	A lot of the rest seems like wasted money really.	Education	1. The respondent advised that they agree with the proposal.
17703	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Some not all should be cut. Agree with cutting all except 5d, f, i, k, L, WX.	Education	1. The respondent advised that they agree with the proposal.
17704	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	There should be no out of catchment children paid for by our council funds. Zero. Stop this now!	Education	1. The respondent advised that they agree with the proposal.
17705	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes, there should be a common sense approach but not to the detriment of the majority. There will be corner cases that need reviewed separately HOWEVER all waste should be eradicated.	Education	1. The respondent advised that they agree with the proposal.
17706	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c are the most silliest things ive read so far. Why is the council even doing that for non west lothian children?	Education	1. The respondent advised that they agree with the proposal.
17707	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop funding non - West Lothian children in childcare settings	Education	1. The respondent advised that they agree with the proposal.
17708	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	We have never been in a worse state, stop funding the nice to do and fund the must do	Education	1. The respondent advised that they agree with the proposal.
17709	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I think contributing to kids from outside the region is laudable but surprising given cuts for services within the area. I would expect that to be paid for by region kids come from.	Education	1. The respondent advised that they agree with the proposal.
17710	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes. They should be providing a statutory service of maintaining roads, refuse collections and recycling etc. But anything out with statutory needs to go	Education	1. The respondent advised that they agree with the proposal.
17711	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Absolutely, maintain and improve core services.	Education	1. The respondent advised that they agree with the proposal.
17712	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes but not everything at once. Please be mindful about our safety and wellbeing	Education	1. The respondent advised that they agree with the proposal.
17713	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I agree to reduce this spending but not at the expense of safety (i. e gritting of roads etc) also people's mental well being needs to be at the forefront, especially as these times are hard financially on all of us.	Education	1. The respondent advised that they agree with the proposal.
17714	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Some of this is just crazy. Major cuts needed	Education	1. The respondent advised that they agree with the proposal.
17715	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Absolutely we should force parents to use council run nurseries, we should not be providing childcare, that's parental responsibility.	Education	1. The respondent advised that they agree with the proposal.
17716	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	All other extras reduce or eliminate.	Education	1. The respondent advised that they agree with the proposal.
17717	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I would agree although we must be looking at improvements / cuts that will ho in favour of future generations. The country is on its knees and its not going yo get any better	Education	1. The respondent advised that they agree with the proposal.
17718	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes but we can also reduce spending on statutory services. We still provide the service but to a lesser extent	Education	1. The respondent advised that they agree with the proposal.
17719	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c Funding support for non - West Lothian Children at Private Partner Provider Early Learning and Childcare settings. Childcare costs should only be available to WL children.	Education	1. The respondent advised that they agree with the proposal.
17720	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	If it's not legally required to be provided then why would the council pay for it. You need to start thinking with private sector mindset if you have such a dire financial shortfall.	Education	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
17721	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes stop spending on all non statutory areas	Education	1. The respondent advised that they agree with the proposal.
17722	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I think all these proposals make sense	Education	1. The respondent advised that they agree with the proposal.
17723	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I'm amazed at some of these areas are in place at all. Why are children from elsewhere being funded by West Lothian residents?	Education	1. The respondent advised that they agree with the proposal.
17724	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	All the non statutory spending should be cut to a bare minimum.	Education	1. The respondent advised that they agree with the proposal.
17725	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I agree with most of these.	Education	1. The respondent advised that they agree with the proposal.
17726	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Sadly, I do agree	Education	1. The respondent advised that they agree with the proposal.
17727	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Any none essentials should be reduced.	Education	1. The respondent advised that they agree with the proposal.
17728	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	End funding for non - West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Education	1. The respondent advised that they agree with the proposal.
17729	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Do not impact developing the education for children Remove funding for non West Lothian children	Education	1. The respondent advised that they agree with the proposal.
17730	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Completely agree, some of the charges are a complete waste of money and unnecessary! Public should pay for some of these themselves	Education	1. The respondent advised that they agree with the proposal.
17731	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Reduce funding support for non - West Lothian Children at Private Partner Provider.	Education	1. The respondent advised that they agree with the proposal.
17732	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I agree with the exception of the following items: e, f, h, k, m, n, p, q, r, v, x and z	Education	1. The respondent advised that they agree with the proposal.
17733	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	All of the above	Education	1. The respondent advised that they agree with the proposal.
17734	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c should definitely be scrapped	Education	1. The respondent advised that they agree with the proposal.
17735	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yeah absolutely these are all things that could be readjusted.... by either minimising staff in certain areas and charging for certain services such as the music group and waste disposal.... if you are providing a service you can charge a fee to make a profit rather than just blowing it out the window.... if certain positions are overstaffed and could be done with less cut down.... if one person could update headteachers via video link instead of hiring out a whole team and building etc change things up a bit have people work from home or freelance in one area on the side of a main job if there is not enough to be done in certain areas instead of having a whole lot of people - if you focus on reducing the costs in the education system. Some of these are ridiculous amounts being spent on these items and feel hugely inflated, a complete waste of money if that's the true amount. B, c, f, i, s, & a should already be gone.	Education	1. The respondent advised that they agree with the proposal.
17736	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Unfortunately only essential services should be supported	Education	1. The respondent advised that they agree with the proposal.
17737	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Remove all services which are not mandatory	Education	1. The respondent advised that they agree with the proposal.
17738	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Reduce spending on items c, g and o (keep social media get rid of the Bulletin it goes straight in the bin)	Education	1. The respondent advised that they agree with the proposal.
17739	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	as well as subsidising non west lothian children in nursery, that should be a matter for the council of where they are resident.	Education	1. The respondent advised that they agree with the proposal.
17740	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Funding support for non - West Lothian Children at Private Partner Provider Early Learning and Childcare settings. (£700, 000) Why on earth is West Lothian providing funds to anyone that is a non West Lothian resident this should be cut straight away.	Education	1. The respondent advised that they agree with the proposal.
17741	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.			

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
17742	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I agree, but.. I can see west Lothian turning into a dump if they get rid off all those services	Education	1. The respondent advised that they agree with the proposal.
17743	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	With the exception of 5m, 5n, 5p and 5x which I think should remain, I believe all the other suggested savings should be made	Education	1. The respondent advised that they agree with the proposal.
17744	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Reduce non - statutory spending as much as possible.	Education	1. The respondent advised that they agree with the proposal.
17745	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	stop funding to anything that is not for the most vulnerable people that reside in west Lothian	Education	1. The respondent advised that they agree with the proposal.
17746	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Ensure out of council school placements are charged back.	Education	1. The respondent advised that they agree with the proposal.
17747	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Protect statutory services and stop delivering non statutory	Education	1. The respondent advised that they agree with the proposal.
17748	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes, however, it will have an impact on communities and in some circumstances may lead to additional costs to the Council	Education	1. The respondent advised that they agree with the proposal.
17749	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c, This should stop, the Local Authority where the children live should be providing the funding	Education	1. The respondent advised that they agree with the proposal.
17750	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes but perhaps increasing planning fees would assist this gap?	Education	1. The respondent advised that they agree with the proposal.
17751	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Support should only be available for WL residents, no external support	Education	1. The respondent advised that they agree with the proposal.
17752	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I agree with all of these proposals	Education	1. The respondent advised that they agree with the proposal.
17753	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Why are we funding non - West Lothian children? surely that is up to their own authority?	Education	1. The respondent advised that they agree with the proposal.
17754	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Only if necessary.	Education	1. The respondent advised that they agree with the proposal.
17755	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I feel very strongly that we should not be providing funding for early years for those outwith West Lothian - surely we have to look after our own residents who pay council tax in this area?	Education	1. The respondent advised that they agree with the proposal.
17756	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Absolutely agree	Education	1. The respondent advised that they agree with the proposal.
17757	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	The council should only spend what it can afford to spend. If it can afford to spend on non statutory then it should but it should be well thought out and if you can't do it all maybe you do it on rotation for every year	Education	1. The respondent advised that they agree with the proposal.
17758	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Concerned about why there is a budget for non West Lothian resident nursery care? Why? Any council services should go to residents only. Unless they pertain to tourism.	Education	1. The respondent advised that they agree with the proposal.
17759	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Funding should only be for west lothian. Other councils need to find ways to fund and support their own. Sorry to sound harsh about it but at a time when every penny counts and we face financial hardships across the board things that are unnecessary or unfair need changed. If your child is from edinburgh and you send them to a private nursery in West lothian for example, they should not be entitled to funded places. The funding should be reserved for west lothian children and persons.	Education	1. The respondent advised that they agree with the proposal.
17760	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	You could balance the books by stopping providing services that are not required by law - make savings in all these areas.	Education	1. The respondent advised that they agree with the proposal.
17761	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Make major savings from all non - statutory services in order to concentrate on statutory	Education	1. The respondent advised that they agree with the proposal.
17762	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c - Cut private payments - use all public nurseries	Education	1. The respondent advised that they agree with the proposal.

17763	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	non - West Lothian Children at Private Partner Provider Early Learning and Childcare settings. (£700, 000) this should be removed.	Education	1. The respondent advised that they agree with the proposal.
17764	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes	Education	1. The respondent advised that they agree with the proposal.
17765	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Why are we paying for non West Lothian children?	Education	1. The respondent advised that they agree with the proposal.
17766	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes I agree.	Education	1. The respondent advised that they agree with the proposal.
17767	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	To save money	Education	1. The respondent advised that they agree with the proposal.
17768	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Why is there money being spent on non - West Lothian children? If there is a requirement for the child to access particular services out with their own region, surely funding should fall on that region?	Education	1. The respondent advised that they agree with the proposal.
17769	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Supporting non - west lothian childcare should be stopped.	Education	1. The respondent advised that they agree with the proposal.
17770	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Reduce spending on nursery places for children who are not west Lothian residents	Education	1. The respondent advised that they agree with the proposal.
17771	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes they should, but not across all of the services listed, some of them are essential	Education	1. The respondent advised that they agree with the proposal.
17772	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes	Education	1. The respondent advised that they agree with the proposal.
17773	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	See what non - statutory services are not being used fully in all areas and maybe end them and move the money elsewhere.	Education	1. The respondent advised that they agree with the proposal.
17774	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Scrap all contributions to non - West Lothian children	Education	1. The respondent advised that they agree with the proposal.
17775	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	There is definitely a need to reduce spending on non statutory services	Education	1. The respondent advised that they agree with the proposal.
17776	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	But only where there is no detrimental effect	Education	1. The respondent advised that they agree with the proposal.
17777	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I would remove all but essential spend.	Education	1. The respondent advised that they agree with the proposal.
17778	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I agree this has to happen because there is realistically no other option with such a significant budget gap. However, there needs to be careful consideration about the pressure that these reductions in spending will place on Statutory services.	Education	1. The respondent advised that they agree with the proposal.
17779	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Although, I don't understand why as in Point 5c, WLC are funding support for non - West Lothian Children at Private Partner Provider Early Learning and Childcare settings to the tune of £700, 000. There 's a substantial easy saving straight away. Stop it.	Education	1. The respondent advised that they agree with the proposal.
17780	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop altogether.	Education	1. The respondent advised that they agree with the proposal.
17781	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Fine	Education	1. The respondent advised that they agree with the proposal.
17782	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Do not understand why we fund places at partner - provider nurseries for children out with West Lothian, surely this cannot be maintained. Music lessons for free, I thought we had already started charging.	Education	1. The respondent advised that they agree with the proposal.
17783	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes reduce services	Education	1. The respondent advised that they agree with the proposal.

17784	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	In 5c I see no reason to subsidise non w lothian children but this may be because i do not understand why it happens	Education	1. The respondent advised that they agree with the proposal.
17785	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Why are you paying for Non west lothian children 's private care?	Education	1. The respondent advised that they agree with the proposal.
17786	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Not sure why 5c is funded if these service users are not from West Lothian?	Education	1. The respondent advised that they agree with the proposal.
17787	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	All the suggestions on the previous page have merit	Education	1. The respondent advised that they agree with the proposal.
17788	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	this is an obvious area to look at, however some of the items listed would be a great loss and this needs careful consideration.	Education	1. The respondent advised that they agree with the proposal.
17789	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	West Lothian Council should not be giving funding support for non - West Lothian Children.	Education	1. The respondent advised that they agree with the proposal.
17790	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Agree that Council should look at range of non - statutory services being provided but acknowledging that many add significant economic, social, community and environmental value and benefits to West Lothian residents and communities - which without these services would potentially have an adverse impact on these very communities.	Education	1. The respondent advised that they agree with the proposal.
17791	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5b, 5c, 5g and 5m are not required which would save £2. 5m straight away and 5k seems excessive.	Education	1. The respondent advised that they agree with the proposal.
17792	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes, reduce spending here. I think it is still important to offer some support for less fortunate and possible at risk children during school holidays and offering days where a professional will see them in order to monitor safety	Education	1. The respondent advised that they agree with the proposal.
17793	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Review these and make savings / better planning for services on offer and who uses which facilities	Education	1. The respondent advised that they agree with the proposal.
17794	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I agree with all of these ways of saving money, I know people who get a council house then lets someone else live in it, most comen people who are in drug related I understand the need to save money, s for the council homes that are not used for people's drug related acts this has to include looking at the fraud side this has been going on for along time.	Education	1. The respondent advised that they agree with the proposal.
17795	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c	Education	1. The respondent advised that they agree with the proposal.
17796	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	To a certain e tent but I would need very careful scrutiny and thought which might out weigh the benefits	Education	1. The respondent advised that they agree with the proposal.
17797	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Most of this seems reasonable but you could save money by encouraging community engagement with these ideas. People will lend their time to improving the world around them if you let them. Encourage people to get involved with these and help communities start to engage with themselves. Otherwise whats the point?	Education	1. The respondent advised that they agree with the proposal.
17798	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes, I agree that the Council should reduce spending on non - statutory services, especially in the current financial climate. Given the size of the budget gap facing West Lothian Council, it is essential to prioritise funding for statutory services that the council is legally obliged to provide, such as education, social care, and waste collection. Non - statutory services, while valuable, are discretionary and may need to be scaled back or redesigned to ensure the council can continue to deliver its core responsibilities effectively. This does not necessarily mean removing these services altogether, but rather reviewing them to identify efficiencies, reduce duplication, or explore alternative delivery models such as working in partnership with communities or voluntary groups. It's about making difficult but necessary choices to protect vital frontline services and maintain financial sustainability over the long term.	Education	1. The respondent advised that they agree with the proposal.
17799	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	All of these are ancillary and should be eliminated. People who care about such things can demonstrate such by paying for them	Education	1. The respondent advised that they agree with the proposal.
17800	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I have insufficient knowledge of the details of non - statutory services provision to provide further suggestions. However, in the current economic position, the cessation of many of those activities listed previously is a no - brainer. I'm surprised they have not been stopped before. 5g is the most alarming item to me.	Education	1. The respondent advised that they agree with the proposal.
17801	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Payments to the private sector for ELC for non - West Lothian Children must stop.	Education	1. The respondent advised that they agree with the proposal.
17802	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	There are so many that I don't agree with in here, in particular 5c For 5c, any revenue generated within West Lothian should stay in West Lothian, simple!	Education	1. The respondent advised that they agree with the proposal.
17803	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	This is the easiest option and shows that the extras that need to be saved	Education	1. The respondent advised that they agree with the proposal.

17804	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I agree. Money is being overspent.	Education	1. The respondent advised that they agree with the proposal.
17805	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Also remove funding for non - West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Education	1. The respondent advised that they agree with the proposal.
17806	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Too much money is being wasted on these services	Education	1. The respondent advised that they agree with the proposal.
17807	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Only provide essential services	Education	1. The respondent advised that they agree with the proposal.
17808	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Funding should be reduced for non statutory services unfortunately needs must.	Education	1. The respondent advised that they agree with the proposal.
17809	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Almost all of the above should be reviewed to assess the impact of this spend has on achieving councils core priorities and to see if it duplicates / competes with third sector or other stakeholder provision. Could some of this provision be delivered as well / better by other agencies e. g. NHS, college, charities or the business community. Is the provision needed in an AI world where people can access a wealth of information in other ways?	Education	1. The respondent advised that they agree with the proposal.
17810	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Points 5C, should all be cut or stopped in my opinion.	Education	1. The respondent advised that they agree with the proposal.
17811	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	scrap the others completely	Education	1. The respondent advised that they agree with the proposal.
17812	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Agree with cuts to following 1 Funding support for non - West Lothian Children at Private Partner Provider Early Learning and Childcare settings. (£700, 000)	Education	1. The respondent advised that they agree with the proposal.
17813	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Should not be doing 5C that is a saving.	Education	1. The respondent advised that they agree with the proposal.
17814	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Also Funding support for non - West Lothian Children at Private Partner Provider Early Learning and Childcare settings should definitely go. Only funding for West Lothian Council residents should be allowed.	Education	1. The respondent advised that they agree with the proposal.
17815	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Reduce spending in all non statutory services before cutting statutory services. Parliament has decided which services are statutory, and funds councils to provide them. Don't risk the effectiveness of statutory services by throwing this money away where its not required. Stop some spending completely i. e anti - poverty, regeneration, non - statutory school busses.	Education	1. The respondent advised that they agree with the proposal.
17816	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c look like prime areas for savings.	Education	1. The respondent advised that they agree with the proposal.
17817	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes. Cut: 5a to 5e.	Education	1. The respondent advised that they agree with the proposal.
17818	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes agree	Education	1. The respondent advised that they agree with the proposal.
17819	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	West Lothian should not be subsidising non West Lothian children in private providers. Edinburgh scrapped this and so should we.	Education	1. The respondent advised that they agree with the proposal.
17820	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Possibly look into not funding nursery places for those out with West Lothian at partnership services.	Education	1. The respondent advised that they agree with the proposal.
17821	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c. could be reduced.	Education	1. The respondent advised that they agree with the proposal.
17822	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	anything non statutory should be stopped immediately - we are not in a time where we have the luxury of extras.	Education	1. The respondent advised that they agree with the proposal.
17823	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I do not agree with support with nursery for non - West Lothian residents, they can use this in their own council area.	Education	1. The respondent advised that they agree with the proposal.
17824	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	No West Lothian council funding should be provided for children outside of West Lothian	Education	1. The respondent advised that they agree with the proposal.

17825	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes	Education	1. The respondent advised that they agree with the proposal.
17826	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	All items in 5 should be executed on as there is significant cost saves to be achieved in non statutory services. However as it's around 10 % of total spend efficiencies in statutory services is an absolute priority.	Education	1. The respondent advised that they agree with the proposal.
17827	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	The following points is where I agree savings can be made in this section: 5b, 5c, 5f, 5g, 5l. I strongly disagree that cuts should be made to all other points in particular point 5o. The Advice Shop offers an invaluable service to the residents of WL. If cuts were made to Advice Shop then this would have a detrimental impact on WL in particular the most vulnerable who seek support this includes older people, those with a cancer diagnosis & long term conditions. In 2024 / 25 the Advice Shop received 3500 referrals into service including 410 customers from carers of WL generating £1. 2m in extra income for them. Last year the Advice Shop prevented 175 evictions through advice & assistance from their court advice project. The total cost of evicting a single person can be around £24k, this is a substantial saving to the council. Last year the Advice Shop supported 1732 customers from a child poverty priority group - this includes lone parents & families with a disabled adult or child.	Education	1. The respondent advised that they agree with the proposal.
17828	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Everything should be looked at any surplus cash accounted for and not spent because its there	Education	1. The respondent advised that they agree with the proposal.
17829	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop paying for 5c above. Make parents pay for their child transport. Why should wlc be responsible for that?	Education	1. The respondent advised that they agree with the proposal.
17830	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	During current climate these are not required	Education	1. The respondent advised that they agree with the proposal.
17831	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Spaces should not be allocated to children outwith WL unless it's under exceptional circumstances.	Education	1. The respondent advised that they agree with the proposal.
17832	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I agree with the following savings / service reductions - 5c - funding non - WL children (unless their LA can cover actual cost)	Education	1. The respondent advised that they agree with the proposal.
17833	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop spending on all non - statutory services	Education	1. The respondent advised that they agree with the proposal.
17834	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Do all of the above if they budget cannot be met, by the steps previously noted.	Education	1. The respondent advised that they agree with the proposal.
17835	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop doing: 5c.	Education	1. The respondent advised that they agree with the proposal.
17836	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Do not understand why we fund places at partner - provider nurseries for children out with West Lothian, surely this cannot be maintained.	Education	1. The respondent advised that they agree with the proposal.
17837	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop subsidising nursery places for non West Lothian based children.	Education	1. The respondent advised that they agree with the proposal.
17838	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Cross boundary ELC should only be in West Lothian council settings not partnership nurseries	Education	1. The respondent advised that they agree with the proposal.
17839	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Reduce spending on non - statutory services	Education	1. The respondent advised that they agree with the proposal.
17840	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	The provision of statutory services must be reviewed and where not appropriate action should be taken to object.	Education	1. The respondent advised that they agree with the proposal.
17841	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Why is west Lothian council providing educational / nursery funding for non west Lothian I children, it should be for their councils What there should not be is cuts to education	Education	1. The respondent advised that they agree with the proposal.
17842	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Make up the rest by cutting non - statutory services to protect core services.	Education	1. The respondent advised that they agree with the proposal.
17843	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Review all services. Remove funding for non West Lothian children in private nurseries.	Education	1. The respondent advised that they agree with the proposal.
17844	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	stop funding outsiders	Education	1. The respondent advised that they agree with the proposal.

17845	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I would withdraw funding support for non - West Lothian Children at Private Partner Provider Early Learning and Childcare settings. (£700, 000), not in WL, not our concern. I would also withdraw	Education	1. The respondent advised that they agree with the proposal.
17846	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	The lost published of non essential spending seems to include a lot of things that dont seem necessary and could be withdrawn.	Education	1. The respondent advised that they agree with the proposal.
17847	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Any grants or patents to people or businesses outwith West Lothian should stop	Education	1. The respondent advised that they agree with the proposal.
17848	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop funding school places for non West lothian residents.	Education	1. The respondent advised that they agree with the proposal.
17849	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Cut funding to any services provided to non WL residents.	Education	1. The respondent advised that they agree with the proposal.
17850	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop funding kids who dont live in WL to go to nursery in WL. Ridiculous policy	Education	1. The respondent advised that they agree with the proposal.
17851	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I would also withdraw the support for non west lothian kids, not in WL, not our concern.	Education	1. The respondent advised that they agree with the proposal.
17852	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	stop funding nursery places for out of the council area children	Education	1. The respondent advised that they agree with the proposal.
17853	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	paying for children that don't live in west lothian for private nursery?? Its a lot of money need more info to make a decision	Education	1. The respondent advised that they agree with the proposal.
17854	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Decrease the radius of helping young children getting into nursery outside of West Lothian	Education	1. The respondent advised that they agree with the proposal.
17855	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Why should we be provide funding for non - West Lothian children at private partner provider child care settings (5c)?	Education	1. The respondent advised that they agree with the proposal.
17856	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	C should be looked at as I believe would cause the least negative impact in general.	Education	1. The respondent advised that they agree with the proposal.
17857	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I agree with some of these provisions, 5C. In the main I agree with these but require more detail in terms of it potentially impacting on the vulnerable in our communities. An Equality impact assessment is paramount before any these can be taken forward.	Education	1. The respondent advised that they agree with the proposal.
17858	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Yes, up to a point. Non - West Lothian children should be funded by their own council.	Education	1. The respondent advised that they agree with the proposal.
17859	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Services which could be looked at more closely are 5c	Education	1. The respondent advised that they agree with the proposal.
17860	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	You have to look at all these services	Education	1. The respondent advised that they agree with the proposal.
17861	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Not important -funding of cross boundary nursery places	Education	1. The respondent advised that they agree with the proposal.
17862	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	we shouldn't be subsidising nursery provision for non West Lothian children.	Education	1. The respondent advised that they agree with the proposal.
17863	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Defo that these should be looked at and stopped	Education	1. The respondent advised that they agree with the proposal.
17864	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Agree with them all	Education	1. The respondent advised that they agree with the proposal.
17865	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c. Why do we fund non West Lothian children? Their own Council should fund them.	Education	1. The respondent advised that they agree with the proposal.

17908	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	c) do not fund children out with West Lothian unless their council also funds us.	Education	1. The respondent advised that they agree with the proposal.
17909	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	All of the services listed support various aspects of lives in the county. However, I do have to question why we are funding non resident education services for children outwith West Lothian as in an earlier question you talked about streamlining education services to manage the delivery of education across the county.	Education	1. The respondent advised that they agree with the proposal.
17910	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	The ones from the previous page which I would agree with reducing or removing spending from would be 5c.	Education	1. The respondent advised that they agree with the proposal.
17911	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I only agree to reduce / remove spending on points from previous page which are: 5c.	Education	1. The respondent advised that they agree with the proposal.
17912	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	2) funding support for non - West Lothian children	Education	1. The respondent advised that they agree with the proposal.
17913	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	With exception of youth social activity funding everything else should be cut	Education	1. The respondent advised that they agree with the proposal.
17914	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Definitely do not cut lollipop services as this would impact the safety of our children and young people. Why are West Lothian funding non local authority children to attend private ELCs? Surely this could be looked at as an alternative to cutting safety crossing patrols?	Education	1. The respondent advised that they agree with the proposal.
17915	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Funding support for non - West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Education	1. The respondent advised that they agree with the proposal.
17916	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Funding support for non - West Lothian Children at Private Partner Provider Early Learning and Childcare settings. Should only be used if there are no available spaces at WLC provider.	Education	1. The respondent advised that they agree with the proposal.
17917	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Review and reduce: 5c - WLC pay for WLC kids, vice versa	Education	1. The respondent advised that they agree with the proposal.
17918	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop the use of 5c	Education	1. The respondent advised that they agree with the proposal.
17919	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Why is WLC providing funding for Non - WLC nursery spaces	Education	1. The respondent advised that they agree with the proposal.
17920	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c why do we pay for children to attend schools outwith west lothian - not necessary	Education	1. The respondent advised that they agree with the proposal.
17921	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop spending money on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
17922	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c yes cut them the rest of these are viable and have to stay	Education	1. The respondent advised that they agree with the proposal.
17923	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Why don't you just take absolutely everything away... basic fundamentals at play here.	Education	1. The respondent advised that they agree with the proposal.
17924	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Council resources should focus on supporting local families and communities, ensuring funding is used within West Lothian rather than covering costs for those outside the area.	Education	1. The respondent advised that they agree with the proposal.
17925	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Spending on these services should be revised. Some areas get more of these services than others. A complete overhaul of services and budgets are required.	Education	1. The respondent advised that they agree with the proposal.
17926	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	The only one that should be cut is services to non west lothian residents. Not sure why this is a thing	Education	1. The respondent advised that they agree with the proposal.
17927	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	The majority of these are essential to the well being of everyone but agree non west lothian residents should not be subsidised for child care spaces	Education	1. The respondent advised that they agree with the proposal.
17928	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Though funding for non western Lothian children is ridiculous!	Education	1. The respondent advised that they agree with the proposal.

17929	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Cut discretionary services.	Education	1. The respondent advised that they agree with the proposal.
17930	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop spending on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
17931	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Reduce spending on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
17932	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Cut everything unnecessary and provide essential services only.	Education	1. The respondent advised that they agree with the proposal.
17933	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I think a consideration should be given to more focus on reduction of non statutory services	Education	1. The respondent advised that they agree with the proposal.
17934	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Cut back non essential services.	Education	1. The respondent advised that they agree with the proposal.
17935	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Live within your means and don 't spend money on unnecessary non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
17936	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Its very simple - stop spending money you don 't have on services you don 't need to provide,	Education	1. The respondent advised that they agree with the proposal.
17937	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	You listed many cost saving examples which don't affect people and especially don't affect your own residents. Try implementing them first.	Education	1. The respondent advised that they agree with the proposal.
17938	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop paying for non essential services and save the money from that	Education	1. The respondent advised that they agree with the proposal.
17939	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I have learned today through this survey that the council is needlessly spending money and I would not be happy for an increase to further support for things like children in other local authorities.	Education	1. The respondent advised that they agree with the proposal.
17940	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Rather than tax more, cut the non - statutory services you are not obliged to provide,	Education	1. The respondent advised that they agree with the proposal.
17941	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Why are we paying for kids from outwith WL to attend schools in WL.	Education	1. The respondent advised that they agree with the proposal.
17942	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	You could definitely reduce some of these but focus should be on things that wouldn 't result in a loss of service and support for vulnerable people. So no cuts to community services for vulnerable groups but maybe spend less where there isnt a direct loss of service.	Education	1. The respondent advised that they agree with the proposal.
17943	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	While I agree some of these services need to be cut alot of communities really need them	Education	1. The respondent advised that they agree with the proposal.
17944	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	If the service isnt benefiting people and not being used then thinking about removing it worth considering.	Education	1. The respondent advised that they agree with the proposal.
17945	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c - agree to make savings here	Education	1. The respondent advised that they agree with the proposal.
17946	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Non stat services cover a wide area of council services. Would agree non west Lothian resident children should not be supported in early years childcare	Education	1. The respondent advised that they agree with the proposal.
17947	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Make value for money the priority. If non statutory services have high value and returns to the west Lothian community then keep. Why are we funding children 's services for another local authority. Stop.	Education	1. The respondent advised that they agree with the proposal.
17948	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Balance the books by cutting non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
17949	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Your wn figures show you can live within your means if you cut unnecessary non - statutory services.	Education	1. The respondent advised that they agree with the proposal.

17950	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop spending on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
17951	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Your figures show you don't need to raise taxes or charges if you stop spending money on non - statutory services - this is where the savings should come from.	Education	1. The respondent advised that they agree with the proposal.
17952	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop spending money on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
17953	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Cut spending on non - statutory services	Education	1. The respondent advised that they agree with the proposal.
17954	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	EIC funding should only be for children who live in west lothian	Education	1. The respondent advised that they agree with the proposal.
17955	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Out of council requests for childcare etc should be rejected or charged to another council (assuming that currently there is not an equal balance of places being offered free to WLC in Edinburgh / Falkirk etc where charging could result in higher costs were they to also introduce charges)	Education	1. The respondent advised that they agree with the proposal.
17956	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Possible reductions – 5c	Education	1. The respondent advised that they agree with the proposal.
17957	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop spending on unnecessary non - statutory services	Education	1. The respondent advised that they agree with the proposal.
17958	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Looking at the list serious savings can be made but safety and well being preserved some examples 5c and 5g easy saving why is even provided.	Education	1. The respondent advised that they agree with the proposal.
17959	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	It is important that children go to school and do not cause issues. However I do not think we should fund any one outside of the West Lothian area.	Education	1. The respondent advised that they agree with the proposal.
17960	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Supporting private nursery placements for children outwith West Lothian should be cut.	Education	1. The respondent advised that they agree with the proposal.
17961	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Removing the non west Lothian nursery funding makes sense as the host council should cover this though if they have reciprocal arrangements then saving is potentially smaller should we cut the funding.	Education	1. The respondent advised that they agree with the proposal.
17962	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Why spend money on non West Lothian children attending private nursery? Baffling!	Education	1. The respondent advised that they agree with the proposal.
17963	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	non statutory services are just as valuable if not more so and if they didn't exist this would put even more pressure on schools social services and social workers. 5a yes / 5 b no reps need to be open honest accountable / 5c yes cut	Education	1. The respondent advised that they agree with the proposal.
17964	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c. YES REMOVE	Education	1. The respondent advised that they agree with the proposal.
17965	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Some of the cuts on non - statutory services would help massively and I can't actually believe that we are paying for things like non - west lothian children or bus services within boundaries.	Education	1. The respondent advised that they agree with the proposal.
17966	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	West Lothian Council has a proven track record of delivering huge savings. Now the council is on it's knees as a result of lack of funding from central government for years - suggest services should be restricted to statutory only unless the financial settlement provided to the council is fair and reasonable to enable council to deliver the services needed.	Education	1. The respondent advised that they agree with the proposal.
17967	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I agree with some of these but not others. 5c - why are we taking on non West Lothian children? I understand for support reasons but surely their local councils should provide adequate support.	Education	1. The respondent advised that they agree with the proposal.
17968	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Feel free to cut the provision of nursery places to people from outside the area	Education	1. The respondent advised that they agree with the proposal.
17969	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	All non statutory services should be looked at to help streamline and make savings if possible, but completely stopping funding seems short sighted	Education	1. The respondent advised that they agree with the proposal.
17970	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I agree with majority except Christmas lights.	Education	1. The respondent advised that they agree with the proposal.

17971	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Following services to be cut: 5c	Education	1. The respondent advised that they agree with the proposal.
17972	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Spend on the non west lothian council residents should be stopped.	Education	1. The respondent advised that they agree with the proposal.
17973	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop subsidising services provided to non west lothian residents.	Education	1. The respondent advised that they agree with the proposal.
17974	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	We also need busses so people can travel to work. No work will impacting the government which lead to them slashing everyone's funding.	Education	1. The respondent advised that they agree with the proposal.
17975	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	where possible retain any involving vulnerable or young persons within the county but remove any that aren't shown to be working and can be replicated in other savings.	Education	1. The respondent advised that they agree with the proposal.
17976	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Wow with the removal of all these West Lothian Council does not look like a place where I would like to stay in.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17977	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	None of these should be stopped! Every one of these includes life or death circumstances! They incorporate the health and wellbeing of the residents. You are suggesting cutting items that people need. It is items people assume is why we pay a council tax! Reducing gritting or roads and pavements more has the possibility of causing injury or death! No cost is too much for this. We need each other. We need companionship. We need groups and locations where people can sit and talk and learn and eradicate racism bigotry and counter the fake news and gossip spread by locking people in their homes receiving their news from social media. Again! Internal saving first before you cut externally	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17978	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	There are savings and efficiencies to be made but there is also a lot of value in the services being offered so there is nothing on the list that I would be in favour of scrapping entirely. For example the central services provided in Education Services are important for ensuring statutory compliance and quality of service, and the work that is carried out would not just go away, it would be passed to Headteachers and their staff who would not have capacity to do it.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17979	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I agree with most of these but they are not saving money. These services need to be continued.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17980	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Agree with almost all proposal - however disagree strongly in 5C / 5H our children should not suffer in budget cuts. Schools and support for schools particularly our children with additional needs should be the councils biggest priority. We value the service 's provided but further rationalisation is required across all the other non - statutory services to ensure we protect the children of West Lothian 's future.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17981	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	anything that involves children or teenagers NO there is little enough for them	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17982	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Most of this spending improves the quality of life of West Lothian residents and any reduction should be done carefully. I would query the support given to children from other local authority areas. I would have thought if the other local authority cannot provide the service it should be billed for it.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17983	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c. Many parents struggle to send their children to nursery, and you would be forcing working mothers out of their jobs to care for their children instead.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17984	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Do not cut cross boundary funding - I have experienced this from edinburgh council and has a huge impact. Goes against the GIRFEC principles	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17985	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	disagree with 5C	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17986	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	No to: 5c - helps people get out the house, improves confidence & brushes up skills improves mental health	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17987	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	The non statutory areas are necessary	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17988	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Everything else can stay.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17989	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	That 's why we pay the council. There will be little support for any of you if you continue fown this route. You are hitting out at the most vulnerable in our society. Shame on you.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17990	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	No cuts to non - statutory services these are life enhancing and have suffered many reductions in funding	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

17991	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	These are so important for communities and morale. Please don't take these away.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17992	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	The time you do that we would have nothing	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17993	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Stop cutting back on things the public actually accesses. Also I think meetings should be shown to the public and allow the public to vote on what you are proposing. As suggested in the first one, look on the inside before you start cutting people use! If this is what WL is planning in doing you will find a lot of people move away or chose not to live in this area. Ridiculous	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17994	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	No there are too many things on this list that are needed	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17995	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Going to ruin communities	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17996	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	we need all of these services to continue	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17997	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	These are essential services to our communities Not seeing a. Reduction in council salaries	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17998	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	While some statutory services could be reduced, most of them are very important, and their recipients often belong to vulnerable groups. Significant cuts to these services will cause significant problems which could require solutions more costly than the current cost of statutory services.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
17999	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I think funding for these should be kept to improve communities and support families within the community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18000	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	This impacts people and community, and they are struggling just like you are. Don't penalise us further.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18001	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	No I don't agree.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18002	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	They may not be statutory but they all look essential to me	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18003	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	you want to create communities not just statutory funded functions for the residents of West Lothian. It's not enough just to exist, you want to create communities worth living in.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18004	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I think these services are important to the people who benefit from them.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18005	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	You have already cut back so much so no!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18006	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Please don't cut the instrumental music service. On paper this is a non-statutory service but in real life the service provides vital music lessons and education for pupils sitting national 5, higher and advanced higher courses. The service also provides bands and orchestras for the young people of West Lothian. Music education has been long proven to improve numeracy and literacy along with vital skills young people will use in the future. The health and well-being of our young people is greatly enhanced by this fabulous music service.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18007	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	These services all have far-reaching benefits for the community.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18008	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Remove more services but council tax payers get hit in the pocket? Joke.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18009	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Please no further cuts. It's not viable.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18010	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Every one of these services should be statutory. Removal or reduction of any of these, and so may more is abhorrent.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18011	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Why should they lose out	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18012	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	It must always be considered how some of the 'non 'statutory services provide much more than they cost in real terms!... as far as the health, wellbeing and future development of young people these services are imperative. ... although the long term future of the average officer / councillor is finite... the future of West Lothian is a legacy that we, NOW, can futureproof!... a short sighted view of long established services will only harm our already poor reputation as we cannot provide the service we aspire to.... Please examine the long term future and savings / income / grants etc	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18013	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	All vital services needed to support people to live their best lives. The council needs to support people and not keep removing things. WL has very limited opportunities without cutting anymore. Look at more efficient ways. Actually engage with service users for each service as they would have the ideas you seek!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18014	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	stop taking everything away from us you get enough tax money from us so stop digging up the same road over and over again wasting precious money	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18015	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Reducing all these listed will reduce the appeal of West Lothian. These services should be improved.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18016	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Reducing these costs would affect our communities and destroy family life.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18017	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Some of these services are essential for the community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18018	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	These services are vital	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18019	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Absolutely not! Leave as is.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18020	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Non - Statutory services are vital to the community and removing them would be seriously detrimental. Perhaps looking at streamlining services so related information is available in one place & cutting out several layers of management.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18021	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	These are vital services and should not be touched.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18022	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	The majority of these are what I would consider good council services and should be retained.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18023	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Do not reduce spending on any of these	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18024	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Councils should not reduce this. They need to increase joint up working	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18025	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Although these services are not required by law, they are essential for community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18026	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Although these services are not required by law, they are essential for community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18027	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	No, these services are needed.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18028	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	These services are important for the people of WLC and the community. Stripping these would make the area less attractive to stay in. I would rather pay more Council Tax. Why haven't the older houses been re - evaluated, I don't pay enough Council Tax in my opinion as I live in an old house. This simple exercise would rather millions rendering most of these cuts unnecessary.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18029	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Absolutely outrageous the propositions. Except the upkeep of golf courses (where rich people can fund and play) I don't agree with any of the cuts. Kids needs music, education programs, health and safety support. Already they have very little things to do and most are disrespectful, idle having no courses to engage or develop their skills. Community projects are a must.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18030	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	No as these are vital. I know you call them non statutory however adult youth and community services are vital. Statutory services rely on the no stats. As they cant cope. Bad. This is a recipe for disaster. Stop these cuts now! Let 's kids play let youth get support. Let LGBT community get support from the service.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18031	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	If the council wants to just be a provider of last resort then go ahead and stop all non statutory functions. But I strongly suspect that this is not what people in West Lothian want and they will make their feelings known through the ballot box given the chance. Scotland is not a third world country (yet) and the services provided by local authorities need to be seen for more than just their monetary value. Local authorities should be funded to enrich the lives of the people they serve and the problem is clearly that they are not.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18032	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	You should be utterly ashamed at removing some of these services. You have a duty as a council to help the community. None of this will matter, you'll still increase costs and reduce services.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

18033	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	reads like a dereliction of duty here.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18034	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Protect all the stated services here. Has anyone projected the disaster this can and will cause if this goes ahead.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18035	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	No, you are cutting to the bone not to the benefit of the people of West Lothian.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18036	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	There seems to be a view that these are all 'nice to have' but not essential. I would strongly disagree. Once again it's a case of not seeing the true value of these things and just reducing it all to pounds and pennies. Just because a service is non statutory shouldn't diminish it's importance and make it fair game for getting cut. There are an awful lot of good people doing great things for the people of West Lothian and they certainly don't deserve to be treated as second class employees and jettisoned as a knee jerk reaction every time there is a need to find savings. It does very little for staff morale to keep being touted as a solution to a problem not of their making. Have some compassion and show some sensitivity!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18037	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I don't necessarily think that non - statutory spending should be reduced although I do think that all spending should be considered. Many of the non - statutory items are very important to people and communities.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18038	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	The problem with reducing non statutory spending is it may make a short term saving the long term cost, which will have to be paid for by the council although may not be a direct cost	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18039	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	No. These are important and make West Lothian an excellent place to live	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18040	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I cannot agree with reducing spending on non - statutory services. It is an easy financial win; however, the long - term consequences of reducing or removing some of these services are huge	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18041	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Dumbfounded someone actually costed losing these facilities. Disgusting proposals.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18042	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	These services add quality to life in West Lothian. Please do not cut further.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18043	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	services to the community should not be cut..	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18044	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	No we need these it's important there's hardly anything out there Go tax the big wigs with money more instead of coming after the poor!!!!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18045	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	While reducing or cutting non - statutory services may appear to be an easy cost - saving measure on paper, it ignores the long - term social and financial impact these services have on our communities. Non - statutory does not mean non - essential. Many of these services — such as youth work, community centres, early intervention programmes, libraries, and mental health support — are vital in preventing more expensive statutory interventions down the line. Removing these supports would not only erode the quality of life in West Lothian but also drive increased demand in areas like social work, education support, and emergency services. In short, these are investments, not luxuries. Sustainable financial strategy means looking beyond short - term savings and recognising the true value these services provide to residents — particularly the most vulnerable.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18046	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	No I disagree and feel very strongly that the Council needs to plan ahead and shape services around the changing population, but I feel that these services are absolutely crucial to supporting our local economy and community. It's not fair to expect local services to keep doing more with less, especially when the number of older people needing care and support is rising so quickly. Any changes should be made carefully and only after proper consultation with the people who actually use these services. Cutting too much now would harm our communities in the long run. I am really disappointed and frustrated by the amount of cost - cutting and money - saving measures being proposed. Local people and serv	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18047	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	A lot on non statutory services are required and relied upon by us as public members whether you see it as non statutory or not, it is in the eyes of the public	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18048	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Lack of non statutory services just puts pressure on statutory services and is therefore an inefficient response.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18049	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	These services are vital and a life line for many people - if you remove them they will require formal services and these will cost more	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18050	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	These would be detrimental.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

18051	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Totally disagree with this	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18052	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	So if the council will give up all those services who then will deliver them as there is not many in West Lothian free services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18053	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	These services are what hold our communities together and I would vehemently be against their removal. How about making savings from those who do not contribute to our communities, as opposed to those who do?	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18054	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Most of the services provided appear to be important and with the exception of one or two would seem to be what's needed.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18055	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Again, too much lost already	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18056	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Many of these services are essential	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18057	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	most of the non statutory services are beneficial for community as there is not any alternatives for access them apart via the council.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18058	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Although these are non - statutory services they make an important contribution to life in West Lothian and how West Lothian Council Works. The knock on effect of removing these services is far larger than is implied by the accompanying statements. In addition there are no alternative services for to fill the gaps created by their removal.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18059	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	these are important - keep them and make decisions on the big stuff where big savings can be made	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18060	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	This is the vital unseen part of what's needed in communities - this needs continual funding, especially on local infrastructure	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18061	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Too many depend on these non statutory services and alienating tourists mean income moves elsewhere	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18062	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	They may be non statutory but seem very important and if removed would significantly impact on communities.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18063	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	These cuts will impact on the community hugely	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18064	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Nope, they should be put money into the services making the services more stable not taking the money away from it all	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18065	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	We should not be cutting anything regarding childrens welfare.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18066	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Children should not be affected. These services should not be cut they are west lothian future and these decisions shape how they will be.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18067	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I do not. This is all very important to the community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18068	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Too many cuts already	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18069	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Most of these non - stat services are services council tax payers expect to see. To remove them would be nothing short of a joke.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18070	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Feel this could be better managed but don't believe reducing / removing these services is a good idea	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18071	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I don't think any of this should be reduced.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18072	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	A lot of people rely on these services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18073	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Often the non statutory aspects are the buffer for those on low incomes and loss of these supports affects the physical and mental well being of the clients. Large employers should be encouraged to support more community based projects.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18074	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Cutting off from other sources not from these essential services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18075	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	With the exception of bunting, Christmas lights and golf courses, these are all essential services. Surely the Council would not remove itself from COSLA?	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18076	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	No I do not agree, these services are important to communities	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18077	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Absolutely not these services are vital for West Lothian	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18078	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	non statutory services cannot be cut. these services are essential to early intervention and prevention for chronic issues e. g. violence against women and girls and mental health services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18079	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	All of these seem vital to the community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18080	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	These services are critical to West Lothian, and some of these services helps people meet other people and also assist with these day activities. West Lothian council needs to make sure they are not making people who use these services from being affected by physical and emotional stress of not having these services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18081	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Also, taking away funding to private nurseries which a lot of families rely on - it's not always possible to attend the nursery within your catchment due to various issues including restrictive timings etc. Parents, in particular mothers are encouraged back to work but cannot do this without the provision of childcare.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18082	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	No - absolutely do not agree. And I have already gave a brief run down of why I think this and also what my idea to improve things would consist of. To take funding away from these would be abhorrent to the people who make use of them	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18083	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	think these are all services that are needed	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18084	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	These are all important funding	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18085	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	all these things are needed	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18086	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	These services should be kept in place	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18087	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Non - statutory services are really important especially things to do with early learning. They are so valuable and target the most vulnerable. Prevent other issues down the line.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18088	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Option 5c - It is the belief of NDNA members within West Lothian that any proposal to curtail the operation of ELC cross boundary placements, where these are chosen to be in a partner setting or childminder, is an abnegation of statutory instructions and would expose the council to legal risk. Local Authorities are obliged to ensure that choice is available to parents and should do so in a "provider neutral" manner. This means that any provider which meets the National Standard and is willing to go into partnership with the local authority can deliver funded provision. Local Authorities are obliged to ensure that options are not (and the emphasis is in the original document here) limited to their own boundaries and are specifically instructed to engage in information sharing regarding funded providers in other areas to support parental choice. Although WL NDNA members accept and understand that funding and budget choices are more complex than "which looks cheaper", it is unclear to us how a genuine saving of the scale suggested in the proposed consultation could be made through moving cross boundary provision from a PVI to a public setting.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18089	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Spending money on educational and youth based services is essential to a healthy, safe and vibrant community.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18090	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Against a lot of education services that should not be touched at all	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

18094	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Difficult one, but these are the things that bind our society together. The importance of these things can be so much more beneficial than any monetary value can say.	Education	3. The respondent advised that they had no comment to make.
18095	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	no	Education	3. The respondent advised that they had no comment to make.
18096	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	There should also be a clearer focus on local reinvestment to ensure communities benefit from any income raised. Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Education	3. The respondent advised that they had no comment to make.
18097	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Cutting is not the answer, efficiency is the answer.	Education	4. The council is already doing this.
18098	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	50 week setting in nursery are under used with many setting having more staff than children during holiday term time setting are cheaper and more cost effective.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18099	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	parents using a private nursery should meet their own costs	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18100	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	These need to be run better not cutting in services	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18101	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Education food waste is astronomical. Children attending either am / pm sessions are continually eating at home before or after session and food therefore goes to waste.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18102	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	A lot of these services are already being or have been cut back. Not all should be cut back.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18103	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	I thought these services were already paid for through council tax!	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18104	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	This needs looked at carefully and prioritised many of the things listed could be cut but others should be kept a degree of common sense needed	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18105	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Some of the areas highlighted are critical for the residents of west lothian and further investigation would be required	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18106	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Providing information, education and news to customers on both council and local services, and events via the council's social media channels, and the council's newspaper, Bulletin. (£56, 000)	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18107	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Finding for nursery kids that don't live in west lothian;	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18108	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Would question what exactly we are paying our council tax for?	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18109	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Look at ways to keep the services but reducing the times.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18110	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Some of them should be prioritised above others	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18111	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Cuts and more cuts. Some yes but the majority no. These are much needed services	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18112	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c why are the council supporting non West Lothian children isn't that the council where they live responsibly unless of course this is a reciprocal arrangement.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18113	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18114	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	What is the rationale for funding non - WL children to access childcare places?	Education	9. The respondent made a comment on the survey question
18115	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c) is there a reciprocal agreement if not, why not	Education	9. The respondent made a comment on the survey question
18116	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c. Does cross charging with other councils exist?	Education	9. The respondent made a comment on the survey question
18117	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	5c. Does cross charging with other councils exist?	Education	9. The respondent made a comment on the survey question
18118	Theme 5- Reducing Spending on Non-Statutory Services	5c - Funding support for non-West Lothian Children at Private Partner Provider Early Learning and Childcare settings.	Some services can be removed or capped. But since you have placed them all on one category. Without being able to vote for specific ones, my answer is no	Education	9. The respondent made a comment on the survey question
18119	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	With exception of youth social activity funding everything else should be cut	Education	1. The respondent advised that they agree with the proposal.
18120	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I agree with this in principle however it is essential council continues to support important and vital community organisations & activities.	Education	1. The respondent advised that they agree with the proposal.
18121	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Some massive savings to be had here and these are some of the areas you need to look at in great detail.	Education	1. The respondent advised that they agree with the proposal.
18122	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Times are tough. Time to tighten the belt and maybe when you arnt crippled by debt you can look at these items again to reintroduce them.	Education	1. The respondent advised that they agree with the proposal.
18123	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Within reason	Education	1. The respondent advised that they agree with the proposal.
18124	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes	Education	1. The respondent advised that they agree with the proposal.
18125	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Although this is a difficult decision it is required to balance the books based on the funding allocation.	Education	1. The respondent advised that they agree with the proposal.
18126	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Look at ways to reduce costs in each area but do not cut any of the serviced entirely	Education	1. The respondent advised that they agree with the proposal.
18127	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes but leave the schools alone.	Education	1. The respondent advised that they agree with the proposal.
18128	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	A lot of the rest seems like wasted money really.	Education	1. The respondent advised that they agree with the proposal.
18129	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes, there should be a common sense approach but not to the detriment of the majority. There will be corner cases that need reviewed separately HOWEVER all waste should be eradicated.	Education	1. The respondent advised that they agree with the proposal.
18130	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	We have never been in a worse state, stop funding the nice to do and fund the must do	Education	1. The respondent advised that they agree with the proposal.
18131	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes. They should be providing a statutory service of maintaining roads, refuse collections and recycling etc. But anything out with statutory needs to go	Education	1. The respondent advised that they agree with the proposal.
18132	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Absolutely, maintain and improve core services.	Education	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18133	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes but not everything at once. Please be mindful about our safety and wellbeing	Education	1. The respondent advised that they agree with the proposal.
18134	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I agree to reduce this spending but not at the expense of safety (i.e. gritting of roads etc) also people's mental well being needs to be at the forefront, especially as these times are hard financially on all of us.	Education	1. The respondent advised that they agree with the proposal.
18135	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Some of this is just crazy. Major cuts needed	Education	1. The respondent advised that they agree with the proposal.
18136	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	All other extras reduce or eliminate.	Education	1. The respondent advised that they agree with the proposal.
18137	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I would agree although we must be looking at improvements / cuts that will ho in favour of future generations. The country is on its knees and its not going yo get any better	Education	1. The respondent advised that they agree with the proposal.
18138	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes but we can also reduce spending on statutory services. We still provide the service but to a lesser extent	Education	1. The respondent advised that they agree with the proposal.
18139	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	If it's not legally required to be provided then why would the council pay for it. You need to start thinking with private sector mindset if you have such a dire financial shortfall.	Education	1. The respondent advised that they agree with the proposal.
18140	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes stop spending on all non statutory areas	Education	1. The respondent advised that they agree with the proposal.
18141	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I think all these proposals make sense	Education	1. The respondent advised that they agree with the proposal.
18142	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d An adult learning service which delivers a wide range of courses for adults. (£516, 000) - waste of time	Education	1. The respondent advised that they agree with the proposal.
18143	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	All the non statutory spending should be cut to a bare minimum.	Education	1. The respondent advised that they agree with the proposal.
18144	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I agree with most of these.	Education	1. The respondent advised that they agree with the proposal.
18145	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Sadly, I do agree	Education	1. The respondent advised that they agree with the proposal.
18146	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Any none essentials should be reduced.	Education	1. The respondent advised that they agree with the proposal.
18147	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Completely agree, some of the charges are a complete waste of money and unnecessary	Education	1. The respondent advised that they agree with the proposal.
18148	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I agree wiht the exception of the following items: d	Education	1. The respondent advised that they agree with the proposal.
18149	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	All of the above	Education	1. The respondent advised that they agree with the proposal.
18150	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yeah absolutely these are all things that could be readjusted... by either minimising staff in certain areas and charging for certain services such as the music group and waste disposal... if you are providing a service you can charge a fee to make a profit rather than just blowing it out the window.... if certain positions are overstaffed and could be done with less cut down....	Education	1. The respondent advised that they agree with the proposal.
18151	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Unfortunately only essential services should be supported	Education	1. The respondent advised that they agree with the proposal.
18152	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Remove all services which are not mandatory	Education	1. The respondent advised that they agree with the proposal.
18153	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Agree with almost all proposal - however disagree strongly in 5C / 5H our children should not suffer in budget cuts. Schools and support for schools particularly our children with additional needs should be the councils biggest priority. We value the service's provided but further rationalisation is required across all the other non - statutory services to ensure we protect the children of West Lothian's future.	Education	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18154	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I agree, but.. I can see west Lothian turning into a dump if they get rid off all those services	Education	1. The respondent advised that they agree with the proposal.
18155	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	With the exception of 5m, 5n, 5p and 5x which I think should remain, I believe all the other suggested savings should be made	Education	1. The respondent advised that they agree with the proposal.
18156	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Reduce non - statutory spending as much as possible.	Education	1. The respondent advised that they agree with the proposal.
18157	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	stop funding to anything that is not for the most vulnerable people that reside in west Lothian	Education	1. The respondent advised that they agree with the proposal.
18158	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	The amount of waste is huge within two or three areas. Adult Learning dance classes? Come on. Councillors need to see this and make the decision to get rid of the nonsense.	Education	1. The respondent advised that they agree with the proposal.
18159	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Protect statutory services and stop delivering non statutory	Education	1. The respondent advised that they agree with the proposal.
18160	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	The adult learning team. Not necessary and one of the areas that is clearly not a council service. Just look at their programmes! disgrace	Education	1. The respondent advised that they agree with the proposal.
18161	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Adult learning! Since when was it important for a council to provide such a level of drive? Dancing classes? Pizza making? This should not exist. this is a classic "nice to have". It is not important and no council funding should be used for it	Education	1. The respondent advised that they agree with the proposal.
18162	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes, however, it will have an impact on communities and in some circumstances may lead to additional costs to the Council	Education	1. The respondent advised that they agree with the proposal.
18163	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d, I agree this could stop	Education	1. The respondent advised that they agree with the proposal.
18164	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes but perhaps increasing planning fees would assist this gap?	Education	1. The respondent advised that they agree with the proposal.
18165	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I agree with all of these proposals	Education	1. The respondent advised that they agree with the proposal.
18166	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Only if necessary.	Education	1. The respondent advised that they agree with the proposal.
18167	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I have personal experience of adult learning and am confident MANY savings can be made there.	Education	1. The respondent advised that they agree with the proposal.
18168	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Absolutely agree	Education	1. The respondent advised that they agree with the proposal.
18169	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	The council should only spend what it can afford to spend. If it can afford to spend on non statutory then it should but it should be well thought out and if you can't do it all maybe you do it on rotation for every year	Education	1. The respondent advised that they agree with the proposal.
18170	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes	Education	1. The respondent advised that they agree with the proposal.
18171	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	You could balance the books by stopping providing services that are not required by law - make savings in all these areas.	Education	1. The respondent advised that they agree with the proposal.
18172	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Make major savings from all non - statutory services in order to concentrate on statutory	Education	1. The respondent advised that they agree with the proposal.
18173	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	adult learning service which delivers a wide range of courses for adults. (£516, 000) this should be reduced.	Education	1. The respondent advised that they agree with the proposal.
18174	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes	Education	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18175	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes I agree.	Education	1. The respondent advised that they agree with the proposal.
18176	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	To save money	Education	1. The respondent advised that they agree with the proposal.
18177	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes	Education	1. The respondent advised that they agree with the proposal.
18178	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Adult education could be provided by the college	Education	1. The respondent advised that they agree with the proposal.
18179	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Scrap adult learning courses - I have relatives who have tried some of these and their feedback was NOT favourable - particularly the IT skills course for older people which was shambolic.	Education	1. The respondent advised that they agree with the proposal.
18180	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	There is definitely a need to reduce spending on non statutory services	Education	1. The respondent advised that they agree with the proposal.
18181	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	But only where there is no detrimental effect	Education	1. The respondent advised that they agree with the proposal.
18182	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I would remove all but essential spend.	Education	1. The respondent advised that they agree with the proposal.
18183	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I agree this has to happen because there is realistically no other option with such a significant budget gap. However, there needs to be careful consideration about the pressure that these reductions in spending will place on Statutory services.	Education	1. The respondent advised that they agree with the proposal.
18184	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Stop altogether.	Education	1. The respondent advised that they agree with the proposal.
18185	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Fine	Education	1. The respondent advised that they agree with the proposal.
18186	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes reduce services	Education	1. The respondent advised that they agree with the proposal.
18187	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	All the suggestions on the previous page have merit	Education	1. The respondent advised that they agree with the proposal.
18188	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	this is an obvious area to look at, however some of the items listed would be a great loss and this needs careful consideration.	Education	1. The respondent advised that they agree with the proposal.
18189	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Agree that Council should look at range of non - statutory services being provided but acknowledging that many add significant economic, social, community and environmental value and benefits to West Lothian residents and communities - which without these services would potentially have an adverse impact on these very communities.	Education	1. The respondent advised that they agree with the proposal.
18190	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes, reduce spending here. I think it is still important to offer some support for less fortunate and possible at risk children during school holidays and offering days where a professional will see them in order to monitor safety	Education	1. The respondent advised that they agree with the proposal.
18191	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Review these and make savings / better planning for services on offer and who uses which facilities	Education	1. The respondent advised that they agree with the proposal.
18192	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I agree with all of these ways of saving money. I know people who get a council house then lets someone else live in it, most common people who are in drug related I understand the need to save money, s for the council homes that are not used for people's drug related acts this has to include looking at the fraud side this has been going on for along time.	Education	1. The respondent advised that they agree with the proposal.
18193	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	To a certain extent but I would need very careful scrutiny and thought which might outweigh the benefits	Education	1. The respondent advised that they agree with the proposal.
18194	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Most of this seems reasonable but you could save money by encouraging community engagement with these ideas. People will lend their time to improving the world around them if you let them. Encourage people to get involved with these and help communities start to engage with themselves. Otherwise whats the point?	Education	1. The respondent advised that they agree with the proposal.
18195	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes, I agree that the Council should reduce spending on non - statutory services, especially in the current financial climate. Given the size of the budget gap facing West Lothian Council, it is essential to prioritise funding for statutory services that the council is legally obliged to provide, such as education, social care, and waste collection. Non - statutory services, while valuable, are discretionary and may need to be scaled back or redesigned to ensure the council can continue to deliver its core responsibilities effectively. This does not necessarily mean removing these services altogether, but rather ensuring they are delivered efficiently, reducing duplication, and exploring alternative models such as joint ventures or partnerships with other organisations.	Education	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18196	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	All of these are ancillary and should be eliminated. People who care about such things can demonstrate such by paying for them	Education	1. The respondent advised that they agree with the proposal.
18197	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I have insufficient knowledge of the details of non - statutory services provision to provide further suggestions. However, in the current economic position, the cessation of many of those activities listed previously is a no - brainer. I'm surprised they have not been stopped before. 5g is the most alarming item to me.	Education	1. The respondent advised that they agree with the proposal.
18198	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	This is the easiest option and shows that the extras that need to be saved	Education	1. The respondent advised that they agree with the proposal.
18199	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I agree. Money is being overspent.	Education	1. The respondent advised that they agree with the proposal.
18200	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Too much money is being wasted on these services	Education	1. The respondent advised that they agree with the proposal.
18201	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Only provide essential services	Education	1. The respondent advised that they agree with the proposal.
18202	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Funding should be reduced for non statutory services unfortunately needs must.	Education	1. The respondent advised that they agree with the proposal.
18203	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Almost all of the above should be reviewed to assess the impact of this spend has on achieving councils core priorities and to see if it duplicates / competes with third sector or other stakeholder provision. Could some of this provision be delivered as well / better by other agencies e.g. NHS, college, charities or the business community. Is the provision needed in an AI world where people can access a wealth of information in other ways?	Education	1. The respondent advised that they agree with the proposal.
18204	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Adult learning services	Education	1. The respondent advised that they agree with the proposal.
18205	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Reduce spending in all non statutory services before cutting statutory services. Parliament has decided which services are statutory, and funds councils to provide them. Don't risk the effectiveness of statutory services by throwing this money away where its not required. Stop some spending completely i.e anti - poverty, regeneration, non - statutory school busses.	Education	1. The respondent advised that they agree with the proposal.
18206	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d look like prime areas for savings.	Education	1. The respondent advised that they agree with the proposal.
18207	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes. Cut: 5a to 5e.	Education	1. The respondent advised that they agree with the proposal.
18208	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes agree	Education	1. The respondent advised that they agree with the proposal.
18209	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	£516k is far too much for adult learning. This can be reduced.	Education	1. The respondent advised that they agree with the proposal.
18210	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	anything non statutory should be stopped immediately - we are not in a time where we have the luxury of extras.	Education	1. The respondent advised that they agree with the proposal.
18211	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes	Education	1. The respondent advised that they agree with the proposal.
18212	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	You could cut 5d - that should be paid for privately	Education	1. The respondent advised that they agree with the proposal.
18213	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	All items in 5 should be executed on as there is significant cost savings to be achieved in non statutory services. However as it's around 10 % of total spend efficiencies in statutory services is an absolute priority.	Education	1. The respondent advised that they agree with the proposal.
18214	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Everything should be looked at any surplus cash accounted for and not spent because its there	Education	1. The respondent advised that they agree with the proposal.
18215	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	During current climate these are not required	Education	1. The respondent advised that they agree with the proposal.
18216	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I agree with the following savings / service reductions - 5d - reduce some adult education services but keep support for core subjects / skills that would enhance employability chances	Education	1. The respondent advised that they agree with the proposal.

18217	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Stop spending on all non - statutory services	Education	1. The respondent advised that they agree with the proposal.
18218	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Do all of the above if they budget cannot be met, by the steps previously noted.	Education	1. The respondent advised that they agree with the proposal.
18219	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Reduce spending on non - statutory services	Education	1. The respondent advised that they agree with the proposal.
18220	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	The provision of statutory services must be reviewed and where not appropriate action should be taken to object.	Education	1. The respondent advised that they agree with the proposal.
18221	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Make up the rest by cutting non - statutory services to protect core services.	Education	1. The respondent advised that they agree with the proposal.
18222	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Review all services.	Education	1. The respondent advised that they agree with the proposal.
18223	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	The lost published of non essential spending seems to include a lot of things that dont seem necessary and could be withdrawn.	Education	1. The respondent advised that they agree with the proposal.
18224	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	The council is closing schools, swimming pools, increasing careline costs, cutting school crossing patrol guides..... cutting services in areas of multiple deprivation Yet we are helping a grown adult to dance like Beyonce!! It's an absolute disgrace. The adult learning team should be cut. 100 % Strictly! Adult Learning (for 16 + yrs) Pop Mix & Musical Theatre dance classes Let's get the party started and get ready for Christmas with our new fun, relaxed, and friendly dance classes. Whether you want to improve your Steps moves, Beyoncé bootie, Spice Girls wannabe, or even House of Cards dance classes. Or based on your Budget cuts, I agree to cut the Adult Learning team. But non essential services like Adult learning	Education	1. The respondent advised that they agree with the proposal.
18225	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	You have to look at all these services	Education	1. The respondent advised that they agree with the proposal.
18226	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Defto that these should be looked at and stopped	Education	1. The respondent advised that they agree with the proposal.
18227	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Agree with them all	Education	1. The respondent advised that they agree with the proposal.
18228	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Adult learning for those over the age of twenty - one is in my experience pointless. It is likely the the participant will gain a qualification that is either worthless or will never be used	Education	1. The respondent advised that they agree with the proposal.
18229	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	You must make savings in all these non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
18230	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I would get rid of 5d	Education	1. The respondent advised that they agree with the proposal.
18231	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Remove 5 D	Education	1. The respondent advised that they agree with the proposal.
18232	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	The services that are non statutory should not be funded. Instead the money should be used to keep partnership buildings well maintained.	Education	1. The respondent advised that they agree with the proposal.
18233	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Agree to all	Education	1. The respondent advised that they agree with the proposal.
18234	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Agree to all	Education	1. The respondent advised that they agree with the proposal.
18235	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Agree to all	Education	1. The respondent advised that they agree with the proposal.
18236	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Agree to all	Education	1. The respondent advised that they agree with the proposal.
18237	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Agree to all	Education	1. The respondent advised that they agree with the proposal.

18239	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Agree to all	Education	1. The respondent advised that they agree with the proposal.
18240	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes	Education	1. The respondent advised that they agree with the proposal.
18241	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes	Education	1. The respondent advised that they agree with the proposal.
18242	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes, look at all these examples.	Education	1. The respondent advised that they agree with the proposal.
18243	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d - Review - it is needed is some sort of form.	Education	1. The respondent advised that they agree with the proposal.
18244	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes, explore these options.	Education	1. The respondent advised that they agree with the proposal.
18245	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I agree that savings could come from all these non - statutory services. It wouldn't be necessary to stop any, but all can contribute.	Education	1. The respondent advised that they agree with the proposal.
18246	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	All of the above needs to be looked at as I feel that money is being wasted.	Education	1. The respondent advised that they agree with the proposal.
18247	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes	Education	1. The respondent advised that they agree with the proposal.
18248	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	yes	Education	1. The respondent advised that they agree with the proposal.
18249	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Could spend less money on things that are not required by law	Education	1. The respondent advised that they agree with the proposal.
18250	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d. Remove adult learning services and encourage individuals to utilise computers in libraries to access online learning	Education	1. The respondent advised that they agree with the proposal.
18251	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	yes to 5d	Education	1. The respondent advised that they agree with the proposal.
18252	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Stop spending money on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
18253	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Why don't you just take absolutely everything away.. basic fundamentals at play here.	Education	1. The respondent advised that they agree with the proposal.
18254	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Look at ways to keep the services but reducing the times.	Education	1. The respondent advised that they agree with the proposal.
18255	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Spending on these services should be revised. Some areas get more of of these services than others. A complete overhaul of services and budgets are required.	Education	1. The respondent advised that they agree with the proposal.
18256	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	The adult learning services needs looked at as budget is far too much.	Education	1. The respondent advised that they agree with the proposal.
18257	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Cut discretionary services,	Education	1. The respondent advised that they agree with the proposal.
18258	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Stop spending on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.

18259	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Reduce spending on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
18260	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Cut everything unnecessary and provide essential services only.	Education	1. The respondent advised that they agree with the proposal.
18261	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I think a consideration should be given to more focus on reduction of non statutory services	Education	1. The respondent advised that they agree with the proposal.
18262	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Cut back non essential services.	Education	1. The respondent advised that they agree with the proposal.
18263	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Live within your means and don't spend money on unnecessary non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
18264	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Its very simple - stop spending money you don't have on services you don't need to provide,	Education	1. The respondent advised that they agree with the proposal.
18265	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Stop paying for non essential services and save the money from that	Education	1. The respondent advised that they agree with the proposal.
18266	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Rather than tax more, cut the non - statutory services you are not obliged to provide,	Education	1. The respondent advised that they agree with the proposal.
18267	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	While I agree some of these services need to be cut alot of communities really need them	Education	1. The respondent advised that they agree with the proposal.
18268	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	If the service isnt benefiting people and not being used then thinking about removing it worth considering.	Education	1. The respondent advised that they agree with the proposal.
18269	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d - agree to make savings	Education	1. The respondent advised that they agree with the proposal.
18270	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Balance the books by cutting non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
18271	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Your wn figures show you can live within your means if you cut unnecessary non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
18272	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Stop spending on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
18273	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Your figures show you don't need to raise taxes or charges if you stop spending money on non - statutory services - this is where the savings should come from.	Education	1. The respondent advised that they agree with the proposal.
18274	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Stop spending money on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
18275	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Cut spending on non - statutory services	Education	1. The respondent advised that they agree with the proposal.
18276	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	dreadful question - too many choices! adult learning needs reducing - only 3 in classes	Education	1. The respondent advised that they agree with the proposal.
18277	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Stop spending on unnecessary non - statutory services	Education	1. The respondent advised that they agree with the proposal.
18278	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d. Depending on reason YES REMOVE.	Education	1. The respondent advised that they agree with the proposal.
18279	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	West Lothian Council has a proven track record of delivering huge savings. Now the council is on it's knees as a result of lack of funding from central government for years - suggest services should be restricted to statutory only unless the financial settlement provided to the council is fair and reasonable to enable council to delivery the services needed.	Education	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18280	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	All non statutory services should be looked at to help streamline and make savings if possible, but completely stopping funding seems short sighted	Education	1. The respondent advised that they agree with the proposal.
18281	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I agree with majority	Education	1. The respondent advised that they agree with the proposal.
18282	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Some of these proposals make sense: not paying for adult learning.	Education	1. The respondent advised that they agree with the proposal.
18283	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Some not all should be cut. Agree with cutting all except 5d	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18284	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Adult Learning equally is such an important service, supporting adults who have difficulty with basic skills such as reading, writing and numeracy which impacts their lives on an everyday basis and also adults where English is not their first language.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18285	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Don't reduce the adult learning service; it is valued by residents and supports them towards employment, volunteering or further education opportunities. The service also offers support in the form of ESOL groups for all speakers of other languages, provides digital skills to support communities and the workforce, and offers family learning to improve outcomes for all, working alongside schools to support families. The service offers SQA accreditation and short courses such as driving theory, budgeting and cost of living cooking to support the cost of living crisis for the most deprived.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18286	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Wow with the removal of all these West Lothian Council does not look like a place where I would like to stay in.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18287	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Education (anything related to education) should NOT be cut.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18288	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	None of these should be stopped! Every one of these includes life or death circumstances! They incorporate the health and wellbeing of the residents. You are suggesting cutting items that people need. It is items people assume is why we pay a council tax! Reducing gritting or roads and pavements more has the possibility of causing injury or death! No cost is too much for this. We need each other. We need companionship. We need groups and locations where people can sit and talk and learn and eradicate racism bigotry and counter the fake news and gossip spread by locking people in their homes relieving their news from social media. Again! Internal saving first before you cut externally	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18289	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I do for some of the services, but NOT cutting funding of Adult Learning	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18290	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	There are savings and efficiencies to be made but there is also a lot of value in the services being offered so there is nothing on the list that I would be in favour of scrapping entirely. For example the central services provided in Education Services are important for ensuring statutory compliance and quality of service, and the work that is carried out would not just go away, it would be passed to Headteachers and their staff who would not have capacity to do it.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18291	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I agree with most of these but they are not saving money. These services need to be continued.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18292	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Also education is of extreme importance and everything that can be done should be done to ensure that all children and adults have access to support and opportunities to improve their learning and it should not be based on who can afford it and who can't	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18293	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	where possible retain any involving vulnerable or young persons within the county but remove any that aren't shown to be working and can be replicated in other savings.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18294	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Adult learning needs more funding to provide the amazing services they do. More needs to be done in West Lothian and appending on the right services. education is a must to be improved	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18295	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d - Do not cut - Vital	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18296	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Most of this spending improves the quality of life of West Lothian residents and any reduction should be done carefully.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18297	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Keep adult courses and provision	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18298	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	KEEP the services for the vulnerable, disabled and elderly at all cost	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

18299	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I don't think all the examples given should be cut. Those supporting social inclusion should be maintained.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18300	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Out of the list I would keep d	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18301	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Keep: 5d.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18302	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	The following points is where I agree savings can be made in this section: 5b, 5c, 5f, 5g, 5l. I strongly disagree that cuts should be made to all other points in particular point 5o. The Advice Shop offers an invaluable service to the residents of WL. If cuts were made to Advice Shop then this would have a detrimental impact on WL in particular the most vulnerable who seek support this includes older people, those with a cancer diagnosis & long term conditions. In 2024 / 25 the Advice Shop received 3500 referrals into service including 410 customers from carers of WL generating £1.2m in extra income for them. Last year the Advice Shop prevented 175 evictions through advice & assistance from their court advice project. The total cost of evicting a single person can be around £24k, this is a substantial saving to the council. Last year the Advice Shop supported 1732 customers from a child poverty priority group - this includes lone parents & families with a disabled adult or child.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18303	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d) vital for vulnerable members of society	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18304	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Many of these, such as adult learning, are very important and must be maintained.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18305	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	There are more important services to keep in place such as adult learning services.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18306	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	You need to look at stats to see which services are being used most and then keep them. I know adult learning is used a lot, so you should not get rid of this. I have used them.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18307	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Look carefully and think what do we really need. Some services are bringing much more to society than others, adult learning are key services that should not be cut.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18308	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	You need to choose carefully and ensure that you don't lose key services such as adult learning	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18309	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	There is a very wide range of non statutory services listed here with greatly differing importance. 5d seems particularly important to retain to the farthest extent possible	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18310	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d - No don't cut this Train people in AI for first part of this	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18311	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d adult learning is a necessity this should stay	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18312	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Do not agree that 5d should be stopped.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18313	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Particularly, I would not support the scrapping of the Adult learning Service.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18314	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No to: 5d - not enough available as it is. Always busy & needed	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18315	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	You seriously need to keep the adult education service - 1 student from the group stated "when I was at school there were no computers - this course has been really valuable more my and other adults learning" other students agreed. - adult learning supports the local community - for both the unemployed into jobs and employed people into better paid jobs - do not cut bus subsidies	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18316	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No to 5d - this is needed learner possibly wouldn't get to uni without this group.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18317	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	DONT cut adult learning students said courses are improving their lives. No where is offering this sort of training. Courses provide access to skills & retraining to help get into work Adult learning supports learners to access key opps such as qualifications & jobs	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18318	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d - Keep if work focussed	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18319	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	The non statutory areas are necessary	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18320	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	the rest of these are viable and have to stay	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18321	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Everything else can stay.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18322	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	That's why we pay the council. There will be little support for any of you if you continue down this route. You are hitting out at the most vulnerable in our society. Shame on you.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18323	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No cuts to non - statutory services these are life enhancing and have suffered many reductions in funding	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18324	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	These are so important for communities and morale. Please don't take these away.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18325	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	The time you do that we would have nothing	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18326	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Stop cutting back on things the public actually accesses. Also I think meetings should be shown to the public and allow the public to vote on what you are proposing. As suggested in the first one, look on the inside before you start cutting people use! If this is what WL is planning in doing you will find alot of people move away or chose not to live in this area. Ridiculous	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18327	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No there are too many things on this list that are needed	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18328	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Going to ruin communities	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18329	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Cutting is not the answer, efficiency is the answer.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18330	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	we need all of these services to continue	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18331	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	These are essential services to our communities Not seeing a. Reduction in council salaries	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18332	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Many of these services are vital to communities such as adult training centres this is very short sighted and could lead to higher anti social behaviour in communities.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18333	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	While some statutory services could be reduced, most of them are very important, and their recipients often belong to vulnerable groups. Significant cuts to these services will cause significant problems which could require solutions more costly than the current cost of statutory services.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18334	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I think funding for these should be kept to improve communities and support families within the community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18335	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	This impacts people and community, and then are struggling just like you are. Don't penalise us further.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18336	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No I don't agree.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18337	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	They may not be statutory but they all look essential to me	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18338	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	you want to create communities not just statutory funded functions for the residents of West Lothian. It's not enough just to exist, you want to create communities worth living in.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18339	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I think these services are important to the people who benefit for them.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

18340	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	You have already cut back so much so no!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18341	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	There is no room left to cut services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18342	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	These services all have far reaching benefits for the community.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18343	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Please no further cuts. Its not viable.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18344	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Every one of these services should be statutory. Removal or reduction of any of these, and so may more is abhorrent.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18345	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Why should they lose out	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18346	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	It must always be considered how some of the 'non 'statutory services provide much more than they cost in real terms!... as far as the health, wellbeing and future development of young people these services are imperative!... although the long term future of the average officer / councillor is finite... the future of West Lothian is a legacy that we, NOW, can futureproof!... a short sighted view of long established services will only harm our already poor reputation as we cannot provide the service we aspire to.... Please examine the long term future and savings / income / grants etc generated from some of these service areas	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18347	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	All vital services needed to support people to live their best lives. The council needs to support people and not keep removing things. WL has very limited opportunities without cutting anymore. Look at more efficient ways. Actually engage with service users for each service as they would have the ideas you seek!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18348	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	stop taking everything away from us you get enough tax money from us so stop digging up the same road over and over again wasting precious money	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18349	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Reducing all these listed will reduce the appeal of West Lothian. These services should be improved.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18350	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I can't actually believe the things on this list. Wants to cut adult learning programmes and services. This council proposal is an absolute shambles.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18351	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Reducing these costs would affect our communities and destroy family life.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18352	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Some of these services are essential for the community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18353	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	These services are vital	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18354	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Absolutely not! Leave as is.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18355	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Non - Statutory services are vital to the community and removing them would be seriously detrimental. Perhaps looking at streamlining services so related information is available in one place & cutting out several layers of management.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18356	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	The majority of these are essential to the well being of everyone but agree non west lothian residents should not be subsidised for child care spaces	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18357	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	These are vital services and should not be touched.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18358	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Savings or fees in these areas would make West Lothian poorer overall. Education is important regardless of age. Gala day bunting and festive lights lift the mood of the community. Festive lights brighten a cold and miserable time of the year. Cuts to these areas could make West Lothian look worse than it already does with potholed roads and overgrown verges	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18359	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	The majority of these are what I would consider good council services and should be retained.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18360	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Do not reduce spending on any of these	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18361	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d adult learning English solo computing maths basics why would we take this away from individuals who wish to improve? Access education maybe onwards to a job or function i community and help their family. So Wrong to cut this.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18362	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Councils should not reduce this. They need to increase joint up working	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18363	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Although these services are not required by law, they are essential for community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18364	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Although these services are not required by law, they are essential for community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18365	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No, these services are needed.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18366	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	These services are important for the people of WLC and the community. Stripping these would make the area less attractive to stay in. I would rather pay more Council Tax. Why haven't the older houses been re - evaluated, I don't pay enough Council Tax in my opinion as I live in an old house. This simple exercise would rather millions rendering most of these cuts unnecessary.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18367	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Absolutely outrageous the propositions. Except the upkeep of golf courses (where rich people can fund and play) I don't agree with any of the cuts. Kids needs music, education programs, health and safety support. Already they have very little things to do and most are disrespectful, idle having no courses to engage or develop their skills. Community projects are a must.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18368	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No as these are vital. I know you call them non statutory however adult youth and community services are vital. Statutory services rely on the no stats. As they cant cope. Bad. This is a recipe for disaster. Stop these cuts now! Let's kids play let youth get support. Let LGBT community get support from the service.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18369	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	You should be utterly ashamed at removing some of these services. You have a duty as a council to help the community. None of this will matter, you'll still increase costs and reduce services.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18370	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	reads like a dereliction of duty here.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18371	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Protect all the stated services here. Has anyone projected the disaster this can and will cause if this goes ahead.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18372	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No, you are cutting to the bone not to the benefit of the people of West Lothian.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18373	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	There seems to be a view that these are all 'nice to have' but not essential. I would strongly disagree. Once again it's a case of not seeing the true value of these things and just reducing it all to pounds and pennies. Just because a service is non statutory shouldn't diminish it's importance and make it fair game for getting cut. There are an awful lot of good people doing great things for the people of West Lothian and they certainly don't deserve to be treated as second class employees and jettisoned as a knee jerk reaction every time there is a need to find savings. It does very little for the people of West Lothian.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18374	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I don't necessarily think that non - statutory spending should be reduced although I do think that all spending should be considered. Many of the non - statutory items are very important to people and communities.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18375	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Difficult one, but these are the things that bind our society together. The importance of these things can be so much more beneficial than any monetary value can say.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18376	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	The problem with reducing non statutory spending is it may make a short term saving the long term cost, which will have to be paid for by the council although may not be a direct cost	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18377	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No. These are important and make West Lothian an excellent place to live	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18378	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Do not reduce Adult Learning as they provide many services, courses and activities for the local community.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18379	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I cannot agree with reducing spending on non - statutory services. It is an easy financial win; however, the long - term consequences of reducing or removing some of these services are huge. Services such as adult education, prevent many people from needing statutory services through improving health and wellbeing, life chances, and developing community assets and opportunities.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18380	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Dumbfounded someone actually costed losing these facilities. Disgusting proposals.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18381	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	These services add quality to life in West Lothian. Please do not cut further.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18382	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	services to the community should not be cut..	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18383	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No we need these it 's important there 's hardly anything out there Go tax the big wigs with money more instead of coming after the poor!!!!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18384	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	While reducing or cutting non - statutory services may appear to be an easy cost - saving measure on paper, it ignores the long - term social and financial impact these services have on our communities. Non - statutory does not mean non - essential. Many of these services — such as youth work, community centres, early intervention programmes, libraries, and mental health support — are vital in preventing more expensive statutory interventions down the line. Removing these supports would not only erode the quality of life in West Lothian but also drive increased demand in areas like social work, education support, and emergency services. In short, these are investments, not luxuries. Sustainable financial strategy means looking beyond short - term savings and recognising the true value these services provide to residents — particularly the most vulnerable.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18385	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No I disagree and feel very strongly that the Council needs to plan ahead and shape services around the changing population, but I feel that these services are absolutely crucial to supporting our local economy and community. It's not fair to expect local services to keep doing more with less, especially when the number of older people needing care and support is rising so quickly. Any changes should be made carefully and only after proper consultation with the people who actually use these services. Cutting too much now would harm our communities in the long run. I am really disappointed and frustrated by the amount of cost - cutting and money - saving measures being proposed.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18386	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	A lot on non statutory services are required and relied upon by us as public members whether you see it as non statutory or not, it is in the eyes of the public	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18387	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Spending money on educational and youth based services is essential to a healthy, safe and vibrant community.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18388	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Lack of non statutory services just puts pressure on statutory services and is therefore an inefficient response.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18389	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Against a lot of education services that should not be touched at all	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18390	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	These services are vital and a life line for many people - if you remove them they will require formal services and these will cost more	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18391	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	These would be detrimental.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18392	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Totally disagree with this	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18393	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	So if the council will give up all those services who then will deliver them as there is not many in West Lothian free services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18394	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	These services are what hold our communities together and I would vehemently be against their removal. How about making savings from those who do not contribute to our communities, as opposed to those who do?	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18395	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Most of the services provided appear to be important and with the exception of one or two would seem to be what's needed.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18396	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Again, too much lost already	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18397	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Many of these services are essential	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18398	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	most of the non statutory services are beneficial for community as there is not any alternatives for access them apart via the council.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18399	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Although these are non - statutory services they make an important contribution to life in West Lothian and how West Lothian Council Works. The knock on effect of removing these services is far larger than is implied by the accompanying statements. In addition there are no alternative services for to fill the gaps created by their removal.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

18400	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	these are important - keep them and make decisions on the big stuff where big savings can be made	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18401	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	This is the vital unseen part of what's needed in communities - this needs continual funding, especially on local infrastructure	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18402	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Most of these are vital community services which could probably benefit from more spending	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18403	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	All of these services are incredibly important to the future of West Lothian. It's astounding that I'm the current climate you would consider further cutting adult education. Both of these services provide much - needed support to vulnerable groups to support personal development & skills in order to improve employability, access to further education / training and to become economically - active. These services also provide mental health & wellbeing support to groups and individuals before they reach the point of crisis. They provide unique, tailored opportunities based on needs & interests, fill the gaps in skills based on labour market trends and confidence boosting experiences & opportunities.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18404	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Too many depend on these non statutory services and alienating tourists mean income moves elsewhere	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18405	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	They may be non statutory but seem very important and if removed would significantly impact on communities.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18406	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	These cuts will impact on the community hugely	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18407	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	adult learning is vital to many adults should be kept	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18408	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Nope, they should be put money into the services making the services more stable not taking the money away from it all	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18409	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No cuts to education this is a false economy.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18410	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	W/ council have systematically downgraded or eradicated services which worked with communities in adult learning and community development This work is almost non existent adult learning is a shadow of itself?!! No playschemes! These services were very effective when run properly They are not now to the detriment of communities	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18411	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I do not. This is all very important to the community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18412	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Too many cuts already	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18413	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Most of these non - stat services are services council tax payers expect to see. To remove them would be nothing short of a joke.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18414	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	money coming out of anything educational for children or adults is a big no no for me. We can't get more people working & paying into a system if they aren't educated properly, regardless of age or reason.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18415	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Feel this could be better managed but don't believe reducing / removing these services is a good idea	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18416	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I don't think any of this should be reduced.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18417	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	A lot of people rely on these services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18418	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Often the non statutory aspects are the buffer for those on low incomes and loss of these supports affects the physical and mental well being of the clients. Large employers should be encouraged to support more community based projects.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18419	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Cutting off from other sources not from these essential services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

18420	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	With the exception of bunting, Christmas lights and golf courses, these are all essential services. Surely the Council would not remove itself from COSLA?	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18421	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	As a disabled adult with a disabled son there are a lot of facilities that we rely on for support and help. One of the services is employment support which both of us have been accessing for a number of years. Adult support services are vital in the community!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18422	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Some of these services, like adult learning, help people reskill to get jobs.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18423	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I do not agree that the Council should reduce spending on non - statutory services. These are the very services that hold our communities together — the ones that make West Lothian a place where people want to live, not just exist. Things like adult learning,	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18424	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No I do not agree, these services are important to communities	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18425	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Absolutely not these services are vital for West Lothian	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18426	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	non statutory services cannot be cut. these services are essential to early intervention and prevention for chronic issues e. g. violence against women and girls and mental health services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18427	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Looking at the services that are provided, I am concerned that should the council stop providing these potentially vital services, it would have an impact on the local community and Services that could be removed NOT TO BE CUT (however savings could be identified in levels of non front line roles). 5d	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18428	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Some services can be removed or capped. But since you have placed them all on one category. Without being able to vote for specific ones, my answer is no	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18429	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	All of these seem vital to the community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18430	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	These services are critical to West Lothian, and some of these services helps people meet other people and also assist with these day activities. West Lothian council needs to make sure they are not making people who use these services from being affected by physical and emotional stress of not having these services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18431	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No - absolutely do not agree. And I have already gave a brief run down of why I think this and also what my idea to improve things would consist of. To take funding away from these would be abhorrent to the people who make use of them	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18432	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5D helps adults learn. We need this to continue but it could be subsidised by higher fees.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18433	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d - No why do you think this would be good as parents & adults need support education as well.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18434	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Many of these services are those that, for a relatively small amount, provide significant benefits to local communities, such as adult learning	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18435	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Adult learning should not be reduced in any way as there is an ongoing need for it.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18436	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	These are the services that mostly support the most vulnerable in our community. everything is impotent to the functioning of our society.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18437	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	think these are all services that are needed	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18438	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	These are all important funding	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18439	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	all these things are needed	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18440	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	These services should be kept in place	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18441	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d - lease don not cut as adults need to learn to help their children read write, internet is key skills	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18442	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No	Education	3. The respondent advised that they had no comment to make.
18443	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No	Education	3. The respondent advised that they had no comment to make.
18444	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	no	Education	3. The respondent advised that they had no comment to make.
18445	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	There should also be a clearer focus on local reinvestment to ensure communities benefit from any income raised. Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Education	3. The respondent advised that they had no comment to make.
18446	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	These need to be run better not cutting in services	Education	4. The council is already doing this.
18447	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Provide learning opportunities through local business to encourage school leavers skills	Education	4. The council is already doing this.
18448	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Provide more smart technology for adults needing support to reduce costs of care	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18449	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	i think adult education classes like at night time should be partly paid for.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18450	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	i think adult education classes like at night time should be partly paid for.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18451	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Adult Learning currently offers free classes and courses but students could pay for courses (same as Leisure Classes) with concessions for those on benefits to meet literacy and equality of learning needs, upskilling and increasing employability skills. Adult Learning should charge for training staff from other services as SQA Assessors and they should charge for training staff from other Councils as SQA assessors and IVs. Some consideration should be for Adult Learning (which is an SQA Centre) to become a learning and training centre).	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18452	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Adult learners - perhaps they should pay a fee towards this service, after all, they will have had school opportunities when younger.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18453	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	It 's important that there is adult education for unemployed or poor but otherwise adults can pay for education.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18454	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d) Adult learning currently offer free classes / courses. Students could be asked to pay the SQA registration costs. Classes could make more use of digital materials and reduce the amount of printed materials. Keep face to face teaching staff but reduce number of team leaders / middle managers Apply for additional funding / sponsorship for course and specific project work. Charge other councils and WLC departments when training their staff (as SQA assessors and IV 's)	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18455	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d should be top of the list. 5d adult learning give to the college.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18456	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	consider charges for some adult learning classes. No cuts to adult learning	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18457	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	No 5d could charge for courses / classes books etc Teachers are great and good quality	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18458	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Redesign (don 't remove) - 5d. Move admin, comms, and some adult learning online, but maintain accessibility.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18459	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	In terms of clubs and services, these have all increased in subscriptions. It would be beneficial for the council to increase these prices; t. e golf & other leisure memberships. My personal gym membership has increased by £3 per month, it's not unreasonable for the council to do the same.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18460	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	non statutory services are just as valuable if not more so and if they didn 't exist this would put even more pressure on schools social services and social workers. 5d make half savings	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18461	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Our golf courses are great sport facilities that could potentially make the council money if they took the income (not hand it to xcite leisure). Maintaining these facilities to support xcite leisure doesn't make any sense when faced with these budget savings. Take back the full running of the course, implement a sensible business model, generate substantial income and keep the courses open.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18462	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Yes they should, but not across all of the services listed, some of them are essential	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18463	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	A lot of these services are already being or have been cut back. Not all should be cut back.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18464	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	See what non - statutory services are not being used fully in all areas and maybe end them and move the money elsewhere.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18465	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	I thought these services were already paid for through council tax!	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18466	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	This needs looked at carefully and prioritised many of the things listed could be cut but others should be kept a degree of common sense needed	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18467	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Some of the areas highlighted are critical for the residents of west lothian and further investigation would be required	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18468	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Consider all of these to be important. We would support efficiency savings if that can be achieved but this should not come at the cost of reduction of quality of service.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18469	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	5d - does service provide anything different from other adult learning services e. g. college / voluntary sector.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18470	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Adult Learning Services - look at courses provided - dancing classes and cookery classes!!!!	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18471	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Would question what exactly we are paying our council tax for?	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18472	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Remove more services but council tax payers get hit in the pocket? Joke.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18473	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Some of them should be prioritised above others	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18474	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	You could definitely reduce some of these but focus should be on things that wouldn't result in a loss of service and support for vulnerable people. So no cuts to community services for vulnerable groups but maybe spend less where there isn't a direct loss of service.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18475	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Cuts and more cuts. Some yes but the majority no. These are much needed services	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18476	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18477	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	Adult Learning to be transferred to West Lothian College	Education	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
18478	Theme 5- Reducing Spending on Non-Statutory Services	5d - An adult learning service which delivers a wide range of courses for adults.	If the council wants to just be a provider of last resort then go ahead and stop all non statutory functions. But I strongly suspect that this is not what people in West Lothian want and they will make their feelings known through the ballot box given the chance. Scotland is not a third world country (yet) and the services provided by local authorities need to be seen for more than just their monetary value. Local authorities should be funded to enrich the lives of the people they serve and the problem is clearly that they are not.	Education	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
18479	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	With exception of youth social activity funding everything else should be cut	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18480	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I agree with this in principle however it is essential council continues to support important and vital community organisations & activities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18481	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Some massive savings to be had here and these are some of the areas you need to look at in great detail.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18482	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Times are tough. Time to tighten the belt and maybe when you are crippled by debt you can look at these items again to reintroduce them.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

18483	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Within reason	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18484	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18485	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Although this is a difficult decision it is required to balance the books based on the funding allocation.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18486	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	These need to be run better not cutting in services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18487	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Look at ways to reduce costs in each area but do not cut any of the serviced entirely	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18488	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes but leave the schools alone.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18489	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	A lot of the rest seems like wasted money really.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18490	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Some not all should be cut. Agree with cutting all except 5d, f, i, K, L, WX.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18491	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes, there should be a common sense approach but not to the detriment of the majority. There will be corner cases that need reviewed separately HOWEVER all waste should be eradicated.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18492	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	We have never been in a worse state, stop funding the nice to do and fund the must do	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18493	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes. They should be providing a statutory service of maintaining roads, refuse collections and recycling etc. But anything out with statutory needs to go	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18494	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Absolutely, maintain and improve core services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18495	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes but not everything at once. Please be mindful about our safety and wellbeing	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18496	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I agree to reduce this spending but not at the expense of safety (i.e. gritting of roads etc) also people's mental well being needs to be at the forefront, especially as these times are hard financially on all of us.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18497	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Some of this is just crazy. Major cuts needed	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18498	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	All other extras reduce or eliminate.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18499	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I would agree although we must be looking at improvements / cuts that will ho in favour of future generations. The country is on its knees and its not going yo get any better	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18500	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes but we can also reduce spending on statutory services. We still provide the service but to a lesser extent	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18501	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	If it's not legally required to be provided then why would the council pay for it. You need to start thinking with private sector mindset if you have such a dire financial shortfall.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18502	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes stop spending on all non statutory areas	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18503	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	All the non statutory spending should be cut to a bare minimum.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18504	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I agree with most of these.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18505	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Sadly, I do agree	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18506	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Any none essentials should be reduced.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18507	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Completely agree, some of the charges are a complete waste of money and unnecessary! Public should pay for some of these themselves and gala bunting and Christmas lighting is completely unnecessary. That money could be used on cleaning the streets instead of improving cycling paths etc. Over £700k a year for lolipop man is also excessive and providing school transportation over £1m shouldn't be the councils money to spend. It should definitely be paid by the people requiring those services or case by case basis and when absolutely necessary!	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18508	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	All of the above	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18509	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yeah absolutely these are all things that could be readjusted.... by either minimising staff in certain areas and charging for certain services such as the music group and waste disposal.... if you are providing a service you can charge a fee to make a profit rather than just blowing it out the window.... if certain positions are overstaffed and could be done with less cut down.... if one person could update headteachers via video link instead of hiring out a whole team and building etc change things up a bit have people work from home or freelance in one area on the side of a main job if ~~there is any money left over then that should be used to improve the council and all services to make it a better place for everyone~~	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18510	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Unfortunately only essential services should be supported	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18511	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Remove all services which are not mandatory	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18512	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Agree with almost all proposal - however disagree strongly in 5C / 5H our children should not suffer in budget cuts. Schools and support for schools particularly our children with additional needs should be the councils biggest priority. We value the service 's provided but further rationalisation is required across all the other non - statutory services to ensure we protect the children of West Lothian 's future.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18513	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Our golf courses are great sport facilities that could potentially make the council money if they took the income (not hand it to xcite leisure). Maintaining these facilities to support xcite leisure doesn't make any sense when faced with these budget savings. Take back the full running of the course, implement a sensible business model, generate substantial income and keep the courses open.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18514	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I agree, but.. I can see west Lothian turning into a dump if they get rid off all those services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18515	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	With the exception of 5m, 5n, 5p and 5x which I think should remain, I believe all the other suggested savings should be made	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18516	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Reduce non - statutory spending as much as possible.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18517	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	stop funding to anything that is not for the most vulnerable people that reside in west Lothian	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18518	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Protect statutory services and stop delivering non statutory	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18519	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes, however, it will have an impact on communities and in some circumstances may lead to additional costs to the Council	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18520	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes but perhaps increasing planning fees would assist this gap?	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18521	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I agree with all of these proposals	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18522	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Only if necessary.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18523	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Absolutely agree	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18524	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

18525	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	You could balance the books by stopping providing services that are not required by law - make savings in all these areas.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18526	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Make major savings from all non - statutory services in order to concentrate on statutory	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18527	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	5e - Cut this area - trading standards can pick this up	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18528	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18529	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes I agree.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18530	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	To save money	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18531	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18532	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	There is definitely a need to reduce spending on non statutory services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18533	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I would remove all but essential spend.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18534	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I agree this has to happen because there is realistically no other option with such a significant budget gap. However, there needs to be careful consideration about the pressure that these reductions in spending will place on Statutory services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18535	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Stop altogether.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18536	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Fine	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18537	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes reduce services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18538	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	All the suggestions on the previous page have merit	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18539	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Agree that Council should look at range of non - statutory services being provided but acknowledging that many add significant economic, social, community and environmental value and benefits to West Lothian residents and communities - which without these services would potentially have an adverse impact on these very communities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18540	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes, reduce spending here. I think it is still important to offer some support for less fortunate and possible at risk children during school holidays and offering days where a professional will see them in order to monitor safety	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18541	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Review these and make savings / better planning for services on offer and who uses which facilities	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18542	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	To a certain extent but I would need very careful scrutiny and thought which might outweigh the benefits	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18543	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Most of this seems reasonable but you could save money by encouraging community engagement with these ideas. People will lend their time to improving the world around them if you let them. Encourage people to get involved with these and help communities start to engage with themselves. Otherwise what's the point?	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18544	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes, I agree that the Council should reduce spending on non - statutory services, especially in the current financial climate. Given the size of the budget gap facing West Lothian Council, it is essential to prioritise funding for statutory services that the council is legally obliged to provide, such as education, social care, and waste collection. Non - statutory services, while valuable, are discretionary and may need to be scaled back or redesigned to ensure the council can continue to deliver its core responsibilities effectively. This does not necessarily mean removing these services altogether, but rather reviewing them to identify efficiencies, reduce duplication, or explore alternative delivery models such as working in partnership with communities or voluntary groups. It's about making difficult but necessary choices to protect vital frontline services and maintain financial sustainability over the long term.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18545	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	All of these are ancillary and should be eliminated. People who care about such things can demonstrate such by paying for them	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18546	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I have insufficient knowledge of the details of non - statutory services provision to provide further suggestions. However, in the current economic position, the cessation of many of those activities listed previously is a no - brainer. I'm surprised they have not been stopped before. 5g is the most alarming item to me.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18547	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	This is the easiest option and shows that the extras that need to be saved	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18548	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I agree. Money is being overspent.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18549	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Too much money is being wasted on these services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18550	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Only provide essential services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18551	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Funding should be reduced for non statutory services unfortunately needs must.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18552	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Almost all of the above should be reviewed to assess the impact of this spend has on achieving councils core priorities and to see if it duplicates / competes with third sector or other stakeholder provision. Could some of this provision be delivered as well / better by other agencies e.g. NHS, college, charities or the business community. Is the provision needed in an AI world where people can access a wealth of information in other ways?	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18553	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Reduce spending in all non statutory services before cutting statutory services. Parliament has decided which services are statutory, and funds councils to provide them. Don't risk the effectiveness of statutory services by throwing this money away where its not required. Stop some spending completely i.e anti - poverty, regeneration, non - statutory school busses.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18554	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes. Cut: 5a to 5e.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18555	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes agree	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18556	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	5e could be reduced.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18557	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	anything non statutory should be stopped immediately - we are not in a time where we have the luxury of extras.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18558	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18559	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	All items in 5 should be executed on as there is significant cost savings to be achieved in non statutory services. However as it's around 10 % of total spend efficiencies in statutory services is an absolute priority.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18560	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Everything should be looked at any surplus cash accounted for and not spent because its there	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18561	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	During current climate these are not required	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18562	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Stop spending on all non - statutory services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18563	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Do all of the above if they budget cannot be met, by the steps previously noted.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18564	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Reduce spending on non - statutory services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18565	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	The provision of statutory services must be reviewed and where not appropriate action should be taken to object.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

18566	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Make up the rest by cutting non - statutory services to protect core services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18567	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Review all services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18568	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	The lost published of non essential spending seems to include a lot of things that dont seem necessary and could be withdrawn.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18569	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council. (£133, 000) The council should be more are of fraud and not need a counter fraud team	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18570	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I agree with some of these provisions, 5E. In the main I agree with these but require more detail in terms of it potentially impacting on the vulnerable in our communities. An Equality impact assessment is paramount before any these can be taken forward.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18571	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	You have to look at all these services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18572	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Defo that these should be looked at and stopped	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18573	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Agree with them all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18574	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	You must make savings in all these non - statutory services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18575	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Remove 5 E	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18576	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	The services that are non statutory should not be funded. Insteads the money should be used to keep partnership buildings well maintained.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18577	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18578	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18579	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18580	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18581	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18582	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18583	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18584	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18585	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes, look at all these examples.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18586	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes, explore these options.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

18587	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I agree that savings could come from all these non - statutory services. It wouldn't be necessary to stop any, but all can contribute.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18588	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	All of the above needs to be looked at as I feel that money is being wasted.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18589	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18590	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18591	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Could spend less money on things that are not required by law	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18592	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Working on large fraud initiatives such and benefit fraud, not paying to give people advice on how to maximise their benefits and effectively play the system to stay out of work and go on holiday twice a year.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18593	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes 5e,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18594	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes to 5e,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18595	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	The ones from the previous page which I would agree with reducing or removing spending from would be 5e,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18596	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I only agree to reduce / remove spending on points from previous page which are: 5E,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18597	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	5e - police job	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18598	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	There is no need for a Counter fraud service. Heads of service should already be acting on potential fraud issues and dealing with them. No need for a costly new department. Examples of where fraud is being committed includes tenants occupying more than one property and moving back and forward between them. Housing managers should robustly deal with this and encourage tenants to report this	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18599	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	e) that should be police job	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18600	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Stop spending money on non - statutory services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18601	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Why don't you just take absolutely everything away.. basic fundamentals at play here.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18602	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Spending on these services should be revised. Some areas get more of of these services than others. A complete overhaul of services and budgets are required.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18603	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Cutting is not the answer, efficiency is the answer.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18604	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Cut discretionary services,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18605	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Rather than tax more, cut the non - statutory services you are not obliged to provide,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18606	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Stop spending on non - statutory services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18607	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Reduce spending on non - statutory services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

18608	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Cut everything unnecessary and provide essential services only.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18609	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I think a consideration should be given to more focus on reduction of non statutory services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18610	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Cut back non essential services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18611	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Live within your means and don't spend money on unnecessary non - statutory services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18612	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Its very simple - stop spending money you don't have on services you don't need to provide.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18613	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Stop paying for non essential services and save the money from that	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18614	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	While I agree some of these services need to be cut alot of communities really need them	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18615	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	If the service isnt benefiting people and not being used then thinking about removing it worth considering.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18616	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Balance the books by cutting non - statutory services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18617	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Your wn figures show you can live within your means if you cut unnecessary non - statutory services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18618	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Stop spending on non - statutory services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18619	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Your figures show you don't need to raise taxes or charges if you stop spending money on non - statutory services - this is where the savings should come from.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18620	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Stop spending money on non - statutory services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18621	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Cut spending on non - statutory services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18622	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Stop spending on unnecessary non - statutory services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18623	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	5e use better systems and we have a service called the police.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18624	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	non statutory services are just as valuable if not more so and if they didn't exist this would put even more pressure on schools social services and social workers. 5e cut here /	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18625	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	West Lothian Council has a proven track record of delivering huge savings. Now the council is on it's knees as a result of lack of funding from central government for years - suggest services should be restricted to statutory only unless the financial settlement provided to the council is fair and reasonable to enable council to deliver the services needed.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18626	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I only agree with 5e Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council. (£133, 000)	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18627	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	All non statutory services should be looked at to help streamline and make savings if possible, but completely stopping funding seems short sighted	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18628	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I agree with majority	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

18629	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	where possible retain any involving vulnerable or young persons within the county but remove any that aren't shown to be working and can be replicated in other savings.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18630	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	5f are unnecessary.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
18631	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I would not stop the fraud stuff. That seems a bit crazy if people can steal money and not be investigated.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18632	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	None of these should be stopped! Every one of these includes life or death circumstances! They incorporate the health and wellbeing of the residents. You are suggesting cutting items that people need. It is items people assume is why we pay a council tax Reducing gritting or roads and pavements more has the possibility of causing injury or death! No cost is too much for this. We need each other. We need companionship. We need groups and locations where people can sit and talk and learn and eradicate racism bigotry and counter the fake news and gossip spread by looking	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18633	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	There are savings and efficiencies to be made but there is also a lot of value in the services being offered so there is nothing on the list that I would be in favour of scrapping entirely. For example the central services provided in Education Services are important for ensuring statutory compliance and quality of service, and the work that is carried out would not just go away, it would be passed to Headteachers and their staff who would not have capacity to do it.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18634	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I agree with the exception of the following items: e, f, h, k, m, n, p, q, r, v, x and z	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18635	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I agree with most of these but they are not saving money. These services need to be continued.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18636	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Im not sure closing fraud investigations is a good idea or are you worried about your staff being caught	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18637	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	5e, I feel this should be given a larger budget, stopping the source of money being spent needlessly should be a priority	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18638	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Although not a statutory requirement, the Counter Fraud Team is essential in protecting the Council's finances, reputation, and public trust. It delivers the Council's responsibilities under the National Fraud Initiative and ensures compliance with the new national anti-fraud standards introduced in September 2025. The team prevents significant losses—tenancy fraud alone costs an estimated £73,000 per property—and it maintains the Whistleblowing hotline, ensuring staff and the public can safely report concerns. Reducing this service would increase the Council's exposure to financial loss, governance weaknesses, and reputational damage.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18639	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	There are many savings which could be made here but a few which I think should be kept Eg - Counter Fraud - would stopping this service not cost the council more in the long term.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18640	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	The anti-fraud service is essential and should not be cut	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18641	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Out of the list I would keep e	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18642	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Fraud against the council should be kept. Also investigate fraud within the council. Cutting back on non-statutory services should save you enough not to take any more money out of your pockets.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18643	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Out of the list of examples, of which too many to comment on each 1, there is a mix of things the council should continue, eg. fraud control	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18644	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	The following points are where I agree savings can be made in this section: 5b, 5c, 5f, 5g, 5l. I strongly disagree that cuts should be made to all other points in particular point 5o. The Advice Shop offers an invaluable service to the residents of WL. If cuts were made to Advice Shop then this would have a detrimental impact on WL in particular the most vulnerable who seek support this includes older people, those with a cancer diagnosis & long term conditions. In 2024/25 the Advice Shop received 3500 referrals into service including 410 customers from carers of WL generating £1.2m in extra income for them. Last year the Advice Shop prevented 175 evictions through advice & assistance from their court advice project. The total cost of evicting a single person can be around £24k, this is a substantial saving to the council. Last year the Advice Shop supported 1732 customers from a child poverty priority group - this includes lone parents & families with a disabled adult or child.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18645	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	There are many savings which could be made here but a few which I think should be kept Eg - Counter Fraud - would stopping this service not cost the council more in the long term	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18646	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Removing counter fraud service - TERRIBLE IDEA. We need to ensure fraud is kept out of council. People will take advantage, including staff.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18647	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	There is a very wide range of non-statutory services listed here with greatly differing importance. 5e seems particularly important to retain to the farthest extent possible	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18648	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	5e - They should be protected as housings rents are not collected people over £7k I know this is terrible	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18649	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Maintain / improve counter - fraud services as necessary.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18650	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	5e - counter fraud service is important and valuable in prevention, detection and investigation fraud. If stopped wrong message given to employees and the public.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18651	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	5e - Fraud services should be statutory, there is a need for this. There has just been a cyber attack!!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18652	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	In the case of a funding shortfall of this size, non statutory items should be removed first before identifying statutory services to reduce or deliver in a way that reduces cost. However, there are some non statutory services that are more palatable than others. The counter fraud service at £133k in theory covers it 's cost as part of an investigation or a deterrent so should remain.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18653	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Losing the counter fraud could lead to increased loss to the council in other ways as they would be more vulnerable.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18654	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Do not agree that 5e should be stopped.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18655	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Keep: 5e.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18656	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	The non statutory areas are necessary	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18657	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	the rest of these are viable and have to stay	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18658	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Everything else can stay.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18659	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	No cuts to non - statutory services these are life enhancing and have suffered many reductions in funding	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18660	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	These are so important for communities and morale. Please don 't take these away.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18661	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	The time you do that we would have nothing	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18662	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	No there are too many things on this list that are needed.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18663	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Going to ruin communities	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18664	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	we need all of these services to continue	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18665	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	These are essential services to our communities Not seeing a. Reduction in council salaries	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18666	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	While some statutory services could be reduced, most of them are very important, and their recipients often belong to vulnerable groups. Significant cuts to these services will cause significant problems which could require solutions more costly than the current cost of statutory services.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18667	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I think funding for these should be kept to improve communities and support families within the community	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18668	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	This impacts people and community, and theh are struggling just like you are. Don't penalise us further.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

18669	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	No I don't agree.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18670	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	They may not be statutory but they all look essential to me	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18671	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I think these services are important to the people who benefit for them.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18672	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	You have already cut back so much so no!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18673	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	There is no room left to cut services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18674	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Please no further cuts. Its not viable.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18675	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Every one of these services should be statutory. Removal or reduction of any of these, and so may more is abhorrent.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18676	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	It must always be considered how some of the 'non' statutory services provide much more than they cost in real terms!... as far as the health, wellbeing and future development of young people these services are imperative!... although the long term future of the average officer / councillor is finite... the future of West Lothian is a legacy that we, NOW, can futureproof!... a short sighted view of long established services will only harm our already poor reputation as we cannot provide the service we aspire to.... Please examine the long term future and savings / income / grants etc generated from some of these service areas	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18677	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	All vital services needed to support people to live their best lives. The council needs to support people and not keep removing things. WL has very limited opportunities without cutting anymore. Look at more efficient ways. Actually engage with service users for each service as they would have the ideas you seek!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18678	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	stop taking everything away from us you get enough tax money from us so stop digging up the same road over and over again wasting precious money	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18679	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Reducing these costs would affect our communities and destroy family life.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18680	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Some of these services are essential for the community	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18681	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	These services are vital	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18682	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Absolutely not! Leave as is.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18683	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	These are vital services and should not be touched.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18684	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	The majority of these are what I would consider good council services and should be retained.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18685	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Do not reduce spending on any of these	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18686	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Councils should not reduce this. They need to increase joint up working	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18687	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Although these services are not required by law, they are essential for community	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

18688	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Although these services are not required by law, they are essential for community	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18689	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	No, these services are needed.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18690	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	These services are important for the people of WLC and the community. Stripping these would make the area less attractive to stay in. I would rather pay more Council Tax. Why haven't the older houses been re - evaluated, I don't pay enough Council Tax in my opinion as I live in an old house. This simple exercise would rather millions rendering most of these cuts unnecessary.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18691	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Absolutely outrageous the propositions. Except the upkeep of golf courses (where rich people can fund and play) I don't agree with any of the cuts. Kids needs music, education programs, health and safety support. Already they have very little things to do and most are disrespectful, idle having no courses to engage or develop their skills. Community projects are a must.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18692	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	No as these are vital. I know you call them non statutory however adult youth and community services are vital. Statutory services rely on the no stats. As they cant cope. Bad. This is a recipe for disaster. Stop these cuts now! Let's kids play let youth get support. Let LGBT community get support from the service.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18693	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Protect all the stated services here. Has anyone projected the disaster this can and will cause if this goes ahead.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18694	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	No, you are cutting to the bone not to the benefit of the people of West Lothian.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18695	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	There seems to be a view that these are all 'nice to have' but not essential. I would strongly disagree. Once again it's a case of not seeing the true value of these things and just reducing it all to pounds and pence. Just because a service is non statutory shouldn't diminish it's importance and make it fair game for getting cut. There are an awful lot of good people doing great things for the people of West Lothian and they certainly don't deserve to be treated as second class employees and jettisoned as a knee jerk reaction every time there is a need to find savings. It does very little for staff morale to keep being touted as a solution to a problem not of their making. Have some compassion and show some sensitivity!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18696	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	No. These are important and make West Lothian an excellent place to live	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18697	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I cannot agree with reducing spending on non - statutory services. It is an easy financial win; however, the long - term consequences of reducing or removing some of these services are huge	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18698	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	These services add quality to life in West Lothian. Please do not cut further.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18699	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	services to the community should not be cut.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18700	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	No we need these it's important there's hardly anything out there Go tax the big wigs with money more instead of coming after the poor!!!!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18701	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	No I disagree and feel very strongly that the Council needs to plan ahead and shape services around the changing population, but I feel that these services are absolutely crucial to supporting our local economy and community. It's not fair to expect local services to keep doing more with less, especially when the number of older people needing care and support is rising so quickly. Any changes should be made carefully and only after proper consultation with the people who actually use these services. Cutting too much now would harm our communities in the long run. I am really disappointed and frustrated by the amount of cost - cutting and money - saving measures being proposed. Local people and serv	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18702	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Totally disagree with this	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18703	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	These services are what hold our communities together and I would vehemently be against their removal. How about making savings from those who do not contribute to our communities, as opposed to those who do?	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18704	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Although these are non - statutory services they make an important contribution to life in West Lothian and how West Lothian Council Works. The knock on effect of removing these services is far larger than is implied by the accompanying statements. In addition there are no alternative services for to fill the gaps created by their removal.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18705	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	these are important - keep them and make decisions on the big stuff where big savings can be made	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18706	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	This is the vital unseen part of what's needed in communities - this needs continual funding, especially on local infrastructure	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18707	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I do not. This is all very important to the community	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18708	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Most of these non - stat services are services council tax payers expect to see. To remove them would be nothing short of a joke.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18709	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I don't think any of this should be reduced.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18710	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	DO NOT cut - 5e	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18711	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Cutting off from other sources not from these essential services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18712	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	With the exception of bunting, Christmas lights and golf courses, these are all essential services. Surely the Council would not remove itself from COSLA?	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18713	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Prevented fraud is important	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18714	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	No I do not agree, these services are important to communities	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18715	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Absolutely not these services are vital for West Lothian	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18716	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	non statutory services cannot be cut, these services are essential to early intervention and prevention for chronic issues e. g. violence against women and girls and mental health services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18717	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Looking at the services that are provided, I am concerned that should the council stop providing these potentially vital services, it would have an impact on the local community and Services that could be removed NOT TO BE CUT (however savings could be identified in levels of non front line roles). 5e	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18718	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Some services can be removed or capped. But since you have placed them all on one category. Without being able to vote for specific ones, my answer is no	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18719	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	All of these seem vital to the community	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18720	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	5e. ABSOLUTELY NOT	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18721	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	No - absolutely do not agree. And I have already gave a brief run down of why I think this and also what my idea to improve things would consist of. To take funding away from these would be abhorrent to the people who make use of them	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18722	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	But you do want to keep counter fraud (5e).	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18723	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	You should expand the counter fraud provision or look to link in with the NHS counter fraud service as there needs to be a strong deterrent and the return on investment in this area is well documented, cutting it makes no sense.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18724	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	These are the services that mostly support the most vulnerable in our community. everything is important to the functioning of our society.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18725	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	think these are all services that are needed	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18726	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	These are all important funding	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
18727	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	all these things are needed	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

18737	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	tackle benefits 'fraud	Corporate Policy and Resources	4. The council is already doing this.
18738	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Tackle fraud and claw back money from benefit cheats	Corporate Policy and Resources	4. The council is already doing this.
18739	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Serious review of those committing fraud.	Corporate Policy and Resources	4. The council is already doing this.
18740	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	tackle benefit 's fraud	Corporate Policy and Resources	4. The council is already doing this.
18741	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	It has to but needs to be careful. I note the fraud team only has a cost of £133K this will equate to 2 staff member currently. This needs to be increased. The fact that we have such a small team investigating fraud means that a lot of funds are unnecessarily being lost through a lack of detection. I think it is time for the council to acknowledge it has a problem and to invest here so that gateways to fraud can be secured and staff feel listened to in the want to utilise the whistleblowing procedure. Follow up by audit would strengthen the investigation as it would seek to secure any weaknesses in the process.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
18742	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Reducing all these listed will reduce the appeal of West Lothian. These services should be improved.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
18743	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	None, they should be put money into the services making the services more stable not taking the money away from it all	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
18744	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Look at ways to keep the services but reducing the times.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18745	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Non - Statutory services are vital to the community and removing them would be seriously detrimental. Perhaps looking at streamlining services so related information is available in one place & cutting out several layers of management.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
18746	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	5e Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council. (£133, 000)	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18747	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	5e. I find it laughable that WLC doesn't think fraud prevention is worthwhile. WLC is unbelievably corrupt.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18748	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I agree with all of these ways of saving money. I know people who get a council house then lets someone else live in it, most common people who are in drug related I understand the need to save money, s for the council homes that are not used for people's drug related acts this has to include looking at the fraud side this has been going on for along time.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18749	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	The majority of these are essential to the well being of everyone but agree non west lothian residents should not be subsidised for child care spaces	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18750	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Some of them should be prioritised above others	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
18751	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Why not try fixing the benefits fraud scheme	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
18752	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	In some area's, Fraud squad clearly not working, you need boots on ground.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18753	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Wow with the removal of all these West Lothian Council does not look like a place where I would like to stay in.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18754	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	The council should only spend what it can afford to spend. If it can afford to spend on non statutory then it should but it should be well thought out and if you can't do it all maybe you do it on rotation for every year	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18755	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Most of this spending improves the quality of life of West Lothian residents and any reduction should be done carefully.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18756	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Yes they should, but not across all of the services listed, some of them are essential	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18757	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	A lot of these services are already being or have been cut back. Not all should be cut back.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18758	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	See what non - statutory services are not being used fully in all areas and maybe end them and move the money elsewhere.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18759	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I thought these services were already paid for through council tax!	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18760	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	But only where there is no detrimental effect	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18761	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Too many issue to deal with individually but essentially Yes. However, there may still be some functions, whilst not statutory, might benefit local communities or the council as a whole. Like the Counter Fraud Team for example?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18762	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	This needs looked at carefully and prioritised many of the things listed could be cut but others should be kept a degree of common sense needed	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18763	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	For some of these, one would need to know how well they are used and what the success of them has been eg the counter fraud service	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18764	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	this is an obvious area to look at, however some of the items listed would be a great loss and this needs careful consideration.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18765	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Some of the areas highlighted are critical for the residents of west lothian and further investigation would be required	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18766	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	However, savings in cases such as anti - fraud where savings could result in losses greater than the amount saved must be particularly carefully investigated.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18767	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I think you have little choice but to do this. However, I suspect that stopping the provision of counter fraud services will end up costing you more than it saves.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18768	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	reducing fraud and antisocial behaviour, recouping costs	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18769	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Many of these should ultimately offset their cost to the council on account of the internal benefits (e. g. 5e)	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18770	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Consider all of these to be important. We would support efficiency savings if that can be achieved but this should not come at the cost of reduction of quality of service.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18771	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	That's why we pay the council. There will be little support for any of you if you continue down this route. You are hitting out at the most vulnerable in our society. Shame on you.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18772	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Would question what exactly we are paying our council tax for?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18773	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Stop cutting back on things the public actually accesses. Also I think meetings should be shown to the public and allow the public to vote on what you are proposing. As suggested in the first one, look on the inside before you start cutting people use! If this is what WL is planning in doing you will find a lot of people move away or choose not to live in this area. Ridiculous	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18774	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	you want to create communities not just statutory funded functions for the residents of West Lothian. It's not enough just to exist, you want to create communities worth living in.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18775	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	These services all have far reaching benefits for the community.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18776	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Remove more services but council tax payers get hit in the pocket? Joke.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18777	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Why should they lose out	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18778	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	If the council wants to just be a provider of last resort then go ahead and stop all non statutory functions. But I strongly suspect that this is not what people in West Lothian want and they will make their feelings known through the ballot box given the chance. Scotland is not a third world country (yet) and the services provided by local authorities need to be seen for more than just their monetary value. Local authorities should be funded to enrich the lives of the people they serve and the problem is clearly that they are not.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18779	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	You should be utterly ashamed at removing some of these services. You have a duty as a council to help the community. None of this will matter, you'll still increase costs and reduce services.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18780	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	reads like a dereliction of duty here.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18781	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	I don't necessarily think that non - statutory spending should be reduced although I do think that all spending should be considered. Many of the non - statutory items are very important to people and communities.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18782	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Difficult one, but these are the things that bind our society together. The importance of these things can be so much more beneficial than any monetary value can say.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18783	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	You could definitely reduce some of these but focus should be on things that wouldn't result in a loss of service and support for vulnerable people. So no cuts to community services for vulnerable groups but maybe spend less where there isn't a direct loss of service.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18784	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	The problem with reducing non statutory spending is it may make a short term saving the long term cost, which will have to be paid for by the council although may not be a direct cost	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18785	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Dumbfounded someone actually costed losing these facilities. Disgusting proposals.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18786	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	While reducing or cutting non - statutory services may appear to be an easy cost - saving measure on paper, it ignores the long - term social and financial impact these services have on our communities. Non - statutory does not mean non - essential. Many of these services — such as youth work, community centres, early intervention programmes, libraries, and mental health support — are vital in preventing more expensive statutory interventions down the line. Removing these supports would not only erode the quality of life in West Lothian but also drive increased demand in areas like social work, education support, and emergency services. In short, these are investments, not luxuries. Sustainable financial strategy means looking beyond short - term savings and recognising the true value these services provide to residents — particularly the most vulnerable.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18787	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	A lot of non statutory services are required and relied upon by us as public members whether you see it as non statutory or not, it is in the eyes of the public	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18788	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Lack of non statutory services just puts pressure on statutory services and is therefore an inefficient response.	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18789	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	These services are vital and a life line for many people - if you remove them they will require formal services and these will cost more	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18790	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	These would be detrimental.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18791	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	So if the council will give up all those services who then will deliver them as there is not many in West Lothian free services	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18792	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	5e - this should be statutory	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18793	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Most of the services provided appear to be important and with the exception of one or two would seem to be what's needed.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18794	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Again, too much lost already	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18795	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Cuts and more cuts. Some yes but the majority no. These are much needed services	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18796	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Many of these services are essential	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18797	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	most of the non statutory services are beneficial for community as there is not any alternatives for access them apart via the council.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18798	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Most of these are vital community services which could probably benefit from more spending	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18799	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Too many depend on these non statutory services and alienating tourists mean income moves elsewhere	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18800	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	They may be non statutory but seem very important and if removed would significantly impact on communities.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18801	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	These cuts will impact on the community hugely	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18802	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Too many cuts already	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18803	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Feel this could be better managed but don't believe reducing / removing these services is a good idea	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18804	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	A number of the items above would save money to spend money i. e counter fraud i would assume recoups costs.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18805	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	A lot of people rely on these services	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18806	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Often the non statutory aspects are the buffer for those on low incomes and loss of these supports affects the physical and mental well being of the clients. Large employers should be encouraged to support more community based projects.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18807	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	These services are critical to West Lothian, and some of these services helps people meet other people and also assist with these day activities. West Lothian council needs to make sure they are not making people who use these services from being affected by physical and emotional stress of not having these services	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18808	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	There should also be a clearer focus on local reinvestment to ensure communities benefit from any income raised. Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18809	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18810	Theme 5- Reducing Spending on Non-Statutory Services	5e - Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council.	Anyway - no I don't agree with these cost - cutting of these services without greater details about the consequences of them. E. g. Provision of a Counter Fraud Service which investigates and tackles instances of fraud against the council. (£133, 000). How much does thing generate for the Council? Can it be reduced as a service rather than being cut? Does it cost more than it generates? I refuse to consider cutting all these services without understanding the impact.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
18811	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Unfortunately only essential services should be supported	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18812	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes but it's mostly peanuts.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18813	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	With exception of youth social activity funding everything else should be cut	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18814	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Common sense things, stop funding - gala days - Look at the cumulative cost of getting rid of all the small things that could ensure larger services can continue. For those larger services, find more efficient alternatives.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18815	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I agree with this in principle however it is essential council continues to support important and vital community organisations & activities.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18816	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Some massive savings to be had here and these are some of the areas you need to look at in great detail.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18817	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Times are tough. Time to tighten the belt and maybe when you are crippled by debt you can look at these items again to reintroduce them.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18818	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Within reason	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18819	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f Support to gala day committees for installing bunting. (£45, 000) I do not think there is a need for Gala Day Bunting, as most areas are no longer small village communities. Residents could decorate their windows and gardens instead. Local Communities advertise the procession route on their Social Media a pages. I think the Gala Day Committees or The Forum of Community Councils could make better use of this money.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18820	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Stop gala days festive light we have 6 where we live no gala day was cut 14 years ago the community council had to buy our lights	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18821	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	45k to put up and take down bunting? I will do it personally for 25k saving you 20k	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18822	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Gala are a waste of money. If communities want this they should pay for it themselves through fundraising.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18823	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Remove funding for gala day bunting	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18824	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	While I agree things like gala bunting are non essential items and will not affect day to day living for people, some of the areas are needed to help communities. Everyone nowadays is reviewing their finances and having to prioritise the essentials just as the council are doing.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18825	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Gala bunting could be cut	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18826	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Absolutely, maintain and improve core services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18827	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f Support to gala day committees for installing bunting. (£45, 000) Unfortunately, they are not a necessity.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18828	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Some of these costs should never fall down to the public purse in the first place - gala day bunting	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18829	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	just stop any unnecessary spending. if places want gala days get there committee and community to raise the money	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18830	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	some are wasteful why are you paying for bunting for gala days for instance? some should definitely stay	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18831	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Reduce unnecessary spending on gala days	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18832	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Bunting and Christmas lights are always installed on a Sunday which I assume pays double time. A cost saving could be doing it on a weekday at single time.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18833	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Sadly, I do agree	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18834	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Many of these payments are not necessary, however many are valued by the wider community and should be maintained. Christmas lights and gala bunting could be sponsored by commercial businesses and this could also be a condition of the rental of council property	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18835	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Any none essentials should be reduced.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18836	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	but perhaps gala flags could be something communities could fundraise for	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18837	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Completely agree, some of the charges are a complete waste of money and unnecessary! Public should pay for some of these themselves and gala bunting and Christmas lighting is completely unnecessary. That money could be used on cleaning the streets instead of improving cycling paths etc. Over £700k a year for lollipop man is also excessive and providing school transportation over £1m shouldn't be the councils money to spend. It should definitely be paid by the people requiring those services or case by case basis and when absolutely necessary!)	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18838	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Reduce support to gala day committees for installing bunting.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18839	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Many of those listed while not statutory services are key to keeping West Lothian a desirable place to live. However services like installing bunting etc for gala days is not something that will make a significant difference to the area at significant cost reductions.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18840	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	All of the above	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18841	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yeah absolutely these are all things that could be readjusted... by either minimising staff in certain areas and charging for certain services such as the music group and waste disposal... if you are providing a service you can charge a fee to make a profit rather than just blowing it out the window... if certain positions are overstaffed and could be done with less cut down... if one person could update headteachers via video link instead of hiring out a whole team and building etc change things up a bit have people work from home or freelance in one area on the side of a main job if there's not much to be done in certain areas instead of hiring a whole lot of people... if you focus on shaking things up a little, bringing in money where you can and streamlining some of the bigger things like schools and public transport etc I don't see why you couldn't make significant changes in the budget and the way things are run	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18842	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Some of these are ridiculous amounts being spent on these items and feel hugely inflated, a complete waste of money if that's the true amount. B, c, f, i, s, & a should already be gone.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18843	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Gala day flags are not essential and most end up damaged by wind.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18844	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Remove all services which are not mandatory	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18845	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Galadays are pointless and people usually get stabbed so stopping them would be a bonus	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18846	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Agree with almost all proposal - however disagree strongly in 5C / 5H our children should not suffer in budget cuts. Schools and support for schools particularly our children with additional needs should be the councils biggest priority. We value the service's provided but further rationalisation is required across all the other non - statutory services to ensure we protect the children of West Lothian's future.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18847	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f and 5g should be implemented People should limit the amount of children they have to the amount they can afford without tax payers having to subsidise them. School transport should be the job of parents not the schools and it would do children good to walk	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18848	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	the money on bunting and christmas lights is ridiculous. some things need to be looked at in terms of a realistic budget id rather see more for schools and community groups	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18849	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I agree, but... if I can see west Lothian turning into a dump if they get rid off all those services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18850	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	With the exception of 5m, 5n, 5p and 5x which I think should remain, I believe all the other suggested savings should be made	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
18851	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	The cost of putting bunting up for Gala Day should be reviewed. Not every street needs it and half the time, they are put up too early and need fixed again.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18852	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Reduce non - statutory spending as much as possible.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18853	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No working weekends to take gala flags down.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18854	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	stop funding to anything that is not for the most vulnerable people that reside in west Lothian	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18855	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Protect statutory services and stop delivering non statutory	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18856	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Stopping of the provision of Gala flags. Villages and towns in other council areas pay for they're own flags	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18857	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These figures are shocking and cuts are needed especially on bunting	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18858	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Lots of money spent on non statutory! Get the bunting in the bin!	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18859	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Cut 5f bunting	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18860	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Support to Gala Days is unnecessary for councils.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18861	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Really? It costs 45K to put up a bunting at the Galaday???	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18862	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Reduce certain things within reason, if costing of bunting is 45, 000 for a gala day, what a waste of money this is a good saving.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18863	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Installing bunting for gala days is a waste of money.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18864	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Costs can be cut in other non - statutory ways. not sure how important galaday bunting, are?	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18865	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Only if necessary.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18866	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I agree with many of those options but believe things that are a choice should be sacrificed first such as bunting	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18867	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Absolutely agree	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18868	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Bunting should be reduced. I don't agree with all areas of savings	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18869	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18870	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Cancel activities f	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18871	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	You could balance the books by stopping providing services that are not required by law - make savings in all these areas.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

18872	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Make major savings from all non - statutory services in order to concentrate on statutory	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18873	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f - sad, but cut if we have to.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18874	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f Support to gala day committees for installing bunting. (£45, 000) this is unnecessary	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18875	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18876	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes I agree.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18877	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	To save money	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18878	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	remove the bunting for gala days.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18879	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I'd happily see the end of Gala Day Funding and for the money spent on Parades. People could easily forgo the parade bits and just meet up in the local parks.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18880	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	some from this should go. bunting for galas	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18881	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Support to external events e. g. gala days could perhaps be withdrawn as there are many local groups involved who are capable of fundraising and many attract external funding	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18882	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Stop contributing to galadays	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18883	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18884	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	There is definitely a need to reduce spending on non statutory services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18885	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	But only where there is no detrimental effect	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18886	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I would remove all but essential spend.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18887	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I agree this has to happen because there is realistically no other option with such a significant budget gap. However, there needs to be careful consideration about the pressure that these reductions in spending will place on Statutory services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18888	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Stop altogether.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18889	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Fine	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18890	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Why on earth are WL Council spending £45, 000 to install bunting you do know there is a cost of living crisis & that you've allegedly been in cost saving measures for years?	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18891	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	If the council need to save £23million then they certainly need to get rid of the following asap: gala day bunting	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18892	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Stop giving money to galadays.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

18893	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	ban all moneys spent on bunting	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18894	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes reduce services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18895	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	All the suggestions on the previous page have merit	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18896	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	this is an obvious area to look at, however some of the items listed would be a great loss and this needs careful consideration.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18897	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Get rid of the gala day bunting to save money	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18898	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Agree that Council should look at range of non - statutory services being provided but acknowledging that many add significant economic, social, community and environmental value and benefits to West Lothian residents and communities - which without these services would potentially have an adverse impact on these very communities.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18899	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I agree on some of the funding. No bunting for gala days	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18900	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Do anything you can to stop stupid galaday bunting	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18901	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f, seem like unnecessary luxuries when core services are under such extreme cost pressure.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18902	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Definitely agree with reducing costs for gala bunting	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18903	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Definitely agree with reducing costs Christmas lights which don't in fact show any features about the real meaning Christmas.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18904	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Money for items like galadays are a waste that could be used on other people / places. The cost of these is outrageous for what it actually delivers.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18905	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Stop funding gala days	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18906	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	supporting gala days is a luxury not a necessity and could be axed in my opinion.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18907	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	The bunting assistance can be scrapped, it's not needed and would be a bit saving.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18908	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Bunting should be cut. A disgrace that it cost so much to put these up once year	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18909	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	The Council should not contribute to the provision of bunting	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18910	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I already mentioned Bunting but do not know enough about much of the rest to comment	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18911	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Save money by not having gala days and events	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18912	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I mean.... people can put up their own bunting.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18913	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Costs for bunting seem excessive... look into that.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

18914	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Reduce spending in all non statutory services before cutting statutory services. Parliament has decided which services are statutory, and funds councils to provide them. Don't risk the effectiveness of statutory services by throwing this money away where it's not required. Stop some spending completely i.e anti - poverty, regeneration, non - statutory school buses.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18915	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Charge Gala Days for bunting - they pay or take out grant.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18916	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	we could perhaps do without lighting and bunting but should we block instrumental tuition?	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18917	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Gala days should be scrapped, they are outdated and cringy.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18918	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Agree Gala days and bunting	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18919	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	bunting - could be fundraised - sad but it's a party and shouldn't come before children	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18920	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Is gala day bunting really necessary	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18921	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes. 5f = bunting grants; end it.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18922	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes agree	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18923	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Wow, this is definitely where you need to start saving. Think how 's many more support workers we could have in schools if we cut out galaday flags and Christmas lights.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18924	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	communities could fundraise for bunting.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18925	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	anything non statutory should be stopped immediately - we are not in a time where we have the luxury of extras.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18926	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Gala day bunting is a waste, it looks unsightly and is often ruined by the weather.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18927	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Eliminate unnecessary spending on gala days.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18928	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Do we need bunting up? If gala committees want this then the cost should be coming from their pockets. Do we need so many gala days?	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18929	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Reduce all spending on things like gala days. A lot of outsiders don't understand gala days anyway.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18930	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18931	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Festive lighting and gala bunting are not necessities	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18932	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	don't agree with funding for gala bunting and christmas lights	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18933	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	All items in 5 should be executed on as there is significant cost savings to be achieved in non statutory services. However as it's around 10 % of total spend efficiencies in statutory services is an absolute priority.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
18934	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	The following points is where I agree savings can be made in this section: 5b, 5c, 5f, 5g, 5l. I strongly disagree that cuts should be made to all other points in particular point 5o	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

19040	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I only agree to reduce / remove spending on points from previous page which are: 5F,	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19041	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f. Gala committees should do this.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19042	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Spend less money on gala days	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19043	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Stop spending money on non - statutory services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19044	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f yes cut them the rest of these are viable and have to stay	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19045	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Why don't you just take absolutely everything away. basic fundamentals at play here.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19046	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I have answered no as I do not think that initiatives that support education youth or reducing inequalities should be cut. There are other things, however, from the list you have provided that absolutely can be cut... lights and bunting be top of the list. Having said this and as with my first answer, this is dependent on how things are currently being managed. Savings could be made by addressing this rather than cutting services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19047	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Reduce the nice to haves. Christmas lights, bunting, support to Galas etc.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19048	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Cut discretionary services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19049	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Cut Gala days day flags	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19050	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Rather than tax more, cut the non - statutory services you are not obliged to provide,	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19051	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	While I agree some of these services need to be cut alot of communities really need them	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19052	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	If the service isnt benefiting people and not being used then thinking about removing it worth considering.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19053	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Other parts of non stat could be looked at but should not be classed in the same section as those which have an educational benefit. Gala day bunting can be outsourced to local community councils	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19054	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f - this should be stopped the bunting looked awful in Blackburn this year, it was all ripped	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19055	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5F -could be cut completely	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19056	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Balance the books by cutting non - statutory services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19057	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Your own figures show you can live within your means if you cut unnecessary non - statutory services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19058	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Stop spending on non - statutory services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19059	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Your figures show you don't need to raise taxes or charges if you stop spending money on non - statutory services - this is where the savings should come from.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19060	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Stop spending money on non - statutory services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

19061	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Cut spending on non - statutory services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19062	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I agree that you should make savings on things such as gala bunting etc and that should be encouraged to come from villages / towns to raise funds.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19063	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	dreadful question - too many choices! bunting yes	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19064	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Bunting stop, would be top of my list.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19065	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Well maybe some. Think bunting for gala days could be stopped	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19066	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Redesign (don't remove) - 5f	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19067	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I agree with the cost saving of putting up bunting for gala days - this could be an income generator	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19068	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I DO NOT agree that the money spent on bunting are needed but services like.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19069	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f, i and u. Scrap these, if these are desired in a community, the community should fund	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19070	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	non statutory services are just as valuable if not more so and if they didn't exist this would put even more pressure on schools social services and social workers. 5f cut flags	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19071	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Following services to be cut: 5f	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19072	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Galaxy funds could be cut.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19073	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f. YES REMOVE.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19074	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	This is an area that needs to be grouped into smaller categories to make sense. I agree with reducing funds for gala days (putting up bunting should not cost £45K! Honestly how was this not caught until now).	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19075	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Gala bunting etc could go as many villages do their own fund raising for such things	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19076	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	West Lothian Council has a proven track record of delivering huge savings. Now the council is on it's knees as a result of lack of funding from central government for years - suggest services should be restricted to statutory only unless the financial settlement provided to the council is fair and reasonable to enable council to deliver the services needed.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19077	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	CUT THE GALA DAY STUFF	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19078	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Cancel all funding towards gala days in west lothian	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19079	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Some aspects, such as bunting do seem reasonable to consider for reduced spending	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19080	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Gala day bunting is about all that isn't valued here.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19081	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f - gala day bunting is an area where the community could fundraise to have these put in place.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

19082	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I only agree with 5f Support to gala day committees for installing bunting. (£45, 000)	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19083	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	All non statutory services should be looked at to help streamline and make savings if possible, but completely stopping funding seems short sighted	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19084	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I agree with majority	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19085	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	bunting, stopped - should be put out to an external company, blackburns looked terrible it was falling down. gala communities could do this themselves.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19086	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Savings can be made by removing gala day funding for bunting	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19087	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I'm not interested in gala - day flags.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19088	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	By all means cut galaday flags but DO NOT disadvantage young people who are already disadvantaged in this economy. It's frankly insulting that vital services to young people are bundled in with the bins and Christmas lights. This does not reflect well on the council's priorities for our future population.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19089	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f Cut to installing gala day bunting, local people can assist with this.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19090	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	ONLY thing would be bunting can go	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19091	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No flags	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19092	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Some of these proposals make sense: not paying for bunting will be met with a sigh and no one will bother.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19093	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes, reducing non - statutory spending is a necessary evil to avoid a Council Tax rise and protect statutory services. I propose prioritizing cuts based on cost and essential safety / vulnerability criteria: Immediate Cuts (Total \ approx £3. 58 million): 5f (Gala Bunting - £45k); End funding for this minor cost. Protect / Review for Efficiency: Protect.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19094	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19095	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Although this is a difficult decision it is required to balance the books based on the funding allocation.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19096	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These need to be run better not cutting in services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19097	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Look at ways to reduce costs in each area but do not cut any of the serviced entirely	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19098	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes but leave the schools alone.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19099	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	A lot of the rest seems like wasted money really.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19100	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes, there should be a common sense approach but not to the detriment of the majority. There will be corner cases that need reviewed separately HOWEVER all waste should be eradicated.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19101	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	We have never been in a worse state, stop funding the nice to do and fund the must do	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19102	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes. They should be providing a statutory service of maintaining roads, refuse collections and recycling etc. But anything out with statutory needs to go	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19103	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes but not everything at once. Please be mindful about our safety and wellbeing	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19104	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I agree to reduce this spending but not at the expense of safety (i.e. gritting of roads etc) also people's mental wellbeing needs to be at the forefront, especially as these times are hard financially on all of us.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19105	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Some of this is just crazy. Major cuts needed	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19106	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	All other extras reduce or eliminate.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19107	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I would agree although we must be looking at improvements / cuts that will hold in favour of future generations. The country is on its knees and it's not going to get any better	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19108	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes but we can also reduce spending on statutory services. We still provide the service but to a lesser extent	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19109	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	If it's not legally required to be provided then why would the council pay for it. You need to start thinking with private sector mindset if you have such a dire financial shortfall.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19110	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes stop spending on all non statutory areas	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19111	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I think all these proposals make sense	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19112	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	All the non statutory spending should be cut to a bare minimum.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19113	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I agree with most of these. Galadaye bunting not a priority.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19114	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes, however, it will have an impact on communities and in some circumstances may lead to additional costs to the Council	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19115	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes but perhaps increasing planning fees would assist this gap?	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19116	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	where possible retain any involving vulnerable or young persons within the county but remove any that aren't shown to be working and can be replicated in other savings.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19117	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I agree with all of these proposals	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19118	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes, reduce spending here. I think it is still important to offer some support for less fortunate and possible at risk children during school holidays and offering days where a professional will see them in order to monitor safety	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19119	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Review these and make savings / better planning for services on offer and who uses which facilities	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19120	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I agree with all of these ways of saving money. I know people who get a council house then let someone else live in it, most common people who are in drug related I understand the need to save money, so for the council homes that are not used for people's drug related acts this has to include looking at the fraud side this has been going on for along time.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19121	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	To a certain extent but I would need very careful scrutiny and thought which might outweigh the benefits	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19122	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Most of this seems reasonable but you could save money by encouraging community engagement with these ideas. People will lend their time to improving the world around them if you let them. Encourage people to get involved with these and help communities start to engage with themselves. Otherwise what's the point?	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19123	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes, I agree that the Council should reduce spending on non-statutory services, especially in the current financial climate. Given the size of the budget gap facing West Lothian Council, it is essential to prioritise funding for statutory services that the council is legally obliged to provide, such as education, social care, and waste collection. Non-statutory services, while valuable, are discretionary and may need to be scaled back or redesigned to ensure the council can continue to deliver its core responsibilities effectively. This does not necessarily mean removing these services altogether, but rather ensuring they are delivered efficiently, reducing duplication, and exploring alternative funding models such as partnerships with private or voluntary organisations.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

19124	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	All of these are ancillary and should be eliminated. People who care about such things can demonstrate such by paying for them	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19125	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I have insufficient knowledge of the details of non - statutory services provision to provide further suggestions. However, in the current economic position, the cessation of many of those activities listed previously is a no - brainer. I'm surprised they have not been stopped before. 5g is the most alarming item to me.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19126	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	This is the easiest option and shows that the extras that need to be saved	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19127	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I agree. Money is being overspent.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19128	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Too much money is being wasted on these services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19129	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Only provide essential services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19130	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Funding should be reduced for non statutory services unfortunately needs must.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19131	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	scrap the others completely	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19132	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Spending on these services should be revised. Some areas get more of of these services than others. A complete overhaul of services and budgets are required.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19133	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Stop spending on non - statutory services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19134	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Reduce spending on non - statutory services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19135	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Cut everything unnecessary and provide essential services only.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19136	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I think a consideration should be given to more focus on reduction of non statutory services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19137	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Cut back non essential services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19138	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Live within your means and don't spend money on unnecessary non - statutory services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19139	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Its very simple - stop spending money you don't have on services you don't need to provide.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19140	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Stop paying for non essential services and save the money from that	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19141	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Stop spending on unnecessary non - statutory services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
19142	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Some of these services are essential for the community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19143	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I think there are too many points in this section not to say yes, however what sticks out for me is if the council doesn't contribute to gala bunting, it takes away traditional awareness of the gala about to take place	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19144	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	There are too many areas in this section to not say yes, however what sticks out for me is as follows: I think the council should keep with tradition to putting bunting up for gala days. It won't feel like a gala, nor raise awareness of the gala being due if these weren't up.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19145	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Keep gala stuff	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19146	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Local grants for festive bunting can remain	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19147	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	This should only be considered on any unnecessary spending such as in person council meetings, not anything that will impact communities even further - the likes of galaday festivities or Christmas. We already receive very little.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19148	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	None of these should be stopped! Every one of these includes life or death circumstances! They incorporate the health and wellbeing of the residents. You are suggesting cutting items that people need. It is items people assume is why we pay a council tax! Reducing gritting or roads and pavements more has the possibility of causing injury or death! No cost is too much for this. We need each other. We need companionship. We need groups and locations where people can sit and talk and learn and eradicate racism bigotry and counter the fake news and gossip spread by locking people in their homes and cutting their lives from social media. Social interaction is a must before we get out of the house.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19149	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I think the school transport should only be reviewed if there are direct public services which can be used as an alternative.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19150	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	There are savings and efficiencies to be made but there is also a lot of value in the services being offered so there is nothing on the list that I would be in favour of scrapping entirely. For example the central services provided in Education Services are important for ensuring statutory compliance and quality of service, and the work that is carried out would not just go away, it would be passed to Headteachers and their staff who would not have capacity to do it.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19151	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I agree with the exception of the following items: e, f, h, k, m, n, p, q, r, v, x and z	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19152	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I agree with most of these but they are not saving money, These services need to be continued.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19153	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Keep the bunting please	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19154	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Not putting up bunting could lead to a very depressing place to live and work.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19155	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Sensible consultation is required for some of these options, gala bunting?? Already taking away community centres from communities, what will they have left?	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19156	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Smaller spending such as gala days can be left alone.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19157	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Most of this spending improves the quality of life of West Lothian residents and any reduction should be done carefully.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19158	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Keep the bunting being funded as it gives a great feel for the gala days and being part of the community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19159	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Get rid of: 5f.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19160	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Savings should be sought but it should also be noted that often what makes the most difference are the relatively small monetary interventions to community and environment projects or interventions such as festive lighting etc make more of a difference in a community that it costs - helps to promote community cohesion and pride and would hopefully lead to greater civic pride in the environment and less damage etc.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19161	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Spending should enhance towns and villages for all, I agree that all festivals, ie Gala days should be funded by the council.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19162	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I have answered yes to this although still think that the projection of a feel good factor for local communities should be maintained despite costs e. g. Gala day bunting and festive lights. The morale and pride in the communities must be preserved.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19163	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	galaday bunting shouldnt be impacted by cuts	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19164	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f) No need for gala bunting	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19165	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f galadays are so historically important to mining communities and I think bunting is a key part of that it would be sad to see it go. I think it is very culturally and historically significant and brings community spirit to the area	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

19166	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	It would be a very sad day if the Gala Day bunting could no longer be put up. I never thought this would happen and is shocking to be honest.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19167	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I strongly believe all the community support the council delivers. Such as bunting are needed in the community. It continues to encourage a sense of community spirit, which sadly is depleting, in this technical world, of ours	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19168	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I think this section of different 'smaller' expenses that might seem frivolous to some, eg bunting costs, but I feel these are often important in creating a safe, nice place to place which West Lothian aspires to be. I would be really concerned if some of these items got cut.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19169	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No to: 5f	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19170	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	no to: 5f	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19171	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Keep the bunting - they are away of towns and villages / celebrating and ask groups to contribute more.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19172	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Galaday bunting brings a lot of joy to people. Galadays make West Lothian unique and I would hate to see that go.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19173	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Helping with bunting for galadays	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19174	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	The non statutory areas are necessary	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19175	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Everything else can stay.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19176	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	That's why we pay the council. There will be little support for any of you if you continue fown this route. You are hitting out at the most vulnerable in our society. Shame on you.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19177	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No cuts to non - statutory services these are life enhancing and have suffered many reductions in funding	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19178	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These are so important for communities and morale. Please don't take these away.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19179	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Would question what exactly we are paying our council tax for?	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19180	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	The time you do that we would have nothing	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19181	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Gala days are important to communities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19182	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I can't actually believe the things on this list. The council wants to remove all bunting? Very festive. This council proposal is an absolute shambles.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19183	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Reducing these costs would affect our communities and destroy family life.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19184	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These services are vital	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19185	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Absolutely not! Leave as is.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19186	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Non - Statutory services are vital to the community and removing them would be seriously detrimental. Perhaps looking at streamlining services so related information is available in one place & cutting out several layers of management.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19187	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	The majority of these are essential to the well being of everyone but agree non west lothian residents should not be subsidised for child care spaces	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19188	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These are vital services and should not be touched.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19189	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Savings or fees in these areas would make West Lothian poorer overall. Education is important regardless of age. Gala day bunting s lift the mood of the community.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19190	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	The majority of these are what I would consider good council services and should be retained.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19191	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Do not reduce spending on any of these	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19192	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Councils should not reduce this. They need to increase joint up working	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19193	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	All spending on community groups, galadays should not be cut.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19194	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Wow gets better take away the one thing most villages look forward to the gala day the minute the flags hit they poles the villages are buzzing again take that small job away and line the fat cats pockets	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19195	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Although these services are not required by law, they are essential for community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19196	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Although these services are not required by law, they are essential for community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19197	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	There are too many on this list to dispose off. Bunting and Christmas lights bring joy for children!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19198	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No, these services are needed.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19199	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These services are important for the people of WLC and the community. Stripping these would make the area less attractive to stay in. I would rather pay more Council Tax. Why haven't the older houses been re - evaluated, I don't pay enough Council Tax in my opinion as I live in an old house. This simple exercise would rather millions rendering most of these cuts unnecessary.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19200	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Absolutely outrageous the propositions. Except the upkeep of golf courses (where rich people can fund and play) I don't agree with any of the cuts. Kids needs music, education programs, health and safety support. Already they have very little things to do and most are disrespectful, idle having no courses to engage or develop their skills. Community projects are a must.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19201	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No as these are vital. I know you call them non statutory however adult youth and community services are vital. Statutory services rely on the no stats. As they cant cope. Bad. This is a recipe for disaster. Stop these cuts now! Let 's kids play let youth get support. Let LGBT community get support from the service.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19202	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	If the council wants to just be a provider of last resort then go ahead and stop all non statutory functions. But I strongly suspect that this is not what people in West Lothian want and they will make their feelings known through the ballot box given the chance. Scotland is not a third world country (yet) and the services provided by local authorities need to be seen for more than just their monetary value. Local authorities should be funded to enrich the lives of the people they serve and the problem is clearly that they are not.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19203	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No way should there be any reduction for gala days- they are services that benefit the majority of residents rather than the minority that councils seem to concentrate on!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19204	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No, you are cutting to the bone not to the benefit of the people of West Lothian.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19205	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	There seems to be a view that these are all 'nice to have' but not essential. I would strongly disagree. Once again it 's a case of not seeing the true value of these things and just reducing it all to pounds and pennies. Just because a service is non statutory shouldn't diminish it 's importance and make it fair game for getting cut. There are an awful lot of good people doing great things for the people of West Lothian and they certainly don't deserve to be treated as second class employees and jettisoned as a knee jerk reaction every time there is a need to find savings. It does very little for staff morale to keep being touted as a solution to a problem not of their making. Have some compassion and show some sensitivity!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19206	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I don't necessarily think that non - statutory spending should be reduced although I do think that all spending should be considered. Many of the non - statutory items are very important to people and communities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19207	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Difficult one, but these are the things that bind our society together. The importance of these things can be so much more beneficial than any monetary value can say.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19208	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	The problem with reducing non statutory spending is it may make a short term saving the long term cost, which will have to be paid for by the council although may not be a direct cost	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19209	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No. These are important and make West Lothian an excellent place to live	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19210	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I cannot agree with reducing spending on non - statutory services. It is an easy financial win; however, the long - term consequences of reducing or removing some of these services are huge	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19211	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Dumbfounded someone actually costed losing these facilities. Disgusting proposals.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19212	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These services add quality to life in West Lothian. Please do not cut further.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19213	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	services to the community should not be cut..	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19214	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No we need these it 's important there 's hardly anything out there Go tax the big wigs with money more instead of coming after the poor!!!!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19215	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	While reducing or cutting non - statutory services may appear to be an easy cost - saving measure on paper, it ignores the long - term social and financial impact these services have on our communities. Non - statutory does not mean non - essential. Many of these services — such as youth work, community centres, early intervention programmes, libraries, and mental health support — are vital in preventing more expensive statutory interventions down the line. Removing these supports would not only erode the quality of life in West Lothian but also drive increased demand in other services.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19216	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No I disagree and feel very strongly that the Council needs to plan ahead and shape services around the changing population, but I feel that these services are absolutely crucial to supporting our local economy and community. It's not fair to expect local services to keep doing more with less, especially when the number of older people needing care and support is rising so quickly. Any changes should be made carefully and only after proper consultation with the people who actually use these services. Cutting too much now would harm our communities in the long run. I am really disappointed and frustrated at this, because of what I see and hear, and the services being removed. I need to see a plan.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19217	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	A lot on non statutory services are required and relied upon by us as public members whether you see it as non statutory or not, it is in the eyes of the public	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19218	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Lack of non statutory services just puts pressure on statutory services and is therefore an inefficient response.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19219	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These services are vital and a life line for many people - if you remove them they will require formal services and these will cost more	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19220	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These would be detrimental.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19221	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Totally disagree with this	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19222	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	So if the council will give up all those services who then will deliver them as there is not many in West Lothian free services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19223	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These services are what hold our communities together and I would vehemently be against their removal. How about making savings from those who do not contribute to our communities, as opposed to those who do?	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19224	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Most of the services provided appear to be important and with the exception of one or two would seem to be what's needed.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19225	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Again, too much lost already	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19226	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Many of these services are essential	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19227	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	most of the non statutory services are beneficial for community as there is not any alternatives for access them apart via the council.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19228	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Although these are non - statutory services they make an important contribution to life in West Lothian and how West Lothian Council Works. The knock on effect of removing these services is far larger than is implied by the accompanying statements. In addition there are no alternative services for to fill the gaps created by their removal.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19229	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	these are important - keep them and make decisions on the big stuff where big savings can be made	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19230	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	This is the vital unseen part of what's needed in communities - this needs continual funding, especially on local infrastructure	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19231	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	This is an example of expenditure which often benefits the whole of West Lothian rather than just those who are in challenging circumstances. I think it's important that even the wealthier in our region feel they get something back and things like Gala days support the whole community. If the council wanted to reduce expenditure on these items, I would encourage them to look for corporate sponsorship and paid partnerships rather than removing the actual provision.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19232	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Most of these are rubbish suggestions - cutting gala day funding? You can ask the house builders to provide the funding for all these and more.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19233	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No I do not agree, these services are important to communities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19234	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Absolutely not these services are vital for West Lothian	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19235	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	non statutory services cannot be cut. these services are essential to early intervention and prevention for chronic issues e. g. violence against women and girls and mental health services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19236	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Removing the Christmas lights to save £88k which is an immaterial amount is something Scrooge would approve of but I feel the public less so. Similar with the galaday preparation.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19237	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	All of these services are vital to youth and community improvement. Yes you can save money but to what cost? These services provide necessary fulfilment to people's mental health and education. The cost will be felt down the road if services are cut. For some children seeing the bunting and the Christmas lights brings joy in a hard life. Support services now save money to mental health programmes if people get the support when they need it.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19238	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Again too big a question, not possible to answer yes when too many varied services described. I think there is little point in not putting up bunting that would save meagre amounts when you could look at how much you pay to support, pride walks, orange lodge walks etc	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19239	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Some services can be removed or capped. But since you have placed them all on one category. Without being able to vote for specific ones, my answer is no	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19240	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	All of these seem vital to the community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19241	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These services are critical to West Lothian, and some of these services helps people meet other people and also assist with these day activities. West Lothian council needs to make sure they are not making people who use these services from being affected by physical and emotional stress of not having these services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19242	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	By taking away funding for gala days, you are removing community spirit.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19243	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No - absolutely do not agree. And I have already gave a brief run down of why I think this and also what my idea to improve things would consist of. To take funding away from these would be abhorrent to the people who make use of them	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19244	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Imagine the Council saying we are not going to help you put up bunting. What is the point? Genuinely was that someone who doesn't stay in West Lothian who wrote that. Get xxxxxxxx up a ladder doing it. He should be no where near the role he is in.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19245	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These non statutory services often provide a life line for ordinary citizens - gala day committees	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19246	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	There should also be a clearer focus on local reinvestment to ensure communities benefit from any income raised. Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19247	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I disagree with all these points. Gala days are at the heart of communities and taking these away would inordinately cruel. Times are tough in West Lothian and people need these touch points in the year, this cannot happen.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19248	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These are the services that mostly support the most vulnerable in our community. everything is impotant to the functioning of our society.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

19249	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	think these are all services that are needed	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19250	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These are all important funding	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19251	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	all these things are needed	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19252	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These services should be kept in place	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19253	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Some not all should be cut. Agree with cutting all except 5f	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19254	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Wow with the removal of all these West Lothian Council does not look like a place where I would like to stay in.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19255	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I would continue to support communities e.g. galadays, as this fosters community engagement.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19256	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Stop cutting back on things the public actually accesses. Also I think meetings should be shown to the public and allow the public to vote on what you are proposing. As suggested in the first one, look on the inside before you start cutting people use! If this is what WL is planning in doing you will find alot of people move away or chose not to live in this area. Ridiculous	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19257	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Look at ways to keep the services but reducing the times.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19258	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No there are too many things on this list that are needed	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19259	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Going to ruin communities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19260	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Cutting is not the answer, efficiency is the answer.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19261	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	we need all of these services to continue	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19262	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These are essential services to our communities Not seeing a. Reduction in council salaries	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19263	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	While some statutory services could be reduced, most of them are very important, and their recipients often belong to vulnerable groups. Significant cuts to these services will cause significant problems which could require solutions more costly than the current cost of statutory services.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19264	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I think funding for these should be kept to improve communities and support families within the community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19265	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	This impacts people and community, and theh are struggling just like you are. Don't penalise us further.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19266	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No I don't agree.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19267	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	They may not be statutory but they all look essential to me	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19268	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	you want to create communities not just statutory funded functions for the residents of West Lothian. It's not enough just to exist, you want to create communities worth living in.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19269	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I think these services are important to the people who benefit for them.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19270	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	You have already cut back so much so no!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19271	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	There is no room left to cut services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19272	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These services all have far reaching benefits for the community.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19273	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Remove more services but council tax payers get hit in the pocket? Joke.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19274	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Please no further cuts. Its not viable.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19275	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Every one of these services should be statutory. Removal or reduction of any of these, and so may more is abhorrent.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19276	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Why should they lose out	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19277	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	It must always be considered how some of the 'non' statutory services provide much more than they cost in real terms!... as far as the health, wellbeing and future development of young people these services are imperative!... although the long term future of the average officer / councillor is finite... the future of West Lothian is a legacy that we, NOW, can futureproof!... a short sighted view of long established services will only harm our already poor reputation as we cannot provide the service we aspire to.... Please examine the long term future and savings / income / grants etc generated from some of these service areas	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19278	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	All vital services needed to support people to live their best lives. The council needs to support people and not keep removing things. WL has very limited opportunities without cutting anymore. Look at more efficient ways. Actually engage with service users for each service as they would have the ideas you seek!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19279	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	stop taking everything away from us you get enough tax money from us so stop digging up the same road over and over again wasting precious money	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19280	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Reducing all these listed will reduce the appeal of West Lothian. These services should be improved.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19281	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	You should be utterly ashamed at removing some of these services. You have a duty as a council to help the community. None of this will matter, you'll still increase costs and reduce services.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19282	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	reads like a dereliction of duty here.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19283	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Protect all the stated services here. Has anyone projected the disaster this can and will cause if this goes ahead.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19284	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Too many depend on these non statutory services and alienating tourists mean income moves elsewhere	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19285	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	They may be non statutory but seem very important and if removed would significantly impact on communities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19286	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	These cuts will impact on the community hugely	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19287	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Nope, they should be put money into the services making the services more stable not taking the money away from it all	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19288	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I do not. This is all very important to the community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

19289	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Too many cuts already	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19290	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Most of these non - stat services are services council tax payers expect to see. To remove them would be nothing short of a joke.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19291	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Feel this could be better managed but don't believe reducing / removing these services is a good idea	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19292	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I don't think any of this should be reduced. Galas are definitely underfunded!!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19293	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	A lot of people rely on these services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19294	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Often the non statutory aspects are the buffer for those on low incomes and loss of these supports affects the physical and mental well being of the clients. Large employers should be encouraged to support more community based projects.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19295	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Cutting off from other sources not from these essential services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19296	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	With the exception of bunting, Christmas lights and golf courses, these are all essential services. Surely the Council would not remove itself from COSLA?	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19297	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
19298	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	No	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
19299	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	no	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
19300	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	The council should only spend what it can afford to spend. If it can afford to spend on non statutory then it should but it should be well thought out and if you can't do it all maybe you do it on rotation for every year	Economy, Community Empowerment and Wealth Building	4. The council is already doing this.
19301	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Taking down gala day flags at the weekend where people are on double time or time and a half Have all colleagues working 5 / 7 and late nights as part of their working week not encoungting premiums like majority of works these days	Economy, Community Empowerment and Wealth Building	4. The council is already doing this.
19302	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Reduction overtime used for street decorations for gala days	Economy, Community Empowerment and Wealth Building	4. The council is already doing this.
19303	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	reusable bunting for the galaday.	Economy, Community Empowerment and Wealth Building	4. The council is already doing this.
19304	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Reuse the bunting from gala days	Economy, Community Empowerment and Wealth Building	4. The council is already doing this.
19305	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Christmas lights and gala bunting could be sponsored by commercial businesses and this could also be a condition of the rental of council property	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19306	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	There are obvious ones that the council should not be involved in, unless they are charging for services, bunting, gala days etc.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19307	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Community groups should be encouraged to fund or partially fund the galaday bunting and Christmas trees and lighting for their towns and villages.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19308	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Ensure costs for bunting minimised by installing at a time where staff would be paid flat rate.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19309	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f - Cut this and ask local business to sponsor them. Every bunting triangle pays to advertise to generate 45k	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19310	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Gala bunting should be fund - raised and funded by the committee. Galaday are not as pleasant and family friendly as last years maybe time to set away from these	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19311	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Having less gala days – like having one year break every two years.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19312	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Gala day flags to be paid for by village committee	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19313	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Gala lights and bunting, ask for business sponsorship have a banner on each lamppost with the business logo and that they sponsor the light or next stretch of bunting. Would likely mean we could afford nicer lights and bunting. Eyemouth do something similar with their Herring Queen.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19314	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f Support to gala day committees for installing bunting. (£45, 000) looking for sponsors should be an option	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19315	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Try engaging with community groups to help more with galaday decorating. People will help if asked - small towns are deteriorating rapidly with no community spirit.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19316	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	gala day bunting can be run by volunteers.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19317	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f agreed.Other councils do this with volunteers.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19318	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	5f if communities want bunting they can deal with it. Community volunteers.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19319	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Volunteers to put bunting up instead of council for gala days.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19320	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Bunting and Christmas lights, common,	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19321	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Yes they should, but not across all of the services listed, some of them are essential	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19322	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	A lot of these services are already being or have been cut back. Not all should be cut back.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19323	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	See what non - statutory services are not being used fully in all areas and maybe end them and move the money elsewhere.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19324	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I thought these services were already paid for through council tax	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19325	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	This needs looked at carefully and prioritised many of the things listed could be cut but others should be kept a degree of common sense needed	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19326	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	ban all moneys spent on parades, gala days, fireworks, that noisy fcking pride psih. etc etc.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19327	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Some of the areas highlighted are critical for the residents of west lothian and further investigation would be required	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19328	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I mean really tens of thousands of pounds to install bunting. How much is spend on coffee and biscuits in a year for meeting as well??	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19329	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Rejoice the amount of gala days	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19330	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Consider all of these to be important. We would support efficiency savings if that can be achieved but this should not come at the cost of reduction of quality of service.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19331	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	You could definitely reduce some of these but focus should be on things that wouldn't result in a loss of service and support for vulnerable people. So no cuts to community services for vulnerable groups but maybe spend less where there isn't a direct loss of service.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19332	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Cuts and more cuts. Some yes but the majority no. These are much needed services	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19333	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19334	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Some of these estimates are ridiculous. £45k to put up bunting, not convinced these are accurate.	Economy, Community Empowerment and Wealth Building	9. The respondent made a comment on the survey question
19335	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	I find it hard to believe it costs so much to put some decorations up for gala days	Economy, Community Empowerment and Wealth Building	9. The respondent made a comment on the survey question
19336	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	What exactly is going to be left for the citizens of West Lothian And how can it possibly cost that much to put flags on a lamp post	Economy, Community Empowerment and Wealth Building	9. The respondent made a comment on the survey question
19337	Theme 5- Reducing Spending on Non-Statutory Services	5f - Support to gala day committees for installing bunting.	Some of them should be prioritised above others	Economy, Community Empowerment and Wealth Building	9. The respondent made a comment on the survey question
19338	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	With exception of youth social activity funding everything else should be cut	Education	1. The respondent advised that they agree with the proposal.
19339	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Target the biggest savings, education and transport. Remove school transport where feasible.	Education	1. The respondent advised that they agree with the proposal.
19340	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes, reducing non - statutory spending is a necessary evil to avoid a Council Tax rise and protect statutory services. I propose prioritizing cuts based on cost and essential safety / vulnerability criteria: Immediate Cuts (Total \ approx £3. 58 million): 5g (Non - Statutory School Transport - £1m): Cut where a safe walking route exists.	Education	1. The respondent advised that they agree with the proposal.
19341	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop doing: 5g.	Education	1. The respondent advised that they agree with the proposal.
19342	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Consider how much waste you have in providing services. How much do you waste on travel, accommodation and cancellations. How much do you waste on school transportation via taxis?	Education	1. The respondent advised that they agree with the proposal.
19343	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Buses / taxis for schools needs to be reviewed	Education	1. The respondent advised that they agree with the proposal.
19344	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	So much of this shocks me at how much money in my eyes is being wasted. Why on earth for 5g?! Absolutely reduced this spending!	Education	1. The respondent advised that they agree with the proposal.
19345	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Common sense things, stop funding: transport when kids could walk - Look at the cumulative cost of getting rid of all the small things that could ensure larger services can continue. For those larger services, find more efficient alternatives.	Education	1. The respondent advised that they agree with the proposal.
19346	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Money should only be spent on services that people actually need. School transport (unless disabled) is not the council's issue.	Education	1. The respondent advised that they agree with the proposal.
19347	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes, home to school transport parent / carer responsibility outweighs statutory requirements.	Education	1. The respondent advised that they agree with the proposal.
19348	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I believe there are services on the list that should be prioritised for savings. For instance 5g - where we could save £1m as we are providing transport over and above the statutory requirement.	Education	1. The respondent advised that they agree with the proposal.
19349	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree with this in principle however it is essential council continues to support important and vital community organisations & activities.	Education	1. The respondent advised that they agree with the proposal.
19350	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Some massive savings to be had here and these are some of the areas you need to look at in great detail.	Education	1. The respondent advised that they agree with the proposal.
19351	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The school transport saving is a good idea	Education	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19352	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Times are tough. Time to tighten the belt and maybe when you arnt crippled by debt you can look at these items again to reintroduce them.	Education	1. The respondent advised that they agree with the proposal.
19353	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Within reason	Education	1. The respondent advised that they agree with the proposal.
19354	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cut g in their entirety.	Education	1. The respondent advised that they agree with the proposal.
19355	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes	Education	1. The respondent advised that they agree with the proposal.
19356	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Although this is a difficult decision it is required to balance the books based on the funding allocation.	Education	1. The respondent advised that they agree with the proposal.
19357	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Look at ways to reduce costs in each area but do not cut any of the serviced entirely	Education	1. The respondent advised that they agree with the proposal.
19358	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes but leave the schools alone.	Education	1. The respondent advised that they agree with the proposal.
19359	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	A lot of the rest seems like wasted money really.	Education	1. The respondent advised that they agree with the proposal.
19360	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Some not all should be cut. Agree with cutting all except 5d, f, i, K, L, WX.	Education	1. The respondent advised that they agree with the proposal.
19361	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Transport to be individually considered	Education	1. The respondent advised that they agree with the proposal.
19362	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Scrap £1m on school transport where suitable walking route exists. This is wasteful and will sort out lots of unhealthy kids.	Education	1. The respondent advised that they agree with the proposal.
19363	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	school transport to only be provided in accordance with statutory requirements.	Education	1. The respondent advised that they agree with the proposal.
19364	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes, there should be a common sense approach but not to the detriment of the majority. There will be corner cases that need reviewed separately HOWEVER all waste should be eradicated.	Education	1. The respondent advised that they agree with the proposal.
19365	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	providing transport where walking is possible is waste	Education	1. The respondent advised that they agree with the proposal.
19366	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	We have never been in a worse state, stop funding the nice to do and fund the must do	Education	1. The respondent advised that they agree with the proposal.
19367	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Also busing kids who could walk feels extravagant but I am not aware how far they would need to walk	Education	1. The respondent advised that they agree with the proposal.
19368	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes. They should be providing a statutory service of maintaining roads, refuse collections and recycling etc. But anything out with statutory needs to go	Education	1. The respondent advised that they agree with the proposal.
19369	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Encourage more kids to walk or cycle to school (If suitable) to cut back on transport costs.	Education	1. The respondent advised that they agree with the proposal.
19370	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes but not everything at once. Please be mindful about our safety and wellbeing	Education	1. The respondent advised that they agree with the proposal.
19371	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree to reduce this spending but not at the expense of safety (i. e. gritting of roads etc) also people's mental well being needs to be at the forefront, especially as these times are hard financially on all of us.	Education	1. The respondent advised that they agree with the proposal.
19372	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Some of this is just crazy. Major cuts needed	Education	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19373	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	All other extras reduce or eliminate.	Education	1. The respondent advised that they agree with the proposal.
19374	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I would agree although we must be looking at improvements / cuts that will ho in favour of future generations. The country is on its knees and its not going yo get any better	Education	1. The respondent advised that they agree with the proposal.
19375	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes but we can also reduce spending on statutory services. We still provide the service but to a lesser extent	Education	1. The respondent advised that they agree with the proposal.
19376	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	If it's not legally required to be provided then why would the council pay for it. You need to start thinking with private sector mindset if you have such a dire financial shortfall.	Education	1. The respondent advised that they agree with the proposal.
19377	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes stop spending on all non statutory areas	Education	1. The respondent advised that they agree with the proposal.
19378	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I think all these proposals make sense	Education	1. The respondent advised that they agree with the proposal.
19379	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists. (£1 million) - stop this completely and certainly stop providing it for catholics	Education	1. The respondent advised that they agree with the proposal.
19380	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	All the non statutory spending should be cut to a bare minimum.	Education	1. The respondent advised that they agree with the proposal.
19381	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	- School transport is essential in some but not all areas of the council. There are many areas where children are entitled to school transport however they are able to and should make use of public transport / free buses	Education	1. The respondent advised that they agree with the proposal.
19382	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree with most of these.	Education	1. The respondent advised that they agree with the proposal.
19383	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	There 100 % needs to be a review of the council spend on local tax services taking and dropping off kids at school. (these contracts must be extortionate and i hope there is no conflict of interest). Id support better 'walk / cycle' to school initiatives for residents who live within reasonable distance to school. If that requires local residents to help walk kids to school (safety concerns) with relevant PVG check, so be it.	Education	1. The respondent advised that they agree with the proposal.
19384	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	they need to look at the amount of kids getting private taxis to school, huge saving to be made there	Education	1. The respondent advised that they agree with the proposal.
19385	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Social work and children services waste a lot of money. Taxis used to transport kids to different activities needs to be looked at.	Education	1. The respondent advised that they agree with the proposal.
19386	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Reduce unnecessary spending on buses when kids can walk to school etc	Education	1. The respondent advised that they agree with the proposal.
19387	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Sadly, I do agree	Education	1. The respondent advised that they agree with the proposal.
19388	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	There are a lot of services here, some should go (transport for school children for one), but there are also valuable services here that should be retained. I think you should have had an additional method of voting on these individual services.	Education	1. The respondent advised that they agree with the proposal.
19389	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	There are a lot of services here, some should go (transport for school children for one)	Education	1. The respondent advised that they agree with the proposal.
19390	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Any none essentials should be reduced.	Education	1. The respondent advised that they agree with the proposal.
19391	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Only provide school transport where required by statute.	Education	1. The respondent advised that they agree with the proposal.
19392	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Completely agree, some of the charges are a complete waste of money and unnecessary! Public should pay for some of these themselves and gala burning and Christmas lighting is completely unnecessary. That money could be used on cleaning the streets instead of improving cycling paths etc. Over £700k a year for lollipop man is also excessive and providing school transportation over £1m shouldn't be the councils money to spend. It should definitely be paid by the people requiring those services or case by case basis and when absolutely necessary!)	Education	1. The respondent advised that they agree with the proposal.
19393	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree with the exception of the following items: e, f, h, k, m, n, p, q, r, v, x and z	Education	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19394	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	All of the above	Education	1. The respondent advised that they agree with the proposal.
19395	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yeah absolutely these are all things that could be readjusted.... by either minimising staff in certain areas and charging for certain services such as the music group and waste disposal.... If you are providing a service you can charge a fee to make a profit rather than just blowing it out the window.... If certain positions are overstaffed and could be done with less cut down.... If one person could update headteachers via video link instead of hiring out a whole team and building etc change things up a bit have people work from home or freelance in one area on the side of a main job if Unfortunatly only essential services should be supported	Education	1. The respondent advised that they agree with the proposal.
19396	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.		Education	1. The respondent advised that they agree with the proposal.
19397	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Review of home to school transport particularly those who live on a school bus route but still get private tax etc.	Education	1. The respondent advised that they agree with the proposal.
19398	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Remove all services which are not mandatory	Education	1. The respondent advised that they agree with the proposal.
19399	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Agree with almost all proposal - however disagree strongly in 5C / 5H our children should not suffer in budget cuts. Schools and support for schools particularly our children with additional needs should be the councils biggest priority. We value the service 's provided but further rationalisation is required across all the other non - statutory services to ensure we protect the children of West Lothian 's future.	Education	1. The respondent advised that they agree with the proposal.
19400	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Reduce spending on items c, g and o (keep social media get rid of the Bulletin it goes straight in the bin)	Education	1. The respondent advised that they agree with the proposal.
19401	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5f and 5g should be implemented People should limit the amount of children they have to the amount they can afford without tax payers having to subsidise them. School transport should be the job of parents not the schools and it would do children good to walk	Education	1. The respondent advised that they agree with the proposal.
19402	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes but it 's mostly peanuts.	Education	1. The respondent advised that they agree with the proposal.
19403	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes but they have to look closely at which areas to reduce the spending in. School transport for children who have a safe walking route and who do not live outwith the mlage from school so first of all be looked	Education	1. The respondent advised that they agree with the proposal.
19404	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree, but.. I can see west Lothian turning into a dump if they get rid off all those services	Education	1. The respondent advised that they agree with the proposal.
19405	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	With the exception of 5m, 5n, 5p and 5x which I think should remain, I believe all the other suggested savings should be made	Education	1. The respondent advised that they agree with the proposal.
19406	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Look at school buses and possibly align public buses with	Education	1. The respondent advised that they agree with the proposal.
19407	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Reduce non - statutory spending as much as possible.	Education	1. The respondent advised that they agree with the proposal.
19408	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	stop funding to anything that is not for the most vulnerable people that reside in west Lothian	Education	1. The respondent advised that they agree with the proposal.
19409	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Protect statutory services and stop delivering non statutory	Education	1. The respondent advised that they agree with the proposal.
19410	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	and school transport especially use of taxis	Education	1. The respondent advised that they agree with the proposal.
19411	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes, however, it will have an impact on communities and in some circumstances may lead to additional costs to the Council	Education	1. The respondent advised that they agree with the proposal.
19412	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These figures are shocking and cuts are needed especially on links to education services.	Education	1. The respondent advised that they agree with the proposal.
19413	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Lots of money spent on non statutory! Get the school transport in the bin!	Education	1. The respondent advised that they agree with the proposal.
19414	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g, This could be reviewed, there are also parents who could drive their children and public transport	Education	1. The respondent advised that they agree with the proposal.

19415	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes but perhaps increasing planning fees would assist this gap?	Education	1. The respondent advised that they agree with the proposal.
19416	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	All young people, under 22, have free bus travel in Scotland, no need to provide school transport, where a safe walking route exists and ensuring an adequate regular public bus service is in place.	Education	1. The respondent advised that they agree with the proposal.
19417	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree with all of these proposals	Education	1. The respondent advised that they agree with the proposal.
19418	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Only if necessary.	Education	1. The respondent advised that they agree with the proposal.
19419	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Absolutely agree	Education	1. The respondent advised that they agree with the proposal.
19420	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes	Education	1. The respondent advised that they agree with the proposal.
19421	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cancel activities g	Education	1. The respondent advised that they agree with the proposal.
19422	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	You could balance the books by stopping providing services that are not required by law - make savings in all these areas.	Education	1. The respondent advised that they agree with the proposal.
19423	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	agree with these ones. 5g Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists. (£1 million).	Education	1. The respondent advised that they agree with the proposal.
19424	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists. (£1 million) - 100 %	Education	1. The respondent advised that they agree with the proposal.
19425	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop all non - statutory school transport.	Education	1. The respondent advised that they agree with the proposal.
19426	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g - cut use NE card or use disability cars / taxi cards	Education	1. The respondent advised that they agree with the proposal.
19427	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g Transport for schools exists. (£1 million) this is ridiculous should be removed only for disabled kids.	Education	1. The respondent advised that they agree with the proposal.
19428	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes	Education	1. The respondent advised that they agree with the proposal.
19429	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	who signed off £1M for buses for children inside a walkable distance of school. Some crazy spends here which are highly questionable.	Education	1. The respondent advised that they agree with the proposal.
19430	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School transport funds could be redirected to support an increase in active travel for pupils, reducing costs but increasing pupils' physical activity levels and helping the environment.	Education	1. The respondent advised that they agree with the proposal.
19431	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists	Education	1. The respondent advised that they agree with the proposal.
19432	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	End all no - statutory school transport.	Education	1. The respondent advised that they agree with the proposal.
19433	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	To save money	Education	1. The respondent advised that they agree with the proposal.
19434	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	make children walk to school to reduce obesity and improve physical health.	Education	1. The respondent advised that they agree with the proposal.
19435	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	school transport should be re - assessed,	Education	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19436	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I believe school transport below the minimum distance should no longer be provided and active transport alternatives encouraged instead.	Education	1. The respondent advised that they agree with the proposal.
19437	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School transport costs ate far too high.	Education	1. The respondent advised that they agree with the proposal.
19438	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes	Education	1. The respondent advised that they agree with the proposal.
19439	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Scrap short distance school transport.	Education	1. The respondent advised that they agree with the proposal.
19440	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	There is definitely a need to reduce spending on non statutory services	Education	1. The respondent advised that they agree with the proposal.
19441	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	But only where there is no detrimental effect	Education	1. The respondent advised that they agree with the proposal.
19442	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I would remove all but essential spend.	Education	1. The respondent advised that they agree with the proposal.
19443	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Reduce or stop providing services not required by legislation, for example remove school transport above what is required by legislation.. The numbers demonstrate the reason the Council is short of money is it has chosen to provide services it is not funded to provide. Now that the Council can no longer afford to do this, it has to stop.	Education	1. The respondent advised that they agree with the proposal.
19444	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree this has to happen because there is realistically no other option with such a significant budget gap. However, there needs to be careful consideration about the pressure that these reductions in spending will place on Statutory services.	Education	1. The respondent advised that they agree with the proposal.
19445	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop altogether.	Education	1. The respondent advised that they agree with the proposal.
19446	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Fine	Education	1. The respondent advised that they agree with the proposal.
19447	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School transport needs seriously reviewed. We walked significant distances to school and it's healthier.	Education	1. The respondent advised that they agree with the proposal.
19448	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Why are WL Council spending £1 million providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists? Outrageous use of finances & where the distance to school is not found to be excessive!	Education	1. The respondent advised that they agree with the proposal.
19449	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes reduce services	Education	1. The respondent advised that they agree with the proposal.
19450	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I very much support promoting walking safely to school rather than the unsafe chaotic parking and pick up that takes place around schools. Perhaps the walking groups to school could even replace the crossing patrols?	Education	1. The respondent advised that they agree with the proposal.
19451	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Audit carefully the following 5g, and I guarantee you will save a huge amount of money. How effective are these elements? Could they be delivered in a different or more cost effective way? Are there other suppliers able to do more for less?	Education	1. The respondent advised that they agree with the proposal.
19452	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	All the suggestions on the previous page have merit	Education	1. The respondent advised that they agree with the proposal.
19453	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	this is an obvious area to look at, however some of the items listed would be a great loss and this needs careful consideration.	Education	1. The respondent advised that they agree with the proposal.
19454	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Increase distance from home to school to the statutory minimum before providing free school transport	Education	1. The respondent advised that they agree with the proposal.
19455	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Agree that Council should look at range of non - statutory services being provided but acknowledging that many add significant economic, social, community and environmental value and benefits to West Lothian residents and communities - which without these services would potentially have an adverse impact on these very communities.	Education	1. The respondent advised that they agree with the proposal.
19456	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	If parents don't think their child can walk to school alone then they should walk with them.	Education	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19457	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5b, 5c, 5g and 5m are not required which would save £2. 5m straight away and 5k seems excessive.	Education	1. The respondent advised that they agree with the proposal.
19458	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes, reduce spending here. I think it is still important to offer some support for less fortunate and possible at risk children during school holidays and offering days where a professional will see them in order to monitor safety	Education	1. The respondent advised that they agree with the proposal.
19459	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Review these and make savings / better planning for services on offer and who uses which facilities	Education	1. The respondent advised that they agree with the proposal.
19460	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree with all of these ways of saving money. I know people who get a council house then lets someone else live in it, most comen people who are in drug related I understand the need to save money. s for the council homes that are not used for people's drug related acts this has to include looking at the fraud side this has been going on for along time.	Education	1. The respondent advised that they agree with the proposal.
19461	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g	Education	1. The respondent advised that they agree with the proposal.
19462	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Focus on savings on the following 5g	Education	1. The respondent advised that they agree with the proposal.
19463	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Not on buses services or waste uplifts or centres. Reduce the bus passes for the young to just school times, with all the closure of pools etc the young don't exercise so doing some walking will help them.	Education	1. The respondent advised that they agree with the proposal.
19464	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	To a certain e tent but I would need very careful scrutiny and thought which might out weigh the benefits	Education	1. The respondent advised that they agree with the proposal.
19465	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Most of this seems reasonable but you could save money by encouraging community engagement with these ideas. People will lend their time to improving the world around them if you let them. Encourage people to get involved with these and help communities start to engage with themselves. Otherwise whats the point?	Education	1. The respondent advised that they agree with the proposal.
19466	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes, I agree that the Council should reduce spending on non - statutory services, especially in the current financial climate. Given the size of the budget gap facing West Lothian Council, it is essential to prioritise funding for statutory services that the council is legally obliged to provide, such as education, social care, and waste collection. Non - statutory services, while valuable, are discretionary and may need to be scaled back or redesigned to ensure the council can continue to deliver its core responsibilities effectively. This does not necessarily mean removing these services altogether, but rather re-evaluating them to identify efficiencies, reduce duplication of services, alternative delivery models such as working in partnership with	Education	1. The respondent advised that they agree with the proposal.
19467	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop funding the school transport	Education	1. The respondent advised that they agree with the proposal.
19468	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	All of these are ancillary and should be eliminated. People who care about such things can demonstrate such by paying for them	Education	1. The respondent advised that they agree with the proposal.
19469	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I have insufficient knowledge of the details of non - statutory services provision to provide further suggestions. However, in the current economic position, the cessation of many of those activities listed previously is a no - brainer. I'm surprised they have not been stopped before. 5g is the most alarming item to me.	Education	1. The respondent advised that they agree with the proposal.
19470	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The cost of bus transportation to schools is ridiculous. If parents in one town want to send kids to a school of a certain domination they should be paying for the school bus. When my daughter was growing up she had to walk almost 2 miles to Armadale academy and there was no bus transport then. It would also keep kids fitter by walking where possible. Maybe even stop providing these services in summer months. If these services are needed maybe the council should own the buses and the service rather than hiring it out.	Education	1. The respondent advised that they agree with the proposal.
19471	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School transport above the statutory minimum must be stopped.	Education	1. The respondent advised that they agree with the proposal.
19472	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	There are so many that I don't agree with in here. in particular 5d [g]. And for 5d [g], children should be encouraged to walk to school, this is a great activity to stay fit. My son lives outwith the bus route, but chooses to walk each day. It takes him less than 20 mins, more should be doing this, especially if there's a safe walking route for them.	Education	1. The respondent advised that they agree with the proposal.
19473	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	This is the easiest option and shows that the extras that need to be saved	Education	1. The respondent advised that they agree with the proposal.
19474	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree. Money is being overspent.	Education	1. The respondent advised that they agree with the proposal.
19475	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Consider removing funding for providing school transport where the distance from home to school is below the statutory minimum AND where a suitable walking route exists, but do give adequate notice to affected families (several months).	Education	1. The respondent advised that they agree with the proposal.
19476	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Too much money is being wasted on these services	Education	1. The respondent advised that they agree with the proposal.
19477	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	All secondary pupils gave free bus passes. Get them on public buses and out of taxis.	Education	1. The respondent advised that they agree with the proposal.

19478	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Only provide essential services	Education	1. The respondent advised that they agree with the proposal.
19479	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Funding should be reduced for non statutory services unfortunately needs must.	Education	1. The respondent advised that they agree with the proposal.
19480	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop school buses if below statutory distance	Education	1. The respondent advised that they agree with the proposal.
19481	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Anything else that is provided free especially bus services for school attendance should be looked at.	Education	1. The respondent advised that they agree with the proposal.
19482	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g look the best ones. Surely the tax one of travel could be reduced as all pupils will have access to free bus passes and a million pounds seems too high.	Education	1. The respondent advised that they agree with the proposal.
19483	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Almost all of the above should be reviewed to assess the impact of this spend has on achieving councils core priorities and to see if it duplicates / competes with third sector or other stakeholder provision. Could some of this provision be delivered as well / better by other agencies e. g. NHS, college, charities or the business community. Is the provision needed in an AI world where people can access a wealth of information in other ways?	Education	1. The respondent advised that they agree with the proposal.
19484	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Points 5G, should all be cut or stopped in my opinion.	Education	1. The respondent advised that they agree with the proposal.
19485	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	scrap the others completely	Education	1. The respondent advised that they agree with the proposal.
19486	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Do not agree with all and this could have been split up with space to comment on each. eg agree with 5g but need to ensure safety of route	Education	1. The respondent advised that they agree with the proposal.
19487	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Reduce school transport where there is walkable route	Education	1. The respondent advised that they agree with the proposal.
19488	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cancel universal school bus service with the opportunity for families to have option to have this service if they pay for it, or paid for by city council if they do not have the means to pay it themselves.	Education	1. The respondent advised that they agree with the proposal.
19489	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Transport services ie school buses and taxis should be reviewed	Education	1. The respondent advised that they agree with the proposal.
19490	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	school transport - some pupils who live out of catchment get bus and taxi services (while I appreciate that there are kids with ASN needs - our neighbours kids get a taxi every day when both parents drive). Pupils now have Scottish Government funded free bus travel so can use public busses.	Education	1. The respondent advised that they agree with the proposal.
19491	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop the use of school taxis. Children could instead attend the school nearest to them, and if that doesn't suit the parents should transport them. Same with special needs taxis, after all the parents usually claim for a motability car.	Education	1. The respondent advised that they agree with the proposal.
19492	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop all school taxis. Children should go to the school which is nearest to them, and parents should be responsible for getting them there and collecting them. This includes special needs schools, after all the parents will have motability cars for their child.	Education	1. The respondent advised that they agree with the proposal.
19493	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop school buses a lot of kids use public transport which means paying twice (I know this is being looked at)	Education	1. The respondent advised that they agree with the proposal.
19494	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Reduce no of taxis used for school transport, due to ridiculously high rates paid to companies.	Education	1. The respondent advised that they agree with the proposal.
19495	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop paying for school transport to and from school when parents have the ability to drive and have access to cars and especially those who don't work.	Education	1. The respondent advised that they agree with the proposal.
19496	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Reduce no of taxis used for school transport, due to ridiculously high rates paid to companies,	Education	1. The respondent advised that they agree with the proposal.
19497	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School transport should be to statutory limits.	Education	1. The respondent advised that they agree with the proposal.
19498	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Children in secondary education could use there free bus travel passes to commute between home and school this could reduce costs on school transport, I know it might still be need for rural areas that don't have public transport	Education	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19499	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	With free bus passes to kids maybe no need for school buses	Education	1. The respondent advised that they agree with the proposal.
19500	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Reducing the school transport for areas where children can actually walk to school. Parkhead Primary School has two school buses that run from Polbeth to West Calder High School twice a day. Basically these buses ferry children across a road. A road that has pedestrian crossings. Polbeth also has a Sustrans path which has been resurfaced and is well lit that runs through all of Polbeth to both West Calder High School and Parkhead Primary School. Before lockdown the removal of these bus services was mooted but for whatever reason it was never looked at ago after children were asked to walk to school.	Education	1. The respondent advised that they agree with the proposal.
19501	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	There are many things I agree totally with, for instance 5g, 5k, 5o and 5r should be cut completely, others I'm so so about.	Education	1. The respondent advised that they agree with the proposal.
19502	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Agree with cuts to following Providing school transport	Education	1. The respondent advised that they agree with the proposal.
19503	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Reduce spending in all non statutory services before cutting statutory services. Parliament has decided which services are statutory, and funds councils to provide them. Don't risk the effectiveness of statutory services by throwing this money away where its not required. Stop some spending completely i. e anti - poverty, regeneration, non - statutory school busses.	Education	1. The respondent advised that they agree with the proposal.
19504	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I can not understand why buses to schools are provided in West Lothian I am from Glasgow and getting your children to school is the parents responsibility not the residents	Education	1. The respondent advised that they agree with the proposal.
19505	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g look like prime areas for savings.	Education	1. The respondent advised that they agree with the proposal.
19506	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Quite a few non statutory services on the list should be cut. Especially the highest cost ones (over £1, 000, 000)	Education	1. The respondent advised that they agree with the proposal.
19507	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cancel: 5g.	Education	1. The respondent advised that they agree with the proposal.
19508	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Should not be spending money on anyone that is not in West Lothian. That should be cut altogether or they should pay for the service. Encourage kids to walk to school that live relatively close to the school. The parents should be responsible for getting their kids to school and not the council. If a parent chooses a school outside their catchment area then that is their choice.	Education	1. The respondent advised that they agree with the proposal.
19509	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Children should not be bussed to schools if they live within the radius of walking. This is insane this is currently paid for. I know someone whose child gets collected when they live within radius of walking just because she finds it easier than driving herself, she has a car and can do this.	Education	1. The respondent advised that they agree with the proposal.
19510	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes agree	Education	1. The respondent advised that they agree with the proposal.
19511	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Look at school transport. I know plenty of people whose children get bus transport and none living out of the designated radius. Most come from affluent families with cars and jobs who should be able to transport their children to school or since on the same walking route my children previously walked, I see no reason why they too cannot walk. No disability as we are all acquainted with the families and agree it's unnecessary having access to a free bus when not required. One of those families is my own sister. 2 cars in the driveway, a 9am start 10 minutes drive away but her two get the bus. If we can't walk to school then the bus is provided, otherwise the bus is not needed and children should be asked to walk for parents who can't.	Education	1. The respondent advised that they agree with the proposal.
19512	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Abolish school transport when school of within legal walking distance.	Education	1. The respondent advised that they agree with the proposal.
19513	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Why should the council pay for school transport when the Scottish Gov provides free bus passes? An extra service bus at school times would be an alternative??	Education	1. The respondent advised that they agree with the proposal.
19514	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Keep most if it. Get rid of support for bunting and lighting nonsense	Education	1. The respondent advised that they agree with the proposal.
19515	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	anything non statutory should be stopped immediately - we are not in a time where we have the luxury of extras.	Education	1. The respondent advised that they agree with the proposal.
19516	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The school transport system needs seriously overhauled. I know taxi drivers taking one pupil to Edinburgh and back every single day. Massive misuse of funding. Be better.	Education	1. The respondent advised that they agree with the proposal.
19517	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Individual taxes should not be met at a cost for council unless a specific need ie disability. If people chose to live out with area then the cost of getting kids to school should be met from parents pockets or they drop off. If we want our kids to get school bus we need to pay so why should people who's kids are outwith area not be made to pay as well.	Education	1. The respondent advised that they agree with the proposal.
19518	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	So many seem like a waste of money. If school is close with pavement the kids need to walk. Look at the priciest items and ask the value vs need	Education	1. The respondent advised that they agree with the proposal.
19519	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes	Education	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19520	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g didn't know you even supplied transport where it is not required.	Education	1. The respondent advised that they agree with the proposal.
19521	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	All items in 5 should be executed on as there is significant cost savings to be achieved in non statutory services. However as it's around 10 % of total spend efficiencies in statutory services is an absolute priority.	Education	1. The respondent advised that they agree with the proposal.
19522	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The following points is where I agree savings can be made in this section: 5g. I strongly disagree that cuts should be made to all other points in particular point 5o.	Education	1. The respondent advised that they agree with the proposal.
19523	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Everything should be looked at any surplus cash accounted for and not spent because its there	Education	1. The respondent advised that they agree with the proposal.
19524	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	During current climate these are not required	Education	1. The respondent advised that they agree with the proposal.
19525	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Definitely stop the taxi to and from school, I picked up one grandkid the other got a taxi what a farce	Education	1. The respondent advised that they agree with the proposal.
19526	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree with the following savings / service reductions - 5g - Reducing school transport where walking route exists	Education	1. The respondent advised that they agree with the proposal.
19527	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop spending on all non - statutory services	Education	1. The respondent advised that they agree with the proposal.
19528	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Do all of the above if they budget cannot be met, by the steps previously noted.	Education	1. The respondent advised that they agree with the proposal.
19529	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	There are a number of these could be reduced. They do depend on personal view to a certain extent but an example might be 1 million to provide transport to school where safe walking routes exist	Education	1. The respondent advised that they agree with the proposal.
19530	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	bunting - WHY? School transport, if a mobility car is funded, that should be used to transport the child to school. I agree that transport systems need to be reduced and reviewed. Survey which parents are able to take their children to school rather than being taken in taxi's. Only provide transport if it is over a certain distance to school. Provide public transport passes if available on route. Transport should only be provided for children in the West Lothian council catchment areas. ELC lunches - huge food wastage	Education	1. The respondent advised that they agree with the proposal.
19531	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g is not essential, should not be paid for by the council	Education	1. The respondent advised that they agree with the proposal.
19532	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I don't agree with all of the above being reduced but yes to some e. g. provision if transport to many pupils who could easily walk or take service bus.	Education	1. The respondent advised that they agree with the proposal.
19533	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g) transport - encourage walking	Education	1. The respondent advised that they agree with the proposal.
19534	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School transportation is a disaster and seems to be a bottomless hole that consistently overspends. This entire service would benefit greatly from a full review.	Education	1. The respondent advised that they agree with the proposal.
19535	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cut back on school taxis - school car parked are hoaching with them!	Education	1. The respondent advised that they agree with the proposal.
19536	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Reduce school transport, children get free buses anyway	Education	1. The respondent advised that they agree with the proposal.
19537	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Schools buses, I'm sure there's more could walk to school. The fresh air and exercise would do them more good.	Education	1. The respondent advised that they agree with the proposal.
19538	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	If keeping school buses, ask parents to pay towards cost as kids have free bus pass	Education	1. The respondent advised that they agree with the proposal.
19539	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Paying Transport costs for children getting to and from school does not fit well with me. If an adult chooses to have children and then chooses to live in a remote area or away from a school then it should be the adults responsibility to ensure they arrange transport for that child to attend school. This should not be put upon the council budget.	Education	1. The respondent advised that they agree with the proposal.
19540	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Remove school transport for all children within 1 mile of schools. Encourage walking and set up walking groups if required.	Education	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19541	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Reduce spending on non - statutory services	Education	1. The respondent advised that they agree with the proposal.
19542	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	If parents choose not to send their children to their catchment school, parents should pick up any associated costs, e. g. travel.	Education	1. The respondent advised that they agree with the proposal.
19543	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School buses shouldn't be subsidised. It is parental responsibility to get pupils to school.	Education	1. The respondent advised that they agree with the proposal.
19544	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Make cuts to transport to school (if and only if the child is within the close radius to school) walking or cycling to school should be encouraged with transport being taken on a case by case basis for mobility and other issues	Education	1. The respondent advised that they agree with the proposal.
19545	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Make up the rest by cutting non - statutory services to protect core services.	Education	1. The respondent advised that they agree with the proposal.
19546	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Review all services. School transportations should be scrapped for all children within catchment areas. A little walking may help them	Education	1. The respondent advised that they agree with the proposal.
19547	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop school transport for those living within 2 miles of the school	Education	1. The respondent advised that they agree with the proposal.
19548	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The lost published of non essential spending seems to include a lot of things that dont seem necessary and could be withdrawn.	Education	1. The respondent advised that they agree with the proposal.
19549	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School pupil travel. Staying in an large croft or other residential areas is a lifestyle choice and subsidising this is unaffordable to those who pay their taxes and just get buy. Ultimately it is the parents or guardians liability to get pupils to places of education	Education	1. The respondent advised that they agree with the proposal.
19550	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cut benefits above and beyond what is legally necessary i. e providing transport for pupils when there is a walking route available.	Education	1. The respondent advised that they agree with the proposal.
19551	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cut the provision of school transport for those pupils living within the walking / cycling limits unless suffering a form of verifiable impalement.	Education	1. The respondent advised that they agree with the proposal.
19552	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Only provide school transport where the distance or road safety justifies it.	Education	1. The respondent advised that they agree with the proposal.
19553	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I struggle to understand the massive spending on school transport. All young people have bus passes and learning to use public transport is a life skill that will help them as they develop to become older.	Education	1. The respondent advised that they agree with the proposal.
19554	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The amount of transport used for schools such as taxis and bus hire is shocking. Especially when in close proximity to which they can walk or parents take them.	Education	1. The respondent advised that they agree with the proposal.
19555	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The provision of taxis for school runs when children can walk / get the bus is a huge unnecessary expense	Education	1. The respondent advised that they agree with the proposal.
19556	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I would withdraw the school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists. (£1 million), that 's an easy saving which will also help combat childhood obesity.	Education	1. The respondent advised that they agree with the proposal.
19557	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	school transport	Education	1. The respondent advised that they agree with the proposal.
19558	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School transport should also be reviewed to improve coordination	Education	1. The respondent advised that they agree with the proposal.
19559	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School transport should also be reviewed reduce unnecessary routes.	Education	1. The respondent advised that they agree with the proposal.
19560	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Travel to schools outwith catchment shouldn't be provided at all.	Education	1. The respondent advised that they agree with the proposal.
19561	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I think they should get rid of school busses	Education	1. The respondent advised that they agree with the proposal.

19562	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	maybe cut down on unnecessary costs such as school travel like the busses for folk that don't actually need a bus because they are in walking distance	Education	1. The respondent advised that they agree with the proposal.
19563	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Maybe cut down on unnecessary costs such as the bus that don't need to travel as far as longer places like how for some that get bus even tho it is quite literally a 20 min walk compared to other who actually need to get a bus that would take 3 hours walk to school	Education	1. The respondent advised that they agree with the proposal.
19564	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	but why are you spending £1 million providing school transport in 5g?	Education	1. The respondent advised that they agree with the proposal.
19565	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School transport should only be provided in extreme circumstances of a particular nature within catchment area.	Education	1. The respondent advised that they agree with the proposal.
19566	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I think you should cut the school buses as children have free bus passes to use public transport.	Education	1. The respondent advised that they agree with the proposal.
19567	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Less school buses by encouraging the use of free transport on public buses	Education	1. The respondent advised that they agree with the proposal.
19568	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Young Scot cards to be used and bus routes to go to schools at the current time	Education	1. The respondent advised that they agree with the proposal.
19569	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Kids have bus passes now and they should use these to get to school for the pupils that are fit enough to travel alone	Education	1. The respondent advised that they agree with the proposal.
19570	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Introduction of fees for school transport based on household income and proportional to the commute distance.	Education	1. The respondent advised that they agree with the proposal.
19571	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g. If WLC has statutory rules in place for this, why on earth is it spending an additional £1 million???	Education	1. The respondent advised that they agree with the proposal.
19572	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The most of these are a luxury we cannot afford, when services like school transport when it is below the statutory limit (5g) are costing the council tax payers £1m.	Education	1. The respondent advised that they agree with the proposal.
19573	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree with some of these provisions, 5G (IN PART). In the main I agree with these but require more detail in terms of it potentially impacting on the vulnerable in our communities. An Equality impact assessment is paramount before any these can be taken forward.	Education	1. The respondent advised that they agree with the proposal.
19574	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g if savings can be made without great harm	Education	1. The respondent advised that they agree with the proposal.
19575	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Services which could be looked at more closely are 5g	Education	1. The respondent advised that they agree with the proposal.
19576	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	You have to look at all these services. Look at school transport, including transporting non - denominational children to denominational schools - why are we doing more than is required by statute	Education	1. The respondent advised that they agree with the proposal.
19577	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g - if people can pay - pay - but use NE card don't need school busses	Education	1. The respondent advised that they agree with the proposal.
19578	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Don't agree with all noted but do agree with school transport.	Education	1. The respondent advised that they agree with the proposal.
19579	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Defo that these should be looked at and stopped	Education	1. The respondent advised that they agree with the proposal.
19580	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Agree with them all	Education	1. The respondent advised that they agree with the proposal.
19581	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g. Why do we pay so much for school buses? There are suitable public services in many places or encourage walking. School children can get free bus passes but many seem to not apply for it and so there should be more encouragement of this. Why do some pupils get subsidised travel on location of their house when they use the same bus stop as others who don't qualify?	Education	1. The respondent advised that they agree with the proposal.
19582	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	With all young persons now entitled to free bus travel it should not be necessary for the council to provide special bus services for school pupils.	Education	1. The respondent advised that they agree with the proposal.

19583	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	For school transportation, children are eligible for a free bus pass. Maybe children can use their free bus pass on public transport or parents should be required to arrange their child's transport themselves. It is a parents responsibility to look after their own child.	Education	1. The respondent advised that they agree with the proposal.
19584	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School transport needs reviewed in line with school closures and making non - resident families pay for it. Most local children should be able to walk.	Education	1. The respondent advised that they agree with the proposal.
19585	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	You must make savings in all these non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
19586	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I would get rid of 5g (kids walking to school will help reduce obesity in WL which is on the increase),	Education	1. The respondent advised that they agree with the proposal.
19587	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Remove 5 G	Education	1. The respondent advised that they agree with the proposal.
19588	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g. Cancel school transport where distance from home to school is below statutory minimum and where suitable walking route exists.	Education	1. The respondent advised that they agree with the proposal.
19589	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree with 5G	Education	1. The respondent advised that they agree with the proposal.
19590	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The services that are non statutory should not be funded. Instead the money should be used to keep partnership buildings well maintained.	Education	1. The respondent advised that they agree with the proposal.
19591	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g - work in line with statutory minimum requirements, make use of you persons bus passes.	Education	1. The respondent advised that they agree with the proposal.
19592	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Agree to all	Education	1. The respondent advised that they agree with the proposal.
19593	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Agree to all	Education	1. The respondent advised that they agree with the proposal.
19594	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Agree to all	Education	1. The respondent advised that they agree with the proposal.
19595	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Agree to all	Education	1. The respondent advised that they agree with the proposal.
19596	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Agree to all	Education	1. The respondent advised that they agree with the proposal.
19597	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Agree to all	Education	1. The respondent advised that they agree with the proposal.
19598	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes	Education	1. The respondent advised that they agree with the proposal.
19599	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes	Education	1. The respondent advised that they agree with the proposal.
19600	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists. (£1 million) - Only if there are alternative routes of travel.	Education	1. The respondent advised that they agree with the proposal.
19601	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes, look at all these examples.	Education	1. The respondent advised that they agree with the proposal.
19602	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes in some areas. Agree with reduction of 5g	Education	1. The respondent advised that they agree with the proposal.
19603	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	As I have stated parents should take more responsibility for children and take them to centres because of their needs not to expect the council to pick up and drop off at their homes. This benefit should not be taken for granted.	Education	1. The respondent advised that they agree with the proposal.

19604	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes, explore these options.	Education	1. The respondent advised that they agree with the proposal.
19605	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree that savings could come from all these non - statutory services. It wouldn't be necessary to stop any, but all can contribute.	Education	1. The respondent advised that they agree with the proposal.
19606	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g - I think that the kids can walk to school if its safe to do so.	Education	1. The respondent advised that they agree with the proposal.
19607	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	All of the above needs to be looked at as I feel that money is being wasted.	Education	1. The respondent advised that they agree with the proposal.
19608	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Oh my goodness in particular make savings by getting rid off 5G - I'm incredulous!	Education	1. The respondent advised that they agree with the proposal.
19609	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes	Education	1. The respondent advised that they agree with the proposal.
19610	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g I think high school students should be encouraged to get themselves to and from school, sets them up for moving forward into employment.	Education	1. The respondent advised that they agree with the proposal.
19611	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	yes	Education	1. The respondent advised that they agree with the proposal.
19612	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	walking 1 mile to school done previous generations no harm.	Education	1. The respondent advised that they agree with the proposal.
19613	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Could spend less money on things that are not required by law	Education	1. The respondent advised that they agree with the proposal.
19614	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Reduce cost of transport to schools.	Education	1. The respondent advised that they agree with the proposal.
19615	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Remove school transport for parents who have a car and are more than capable of taking their child to school. Repair the roads to a high standard that will last many years rather than simply fill in pot holes that need refilled every year.	Education	1. The respondent advised that they agree with the proposal.
19616	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I also would suggest parents should take reasonability to take adults or children to day centres to cut costs And the number of buses, mini - buses, taxi 's should be looked at.	Education	1. The respondent advised that they agree with the proposal.
19617	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes to: 5g	Education	1. The respondent advised that they agree with the proposal.
19618	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cut back on school transport that is not needed	Education	1. The respondent advised that they agree with the proposal.
19619	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	can reduce transport for pupils who live withing the statutory minimum distance - but how will this work if the number of schools ate going to be reduced?	Education	1. The respondent advised that they agree with the proposal.
19620	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	yes to 5g providing people are able also children get free bus passes,	Education	1. The respondent advised that they agree with the proposal.
19621	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Children can walk to schools if they live nearby	Education	1. The respondent advised that they agree with the proposal.
19622	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g. Remove school transport for those within walking distance. This would improve children 's health and also reduce pollution	Education	1. The respondent advised that they agree with the proposal.
19623	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes 5g.	Education	1. The respondent advised that they agree with the proposal.
19624	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes to 5g.	Education	1. The respondent advised that they agree with the proposal.

19625	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cut: 5g.	Education	1. The respondent advised that they agree with the proposal.
19626	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g transport for enabled children can be reduced.	Education	1. The respondent advised that they agree with the proposal.
19627	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	However, I would say that the following could be cut if required... 1) the school transport costs when they are below the statutory distance from school	Education	1. The respondent advised that they agree with the proposal.
19628	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	yes to 5g	Education	1. The respondent advised that they agree with the proposal.
19629	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Free bus passes for school children will take away the expenditure for private bus companies.	Education	1. The respondent advised that they agree with the proposal.
19630	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop spending money on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
19631	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g yes cut them the rest of these are viable and have to stay	Education	1. The respondent advised that they agree with the proposal.
19632	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Why don't you just take absolutely everything away.. basic fundamentals at play here.	Education	1. The respondent advised that they agree with the proposal.
19633	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Spending on these services should be revised. Some areas get more of of these services than others. A complete overhaul of services and budgets are required.	Education	1. The respondent advised that they agree with the proposal.
19634	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Obviously... where money is currently wasted... the walk home from school makes sense.	Education	1. The respondent advised that they agree with the proposal.
19635	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I believe these are mostly important although it seems madness that £1m is spend on 5g and that should be cut.	Education	1. The respondent advised that they agree with the proposal.
19636	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Removing transport for schools is not a good idea - who is assessing the water off the walking routes? Are these accessible in winter months, will they be safe in the dark evenings during winter? This sounds like an accident / incident waiting to happen. Off there's buses currently provided, there's a reason for it.	Education	1. The respondent advised that they agree with the proposal.
19637	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cut discretionary services.	Education	1. The respondent advised that they agree with the proposal.
19638	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop spending on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
19639	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cut non statutory services. School transport	Education	1. The respondent advised that they agree with the proposal.
19640	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Reduce spending on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
19641	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cut everything unnecessary and provide essential services only.	Education	1. The respondent advised that they agree with the proposal.
19642	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I think a consideration should be given to more focus on reduction of non statutory services	Education	1. The respondent advised that they agree with the proposal.
19643	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cut back non essential services.	Education	1. The respondent advised that they agree with the proposal.
19644	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Live within your means and don't spend money on unnecessary non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
19645	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Its very simple - stop spending money you don't have on services you don't need to provide.	Education	1. The respondent advised that they agree with the proposal.

19646	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop paying for non essential services and save the money from that	Education	1. The respondent advised that they agree with the proposal.
19647	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	review of transport costs across the council to look at efficiency - remove all unless there is a statutory duty.	Education	1. The respondent advised that they agree with the proposal.
19648	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Rather than tax more, cut the non - statutory services you are not obliged to provide,	Education	1. The respondent advised that they agree with the proposal.
19649	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The council should look at reducing spending on some non essential services like the transport for children under the required distance to school - £1m!!!! Where are the parents in these cases?	Education	1. The respondent advised that they agree with the proposal.
19650	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	While I agree some of these services need to be cut alot of communities really need them	Education	1. The respondent advised that they agree with the proposal.
19651	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	If the service isnt benefiting people and not being used then thinking about removing it worth considering.	Education	1. The respondent advised that they agree with the proposal.
19652	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g - agree to make savings kids should walk to school more	Education	1. The respondent advised that they agree with the proposal.
19653	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Some of the cuts I agree with for example school transport and anything supplied by schools should e at the full cost of parents.	Education	1. The respondent advised that they agree with the proposal.
19654	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree with some. 5g - encourage parents to walk their children to school if within radius to walk. E. g. Polbeth buses to Oakhead Primary. Secondary pupils have to walk - why can't primary pupils?	Education	1. The respondent advised that they agree with the proposal.
19655	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Balance the books by cutting non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
19656	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Your wn figures show you can live within your means if you cut unnecessary non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
19657	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop spending on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
19658	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Your figures show you don't need to raise taxes or charges if you stop spending money on non - statutory services - this is where the savings should come from.	Education	1. The respondent advised that they agree with the proposal.
19659	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop spending money on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
19660	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cut spending on non - statutory services	Education	1. The respondent advised that they agree with the proposal.
19661	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop spending on unnecessary non - statutory services	Education	1. The respondent advised that they agree with the proposal.
19662	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Looking at the list serious savings can be made but safety and well being preseved some examples 5c and 5g easy saving why is even provided.	Education	1. The respondent advised that they agree with the proposal.
19663	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The only part of this I agree should be stopped is school transport or pupil placement for children outwith WL. Many parents rely o n subsidised nursery places to allow them to work. If this is scrapped, then many families will be forced to give up work with the possibility of losing their homes, which would then effect the council.	Education	1. The respondent advised that they agree with the proposal.
19664	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree with cutting back school transport where walking routes exist but only using common sense! Try not to cut back on essential services for children. I'm sure some of their lives are tough enough without the council weighing in!	Education	1. The respondent advised that they agree with the proposal.
19665	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	should be cut, along with school transport with the distance under 1 - 2 miles from the school - other than additional support needs pupils.	Education	1. The respondent advised that they agree with the proposal.
19666	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g? Who is getting free school transport where a path exists and they are within distance? Because my kids need to walk the full distance in all weathers and were refused. Which is fine, if that is being consistently applied across the board. So what you're saying here is that the staff at the council aren't applying the rules correctly or those kids who have got an exemption allowing them to get the free transport now don't actually need it? Makes no sense!	Education	1. The respondent advised that they agree with the proposal.

19667	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	non statutory services are just as valuable if not more so and if they didn't exist this would put even more pressure on schools social services and social workers. 5g yes cut /	Education	1. The respondent advised that they agree with the proposal.
19668	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Following services to be cut: 5g	Education	1. The respondent advised that they agree with the proposal.
19669	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes to this one - 5g Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists. (£1 million)	Education	1. The respondent advised that they agree with the proposal.
19670	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g. YES REMOVE.	Education	1. The respondent advised that they agree with the proposal.
19671	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Getting rid of school transport for walkable distances is a no - brainer.	Education	1. The respondent advised that they agree with the proposal.
19672	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cut Non - Essentials: Prioritize immediate cuts to non - statutory services like Non - Statutory School Transport (£1m)	Education	1. The respondent advised that they agree with the proposal.
19673	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	West Lothian Council has a proven track record of delivering huge savings. Now the council is on it 's knees as a result of lack of funding from central government for years - suggest services should be restricted to statutory only unless the financial settlement provided to the council is fair and reasonable to enable council to deliver the services needed.	Education	1. The respondent advised that they agree with the proposal.
19674	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Review / reduce taxi contracts for school travel to and from schools. Make policy that individual taxi trips are not allowed where children who live in the same area and go to the same schools, and they must share instead. This would be a huge saving on vehicles, drivers and escorts.	Education	1. The respondent advised that they agree with the proposal.
19675	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5f / Why is £1 million being spend on transport for children that are under the distance and have a route to walk? This makes no sense unless they have mobility issues. I had to walk over a mile to secondary school because I was one road short of the boundary, if that 's the rules then I don 't understand where this cost comes from?	Education	1. The respondent advised that they agree with the proposal.
19676	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School transport should be reviewed, especially the sub standard contracts for buses with Horsburgh. (See instance of a bus going on fire) Make more use of the bus pass for young people and only subsidise where no public transport exists.	Education	1. The respondent advised that they agree with the proposal.
19677	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Although, you seriously need to take a look / review at the amount of money being spent on taxis and buses etc not required for transport. Can kids, not walk anymore.	Education	1. The respondent advised that they agree with the proposal.
19678	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Some aspects, such as increasing the distance that children walk / cycle to school do seem reasonable to consider for reduced spending.	Education	1. The respondent advised that they agree with the proposal.
19679	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g - it isn't clear who is using this transport. ASD children who despite being within walking distance have reasons they would struggle and therefore rightly deserve transport, or your average mainstream child? In which case a review is necessary as you could save some money depending on the individual situations.	Education	1. The respondent advised that they agree with the proposal.
19680	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	All non statutory services should be looked at to help streamline and make savings if possible, but completely stopping funding seems short sighted	Education	1. The respondent advised that they agree with the proposal.
19681	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	There are some relatively easy savings such as school transport.	Education	1. The respondent advised that they agree with the proposal.
19682	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree with majority	Education	1. The respondent advised that they agree with the proposal.
19683	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	reduce spending on non - statutory services like school busses where these are not necessary.	Education	1. The respondent advised that they agree with the proposal.
19684	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g - ok if safe to walk, particularly for high school, and we have free bus passes	Education	1. The respondent advised that they agree with the proposal.
19685	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These need to be run better not cutting in services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19686	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Wow with the removal of all these West Lothian Council does not look like a place where I would like to stay in.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

19687	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	None of these should be stopped! Every one of these includes life or death circumstances! They incorporate the health and wellbeing of the residents. You are suggesting cutting items that people need. It is items people assume is why we pay a council tax! Reducing gritting or roads and pavements more has the possibility of causing injury or death! No cost is too much for this. We need each other. We need companionship. We need groups and locations where people can sit and talk and learn and eradicate racism bigotry and counter the fake news and gossip spread by locking people in their homes relieving their news from social media. Again! Internal saving first before you cut externally	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19688	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	There are savings and efficiencies to be made but there is also a lot of value in the services being offered so there is nothing on the list that I would be in favour of scrapping entirely. For example the central services provided in Education Services are important for ensuring statutory compliance and quality of service, and the work that is carried out would not just go away, it would be passed to Headteachers and their staff who would not have capacity to do it.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19689	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Would only suggest reducing spending on points 5g, 5k (tell Horseburghs to get new buses), 5r - kids have families, 5u - If you have a golf club it should be self funding (private clubs don't need the council to cut their grass), 5v - 1. 8 Million! The Head teachers should have the 'savvy' to do the job, or be told to do it properly or be sacked	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19690	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree with most of these but they are not saving money, These services need to be continued.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19691	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	KEEP SCHOOL TRANSPORT! It is a lifeline for many younger children.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19692	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	where possible retain any involving vulnerable or young persons within the county but remove any that aren't shown to be working and can be replicated in other savings.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19693	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School transport for children too far from school should not be removed,	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19694	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Most of this spending improves the quality of life of West Lothian residents and any reduction should be done carefully.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19695	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Keep providing transport for schools below the minimum	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19696	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Disagree on reducing transport for children to school, most kids live in poverty and don't always have appropriate jackets and shoes for all weather. Also not all ways to walk to school are safe	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19697	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	It shouldn't be making school children walking longer on dangerous routes.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19698	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I don't agree with removing the school buses	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19699	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I am also deeply concerned about the idea to stop providing school buses for children who live over two miles away from secondary schools. I feel it would have a massive negative impact on a child's education if they are in some cases expected to walk around an hour each way every day for school. If a child's parent is unable to drive then a decision to cut school buses would cause serious problems logistically and compromises child safety.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19700	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Keep school buses	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19701	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	keep things like school buses	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19702	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	In the case of a funding shortfall of this size, non statutory items should be removed first before identifying statutory services to reduce or deliver in a way that reduces cost. However, there are some non statutory services that are more palatable than others. As a parent I would not let my kids walk to school on routes identified as a safe route to school.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19703	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Do not agree that 5g should be stopped.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19704	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree with some of these points but don't think anything involving schools or transport to school as schooling needs improved not cut backs	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19705	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	No to: 5g	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19706	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I am especially concerned about suggestions of the following: • changes to the eligibility for school transport to align with the statutory minimum	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

19707	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The non statutory areas are necessary	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19708	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Everything else can stay.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19709	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	That's why we pay the council. There will be little support for any of you if you continue fown this route. You are hitting out at the most vulnerable in our society. Shame on you.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19710	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	No cuts to non - statutory services these are life enhancing and have suffered many reductions in funding	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19711	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These are so important for communities and morale. Please don't take these away.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19712	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Would question what exactly we are paying our council tax for?	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19713	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The time you do that we would have nothing	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19714	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Services are already limited, I don't agree that removal / denigration of these services will help. Putting those less able to privately afford solutions at a huge disadvantage, and potentially put children / vulnerable members of the community at reach (e.g. children walking to school in the winter unaided as both parents have to work).	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19715	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop cutting back on things the public actually accesses. Also I think meetings should be shown to the public and allow the public to vote on what you are proposing. As suggested in the first one, look on the inside before you start cutting people use! If this is what WL is planning in doing you will find alot of people move away or chose not to live in this area. Ridiculous	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19716	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Look at ways to keep the services but reducing the times.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19717	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	No there are too many things on this list that are needed	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19718	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Going to ruin communities	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19719	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The smaller unserved areas that as the crow flies would fall into the "walkable" bracket what review has taken place on the safety of these walks due to light or no lighting, crumbling pavements and pot holes and the length of time it takes for them to walk the distance or is the expectation on the working population to have to ask their employers to adapt their working day in order to drive them to and from school? Then let's consider the environment impact on all of this taking into account the reduction in the speed limits being phased in at the present moment	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19720	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I do not agree that this type of spending should be reduced. I think this will really increase the amount of animosity already directed at W/LC. These are some cuts that would really effect every day lives. Reducing the school bus services would cause \ great deal of worry and upset on a huge scale.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19721	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cutting is not the answer, efficiency is the answer.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19722	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	we need all of these services to continue	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19723	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These are essential services to our communities Not seeing a. Reduction in council salaries	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19724	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	While some statutory services could be reduced, most of them are very important, and their recipients often belong to vulnerable groups. Significant cuts to these services will cause significant problems which could require solutions more costly than the current cost of statutory services.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19725	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I think funding for these should be kept to improve communities and support families within the community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19726	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	This impacts people and community, and they are struggling just like you are. Don't penalise us further.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

19727	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	No I don't agree.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19728	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	They may not be statutory but they all look essential to me	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19729	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	If you remove secondary school transport, a lot of children wont turn up & miss out on a vital education. To expect children, people going to work to share a bus just wont happen, my child would need to get 2 buses to school & the bus service is terrible. Wlc promised to keep free school buses for blackburn kids to go to bathgate academy when they demolished blackburn academy.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19730	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	you want to create communities not just statutory funded functions for the residents of West Lothian. It 's not enough just to exist, you want to create communities worth living in.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19731	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Debatable I would be strongly devious a bit cotton saving money when it comes to travelling costs some disabled children which get expensive taxis and buses need the services and by stopping that or trying to cut costs could hinder their education	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19732	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I think these services are important to the people who benefit for them.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19733	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	You have already cut back so much so no!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19734	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	There is no room left to cut services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19735	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These services all have far reaching benefits for the community.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19736	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	"Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists. (£1 million) "Your walkways are poorly maintained. You lack adequate lighting for these. Perhaps you should walk to work and remove all council vans and cars?	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19737	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Remove more services but council tax payers get hit in the pocket? Joke.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19738	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Please no further cuts. Its not viable.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19739	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Every one of these services should be statutory. Removal or reduction of any of these, and so may more is abhorrent.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19740	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Why should they lose out	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19741	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	It must always be considered how some of the 'non 'statutory services provide much more than they cost in real terms! ... as far as the health, wellbeing and future development of young people these services are imperative!... although the long term future of the average officer / councillor is finite... the future of West Lothian is a legacy that we, NOW, can futureproof!... a short sighted view of long established services will only harm our already poor reputation as we cannot provide the service we aspire to.... Please examine the long term future and savings / income / grants etc	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19742	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	All vital services needed to support people to live their best lives. The council needs to support people and not keep removing things. WL has very limited opportunities without cutting anymore. Look at more efficient ways. Actually engage with service users for each service as they would have the ideas you seek!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19743	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	stop taking everything away from us you get enough tax money from us so stop digging up the same road over and over again wasting precious money	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19744	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Reducing all these listed will reduce the appeal of West Lothian. These services should be improved.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19745	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Reducing these costs would affect our communities and destroy family life.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19746	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Some of these services are essential for the community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19747	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These services are vital	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

19748	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Absolutely not! Leave as is.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19749	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Non - Statutory services are vital to the community and removing them would be seriously detrimental. Perhaps looking at streamlining services so related information is available in one place & cutting out several layers of management.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19750	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The majority of these are essential to the well being of everyone but agree non west lothian residents should not be subsidised for child care spaces	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19751	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These are vital services and should not be touched.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19752	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The majority of these are what I would consider good council services and should be retained.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19753	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Do not reduce spending on any of these	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19754	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Councils should not reduce this. They need to increase joint up working	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19755	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Transport to schools should not be cut.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19756	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Although these services are not required by law, they are essential for community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19757	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Although these services are not required by law, they are essential for community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19758	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	How can you propose cut to school like this? transport to school? education services?	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19759	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	No, these services are needed.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19760	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These services are important for the people of WLC and the community. Stripping these would make the area less attractive to stay in. I would rather pay more Council Tax. Why haven't the older houses been re - evaluated, I don't pay enough Council Tax in my opinion as I live in an old house. This simple exercise would rather millions rendering most of these cuts unnecessary.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19761	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Absolutely outrageous the propositions. Except the upkeep of golf courses (where rich people can fund and play) I don't agree with any of the cuts. Kids needs music, education programs, health and safety support. Already they have very little things to do and most are disrespectful, idle having no courses to engage or develop their skills. Community projects are a must.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19762	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	No as these are vital. I know you call them non statutory however adult youth and community services are vital. Statutory services rely on the no stats. As they cant cope. Bad. This is a recipe for disaster. Stop these cuts now! Let 's kids play let youth get support. Let LGBT community get support from the service.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19763	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	If the council wants to just be a provider of last resort then go ahead and stop all non statutory functions. But I strongly suspect that this is not what people in West Lothian want and they will make their feelings known through the ballot box given the chance. Scotland is not a third world country (yet) and the services provided by local authorities need to be seen for more than just their monetary value. Local authorities should be funded to enrich the lives of the people they serve and the problem is clearly that they are not.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19764	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	You should be utterly ashamed at removing some of these services. You have a duty as a council to help the community. None of this will matter, you'll still increase costs and reduce services.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19765	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	reads like a dereliction of duty here.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19766	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Protect all the stated services here. Has anyone projected the disaster this can and will cause if this goes ahead.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19767	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	No, you are cutting to the bone not to the benefit of the people of West Lothian.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19768	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	There seems to be a view that these are all 'nice to have' but not essential. I would strongly disagree. Once again it's a case of not seeing the true value of these things and just reducing it all to pounds and pennies. Just because a service is non statutory shouldn't diminish it's importance and make it fair game for getting cut. There are an awful lot of good people doing great things for the people of West Lothian and they certainly don't deserve to be treated as second class employees and jettisoned as a knee jerk reaction every time there is a need to find savings. It does very little for staff morale to keep being touted as a solution to a problem not of their making. Have some compassion and show some sensitivity!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19769	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I don't necessarily think that non - statutory spending should be reduced although I do think that all spending should be considered. Many of the non - statutory items are very important to people and communities.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19770	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Difficult one, but these are the things that bind our society together. The importance of these things can be so much more beneficial than any monetary value can say.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19771	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The problem with reducing non statutory spending is it may make a short term saving the long term cost, which will have to be paid for by the council although may not be a direct cost	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19772	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	No. These are important and make West Lothian an excellent place to live	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19773	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I cannot agree with reducing spending on non - statutory services. It is an easy financial win; however, the long - term consequences of reducing or removing some of these services are huge	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19774	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Dumbfounded someone actually costed losing these facilities. Disgusting proposals.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19775	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These services add quality to life in West Lothian. Please do not cut further.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19776	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	services to the community should not be cut.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19777	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	No we need these it's important there's hardly anything out there Go tax the big wigs with money more instead of coming after the poor!!!!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19778	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	While reducing or cutting non - statutory services may appear to be an easy cost - saving measure on paper, it ignores the long - term social and financial impact these services have on our communities. Non - statutory does not mean non - essential. Many of these services — such as youth work, community centres, early intervention programmes, libraries, and mental health support — are vital in preventing more expensive statutory interventions down the line. Removing these supports would not only erode the quality of life in West Lothian but also drive increased demand in other services.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19779	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	No I disagree and feel very strongly that the Council needs to plan ahead and shape services around the changing population, but I feel that these services are absolutely crucial to supporting our local economy and community. It's not fair to expect local services to keep doing more with less, especially when the number of older people needing care and support is rising so quickly. Any changes should be made carefully and only after proper consultation with the people who actually use these services. Cutting too much now would harm our communities in the long run. I am really disappointed that the council is considering these cuts.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19780	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	A lot on non statutory services are required and relied upon by us as public members whether you see it as non statutory or not, it is in the eyes of the public	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19781	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Lack of non statutory services just puts pressure on statutory services and is therefore an inefficient response.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19782	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These services are vital and a life line for many people - if you remove them they will require formal services and these will cost more	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19783	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These would be detrimental.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19784	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Totally disagree with this	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19785	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	So if the council will give up all those services who then will deliver them as there is not many in West Lothian free services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19786	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Kids need buses.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19787	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These services are what hold our communities together and I would vehemently be against their removal. How about making savings from those who do not contribute to our communities, as opposed to those who do?	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19788	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Most of the services provided appear to be important and with the exception of one or two would seem to be what's needed.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19789	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Again, too much lost already	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19790	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Many of these services are essential	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19791	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	most of the non statutory services are beneficial for community as there is not any alternatives for access them apart via the council.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19792	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Although these are non - statutory services they make an important contribution to life in West Lothian and how West Lothian Council Works. The knock on effect of removing these services is far larger than is implied by the accompanying statements. In addition there are no alternative services for to fill the gaps created by their removal.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19793	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	these are important - keep them and make decisions on the big stuff where big savings can be made	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19794	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	This is the vital unseen part of what's needed in communities - this needs continual funding, especially on local infrastructure	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19795	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Most of these are vital community services which could probably benefit from more spending	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19796	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Too many depend on these non statutory services and alienating tourists mean income moves elsewhere	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19797	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	They may be non statutory but seem very important and if removed would significantly impact on communities.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19798	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These cuts will impact on the community hugely	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19799	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Nope, they should be put money into the services making the services more stable not taking the money away from it all	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19800	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	However I do not agree with removing / reducing school transport	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19801	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	We should not be cutting anything regarding childrens welfare.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19802	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	school support buses to get to school encourage learning. Cutting these is detrimental	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19803	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I do not. This is all very important to the community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19804	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Too many cuts already	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19805	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Most of these non - stat services are services council tax payers expect to see. To remove them would be nothing short of a joke.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19806	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	But money should remain on school transport	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19807	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Feel this could be better managed but don't believe reducing / removing these services is a good idea	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19808	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I don't think any of this should be reduced. You have said earlier about wanting more youth in the community?? bus commutes Well these are all a must and don't see how you can think of reducing these.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19809	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	A lot of people rely on these services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19810	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Most of these are rubbish suggestions - Stopping the kids transport to school? You can ask the house builders to provide the funding for all these and more.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19811	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	DO NOT cut - 5g. Combine school and public bus reviews to avoid duplication.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19812	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Often the non statutory aspects are the buffer for those on low incomes and loss of these supports affects the physical and mental well being of the clients. Large employers should be encouraged to support more community based projects.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19813	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cutting off from other sources not from these essential services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19814	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	With the exception of bunting, Christmas lights and golf courses, these are all essential services. Surely the Council would not remove itself from COSLA?	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19815	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The 2 mile rule is crazy, a child who stays in the street next to mine so is then outwith the 2 miles to school is supplied with a private taxi to school and back with a mum who drives by the school to go to work. The child has no additional needs, it should have nothing to do with distance it should be available to children who are disabled, with additional support needs and at risk children who's parents are unable to get them to school and it should be assessed properly not just taking someone's word for it.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19816	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Transport to school should never be stopped, kids safety is so important and this shows that if this is an option the council have not got that at the forefront of their minds	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19817	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	No I do not agree, these services are important to communities	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19818	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Certain categories yes, should be considered. Critical ones though like transport, education should not be reduced	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19819	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Absolutely not these services are vital for West Lothian	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19820	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	non statutory services cannot be cut. these services are essential to early intervention and prevention for chronic issues e. g. violence against women and girls and mental health services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19821	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Some services can be removed or capped. But since you have placed them all on one category. Without being able to vote for specific ones, my answer is no	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19822	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	All of these seem vital to the community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19823	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These services are critical to West Lothian, and some of these services helps people meet other people and also assist with these day activities. West Lothian council needs to make sure they are not making people who use these services from being affected by physical and emotional stress of not having these services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19824	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	No - absolutely do not agree. And I have already gave a brief run down of why I think this and also what my idea to improve things would consist of. To take funding away from these would be abhorrent to the people who make use of them	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19825	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Some of these points need individual consideration and not a solid yes or no answer. Cutting access for transport to schools feels diabolical. Given that some CYP avail of these services due to many physical / mental health problems. This needs more thought by the council and a better way of gathering actual feedback	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19826	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	There should also be a clearer focus on local reinvestment to ensure communities benefit from any income raised. Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19827	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Asking school children to walk miles to school is obscene, this is happening in other council areas and it's unacceptable. How can you expect children and young people to meet attendance and attainment targets if it is made so difficult to get to school?	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19828	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These are the services that mostly support the most vulnerable in our community. everything is impotant to the functioning of our society.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19829	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	And I believe that beteer school transport is needed and can be achieved through better negotiation.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19830	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	think these are all services that are needed	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19831	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These are all important funding	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19832	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Section 5g – removing school transport for children whose distance from the school is below the statutory minimum but above the council's current threshold would negatively impact many children who would suddenly have a long walk to and from school each day, potentially being detrimental to their learning. Particularly at the start of secondary school the school day itself is tiring enough without adding up to six miles walking. Although there may be other bus services covering the same / similar routes, they have nothing like the capacity that would be needed to replace school transport (and an influx of pupils onto them would no doubt not be appreciated by those members of the public who use the services). We are also concerned that removing bus transport could be a barrier to inclusion for some, and could become a barrier to attendance.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19833	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	all these things are needed	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19834	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	DO NOT REMOVE OR CHANGE SCHOOL TRANSPORT TO STATUTORY MINIMUMS. SCHOOL BUSES ARE A LIFELINE AND ASKING PRIMARY SCHOOL CHILDREN TO WALK 2 MILES EACH WAY TO AND FROM SCHOOL IN THE MIDDLE OF WINTER IS RIDICULOUS. HOW MANY COUNCIL EMPLOYEES WOULD BE WILLING TO WALK 2 MILES EACH WAY UP AND DOWN HILLS TO GET TO THEIR WORK. LEAVE THE KIDS ALONE AND LET THEM KEEP THEIR BUSES. PUBLIC TRANSPORT DOES NOT EXIST IN WEST LOTHIAN TO COVER THESE JOURNEYS THROUGH THE NATIONAL ENTITLEMENT CARD... AND WOULD YOU REALLY WANT A 5 YEAR OLD TO TRAVEL ALONE ON A PUBLIC BUS?? KEEP THE BUSES!!!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19835	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Keep school transport as it is. West Lothian does not have amazing bus links for pupils to use their bus passes on. School buses are a lifeline! Do NOT cut them!!!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19836	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	These services should be kept in place	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19837	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	You're allowing thousands of homes to be built - if you cut transport options and do nothing about public bus routes how will families get to the schools / nurseries	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
19838	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	No	Education	3. The respondent advised that they had no comment to make.
19839	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	No	Education	3. The respondent advised that they had no comment to make.
19840	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	no	Education	3. The respondent advised that they had no comment to make.
19841	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Consider ASN presumption of mainstream; this is resulting in lots of additional PSWs being required. A developmentally appropriate small group setting would be beneficial for all; even having enhanced resource bases in more schools to accommodate children.	Education	4. The council is already doing this.
19842	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The council should only spend what it can afford to spend. If it can afford to spend on non statutory then it should but it should be well thought out and if you can't do it all maybe you do it on rotation for every year	Education	4. The council is already doing this.
19843	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	if parents choose schools outside catchment they need to pay for travel, they already have free travel passes maybe they should put them to good use.	Education	4. The council is already doing this.
19844	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Charge people a nominal fee for accessing their files as other authorities do. A substantial amount of staff time goes into this task.	Education	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
19845	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Look to rationalise / massively cut down on transport costs - bussing children across the authority to go to faith schools. Put pupils in shared school buildings.	Education	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
19846	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	If pupils decide to go to a denominational school when there is a non denominational one on their doorstep then this shouldnt be funded by the council.	Education	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
19847	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	(3). School transport is problematic and needs re - examined: why, for example, are Catholic children bused considerable distances when their local non - denominational school has capacity?	Education	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
19848	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	After school club transport should also be considered especially if community spaces are going to be cut	Education	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19849	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Don't bus kids to school, provide local high schools	Education	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
19850	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Time to stop private School buses and bring it back in - house	Education	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
19851	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g school transport is essential, but can it not be means tested	Education	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
19852	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Apply school transport fees proportionate to household income and commute distance.	Education	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
19853	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School transport should only be council - provided for outlying areas with no bus services (given that children travel free on public buses) or for severely disabled children who do not qualify for the transport component of disability benefits. (Parents should pay if they do receive this benefit)	Education	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
19854	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Have you looked at whether it would be cheaper to have your own school transport rather than spend fortunes on private companies.	Education	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
19855	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	We need to be smarter with the costs and the way that the money is spent. I bet that the council could run the core school bus service cheaper than using private firms.	Education	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
19856	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Why cant the children use free bus pass for school?	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19857	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	People who chose to live on outskirts should make their own arrangement for getting kids to school, no private taxis. Their choice of home.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19858	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School attendance is poor, removing transport will potentially worsen this and make it harder to meet attainment targets. Consideration could be given to where school transport duplicates a public transport link which serves the same route.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19859	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The school bus sizes are too extensive for the school I use but also parents are using it for when ever is deemed needed but council is funding this service and running buses for 10 kids who use the service possibly once a week. These parents should be charged for not using a service they have applied for and that is provided using tax payers money.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19860	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I agree but not with a reduction in all areas. Taxi transport to school has become as expectation in some cases. In some it is crucial to children accessing education and being seen away from home. Would it be more cost effective to offer only getting children in (where possible) but parents have responsibility of picking them up? Or would it be cheaper to provide parents with a bus pass?	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19861	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Mitigation and redirects: • 5g: fund safe walking routes, lighting, gritting, and crossing audits; free transport only where no safe route exists.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19862	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	parents to meet costs of school transport if not meeting the distance rule irrespective of reason	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19863	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	It may also be worth looking at bus services - given every child has access to a free bus pass, perhaps money could be saved by eliminating school buses and improving public transport.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19864	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Scrap School buses now that children have bus passes.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19865	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School transport should not be funded by the Council. All pupils can apply for Young Scot Card which allows free transport in all of Scotland. They should all apply for this or just pay the commercial rate.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19866	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Keep school transport when no walk to school together programme available.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19867	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g - Ensure all bus pass entitlement taken up. Safety first - specially 51s.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19868	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	As children are eligible for a free bus pass, maybe children can use public buses using their free bus pass instead of providing separate school buses. Alternatively parents can arrange transport for their child since the school they have chosen for their child is their decision so all factors including transport should have been considered.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19869	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	5g. If statutory guidelines exist then why on earth is an extra £1 million pounds being spent???	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19870	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	If school closures are to be implemented then the council needs to review the school transport currently provided as speaking from experience current providers and their buses are not up to standard, often breaking down and running late, not to mention enough seating capacity with working seatbelts and the buses have puddles of water in the footwells when it rains.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19871	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	If there are transport links required to pupils to school then obviously there needs to be school built for that catchment area. As developers build loads of new houses, for every so many they should be made to provide a school	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19872	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Again Fauldhouse taking away school buses means that kids need at least 2 buses to and from school, and that's if they were reliable and on time. All this will have a huge impact on kids education which will cause long term problems in the area, not supporting the area. A short term saving isn't worth a long term problem.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
19873	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop free school buses.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19874	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Yes they should, but not across all of the services listed, some of them are essential	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19875	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	A lot of these services are already being or have been cut back. Not all should be cut back.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19876	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	See what non - statutory services are not being used fully in all areas and maybe end them and move the money elsewhere.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19877	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I thought these services were already paid for through council tax!	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19878	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	This needs looked at carefully and prioritised many of the things listed could be cut but others should be kept a degree of common sense needed	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19879	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Some of the areas highlighted are critical for the residents of west Lothian and further investigation would be required	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19880	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	School Catchments School Buses	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19881	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	I am less sure about some, such as the provision of school bus services below the statutory minimum distance.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19882	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Consider all of these to be important. We would support efficiency savings if that can be achieved but this should not come at the cost of reduction of quality of service.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19883	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	The bus service is poor I West Lothian, if this was better thereay not be as much need for school transport. Although 2 miles is already a long way to walk, if the council wants to increase these they need to ensure there is a good bus network to allow children to get to school.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19884	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	g) careful about dangers (dual carriageway)	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19885	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Why can't the janitors transport the kids where they need to be instead of taxi services	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19886	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	You could definitely reduce some of these but focus should be on things that wouldn't result in a loss of service and support for vulnerable people. So no cuts to community services for vulnerable groups but maybe spend less where there isn't a direct loss of service.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19887	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Cuts and more cuts. Some yes but the majority no. These are much needed services	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19888	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Transport should not be provided for ASN children where that child has a mobility vehicle provided to support them getting around. If you want to treat ASN children like mainstream then when the school they are attending is within what would be their "catchment" area no transport should be provided as it's the parents responsibility to get their child to school.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19889	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
19890	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop providing free buses for school, the ridiculous SNP government give all people under 23 free bus passes already!	Education	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

19891	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists..	If public transport run efficiently and regularly, every 15 minutes. Pupils would be able to use their bus pass and get to school on time and not require a school transport..	Education	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
19892	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Stop free bus travel for children after 6pm and at weekends. Introduce a concessionary bus pass charge of £1 per journey	Education	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
19893	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Is access to school transport something that can be changed with catchments moving and the need for pupils to access different schools?	Education	9. The respondent made a comment on the survey question
19894	Theme 5- Reducing Spending on Non-Statutory Services	5g - Providing school transport where the distance from home to school is below the statutory minimum and where a suitable walking route exists.	Some of them should be prioritised above others	Education	9. The respondent made a comment on the survey question
19895	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Unfortunately only essential services should be supported	Education	1. The respondent advised that they agree with the proposal.
19896	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes but it 's mostly peanuts.	Education	1. The respondent advised that they agree with the proposal.
19897	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Stop doing: , 5h.	Education	1. The respondent advised that they agree with the proposal.
19898	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	With exception of youth social activity funding everything else should be cut	Education	1. The respondent advised that they agree with the proposal.
19899	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Rather than tax more, cut the non - statutory services you are not obliged to provide,	Education	1. The respondent advised that they agree with the proposal.
19900	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I agree with this in principle however it is essential council continues to support important and vital community organisations & activities.	Education	1. The respondent advised that they agree with the proposal.
19901	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Some massive savings to be had here and these are some of the areas you need to look at in great detail.	Education	1. The respondent advised that they agree with the proposal.
19902	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Times are tough. Time to tighten the belt and maybe when you arnt crippled by debt you can look at these items again to reintroduce them.	Education	1. The respondent advised that they agree with the proposal.
19903	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Within reason	Education	1. The respondent advised that they agree with the proposal.
19904	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes	Education	1. The respondent advised that they agree with the proposal.
19905	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Although this is a difficult decision it is required to balance the books based on the funding allocation.	Education	1. The respondent advised that they agree with the proposal.
19906	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Look at ways to reduce costs in each area but do not cut any of the serviced entirely	Education	1. The respondent advised that they agree with the proposal.
19907	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	A lot of the rest seems like wasted money really.	Education	1. The respondent advised that they agree with the proposal.
19908	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Some not all should be cut. Agree with cutting all except 5d, f, i, K, L, WX.	Education	1. The respondent advised that they agree with the proposal.
19909	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes, there should be a common sense approach but not to the detriment of the majority. There will be corner cases that need reviewed separately HOWEVER all waste should be eradicated.	Education	1. The respondent advised that they agree with the proposal.
19910	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	We have never been in a worse state, stop funding the nice to do and fund the must do	Education	1. The respondent advised that they agree with the proposal.
19911	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes. They should be providing a statutory service of maintaining roads, refuse collections and recycling etc. But anything out with statutory needs to go	Education	1. The respondent advised that they agree with the proposal.

19912	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Absolutely, maintain and improve core services.	Education	1. The respondent advised that they agree with the proposal.
19913	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes but not everything at once. Please be mindful about our safety and wellbeing	Education	1. The respondent advised that they agree with the proposal.
19914	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I agree to reduce this spending but not at the expense of safety (i.e. gritting of roads etc) also people's mental well being needs to be at the forefront, especially as these times are hard financially on all of us.	Education	1. The respondent advised that they agree with the proposal.
19915	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Some of this is just crazy. Major cuts needed	Education	1. The respondent advised that they agree with the proposal.
19916	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	All other extras reduce or eliminate.	Education	1. The respondent advised that they agree with the proposal.
19917	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I would agree although we must be looking at improvements / cuts that will ho in favour of future generations. The country is on its knees and its not going yo get any better	Education	1. The respondent advised that they agree with the proposal.
19918	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes but we can also reduce spending on statutory services. We still provide the service but to a lesser extent	Education	1. The respondent advised that they agree with the proposal.
19919	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	If it's not legally required to be provided then why would the council pay for it. You need to start thinking with private sector mindset if you have such a dire financial shortfall.	Education	1. The respondent advised that they agree with the proposal.
19920	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes stop spending on all non statutory areas	Education	1. The respondent advised that they agree with the proposal.
19921	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I think all these proposals make sense	Education	1. The respondent advised that they agree with the proposal.
19922	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	All the non statutory spending should be cut to a bare minimum.	Education	1. The respondent advised that they agree with the proposal.
19923	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I agree with most of these.	Education	1. The respondent advised that they agree with the proposal.
19924	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	5h - as previously mentioned must be reduced	Education	1. The respondent advised that they agree with the proposal.
19925	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Sadly, I do agree	Education	1. The respondent advised that they agree with the proposal.
19926	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Any none essentials should be reduced.	Education	1. The respondent advised that they agree with the proposal.
19927	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Completely agree, some of the charges are a complete waste of money and unnecessary!	Education	1. The respondent advised that they agree with the proposal.
19928	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	All of the above	Education	1. The respondent advised that they agree with the proposal.
19929	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yeah absolutely these are all things that could be readjusted... by either minimising staff in certain areas and charging for certain services such as the music group and waste disposal... if you are providing a service you can charge a fee to make a profit rather than just blowing it out the window.... if certain positions are overstaffed and could be done with less cut down....	Education	1. The respondent advised that they agree with the proposal.
19930	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Remove all services which are not mandatory	Education	1. The respondent advised that they agree with the proposal.
19931	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I agree, but... I can see west Lothian turning into a dump if they get rid off all those services	Education	1. The respondent advised that they agree with the proposal.
19932	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	With the exception of 5m, 5n, 5p and 5x which I think should remain, I believe all the other suggested savings should be made	Education	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19933	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Reduce non - statutory spending as much as possible.	Education	1. The respondent advised that they agree with the proposal.
19934	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	stop funding to anything that is not for the most vulnerable people that reside in west Lothian	Education	1. The respondent advised that they agree with the proposal.
19935	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Protect statutory services and stop delivering non statutory	Education	1. The respondent advised that they agree with the proposal.
19936	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes, however, it will have an impact on communities and in some circumstances may lead to additional costs to the Council	Education	1. The respondent advised that they agree with the proposal.
19937	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes but perhaps increasing planning fees would assist this gap?	Education	1. The respondent advised that they agree with the proposal.
19938	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I agree with all of these proposals	Education	1. The respondent advised that they agree with the proposal.
19939	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Only if necessary.	Education	1. The respondent advised that they agree with the proposal.
19940	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Absolutely agree	Education	1. The respondent advised that they agree with the proposal.
19941	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	The council should only spend what it can afford to spend. If it can afford to spend on non statutory then it should but it should be well thought out and if you can't do it all maybe you do it on rotation for every year	Education	1. The respondent advised that they agree with the proposal.
19942	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Cancel activities h	Education	1. The respondent advised that they agree with the proposal.
19943	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	You could balance the books by stopping providing services that are not required by law - make savings in all these areas.	Education	1. The respondent advised that they agree with the proposal.
19944	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	cut 5h Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners. (£800, 000) -	Education	1. The respondent advised that they agree with the proposal.
19945	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Make major savings from all non - statutory services in order to concentrate on statutory	Education	1. The respondent advised that they agree with the proposal.
19946	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes	Education	1. The respondent advised that they agree with the proposal.
19947	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes I agree.	Education	1. The respondent advised that they agree with the proposal.
19948	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	To save money	Education	1. The respondent advised that they agree with the proposal.
19949	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes	Education	1. The respondent advised that they agree with the proposal.
19950	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	There is definitely a need to reduce spending on non statutory services	Education	1. The respondent advised that they agree with the proposal.
19951	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	But only where there is no detrimental effect	Education	1. The respondent advised that they agree with the proposal.
19952	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I would remove all but essential spend.	Education	1. The respondent advised that they agree with the proposal.
19953	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I agree this has to happen because there is realistically no other option with such a significant budget gap. However, there needs to be careful consideration about the pressure that these reductions in spending will place on Statutory services.	Education	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
19954	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Stop altogether.	Education	1. The respondent advised that they agree with the proposal.
19955	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Fine	Education	1. The respondent advised that they agree with the proposal.
19956	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	£800, 00 spend on education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners! This is your job if you are in Education i. e. to drive improvement and increase attainment, it should be getting done from the standard education budget, it 's not an 'add on service '! Things like this make it easy to see why despite years of allegedly being in cost cutting measures, WL Council are still in the red by millions of pounds!	Education	1. The respondent advised that they agree with the proposal.
19957	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes reduce services	Education	1. The respondent advised that they agree with the proposal.
19958	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	All the suggestions on the previous page have merit	Education	1. The respondent advised that they agree with the proposal.
19959	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	this is an obvious area to look at, however some of the items listed would be a great loss and this needs careful consideration.	Education	1. The respondent advised that they agree with the proposal.
19960	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Agree that Council should look at range of non - statutory services being provided but acknowledging that many add significant economic, social, community and environmental value and benefits to West Lothian residents and communities - which without these services would potentially have an adverse impact on these very communities.	Education	1. The respondent advised that they agree with the proposal.
19961	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes, reduce spending here. I think it is still important to offer some support for less fortunate and possible at risk children during school holidays and offering days where a professional will see them in order to monitor safety	Education	1. The respondent advised that they agree with the proposal.
19962	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Review these and make savings / better planning for services on offer and who uses which facilities	Education	1. The respondent advised that they agree with the proposal.
19963	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I agree with all of these ways of saving money, I know people who get a council house then lets someone else live in it, most comen people who are in drug related I understand the need to save money, s for the council homes that are not used for people's drug related acts this has to include looking at the fraud side this has been going on for along time.	Education	1. The respondent advised that they agree with the proposal.
19964	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Focus on savings on the following 5h	Education	1. The respondent advised that they agree with the proposal.
19965	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	To a certain e tent but I would need very careful scrutiny and thought which might out weigh the benefits	Education	1. The respondent advised that they agree with the proposal.
19966	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Most of this seems reasonable but you could save money by encouraging community engagement with these ideas. People will lend their time to improving the world around them if you let them. Encourage people to get involved with these and help communities start to engage with themselves. Otherwise whats the point?	Education	1. The respondent advised that they agree with the proposal.
19967	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes, I agree that the Council should reduce spending on non - statutory services, especially in the current financial climate. Given the size of the budget gap facing West Lothian Council, it is essential to prioritise funding for statutory services that the council is legally obliged to provide, such as education, social care, and waste collection. Non - statutory services, while valuable, are discretionary and may need to be scaled back or redesigned to ensure the council can continue to deliver its core responsibilities effectively. This does not necessarily mean removing these services altogether, but rather reviewing them to identify efficiencies, reduce duplication, or explore alternative delivery models such as working in partnership with communities or voluntary groups. It's about making difficult but necessary choices to protect vital frontline services and maintain financial sustainability over the long term.	Education	1. The respondent advised that they agree with the proposal.
19968	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	All of these are ancillary and should be eliminated. People who care about such things can demonstrate such by paying for them	Education	1. The respondent advised that they agree with the proposal.
19969	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I have insufficient knowledge of the details of non - statutory services provision to provide further suggestions. However, in the current economic position, the cessation of many of those activities listed previously is a no - brainer. I 'm surprised they have not been stopped before. 5g is the most alarming item to me.	Education	1. The respondent advised that they agree with the proposal.
19970	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	This is the easiest option and shows that the extras that need to be saved	Education	1. The respondent advised that they agree with the proposal.
19971	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I agree. Money is being overspent.	Education	1. The respondent advised that they agree with the proposal.
19972	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Too much money is being wasted on these services	Education	1. The respondent advised that they agree with the proposal.
19973	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Only provide essential services	Education	1. The respondent advised that they agree with the proposal.

19974	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Funding should be reduced for non statutory services unfortunately needs must.	Education	1. The respondent advised that they agree with the proposal.
19975	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	5h look the best ones. The other two can also be looked by asking - does this department / post etc help pupils welfare or attainment - if the answer is no, then the job could be cut	Education	1. The respondent advised that they agree with the proposal.
19976	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Almost all of the above should be reviewed to assess the impact of this spend has on achieving councils core priorities and to see if it duplicates / competes with third sector or other stakeholder provision. Could some of this provision be delivered as well / better by other agencies e. g. NHS, college, charities or the business community. Is the provision needed in an AI world where people can access a wealth of information in other ways?	Education	1. The respondent advised that they agree with the proposal.
19977	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	scrap the others completely	Education	1. The respondent advised that they agree with the proposal.
19978	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Reduce spending in all non statutory services before cutting statutory services. Parliament has decided which services are statutory, and funds councils to provide them. Don't risk the effectiveness of statutory services by throwing this money away where its not required. Stop some spending completely i. e anti - poverty, regeneration, non - statutory school busses.	Education	1. The respondent advised that they agree with the proposal.
19979	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	5h look like prime areas for savings.	Education	1. The respondent advised that they agree with the proposal.
19980	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Cancel: 5h	Education	1. The respondent advised that they agree with the proposal.
19981	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes agree	Education	1. The respondent advised that they agree with the proposal.
19982	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Abolish attainment planning in schools - it doesn't work.	Education	1. The respondent advised that they agree with the proposal.
19983	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	anything non statutory should be stopped immediately - we are not in a time where we have the luxury of extras.	Education	1. The respondent advised that they agree with the proposal.
19984	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes	Education	1. The respondent advised that they agree with the proposal.
19985	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	5h	Education	1. The respondent advised that they agree with the proposal.
19986	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Savings could be mae on 5H,	Education	1. The respondent advised that they agree with the proposal.
19987	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	All items in 5 should be executed on as there is significant cost saves to be achieved in non statutory services. However as it's around 10 % of total spend efficiencies in statutory services is an absolute priority.	Education	1. The respondent advised that they agree with the proposal.
19988	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Everything should be looked at any surplus cash accounted for and not spent because its there	Education	1. The respondent advised that they agree with the proposal.
19989	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	During current climate these are not required	Education	1. The respondent advised that they agree with the proposal.
19990	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Stop spending on all non - statutory services	Education	1. The respondent advised that they agree with the proposal.
19991	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Do all of the above if they budget cannot be met, by the steps previously noted.	Education	1. The respondent advised that they agree with the proposal.
19992	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Reduce spending on non - statutory services	Education	1. The respondent advised that they agree with the proposal.
19993	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	The provision of statutory services must be reviewed and where not appropriate action should be taken to object.	Education	1. The respondent advised that they agree with the proposal.
19994	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Make up the rest by cutting non - statutory services to protect core services.	Education	1. The respondent advised that they agree with the proposal.

20019	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Could spend less money on things that are not required by law	Education	1. The respondent advised that they agree with the proposal.
20020	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes to: 5h	Education	1. The respondent advised that they agree with the proposal.
20021	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes to: 5h	Education	1. The respondent advised that they agree with the proposal.
20022	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Significantly reduce the amount of funding spent on educational improvement and performance and Education Business and customer support. More of this work should be done by head teachers and the senior management of the schools.	Education	1. The respondent advised that they agree with the proposal.
20023	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Reduce funding for Educational improvement service & educational business support	Education	1. The respondent advised that they agree with the proposal.
20024	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	yes to 5h	Education	1. The respondent advised that they agree with the proposal.
20025	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Stop spending money on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
20026	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Why don't you just take absolutely everything away-. basic fundamentals at play here.	Education	1. The respondent advised that they agree with the proposal.
20027	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Look at ways to keep the services but reducing the times.	Education	1. The respondent advised that they agree with the proposal.
20028	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Spending on these services should be revised. Some areas get more of of these services than others. A complete overhaul of services and budgets are required.	Education	1. The respondent advised that they agree with the proposal.
20029	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Cut discretionary services,	Education	1. The respondent advised that they agree with the proposal.
20030	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Stop spending on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
20031	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Reduce spending on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
20032	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Cut everything unnecessary and provide essential services only.	Education	1. The respondent advised that they agree with the proposal.
20033	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I think a consideration should be given to more focus on reduction of non statutory services	Education	1. The respondent advised that they agree with the proposal.
20034	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Cut back non essential services.	Education	1. The respondent advised that they agree with the proposal.
20035	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Live within your means and don 't spend money on unnecessary non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
20036	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Its very simple - stop spending money you don 't have on services you don 't need to provide,	Education	1. The respondent advised that they agree with the proposal.

20037	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Stop paying for non essential services and save the money from that	Education	1. The respondent advised that they agree with the proposal.
20038	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	While I agree some of these services need to be cut alot of communities really need them	Education	1. The respondent advised that they agree with the proposal.
20039	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	If the service isnt benefiting people and not being used then thinking about removing it worth considering.	Education	1. The respondent advised that they agree with the proposal.
20040	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	5h - agree to make savings	Education	1. The respondent advised that they agree with the proposal.
20041	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Balance the books by cutting non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
20042	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Your wn figures show you can live within your means if you cut unnecessary non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
20043	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Stop spending on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
20044	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Your figures show you don't need to raise taxes or charges if you stop spending money on non - statutory services - this is where the savings should come from.	Education	1. The respondent advised that they agree with the proposal.
20045	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Stop spending money on non - statutory services.	Education	1. The respondent advised that they agree with the proposal.
20046	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Cut spending on non - statutory services	Education	1. The respondent advised that they agree with the proposal.
20047	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Stop spending on unnecessary non - statutory services	Education	1. The respondent advised that they agree with the proposal.
20048	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	non statutory services are just as valuable if not more so and if they didn't exist this would put even more pressure on schools social services and social workers. 5h yes cut	Education	1. The respondent advised that they agree with the proposal.
20049	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	5h. Depending on reason YES REMOVE.	Education	1. The respondent advised that they agree with the proposal.
20050	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	West Lothian Council has a proven track record of delivering huge savings. Now the council is on it's knees as a result of lack of funding from central government for years - suggest services should be restricted to statutory only unless the financial settlement provided to the council is fair and reasonable to enable council to deliver the services needed.	Education	1. The respondent advised that they agree with the proposal.
20051	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	All non statutory services should be looked at to help streamline and make savings if possible, but completely stopping funding seems short sighted	Education	1. The respondent advised that they agree with the proposal.
20052	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I agree with majority	Education	1. The respondent advised that they agree with the proposal.
20053	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	The education of our children and the care of our elderly is the most important. The education of our children is impacted if improvement service and support to school and HTs is removed. This needs to be a last resort.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20054	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes but leave the schools alone.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20055	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	No reduction should be made to education	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20056	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Wow with the removal of all these West Lothian Council does not look like a place where I would like to stay in.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20057	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Education (anything related to education) should NOT be cut.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20058	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	None of these should be stopped! Every one of these includes life or death circumstances! They incorporate the health and wellbeing of the residents. You are suggesting cutting items that people need. It is items people assume is why we pay a council tax! Reducing gritting or roads and pavements more has the possibility of causing injury or death! No cost is too much for this. We need each other. We need companionship. We need groups and locations where people can sit and talk and learn and eradicate racism bigotry and counter the fake news and gossip spread by locking people in their homes relieving their news from social media. Again! Internal saving first before you cut externally	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20059	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	There are savings and efficiencies to be made but there is also a lot of value in the services being offered so there is nothing on the list that I would be in favour of scrapping entirely. For example the central services provided in Education Services are important for ensuring statutory compliance and quality of service, and the work that is carried out would not just go away, it would be passed to Headteachers and their staff who would not have capacity to do it.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20060	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I agree with the exception of the following items: h	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20061	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I agree with most of these but they are not saving money, These services need to be continued.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20062	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Agree with almost all proposal - however disagree strongly in 5C / 5H our children should not suffer in budget cuts. Schools and support for schools particularly our children with additional needs should be the council's biggest priority. We value the service's provided but further rationalisation is required across all the other non - statutory services to ensure we protect the children of West Lothian's future.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20063	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	where possible retain any involving vulnerable or young persons within the county but remove any that aren't shown to be working and can be replicated in other savings.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20064	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	anything that involves children or teenagers NO there is little enough for them	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20065	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	5h - Dont cut. Protect	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20066	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Most of this spending improves the quality of life of West Lothian residents and any reduction should be done carefully.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20067	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Keep: 5h,	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20068	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	The following points is where I agree savings can be made in this section: 5b, 5c, 5f, 5g, 5i. I strongly disagree that cuts should be made to all other points in particular point 5o. The Advice Shop offers an invaluable service to the residents of WL. If cuts were made to Advice Shop then this would have a detrimental impact on WL in particular the most vulnerable who seek support this includes older people, those with a cancer diagnosis & long term conditions. In 2024 / 25 the Advice Shop received 3500 referrals into service including 410 customers from carers of WL generating £1.2m in extra income for them. Last year the Advice Shop prevented 175 evictions through advice & assistance from their court advice project. The total cost of evicting a single person can be around £24k, this is a substantial saving to the council. Last year the Advice Shop supported 1732 customers from a child poverty priority group - this includes lone parents & families with a disabled adult or child.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20069	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	5h) keep	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20070	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	There is a very wide range of non statutory services listed here with greatly differing importance. 5h seems particularly important to retain to the farthest extent possible	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20071	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Although it looks like possible savings can be made here, I think it is important to stress that school improvement and attainment is of high importance to our learners in West Lothian. To allow them to thrive, cuts should not be made to teams who provide support in regard to raising attainment and driving forward school improvement. Let's put learners first. They are our future.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20072	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	5h No	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20073	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Keep: 5h,	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20074	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	The non statutory areas are necessary	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20075	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	the rest of these are viable and have to stay	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20076	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Everything else can stay.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

20077	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	That's why we pay the council. There will be little support for any of you if you continue down this route. You are hitting out at the most vulnerable in our society. Shame on you.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20078	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	No cuts to non - statutory services these are life enhancing and have suffered many reductions in funding	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20079	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	These are so important for communities and morale. Please don't take these away.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20080	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	The time you do that we would have nothing	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20081	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Stop cutting back on things the public actually accesses. Also I think meetings should be shown to the public and allow the public to vote on what you are proposing. As suggested in the first one, look on the inside before you start cutting people out! If this is what WL is planning in doing you will find a lot of people move away or choose not to live in this area. Ridiculous	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20082	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	No there are too many things on this list that are needed	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20083	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Going to ruin communities	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20084	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Cutting is not the answer, efficiency is the answer.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20085	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	we need all of these services to continue	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20086	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	These are essential services to our communities Not seeing a. Reduction in council salaries	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20087	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	While some statutory services could be reduced, most of them are very important, and their recipients often belong to vulnerable groups. Significant cuts to these services will cause significant problems which could require solutions more costly than the current cost of statutory services.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20088	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I think funding for these should be kept to improve communities and support families within the community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20089	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	This impacts people and community, and they are struggling just like you are. Don't penalise us further.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20090	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	No I don't agree.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20091	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	They may not be statutory but they all look essential to me	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20092	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	you want to create communities not just statutory funded functions for the residents of West Lothian. It's not enough just to exist, you want to create communities worth living in.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20093	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I think these services are important to the people who benefit for them.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20094	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	You have already cut back so much so no!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20095	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	There is no room left to cut services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20096	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	These services all have far reaching benefits for the community.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20097	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	"Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners. "Like I said before - all you care about is attainment. Pupils are people and people matter. Pupils are not the number of A - C passes. Life is more about attainment, life is about skills and experiences and NOWHERE do you show that is just as (if not more) important! You want more passes - how about stopping cuts to education budgets. How exactly can schools support more ASN kids with fewer pupil support workers?"	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20098	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Please no further cuts. Its not viable.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20099	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Every one of these services should be statutory. Removal or reduction of any of these, and so may more is abhorrent.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20100	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Why should they lose out	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20101	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	It must always be considered how some of the 'non 'statutory services provide much more than they cost in real terms!... as far as the health, wellbeing and future development of young people these services are imperative!... although the long term future of the average officer / councillor is finite... the future of West Lothian is a legacy that we, NOW, can futureproof!... a short sighted view of long established services will only harm our already poor reputation as we cannot provide the service we aspire to.... Please examine the long term future and savings / income / grants etc generated from some of these service areas	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20102	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	All vital services needed to support people to live their best lives. The council needs to support people and not keep removing things. WL has very limited opportunities without cutting anymore. Look at more efficient ways. Actually engage with service users for each service as they would have the ideas you seek!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20103	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	stop taking everything away from us you get enough tax money from us so stop digging up the same road over and over again wasting precious money	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20104	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Reducing all these listed will reduce the appeal of West Lothian. These services should be improved.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20105	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Some of these services could be reviewed and delivered differently but there must be no cuts to the delivery of excellent education services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20106	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Reducing these costs would affect our communities and destroy family life.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20107	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	These services are vital	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20108	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Absolutely not! Leave as is.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20109	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Non - Statutory services are vital to the community and removing them would be seriously detrimental. Perhaps looking at streamlining services so related information is available in one place & cutting out several layers of management.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20110	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	The majority of these are essential to the well being of everyone but agree non west lothian residents should not be subsidised for child care spaces	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20111	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	These are vital services and should not be touched.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20112	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	The majority of these are what I would consider good council services and should be retained.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20113	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Do not reduce spending on any of these	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20114	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Councils should not reduce this. They need to increase joint up working	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20115	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Although these services are not required by law, they are essential for community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

20116	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Although these services are not required by law, they are essential for community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20117	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	How can you propose cut to school like this? transport to school? education services?	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20118	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	No, these services are needed.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20119	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	These services are important for the people of WLC and the community. Stripping these would make the area less attractive to stay in. I would rather pay more Council Tax. Why haven't the older houses been re - evaluated, I don't pay enough Council Tax in my opinion as I live in an old house. This simple exercise would rather millions rendering most of these cuts unnecessary.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20120	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Absolutely outrageous the propositions. Except the upkeep of golf courses (where rich people can fund and play) I don't agree with any of the cuts. Kids needs music, education programs, health and safety support. Already they have very little things to do and most are disrespectful, idle having no courses to engage or develop their skills. Community projects are a must.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20121	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	No as these are vital. I know you call them non statutory however adult youth and community services are vital. Statutory services rely on the no stats. As they cant cope. Bad. This is a recipe for disaster. Stop these cuts now! Let 's kids play let youth get support. Let LGBT community get support from the service.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20122	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Some of these services are essential for the community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20123	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	You should be utterly ashamed at removing some of these services. You have a duty as a council to help the community. None of this will matter, you'll still increase costs and reduce services.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20124	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	reads like a dereliction of duty here.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20125	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Protect all the stated services here. Has anyone projected the disaster this can and will cause if this goes ahead.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20126	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	No, you are cutting to the bone not to the benefit of the people of West Lothian.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20127	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	There seems to be a view that these are all 'nice to have' but not essential. I would strongly disagree. Once again it 's a case of not seeing the true value of these things and just reducing it all to pounds and pennies. Just because a service is non statutory shouldn 't diminish it 's importance and make it fair game for getting cut. There are an awful lot of good people doing great things for the people of West Lothian and they certainly don 't deserve to be treated as second class employees and jettisoned as a knee jerk reaction every time there is a need to find savings. It does very little for staff morale to keep being touted as a solution to a problem not of their making. Have some compassion and show some sensitivity!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20128	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I don't necessarily think that non - statutory spending should be reduced although I do think that all spending should be considered. Many of the non - statutory items are very important to people and communities.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20129	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Again most of these suggestions are choosing to disadvantage children. What happened to closing the attainment gap? Girfec? The children's rights? Would welcome this suggested evidence of closing the attainment gap not working. I've seen first hand that it does. Really need to be questioning the morals of your staff if they are suggestion awful things like this. Children and their education should come first always. Anyone who doesn't prioritise what's best for a child should raise concerns for an employer	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20130	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Difficult one, but these are the things that bind our society together. The importance of these things can be so much more beneficial than any monetary value can say.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20131	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	The problem with reducing non statutory spending is it may make a short term saving the long term cost, which will have to be paid for by the council although may not be a direct cost	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20132	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	No. These are important and make West Lothian an excellent place to live	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20133	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Do not reduce budgets around schooling these are very important.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20134	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I cannot agree with reducing spending on non - statutory services. It is an easy financial win; however, the long - term consequences of reducing or removing some of these services are huge	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20135	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Dumbfounded someone actually costed losing these facilities. Disgusting proposals.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

20136	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	These services add quality to life in West Lothian. Please do not cut further.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20137	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	services to the community should not be cut..	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20138	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	No we need these it 's important there 's hardly anything out there Go tax the big wigs with money more instead of coming after the poor!!!!	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20139	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	While reducing or cutting non - statutory services may appear to be an easy cost - saving measure on paper, it ignores the long - term social and financial impact these services have on our communities. Non - statutory does not mean non - essential. Many of these services — such as youth work, community centres, early intervention programmes, libraries, and mental health support — are vital in preventing more expensive statutory interventions down the line. Removing these supports would not only erode the quality of life in West Lothian but also drive increased demand in areas like social work, education support, and emergency services. In short, these are investments, not luxuries. Sustainable financial strategy means looking beyond short - term savings and recognising the true value these services provide to residents — particularly the most vulnerable.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20140	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	No I disagree and feel very strongly that the Council needs to plan ahead and shape services around the changing population, but I feel that these services are absolutely crucial to supporting our local economy and community. It's not fair to expect local services to keep doing more with less, especially when the number of older people needing care and support is rising so quickly. Any changes should be made carefully and only after proper consultation with the people who actually use these services. Cutting too much now would harm our communities in the long run. I am really disappointed and frustrated by the amount of cost - cutting and money - saving measures being proposed. Local people and serv	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20141	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	A lot on non statutory services are required and relied upon by us as public members whether you see it as non statutory or not, it is in the eyes of the public	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20142	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Spending money on educational and youth based services is essential to a healthy, safe and vibrant community.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20143	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Lack of non statutory services just puts pressure on statutory services and is therefore an inefficient response.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20144	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Against a lot of education services that should not be touched at all	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20145	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	These services are vital and a life line for many people - if you remove them they will require formal services and these will cost more	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20146	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	These would be detrimental.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20147	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Totally disagree with this	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20148	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	So if the council will give up all those services who then will deliver them as there is not many in West Lothian free services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20149	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	These services are what hold our communities together and I would vehemently be against their removal. How about making savings from those who do not contribute to our communities, as opposed to those who do?	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20150	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Most of the services provided appear to be important and with the exception of one or two would seem to be what's needed.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20151	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Again, too much lost already	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20152	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Many of these services are essential	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20153	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	most of the non statutory services are beneficial for community as there is not any alternatives for access them apart via the council.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20154	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Although these are non - statutory services they make an important contribution to life in West Lothian and how West Lothian Council Works. The knock on effect of removing these services is far larger than is implied by the accompanying statements. In addition there are no alternative services for to fill the gaps created by their removal.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

20155	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	these are important - keep them and make decisions on the big stuff where big savings can be made	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20156	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	This is the vital unseen part of what's needed in communities - this needs continual funding, especially on local infrastructure	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20157	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Most of these are vital community services which could probably benefit from more spending	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20158	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Too many depend on these non statutory services and alienating tourists mean income moves elsewhere	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20159	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	They may be non statutory but seem very important and if removed would significantly impact on communities.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20160	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	These cuts will impact on the community hugely	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20161	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Nope, they should be put money into the services making the services more stable not taking the money away from it all	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20162	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	No cuts to education this is a false economy.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20163	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	We should not be cutting anything regarding childrens welfare.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20164	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Children should not be affected. These services should not be cut they are west lothian future and these decisions shape how they will be.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20165	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I do not. This is all very important to the community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20166	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Too many cuts already	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20167	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Most of these non - stat services are services council tax payers expect to see. To remove them would be nothing short of a joke.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20168	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	But money should remain on protecting children in both education and social policy.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20169	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	money coming out of anything educational for children or adults is a big no for me. We can't get more people working & paying into a system if they aren't educated properly, regardless of age or reason.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20170	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Feel this could be better managed but don't believe reducing / removing these services is a good idea	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20171	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I don't think any of this should be reduced. You have said earlier about wanting more youth in the community?? You have also said about education Well these are all a must and don't see how you can think of reducing these.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20172	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	A lot of people rely on these services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20173	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Often the non statutory aspects are the buffer for those on low incomes and loss of these supports affects the physical and mental well being of the clients. Large employers should be encouraged to support more community based projects.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20174	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Cutting off from other sources not from these essential services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20175	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	With the exception of bunting, Christmas lights and golf courses, these are all essential services. Surely the Council would not remove itself from COSLA?	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20176	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	No I do not agree, these services are important to communities	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20177	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Certain categories yes, should be considered. Critical ones though like transport, education should not be reduced	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20178	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Absolutely not these services are vital for West Lothian	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20179	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	non statutory services cannot be cut. these services are essential to early intervention and prevention for chronic issues e. g. violence against women and girls and mental health services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20180	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Funding to schools should never be non statutory. Some schools are using resources over 40 years old, teachers are buying resources with their own money	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20181	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Many of these non - stat services contribute to the WLC anti - poverty strategy, the LOIP and WLC 's 'preventative 'approach. The educational / service - delivery functions punch far above their weight in terms of the Social Return on Investment they provide, they support the stat services and they allow the stat services to focus on what they need to do.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20182	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Some services can be removed or capped. But since you have placed them all on one category. Without being able to vote for specific ones, my answer is no	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20183	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	All of these seem vital to the community	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20184	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	These services are critical to West Lothian, and some of these services helps people meet other people and also assist with these day activities. West Lothian council needs to make sure they are not making people who use these services from being affected by physical and emotional stress of not having these services	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20185	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	No - absolutely do not agree. And I have already gave a brief run down of why I think this and also what my idea to improve things would consist of. To take funding away from these would be abhorrent to the people who make use of them	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20186	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	These are the services that mostly support the most vulnerable in our community. everything is important to the functioning of our society.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20187	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	think these are all services that are needed	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20188	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	These are all important funding	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20189	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	all these things are needed	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20190	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Section 5h – removing the education improvement and performance service would reduce schools' ability to continue to improve what they do, which would obviously be detrimental to all pupils.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20191	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	5h - What services are these, more detail. improving education attainment is good but what is being funded at the moment, doesn't seem sensible to cut when so many young people are struggling with school.	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20192	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	These services should be kept in place	Education	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20193	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	No	Education	3. The respondent advised that they had no comment to make.
20194	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	No	Education	3. The respondent advised that they had no comment to make.
20195	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	no	Education	3. The respondent advised that they had no comment to make.
20196	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Do not reduce funding for driving improvements in schools. It is working.	Education	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20197	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	These need to be run better not cutting in services	Education	4. The council is already doing this.
20198	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Change eligibility of EMA to all 16 year olds regardless of financial back round encourage better behaviour and to keep kids in educations. Our communities are losing themselves due to the new generations coming up, there is no discipline or want to be a good citizen.	Education	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
20199	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Education is the biggest and most expensive Council Service. It is also the most important. However it remains very much a 'top down' model and there are questions about how much value central staff add to the attainment agenda, if recent Inspection Reports are an accurate measure. Give School Boards more responsibility for budgets and Quality Assurance across Clusters and remove the 'officer tier' at the Centre.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
20200	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Education and Improvement - I think we could improve attainment by basic measures such as class sizes and more PSW support and consider that £800, 000 an easy saving to make.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
20201	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Mitigation and redirects: • 5h: move improvement into core school leadership and peer review.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
20202	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	5h - surely senior staff in schools should do this.	Education	6. The respondent suggested an improvement. Officers will consider how this could be developed.
20203	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	there are a number of them that you can save money on but education is definitely not one of them they are struggling with short supply of PSW 's that make a huge difference to the running of the school everyday. Employ more and they can help in the development of children meeting their needs and supporting the teacher to deliver their lessons	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20204	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Yes they should, but not across all of the services listed, some of them are essential	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20205	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	A lot of these services are already being or have been cut back. Not all should be cut back.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20206	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	See what non - statutory services are not being used fully in all areas and maybe end them and move the money elsewhere.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20207	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	I thought these services were already paid for through council tax!	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20208	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	This needs looked at carefully and prioritised many of the things listed could be cut but others should be kept a degree of common sense needed	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20209	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Some of the areas highlighted are critical for the residents of west lothian and further investigation would be required	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20210	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Consider all of these to be important. We would support efficiency savings if that can be achieved but this should not come at the cost of reduction of quality of service.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20211	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Would question what exactly we are paying our council tax for?	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20212	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Remove more services but council tax payers get hit in the pocket? Joke.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20213	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	The council are currently not even delivering on statutory services due to the cuts that have already been made. Articles 28 and 29 are not met due to schools not having enough staff. The push for inclusion has not been matched by the provision of support. School buildings are being built without taking additional support needs into account making them less accessible for children and young people with ASN. This amounts to direct disability discrimination and is completely unacceptable. Cutting this further is tantamount to pushing people out of the education system and is a direct	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20214	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Some of them should be prioritised above others	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20215	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	You could definitely reduce some of these but focus should be on things that wouldn't result in a loss of service and support for vulnerable people. So no cuts to community services for vulnerable groups but maybe spend less where there isn't a direct loss of service.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20216	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Cuts and more cuts. Some yes but the majority no. These are much needed services	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20217	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	There should also be a clearer focus on local reinvestment to ensure communities benefit from any income raised. Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

20218	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Education	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20219	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	If the council wants to just be a provider of last resort then go ahead and stop all non statutory functions. But I strongly suspect that this is not what people in West Lothian want and they will make their feelings known through the ballot box given the chance. Scotland is not a third world country (yet) and the services provided by local authorities need to be seen for more than just their monetary value. Local authorities should be funded to enrich the lives of the people they serve and the problem is clearly that they are not.	Education	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
20220	Theme 5- Reducing Spending on Non-Statutory Services	5h - Education improvement and performance service which helps to drive improvement across all schools and increase attainment for learners.	Some of these services I'd never heard of and would be interested to see figures on how they positively impact the community for example the education improvement service - not sure what that is.	Education	9. The respondent made a comment on the survey question
20221	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	With exception of youth social activity funding everything else should be cut	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20222	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I agree with this in principle however it is essential council continues to support important and vital community organisations & activities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20223	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Some massive savings to be had here and these are some of the areas you need to look at in great detail.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20224	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Times are tough. Time to tighten the belt and maybe when you are crippled by debt you can look at these items again to reintroduce them.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20225	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Within reason	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20226	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20227	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Although this is a difficult decision it is required to balance the books based on the funding allocation.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20228	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Look at ways to reduce costs in each area but do not cut any of the services entirely	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20229	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes but leave the schools alone.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20230	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	A lot of the rest seems like wasted money really.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20231	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes, there should be a common sense approach but not to the detriment of the majority. There will be corner cases that need reviewed separately HOWEVER all waste should be eradicated.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20232	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	You have a mix there. You definitely need to not subsidise things	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20233	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	We have never been in a worse state, stop funding the nice to do and fund the must do	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20234	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes. They should be providing a statutory service of maintaining roads, refuse collections and recycling etc. But anything out with statutory needs to go	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20235	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Absolutely, maintain and improve core services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20236	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes but not everything at once. Please be mindful about our safety and wellbeing	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20237	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I agree to reduce this spending but not at the expense of safety (i.e. gritting of roads etc) also people's mental wellbeing needs to be at the forefront, especially as these times are hard financially on all of us.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20238	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Some of this is just crazy. Major cuts needed	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20239	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	All other extras reduce or eliminate.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20240	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I would agree although we must be looking at improvements / cuts that will ho in favour of future generations. The country is on its knees and its not going yo get any better	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20241	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes but we can also reduce spending on statutory services. We still provide the service but to a lesser extent	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20242	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	If it's not legally required to be provided then why would the council pay for it. You need to start thinking with private sector mindset if you have such a dire financial shortfall.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20243	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes stop spending on all non statutory areas	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20244	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I think all these proposals make sense	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20245	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	5i Providing a subsidised bulky waste collection service. (£240, 000) - get rid of this or start charging full proce for gods sake	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20246	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	All the non statutory spending should be cut to a bare minimum.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20247	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I agree with most of these.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20248	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Sadly, I do agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20249	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Any none essentials should be reduced.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20250	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Completely agree, some of the charges are a complete waste of money and unnecessary! Public should pay for some of these themselves and gala bunting and Christmas lighting is completely unnecessary. That money could be used on cleaning the streets instead of improving cycling paths etc. Over £700k a year for lollipop man is also excessive and providing school transportation over £1m shouldn't be the councils money to spend. It should definitely be paid by the people requiring those services or case by case basis and when absolutely necessary!!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20251	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Increase cost of bulky uplifts	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20252	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I agree whlt the exception of the following items: e, f, h, k, m, n, p, q, r, v, x and z	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20253	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	All of the above	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20254	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yeah absolutely these are all things that could be readjusted.... by either minimising staff in certain areas and charging for certain services such as the music group and waste disposal.... if you are providing a service you can charge a fee to make a profit rather than just blowing it out the window.... if certain positions are overstaffed and could be done with less cut down.... if one person could update headteachers via video link instead of hiring out a whole team and building etc change things up a bit have people work from home or freelance in one area on the side of a main job if there's not much to be done in certain areas instead of hiring a whole lot of people... if you focus on shaking things up a little, bringing in money where you can and streamlining some of the bigger things like schools and public transport etc I dont see why you couldn't make significant changes in the budget and the way things are run	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20255	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Some of these are ridiculous amounts being spent on these items and feel hugely inflated, a complete waste of money if that's the true amount. B, c, f, i, s, & a should already be gone.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20256	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Unfortunately only essential services should be supported	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20257	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Remove all services which are not mandatory	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20258	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Agree with almost all proposal - however disagree strongly in 5C / 5H our children should not suffer in budget cuts. Schools and support for schools particularly our children with additional needs should be the councils biggest priority. We value the service's provided but further rationalisation is required across all the other non - statutory services to ensure we protect the children of West Lothian's future.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20259	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes but it 's mostly peanuts.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20260	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I agree, but.. I can see west Lothian turning into a dump if they get rid off all those services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20261	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	With the exception of 5m, 5n, 5p and 5x which I think should remain, I believe all the other suggested savings should be made	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20262	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Make services more affordable thus enabling more people to use them, for example bulky uplifts.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20263	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Reduce non - statutory spending as much as possible.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20264	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	stop funding to anything that is not for the most vulnerable people that reside in west Lothian	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20265	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Protect statutory services and stop delivering non statutory	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20266	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes, however, it will have an impact on communities and in some circumstances may lead to additional costs to the Council	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20267	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Cut 5i subsidised bulkies	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20268	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes but perhaps increasing planning fees would assist this gap?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20269	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I agree with all of these proposals	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20270	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Only if necessary.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20271	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Absolutely agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20272	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20273	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Cancel activities i	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20274	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	You could balance the books by stopping providing services that are not required by law - make savings in all these areas.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20275	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	cut 5i Providing a subsidised bulky waste collection service. (£240, 000) -	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20276	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Make major savings from all non - statutory services in order to concentrate on statutory	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20277	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	5i - Cut	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20278	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes although the brown bin charge remains a disgrace.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20279	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes I agree.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20280	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	To save money	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20281	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	My opinion, if you want a bulky uplift, you pay the full price, now yes this could lead to more fly tipping, however maybe you could offer to spread the cost of this to your council tenants? That would be good for people like me who own their home but I know that's not likely, as with brown bins... they can pay it over the year yet for me I need to fork it out all at once!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20282	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20283	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	There is definitely a need to reduce spending on non statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20284	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	But only where there is no detrimental effect	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20285	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I would remove all but essential spend.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20286	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I agree this has to happen because there is realistically no other option with such a significant budget gap. However, there needs to be careful consideration about the pressure that these reductions in spending will place on Statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20287	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Stop altogether.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20288	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Fine	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20289	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes reduce services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20290	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	All the suggestions on the previous page have merit	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20291	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	this is an obvious area to look at, however some of the items listed would be a great loss and this needs careful consideration.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20292	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Agree that Council should look at range of non - statutory services being provided but acknowledging that many add significant economic, social, community and environmental value and benefits to West Lothian residents and communities - which without these services would potentially have an adverse impact on these very communities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20293	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	There is clearly significant opportunity to make savings in non - statutory expenditure and inevitably reductions will upset some people affected. Subsidies to council services should probably be the first to go.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20294	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes, reduce spending here. I think it is still important to offer some support for less fortunate and possible at risk children during school holidays and offering days where a professional will see them in order to monitor safety	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20295	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Review these and make savings / better planning for services on offer and who uses which facilities	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20296	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I agree with all of these ways of saving money, I know people who get a council house then let someone else live in it, most common people who are in drug related I understand the need to save money, s for the council homes that are not used for people's drug related acts this has to include looking at the fraud side this has been going on for a long time.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20297	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	To a certain extent but I would need very careful scrutiny and thought which might outweigh the benefits	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20298	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Cut funding for bulky uplift completely - this should be a wholly chargeable service. It's good the council provide this, but it should be charged at point of use not from the council funding pot.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20299	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Most of this seems reasonable but you could save money by encouraging community engagement with these ideas. People will lend their time to improving the world around them if you let them. Encourage people to get involved with these and help communities start to engage with themselves. Otherwise what's the point?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20300	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes, I agree that the Council should reduce spending on non - statutory services, especially in the current financial climate. Given the size of the budget gap facing West Lothian Council, it is essential to prioritise funding for statutory services that the council is legally obliged to provide, such as education, social care, and waste collection. Non - statutory services, while valuable, are discretionary and may need to be scaled back or redesigned to ensure the council can continue to deliver its core responsibilities effectively. This does not necessarily mean removing these services altogether, but rather ensuring that the council's core responsibilities are protected and that any reductions in non-statutory services are carefully managed to maintain the council's overall effectiveness.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20301	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	All of these are ancillary and should be eliminated. People who care about such things can demonstrate such by paying for them	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20302	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I have insufficient knowledge of the details of non - statutory services provision to provide further suggestions. However, in the current economic position, the cessation of many of those activities listed previously is a no - brainer. I'm surprised they have not been stopped before. 5g is the most alarming item to me.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20303	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	This is the easiest option and shows that the extras that need to be saved	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20304	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I agree. Money is being overspent.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20305	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Too much money is being wasted on these services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20306	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Only provide essential services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20307	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Funding should be reduced for non statutory services unfortunately needs must.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20308	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Almost all of the above should be reviewed to assess the impact of this spend has on achieving councils core priorities and to see if it duplicates / competes with third sector or other stakeholder provision. Could some of this provision be delivered as well / better by other agencies e.g. NHS, college, charities or the business community. Is the provision needed in an AI world where people can access a wealth of information in other ways?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20309	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	scrap the others completely	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20310	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Reduce spending in all non statutory services before cutting statutory services. Parliament has decided which services are statutory, and funds councils to provide them. Don't risk the effectiveness of statutory services by throwing this money away where its not required. Stop some spending completely i.e anti - poverty, regeneration, non - statutory school busses.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20311	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Dont remove bulky waste - increase charge if needed.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20312	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Remove subsidies on services like bulky waste.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20313	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20314	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Bulky uplifts should increase their charging if they are in deficit of £240k	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20315	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	anything non statutory should be stopped immediately - we are not in a time where we have the luxury of extras.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20316	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Subsidised bulky waste should be scrapped, I've paid for this service multiple times and have still had to pay a removal company as the council teams never show up.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20317	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20318	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	All items in 5 should be executed on as there is significant cost saves to be achieved in non statutory services. However as it's around 10 % of total spend efficiencies in statutory services is an absolute priority.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20319	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Everything should be looked at any surplus cash accounted for and not spent because its there	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20320	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	During current climate these are not required	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20321	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Stop spending on all non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20322	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Do all of the above if they budget cannot be met, by the steps previously noted.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20323	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I agree.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20324	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	But be smart about it. Paying for bulky uplifts makes sense	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20325	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Reduce spending on non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20326	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	The provision of statutory services must be reviewed and where not appropriate action should be taken to object.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20327	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Make up the rest by cutting non - statutory services to protect core services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20328	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Review all services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20329	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	The lost published of non essential spending seems to include a lot of things that dont seem necessary and could be withdrawn.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20330	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Charges for bulky uplifts which are important services could be increased	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20331	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Increase charges for bulky uplifts	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20332	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I agree with some of these provisions, 5i. In the main I agree with these but require more detail in terms of it potentially impacting on the vulnerable in our communities. An Equality impact assessment is paramount before any these can be taken forward.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20333	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Services which could be looked at more closely are 5i	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20334	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	You have to look at all these services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20335	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Defo that these should be looked at and stopped	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20336	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Agree with them all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20337	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	You must make savings in all these non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20338	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	The services that are non statutory should not be funded. Insteas the money should be used to keep partnership buildings well maintained.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20339	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20340	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20341	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20342	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

20364	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Bulky uplifts should be charged, poor people don't often have loads of bulky waste but can get a voucher	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20365	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Charge 5i	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20366	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	For example, removing subsidised bulky waste collection could worsen fly - tipping. Adjusting charges instead would be a more balanced solution. Each amendment should be carefully weighed against both financial benefits and potential negative impacts on residents.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20367	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Charge for bulky waste collection service and save £240, 000 - If people need to get something moved they will pay for it	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20368	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Consider all of these to be important.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20369	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Stop spending money on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20370	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Why don't you just take absolutely everything away.. basic fundamentals at play here.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20371	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Spending on these services should be revised. Some areas get more of of these services than others. A complete overhaul of services and budgets are required.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20372	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Cut discretionary services,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20373	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Stop spending on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20374	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Reduce spending on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20375	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Cut everything unnecessary and provide essential services only.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20376	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I think a consideration should be given to more focus on reduction of non statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20377	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Cut back non essential services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20378	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Live within your means and don't spend money on unnecessary non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20379	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Its very simple - stop spending money you don't have on services you don't need to provide.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20380	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Stop paying for non essential services and save the money from that	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20381	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Rather than tax more, cut the non - statutory services you are not obliged to provide,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20382	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	While I agree some of these services need to be cut alot of communities really need them	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20383	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	If the service isnt benefiting people and not being used then thinking about removing it worth considering.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20384	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Balance the books by cutting non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

20385	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Your wn figures show you can live within your means if you cut unnecessary non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20386	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Stop spending on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20387	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Your figures show you don't need to raise taxes or charges if you stop spending money on non - statutory services - this is where the savings should come from.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20388	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Stop spending money on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20389	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Cut spending on non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20390	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Redesign (don't remove) - 5i	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20391	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Stop spending on unnecessary non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20392	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	5i reasonable charge should be made and avoid fly tipping.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20393	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	non statutory services are just as valuable if not more so and if they didn't exist this would put even more pressure on schools social services and social workers. 5i cut half	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20394	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Following services to be cut: 5i	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20395	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	5i. YES REMOVE.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20396	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	West Lothian Council has a proven track record of delivering huge savings. Now the council is on it's knees as a result of lack of funding from central government for years - suggest services should be restricted to statutory only unless the financial settlement provided to the council is fair and reasonable to enable council to deliver the services needed.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20397	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	All non statutory services should be looked at to help streamline and make savings if possible, but completely stopping funding seems short sighted	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20398	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I agree with majority	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20399	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	where possible retain any involving vulnerable or young persons within the county but remove any that aren't shown to be working and can be replicated in other savings.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20400	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Fly tipping is bad enough without changing bulky uplifts.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20401	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Bulky uplift a joke. This definitely needs revamped.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20402	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I will not pay for 3 items to get a bed removed when I pay full rent council tax	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20403	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These need to be run better not cutting in services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20404	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	You already charge for bulky uplift	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20405	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Some not all should be cut. Agree with cutting all except 5i	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20406	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Getting rid of bulky uplift subsidies might result in fly tipping which will ultimately cost more	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20407	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Wow with the removal of all these West Lothian Council does not look like a place where I would like to stay in.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20408	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	None of these should be stopped! Every one of these includes life or death circumstances! They incorporate the health and wellbeing of the residents. You are suggesting cutting items that people need. It is items people assume is why we pay a council tax! Reducing gritting or roads and pavements more has the possibility of causing injury or death! No cost is too much for this. We need each other. We need companionship. We need groups and locations where people can sit and talk and learn and eradicate racism bigotry and counter the fake news and gossip spread by locking people in their homes relieving their news from social media. Again! Internal saving first before you cut externally	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20409	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	There are savings and efficiencies to be made but there is also a lot of value in the services being offered so there is nothing on the list that I would be in favour of scrapping entirely. For example the central services provided in Education Services are important for ensuring statutory compliance and quality of service, and the work that is carried out would not just go away, it would be passed to Headteachers and their staff who would not have capacity to do it.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20410	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I agree with most of these but they are not saving money, These services need to be continued.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20411	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Reduce the cost of an uplift for furniture etc, in the long run this has to reduce council costs as could reduce the cost of clean ups for all levels of waste being dumped by people who clearly dont know what else to do with it as probably cant get to recycling plant or afford the council uplifts. this is going on all over livingston. prevention is the answer to this	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20412	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	The bulky waste service budget should be increased and improved. This should reduce fly tipping and ensure materials are disposed off properly. The council has to pay for fly tipping clean up anyway.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20413	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	some non - statutory services are really important for our environment, including bulky uplift (stop fly - tipping)	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20414	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Increased spending on bulky waste removal. Make it easier for people to dispose of waste. The council spends a lot on clearing up fly tipped materials including paying council workers overtime to do so. Better communication on how people can dispose of waste. Cutting costs WILL encourage fly tipping.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20415	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Most of this spending improves the quality of life of West Lothian residents and any reduction should be done carefully.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20416	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Keep subsidising bulk uplifts because people can afford to pay the full amount	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20417	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Whilst I agree that non - statutory services should be reviewed, if they are to be reduced or removed completely, guidance should be given on whose responsibility it will be going forward. Working for a large RSL in West Lothian we are often the ones to pick up the pieces when other services stop, like WLC we don't have the funds for this. It needs to be clear on what is a residents responsibility. Removal of a bulky uplift service is likely to cause an increase in fly tipping in both public and private spaces. It should be clear that no action can be taken against landowner / RSLs where there is	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20418	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	5i - Wt already sees a high amount of fly - tipping being carried out. This would increase fly - tipping, and wind up costing the council more.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20419	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Do not cut waste management funding - this is already a huge and very visible issue particularly in lower earning demographic areas but do fine and enforce penalties for those people dumping waste.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20420	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I do think something needs to be done about bulky waste, as littering and fly tipping is such a huge problem	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20421	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	There are many savings which could be made here but a few which I think should be kept Eg ulky Uplifts - a substantial increase in cost would increase fly tipping, which is an eyesore and the council has to remove at some point.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20422	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	There is far too much in this section to be able to give a yes or no answer to the whole thing. I would not support reducing the budget for many of these - they may not be statutory but they are vital bulky waste uplifts (stopping this subsidy will lead to more fly tipping) such that costs in other areas would likely increase.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20423	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Some of the provisions set out could be cut. The provision of bulky uplifts should continue in light of the amount of fly tipping in the county.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20424	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Be careful selecting what to cut. There are numerous options here that can result in more cost spend somewhere else. bulky waste option will result in fly tipping.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20425	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Do not agree with all and this could have been split up with space to comment on each. eg 5i doing away with this sounds good but might result in more fly - tipping thereby increasing costs	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20426	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	There are some obvious easier savings amongst this comprehensive list however the council must consider unseen costs eg increased fly tipping when bulk uplift prices increase etc.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20427	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	bulky uplifts? We have a problem with fly tipping as it is	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20428	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	The following points is where I agree savings can be made in this section: 5b, 5c, 5f, 5g, 5l. I strongly disagree that cuts should be made to all other points in particular point 5o. The Advice Shop offers an invaluable service to the residents of WL. If cuts were made to Advice Shop then this would have a detrimental impact on WL in particular the most vulnerable who seek support this includes older people, those with a cancer diagnosis & long term conditions. In 2024 / 25 the Advice Shop received 3500 referrals into service including 410 customers from carers of WL generating £1. 2m in extra income for them. Last year the Advice Shop prevented 175 evictions through advice & assistance from their court advice project. The total cost of evicting a single person can be around £24k, this is a substantial saving to the council. Last year the Advice Shop supported 1732 customers from a child poverty priority group - this includes lone parents & families with a disabled adult or child.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20429	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	5i) keep otherwise flytipping increases	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20430	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	some non - statutory services are really important for our environment, including bulky uplift (stop fly - tipping)	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20431	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	.Bulky Uplifts - a substantial increase in cost would increase fly tipping, which is an eyesore and the council has to remove at some point.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20432	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	don't reduce service levels such as refuse collection	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20433	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I 'd be keen for a reduction in the cost of bulky uplifts as the current system encourages fly tipping. I heard recently that a clean up in my area, Murieston, cost over £60000.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20434	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Fly tipping would increase further without subsidised bulky uplifts, which long term incurs higher costs.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20435	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Do not remove truly important local facilities to tax payers such as waste removal services, Things which make life better for those who pay tax must be protected as that is what we are funding towards our community.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20436	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	5i. Removing this will lead to further fly tipping.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20437	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Withdrawal of subsidised bulky waste collection service could worsen the situation of fly - tipping.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20438	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	5i - it would cause more illegal dumping.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20439	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	i) no it would make matters worse	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20440	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Losing a subsidised bulky uplift service would lead to more people fly tipping and would place the council under a lot more financial cost for clean up etc	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20441	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Environment is important, so bulky uplifts should remain.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20442	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	No to: 5i	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20443	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Although I do think spending should be checked I feel that the following important 5i.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20444	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Keep: 5i.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20445	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	5i. Making this more expensive will lead to further fly tipping.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

20446	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These areas have already had massive cuts	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20447	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	The non statutory areas are necessary	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20448	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	the rest of these are viable and have to stay	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20449	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Everything else can stay.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20450	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	That 's why we pay the council. There will be little support for any of you if you continue fown this route. You are hitting out at the most vulnerable in our society. Shame on you.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20451	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	No cuts to non - statutory services these are life enhancing and have suffered many reductions in funding	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20452	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These are so important for communities and morale. Please don 't take these away.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20453	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Would question what exactly we are paying our council tax for?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20454	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	The time you do that we would have nothing	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20455	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Stop cutting back on things the public actually accesses. Also I think meetings should be shown to the public and allow the public to vote on what you are proposing. As suggested in the first one, look on the inside before you start cutting people use! If this is what WL is planning in doing you will find alot of people move away or chose not to live in this area. Ridiculous	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20456	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Look at ways to keep the services but reducing the times.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20457	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	No there are too many things on this list that are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20458	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Going to ruin communities	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20459	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	The waste management is already low enough. For me personally I am housed somewhere by the council where the kitchen is so very small that only one person can be in it at the same time. You need to be very careful that if you reduce services that you do not offend by reducing something that is going to fail to the council to clear up under some other regulation.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20460	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Cutting is not the answer, efficiency is the answer.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20461	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	we need all of these services to continue	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20462	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These are essential services to our communities Not seeing a. Reduction in council salaries	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20463	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	While some statutory services could be reduced, most of them are very important, and their recipients often belong to vulnerable groups. Significant cuts to these services will cause significant problems which could require solutions more costly than the current cost of statutory services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20464	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I think funding for these should be kept to improve communities and support families within the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20465	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	This impacts people and community, and theh are struggling just like you are. Don't penalise us further.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20466	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	No I don 't agree.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20467	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	They may not be statutory but they all look essential to me	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20468	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	you want to create communities not just statutory funded functions for the residents of West Lothian. It's not enough just to exist, you want to create communities worth living in.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20469	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I think these services are important to the people who benefit for them.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20470	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	You have already cut back so much so no!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20471	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	There is no room left to cut services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20472	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These services all have far reaching benefits for the community.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20473	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Remove more services but council tax payers get hit in the pocket? Joke.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20474	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Please no further cuts. Its not viable.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20475	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Every one of these services should be statutory. Removal or reduction of any of these, and so may more is abhorrent.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20476	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Why should they lose out	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20477	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	It must always be considered how some of the 'non 'statutory services provide much more than they cost in real terms!... as far as the health, wellbeing and future development of young people these services are imperative!... although the long term future of the average officer / councillor is finite... the future of West Lothian is a legacy that we, NOW, can futureproof!... a short sighted view of long established services will only harm our already poor reputation as we cannot provide the service we aspire to.... Please examine the long term future and savings / income / grants etc	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20478	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	All vital services needed to support people to live their best lives. The council needs to support people and not keep removing things. WL has very limited opportunities without cutting anymore. Look at more efficient ways. Actually engage with service users for each service as they would have the ideas you seek!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20479	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	stop taking everything away from us you get enough tax money from us so stop digging up the same road over and over again wasting precious money	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20480	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Bulky waste collections should be free for all households. Recycling centres should be open for access all hours instead of appointments as it doesn't suit the needs. Everytime I have visited - they haven't checked the booking anyway.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20481	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Reducing all these listed will reduce the appeal of West Lothian. These services should be improved.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20482	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Reducing these costs would affect our communities and destroy family life.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20483	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Some of these services are essential for the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20484	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These services are vital	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20485	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Absolutely not! Leave as is.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20486	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Non - Statutory services are vital to the community and removing them would be seriously detrimental. Perhaps looking at streamlining services so related information is available in one place & cutting out several layers of management.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20487	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	The majority of these are essential to the well being of everyone but agree non west lothian residents should not be subsidised for child care spaces	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20488	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These are vital services and should not be touched.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20489	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	The majority of these are what I would consider good council services and should be retained.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20490	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Do not reduce spending on any of these	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20491	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Councils should not reduce this. They need to increase joint up working	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20492	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Although these services are not required by law, they are essential for community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20493	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Although these services are not required by law, they are essential for community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20494	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	No, these services are needed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20495	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These services are important for the people of WLC and the community. Stripping these would make the area less attractive to stay in. I would rather pay more Council Tax. Why haven't the older houses been re - evaluated, I don't pay enough Council Tax in my opinion as I live in an old house. This simple exercise would rather millions rendering most of these cuts unnecessary.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20496	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Absolutely outrageous the propositions. Except the upkeep of golf courses (where rich people can fund and play) I don't agree with any of the cuts. Kids needs music, education programs, health and safety support. Already they have very little things to do and most are disrespectful, idle having no courses to engage or develop their skills. Community projects are a must.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20497	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	No as these are vital. I know you call them non statutory however adult youth and community services are vital. Statutory services rely on the no stats. As they cant cope. Bad. This is a recipe for disaster. Stop these cuts now! Let 's kids play let youth get support. Let LGBT community get support from the service.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20498	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	If the council wants to just be a provider of last resort then go ahead and stop all non statutory functions. But I strongly suspect that this is not what people in West Lothian want and they will make their feelings known through the ballot box given the chance. Scotland is not a third world country (yet) and the services provided by local authorities need to be seen for more than just their monetary value. Local authorities should be funded to enrich the lives of the people they serve and the problem is clearly that they are not.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20499	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	You should be utterly ashamed at removing some of these services. You have a duty as a council to help the community. None of this will matter, you'll still increase costs and reduce services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20500	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	reads like a dereliction of duty here.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20501	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Protect all the stated services here. Has anyone projected the disaster this can and will cause if this goes ahead.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20502	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	No, you are cutting to the bone not to the benefit of the people of West Lothian.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20503	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	There seems to be a view that these are all 'nice to have' but not essential. I would strongly disagree. Once again it 's a case of not seeing the true value of these things and just reducing it all to pounds and pennies. Just because a service is non statutory shouldn 't diminish it 's importance and make it fair game for getting cut. There are an awful lot of good people doing great things for the people of West Lothian and they certainly don 't deserve to be treated as second class employees and jettisoned as a knee jerk reaction every time there is a need to find savings. It does very little for itself and for the people it serves. I don't necessarily think that non - statutory spending should be reduced although I do think that all spending should be considered. Many of the non - statutory items are very important to people and communities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20504	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I don't necessarily think that non - statutory spending should be reduced although I do think that all spending should be considered. Many of the non - statutory items are very important to people and communities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20505	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Difficult one, but these are the things that bind our society together. The importance of these things can be so much more beneficial than any monetary value can say.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20506	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	The problem with reducing non statutory spending is it may make a short term saving the long term cost, which will have to be paid for by the council although may not be a direct cost	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20507	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	No. These are important and make West Lothian an excellent place to live	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20508	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I cannot agree with reducing spending on non - statutory services. It is an easy financial win; however, the long - term consequences of reducing or removing some of these services are huge	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20509	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Dumbfounded someone actually costed losing these facilities. Disgusting proposals.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20510	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These services add quality to life in West Lothian. Please do not cut further.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20511	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	services to the community should not be cut..	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20512	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	No we need these it 's important there 's hardly anything out there Go tax the big wigs with money more instead of coming after the poor!!!!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20513	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	While reducing or cutting non - statutory services may appear to be an easy cost - saving measure on paper, it ignores the long - term social and financial impact these services have on our communities. Non - statutory does not mean non - essential. Many of these services — such as youth work, community centres, early intervention programmes, libraries, and mental health support — are vital in preventing more expensive statutory interventions down the line. Removing these supports would not only erode the quality of life in West Lothian but also drive increased demand in areas like social work, education support, and emergency services. In short, these are investments, not luxuries. Sustainable financial strategy means looking beyond short - term savings and recognising the true value these services provide to residents — particularly the most vulnerable.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20514	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	No I disagree and feel very strongly that the Council needs to plan ahead and shape services around the changing population, but I feel that these services are absolutely crucial to supporting our local economy and community. It's not fair to expect local services to keep doing more with less, especially when the number of older people needing care and support is rising so quickly. Any changes should be made carefully and only after proper consultation with the people who actually use these services. Cutting too much now would harm our communities in the long run. I am really disappointed and frustrated by the amount of cost - cutting and money - saving measures being proposed. Local people and serv	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20515	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	A lot of non statutory services are required and relied upon by us as public members whether you see it as non statutory or not, it is in the eyes of the public	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20516	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Lack of non statutory services just puts pressure on statutory services and is therefore an inefficient response.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20517	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These services are vital and a life line for many people - if you remove them they will require formal services and these will cost more	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20518	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These would be detrimental.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20519	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Totally disagree with this	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20520	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	So if the council will give up all those services who then will deliver them as there is not many in West Lothian free services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20521	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These services are what hold our communities together and I would vehemently be against their removal. How about making savings from those who do not contribute to our communities, as opposed to those who do?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20522	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Most of the services provided appear to be important and with the exception of one or two would seem to be what's needed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20523	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Again, too much lost already	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20524	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Many of these services are essential	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20525	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	most of the non statutory services are beneficial for community as there is not any alternatives for access them apart via the council.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20526	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Although these are non - statutory services they make an important contribution to life in West Lothian and how West Lothian Council Works. The knock on effect of removing these services is far larger than is implied by the accompanying statements. In addition there are no alternative services for to fill the gaps created by their removal.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20527	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	these are important - keep them and make decisions on the big stuff where big savings can be made	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20528	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	This is the vital unseen part of what's needed in communities - this needs continual funding, especially on local infrastructure	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20529	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Charging for bulky waste uplift has already increased fly tipping. It is an essential service that prevents costs involved in clearing fly tipping.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20530	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Too many depend on these non statutory services and alienating tourists mean income moves elsewhere	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20531	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	They may be non statutory but seem very important and if removed would significantly impact on communities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20532	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These cuts will impact on the community hugely	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20533	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Nope, they should be put money into the services making the services more stable not taking the money away from it all	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20534	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I do not. This is all very important to the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20535	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Too many cuts already	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20536	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Most of these non - stat services are services council tax payers expect to see. To remove them would be nothing short of a joke.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20537	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Feel this could be better managed but don't believe reducing / removing these services is a good idea	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20538	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I don't think any of this should be reduced.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20539	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	A lot of people rely on these services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20540	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Often the non statutory aspects are the buffer for those on low incomes and loss of these supports affects the physical and mental well being of the clients. Large employers should be encouraged to support more community based projects.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20541	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Cutting off from other sources not from these essential services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20542	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	With the exception of bunting, Christmas lights and golf courses, these are all essential services. Surely the Council would not remove itself from COSLA?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20543	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Not on all of them and with the bulk wasted lift you have to pay for that anyway	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20544	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	No I do not agree, these services are important to communities	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20545	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Local communities have a right to a safe and healthy environment. Grass cutting, refuse collections and opportunities for young people such as leisure and musical tuition is vital to some young people to improve their life chances.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20546	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Absolutely not these services are vital for West Lothian	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20547	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	non statutory services cannot be cut. these services are essential to early intervention and prevention for chronic issues e. g. violence against women and girls and mental health services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20548	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Some services can be removed or capped. But since you have placed them all on one category. Without being able to vote for specific ones, my answer is no	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20549	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	All of these seem vital to the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20550	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These services are critical to West Lothian, and some of these services helps people meet other people and also assist with these day activities. West Lothian council needs to make sure they are not making people who use these services from being affected by physical and emotional stress of not having these services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20551	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	No - absolutely do not agree. And I have already gave a brief run down of why I think this and also what my idea to improve things would consist of. To take funding away from these would be abhorrent to the people who make use of them	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20552	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I would never pay for collections or bins or bulky waste you have already taken away the freedom of going frequently to tips without booking. The staff don't check details and they wave you in.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20553	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Again, people rely on these services! Fly tipping is getting worse,	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20554	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	There should also be a clearer focus on local reinvestment to ensure communities benefit from any income raised. Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20555	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	No to Charges for bulk uplifts and other additional payments for waist. This will cause more issues off fly tipping, increasing rodents (you just need to watch BBC Scotland to see all the reports of Rats in Glasgow).	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20556	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	By increasing charges people on low incomes who are struggling just to get by can be majorly affected by this procedure eg raising money by charging to have old furniture etc taken away only causes fly tipping	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20557	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	To make uplifts affordable to save staff needing to go out and pick up rubbish that has been fly tipped.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20558	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Bulky waste - if not properly supported then there will be fly tipping which will cost the Council more	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20559	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These are the services that mostly support the most vulnerable in our community. everything is impotant to the functioning of our society.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20560	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	think these are all services that are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20561	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These are all important funding	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20562	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	5i as a young person with a house but no car or access to one i can't take stuff to the tip. so i need this service.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20563	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	all these things are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20564	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Keep the subsidised waste uplift, otherwise, it will cost more to clear the fly tipping. Much of the proposed is false economy, and will cost more in the long run.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20565	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	These services should be kept in place	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20566	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	it would be short sighted not to clear pavement leading to more injuries for residents of West Lothian. Removing bulk uplifts would lead to more fly tipping across the area.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20567	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	5i Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses. (£740, 000) with luck of support available via UC at DWP those services are very valuable for community, they providing excellent support in regards of job searching and increasing better perspective for more paid employment	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20568	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
20569	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20570	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	5i - no comment	Environment and Sustainability	3. The respondent advised that they had no comment to make.
20571	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	no	Environment and Sustainability	3. The respondent advised that they had no comment to make.
20572	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	The council should only spend what it can afford to spend. If it can afford to spend on non statutory then it should but it should be well thought out and if you can't do it all maybe you do it on rotation for every year	Environment and Sustainability	4. The council is already doing this.
20573	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	5i) Increase cost for bulky uplift if more than 5 items.	Environment and Sustainability	4. The council is already doing this.
20574	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Don't have separate collections for paper. The effort is not worth it. Burn the waste to generate electricity. A lot of cities do this it's a win win all day. Half of all trash collected for recycling is then buried.	Environment and Sustainability	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
20575	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes, but bulky uplifts fee should be set at £20 or below, as a litter picker I am horrified at the amount of bulky rubbish that is dumped everywhere.	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
20576	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Reduce the cost of bulky waste uplift to a more affordable price would stop flytipping.	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
20577	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Adding free / more free bulky uplifts to residents to avoid fly tipping and the cost of workers having to recover and dispose of in the correct way	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
20578	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Stop charging for bulky uplifts just households a free one yearly will stop some fly tipping.	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
20579	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Bring back 1 or 2 bulky uplifts, and increase numbers off appointments per day in recycling centres this will decrease the increased flytipping. Which are then costing West Lothian council to uplift free anyway	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
20580	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	And bring back at least 1 free uplift for bulky items. Have inspector 's going around housing estates and take not of all the rubbish lying around or ask for	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
20581	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Providing a subsidised bulky waste collection service. (£240, 000 Charge £10 for this to the people requesting uplift	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
20582	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Reconstituting one free uplift per year per household could reduce fulfilling and the need for crews to clear it.	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
20583	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	5i reduce the cost of bulky uplift to encourage more use. Charge for each call out.	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
20584	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Remove the booking system for recycling centres (save money on hosting / storage)	Environment and Sustainability	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
20585	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Also stop the recycling centres booking in people for their rubbish as this is creating fly tipping even more as they cant keep the stuff at home for 2 weeks before they can get a slot to take it.	Environment and Sustainability	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
20586	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	If the appointment system on the CRC reverts back to just turning up I think it will stop most of the fly tipping, which has massively increased since the introduction of the appointment system. Obviously it doesn't have to be open every day but the complaints about the appointments are still coming in	Environment and Sustainability	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
20587	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Loosen restrictions on council waste facilities, booking system has led to increase in fly tipping	Environment and Sustainability	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
20588	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	The introduction of a booking system at the tip was very stupid and I'm certain is the cause for visibly increased flytipping, but you've also now got to employ someone just to stand there with a clipboard all day and check numberplates which seems like a waste of money.	Environment and Sustainability	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
20589	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	When the recycling centres are open it would make more sense to just have the facility open and not have to book a slot. This should reduce fly tipping and the costs associated with cleaning it up	Environment and Sustainability	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
20590	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Bulky uplift cost could be proportional to council tax band.	Environment and Sustainability	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20591	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Bulky uplifts are a necessity, but could these be scheduled more tightly - i. e. wait until there 's enough demand in a specific area, to reduce the amount of driving required. Of, for example, restricting them to the first week of the month.	Environment and Sustainability	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
20592	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Remove the appt system at recycling facilities. This discourages recycling and encourages fly tipping.	Environment and Sustainability	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
20593	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Reopen recycling centres without the need to book a slot. This will reduce fly tipping	Environment and Sustainability	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
20594	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Another way to reduce costs is to remove the booking system for using the recycling centres. It is very restrictive in terms of availability and strict that you can only do one drop off per time slot. I think this leads to increase in fly tipping. As a result, this incurs high costs to West Lothian Council.	Environment and Sustainability	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
20595	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Reduce fly tipping costs by removing obsolete appointment systems. Expand opening times	Environment and Sustainability	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
20596	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Bulky uplifts should still happen but still charge residents don't make any free and they could pay them up. Make it cheap and people will use it.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
20597	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Allow collection of bulky uplifts of more items - fix the form. This will avoid fly tipping, untidy gardens and bring in money.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
20598	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I think council taking away free up lift was wrong as it was obvious people would fly tip. So it's costing YOU MONEY TO REMOVE IT. AS its causes diseases and makes Broxburn a TIP.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20599	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Yes they should, but not across all of the services listed, some of them are essential	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20600	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	A lot of these services are already being or have been cut back. Not all should be cut back.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20601	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	See what non - statutory services are not being used fully in all areas and maybe end them and move the money elsewhere.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20602	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	I thought these services were already paid for through council tax!	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20603	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	This needs looked at carefully and prioritised many of the things listed could be cut but others should be kept a degree of common sense needed	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20604	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Some of the areas highlighted are critical for the residents of west lothian and further investigation would be required	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20605	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	You could definitely reduce some of these but focus should be on things that wouldn't result in a loss of service and support for vulnerable people. So no cuts to community services for vulnerable groups but maybe spend less where there isnt a direct loss of service.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20606	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Cuts and more cuts. Some yes but the majority no. These are much needed services	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20607	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Non - statutory services need careful evaluation before cuts to ensure critical support is not lost.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20608	Theme 5- Reducing Spending on Non-Statutory Services	5i - Providing a subsidised bulky waste collection service.	Some of them should be prioritised above others	Environment and Sustainability	9. The respondent made a comment on the survey question
20609	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	With exception of youth social activity funding everything else should be cut	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20610	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	5j remove	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20611	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I believe there are services on the list that should be prioritised for savings. Also 5j - should we be provided by a subsidised service if we have such high savings to make.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

20612	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I agree with this in principle however it is essential council continues to support important and vital community organisations & activities.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20613	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Some massive savings to be had here and these are some of the areas you need to look at in great detail.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20614	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Times are tough. Time to tighten the belt and maybe when you arnt crippled by debt you can look at these items again to reintroduce them.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20615	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Within reason	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20616	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20617	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Although this is a difficult decision it is required to balance the books based on the funding allocation.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20618	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	These need to be run better not cutting in services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20619	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Look at ways to reduce costs in each area but do not cut any of the serviced entirely	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20620	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes but leave the schools alone.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20621	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	A lot of the rest seems like wasted money really.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20622	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Some not all should be cut. Agree with cutting all except 5d, f, i, K, L, WX.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20623	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes, there should be a common sense approach but not to the detriment of the majority. There will be corner cases that need reviewed separately HOWEVER all waste should be eradicated.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20624	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	We have never been in a worse state, stop funding the nice to do and fund the must do	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20625	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes. They should be providing a statutory service of maintaining roads, refuse collections and recycling etc. But anything out with statutory needs to go	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20626	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Absolutely, maintain and improve core services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20627	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes but not everything at once. Please be mindful about our safety and wellbeing	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20628	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I agree to reduce this spending but not at the expense of safety (i. e gitting of roads etc) also people's mental well being needs to be at the forefront, especially as these times are hard financially on all of us.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20629	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Some of this is just crazy. Major cuts needed	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20630	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	All other extras reduce or eliminate.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20631	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes but we can also reduce spending on statutory services. We still provide the service but to a lesser extent	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20632	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	If it's not legally required to be provided then why would the council pay for it. You need to start thinking with private sector mindset if you have such a dire financial shortfall.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

20633	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes stop spending on all non statutory areas	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20634	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I think all these proposals make sense	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20635	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	All the non statutory spending should be cut to a bare minimum.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20636	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I agree with most of these.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20637	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Sadly, I do agree	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20638	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Any none essentials should be reduced.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20639	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Completely agree, some of the charges are a complete waste of money and unnecessary! Public should pay for some of these themselves and gala bunting and Christmas lighting is completely unnecessary. That money could be used on cleaning the streets instead of improving cycling paths etc. Over £700k a year for lollipop man is also excessive and providing school transportation over £1m shouldn't be the councils money to spend. It should definitely be paid by the people requiring those services or case by case basis and when absolutely necessary!)	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20640	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I agree with the exception of the following items: e, f, h, k, m, n, p, q, r, v, x and z	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20641	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	All of the above	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20642	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yeah absolutely these are all things that could be readjusted.... by either minimising staff in certain areas and charging for certain services such as the music group and waste disposal.... if you are providing a service you can charge a fee to make a profit rather than just blowing it out the window.... if certain positions are overstaffed and could be done with less cut down.... if one person could update headteachers via video link instead of hiring out a whole team and building etc change things up a bit have people work from home or freelance in one area on the side of a main job if there's not much to be done in certain areas instead of hiring a whole lot of people.... if you focus on shaking things up a little, bringing in money where you can and streamlining some of the bigger things like schools and public transport etc I don't see why you couldn't make significant changes in the budget and the way things are run	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20643	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Unfortunately only essential services should be supported	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20644	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Remove all services which are not mandatory	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20645	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Agree with almost all proposal - however disagree strongly in 5C / 5H our children should not suffer in budget cuts. Schools and support for schools particularly our children with additional needs should be the councils biggest priority. We value the service's provided but further rationalisation is required across all the other non - statutory services to ensure we protect the children of West Lothian's future.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20646	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes but it's mostly peanuts.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20647	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I agree, but... I can see west Lothian turning into a dump if they get rid off all those services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20648	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	With the exception of 5m, 5n, 5p and 5x which I think should remain, I believe all the other suggested savings should be made	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20649	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Reduce non - statutory spending as much as possible.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20650	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	stop funding to anything that is not for the most vulnerable people that reside in west Lothian	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20651	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Economic Dev - nice in theory. In reality they are just paying staff to do very little. Let's be blunt, councils can do very little to create jobs other than hand out money that is given to us from others. Why do we need so many staff to do that?	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20652	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Protect statutory services and stop delivering non statutory	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

20653	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes, however, it will have an impact on communities and in some circumstances may lead to additional costs to the Council	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20654	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	5j, this could be stopped, if they are already receiving funding, why are we matching this?	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20655	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes but perhaps increasing planning fees would assist this gap?	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20656	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	where possible retain any involving vulnerable or young persons within the county but remove any that aren't shown to be working and can be replicated in other savings.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20657	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I agree with all of these proposals	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20658	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Only if necessary.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20659	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Absolutely agree	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20660	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	The council should only spend what it can afford to spend. If it can afford to spend on non statutory then it should but it should be well thought out and if you can't do it all maybe you do it on rotation for every year	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20661	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20662	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	You could balance the books by stopping providing services that are not required by law - make savings in all these areas.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20663	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	cut 5j Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses. (£740, 000) -	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20664	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Make major savings from all non - statutory services in order to concentrate on statutory	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20665	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	5j - Cut - look into solar panels / grid payback	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20666	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20667	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes I agree.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20668	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	To save money	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20669	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes they should, but not across all of the services listed, some of them are essential	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20670	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20671	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	There is definitely a need to reduce spending on non statutory services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20672	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	But only where there is no detrimental effect	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20673	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I would remove all but essential spend.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

20674	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I agree this has to happen because there is realistically no other option with such a significant budget gap. However, there needs to be careful consideration about the pressure that these reductions in spending will place on Statutory services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20675	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Stop altogether.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20676	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Fine	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20677	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes reduce services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20678	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	All the suggestions on the previous page have merit	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20679	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	this is an obvious area to look at, however some of the items listed would be a great loss and this needs careful consideration.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20680	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Agree that Council should look at range of non - statutory services being provided but acknowledging that many add significant economic, social, community and environmental value and benefits to West Lothian residents and communities - which without these services would potentially have an adverse impact on these very communities.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20681	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes, reduce spending here. I think it is still important to offer some support for less fortunate and possible at risk children during school holidays and offering days where a professional will see them in order to monitor safety	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20682	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Review these and make savings / better planning for services on offer and who uses which facilities	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20683	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I agree with all of these ways of saving money, I know people who get a council house then lets someone else live in it, most common people who are in drug related I understand the need to save money, s for the council homes that are not used for people's drug related acts this has to include looking at the fraud side this has been going on for a long time.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20684	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	To a certain extent but I would need very careful scrutiny and thought which might outweigh the benefits	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20685	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Cut matched funding for businesses completely. These only appear to go to companies with plenty of resources anyway and small businesses see nothing.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20686	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Most of this seems reasonable but you could save money by encouraging community engagement with these ideas. People will lend their time to improving the world around them if you let them. Encourage people to get involved with these and help communities start to engage with themselves. Otherwise what's the point?	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20687	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes, I agree that the Council should reduce spending on non - statutory services, especially in the current financial climate. Given the size of the budget gap facing West Lothian Council, it is essential to prioritise funding for statutory services that the council is legally obliged to provide, such as education, social care, and waste collection. Non - statutory services, while valuable, are discretionary and may need to be scaled back or redesigned to ensure the council can continue to deliver its core responsibilities effectively. This does not necessarily mean removing these services altogether, but rather reviewing them to identify efficiencies, reduce duplication, or explore alternative delivery models such as working in partnership with communities or voluntary groups. It's about making difficult but necessary choices to protect vital frontline services and maintain financial sustainability over the long term.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20688	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	All of these are ancillary and should be eliminated. People who care about such things can demonstrate such by paying for them	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20689	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I have insufficient knowledge of the details of non - statutory services provision to provide further suggestions. However, in the current economic position, the cessation of many of those activities listed previously is a no - brainer. I'm surprised they have not been stopped before. 5g is the most alarming item to me.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20690	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	This is the easiest option and shows that the extras that need to be saved	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20691	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I agree. Money is being overspent.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20692	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Too much money is being wasted on these services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

20693	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Only provide essential services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20694	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Funding should be reduced for non statutory services unfortunately needs must.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20695	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Almost all of the above should be reviewed to assess the impact of this spend has on achieving councils core priorities and to see if it duplicates / competes with third sector or other stakeholder provision. Could some of this provision be delivered as well / better by other agencies e. g. NHS, college, charities or the business community. Is the provision needed in an AI world where people can access a wealth of information in other ways?	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20696	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	scrap the others completely	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20697	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Keep: 5j.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20698	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Reduce spending in all non statutory services before cutting statutory services. Parliament has decided which services are statutory, and funds councils to provide them. Don't risk the effectiveness of statutory services by throwing this money away where its not required. Stop some spending completely i. e anti - poverty, regeneration, non - statutory school busses.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20699	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Cancel: 5j.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20700	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes agree	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20701	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	anything non statutory should be stopped immediately - we are not in a time where we have the luxury of extras.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20702	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20703	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	All items in 5 should be executed on as there is significant cost saves to be achieved in non statutory services. However as it's around 10 % of total spend efficiencies in statutory services is an absolute priority.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20704	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Everything should be looked at any surplus cash accounted for and not spent because its there	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20705	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	During current climate these are not required	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20706	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Stop spending on all non - statutory services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20707	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Do all of the above if they budget cannot be met, by the steps previously noted.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20708	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Reduce spending on non - statutory services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20709	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	The provision of statutory services must be reviewed and where not appropriate action should be taken to object.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20710	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Make up the rest by cutting non - statutory services to protect core services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20711	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Review all services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20712	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	The lost published of non essential spending seems to include a lot of things that dont seem necessary and could be withdrawn.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20713	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I agree with some of these provisions, 5j. In the main I agree with these but require more detail in terms of it potentially impacting on the vulnerable in our communities. An Equality impact assessment is paramount before any these can be taken forward.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

YES REMOVE	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20767	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	West Lothian Council has a proven track record of delivering huge savings. Now the council is on it's knees as a result of lack of funding from central government for years - suggest services should be restricted to statutory only unless the financial settlement provided to the council is fair and reasonable to enable council to deliver the services needed.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20768	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	All non statutory services should be looked at to help streamline and make savings if possible, but completely stopping funding seems short sighted	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20769	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I agree with majority	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
20770	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	. Also, support for areas of poverty through the ant - poverty service , should not be targeted.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20771	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	keep things like supporting local businesses, help people find jobs	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20772	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Wow with the removal of all these West Lothian Council does not look like a place where I would like to stay in.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20773	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	offer better ways to get into careers through yourself or not. Use public interest in services as a marketing approach to where demand is and that will empower communities and deliver funding for other areas of buiness.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20774	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	None of these should be stopped! Every one of these includes life or death circumstances! They incorporate the health and wellbeing of the residents. You are suggesting cutting items that people need. It is items people assume is why we pay a council tax! Reducing gritting or roads and pavements more has the possibility of causing injury or death! No cost is too much for this. We need each other. We need companionship. We need groups and ications where people can sit and talk and learn and eradicate racism bigotry and counter the fake news and gossip spread by locking people in their homes and preventing them from socialising. Social isolation can be a huge health and wellbeing issue.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20775	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	There are savings and efficiencies to be made but there is also a lot of value in the services being offered so there is nothing on the list that I would be in favour of scrapping entirely. For example the central services provided in Education Services are important for ensuring statutory compliance and quality of service, and the work that is carried out would not just go away, it would be passed to Headteachers and their staff who would not have capacity to do it.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20776	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I agree with most of these but they are not saving money, These services need to be continued.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

20777	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Non - statutory services that bring real value—like employability,actually save money long term by preventing poverty, crime, and social isolation.These must be protected	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20778	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Most of this spending improves the quality of life of West Lothian residents and any reduction should be done carefully.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20779	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Keep providing funding to support employers to employ people	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20780	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	A lot of these services are already being or have been cut back. Not all should be cut back.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20781	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I don't think all the examples given should be cut. Those reducing inequality should be maintained.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20782	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Business match finding is this required	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20783	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	The following points is where I agree savings can be made in this section: 5b, 5c, 5f, 5g, 5i. I strongly disagree that cuts should be made to all other points in particular point 5o. The Advice Shop offers an invaluable service to the residents of WL. If cuts were made to Advice Shop then this would have a detrimental impact on WL in particular the most vulnerable who seek support this includes older people, those with a cancer diagnosis & long term conditions. In 2024 / 25 the Advice Shop received 3500 referrals into service including 410 customers from carers of WL generating £1. 2m in extra income for them. Last year the Advice Shop prevented 175 evictions through advice & assistance from their court advice project. The total cost of evicting a single person can be around £24k, this is a substantial saving to the council. Last year the Advice Shop supported 1732 customers from a child poverty priority group - this includes lone parents & families with a disabled adult or child.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20784	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	5j) keep for vulnerable people	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20785	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Agree that Council should look at range of non - statutory services being provided but acknowledging that many add significant economic, social, community and environmental value and benefits to West Lothian residents and communities - which without these services would potentially have an adverse impact on these very communities. It should also be strongly recognised that many non - statutory services being provided by dedicated Council officers (such as Employability, Business Support, and some aspects of local regeneration) are done so without use of core Council funding (e. g. externally funded sources).	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20786	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	You need to look at stats to see which services are being used most and then keep them. I know access to employment is used a lot, so you should not get rid of this. I have used them.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20787	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	There is a very wide range of non statutory services listed here with greatly differing importance. 5j seems particularly important to retain to the farthest extent possible	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20788	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	5j - if it is anticipated that a subsidised service will increase the uptake and reduce fly tipping costs.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20789	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	disagree with 5j	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20790	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	j) keep	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20791	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	No to 5j - unless it helps the communities & provides jobs	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20792	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Do not cur support for employability and businesses - this service is very important for people looking for work.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20793	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I am especially concerned about suggestions of the following: • reduction / removal to support for employability, local businesses, and to the third sector and community groups	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20794	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	No to 5j,	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20795	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Keep 5j,	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

20796	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Consider all of these to be important. We would support efficiency savings if that can be achieved but this should not come at the cost of reduction of quality of service.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20797	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	support services helping people get into work.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20798	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	The non statutory areas are necessary	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20799	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	the rest of these are viable and have to stay	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20800	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Everything else can stay.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20801	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	That's why we pay the council. There will be little support for any of you if you continue down this route. You are hitting out at the most vulnerable in our society. Shame on you.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20802	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	No cuts to non - statutory services these are life enhancing and have suffered many reductions in funding	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20803	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	These are so important for communities and morale. Please don't take these away.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20804	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Would question what exactly we are paying our council tax for?	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20805	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	The time you do that we would have nothing	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20806	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Stop cutting back on things the public actually accesses. Also I think meetings should be shown to the public and allow the public to vote on what you are proposing. As suggested in the first one, look on the inside before you start cutting people use! If this is what WL is planning in doing you will find alot of people move away or chose not to live in this area. Ridiculous	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20807	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Look at ways to keep the services but reducing the times.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20808	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	No there are too many things on this list that are needed	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20809	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Going to ruin communities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20810	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Cutting is not the answer, efficiency is the answer.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20811	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	we need all of these services to continue	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20812	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	These are essential services to our communities Not seeing a. Reduction in council salaries	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20813	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	While some statutory services could be reduced, most of them are very important, and their recipients often belong to vulnerable groups. Significant cuts to these services will cause significant problems which could require solutions more costly than the current cost of statutory services.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20814	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I think funding for these should be kept to improve communities and support families within the community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20815	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	This impacts people and community, and they are struggling just like you are. Don't penalise us further.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20816	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	No I don't agree.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

20817	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	They may not be statutory but they all look essential to me	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20818	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	you want to create communities not just statutory funded functions for the residents of West Lothian. It's not enough just to exist, you want to create communities worth living in.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20819	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I think these services are important to the people who benefit for them.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20820	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	You have already cut back so much so no!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20821	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	There is no room left to cut services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20822	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	These services all have far reaching benefits for the community.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20823	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Remove more services but council tax payers get hit in the pocket? Joke.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20824	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Please no further cuts. Its not viable.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20825	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Every one of these services should be statutory. Removal or reduction of any of these, and so may more is abhorrent.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20826	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Why should they lose out	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20827	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	It must always be considered how some of the 'non 'statutory services provide much more than they cost in real terms!... as far as the health, wellbeing and future development of young people these services are imperative!... although the long term future of the average officer / councillor is finite... the future of West Lothian is a legacy that we, NOW, can futureproof!... a short sighted view of long established services will only harm our already poor reputation as we cannot provide the service we aspire to.... Please examine the long term future and savings / income / grants etc generated from some of these service areas	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20828	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	All vital services needed to support people to live their best lives. The council needs to support people and not keep removing things. WL has very limited opportunities without cutting anymore. Look at more efficient ways. Actually engage with service users for each service as they would have the ideas you seek!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20829	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	stop taking everything away from us you get enough tax money from us so stop digging up the same road over and over again wasting precious money	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20830	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Reducing all these listed will reduce the appeal of West Lothian. These services should be improved.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20831	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Reducing these costs would affect our communities and destroy family life.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20832	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Some of these services are essential for the community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20833	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	These services are vital	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20834	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Absolutely not! Leave as is.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20835	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Non - Statutory services are vital to the community and removing them would be seriously detrimental. Perhaps looking at streamlining services so related information is available in one place & cutting out several layers of management.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20836	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	The majority of these are essential to the well being of everyone but agree non west lothian residents should not be subsidised for child care spaces	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

20837	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	These are vital services and should not be touched.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20838	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	The majority of these are what I would consider good council services and should be retained.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20839	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Do not reduce spending on any of these	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20840	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Councils should not reduce this. They need to increase joint up working	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20841	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Although these services are not required by law, they are essential for community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20842	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Although these services are not required by law, they are essential for community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20843	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	No, these services are needed.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20844	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	These services are important for the people of WLC and the community. Stripping these would make the area less attractive to stay in. I would rather pay more Council Tax. Why haven't the older houses been re-evaluated, I don't pay enough Council Tax in my opinion as I live in an old house. This simple exercise would rather millions rendering most of these cuts unnecessary.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20845	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Absolutely outrageous the propositions. Except the upkeep of golf courses (where rich people can fund and play) I don't agree with any of the cuts. Kids need music, education programs, health and safety support. Already they have very little things to do and most are disrespectful, idle having no courses to engage or develop their skills. Community projects are a must.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20846	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	No as these are vital. I know you call them non statutory however adult youth and community services are vital. Statutory services rely on the no stats. As they can't cope. Bad. This is a recipe for disaster. Stop these cuts now! Let's kids play let youth get support. Let LGBT community get support from the service.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20847	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	If the council wants to just be a provider of last resort then go ahead and stop all non statutory functions. But I strongly suspect that this is not what people in West Lothian want and they will make their feelings known through the ballot box given the chance. Scotland is not a third world country (yet) and the services provided by local authorities need to be seen for more than just their monetary value. Local authorities should be funded to enrich the lives of the people they serve and the problem is clearly that they are not.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20848	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	You should be utterly ashamed at removing some of these services. You have a duty as a council to help the community. None of this will matter, you'll still increase costs and reduce services.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20849	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	reads like a dereliction of duty here.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20850	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Protect all the stated services here. Has anyone projected the disaster this can and will cause if this goes ahead.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20851	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	The focus should be on making West Lothian a more attractive place to do business to increase the business rate contribution.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20852	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	No, you are cutting to the bone not to the benefit of the people of West Lothian.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20853	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	There seems to be a view that these are all 'nice to have' but not essential. I would strongly disagree. Once again it's a case of not seeing the true value of these things and just reducing it all to pounds and pennies. Just because a service is non statutory shouldn't diminish its importance and make it fair game for getting cut. There are an awful lot of good people doing great things for the people of West Lothian and they certainly don't deserve to be treated as second class employees and jettisoned as a knee jerk reaction every time there is a need to find savings. It does very little to harm the community.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20854	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I don't necessarily think that non-statutory spending should be reduced although I do think that all spending should be considered. Many of the non-statutory items are very important to people and communities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20855	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Difficult one, but these are the things that bind our society together. The importance of these things can be so much more beneficial than any monetary value can say.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20856	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	The problem with reducing non statutory spending is it may make a short term saving the long term cost, which will have to be paid for by the council although may not be a direct cost	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20857	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	No. These are important and make West Lothian an excellent place to live	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

20858	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I cannot agree with reducing spending on non - statutory services. It is an easy financial win; however, the long - term consequences of reducing or removing some of these services are huge. Services such as , employability, prevent many people from needing statutory services through improving health and wellbeing, life chances, and developing community assets and opportunities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20859	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Dumbfounded someone actually costed losing these facilities. Disgusting proposals.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20860	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	These services add quality to life in West Lothian. Please do not cut further.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20861	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Employability service has been amazing addition to the council service, I could not thank you more than enough those service. They support me with my mental health, with my confidence to looking for job. I have been suffering domestic abuse and without the employability team I could not do all those things.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20862	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	services to the community should not be cut.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20863	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	No we need these it 's important there 's hardly anything out there Go tax the big wigs with money more instead of coming after the poor!!!!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20864	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	While reducing or cutting non - statutory services may appear to be an easy cost - saving measure on paper, it ignores the long - term social and financial impact these services have on our communities. Non - statutory does not mean non - essential. Many of these services — such as youth work, community centres, early intervention programmes, libraries, and mental health support — are vital in preventing more expensive statutory interventions down the line. Removing these supports would not only erode the quality of life in West Lothian but also drive increased demand in areas like social work, education support, and emergency services. In short, these are investments, not luxuries. Sustainable financial strategy means looking beyond short - term savings and recognising the true value these services provide to residents — particularly the most vulnerable.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20865	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	No I disagree and feel very strongly that the Council needs to plan ahead and shape services around the changing population, but I feel that these services are absolutely crucial to supporting our local economy and community. It's not fair to expect local services to keep doing more with less, especially when the number of older people needing care and support is rising so quickly. Any changes should be made carefully and only after proper consultation with the people who actually use these services. Cutting too much now would harm our communities in the long run. I am really disappointed and frustrated by the amount of cost - cutting and money - saving measures being proposed. Local people and serv	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20866	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	A lot on non statutory services are required and relied upon by us as public members whether you see it as non statutory or not, it is in the eyes of the public	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20867	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Lack of non statutory services just puts pressure on statutory services and is therefore an inefficient response.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20868	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	These services are vital and a life line for many people - if you remove them they will require formal services and these will cost more	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20869	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	These would be detrimental.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20870	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Totally disagree with this	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20871	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	So if the council will give up all those services who then will deliver them as there is not many in West Lothian free services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20872	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	These services are what hold our communities together and I would vehemently be against their removal. How about making savings from those who do not contribute to our communities, as opposed to those who do?	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20873	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	5j - should not be stopped we need services to help people get jobs	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20874	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Most of the services provided appear to be important and with the exception of one or two would seem to be what's needed.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20875	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Again, too much lost already	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

20876	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Cuts and more cuts. Some yes but the majority no. These are much needed services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20877	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Many of these services are essential	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20878	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	most of the non statutory services are beneficial for community as there is not any alternatives for access them apart via the council. For example employability services are very important due to level of unemployment and luck of support from DWP.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20879	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Although these are non - statutory services they make an important contribution to life in West Lothian and how West Lothian Council Works. The knock on effect of removing these services is far larger than is implied by the accompanying statements. In addition there are no alternative services for to fill the gaps created by their removal.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20880	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	these are important - keep them and make decisions on the big stuff where big savings can be made	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20881	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	This is the vital unseen part of what's needed in communities - this needs continual funding, especially on local infrastructure	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20882	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Most of these are vital community services which could probably benefit from more spending	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20883	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Too many depend on these non statutory services and alienating tourists mean income moves elsewhere	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20884	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	They may be non statutory but seem very important and if removed would significantly impact on communities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20885	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	These cuts will impact on the community hugely	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20886	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Nope, they should be put money into the services making the services more stable not taking the money away from it all	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20887	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I do not. This is all very important to the community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20888	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Too many cuts already	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20889	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Most of these non - stat services are services council tax payers expect to see. To remove them would be nothing short of a joke.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20890	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Feel this could be better managed but don't believe reducing / removing these services is a good idea	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20891	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I don't think any of this should be reduced.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20892	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	A lot of people rely on these services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20893	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	This is an example of expenditure which often benefits the whole of West Lothian rather than just those who are in challenging circumstances. I think it's important that even the wealthier in our region feel they get something back. If the council wanted to reduce expenditure on these items, I would encourage them to look for corporate sponsorship and paid partnerships rather than removing the actual provision. This would be particularly relevant around employability where companies should be working in partnership with the college to fund additional programs.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20894	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Often the non statutory aspects are the buffer for those on low incomes and loss of these supports affects the physical and mental well being of the clients. Large employers should be encouraged to support more community based projects.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20895	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Cutting off from other sources not from these essential services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20896	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	With the exception of burning, Christmas lights and golf courses, these are all essential services. Surely the Council would not remove itself from COSLA?	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

20897	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	No I do not agree, these services are important to communities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20898	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Absolutely not these services are vital for West Lothian	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20899	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	non statutory services cannot be cut, these services are essential to early intervention and prevention for chronic issues e. g. violence against women and girls and mental health services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20900	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Regarding employability services I believe this is fundamental to ensuring that residents are given the correct support and guidance to enable them to move into employment thus financially contributing to the local economy and have less reliance on council services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20901	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	non statutory services are just as valuable if not more so and if they didn't exist this would put even more pressure on schools social services and social workers. 5j cut	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20902	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Looking at the services that are provided, I am concerned that should the council stop providing these potentially vital services, it would have an impact on the local community and Services that could be removed NOT TO BE CUT (however savings could be identified in levels of non front line roles): 5j	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20903	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Some services can be removed or capped. But since you have placed them all on one category. Without being able to vote for specific ones, my answer is no	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20904	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	All of these seem vital to the community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20905	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	These services are critical to West Lothian, and some of these services helps people meet other people and also assist with these day activities. West Lothian council needs to make sure they are not making people who use these services from being affected by physical and emotional stress of not having these services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20906	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	No - absolutely do not agree. And I have already gave a brief run down of why I think this and also what my idea to improve things would consist of. To take funding away from these would be abhorrent to the people who make use of them	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20907	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Don't agree with reducing services particularly in employment support. It is essential for people that need them	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20908	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Employability service has been amazing addition to the council service, I could not thank you more than enough those service. They support me with my mental health, with my confidence to looking for job. I have been suffering domestic abuse and without the employability team I could not do all those things.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20909	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	most of the non statutory services are beneficial for community as there is not any alternatives for access them apart via the council. For example employability services are very important due to level of unemployment and luck of support from DWP.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20910	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	There should also be a clearer focus on local reinvestment to ensure communities benefit from any income raised. Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20911	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	These services should be kept in place	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20912	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	These are the services that mostly support the most vulnerable in our community. everything is impotant to the functioning of our society.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20913	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	think these are all services that are needed	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20914	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	These are all important funding	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20915	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	all these things are needed	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20916	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	The council should not cut funding to west Lothian's employability service as these services are crucial for reducing inequalities and tackling deprivation in West Lothian.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
20917	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Yes I would keep the non - statutory services such as Economic Development	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

20918	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	No	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
20919	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	No	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
20920	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	no	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
20921	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	getting more businesses in West Lothian	Economy, Community Empowerment and Wealth Building	4. The council is already doing this.
20922	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	encourage more businesses into West Lothian	Economy, Community Empowerment and Wealth Building	4. The council is already doing this.
20923	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Economy, Community Empowerment and Wealth Building	4. The council is already doing this.
20924	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	5j Support to employability and businesses and match funding for external - keep existing employability off eg access2employment - remove the funding that goes externally it can be done within the A2E team.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
20925	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	See what non - statutory services are not being used fully in all areas and maybe end them and move the money elsewhere.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
20926	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Mitigation and redirects: • 5j: stop council cash unless fully match funded by external grants. Ring - fence savings to statutory basics in Livingston: tree clearance, footpath cleaning, and reliable waste access. Publish monthly KPIs and link contractor pay to delivery.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
20927	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	You could definitely reduce some of these but focus should be on things that wouldn't result in a loss of service and support for vulnerable people. So no cuts to community services for vulnerable groups but maybe spend less where there isn't a direct loss of service.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
20928	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	I thought these services were already paid for through council tax!	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20929	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	This needs looked at carefully and prioritised many of the things listed could be cut but others should be kept a degree of common sense needed	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20930	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Some of the areas highlighted are critical for the residents of west lothian and further investigation would be required	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20931	Theme 5- Reducing Spending on Non-Statutory Services	5j - Support to employability and businesses and match funding for external grants and funding provided by other organisations to local businesses.	Review ways to encourage more businesses into West Lothian so that business rates income is maximised. We have just sold our office for less than 2 / 3 of the price we paid for it in 2002. We were told that nobody wants to locate to West Lothian now because public transport is so poo	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
20932	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	With exception of youth social activity funding everything else should be cut	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20933	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20934	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes, reduce spending here. I think it is still important to offer some support for less fortunate and possible at risk children during school holidays and offering days where a professional will see them in order to monitor safety	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20935	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Review these and make savings / better planning for services on offer and who uses which facilities	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20936	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	To a certain extent but I would need very careful scrutiny and thought which might outweigh the benefits	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20937	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Most of this seems reasonable but you could save money by encouraging community engagement with these ideas. People will lend their time to improving the world around them if you let them. Encourage people to get involved with these and help communities start to engage with themselves. Otherwise what's the point?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
20938	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes, I agree that the Council should reduce spending on non - statutory services, especially in the current financial climate. Given the size of the budget gap facing West Lothian Council, it is essential to prioritise funding for statutory services that the council is legally obliged to provide, such as education, social care, and waste collection. Non - statutory services, while valuable, are discretionary and may need to be scaled back or redesigned to ensure the council can continue to deliver its core responsibilities effectively. This does not necessarily mean removing these services altogether, but rather reviewing them to identify efficiencies, reduce duplication, or explore alternative delivery models such as working in partnership with communities or voluntary groups. It's about making difficult but necessary choices to protect vital frontline services and maintain financial sustainability over the long term.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20939	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	All of these are ancillary and should be eliminated. People who care about such things can demonstrate such by paying for them	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20940	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I have insufficient knowledge of the details of non - statutory services provision to provide further suggestions. However, in the current economic position, the cessation of many of those activities listed previously is a no - brainer. I'm surprised they have not been stopped before. 5g is the most alarming item to me.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20941	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Stop subsidising public transport	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20942	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I agree with this in principle however it is essential council continues to support important and vital community organisations & activities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20943	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Some massive savings to be had here and these are some of the areas you need to look at in great detail.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20944	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Times are tough. Time to tighten the belt and maybe when you arnt crippled by debt you can look at these items again to reintroduce them.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20945	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Do not subsidise private businesses as they already make substantial profit and funding bus companies is a slap in the face considering the services are unreliable at best. If a company wants to cover routes it should do so without the need of a bribe or incentive to do so. Cut the funding to large bus companies who are generating profit.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20946	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Absolutely, maintain and improve core services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20947	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Use money saved on improving local transport services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20948	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Sadly, I do agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20949	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Any none essentials should be reduced.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20950	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Completely agree, some of the charges are a complete waste of money and unnecessary! Public should pay for some of these themselves and gala bunting and Christmas lighting is completely unnecessary. That money could be used on cleaning the streets instead of improving cycling paths etc. Over £700k a year for lollipop man is also excessive and providing school transportation over £1m shouldn't be the councils money to spend. It should definitely be paid by the people requiring those services or case by case basis and when absolutely necessary!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20951	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	All of the above	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20952	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yeah absolutely these are all things that could be readjusted.... by either minimising staff in certain areas and charging for certain services such as the music group and waste disposal.... if you are providing a service you can charge a fee to make a profit rather than just blowing it out the window.... if certain positions are overstaffed and could be done with less cut down.... if one person could update headteachers via video link instead of hiring out a whole team and building etc change things up a bit have people work from home or freelance in one area on the side of a main job if there's not much to be done in certain areas instead of hiring a whole lot of people... if you focus on shaking things up a little, bringing in money where you can and streamlining some of the bigger things like schools and public transport etc I dont see why you couldn't make significant changes in the budget and the way things are run	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20953	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Unfortunately only essential services should be supported	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20954	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Remove all services which are not mandatory	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20955	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Agree with almost all proposal - however disagree strongly in 5C / 5H our children should not suffer in budget cuts. Schools and support for schools particularly our children with additional needs should be the councils biggest priority. We value the service's provided but further rationalisation is required across all the other non - statutory services to ensure we protect the children of West Lothian's future.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20956	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes but it's mostly peanuts.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

20957	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I agree, but.. I can see west Lothian turning into a dump if they get rid off all those services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20958	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	With the exception of 5m, 5n, 5p and 5x which I think should remain, I believe all the other suggested savings should be made	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20959	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Within reason	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20960	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Although this is a difficult decision it is required to balance the books based on the funding allocation.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20961	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These need to be run better not cutting in services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20962	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Look at ways to reduce costs in each area but do not cut any of the serviced entirely	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20963	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes but leave the schools alone.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20964	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes, there should be a common sense approach but not to the detriment of the majority. There will be corner cases that need reviewed separately HOWEVER all waste should be eradicated.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20965	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	We have never been in a worse state, stop funding the nice to do and fund the must do	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20966	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes. They should be providing a statutory service of maintaining roads, refuse collections and recycling etc. But anything out with statutory needs to go	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20967	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes but not everything at once. Please be mindful about our safety and wellbeing	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20968	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I agree to reduce this spending but not at the expense of safety (i.e. gritting of roads etc) also people's mental well being needs to be at the forefront, especially as these times are hard financially on all of us.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20969	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Some of this is just crazy. Major cuts needed	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20970	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	All other extras reduce or eliminate.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20971	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I would agree although we must be looking at improvements / cuts that will ho in favour of future generations. The country is on its knees and its not going yo get any better	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20972	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes but we can also reduce spending on statutory services. We still provide the service but to a lesser extent	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20973	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	If it's not legally required to be provided then why would the council pay for it. You need to start thinking with private sector mindset if you have such a dire financial shortfall.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20974	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes stop spending on all non statutory areas	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20975	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I think all these proposals make sense	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20976	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	All the non statutory spending should be cut to a bare minimum.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20977	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I agree with most of these.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

20978	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Reduce non - statutory spending as much as possible.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20979	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	stop funding to anything that is not for the most vulnerable people that reside in west Lothian	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20980	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Protect statutory services and stop delivering non statutory	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20981	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Launch a formal review of Category 3 services (e. g., Bus Subsidies, Non - Statutory Transport) with a mandate to redesign them for efficiency. Begin negotiations with neighbouring councils on shared services. Launch a task force on commercial income generation.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20982	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes, however, it will have an impact on communities and in some circumstances may lead to additional costs to the Council	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20983	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes but perhaps increasing planning fees would assist this gap?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20984	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I agree with all of these proposals	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20985	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	This is the easiest option and shows that the extras that need to be saved	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20986	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I agree. Money is being overspent.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20987	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Too much money is being wasted on these services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20988	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Only provide essential services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20989	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Funding should be reduced for non statutory services unfortunately needs must.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20990	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Almost all of the above should be reviewed to assess the impact of this spend has on achieving councils core priorities and to see if it duplicates / competes with third sector or other stakeholder provision. Could some of this provision be delivered as well / better by other agencies e. g. NHS, college, charities or the business community. Is the provision needed in an AI world where people can access a wealth of information in other ways?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20991	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	scrap the others completely	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20992	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Only if necessary.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20993	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Absolutely agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20994	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20995	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Cancel activities k	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20996	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Bus services are essential for the community, however the number of times I see the X27 & X28 following each other is ridiculous. the bus companies, which are less off, need to relook at their routes as I see a lot of empty busses which is why the £2. 2m	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20997	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	You could balance the books by stopping providing services that are not required by law - make savings in all these areas.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
20998	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	cut 5k Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators. (£2. 2 million) - cut 100 %	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

20999	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Make major savings from all non - statutory services in order to concentrate on statutory	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21000	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Get rid of bus subsidies. This is NOT the council 's job. councillors should not be allowed to spend £2. 2 m on buses	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21001	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	5k - cut	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21002	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21003	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes I agree.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21004	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	To save money	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21005	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21006	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I do think the bus operator subsidy is a duplication when pensioners are provided bus passes which is in itself a subsidy to encourage bus usage.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21007	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	There is definitely a need to reduce spending on non statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21008	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	But only where there is no detrimental effect	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21009	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I would remove all but essential spend.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21010	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I agree this has to happen because there is realistically no other option with such a significant budget gap. However, there needs to be careful consideration about the pressure that these reductions in spending will place on Statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21011	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Stop altogether.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21012	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Fine	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21013	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes reduce services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21014	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Audit carefully the following 5k, and I guarantee you will save a huge amount of money. How effective are these elements? Could they be delivered in a different or more cost effective way? Are there other suppliers able to do more for less?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21015	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	All the suggestions on the previous page have merit	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21016	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	this is an obvious area to look at, however some of the items listed would be a great loss and this needs careful consideration.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21017	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Agree that Council should look at range of non - statutory services being provided but acknowledging that many add significant economic, social, community and environmental value and benefits to West Lothian residents and communities - which without these services would potentially have an adverse impact on these very communities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21018	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	5b, 5c, 5g and 5m are not required which would save £2. 5m straight away and 5k seems excessive.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21019	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Focus on savings on the following 5k	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21020	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Subsidies on the buses should be reduced	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21021	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Points 5K, should all be cut or stopped in my opinion.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21022	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Can services and bus routes be looked at in terms of size and regularity	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21023	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	There are many things I agree totally with, for instance 5g, 5k, 5o and 5r should be cut completely, others I'm so so about.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21024	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Keep: 5k,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21025	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Reduce spending in all non statutory services before cutting statutory services. Parliament has decided which services are statutory, and funds councils to provide them. Don't risk the effectiveness of statutory services by throwing this money away where its not required. Stop some spending completely i. e anti - poverty, regeneration, non - statutory school busses.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21026	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Bit of a loaded question if this is the only element of the budget that isn't mandated. Rationalise some of these big spends without giving a seven figure sum to a professional services firm.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21027	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Quite a few non statutory services on the list should be cut. Especially the highest cost ones (over £1, 000, 000)	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21028	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21029	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	anything non statutory should be stopped immediately - we are not in a time where we have the luxury of extras.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21030	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21031	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Getting new quotes for transportation is cost effective way to reduce funds many other ways of cost cutting, lots of way to reduce costs if you think about how to make things better for the council and the community	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21032	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	All items in 5 should be executed on as there is significant cost saves to be achieved in non statutory services. However as it's around 10 % of total spend efficiencies in statutory services is an absolute priority.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21033	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes, reducing non - statutory spending is a necessary evil to avoid a Council Tax rise and protect statutory services. I propose prioritizing cuts based on cost and essential safety / vulnerability criteria: Immediate Cuts (Total \ approx £3. 58 million): 5k (Bus Subsidies - £2. 2m): This high cost must be the first cut.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21034	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Everything should be looked at any surplus cash accounted for and not spent because its there	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21035	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	During current climate these are not required	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21036	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Stop spending on all non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21037	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Do all of the above if they budget cannot be met, by the steps previously noted.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21038	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Instead of cutting funding from children and young people, education workers, health & social care workers and services which help them. You could try and cut bus services. Dedridge Livingston does not need 4 buses which go through it. Currently we have the x27, x28, x40 which go through one half of Dedridge, and the 74 which goes through the other half. We only need 2 bus services preferably the x28 which covers from Edinburgh to Bathgate and would go through the whole of Dedridge like before the buses changed the first time. And the x40 which goes from the royal infirmary to St John's hospital - this service is great for people who have appointments at either hospital. The savings from these cuts could easily save services for children and young people with additional needs or disabilities. The same for education	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21039	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Reduce spending on non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21040	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	The provision of statutory services must be reviewed and where not appropriate action should be taken to object.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21041	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Make up the rest by cutting non - statutory services to protect core services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21042	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Review all services. Bus services subsidies	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21043	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	The lost published of non essential spending seems to include a lot of things that dont seem necessary and could be withdrawn.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21044	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I agree with some of these provisions, 5K (IN PART). In the main I agree with these but require more detail in terms of it potentially impacting on the vulnerable in our communities. An Equality impact assessment is paramount before any these can be taken forward.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21045	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Services which could be looked at more closely are 5k	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21046	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	You have to look at all these services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21047	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Defo that these should be looked at and stopped	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21048	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Agree with them all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21049	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Cut bus subsidy	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21050	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	You must make savings in all these non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21051	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Remove 5 K	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21052	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Cut bus grants. Not a councils job. £2m is a joke	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21053	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Cut public buses spending.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21054	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Reduce spend on buses.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21055	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	The services that are non statutory should not be funded. Insteas the money should be used to keep partnership buildings well maintained.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21056	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21057	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21058	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21059	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

21061	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21062	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Bus services should be self - financing.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21063	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21064	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21065	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes, look at all these examples.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21066	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes, explore these options.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21067	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I agree that savings could come from all these non - statutory services. It wouldn't be necessary to stop any, but all can contribute.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21068	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	All of the above needs to be looked at as I feel that money is being wasted.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21069	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Get rid of 5k	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21070	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21071	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	5k - agree this should be reviewed but not stopped completely. Some areas could be completely isolated.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21072	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21073	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Could spend less money on things that are not required by law	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21074	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Using own transport to get to my service. I like my car and it would be less time on the bus that picks me up just now, and more comfortable	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21075	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes to: 5k	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21076	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Private bus operators there is to many council buses could be making money with community buses. Go back to J school buildings these days. Stop subsidizing use council bus services, instead of £2. 2 m on them lets go back to council owned buses. Yes instead of spending £2. 2 m on private that would have brought at least 6 new council buses earning fares for the council purse	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21077	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	5k. Remove financial support to private bus operators	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21078	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes 5k,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21079	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	5k - £2. 2 m for the unreliable and meagre service currently provided? May as well stop funding and get everyone a bike.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21080	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	The ones from the previous page which I would agree with reducing or removing spending from would be 5k.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

21081	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I only agree to reduce / remove spending on points from previous page which are: 5K,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21082	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	yes to 5k	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21083	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Stop the use of 5k	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21084	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Stop spending money on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21085	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Why don't you just take absolutely everything away.. basic fundamentals at play here.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21086	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Cut discretionary services,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21087	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Cut discretionary services,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21088	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Cut discretionary services,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21089	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Spending on these services should be revised. Some areas get more of of these services than others. A complete overhaul of services and budgets are required.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21090	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Rather than tax more, cut the non - statutory services you are not obliged to provide,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21091	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Stop spending on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21092	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Reduce spending on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21093	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Cut everything unnecessary and provide essential services only.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21094	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I think a consideration should be given to more focus on reduction of non statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21095	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Cut back non essential services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21096	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Live within your means and don't spend money on unnecessary non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21097	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Its very simple - stop spending money you don't have on services you don't need to provide,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21098	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Stop paying for non essential services and save the money from that	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21099	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Stop spending on unnecessary non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21100	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	While I agree some of these services need to be cut alot of communities really need them	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21101	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	If the service isnt benefiting people and not being used then thinking about removing it worth considering.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

21102	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	5k - this would be a big saving so i agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21103	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Balance the books by cutting non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21104	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Your wn figures show you can live within your means if you cut unnecessary non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21105	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Stop spending on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21106	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Your figures show you don't need to raise taxes or charges if you stop spending money on non - statutory services - this is where the savings should come from.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21107	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Stop spending money on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21108	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Cut spending on non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21109	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Possible reductions – 5k. Combine school and public bus reviews to avoid duplication.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21110	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Cut Non - Essentials: Prioritize immediate cuts to non - statutory services like Bus Subsidies (£2. 2m)	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21111	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	West Lothian Council has a proven track record of delivering huge savings. Now the council is on it 's knees as a result of lack of funding from central government for years - suggest services should be restricted to statutory only unless the financial settlement provided to the council is fair and reasonable to enable council to delivery the services needed.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21112	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Review handing money to bus companies and do more for community transport instead that will be the service that is needed.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21113	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Although, you seriously need to take a look / review at the amount of money being spent on taxis and buses etc not required for transport. Can people not walk anymore.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21114	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	All non statutory services should be looked at to help streamline and make savings if possible, but completely stopping funding seems short sighted	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21115	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	There are some relatively easy savings such as public transport subsidy.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21116	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I agree with majority	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21117	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators. Why? if they wish to run a business in west lothian, they shouldn't need a hand out unless this is an incentive to have them service west lothian? I hope that doesn't involve Lothian buses who operate out here.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21118	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Bus Service help Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21119	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	where possible retain any involving vulnerable or young persons within the county but remove any that aren't shown to be working and can be replicated in other savings.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21120	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Some not all should be cut. Agree with cutting all except 5K	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21121	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	The time you do that we would have nothing	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21122	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I do not. This is all very important to the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21123	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Need to have an appropriate bus service	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21124	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I am sure you can reduce some but don't go messing up the poor bus services we have - It should be possible to get to the major towns in West Lothian by bus and it's not possible - I don't know if West Lothian has a transport policy but if it does, it does not show.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21125	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Improve bus infrastructure to make seeking employment and staying in employment more attractive and available to non - car users.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21126	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Better bus services to old people can get about. Keeps them healthier and therefore less medical bills.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21127	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	None of these should be stopped! Every one of these includes life or death circumstances! They incorporate the health and wellbeing of the residents. You are suggesting cutting items that people need. It is items people assume is why we pay a council tax! Reducing gritting or roads and pavements more has the possibility of causing injury or death! No cost is too much for this. We need each other. We need companionship. We need groups and locations where people can sit and talk and learn and eradicate racism bigotry and counter the fake news and gossip spread by locking people in their homes relieving their news from social media. Again! Internal saving first before you cut externally	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21128	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	There are savings and efficiencies to be made but there is also a lot of value in the services being offered so there is nothing on the list that I would be in favour of scrapping entirely. For example the central services provided in Education Services are important for ensuring statutory compliance and quality of service, and the work that is carried out would not just go away, it would be passed to Headteachers and their staff who would not have capacity to do it.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21129	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Would only suggest reducing spending on points 5g, 5k (tell Horseburghs to get new buses), 5r - kids have families, 5u - if you have a golf club it should be self funding (private clubs don't need the council to cut their grass). 5v - 1. 8 Million! The Head teachers should have the 'savy' to do the job, or be told to do it properly or be sacked	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21130	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I agree with the exception of the following items: e, f, h, k, m, n, p, q, r, v, x and z	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21131	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I agree with most of these but they are not saving money. These services need to be continued.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21132	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Improve bus infrastructure to make seeking employment and staying in employment more attractive and available to non - car users.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21133	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	The buses need to stay many elderly residents depend on these and don't have family to help them get out and about.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21134	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Help [XXXX] and deliver better local transport, provide alternative methods of transport. Redevelop under used areas such as parks and nature walks to promote health and wellbeing.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21135	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	5k. The buses in West Lothian must be kept as they are. A lot of people solely rely on them for transport.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21136	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Wow with the removal of all these West Lothian Council does not look like a place where I would like to stay in.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21137	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	the bus service is dismal for our villages, transport needs to be better for going to St Johns hospital for our area.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21138	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	subsidies for transport should not be removed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21139	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Bus subsidies should still happen as important for communities to be connected	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21140	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Non - statutory services that bring real value—like affordable transport actually save money long term by preventing poverty, crime, and social isolation. These must be protected	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21141	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Most of this spending improves the quality of life of West Lothian residents and any reduction should be done carefully.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21142	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	the other one is the bus service, we use it daily and while buses can be late, we think we have a great service.... at a time when we want more people to ditch their cars, less buses will mean they WON'T ditch their cars.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21143	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Subsidised bus services should be maintained to support the aging demographic and attempt to reduce environmental damage caused by car emissions	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21144	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Bus services in some areas are lacking leaving no other choices than do not leave if taxi can't be afforded	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21145	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Dont remove bus funding or operators will withdraw. We need people to get to work / hospitals and you are hitting elderly and vulnerable and forcing more people into cars which causes financial strain.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21146	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Do not cut bus funding, the services are shocking as it is, 1 bus an hour (if it shows up) to Livingston from Broxburn is appalling.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21147	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Please do not reduce bus operator subsidies. Bus services are already limited and many rely on them.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21148	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	The following points is where I agree savings can be made in this section: 5b, 5c, 5f, 5g, 5l. I strongly disagree that cuts should be made to all other points in particular point 5o. The Advice Shop offers an invaluable service to the residents of WL. If cuts were made to Advice Shop then this would have a detrimental impact on WL in particular the most vulnerable who seek support this includes older people, those with a cancer diagnosis & long term conditions. In 2024 / 25 the Advice Shop received 3500 referrals into service including 410 customers from carers of WL generating £1. 2m in extra income for them. Last year the Advice Shop prevented 175 evictions through advice & assistance from their court advice project. The total cost of evicting a single person can be around £24k, this is a substantial saving to the council. Last year the Advice Shop supported 1732 customers from a child poverty priority group - this includes lone parents & families with a disabled adult or child.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21149	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	5k) keep increasing ageing population require access to transport, reduces risk of isolation	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21150	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Bus subsidies should still happen as important for communities to be connected	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21151	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	- Lonliness is increasing for elderly people and lack of transport is worsening this. Public transport needs to be issue Need to resolve this and review schools placing.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21152	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	There is a very wide range of non statutory services listed here with greatly differing importance. 5k seems particularly important to retain to the farthest extent possible	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21153	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	People need the buses.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21154	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Although I do think spending should be checked I feel that the following important 5k.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21155	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I am especially concerned about suggestions of the following- • removing subsidies to private and commercial bus operators to provide local bus routes	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21156	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Stop bus grants	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21157	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Especially bus services. No point in building new houses if there is no public transport to use	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21158	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	The bus service is not fit for purpose. It takes nearly 50 minutes on the bus from melderum Primary school Deans to the centre. People use cars as it is nearly 2 hours a day wasted on travel by bus. It is about 5 - 8 minutes by car. Increasing charges will make it less sense to shop in BC Livingston	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21159	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	The non statutory areas are necessary	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21160	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These are the service 's that the elderly rely on to continue to get to doctors, hospitals, visit grandchildren. Earlier you spoke of a more elderly demographic, these are vital services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21161	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	the rest of these are viable and have to stay	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21162	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Everything else can stay.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21163	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	That's why we pay the council. There will be little support for any of you if you continue down this route. You are hitting out at the most vulnerable in our society. Shame on you.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21164	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	No cuts to non - statutory services these are life enhancing and have suffered many reductions in funding	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21165	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These are so important for communities and morale. Please don't take these away.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21166	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Reducing these costs would affect our communities and destroy family life.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21167	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Some of these services are essential for the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21168	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These services are vital	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21169	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Absolutely not! Leave as is.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21170	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Non - Statutory services are vital to the community and removing them would be seriously detrimental. Perhaps looking at streamlining services so related information is available in one place & cutting out several layers of management.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21171	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	The majority of these are essential to the well being of everyone but agree non west lothian residents should not be subsidised for child care spaces	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21172	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These are vital services and should not be touched.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21173	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	The majority of these are what I would consider good council services and should be retained.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21174	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Do not reduce spending on any of these	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21175	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Councils should not reduce this. They need to increase joint up working	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21176	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Although these services are not required by law, they are essential for community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21177	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Although these services are not required by law, they are essential for community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21178	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	No, these services are needed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21179	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These services are important for the people of WLC and the community. Stripping these would make the area less attractive to stay in. I would rather pay more Council Tax. Why haven't the older houses been re - evaluated, I don't pay enough Council Tax in my opinion as I live in an old house. This simple exercise would rather millions rendering most of these cuts unnecessary.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21180	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Absolutely outrageous the propositions. Except the upkeep of golf courses (where rich people can fund and play) I don't agree with any of the cuts. Kids need music, education programs, health and safety support. Already they have very little things to do and most are disrespectful, idle having no courses to engage or develop their skills. Community projects are a must.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21181	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	No as these are vital. I know you call them non statutory however adult youth and community services are vital. Statutory services rely on the no stats. As they can't cope. Bad. This is a recipe for disaster. Stop these cuts now! Let's kids play let youth get support. Let LGBT community get support from the service.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21182	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Look at ways to keep the services but reducing the times.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21183	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	No there are too many things on this list that are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

21184	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Going to ruin communities	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21185	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Cutting is not the answer, efficiency is the answer.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21186	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	we need all of these services to continue	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21187	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These are essential services to our communities Not seeing a. Reduction in council salaries	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21188	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	While some statutory services could be reduced, most of them are very important, and their recipients often belong to vulnerable groups. Significant cuts to these services will cause significant problems which could require solutions more costly than the current cost of statutory services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21189	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I think funding for these should be kept to improve communities and support families within the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21190	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	This impacts people and community, and they are struggling just like you are. Don't penalise us further.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21191	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	No I don't agree.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21192	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	They may not be statutory but they all look essential to me	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21193	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	you want to create communities not just statutory funded functions for the residents of West Lothian. It's not enough just to exist, you want to create communities worth living in.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21194	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I think these services are important to the people who benefit from them.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21195	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	You have already cut back so much so no!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21196	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	There is no room left to cut services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21197	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These services all have far reaching benefits for the community.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21198	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Remove more services but council tax payers get hit in the pocket? Joke.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21199	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Please no further cuts. Its not viable.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21200	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Every one of these services should be statutory. Removal or reduction of any of these, and so may more is abhorrent.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21201	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Why should they lose out	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21202	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	It must always be considered how some of the 'non 'statutory services provide much more than they cost in real terms!... as far as the health, wellbeing and future development of young people these services are imperative!... although the long term future of the average officer / councillor is finite... the future of West Lothian is a legacy that we, NOW, can futureproof!... a short sighted view of long established services will only harm our already poor reputation as we cannot provide the service we aspire to... Please examine the long term future and savings / income / grants etc generated from some of these service areas	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21203	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	All vital services needed to support people to live their best lives. The council needs to support people and not keep removing things. WL has very limited opportunities without cutting anymore. Look at more efficient ways. Actually engage with service users for each service as they would have the ideas you seek!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21204	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	stop taking everything away from us you get enough tax money from us so stop digging up the same road over and over again wasting precious money	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21205	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Reducing all these listed will reduce the appeal of West Lothian. These services should be improved.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21206	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	You should be utterly ashamed at removing some of these services. You have a duty as a council to help the community. None of this will matter, you'll still increase costs and reduce services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21207	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	reads like a dereliction of duty here.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21208	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Protect all the stated services here. Has anyone projected the disaster this can and will cause if this goes ahead.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21209	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Most of these non - stat services are services council tax payers expect to see. To remove them would be nothing short of a joke.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21210	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Feel this could be better managed but don't believe reducing / removing these services is a good idea	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21211	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I don't think any of this should be reduced.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21212	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	A lot of people rely on these services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21213	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Often the non statutory aspects are the buffer for those on low incomes and loss of these supports affects the physical and mental well being of the clients. Large employers should be encouraged to support more community based projects.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21214	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Cutting off from other sources not from these essential services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21215	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	With the exception of bunting, Christmas lights and golf courses, these are all essential services. Surely the Council would not remove itself from COSLA?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21216	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Cutting subsidised bus services is a false economy, some villages, ie blackridge need these subsidised services. It seems winchburgh and Linlithgow get a lot of help but West Lothian has many villages where the council just aren't interested	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21217	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	There seems to be a view that these are all 'nice to have' but not essential. I would strongly disagree. Once again it's a case of not seeing the true value of these things and just reducing it all to pounds and pennies. Just because a service is non statutory shouldn't diminish it's importance and make it fair game for getting cut. There are an awful lot of good people doing great things for the people of West Lothian and they certainly don't deserve to be treated as second class employees and jettisoned as a knee jerk reaction every time there is a need to find savings. It does very little for staff morale to keep being touted as a solution to a problem not of their making. Have some compassion and show some sensitivity!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21218	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I don't necessarily think that non - statutory spending should be reduced although I do think that all spending should be considered. Many of the non - statutory items are very important to people and communities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21219	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Difficult one, but these are the things that bind our society together. The importance of these things can be so much more beneficial than any monetary value can say.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21220	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	The problem with reducing non statutory spending is it may make a short term saving the long term cost, which will have to be paid for by the council although may not be a direct cost	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21221	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	No. These are important and make West Lothian an excellent place to live	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21222	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I cannot agree with reducing spending on non - statutory services. It is an easy financial win; however, the long - term consequences of reducing or removing some of these services are huge	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21223	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Dumbfounded someone actually costed losing these facilities. Disgusting proposals.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21224	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These services add quality to life in West Lothian. Please do not cut further.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21225	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	services to the community should not be cut..	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21226	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	No we need these it 's important there 's hardly anything out there Go tax the big wigs with money more instead of coming after the poor!!!!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21227	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	While reducing or cutting non - statutory services may appear to be an easy cost - saving measure on paper, it ignores the long - term social and financial impact these services have on our communities. Non - statutory does not mean non - essential. Many of these services — such as youth work, community centres, early intervention programmes, libraries, and mental health support — are vital in preventing more expensive statutory interventions down the line. Removing these supports would not only erode the quality of life in West Lothian but also drive increased demand in areas like social work, education support, and emergency services. In short, these are investments, not luxuries. Sustainable financial strategy means looking beyond short - term savings and recognising the true value these services provide to residents — particularly the most vulnerable.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21228	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	No I disagree and feel very strongly that the Council needs to plan ahead and shape services around the changing population, but I feel that these services are absolutely crucial to supporting our local economy and community. It's not fair to expect local services to keep doing more with less, especially when the number of older people needing care and support is rising so quickly. Any changes should be made carefully and only after proper consultation with the people who actually use these services. Cutting too much now would harm our communities in the long run. I am really disappointed and frustrated by the amount of cost - cutting and money - saving measures being proposed. Local people and serv	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21229	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	A lot on non statutory services are required and relied upon by us as public members whether you see it as non statutory or not, it is in the eyes of the public	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21230	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Lack of non statutory services just puts pressure on statutory services and is therefore an inefficient response.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21231	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These services are vital and a life line for many people - if you remove them they will require formal services and these will cost more	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21232	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These would be detrimental.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21233	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Totally disagree with this	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21234	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	So if the council will give up all those services who then will deliver them as there is not many in West Lothian free services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21235	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	the public needs buses.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21236	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These services are what hold our communities together and I would vehemently be against their removal. How about making savings from those who do not contribute to our communities, as opposed to those who do?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21237	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Most of the services provided appear to be important and with the exception of one or two would seem to be what's needed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21238	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Again, too much lost already	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21239	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Many of these services are essential	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21240	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	most of the non statutory services are beneficial for community as there is not any alternatives for access them apart via the council.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21241	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Although these are non - statutory services they make an important contribution to life in West Lothian and how West Lothian Council Works. The knock on effect of removing these services is far larger than is implied by the accompanying statements. In addition there are no alternative services for to fill the gaps created by their removal.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21242	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	these are important - keep them and make decisions on the big stuff where big savings can be made	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

21243	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	This is the vital unseen part of what's needed in communities - this needs continual funding, especially on local infrastructure	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21244	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Most of these are vital community services which could probably benefit from more spending	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21245	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Keep local town bus services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21246	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Bus services need improving not cut in more rural places	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21247	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	No I do not agree, these services are important to communities	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21248	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Certain categories yes, should be considered. Critical ones though like transport, education should not be reduced	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21249	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Absolutely not these services are vital for West Lothian	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21250	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	non statutory services cannot be cut. these services are essential to early intervention and prevention for chronic issues e. g. violence against women and girls and mental health services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21251	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	non statutory services are just as valuable if not more so and if they didn't exist this would put even more pressure on schools social services and social workers. / 5k save	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21252	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Looking at the services that are provided, I am concerned that should the council stop providing these potentially vital services, it would have an impact on the local community and Services that could be removed NOT TO BE CUT (however savings could be identified in levels of non front line roles): 5k	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21253	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Some services can be removed or capped. But since you have placed them all on one category. Without being able to vote for specific ones, my answer is no	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21254	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	All of these seem vital to the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21255	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These services are critical to West Lothian, and some of these services helps people meet other people and also assist with these day activities. West Lothian council needs to make sure they are not making people who use these services from being affected by physical and emotional stress of not having these services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21256	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	No - absolutely do not agree. And I have already gave a brief run down of why I think this and also what my idea to improve things would consist of. To take funding away from these would be abhorrent to the people who make use of them	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21257	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	especially bus services - they need more funding as the bus service is terrible - elderly and disabled are isolated	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21258	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	No, you are cutting to the bone not to the benefit of the people of West Lothian. Cutting subsidised bus services is a false economy, some villages, ie blackridge need these subsidised services. It seems winchburgh and Linlithgow get a lot of help but West Lothian has many villages where the council just aren't interested	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21259	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	There should also be a clearer focus on local reinvestment to ensure communities benefit from any income raised. Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21260	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	It has been already closing lots of facilities for the pass years, in fact should increase more public transportation	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21261	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	5k - This will effect people trying to travel to work	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21262	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Many of these services are those that, for a relatively small amount, provide significant benefits to local communities, such as supporting bus services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21263	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These are the services that mostly support the most vulnerable in our community. everything is impotant to the functioning of our society.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21264	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	think these are all services that are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21265	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These are all important funding	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21266	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	all these things are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21267	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Buses - please keep buses. We need these to travel as can't drive	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21268	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These services should be kept in place	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21269	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	It would be short sighted not to clear pavement leading to more injuries for residents of West Lothian. Public transport subsidy is essential and should be increased rather than reduced.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21270	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	If the council wants to just be a provider of last resort then go ahead and stop all non statutory functions. But I strongly suspect that this is not what people in West Lothian want and they will make their feelings known through the ballot box given the chance. Scotland is not a third world country (yet) and the services provided by local authorities need to be seen for more than just their monetary value. Local authorities should be funded to enrich the lives of the people they serve and the problem is clearly that they are not.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21271	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
21272	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
21273	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	no	Environment and Sustainability	3. The respondent advised that they had no comment to make.
21274	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	The council should only spend what it can afford to spend. If it can afford to spend on non statutory then it should but it should be well thought out and if you can't do it all maybe you do it on rotation for every year	Environment and Sustainability	4. The council is already doing this.
21275	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Nope, they should be put money into the services making the services more stable not taking the money away from it all	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
21276	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Also need increased bus service.	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
21277	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Launch a formal review of Category 3 services (e. g., Bus Subsidies, Non - Statutory Transport) with a mandate to redesign them for efficiency. Begin negotiations with neighbouring councils on shared services. Launch a task force on commercial income generation.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21278	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Bus services being subsidised by 2.2 million is mad when private bus operators are amongst the richest people in Scotland. For that money you could buy some buses and start to run the scheme in house.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21279	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Nominal charge for buses for those like me who have a pass.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21280	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Stricter on the buses because people are getting on the bus that don't need to be on the bus, the bus driver left a boy with crutches out in the rain	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21281	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	k) funding should depend on improvement	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21282	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	It would be short sighted not to clear pavement leading to more injuries for residents of West Lothian. There should be shuttle buses to and from the train stations.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21283	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I agree with all of these ways of saving money. I know people who get a council house then lets someone else live in it, most common people who are in drug related I understand the need to save money, s for the council homes that are not used for people's drug related acts this has to include looking at the fraud side this has been going on for along time.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21284	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Having a much better transport system within West Lothian may encourage residents to leave cars at home. Current service unreliable especially the Bathgate, Livingston North train service which results my children taking their cars as they can't rely on the transport system to get them to work on time. This would include employees	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21285	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Encouraging people to use public transport is OK in principle but in reality public transport is not reliable as busses constantly breakdown or drivers don't turn up for shifts	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21286	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Yes they should, but not across all of the services listed, some of them are essential	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21287	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	A lot of these services are already being or have been cut back. Not all should be cut back.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21288	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	See what non - statutory services are not being used fully in all areas and maybe end them and move the money elsewhere.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21289	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	I thought these services were already paid for through council tax	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21290	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	This needs looked at carefully and prioritised many of the things listed could be cut but others should be kept a degree of common sense needed	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21291	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Some of the areas highlighted are critical for the residents of west lothian and further investigation would be required	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21292	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Your public transport isn't good enough to justify it In terms of generating income, as a resident of Linlithgow, WLC consistently fail to invest in Linlithgow and maximise the potential income to be had.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21293	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Raffle tickets Charge for transport	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21294	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	But non essential services like subsidised buses etc	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21295	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Better frequent bus services,	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21296	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	transport fee, encouraging people to use public transport	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21297	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	We would support efficiency savings if that can be achieved but this should not come at the cost of reduction of quality of service.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21298	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	In the case of a funding shortfall of this size, non statutory items should be removed first before identifying statutory services to reduce or deliver in a way that reduces cost. However, there are some non statutory services that are more palatable than others. Passenger Transport is a very contentious issue in all communities.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21299	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	simplify the buses	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21300	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Transport is pathetic outside of private ownership. It's a tax on the employment, not acceptable. Repair roads ONCE, your road program cannot be cost effective.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21301	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	You could definitely reduce some of these but focus should be on things that wouldn't result in a loss of service and support for vulnerable people. So no cuts to community services for vulnerable groups but maybe spend less where there isn't a direct loss of service.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21302	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Sounds like there will be less buses going to be running.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21303	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Cuts and more cuts. Some yes but the majority no. These are much needed services	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21304	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Stop pissing money away on transport	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21305	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21306	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	When there is only a few people using buses, reduce bus service and the size of buses	Environment and Sustainability	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
21307	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	make local busses such as the muriston 9 more frequent and more accessible	Environment and Sustainability	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
21308	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Lower the cost of the Lothian country fares for their zones. And have more services throughout the week at earlier times. I can only get to work on the weekend via x18 which is the opposite of what I need	Environment and Sustainability	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
21309	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Would question what exactly we are paying our council tax for?	Environment and Sustainability	9. The respondent made a comment on the survey question
21310	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Stop cutting back on things the public actually accesses. Also I think meetings should be shown to the public and allow the public to vote on what you are proposing. As suggested in the first one, look on the inside before you start cutting people use! If this is what WL is planning in doing you will find alot of people move away or chose not to live in this area. Ridiculous	Environment and Sustainability	9. The respondent made a comment on the survey question
21311	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Too many depend on these non statutory services and alienating tourists mean income moves elsewhere	Environment and Sustainability	9. The respondent made a comment on the survey question
21312	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	They may be non statutory but seem very important and if removed would significantly impact on communities.	Environment and Sustainability	9. The respondent made a comment on the survey question
21313	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	These cuts will impact on the community hugely	Environment and Sustainability	9. The respondent made a comment on the survey question
21314	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Too many cuts already	Environment and Sustainability	9. The respondent made a comment on the survey question
21315	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	here is no public transport z I don't have a bus service, car is the only option to visit the shops and cafes I visit 3 or 4 times a week, and to the walks I do for exercise. Those will end	Environment and Sustainability	9. The respondent made a comment on the survey question
21316	Theme 5- Reducing Spending on Non-Statutory Services	5k - Provision of financial support to bus services whereby the council provides a subsidy to private and commercial bus operators.	Some of them should be prioritised above others	Environment and Sustainability	9. The respondent made a comment on the survey question
21317	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	With exception of youth social activity funding everything else should be cut	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21318	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	Stop messing about with putting lights up and down - half of them don't come down anyway.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21319	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	I agree with this in principle however it is essential council continues to support important and vital community organisations & activities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21320	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	Some massive savings to be had here and these are some of the areas you need to look at in great detail.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21321	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	Times are tough. Time to tighten the belt and maybe when you arnt crippled by debt you can look at these items again to reintroduce them.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21322	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	Within reason	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21323	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21324	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	Although this is a difficult decision it is required to balance the books based on the funding allocation.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21325	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	Look at ways to reduce costs in each area but do not cut any of the serviced entirely	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21326	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	Yes but leave the schools alone.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21327	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	A lot of the rest seems like wasted money really.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21328	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	festive lights are a waste of money. If communities want this they should pay for it themselves through fundraising.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21329	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Remove funding for Christmas lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21330	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes, there should be a common sense approach but not to the detriment of the majority. There will be corner cases that need reviewed separately HOWEVER all waste should be eradicated.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21331	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	We have never been in a worse state, stop funding the nice to do and fund the must do	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21332	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	While i agree things like christmas decor are non essential items and will not affect day to day living for people, some of the areas are needed to help communities. Everyone nowadays is reviewing their finances and having to prioritise the essentials just as the council are doing.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21333	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes. They should be providing a statutory service of maintaining roads, refuse collections and recycling etc. But anything out with statutory needs to go	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21334	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	festive lights could be cut	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21335	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Absolutely, maintain and improve core services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21336	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51 Installing and removing festive lighting across the area. (£88, 000) Unfortunately, they are not a necessity.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21337	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Some of these costs should never fall down to the public purse in the first place - Xmas lighting...	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21338	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes but not everything at once. Please be mindful about our safety and wellbeing	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21339	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I agree to reduce this spending but not at the expense of safety (i. e gritting of roads etc) also people 's mental well being needs to be at the forefront, especially as these times are hard financially on all of us.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21340	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Some of this is just crazy. Major cuts needed	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21341	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Not providing Christmas street lighting, totally agree.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21342	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I would agree although we must be looking at improvements / cuts that will ho in favour of future generations. The country is on its knees and its not going yo get any better	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21343	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes but we can also reduce spending on statutory services. We still provide the service but to a lesser extent	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21344	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	If it's not legally required to be provided then why would the council pay for it. You need to start thinking with private sector mindset if you have such a dire financial shortfall.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21345	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes stop spending on all non statutory areas	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21346	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I think all these proposals make sense	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21347	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	All the non statutory spending should be cut to a bare minimum.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21348	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	festive lights are not a priority	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21349	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Reduce unnecessary spending on festive lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21350	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Also not every area needs Christmas lights. Almondvale Boulevard does as it is a shopping destination but other places don't.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21351	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Sadly, I do agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21352	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Any none essentials should be reduced.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21353	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	but perhaps Christmas lights could be something communities could fundraise for	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21354	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Completely agree, some of the charges are a complete waste of money and unnecessary! Public should pay for some of these themselves and gala bunting and Christmas lighting is completely unnecessary. That money could be used on cleaning the streets instead of improving cycling paths etc. Over £700k a year for lollipop man is also excessive and providing school transportation over £1m shouldn't be the councils money to spend. It should definitely be paid by the people requiring those services or case by case basis and when absolutely necessary!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21355	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Agree reduce or stop spend on things which are nice to have but which divert funds from delivery of essential services - eg stop funding festive lighting and focus on investment in street lighting or roads. If non statutory services are to continue, make a charge for the service.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21356	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Reduce areas installing and removing festive lighting	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21357	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I agree with the exception of the following items: e, f, h, k, m, n, p, q, r, v, x and z	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21358	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Many of those listed while not statutory services are key to keeping West Lothian a desirable place to live. However services like the installation of Christmas lights is not something that will make a significant difference to the area at significant cost reductions.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21359	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	christmas lights externally, pretty but not necessary.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21360	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	All of the above	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21361	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yeah absolutely these are all things that could be readjusted... by either minimising staff in certain areas and charging for certain services such as the music group and waste disposal... if you are providing a service you can charge a fee to make a profit rather than just blowing it out the window... if certain positions are overstaffed and could be done with less cut down... if one person could update headteachers via video link instead of hiring out a whole team and building etc change things up a bit have people work from home or freelance in one area on the side of a main job if there's not much to be done in certain areas instead of hiring a whole lot of people... if you focus on shaking things up a little, bringing in money where you can and streamlining some of the bigger things like schools and public transport etc I don't see why you couldn't make significant changes in the budget and the way things are run	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21362	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Unfortunately only essential services should be supported	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21363	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Remove all services which are not mandatory	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21364	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Agree with almost all proposal - however disagree strongly in 5C / 5H our children should not suffer in budget cuts. Schools and support for schools particularly our children with additional needs should be the councils biggest priority. We value the service's provided but further rationalisation is required across all the other non - statutory services to ensure we protect the children of West Lothian's future.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21365	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes but it's mostly peanuts.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21366	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	the money on bunting and christmas lights is ridiculous. some things need to be looked at in terms of a realistic budget id rather see more for schools and community groups	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21367	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I agree, but... I can see west Lothian turning into a dump if they get rid of all those services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

21368	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	With the exception of 5m, 5n, 5p and 5x which I think should remain, I believe all the other suggested savings should be made	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21369	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	The cost of putting up Christmas lights should be reviewed. Not every street needs it and half the time, they are put up too early and need fixed again.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21370	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Many of these payments are not necessary, however many are valued by the wider community and should be maintained. Christmas lights could be sponsored by commercial businesses and this could also be a condition of the rental of council property	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21371	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Reduce non - statutory spending as much as possible.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21372	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Reduce / stop christmas lights around towns and villages.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21373	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	stop funding to anything that is not for the most vulnerable people that reside in west Lothian	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21374	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Also maybe don't put xmas lights up on lampposts so early or at all, especially if it could be better spent on helping people and residents - community groups and transports	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21375	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No Christmas lights needed in streets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21376	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Protect statutory services and stop delivering non statutory	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21377	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Stopping of the provision of Xmas features. Villages and towns in other council areas pay for their own features	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21378	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Christmas lights are switched on far too early Must be costly.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21379	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes, however, it will have an impact on communities and in some circumstances may lead to additional costs to the Council	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21380	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These figures are shocking and cuts are needed especially on festive lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21381	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes but perhaps increasing planning fees would assist this gap?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21382	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Festive lighting is a nice to have not essential.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21383	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I agree with all of these proposals	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21384	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Costs can be cut in other non - statutory ways. not sure how important xmas lights are?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21385	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Only if necessary.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21386	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I agree with many of those options but believe things that are a choice should be sacrificed first such as festive lighting	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21387	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Absolutely agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21388	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	christmas lighting should be reduced. I don't agree with all areas of savings	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

21389	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21390	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Cancel activities I	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21391	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	You could balance the books by stopping providing services that are not required by law - make savings in all these areas.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21392	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Make major savings from all non - statutory services in order to concentrate on statutory	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21393	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21394	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Christmas lighting is on far too early	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21395	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes I agree.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21396	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	To save money	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21397	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Remove the festive lighting	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21398	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21399	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	There is definitely a need to reduce spending on non statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21400	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	But only where there is no detrimental effect	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21401	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I would remove all but essential spend.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21402	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I agree this has to happen because there is realistically no other option with such a significant budget gap. However, there needs to be careful consideration about the pressure that these reductions in spending will place on Statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21403	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Stop altogether.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21404	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Fine	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21405	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Get rid of Christmas lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21406	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Why on earth are WL Council spending £88, 000 to instal & remove festive lighting - you do know there is a cost of living crisis & that you've allegedly been in cost saving measures for years?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21407	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	If the council need to save £23million then they certainly need to get rid of the following asap: Christmas decorations	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21408	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	ban all moneys spent on lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21409	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes reduce services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21410	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	All the suggestions on the previous page have merit	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21411	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	this is an obvious area to look at, however some of the items listed would be a great loss and this needs careful consideration.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21412	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Agree that Council should look at range of non - statutory services being provided but acknowledging that many add significant economic, social, community and environmental value and benefits to West Lothian residents and communities - which without these services would potentially have an adverse impact on these very communities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21413	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I agree on some of the funding. No Christmas lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21414	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes, reduce spending here. I think it is still important to offer some support for less fortunate and possible at risk children during school holidays and offering days where a professional will see them in order to monitor safety	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21415	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Review these and make savings / better planning for services on offer and who uses which facilities	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21416	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Do anything you can to stop also Christmas lights and trees	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21417	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51. seem like unnecessary luxuries when core services are under such extreme cost pressure.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21418	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I agree with all of these ways of saving money. I know people who get a council house then lets someone else live in it, most comen people who are in drug related I understand the need to save money, s for the council homes that are not used for people's drug related acts this has to include looking at the fraud side this has been going on for along time.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21419	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	To a certain e tent but I would need very careful scrutiny and thought which might out weigh the benefits	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21420	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Most of this seems reasonable but you could save money by encouraging community engagement with these ideas. People will lend their time to improving the world around them if you let them. Encourage people to get involved with these and help communities start to engage with themselves. Otherwise whats the point?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21421	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes, I agree that the Council should reduce spending on non - statutory services, especially in the current financial climate. Given the size of the budget gap facing West Lothian Council, it is essential to prioritise funding for statutory services that the council is legally obliged to provide, such as education, social care, and waste collection. Non - statutory services, while valuable, are discretionary and may need to be scaled back or redesigned to ensure the council can continue to deliver its core responsibilities effectively. This does not necessarily mean removing these services altogether.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21422	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	All of these are ancillary and should be eliminated. People who care about such things can demonstrate such by paying for them	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21423	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I have insufficient knowledge of the details of non - statutory services provision to provide further suggestions. However, in the current economic position, the cessation of many of those activities listed previously is a no - brainer. I'm surprised they have not been stopped before. 5g is the most alarming item to me.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21424	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	However festive decorations is a luxury not a necessity and could be axed in my opinion.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21425	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Festive lights, are a waste of money.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21426	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	This is the easiest option and shows that the extras that need to be saved	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21427	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I agree. Money is being overspent.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21428	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Too much money is being wasted on these services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21429	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	lighting should be cut. A disgrace that it cost so much to put these up once year	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21430	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	The Council should not contribute to the provision of Christmas Tree lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21431	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Only provide essential services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21432	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Funding should be reduced for non statutory services unfortunately needs must.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21433	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I already mentioned Xmas lighting but do not know enough about much of the rest to comment	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21434	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	stop spending stupid amounts of money on he most stupid things eg xmas lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21435	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Save money by not having Christmas lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21436	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Cancel christmas lights (I know you have saved money keeping them up from using less cherry pickers annually but just cancel them all)	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21437	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Reduce spending in all non statutory services before cutting statutory services. Parliament has decided which services are statutory, and funds councils to provide them. Don't risk the effectiveness of statutory services by throwing this money away where its not required. Stop some spending completely i.e anti - poverty, regeneration, non - statutory school busses.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21438	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	we could perhaps do without lighting and bunting but should we block instrumental tuition?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21439	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21440	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Keep most if it. Get rid of support for bunting and lighting nonsense	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21441	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Wow, this is definitely where you need to start saving. Think how 's many more support workers we could have in schools if we cut out galaday flags and Christmas lights.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21442	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	communities could fundraise for Christmas lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21443	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	anything non statutory should be stopped immediately - we are not in a time where we have the luxury of extras.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21444	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Festive lighting as not necessary at all, it looks horrible.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21445	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Reduce all spending on things like Christmas lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21446	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21447	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Festive lighting and gala bunting are not necessities	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21448	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	dont agree with funding for gala bunting and christmas lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21449	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	All items in 5 should be executed on as there is significant cost saves to be achieved in non statutory services. However as it's around 10 % of total spend efficiencies in statutory services is an absolute priority.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21450	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes, reducing non - statutory spending is a necessary evil to avoid a Council Tax rise and protect statutory services. I propose prioritizing cuts based on cost and essential safety / vulnerability criteria: Immediate Cuts (Total \ approx £3. 58 million): 51 (Festive Lighting - £88k); End Council provision.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21451	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	The following points is where I agree savings can be made in this section: 5b, 5c, 5f, 5g, 5l. I strongly disagree that cuts should be made to all other points in particular point 5o	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

21452	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Everything should be looked at any surplus cash accounted for and not spent because its there	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21453	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Some services may need to be cut back u fortunately. Same with Christmas lights. Lovely but pass this responsibility to the local communities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21454	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Does it really cost 88k to take down some xmas lights however?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21455	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	During current climate these are not required	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21456	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Stop spending on all non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21457	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Don't need Christmas lights.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21458	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Do all of the above if they budget cannot be met, by the steps previously noted.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21459	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Consider the necessity of additional things such as Christmas lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21460	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51 is not essential, should not be paid for by the council	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21461	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51) ok	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21462	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	christmas lighting, should be reduced. I don't agree with all areas of savings	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21463	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	We can save money in other areas aswell such Christmas lights on lampposts and trees.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21464	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Reduce spending on non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21465	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	The provision of statutory services must be reviewed and where not appropriate action should be taken to object.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21466	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I think certain expenditures could be cut such as seasonal lights. They are quite nice to have but overall not a necessary spend. Things like that which won't actually impact people's lives	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21467	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Make up the rest by cutting non - statutory services to protect core services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21468	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Review all services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21469	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No Xmas street lighting required	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21470	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No Xmas street lights required	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21471	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	The lost published of non essential spending seems to include a lot of things that dont seem necessary and could be withdrawn.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21472	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Stop festive lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

21515	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51 look pretty but if it saves other services get rid. Let communities arrange there own.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21516	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21517	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Put up festive decorations and leave them up unless it is blatantly obvious they are in need of repair.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21518	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Could spend less money on things that are not required by law	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21519	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	1 - Remove Christmas lighting / decorations - as other councils have done this is an easy saving and volunteers within the local community may choose to fundraise and take this on themselves.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21520	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes to: 51	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21521	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51. Stop installing festive lighting. Most houses have their own festive outdoor lighting nowadays	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21522	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	The ones from the previous page which I would agree with reducing or removing spending from would be 51,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21523	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I only agree to reduce / remove spending on points from previous page which are: 5L,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21524	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	yes to 51	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21525	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Spend less money Christmas lighting	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21526	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Stop spending money on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21527	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Festive lighting can go.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21528	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Why don't you just take absolutely everything away-. basic fundamentals at play here.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21529	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51 are unnecessary.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21530	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Spending on these services should be revised. Some areas get more of of these services than others. A complete overhaul of services and budgets are required.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21531	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I have answered no as I do not think that initiatives that support education youth or reducing inequalities should be cut. There are other things, however, from the list you have provided that absolutely can be cut... lights and bunting be top of the list. Having said this and as with my first answer, this is dependent on how things are currently being managed. Savings could be made by addressing this rather than cutting services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21532	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Reduce the nice to haves. Christmas lights, bunting, support to Galas etc.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21533	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Cut discretionary services,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21534	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Cut discretionary services,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

21535	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	There should be consideration of what isn't being spent effectively currently - eg smart bins... that were just vandalised... no one asked for them?! xmas lights - why do we spend on these 'nice' to have 'things' when there isn't enough for necessities and essentials? If you are charging residents more then more should be spent on items that directly benefit us (risk analyses and impact should be considered or better yet views from residents before decisions are made) these should be proportionate to the population and not one area getting less. Cost savings should be made on current spending.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21536	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Cut Christmas lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21537	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Stop spending on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21538	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Reduce spending on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21539	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Cut everything unnecessary and provide essential services only.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21540	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I think a consideration should be given to more focus on reduction of non statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21541	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Cut back non essential services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21542	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Live within your means and don't spend money on unnecessary non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21543	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Its very simple - stop spending money you don't have on services you don't need to provide.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21544	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Stop paying for non essential services and save the money from that	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21545	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Rather than tax more, cut the non - statutory services you are not obliged to provide.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21546	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51 is unnecessary and an excessive spend that could have been spent elsewhere. The xmas lights are not even appreciated.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21547	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	While I agree some of these services need to be cut alot of communities really need them	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21548	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	If the service isnt benefiting people and not being used then thinking about removing it worth considering.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21549	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Other parts of non stat could be looked at but should not be classed in the same section as those which have an educational benefit.Christmas lights can be outsourced to local community councils	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21550	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51 - agree to make savings most of the lights are broken anyway	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21551	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51. could be cut completely	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21552	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Balance the books by cutting non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21553	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Your wn figures show you can live within your means if you cut unnecessary non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21554	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Stop spending on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

21558	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Communities should pay for their own Christmas lights and flowers to encourage ownership and community pride.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21559	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I agree that you should make savings on things such as funding for installing christmas decorations	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21560	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	festive lighting, stop, would be top of my list.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21561	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Well maybe some. Think Xmas decorations [could be stopped].	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21562	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Possible reductions – 51	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21563	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	With the exception of bunting, Christmas lights and golf courses, these are all essential services. Surely the Council would not remove itself from COSLA?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21564	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Stop spending on unnecessary non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21565	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I DO NOT agree that the money spent on bunting and christmas lights are needed but services like.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21566	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	People look forward to Christmas lights etc but yes, remove that, along with anything else that is good.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21567	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	5f, I and u. Scrap these, if these are desired in a community, the community should fund	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21568	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	non statutory services are just as valuable if not more so and if they didn't exist this would put even more pressure on schools social services and social workers. 5a yes / 5 b no reps need to be open honest accountable / 51 cut	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21569	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Following services to be cut: 51	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21570	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	christmas lights could be cut.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21571	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	West Lothian Council has a proven track record of delivering huge savings. Now the council is on it's knees as a result of lack of funding from central government for years - suggest services should be restricted to statutory only unless the financial settlement provided to the council is fair and reasonable to enable council to deliver the services needed.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21572	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51 - festive lighting is an area where the community could fundraise to have these put in place.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21573	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I only agree with 51 Installing and removing festive lighting across the area. (£88, 000)	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21574	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	All non statutory services should be looked at to help streamline and make savings if possible, but completely stopping funding seems short sighted	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21575	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I agree with majority	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21576	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Savings can be made by removing funding for festive lighting	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21577	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	no xmass lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21578	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51 agreed. Other councils do this with volunteers.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21579	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Some of these proposals make sense: not paying Christmas lights will be met with a sigh and no one will bother.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21580	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	where possible retain any involving vulnerable or young persons within the county but remove any that aren't shown to be working and can be replicated in other savings.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21581	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Keep Xmas stuff	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21582	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Maybe the Festive Street Lighting could be improved instead?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21583	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These need to be run better not cutting in services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21584	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Some not all should be cut. Agree with cutting all except 5L	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21585	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No reduction should be made to Christmas lights. We need some happiness. Can you leave the lights up all year?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21586	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Wow with the removal of all these West Lothian Council does not look like a place where I would like to stay in.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21587	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Keep festive lights	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21588	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	This should only be considered on any unnecessary spending such as in person council meetings, not anything that will impact communities even further - the likes of galaday festivities or Christmas. We already receive very little	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21589	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	None of these should be stopped! Every one of these includes life or death circumstances! They incorporate the health and wellbeing of the residents. You are suggesting cutting items that people need. It is items people assume is why we pay a council tax! Reducing gritting or roads and pavements more has the possibility of causing injury or death! No cost is too much for this. We need each other. We need companionship. We need groups and locations where people can sit and talk and learn and eradicate racism bigotry and counter the fake news and gossip spread by locking people in their homes receiving their news from social media. Again! Internal saving first before you cut externally	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21590	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I struggle to see how putting up the festive lighting and gala day bunting can cost as much as it states and think these would be missed by communities	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21591	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	There are savings and efficiencies to be made but there is also a lot of value in the services being offered so there is nothing on the list that I would be in favour of scrapping entirely. For example the central services provided in Education Services are important for ensuring statutory compliance and quality of service, and the work that is carried out would not just go away, it would be passed to Headteachers and their staff who would not have capacity to do it.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21592	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I agree with most of these but they are not saving money, These services need to be continued.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21593	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	It would be nice to see more areas at Christmas time, with lights and in some places a village tree	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21594	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Keep the Christmas lights please	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21595	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51, this should stay for the overall happiness of the local population	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21596	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Not putting up xmas lights though could lead to a very depressing place to live and work.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21597	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Most of this spending improves the quality of life of West Lothian residents and any reduction should be done carefully.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21598	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	keep the Christmas lighting.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21599	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	not christmas lights	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21600	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I agree with reducing spending on some of the non - statutory services however some of these services are already stretched enough. Removing Christmas lights is crazy, it is one of the few things that brings any cheer to the community.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21601	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Be careful selecting what to cut. There are numerous options here that can result in more cost spend somewhere else. Festive lighting... lets keep the fun bit for this little of a saving.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21602	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I would continue to support communities e.g. Christmas lighting as this fosters community engagement.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21603	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Out of the list I would keep I	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21604	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Spending should enhance towns and villages for all, I agree that all festivals, Christmas should be funded by the council.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21605	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	As you say non statutory services are important for the people of west Lothian to maintain a community - festive lights,	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21606	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Dont remove xmas lights - towns run down enough without making them look more dreary at xmas.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21607	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	while keeping support to initiatives that affect tourism (e.g.: festive lighting).	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21608	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I have answered yes to this although still think that the projection of a feel good factor for local communities should be maintained despite costs e.g.: Gala day bunting and festive lights. The morale and pride in the communities must be preserved.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21609	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Less of the Christmas decorations too as I imagine that will be similar. Not none, just less.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21610	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	xmas lights shouldnt be impacted by cuts	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21611	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	It would be a very sad day if the Christmas lights could no longer be put up. I never thought this would happen and is shocking to be honest.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21612	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I strongly believe all the community support the council delivers. Such as festive lights are needed in the community. It continues to encourage a sense of community spirit, which sadly is depleting, in this technical world, of ours	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21613	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I think this section of different 'smaller' expenses that might seem frivolous to some, eg christmas lights, but I feel these are often important in creating a safe, nice place to place which West Lothian aspires to be. I would be really concerned if some of these items got cut.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21614	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Leave xmas lights up.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21615	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No to: 51	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21616	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	keep the festive lights	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

21617	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Keep: 51.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21618	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Keep the lights they are away of towns and villages / celebrating and ask groups to contribute more.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21619	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	The non statutory areas are necessary	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21620	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	the rest of these are viable and have to stay	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21621	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	That 's why we pay the council. There will be little support for any of you if you continue fown this route. You are hitting out at the most vulnerable in our society. Shame on you.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21622	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Christmas lights bring people to the area e. g. shopping centre.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21623	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No cuts to non - statutory services these are life enhancing and have suffered many reductions in funding	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21624	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These are so important for communities and morale. Please don 't take these away.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21625	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Would question what exactly we are paying our council tax for?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21626	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	The time you do that we would have nothing	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21627	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Stop cutting back on things the public actually accesses. Also I think meetings should be shown to the public and allow the public to vote on what you are proposing. As suggested in the first one, look on the inside before you start cutting people use! If this is what WL is planning in doing you will find alot of people move away or chose not to live in this area. Ridiculous	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21628	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Look at ways to keep the services but reducing the times.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21629	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No there are too many things on this list that are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21630	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Going to ruin communities	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21631	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Cutting is not the answer, efficiency is the answer.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21632	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	we need all of these services to continue	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21633	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These are essential services to our communities Not seeing a. Reduction in council salaries	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21634	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	While some statutory services could be reduced, most of them are very important, and their recipients often belong to vulnerable groups. Significant cuts to these services will cause significant problems which could require solutions more costly than the current cost of statutory services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21635	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I think funding for these should be kept to improve communities and support families within the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21636	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	This impacts people and community, and theh are struggling just like you are. Don't penalise us further.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21637	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No I don 't agree.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21638	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	They may not be statutory but they all look essential to me	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21639	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	you want to create communities not just statutory funded functions for the residents of West Lothian. It's not enough just to exist, you want to create communities worth living in.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21640	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I think these services are important to the people who benefit for them.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21641	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Whilst these services aren't statutory they are needed. Imagine no Christmas lights etc. not an attractive place to people to live in or developers to invest in	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21642	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	You have already cut back so much so no!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21643	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	There is no room left to cut services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21644	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These services all have far reaching benefits for the community.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21645	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Remove more services but council tax payers get hit in the pocket? Joke.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21646	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Please no further cuts. Its not viable.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21647	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Every one of these services should be statutory. Removal or reduction of any of these, and so may more is abhorrent.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21648	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Why should they lose out	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21649	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	It must always be considered how some of the 'non 'statutory services provide much more than they cost in real terms! ... as far as the health, wellbeing and future development of young people these services are imperative!... although the long term future of the average officer / councillor is finite... the future of West Lothian is a legacy that we, NOW, can futureproof!... a short sighted view of long established services will only harm our already poor reputation as we cannot provide the service we aspire to.... Please examine the long term future and savings / income / grants etc	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21650	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	All vital services needed to support people to live their best lives. The council needs to support people and not keep removing things. WL has very limited opportunities without cutting anymore. Look at more efficient ways. Actually engage with service users for each service as they would have the ideas you seek!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21651	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	stop taking everything away from us you get enough tax money from us so stop digging up the same road over and over again wasting precious money	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21652	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Removing festive lights would drive people out of West Lothian and into other areas, therefore money being spent elsewhere. These services should be improved.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21653	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I can't actually believe the things on this list. The council wants to remove all Christmas lights Very festive. This council proposal is an absolute shambles.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21654	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Reducing these costs would affect our communities and destroy family life.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21655	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Some of these services are essential for the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21656	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These services are vital	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21657	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Absolutely not! Leave as is.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21658	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Non - Statutory services are vital to the community and removing them would be seriously detrimental. Perhaps looking at streamlining services so related information is available in one place & cutting out several layers of management.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21659	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	The majority of these are essential to the well being of everyone but agree non west lothian residents should not be subsidised for child care spaces	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21660	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These are vital services and should not be touched.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21661	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Savings or fees in these areas would make West Lothian poorer overall. Education is important regardless of age. Festive lights lift the mood of the community. Festive lights brighten a cold and miserable time of the year. Cuts to these areas could make West Lothian look worse than it already does with potholed roads and overgrown verges	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21662	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	The majority of these are what I would consider good council services and should be retained.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21663	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Do not reduce spending on any of these	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21664	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Councils should not reduce this. They need to increase joint up working	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21665	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Although these services are not required by law, they are essential for community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21666	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Sounds like this will increase mental health issues across vulnerable groups that access services. No joy at Christmas.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21667	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Although these services are not required by law, they are essential for community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21668	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	There are too many on this list to dispose off. Bunting and Christmas lights bring joy for children!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21669	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No, these services are needed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21670	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These services are important for the people of WLC and the community. Stripping these would make the area less attractive to stay in. I would rather pay more Council Tax. Why haven't the older houses been re-evaluated, I don't pay enough Council Tax in my opinion as I live in an old house. This simple exercise would rather millions rendering most of these cuts unnecessary.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21671	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Absolutely outrageous the propositions. Except the upkeep of golf courses (where rich people can fund and play) I don't agree with any of the cuts. Kids need music, education programs, health and safety support. Already they have very little things to do and most are disrespectful, idle having no courses to engage or develop their skills. Community projects are a must.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21672	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No as these are vital. I know you call them non statutory however adult youth and community services are vital. Statutory services rely on the no stats. As they can't cope. Bad. This is a recipe for disaster. Stop these cuts now! Let's kids play let youth get support. Let LGBT community get support from the service.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21673	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	If the council wants to just be a provider of last resort then go ahead and stop all non statutory functions. But I strongly suspect that this is not what people in West Lothian want and they will make their feelings known through the ballot box given the chance. Scotland is not a third world country (yet) and the services provided by local authorities need to be seen for more than just their monetary value. Local authorities should be funded to enrich the lives of the people they serve and the problem is clearly that they are not.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21674	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	You should be utterly ashamed at removing some of these services. You have a duty as a council to help the community. None of this will matter, you'll still increase costs and reduce services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21675	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	reads like a dereliction of duty here.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21676	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Protect all the stated services here. Has anyone projected the disaster this can and will cause if this goes ahead.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21677	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No way should there be any reduction for Christmas lights - they are services that benefit the majority of residents rather than the minority that councils seem to concentrate on!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21678	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No, you are cutting to the bone not to the benefit of the people of West Lothian.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21679	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	There seems to be a view that these are all 'nice to have' but not essential. I would strongly disagree. Once again it's a case of not seeing the true value of these things and just reducing it all to pounds and pennies. Just because a service is non statutory shouldn't diminish it's importance and make it fair game for getting cut. There are an awful lot of good people doing great things for the people of West Lothian and they certainly don't deserve to be treated as second class employees and jettisoned as a knee jerk reaction every time there is a need to find savings. It does very little to itself needs to have been treated as a solution to a problem not as a problem in itself. The same argument could also be made for many other services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21680	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I don't necessarily think that non - statutory spending should be reduced although I do think that all spending should be considered. Many of the non - statutory items are very important to people and communities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21681	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Difficult one, but these are the things that bind our society together. The importance of these things can be so much more beneficial than any monetary value can say.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21682	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	The problem with reducing non statutory spending is it may make a short term saving the long term cost, which will have to be paid for by the council although may not be a direct cost	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21683	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No. These are important and make West Lothian an excellent place to live	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21684	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I cannot agree with reducing spending on non - statutory services. It is an easy financial win; however, the long - term consequences of reducing or removing some of these services are huge	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21685	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Dumbfounded someone actually costed losing these facilities. Disgusting proposals.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21686	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These services add quality to life in West Lothian. Please do not cut further.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21687	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	services to the community should not be cut..	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21688	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No we need these it 's important there 's hardly anything out there Go tax the big wigs with money more instead of coming after the poor!!!!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21689	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Leave festive lights only enjoyment once a year in a depressing time	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21690	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	While reducing or cutting non - statutory services may appear to be an easy cost - saving measure on paper, it ignores the long - term social and financial impact these services have on our communities. Non - statutory does not mean non - essential. Many of these services — such as youth work, community centres, early intervention programmes, libraries, and mental health support — are vital in preventing more expensive statutory interventions down the line. Removing these supports would not only erode the quality of life in West Lothian but also drive increased demand in areas like social work, education support, and emergency services. In short, these are investments, not luxuries. Sustainable financial strategy means looking beyond short - term savings and recognising the true value these services provide to residents — particularly the most vulnerable.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21691	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No I disagree and feel very strongly that the Council needs to plan ahead and shape services around the changing population, but I feel that these services are absolutely crucial to supporting our local economy and community. It's not fair to expect local services to keep doing more with less, especially when the number of older people needing care and support is rising so quickly. Any changes should be made carefully and only after proper consultation with the people who actually use these services. Cutting too much now would harm our communities in the long run. I am really disappointed and frustrated by the amount of cost - cutting and money - saving measures being proposed. Local people and serv	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21692	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	A lot on non statutory services are required and relied upon by us as public members whether you see it as non statutory or not, it is in the eyes of the public	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21693	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Lack of non statutory services just puts pressure on statutory services and is therefore an inefficient response.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21694	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These services are vital and a life line for many people - if you remove them they will require formal services and these will cost more	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21695	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These would be detrimental.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21696	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Totally disagree with this	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21697	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	So if the council will give up all those services who then will deliver them as there is not many in West Lothian free services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21698	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These services are what hold our communities together and I would vehemently be against their removal. How about making savings from those who do not contribute to our communities, as opposed to those who do?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21699	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Most of the services provided appear to be important and with the exception of one or two would seem to be what's needed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21700	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Again, too much lost already	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21701	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Many of these services are essential	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21702	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	most of the non statutory services are beneficial for community as there is not any alternatives for access them apart via the council.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21703	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Although these are non - statutory services they make an important contribution to life in West Lothian and how West Lothian Council Works. The knock on effect of removing these services is far larger than is implied by the accompanying statements. In addition there are no alternative services for to fill the gaps created by their removal.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21704	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	these are important - keep them and make decisions on the big stuff where big savings can be made	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21705	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	This is the vital unseen part of what's needed in communities - this needs continual funding, especially on local infrastructure	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21706	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Too many depend on these non statutory services and alienating tourists mean income moves elsewhere	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21707	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	They may be non statutory but seem very important and if removed would significantly impact on communities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21708	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These cuts will impact on the community hugely	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21709	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Nope, they should be put money into the services making the services more stable not taking the money away from it all	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21710	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I do not. This is all very important to the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21711	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Too many cuts already	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21712	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Most of these non - stat services are services council tax payers expect to see. To remove them would be nothing short of a joke.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21713	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Surely some of these roles could be merged and the savings taken from these roles before Christmas lights should be considered.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21714	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Feel this could be better managed but don't believe reducing / removing these services is a good idea	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21715	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I don't think any of this should be reduced.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21716	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	A lot of people rely on these services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21717	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	This is an example of expenditure which often benefits the whole of West Lothian rather than just those who are in challenging circumstances. I think it's important that even the wealthier in our region feel they get something back and things like Christmas lights support the whole community. If the council wanted to reduce expenditure on these items, I would encourage them to look for corporate sponsorship and paid partnerships rather than removing the actual provision.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21718	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Often the non statutory aspects are the buffer for those on low incomes and loss of these supports affects the physical and mental well being of the clients. Large employers should be encouraged to support more community based projects.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21719	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Cutting off from other sources not from these essential services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21720	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51 WLC are idiotic to. even consider removing these safety essential services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21721	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No festive lights! How Dickensian! I'm sure these provide enjoyment during the dark nights of the festive period.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21722	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I do not agree that the Council should reduce spending on non - statutory services. These are the very services that hold our communities together — the ones that make West Lothian a place where people want to live, not just exist. Things like festive events,	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21723	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No I do not agree, these services are important to communities	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21724	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Absolutely not these services are vital for West Lothian	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21725	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	non statutory services cannot be cut. these services are essential to early intervention and prevention for chronic issues e. g. violence against women and girls and mental health services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21726	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Removing the Christmas lights to save £88k which is an immaterial amount is something Scrooge would approve of but I feel the public less so. Similar with the galadad preparation.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21727	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I also do not agree with cutting on the installation and removal of festive lights. People look forward to seeing the christmas lights in the streets every year but its more so going to make the kids more excited for festive period.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21728	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	All of these services are vital to youth and community improvement. Yes you can save money but to what cost? These services provide necessary fulfilment to people's mental health and education. The cost will be felt down the road if services are cut. For some children seeing the bunting and the Christmas lights brings joy in a hard life. Support services now save money to mental health programmes if people get the support when they need it.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21729	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	.Putting up Xmas lights undoubtedly makes people think it's a nice place to shop.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21730	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Some services can be removed or capped. But since you have placed them all on one category. Without being able to vote for specific ones, my answer is no	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21731	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	All of these seem vital to the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21732	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These services are critical to West Lothian, and some of these services helps people meet other people and also assist with these day activities. West Lothian council needs to make sure they are not making people who use these services from being affected by physical and emotional stress of not having these services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21733	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	By taking away funding for Christmas lighting etc you are removing community spirit.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21734	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No - absolutely do not agree. And I have already gave a brief run down of why I think this and also what my idea to improve things would consist of. To take funding away from these would be abhorrent to the people who make use of them	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21735	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These non statutory services often provide a life line for ordinary citizens - and a bit of cheer at Christmas all bring a bit of light into an almost mundane and grey existence which many residents experience	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21736	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	There should also be a clearer focus on local reinvestment to ensure communities benefit from any income raised. Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21737	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Removing xmas decorations is a mean spirited measure. bah humbug indeed!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21738	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I disagree with all these points. Christmas lights are at the heart of communities and taking these away would inordinately cruel. Times are tough in West Lothian and people need these touch points in the year, this cannot happen.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21739	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These are the services that mostly support the most vulnerable in our community. everything is impotent to the functioning of our society.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21740	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	think these are all services that are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21741	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These are all important funding	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21742	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	all these things are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21743	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Lights No	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21744	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	festive lights should stay	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21745	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	These services should be kept in place	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21746	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51 - Christmas lights this brings joy but raise funds solar to operate	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21747	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Keep the Christmas lights, in fact get new ones, the ones we have are so pathetically sad.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
21748	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
21749	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
21750	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	no	Environment and Sustainability	3. The respondent advised that they had no comment to make.
21751	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	The council should only spend what it can afford to spend. If it can afford to spend on non statutory then it should but it should be well thought out and if you can't do it all maybe you do it on rotation for every year	Environment and Sustainability	4. The council is already doing this.
21752	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Reduction in overtime used for street decorations for the Christmas period.	Environment and Sustainability	4. The council is already doing this.
21753	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Community groups should be encouraged to fund or partially fund the galaday bunting and Christmas trees and lighting for their towns and villages.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21754	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Leave the winter lights up. There's no need to remove them. Just leave them switched on.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21755	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Ensure costs for festive lighting minimised by installing at a time where staff would be paid flat rate,	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21756	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Make communities contribute if they want lighting up for parades, etc. and make community councils responsible for all costs associated with these things if they are not already (inequity as some areas have big parades, other areas have none at all).	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21757	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Christmas decorations should not be switched on until 1st December. Saving on electricity and environment	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21758	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	The Christmas trees 'brings a lot of joy to people. Could local communities fundraise for Christmas decorations? West Lothian's are dire compared to other councils.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21759	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Shops could perhaps sponsor Christmas lighting.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21760	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Festive lighting is necessary due to the dark, not so much because of the festive season so could have less fancy lighting.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21761	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	5) Leave festive lighting up all year.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21762	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I) switch on and off but just leave lights up	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21763	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Services such as Festive Lighting could be reduced to 2 or 3 larger towns and or part funded by businesses in the area that benefit from the lights. In smaller towns the community councils could fund raise or apply for lottery funding for Festive Lights. This happens in my home town.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21764	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Christmas Lights only in main towns. Stop in villages reduce time lights are on.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21765	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Depends on the needs of the service provided and support around what communities require. Reduce the times when Festive Lighting is on - still keep it but may turn off at certain times of day to save money.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21766	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Try engaging with community groups to help more with festive decorating. People will help if asked - small towns are deteriorating rapidly with no community spirit.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21767	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Christmas lights - in Midlothian, Christmas lights are up all year, just not switched on. Could this be an alternative?	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21768	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Xmas lights only on at peak times to save money.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21769	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51 - Peak time festive lighting.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21770	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Switch off the lights at the precinct at 11pm	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21771	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51 again community volunteers.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21772	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51 Christmas lights cheer the place up but could be smaller units and leave them up, only on at Christmas?	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21773	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	instead of buying or taking down decorations keep them up and fix or replace them instead of getting rid of everything.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
21774	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Yes they should, but not across all of the services listed, some of them are essential	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21775	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	A lot of these services are already being or have been cut back. Not all should be cut back.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21776	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	See what non - statutory services are not being used fully in all areas and maybe end them and move the money elsewhere.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21777	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	I thought these services were already paid for through council tax	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21778	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	This needs looked at carefully and prioritised many of the things listed could be cut but others should be kept a degree of common sense needed	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21779	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Some of the areas highlighted are critical for the residents of west lothian and further investigation would be required	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21780	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Consider all of these to be important. We would support efficiency savings if that can be achieved but this should not come at the cost of reduction of quality of service.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21781	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	Festive lights that in some parts of West Lothian are kept up all year around - how does that cost £88k?	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21782	Theme 5- Reducing Spending on Non-Statutory Services	51 - Installing and removing festive lighting across the area.	51 - it doesn't get taken down!	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21783	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	You could definitely reduce some of these but focus should be on things that wouldn't result in a loss of service and support for vulnerable people. So no cuts to community services for vulnerable groups but maybe spend less where there isn't a direct loss of service.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21784	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	wow! just wow! keep wasting huge sums in house and take away christmas lights. Use the money from the 500 acres of land stolen from Blackburn	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21785	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	Cuts and more cuts. Some yes but the majority no. These are much needed services	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21786	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21787	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	Christmas lighting in towns and villages	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21788	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	christmas lights could be done better - livingstons are up and some dont work.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
21789	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	I find it had to believe it costs so much to put some decorations up for Christmas.	Environment and Sustainability	9. The respondent made a comment on the survey question
21790	Theme 5- Reducing Spending on Non-Statutory Services	5l - Installing and removing festive lighting across the area.	Some of them should be prioritised above others	Environment and Sustainability	9. The respondent made a comment on the survey question
21791	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	With exception of youth social activity funding everything else should be cut	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21792	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The council need to budget school patrol should be cut back as a parent myself its pointless employing someone to press a button on traffic lights school patrol should only be required where there is no safety crossings you see it alot around west lothian school patrol standing at traffic lights this is a waste of the councils money kids should be taught how to cross safely at traffic lights and save alot of school money.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21793	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Common sense things, stop funding: lollipop people - Look at the cumulative cost of getting rid of all the small things that could ensure larger services can continue. For those larger services, find more efficient alternatives.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21794	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Remove crossing guards at places where there is a traffic signal.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21795	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I agree with this in principle however it is essential council continues to support important and vital community organisations & activities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21796	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Some massive savings to be had here and these are some of the areas you need to look at in great detail.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21797	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Times are tough. Time to tighten the belt and maybe when you are crippled by debt you can look at these items again to reintroduce them.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21798	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Within reason	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21799	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	M can be reduced due to investment in traffic calming and 20 mile per hour speed limits.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21800	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21801	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Although this is a difficult decision it is required to balance the books based on the funding allocation.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21802	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The cost of school crossings is excessive given there should be pedestrian crossings in all key areas.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21803	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Look at ways to reduce costs in each area but do not cut any of the serviced entirely	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21804	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes but leave the schools alone.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21805	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	A lot of the rest seems like wasted money really.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21806	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Some not all should be cut. Agree with cutting all except 5d, f, i, K, L, WX.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21807	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Crossing safety guard already stationed at Traffic light crossings should be removed.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21808	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes, there should be a common sense approach but not to the detriment of the majority. There will be corner cases that need reviewed separately HOWEVER all waste should be eradicated.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21809	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	We have never been in a worse state, stop funding the nice to do and fund the must do	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21810	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes. They should be providing a statutory service of maintaining roads, refuse collections and recycling etc. But anything out with statutory needs to go	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21811	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	School patrol should be cut they dont need someone standing at traffic lights this is an unnecessary job a waste of councils funds	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21812	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Absolutely, maintain and improve core services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21813	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes but not everything at once. Please be mindful about our safety and wellbeing	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21814	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I agree to reduce this spending but not at the expense of safety (I.e gritting of roads etc) also people's mental well being needs to be at the forefront, especially as these times are hard financially on all of us.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21815	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Some of this is just crazy. Major cuts needed	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21816	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	All other extras reduce or eliminate.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21817	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I would agree although we must be looking at improvements / cuts that will ho in favour of future generations. The country is on its knees and its not going yo get any better	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21818	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes but we can also reduce spending on statutory services. We still provide the service but to a lesser extent	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21819	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	If it's not legally required to be provided then why would the council pay for it. You need to start thinking with private sector mindset if you have such a dire financial shortfall.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21820	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes stop spending on all non statutory areas	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21821	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I think all these proposals make sense	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21822	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	All the non statutory spending should be cut to a bare minimum.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21823	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Lollipop ladies and men should be removed from services where they operate at a traffic light section. Kids know how to press a button and wait, this is very wasteful.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21824	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Sadly, I do agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21825	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Any none essentials should be reduced.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21826	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Completely agree, some of the charges are a complete waste of money and unnecessary! Public should pay for some of these themselves and gala bunting and Christmas lighting is completely unnecessary. That money could be used on cleaning the streets instead of improving cycling paths etc. Over £700k a year for lollipop man is also excessive and providing school transportation over £1m shouldn't be the councils money to spend. It should definitely be paid by the people requiring those services or case by case basis and when absolutely necessary!!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21827	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Supplying school crossing patrols seem unnecessary at areas with traffic light controls in place.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21828	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Supplying school crossing patrols. there are crossing patrols stationed at areas which don 't require then I. e. at pedestrian lights. Buses most of the children have there young Scots cards they can use.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21829	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I am very much aware of a lot of road crossing staff that are obsolete due them being positioned at traffic lights. There is no need for them. However at non electric crossing such as zebras and other designated crossings they should be kept	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21830	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	All of the above	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21831	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yeah absolutely these are all things that could be readjusted.... by either minimising staff in certain areas and charging for certain services such as the music group and waste disposal.... if you are providing a service you can charge a fee to make a profit rather than just blowing it out the window.... if certain positions are overstaffed and could be done with less cut down.... if one person could update headteachers via video link instead of hiring out a whole team and building etc change things up a bit have people work from home or freelance in one area on the side of a main job if there 's not much to be done in certain areas instead of hiring a whole lot of people... if you focus on shaking things up a little, bringing in money where you can and streamlining some of the bigger things like schools and public transport etc I dont see why you couldn 't make significant changes in the budget and the way things are run	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21832	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Unfortunately only essential services should be supported	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21833	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Remove all services which are not mandatory	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21834	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Agree with almost all proposal - however disagree strongly in 5C / 5H our children should not suffer in budget cuts. Schools and support for schools particularly our children with additional needs should be the councils biggest priority. We value the service 's provided but further rationalisation is required across all the other non - statutory services to ensure we protect the children of West Lothian 's future.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21835	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes but it 's mostly peanuts.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21836	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I agree, but... I can see west Lothian turning into a dump if they get rid off all those services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21837	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Reduce non - statutory spending as much as possible.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21838	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	stop funding to anything that is not for the most vulnerable people that reside in west Lothian	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21839	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Protect statutory services and stop delivering non statutory	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21840	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes, however, it will have an impact on communities and in some circumstances may lead to additional costs to the Council	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21841	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes but perhaps increasing planning fees would assist this gap?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21842	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I agree with all of these proposals	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21843	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Only if necessary.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21844	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Absolutely agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21845	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21846	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Remove school crossing patrols at controlled pedestrian crossing	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21847	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	You could balance the books by stopping providing services that are not required by law - make savings in all these areas.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21848	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Make major savings from all non - statutory services in order to concentrate on statutory	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21849	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5m - cut by half	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21850	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21851	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes I agree.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21852	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	To save money	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21853	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Dont have school crossing patrols	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21854	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21855	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	There is definitely a need to reduce spending on non statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21856	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	But only where there is no detrimental effect	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21857	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I would remove all but essential spend.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21858	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I agree this has to happen because there is realistically no other option with such a significant budget gap. However, there needs to be careful consideration about the pressure that these reductions in spending will place on Statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21859	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Supplying School crossing patrols? Is there a need for this now? Relating to point 5m: The council have spent a sizeable budget in recent years alone installing pedestrian crossing facilities in the vicinity of schools. We don't need both.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21860	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Stop altogether.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21861	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Fine	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21862	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes reduce services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21863	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	All the suggestions on the previous page have merit	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21864	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	this is an obvious area to look at, however some of the items listed would be a great loss and this needs careful consideration.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21865	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Agree that Council should look at range of non - statutory services being provided but acknowledging that many add significant economic, social, community and environmental value and benefits to West Lofian residents and communities - which without these services would potentially have an adverse impact on these very communities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21866	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Lollipop men / women could be cut as they now stand at traffic lights, big waste of money.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21867	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5b, 5c, 5g and 5m are not required which would save £2. 5m straight away and 5k seems excessive.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21868	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes, reduce spending here. I think it is still important to offer some support for less fortunate and possible at risk children during school holidays and offering days where a professional will see them in order to monitor safety	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21869	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Review these and make savings / better planning for services on offer and who uses which facilities	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21870	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I agree with all of these ways of saving money. I know people who get a council house then lets someone else live in it, most comen people who are in drug related I understand the need to save money, s for the council homes that are not used for people's drug related acts this has to include looking at the fraud side this has been going on for along time.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21871	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Focus on savings on the following 5m	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21872	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	To a certain e tent but I would need very careful scrutiny and thought which might out weigh the benefits	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21873	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Most of this seems reasonable but you could save money by encouraging community engagement with these ideas. People will lend their time to improving the world around them if you let them. Encourage people to get involved with these and help communities start to engage with themselves. Otherwise whats the point?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21874	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes, I agree that the Council should reduce spending on non - statutory services, especially in the current financial climate. Given the size of the budget gap facing West Lothian Council, it is essential to prioritise funding for statutory services that the council is legally obliged to provide, such as education, social care, and waste collection. Non - statutory services, while valuable, are discretionary and may need to be scaled back or redesigned to ensure the council can continue to deliver its core responsibilities effectively. This does not necessarily mean removing these services altogether, but rather reviewing them to identify efficiencies, reduce duplication, or explore alternative delivery models such as working in partnership with communities or voluntary groups. It's about making difficult but necessary choices to protect vital frontline services and maintain financial sustainability over the long term.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21875	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	All of these are ancillary and should be eliminated. People who care about such things can demonstrate such by paying for them	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21876	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I have insufficient knowledge of the details of non - statutory services provision to provide further suggestions. However, in the current economic position, the cessation of many of those activities listed previously is a no - brainer. I'm surprised they have not been stopped before. 5g is the most alarming item to me.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21877	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I personally think lolly pop people are pointless, they are literally pressing a traffic light button even for adults it's embarrassing surely people can press a button themselves, and parents teach children road safety.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21878	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	school crossings etc are a waste of money.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21879	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	This is the easiest option and shows that the extras that need to be saved	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21880	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I agree. Money is being overspent.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21881	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	No need for lollipop people at schools where there is traffic lightsv	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21882	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Too much money is being wasted on these services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21883	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	lollipop men / women is £723000 that's a lot given the amount of pedestrian crossing in place at each town, I'd imagine the chances of an accident in surrounding areas are higher risk of an accident happening than on a main road where pedestrian crossing are in place yet we don't have lollipop men / women in surrounding areas where cars fly up and down roads increasing the risk of accidents occurring	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21884	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Only provide essential services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21885	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Funding should be reduced for non statutory services unfortunately needs must.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21886	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Why do children / teenagers need school crossing attendants to cross a road to school. What happens at weekends when they need to cross them?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21887	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Almost all of the above should be reviewed to assess the impact of this spend has on achieving councils core priorities and to see if it duplicates / competes with third sector or other stakeholder provision. Could some of this provision be delivered as well / better by other agencies e. g. NHS, college, charities or the business community. Is the provision needed in an AI world where people can access a wealth of information in other ways?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21888	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Stop having lollipop people where there are light crossings in place	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21889	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	remove school crossing patrols	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21890	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Review crossing patrol at working traffic lights. Seems ludicrous to have a crossing patrol press the button and watch children cross at Armadale academy. Should be used for main and side roads where no electronic crossing equipment is available.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21891	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Although I am a lollipop man myself, why do we have my colleagues standing at pedestrian crossings when all that is needed is someone pressing green man button.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21892	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Eradicate lollipop men as these are no longer effective and stand at traffic light crossings.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21893	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Agree with cuts to following Supplying school crossing patrols.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21894	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	We don't need lollipop men and ladies for children in secondary education. Let's face it most of these kids get on a bus for two stops. If towns and villages gala days cost that much maybe you should ask the local community for volunteers to help set them up.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21895	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Reduce spending in all non statutory services before cutting statutory services. Parliament has decided which services are statutory, and funds councils to provide them. Don't risk the effectiveness of statutory services by throwing this money away where its not required. Stop some spending completely i. e anti - poverty, regeneration, non - statutory school busses.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21896	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Remove school crossing at secondary - keep at primary.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21897	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Cancel: 5m,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21898	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21899	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Reduce school crossings patrols.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21900	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Remove crossing patrols where there is a pelican crossing already in place.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21901	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5m could be reduced.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21902	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	anything non statutory should be stopped immediately - we are not in a time where we have the luxury of extras.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21903	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Some schools crossing patrols are a pointless as they often stand at the traffic lights, children do not need someone clad in hi - viz to push a button.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21904	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	There are at least 4 crossing patrol officers within Broxburn operating on crossings. One of these is near the academy, while im sure most primary children understand they need to wait for the green man id expect secondary children to do so without someone pushing the button for them.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21905	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21906	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5m	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21907	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Get rid of school crossing patrol persons that are situated at traffic lights, also get rid of the ones who aren't there for the whole of their shift	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21908	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	All items in 5 should be executed on as there is significant cost savings to be achieved in non statutory services. However as it's around 10 % of total spend efficiencies in statutory services is an absolute priority.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21909	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Everything should be looked at any surplus cash accounted for and not spent because its there	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21910	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	School crossing patrol won't be necessary if school teachers and parent were made aware of the possible danger, make every individual more aware of the surroundings	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21911	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	During current climate these are not required	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21912	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I agree with the following savings / service reductions - 5l - festive lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21913	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I agree with the following savings / service reductions - 5m - School crossing patrols only where existing traffic lights exist	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21914	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Stop spending on all non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21915	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Do all of the above if they budget cannot be met, by the steps previously noted.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21916	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Stop doing., 5m	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21917	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Removed school crossing patrol person where there are pedestrian crossing lights for children to use.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21918	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Abolish crossing patrols at pedestrian crossings.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21919	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Reduce spending on non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21920	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The provision of statutory services must be reviewed and where not appropriate action should be taken to object.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21921	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Crossing patrols at lights are not needed. Pupils are capable of pressing the button themselves.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21922	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Make up the rest by cutting non - statutory services to protect core services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21923	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Review all services. School crossing - invest in pedestrian crossings and additional signage. Lollipop man is a little outdated these days.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21924	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The lost published of non essential spending seems to include a lot of things that dont seem necessary and could be withdrawn.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21925	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Get rid of lollipop staff at traffic lights and existing road crossings and instead teach children how to cross safely at a crossing	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21926	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	You have to look at all these services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21927	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5m - Cut where the crossings so cut half.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
21928	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Defo that these should be looked at and stopped	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21929	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Agree with them all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21930	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5m. Parents should be responsible for getting their children to school, especially when it includes crossing roads. This would negate the need for crossing patrols.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21931	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	You must make savings in all these non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21932	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I would get rid of 5m (ask parents to volunteer)	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21933	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The services that are non statutory should not be funded. Instead the money should be used to keep partnership buildings well maintained.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21934	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I also don't understand the value of lollypop people as I majority I see work on traffic lights, so shouldn't be needed.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21935	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21936	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21937	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21938	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21939	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21940	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21941	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I mentioned crossing patrols earlier. I think they are unnecessary. It is parental responsibility to get your child to school safely.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21942	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21943	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21944	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes, look at all these examples.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21945	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Crossing patrols not needed at as many sites, overstaffed 2 alone from fire station to police station Broxburn placed at 2 sets of lights insane!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21946	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Cut back on school crossing patrols	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21947	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5m - not needed at traffic light crossings.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21948	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes, explore these options.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

21949	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I agree that savings could come from all these non - statutory services. It wouldn't be necessary to stop any, but all can contribute.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21950	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	All of the above needs to be looked at as I feel that money is being wasted.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21951	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Supplying school crossing patrols. - Most of these are at traffic lights so no need for crossing patrol to be there	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21952	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Get rid of 5m	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21953	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21954	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21955	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The number of pedestrian crossings are suffice, in many cases the lollipop lady / man is standing at the crossings - this makes no sense, reintroduce the green cross code make the kids more accountable for themselves	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21956	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Could spend less money on things that are not required by law	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21957	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes to: 5m - only where needed	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21958	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Save money by removing crossing patrols - most are at pedestrian crossings anyway so the responsibility should be with the parents of the children to ensure they cross safely and at the right point. However some of the money needs to go into road safety education in schools.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21959	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	d) do not have crossing patrol where there is a crossing especially one with traffic lights. This should be a parents responsibility not the council.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21960	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The ones from the previous page which I would agree with reducing or removing spending from would be 5m,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21961	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I only agree to reduce / remove spending on points from previous page which are: 5M,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21962	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	yes to 5m	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21963	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Get rid off school crossing officers that are stationed at traffic lights	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21964	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Stop spending money on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21965	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Why don't you just take absolutely everything away-. basic fundamentals at play here.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21966	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Spending on these services should be revised. Some areas get more of of these services than others. A complete overhaul of services and budgets are required.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21967	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes - there's no need for crossing patrol standing at sets of lights, what a waste of money that is.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21968	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Why are school crossing patrols provided where there are fixed pelican crossings? Always feels like someone is being employed to push the button	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21969	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Cut discretionary services,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

21970	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Suggest school crossing service should not be provided at lunch times.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21971	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Stop spending on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21972	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Reduce spending on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21973	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Cut everything unnecessary and provide essential services only.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21974	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I think a consideration should be given to more focus on reduction of non statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21975	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Cut back non essential services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21976	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Live within your means and don 't spend money on unnecessary non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21977	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Its very simple - stop spending money you don 't have on services you don 't need to provide,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21978	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Stop paying for non essential services and save the money from that	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21979	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Rather than tax more, cut the non - statutory services you are not obliged to provide,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21980	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5m is not required if children are taught how to use crossings and traffic lights and road safety.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21981	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	While I agree some of these services need to be cut alot of communities really need them	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21982	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	If the service isnt benefiting people and not being used then thinking about removing it worth considering.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21983	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5m Supplying school crossing patrols. (£723, 000) not essential as more places had traffic lights in place	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21984	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Balance the books by cutting non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21985	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Your wn figures show you can live within your means if you cut unnecessary non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21986	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Stop spending on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21987	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Your figures show you don 't need to raise taxes or charges if you stop spending money on non - statutory services - this is where the savings should come from.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21988	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Stop spending money on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21989	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Cut spending on non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21990	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Stop spending on unnecessary non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

21991	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	So too is supplying crossing patrols - that 's a volunteer job for schools to organise.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21992	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	School crossings are pointless considering half of them have pedestrian crossings anyway	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21993	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Based on the options and details provided before this question I feel there are ample opportunities to save money before having to raise council tax. The crossing patrol is just one example	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21994	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Close non essential services. lollipop men / women is this really an essential service.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21995	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5m - Patrol - cut half - we don 't need a human if crossing pelican crossing. Give staff other jobs so no one has less wages.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21996	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I only agree with 5m Supplying school crossing patrols. (£723, 000)	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21997	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	All non statutory services should be looked at to help streamline and make savings if possible, but completely stopping funding seems short sighted	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21998	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I agree with majority	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
21999	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes traffic wardens. Then share the money that way so the locals service users and West Lothian folk don't lose out on stuff that is inportant and needed	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22000	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I disagree with most of these proposals however I would like to see some of them reviewed and reduced to an acceptable amount. Look at the option of volunteering and or self funding posts that can operate some of the services. E. g. country park wardens, galaday funding officers etc. 5m can be reduced if there is a suitable pedestrian crossing nearby. Note: you cannot comment on the last question. Also, I'm not impressed with the survey at all as it is limits responses. Have you made up your mind anyway. Re the last question - I agree the council tax could be increased as long as people of the community have their say on what it is spent on.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22001	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	School crossing patrols should not be reduced. They are vital hesth and safety in busy areas.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22002	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	However, the crossing patrol would need to remain in that case.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22003	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	These need to be run better not cutting in services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22004	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	cross wardens is necessary for encouraging walking.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22005	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Wow with the removal of all these West Lothian Council does not look like a place where I would like to stay in.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22006	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I do however think 5m is so important as a child could get seriously hurt or die without the support to cross the roads	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22007	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	None of these should be stopped! Every one of these includes life or death circumstances! They incorporate the health and wellbeing of the residents. You are suggesting cutting items that people need. It is items people assume is why we pay a council tax! Reducing gritting or roads and pavements more has the possibility of causing injury or death! No cost is too much for this. We need each other. We need companionship. We need groups and lications where people can sit and talk and learn and eradicate racism bigotry and counter the fake news and gossip spread by locking people in their homes relieving their news from social media. Again! Internal saving first before you cut externally	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22008	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	There are savings and efficiencies to be made but there is also a lot of value in the services being offered so there is nothing on the list that I would be in favour of scrapping entirely. For example the central services provided in Education Services are important for ensuring statutory compliance and quality of service, and the work that is carried out would not just go away, it would be passed to Headteachers and their staff who would not have capacity to do it.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22009	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I agree with the exception of the following items: e, f, h, k, m, n, p, q, r, v, x and z	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22010	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I agree with most of these but they are not saving money. These services need to be continued.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22011	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	With the exception of 5m, 5n, 5p and 5x which I think should remain, I believe all the other suggested savings should be made	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22012	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5m this should stay as a health and safety criteria for young children	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22013	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	where possible retain any involving vulnerable or young persons within the county but remove any that aren't shown to be working and can be replicated in other savings.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22014	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Crossing patrols are part of safe walking routes to school.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22015	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Keep school crossing patrol guides.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22016	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Most of this spending improves the quality of life of West Lothian residents and any reduction should be done carefully.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22017	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Don't stop things that impact safety like school crossing patrols	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22018	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	And 5m may come at the cost of injury and death.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22019	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Out of the list I would keep m	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22020	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Supplying school crossing patrols should remain. Children need to be safe.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22021	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Out of the list of examples, of which too many to comment on each 1, there is a mix of things the council should continue, eg 1, school crossings.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22022	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Please do not impact anything that impacts citizen safety, for example 5m schools crossing patrols. While cuts may need to be made across several services let's not have it result in people being killed, especially children. What a state we are all in if this needs to be said so it doesn't happen.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22023	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	safety services should be kept.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22024	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	You should not cut any services that might prevent accidents, nor cuts on parks and nature maintenance, they are already being too damaged by careless people and we want to live in a nice environment.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22025	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The following points is where I agree savings can be made in this section: 5b, 5c, 5f, 5g, 5l. I strongly disagree that cuts should be made to all other points in particular point 5o. The Advice Shop offers an invaluable service to the residents of WL. If cuts were made to Advice Shop then this would have a detrimental impact on WL in particular the most vulnerable who seek support this includes older people, those with a cancer diagnosis & long term conditions. In 2024 / 25 the Advice Shop received 3500 referrals into service including 410 customers from carers of WL generating £1.2m in extra income for them. Last year the Advice Shop prevented 175 evictions through advice & assistance from their court advice project. The total cost of evicting a single person can be around £24k, this is a substantial saving to the council. Last year the Advice Shop supported 1732 customers from a child poverty priority group - this includes lone parents & families with a disabled adult or child.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22026	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	My answer to this is mixed. Do we need school crossing patrols, of course. Especially because houses upon houses keep being built and the roads are verging on dangerous.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22027	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The council needs to target carefully what they cut. School crossing patrol officers are vital in some communities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

22028	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	School crossing patrols are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22029	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5m) keep	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22030	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Whilst I agree with some of the noted reductions I do not agree with bullet point re school crossing patrols.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22031	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	However it would very much depend on the non - statutory services being cut. School Crossing Patrols provide a very important health and safety service.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22032	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	School Crossing Patrols??? Can we really put a cost on our children 's safety???	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22033	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I do not agree with the proposal to remove school crossing patrols and feel this could be detrimental to the safety of children and young people.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22034	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Do not agree that 5m should be stopped.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22035	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	school crossing keeps people safe	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22036	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	No to 5m,	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22037	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5m - if no pedestrian crossing then keep	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22038	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Agree with some of the ideas but not the school crossing patrols, our kids need to keep safe	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22039	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	you have already cut this service enough and these are important ones as well we use the school crossing patrol when we bring the children to the after school club as many of our group does not only in west lothian but we are based in edinburgh too and they are good send and do a wonderful job if the post is abandoned and you can 't get it filled then get rid of but if it is not then leave it alone other services are important to for all the diff people they are in place for i think that the council needs to think about what they are really providing for people nowhere days as it is not doing any	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22040	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The non statutory areas are necessary	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22041	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I do not think you should get rid of school crossing patrol they are a fatal service and do a wonderful job and all these other services are important as well	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22042	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	the rest of these are viable and have to stay	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22043	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Everything else can stay.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22044	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	That 's why we pay the council. There will be little support for any of you if you continue fown this route. You are hitting out at the most vulnerable in our society. Shame on you.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22045	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Children in West Lothian should also be able to walk safely to local school,	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22046	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	No cuts to non - statutory services these are life enhancing and have suffered many reductions in funding	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22047	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	These are so important for communities and morale. Please don 't take these away.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22048	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Would question what exactly we are paying our council tax for?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22049	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The time you do that we would have nothing	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22050	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	It's disgusting that even the notion of removing school patrol crossing amongst so many others are actually up for discussion. This is the BARE minimum you should be providing.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22051	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Stop cutting back on things the public actually accesses. Also I think meetings should be shown to the public and allow the public to vote on what you are proposing. As suggested in the first one, look on the inside before you start cutting people use! If this is what WL is planning in doing you will find alot of people move away or chose not to live in this area. Ridiculous	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22052	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Look at ways to keep the services but reducing the times.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22053	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	No there are too many things on this list that are needed.. School Patrols for example	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22054	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Going to ruin communities	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22055	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Cutting is not the answer, efficiency is the answer.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22056	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	we need all of these services to continue	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22057	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	These are essential services to our communities Not seeing a. Reduction in council salaries	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22058	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	While some statutory services could be reduced, most of them are very important, and their recipients often belong to vulnerable groups. Significant cuts to these services will cause significant problems which could require solutions more costly than the current cost of statutory services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22059	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I think funding for these should be kept to improve communities and support families within the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22060	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	This impacts people and community, and theh are struggling just like you are. Don't penalise us further.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22061	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	No I don't agree.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22062	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	They may not be statutory but they all look essential to me	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22063	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	you want to create communities not just statutory funded functions for the residents of West Lothian. It's not enough just to exist, you want to create communities worth living in.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22064	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I think these services are important to the people who benefit for them.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22065	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Whilst these services aren't statutory they are needed. Imagine no lollipop person to help the kids cross not an attractive place to people to live in or developers to invest in	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22066	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	You have already cut back so much so no!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22067	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	There is no room left to cut services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22068	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	These services all have far reaching benefits for the community.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22069	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Remove more services but council tax payers get hit in the pocket? Joke.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22070	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Please no further cuts. Its not viable.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22071	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Every one of these services should be statutory. Removal or reduction of any of these, and so may more is abhorrent.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22072	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Why should they lose out	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22073	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	It must always be considered how some of the 'non 'statutory services provide much more than they cost in real terms!... as far as the health, wellbeing and future development of young people these services are imperative! ... although the long term future of the average officer / councillor is finite... the future of West Lothian is a legacy that we, NOW, can futureproof! ... a short sighted view of long established services will only harm our already poor reputation as we cannot provide the service we aspire to.... Please examine the long term future and savings / income / grants etc generated from some of these service areas	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22074	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	All vital services needed to support people to live their best lives. The council needs to support people and not keep removing things. WL has very limited opportunities without cutting anymore. Look at more efficient ways. Actually engage with service users for each service as they would have the ideas you seek!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22075	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	stop taking everything away from us you get enough tax money from us so stop digging up the same road over and over again wasting precious money	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22076	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Reducing all these listed will reduce the appeal of West Lothian. These services should be improved.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22077	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Reducing these costs would affect our communities and destroy family life.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22078	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Some of these services are essential for the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22079	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	These services are vital	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22080	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Absolutely not! Leave as is.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22081	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Non - Statutory services are vital to the community and removing them would be seriously detrimental. Perhaps looking at streamlining services so related information is available in one place & cutting out several layers of management.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22082	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The majority of these are essential to the well being of everyone but agree non west lothian residents should not be subsidised for child care spaces	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22083	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	These are vital services and should not be touched.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22084	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The majority of these are what I would consider good council services and should be retained.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22085	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Do not reduce spending on any of these	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22086	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Councils should not reduce this. They need to increase joint up working	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22087	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	school crossings should not be cut.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22088	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Although these services are not required by law, they are essential for community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22089	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Although these services are not required by law, they are essential for community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22090	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	No, these services are needed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22091	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	These services are important for the people of WLC and the community. Stripping these would make the area less attractive to stay in. I would rather pay more Council Tax. Why haven't the older houses been re-evaluated, I don't pay enough Council Tax in my opinion as I live in an old house. This simple exercise would rather millions rendering most of these cuts unnecessary.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22092	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Absolutely outrageous the propositions. Except the upkeep of golf courses (where rich people can fund and play) I don't agree with any of the cuts. Kids need music, education programs, health and safety support. Already they have very little things to do and most are disrespectful, idle having no courses to engage or develop their skills. Community projects are a must.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22093	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	No as these are vital. I know you call them non-statutory however adult youth and community services are vital. Statutory services rely on the no stats. As they can't cope. Bad. This is a recipe for disaster. Stop these cuts now! Let's kids play let youth get support. Let LGBT community get support from the service.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22094	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	If the council wants to just be a provider of last resort then go ahead and stop all non-statutory functions. But I strongly suspect that this is not what people in West Lothian want and they will make their feelings known through the ballot box given the chance. Scotland is not a third world country (yet) and the services provided by local authorities need to be seen for more than just their monetary value. Local authorities should be funded to enrich the lives of the people they serve and the problem is clearly that they are not.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22095	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	You should be utterly ashamed at removing some of these services. You have a duty as a council to help the community. None of this will matter, you'll still increase costs and reduce services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22096	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	reads like a dereliction of duty here.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22097	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Protect all the stated services here. Has anyone projected the disaster this can and will cause if this goes ahead.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22098	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	No, you are cutting to the bone not to the benefit of the people of West Lothian.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22099	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	There seems to be a view that these are all 'nice to have' but not essential. I would strongly disagree. Once again it's a case of not seeing the true value of these things and just reducing it all to pounds and pennies. Just because a service is non-statutory shouldn't diminish its importance and make it fair game for getting cut. There are an awful lot of good people doing great things for the people of West Lothian and they certainly don't deserve to be treated as second-class employees and jettisoned as a knee-jerk reaction every time there is a need to find savings. It does very little for staff morale to keep being touted as a solution to a problem not of their making. Have some compassion and show some sensitivity!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22100	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I don't necessarily think that non-statutory spending should be reduced although I do think that all spending should be considered. Many of the non-statutory items are very important to people and communities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22101	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Difficult one, but these are the things that bind our society together. The importance of these things can be so much more beneficial than any monetary value can say.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22102	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The problem with reducing non-statutory spending is it may make a short-term saving the long-term cost, which will have to be paid for by the council although may not be a direct cost.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22103	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	No. These are important and make West Lothian an excellent place to live.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22104	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I cannot agree with reducing spending on non-statutory services. It is an easy financial win; however, the long-term consequences of reducing or removing some of these services are huge.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22105	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Dumbfounded someone actually costed losing these facilities. Disgusting proposals.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22106	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	These services add quality to life in West Lothian. Please do not cut further.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22107	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	services to the community should not be cut.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22108	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	No we need these it's important there's hardly anything out there Go tax the big wigs with money more instead of coming after the poor!!!!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22109	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	While reducing or cutting non-statutory services may appear to be an easy cost-saving measure on paper, it ignores the long-term social and financial impact these services have on our communities. Non-statutory does not mean non-essential. Many of these services — such as youth work, community centres, early intervention programmes, libraries, and mental health support — are vital in preventing more expensive statutory interventions down the line. Removing these supports would not only erode the quality of life in West Lothian but also drive increased demand in ~~social care, health services, and other public services, leading to higher costs for the council and the community.~~	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22110	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	No I disagree and feel very strongly that the Council needs to plan ahead and shape services around the changing population, but I feel that these services are absolutely crucial to supporting our local economy and community. It's not fair to expect local services to keep doing more with less, especially when the number of older people needing care and support is rising so quickly. Any changes should be made carefully and only after proper consultation with the people who actually use these services. Cutting too much now would harm our communities in the long run. I am really concerned and frustrated by the level of cuts and how these services have been removed. I need services and a lot of non statutory services are required and relied upon by us as public members whether you see it as non statutory or not, it is in the eyes of the public	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22111	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	A lot of non statutory services are required and relied upon by us as public members whether you see it as non statutory or not, it is in the eyes of the public	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22112	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Lack of non statutory services just puts pressure on statutory services and is therefore an inefficient response.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22113	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	These services are vital and a life line for many people - if you remove them they will require formal services and these will cost more	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22114	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	These would be detrimental.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22115	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Totally disagree with this	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22116	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	So if the council will give up all those services who then will deliver them as there is not many in West Lothian free services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22117	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	These services are what hold our communities together and I would vehemently be against their removal. How about making savings from those who do not contribute to our communities, as opposed to those who do?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22118	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5m - no	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22119	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Most of the services provided appear to be important and with the exception of one or two would seem to be what's needed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22120	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	we need our school crossing patrol as they are an essential to our kids we have two wonderful school crossing patrol ladies in winchburgh and without them we could not do our bike to school in winchburgh as would not be safe.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22121	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Again, too much lost already	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22122	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Many of these services are essential	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22123	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	most of the non statutory services are beneficial for community as there is not any alternatives for access them apart via the council.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22124	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Although these are non - statutory services they make an important contribution to life in West Lothian and how West Lothian Council Works. The knock on effect of removing these services is far larger than is implied by the accompanying statements. In addition there are no alternative services for to fill the gaps created by their removal.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22125	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	these are important - keep them and make decisions on the big stuff where big savings can be made	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22126	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	This is the vital unseen part of what's needed in communities - this needs continual funding, especially on local infrastructure	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22127	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Most of these are vital community services which could probably benefit from more spending	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22128	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Too many depend on these non statutory services and alienating tourists mean income moves elsewhere	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22129	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	They may be non statutory but seem very important and if removed would significantly impact on communities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22130	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	These cuts will impact on the community hugely	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22131	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Nope, they should be put money into the services making the services more stable not taking the money away from it all	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22132	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The sum for school crossing patrols is paltry compared to other costs. Will the council accept blame if a child is injured or killed if these posts are withdrawn?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22133	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	However I do not agree with removing / reducing school crossing patrol guides as these are essential for enabling children to access schools safely - especially as school crossing patrol guides only work 2 hrs / day and therefore you could employ x7 crossing patrol guides equivalent to possibly 1 manager 's salary.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22134	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	We should not be cutting anything regarding childrens welfare.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22135	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Children should not be affected. These services should not be cut they are west lothian future and these decisions shape how they will be.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22136	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I do not. This is all very important to the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22137	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Too many cuts already	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22138	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Most of these non - stat services are services council tax payers expect to see. To remove them would be nothing short of a joke.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22139	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Surely some of these roles could be merged and the savings taken from these roles before school crossings should be considered. money should remain on school crossings	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22140	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Feel this could be better managed but don't believe reducing / removing these services is a good idea	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22141	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I don't think any of this should be reduced.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22142	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	A lot of people rely on these services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22143	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	DO NOT cut - 5m	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22144	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Often the non statutory aspects are the buffer for those on low incomes and loss of these supports affects the physical and mental well being of the clients. Large employers should be encouraged to support more community based projects.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22145	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Cutting off from other sources not from these essential services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22146	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	With the exception of bunting, Christmas lights and golf courses, these are all essential services. Surely the Council would not remove itself from COSLA?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22147	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5m WLC are idiotic to. even consider removing these safety essential services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22148	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	No — cutting non - statutory services might seem easy on paper, but these are often the very services that make the biggest difference to daily life. Things like school crossing patrols.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22149	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	No I do not agree, these services are important to communities	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22150	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Absolutely not these services are vital for West Lothian	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22151	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	non statutory services cannot be cut. these services are essential to early intervention and prevention for chronic issues e. g. violence against women and girls and mental health services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22152	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	As a school Crossing Warden with WLC I of course do not agree with reducing this as it would put alot of people including myself out of work.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22153	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Removal of school crossing patrols would be highly impactful. The patroler where I work is loved by the children in our community and is needed by both children and adults to help ensure safe crossing.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22154	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Looking at the services that are provided, I am concerned that should the council stop providing these potentially vital services, it would have an impact on the local community and Services that could be removed NOT TO BE CUT (however savings could be identified in levels of non front line roles): 5m	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22155	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Some services can be removed or capped. But since you have placed them all on one category. Without being able to vote for specific ones, my answer is no	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22156	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	All of these seem vital to the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22157	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	These services are critical to West Lothian, and some of these services helps people meet other people and also assist with these day activities. West Lothian council needs to make sure they are not making people who use these services from being affected by physical and emotional stress of not having these services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22158	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I think reducing school crossing patrols is ludicrous - the routes to school often include major roads which are extremely busy. To remove these vital staff would no doubt lead to accidents.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22159	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	No - absolutely do not agree. And I have already gave a brief run down of why I think this and also what my idea to improve things would consist of. To take funding away from these would be abhorrent to the people who make use of them	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22160	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	as we need our school crossing patrol and the youth group as they are an essential to our kids we have two wonderful school crossing patrol ladies in winchburgh and without them we could not do our bike to school in winchburgh as would not be safe and the youth leaders are so needed to give or children somewhere to go as is the groups for adults and the elderly it is shocking that you are talking about taking away things that are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22161	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	West Lothian Council has a proven track record of delivering huge savings. Now the council is on it 's knees as a result of lack of funding from central government for years - suggest services should be restricted to statutory only unless the financial settlement provided to the council is fair and reasonable to enable council to delivery the services needed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22162	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	There should also be a clearer focus on local reinvestment to ensure communities benefit from any income raised. Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22163	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	These are the services that mostly support the most vulnerable in our community. everything is impotant to the functioning of our society.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22164	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I strongly believe that cross attendants for example are essential	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22165	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	think these are all services that are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22166	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	These are all important funding	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22167	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5m we need the lollipop people.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22168	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	all these things are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22169	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	School crossing attendants are vital. The roads are so busy, there 's arguably not enough crossing attendants (lollipop People)	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22170	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Funding to School crossings are vital	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22171	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	These services should be kept in place	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22172	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Crossing patrols are very important across many busy roads in Linlithgow that don't have pedestrian crossings. This will have a direct impact on children's safety and their ability to walk to and from school without an adult. The lollipop staff are also very important for the community.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22173	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
22174	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
22175	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	no	Environment and Sustainability	3. The respondent advised that they had no comment to make.
22176	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The council should only spend what it can afford to spend. If it can afford to spend on non statutory then it should but it should be well thought out and if you can't do it all maybe you do it on rotation for every year	Environment and Sustainability	4. The council is already doing this.
22177	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Mitigation and redirects.> 5m: replace patrols with permanent crossings, 20 mph zones, and targeted enforcement at school times.	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
22178	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Volunteers could be used for school crossings and other areas within the council.	Environment and Sustainability	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
22179	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Look at resources such as school patrol guides their places in the most incorrect way Broxburn alone has two within 500 yards both places at traffic lights. Barbaric	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
22180	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	The likes of crossing patrols are essential but they need to be utilised at the correct areas. Having them standing where there are already traffic lights to stop the traffic is a misuse of their valuable assistance. They should perhaps be nearer schools etc where there are no traffic lights and they are utilised better. But they are an essential need for the community.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
22181	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I'm surprised at the costs for school crossing patrols against the costs of gala bunting and festive lighting. If electronic crossings are available - especially if it's high schools, then pupils should be schooled in how to act when using a crossing.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
22182	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	5m - just have them by certain primary schools, not where there are already pedestrian crossings.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
22183	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Yes they should, but not across all of the services listed, some of them are essential	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22184	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	A lot of these services are already being or have been cut back. Not all should be cut back.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22185	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	See what non - statutory services are not being used fully in all areas and maybe end them and move the money elsewhere.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22186	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	I thought these services were already paid for through council tax	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22187	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	This needs looked at carefully and prioritised many of the things listed could be cut but others should be kept a degree of common sense needed	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22188	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Some of the areas highlighted are critical for the residents of west lothian and further investigation would be required	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22189	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Consider all of these to be important. We would support efficiency savings if that can be achieved but this should not come at the cost of reduction of quality of service.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22190	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	You could definitely reduce some of these but focus should be on things that wouldn't result in a loss of service and support for vulnerable people. So no cuts to community services for vulnerable groups but maybe spend less where there isn't a direct loss of service.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22191	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Cuts and more cuts. Some yes but the majority no. These are much needed services	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22192	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22193	Theme 5- Reducing Spending on Non-Statutory Services	5m - Supplying school crossing patrols.	Some of them should be prioritised above others	Environment and Sustainability	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22194	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	With exception of youth social activity funding everything else should be cut	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22195	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I agree with this in principle however it is essential council continues to support important and vital community organisations & activities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22196	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Some massive savings to be had here and these are some of the areas you need to look at in great detail.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22197	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Times are tough. Time to tighten the belt and maybe when you are crippled by debt you can look at these items again to reintroduce them.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22198	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Within reason	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22199	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22200	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Although this is a difficult decision it is required to balance the books based on the funding allocation.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22201	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Look at ways to reduce costs in each area but do not cut any of the services entirely	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22202	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes but leave the schools alone.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22203	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	A lot of the rest seems like wasted money really.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22204	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Some not all should be cut. Agree with cutting all except 5d, f, i, K, L, WX.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22205	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes, there should be a common sense approach but not to the detriment of the majority. There will be corner cases that need reviewed separately HOWEVER all waste should be eradicated.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22206	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	You don't gripe the area where I live so was the use of providing a service that doesn't work	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22207	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	We have never been in a worse state, stop funding the nice to do and fund the must do	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22208	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes. They should be providing a statutory service of maintaining roads, refuse collections and recycling etc. But anything out with statutory needs to go	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22209	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Absolutely, maintain and improve core services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22210	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes but not everything at once. Please be mindful about our safety and wellbeing	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22211	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I agree to reduce this spending but not at the expense of safety (i.e. gritting of roads etc) also people's mental wellbeing needs to be at the forefront, especially as these times are hard financially on all of us.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22212	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Some of this is just crazy. Major cuts needed	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22213	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I would agree although we must be looking at improvements / cuts that will help in favour of future generations. The country is on its knees and it's not going to get any better	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22214	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes but we can also reduce spending on statutory services. We still provide the service but to a lesser extent	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22215	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	If it's not legally required to be provided then why would the council pay for it. You need to start thinking with private sector mindset if you have such a dire financial shortfall.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22216	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes stop spending on all non statutory areas	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22217	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I think all these proposals make sense	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22218	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	All the non statutory spending should be cut to a bare minimum.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22219	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Sadly, I do agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22220	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Any none essentials should be reduced.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22221	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Completely agree, some of the charges are a complete waste of money and unnecessary! Public should pay for some of these themselves and gala bunting and Christmas lighting is completely unnecessary. That money could be used on cleaning the streets instead of improving cycling paths etc. Over £700k a year for lolipop man is also excessive and providing school transportation over £1m shouldn't be the councils money to spend. It should definitely be paid by the people requiring those services or case by case basis and when absolutely necessary!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22222	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	All of the above	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22223	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yeah absolutely these are all things that could be readjusted.... by either minimising staff in certain areas and charging for certain services such as the music group and waste disposal.... if you are providing a service you can charge a fee to make a profit rather than just blowing it out the window.... if certain positions are overstaffed and could be done with less cut down.... if one person could update headteachers via video link instead of hiring out a whole team and building etc change things up a bit have people work from home or freelance in one area on the side of a main job if there is not enough in the council the service is not an essential and should be cut if possible.... if you have an obligation to them you can still maintain the service.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22224	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Unfortunately only essential services should be supported	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22225	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Remove all services which are not mandatory	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22226	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Agree with almost all proposal - however disagree strongly in 5C / 5H our children should not suffer in budget cuts. Schools and support for schools particularly our children with additional needs should be the councils biggest priority. We value the service 's provided but further rationalisation is required across all the other non - statutory services to ensure we protect the children of West Lothian 's future.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22227	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes but it 's mostly peanuts.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22228	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I agree, but.. I can see west Lothian turning into a dump if they get rid off all those services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22229	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Reduce non - statutory spending as much as possible.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22230	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	stop funding to anything that is not for the most vulnerable people that reside in west Lothian	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22231	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Protect statutory services and stop delivering non statutory	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22232	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Plus stopping footpath gritting treatment over weekend days (Sat and Sunday).	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22233	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes, however, it will have an impact on communities and in some circumstances may lead to additional costs to the Council	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22234	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes but perhaps increasing planning fees would assist this gap?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22235	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I agree with all of these proposals	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

22236	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Only if necessary.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22237	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Absolutely agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22238	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22239	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	You could balance the books by stopping providing services that are not required by law - make savings in all these areas.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22240	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Make major savings from all non - statutory services in order to concentrate on statutory	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22241	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	5n - cut by half	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22242	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22243	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes I agree.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22244	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	To save money	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22245	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22246	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	There is definitely a need to reduce spending on non statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22247	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	But only where there is no detrimental effect	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22248	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I would remove all but essential spend.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22249	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I agree this has to happen because there is realistically no other option with such a significant budget gap. However, there needs to be careful consideration about the pressure that these reductions in spending will place on Statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22250	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Stop altogether.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22251	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Fine	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22252	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes reduce services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22253	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	All the suggestions on the previous page have merit	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22254	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	this is an obvious area to look at, however some of the items listed would be a great loss and this needs careful consideration.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22255	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Agree that Council should look at range of non - statutory services being provided but acknowledging that many add significant economic, social, community and environmental value and benefits to West Lothian residents and communities - which without these services would potentially have an adverse impact on these very communities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22256	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes, reduce spending here. I think it is still important to offer some support for less fortunate and possible at risk children during school holidays and offering days where a professional will see them in order to monitor safety	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22257	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Review these and make savings / better planning for services on offer and who uses which facilities	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22258	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I agree with all of these ways of saving money, I know people who get a council house then lets someone else live in it, most comen people who are in drug related I understand the need to save money, s for the council homes that are not used for people's drug related acts this has to include looking at the fraud side this has been going on for along time.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22259	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	To a certain e tent but I would need very careful scrutiny and thought which might out weigh the benefits	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22260	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Most of this seems reasonable but you could save money by encouraging community engagement with these ideas. People will lend their time to improving the world around them if you let them. Encourage people to get involved with these and help communities start to engage with themselves. Otherwise whats the point?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22261	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes, I agree that the Council should reduce spending on non - statutory services, especially in the current financial climate. Given the size of the budget gap facing West Lothian Council, it is essential to prioritise funding for statutory services that the council is legally obliged to provide, such as education, social care, and waste collection. Non - statutory services, while valuable, are discretionary and may need to be scaled back or redesigned to ensure the council can continue to deliver its core responsibilities effectively. This does not necessarily mean removing these services altogether, but rather re-evaluating them to identify efficiencies and non duplication of services, where possible, with other agencies such as voluntary or private sector.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22262	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	All of these are ancillary and should be eliminated. People who care about such things can demonstrate such by paying for them	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22263	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I have insufficient knowledge of the details of non - statutory services provision to provide further suggestions. However, in the current economic position, the cessation of many of those activities listed previously is a no - brainer. I'm surprised they have not been stopped before. 5g is the most alarming item to me.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22264	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	This is the easiest option and shows that the extras that need to be saved	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22265	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I agree. Money is being overspent.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22266	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Too much money is being wasted on these services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22267	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Only provide essential services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22268	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Funding should be reduced for non statutory services unfortunately needs must.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22269	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Almost all of the above should be reviewed to assess the impact of this spend has on achieving councils core priorities and to see if it duplicates / competes with third sector or other stakeholder provision. Could some of this provision be delivered as well / better by other agencies e. g. NHS, college, charities or the business community. Is the provision needed in an AI world where people can access a wealth of information in other ways?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22270	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Winter Maintenance Service Remove out of hours footpath gritting (no stand by payments, no transport required, no need for hiring additional transport, reduction in fuel costs) Review Gritting route 15 are we responsible for some of the locations?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22271	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Keep: 5n.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22272	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Reduce spending in all non statutory services before cutting statutory services. Parliament has decided which services are statutory, and funds councils to provide them. Don't risk the effectiveness of statutory services by throwing this money away where its not required. Stop some spending completely i. e anti - poverty, regeneration, non - statutory school busses.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22273	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22274	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	anything non statutory should be stopped immediately - we are not in a time where we have the luxury of extras.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22275	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22276	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	All items in 5 should be executed on as there is significant cost saves to be achieved in non statutory services. However as it's around 10 % of total spend efficiencies in statutory services is an absolute priority.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22277	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Everything should be looked at any surplus cash accounted for and not spent because its there	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

22278	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	During current climate these are not required	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22279	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Stop spending on all non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22280	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Do all of the above if they budget cannot be met, by the steps previously noted.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22281	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Reduce spending on non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22282	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	The provision of statutory services must be reviewed and where not appropriate action should be taken to object.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22283	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Make up the rest by cutting non - statutory services to protect core services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22284	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Review all services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22285	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	The lost published of non essential spending seems to include a lot of things that dont seem necessary and could be withdrawn.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22286	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Do away with the overtime for winter footpaths getting gritted As winters are milder and wetter If footpaths have to get gritted! Do it in normal working hours.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22287	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	You have to look at all these services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22288	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Defo that these should be looked at and stopped	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22289	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Agree with them all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22290	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	You must make savings in all these non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22291	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	The services that are non statutory should not be funded. Insteads the money should be used to keep partnership buildings well maintained.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22292	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22293	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22294	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22295	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22296	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22297	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22298	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

22299	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22300	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes, look at all these examples.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22301	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes, explore these options.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22302	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I agree that savings could come from all these non - statutory services. It wouldn't be necessary to stop any, but all can contribute.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22303	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	All of the above needs to be looked at as I feel that money is being wasted.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22304	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22305	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22306	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Could spend less money on things that are not required by law	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22307	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	can save by stopping pavement gritting service	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22308	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	3) winter footpath snow and ice clearing...residents could reasonably be expected to clear their local paths.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22309	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	yes to 5n	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22310	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Stop spending money on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22311	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Why don't you just take absolutely everything away.. basic fundamentals at play here.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22312	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Spending on these services should be revised. Some areas get more of these services than others. A complete overhaul of services and budgets are required.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22313	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Cut discretionary services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22314	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Stop spending on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22315	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Reduce spending on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22316	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Cut everything unnecessary and provide essential services only.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22317	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I think a consideration should be given to more focus on reduction of non statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22318	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Cut back non essential services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22319	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Live within your means and don't spend money on unnecessary non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

22320	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Its very simple - stop spending money you don't have on services you don't need to provide,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22321	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Stop paying for non essential services and save the money from that	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22322	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Rather than tax more, cut the non - statutory services you are not obliged to provide,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22323	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	While I agree some of these services need to be cut alot of communities really need them	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22324	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	5n Provision of a non - statutory winter footway service, in which the service treat footpaths as well as carriageways (roads). (£505, 000) public should be responsible for this.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22325	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Balance the books by cutting non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22326	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Your wn figures show you can live within your means if you cut unnecessary non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22327	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Stop spending on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22328	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Your figures show you don't need to raise taxes or charges if you stop spending money on non - statutory services - this is where the savings should come from.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22329	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Stop spending money on non - statutory services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22330	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Cut spending on non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22331	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Redesign (don't remove) - 5n	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22332	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Stop spending on unnecessary non - statutory services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22333	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	non statutory services are just as valuable if not more so and if they didn't exist this would put even more pressure on schools social services and social workers. 5a yes / 5 b no reps need to be open honest accountable 5n cut	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22334	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Following services to be cut: 5n),	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22335	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Stop the winter standby for footpaths winters are milder workers can do the gritting in normal working hours	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22336	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	All non statutory services should be looked at to help streamline and make savings if possible, but completely stopping funding seems short sighted	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22337	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I agree with majority	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22338	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	where possible retain any involving vulnerable or young persons within the county but remove any that aren't shown to be working and can be replicated in other savings.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
22339	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	These need to be run better not cutting in services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22340	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Wow with the removal of all these West Lothian Council does not look like a place where I would like to stay in.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22341	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Keep some road gritting.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22342	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	5n, we need our roads and paths gritted on school routes and around council buildings for people to be able to access school and public services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22343	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Do not touch pavement / gritting, you need to increase this	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22344	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	None of these should be stopped! Every one of these includes life or death circumstances! They incorporate the health and wellbeing of the residents. You are suggesting cutting items that people need. It is items people assume is why we pay a council tax! Reducing gritting or roads and pavements more has the possibility of causing injury or death! No cost is too much for this. We need each other. We need companionship. We need groups and locations where people can sit and talk and learn and eradicate racism bigotry and counter the fake news and gossip spread by locking people in their homes relieving their news from social media. Again! Internal saving first before you cut externally	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22345	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Paths should be cleared as a priority when snow is deep and paths are becoming icy	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22346	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I do for some of the services, but NOT cutting funding of Winter Footway	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22347	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	There are savings and efficiencies to be made but there is also a lot of value in the services being offered so there is nothing on the list that I would be in favour of scrapping entirely. For example the central services provided in Education Services are important for ensuring statutory compliance and quality of service, and the work that is carried out would not just go away, it would be passed to Headteachers and their staff who would not have capacity to do it.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22348	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I agree with the exception of the following items: e, f, h, k, m, n, p, q, r, v, x and z	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22349	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I think this needs to be done thoughtfully to avoid a 'knock on effect' as there is potential to increase costs in other places. If the non - treatment of footways results in more claims against the council for injury or making bulky uplifts more expensive results in the council spending in more in dealing with fly tipping.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22350	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Clearing of Priority 1 footways during snow events should continue as it is essential to ensuring residents can still move around and that schools are accessible.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22351	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I agree with most of these but they are not saving money. These services need to be continued.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22352	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	The winter clearing of footway has an impact on our elderly to get out and about. This has to be a last resort.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22353	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	With the exception of 5m, 5n, 5p and 5x which I think should remain, I believe all the other suggested savings should be made	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22354	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Under no circumstance should pavements not be salted / cleared. This would cost more money in elderly fractures and care services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22355	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	5n, this should stay as a health and safety criteria for young children	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22356	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Winter Foot path service is required.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22357	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Increase winter road and pavement maintenance to reduce the risk of accidents and injuries and the impact on the NHS.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22358	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Most of this spending improves the quality of life of West Lothian residents and any reduction should be done carefully.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22359	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Keep gritting pathways etc to be able to walk safely in the winter	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22360	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	There are many savings which could be made here but a few which I think should be kept Eg clearing Footpaths in winter weather - this would undoubtedly lead to social isolation for many elderly people who would be too afraid to go out	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

22361	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	5n may come at the cost of injury and death.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22362	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Out of the list I would keep n	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22363	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Out of the list of examples, of which too many to comment on each 1, there is a mix of things the council shld continue, eg, Gritting.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22364	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	You should not cut any services that might prevent accidents,	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22365	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	The following points is where I agree savings can be made in this section: 5b, 5c, 5f, 5g, 5l. I strongly disagree that cuts should be made to all other points in particular point 5o. The Advice Shop offers an invaluable service to the residents of WL. If cuts were made to Advice Shop then this would have a detrimental impact on WL in particular the most vulnerable who seek support this includes older people, those with a cancer diagnosis & long term conditions. In 2024 / 25 the Advice Shop received 3500 referrals into service including 410 customers from carers of WL generating £1. 2m in extra income for them. Last year the Advice Shop prevented 175 evictions through advice & assistance from their court advice project. The total cost of evicting a single person can be around £24k, this is a substantial saving to the council. Last year the Advice Shop supported 1732 customers from a child poverty priority group - this includes lone parents & families with a disabled adult or child.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22366	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	5n) keep	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22367	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Clearing Footpaths in winter weather - this would undoubtedly lead to social isolation for many elderly people who would be too afraid to go out	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22368	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Gritting paths helps prevent falls and possible hospital treatment or admissions. It also enables some of the most vulnerable in our community the chance to remain connected and continue to go outside in colder weather.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22369	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Do not remove truly important local facilities to tax payers such as salting roads, Things which make life better for those who pay tax must be protected as that is what we are funding towards our community.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22370	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Spending on more gritting on roads.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22371	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	There is a very wide range of non statutory services listed here with greatly differing importance. 5n seems particularly important to retain to the farthest extent possible	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22372	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Some savings but they should not be removed completely - A reduction in some but safety should be a priority and risk assess services that could create problems and higher costs in other areas if cut eg - winter footpath services removed would risk accidents, crashes, more falls.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22373	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	On most non statutory but not clearing of paths during winter	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22374	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	5n - yes paths need to be treated in the winter for the young and the elderly	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22375	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Do not agree that 5n should be stopped.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22376	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I think this section of different 'smaller' expenses that might seem frivolous to some, eg gritting paths, but I feel these are often important in creating a safe, nice place to place which West Lothian aspires to be. I would be really concerned if some of these items got cut.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22377	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Clearing the paths in winter is essential - injuries caused may increase the money needed in the long term eg staff sickness / law suits and as West Lothian is becoming a geriatric county - safety is a priority.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22378	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Although I do think spending should be checked I feel that the following important 5n,	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22379	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	No to 5n,	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22380	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Keep: 5n,	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

22381	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	The non statutory areas are necessary	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22382	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	the rest of these are viable and have to stay	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22383	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Everything else can stay.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22384	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	That's why we pay the council. There will be little support for any of you if you continue fown this route. You are hitting out at the most vulnerable in our society. Shame on you.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22385	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	The footpaths for school walking isn't suitable, trees and bushes overgrown, not all paths get gritted, more focus on this instead if further cuts.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22386	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Most local services simply can't be cut, as many are essential to daily life and community safety. Path clearing during winter, for example, is vital for elderly residents, parents, and commuters walking to work or train stations.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22387	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	No cuts to non - statutory services these are life enhancing and have suffered many reductions in funding	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22388	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	These are so important for communities and morale. Please don't take these away.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22389	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Would question what exactly we are paying our council tax for?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22390	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	The time you do that we would have nothing	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22391	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Stop cutting back on things the public actually accesses. Also I think meetings should be shown to the public and allow the public to vote on what you are proposing. As suggested in the first one, look on the inside before you start cutting people use! If this is what WL is planning in doing you will find alot of people move away or chose not to live in this area. Ridiculous	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22392	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Look at ways to keep the services but reducing the times.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22393	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	No there are too many things on this list that are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22394	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Going to ruin communities	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22395	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Your proposals are effectively removing "community" inclusion at every level! Removal of pathway clearance in winter - dangerous for your increasing aging population as you have previously stated in on the increase! Increased danger for your child population expected to walk to school on untreated pavements and avoid the rush hour traffic!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22396	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Cutting is not the answer, efficiency is the answer.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22397	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	we need all of these services to continue	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22398	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	These are essential services to our communities Not seeing a. Reduction in council salaries	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22399	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	While some statutory services could be reduced, most of them are very important, and their recipients often belong to vulnerable groups. Significant cuts to these services will cause significant problems which could require solutions more costly than the current cost of statutory services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22400	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I think funding for these should be kept to improve communities and support families within the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22401	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	This impacts people and community, and theh are struggling just like you are. Don't penalise us further.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22402	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	No I don't agree.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22403	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	They may not be statutory but they all look essential to me	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22404	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	you want to create communities not just statutory funded functions for the residents of West Lothian. It's not enough just to exist, you want to create communities worth living in.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22405	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I think these services are important to the people who benefit for them.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22406	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	You have already cut back so much so no!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22407	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	There is no room left to cut services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22408	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	These services all have far reaching benefits for the community.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22409	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Remove more services but council tax payers get hit in the pocket? Joke.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22410	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Please no further cuts. Its not viable.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22411	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Every one of these services should be statutory. Removal or reduction of any of these, and so may more is abhorrent.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22412	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Why should they lose out	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22413	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	It must always be considered how some of the 'non-statutory services provide much more than they cost in real terms'... as far as the health, wellbeing and future development of young people these services are imperative!... although the long term future of the average officer / councillor is finite... the future of West Lothian is a legacy that we, NOW, can futureproof!... a short sighted view of long established services will only harm our already poor reputation as we cannot provide the service we aspire to... Please examine the long term future and savings / income / grants etc	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22414	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	All vital services needed to support people to live their best lives. The council needs to support people and not keep removing things. WL has very limited opportunities without cutting anymore. Look at more efficient ways. Actually engage with service users for each service as they would have the ideas you seek!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22415	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	stop taking everything away from us you get enough tax money from us so stop digging up the same road over and over again wasting precious money	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22416	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Reducing all these listed will reduce the appeal of West Lothian. These services should be improved.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22417	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Reducing these costs would affect our communities and destroy family life.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22418	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Some of these services are essential for the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22419	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	These services are vital	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22420	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Absolutely not! Leave as is.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22421	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Non-Statutory services are vital to the community and removing them would be seriously detrimental. Perhaps looking at streamlining services so related information is available in one place & cutting out several layers of management.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22422	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	The majority of these are essential to the well being of everyone but agree non-west lothian residents should not be subsidised for child care spaces	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22423	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	These are vital services and should not be touched.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22424	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	The majority of these are what I would consider good council services and should be retained.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22425	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Do not reduce spending on any of these	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22426	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Councils should not reduce this. They need to increase joint up working	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22427	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Treating pavements etc during winter should not be cut	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22428	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Although these services are not required by law, they are essential for community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22429	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Although these services are not required by law, they are essential for community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22430	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	No, these services are needed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22431	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	These services are important for the people of WLC and the community. Stripping these would make the area less attractive to stay in. I would rather pay more Council Tax. Why haven't the older houses been re-evaluated, I don't pay enough Council Tax in my opinion as I live in an old house. This simple exercise would rather millions rendering most of these cuts unnecessary.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22432	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Absolutely outrageous the propositions. Except the upkeep of golf courses (where rich people can fund and play) I don't agree with any of the cuts. Kids need music, education programs, health and safety support. Already they have very little things to do and most are disrespectful, idle having no courses to engage or develop their skills. Community projects are a must.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22433	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	No as these are vital. I know you call them non-statutory however adult youth and community services are vital. Statutory services rely on the no stats. As they can't cope. Bad. This is a recipe for disaster. Stop these cuts now! Let's kids play let youth get support. Let LGBT community get support from the service.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22434	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	If the council wants to just be a provider of last resort then go ahead and stop all non-statutory functions. But I strongly suspect that this is not what people in West Lothian want and they will make their feelings known through the ballot box given the chance. Scotland is not a third world country (yet) and the services provided by local authorities need to be seen for more than just their monetary value. Local authorities should be funded to enrich the lives of the people they serve and the problem is clearly that they are not.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22435	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	You should be utterly ashamed at removing some of these services. You have a duty as a council to help the community. None of this will matter, you'll still increase costs and reduce services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22436	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	reads like a dereliction of duty here.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22437	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Protect all the stated services here. Has anyone projected the disaster this can and will cause if this goes ahead.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22438	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	No way should there be any reduction for pavement gritting- they are services that benefit the majority of residents rather than the minority that councils seem to concentrate on!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22439	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	No, you are cutting to the bone not to the benefit of the people of West Lothian.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22440	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	There seems to be a view that these are all 'nice to have' but not essential. I would strongly disagree. Once again it's a case of not seeing the true value of these things and just reducing it all to pounds and pennies. Just because a service is non-statutory shouldn't diminish its importance and make it fair game for getting cut. There are an awful lot of good people doing great things for the people of West Lothian and they certainly don't deserve to be treated as second class employees and jettisoned as a knee jerk reaction every time there is a need to find savings. It does very little for staff morale to keep being touted as a solution to a problem not of their making. Have some compassion and show some sensitivity!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22441	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I don't necessarily think that non-statutory spending should be reduced although I do think that all spending should be considered. Many of the non-statutory items are very important to people and communities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22442	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Difficult one, but these are the things that bind our society together. The importance of these things can be so much more beneficial than any monetary value can say.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22443	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	The problem with reducing non statutory spending is it may make a short term saving the long term cost, which will have to be paid for by the council although may not be a direct cost	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22444	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	No. These are important and make West Lothian an excellent place to live	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22445	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I cannot agree with reducing spending on non - statutory services. It is an easy financial win; however, the long - term consequences of reducing or removing some of these services are huge	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22446	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Dumbfounded someone actually costed losing these facilities. Disgusting proposals.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22447	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Keep gritting pathways so there are reduced injuries.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22448	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	These services add quality to life in West Lothian. Please do not cut further.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22449	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	services to the community should not be cut..	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22450	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	No we need these it 's important there 's hardly anything out there Go tax the big wigs with money more instead of coming after the poor!!!!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22451	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	While reducing or cutting non - statutory services may appear to be an easy cost - saving measure on paper, it ignores the long - term social and financial impact these services have on our communities. Non - statutory does not mean non - essential. Many of these services — such as youth work, community centres, early intervention programmes, libraries, and mental health support — are vital in preventing more expensive statutory interventions down the line. Removing these supports would not only erode the quality of life in West Lothian but also drive increased demand in areas like social work, education support, and emergency services. In short, these are investments, not luxuries. Sustainable financial strategy means looking beyond short - term savings and recognising the true value these services provide to residents — particularly the most vulnerable.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22452	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	No I disagree and feel very strongly that the Council needs to plan ahead and shape services around the changing population, but I feel that these services are absolutely crucial to supporting our local economy and community. It's not fair to expect local services to keep doing more with less, especially when the number of older people needing care and support is rising so quickly. Any changes should be made carefully and only after proper consultation with the people who actually use these services. Cutting too much now would harm our communities in the long run. I am really disappointed and frustrated by the amount of cost - cutting and money - saving measures being proposed. Local people and serv	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22453	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	A lot on non statutory services are required and relied upon by us as public members whether you see it as non statutory or not, it is in the eyes of the public	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22454	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Lack of non statutory services just puts pressure on statutory services and is therefore an inefficient response.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22455	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	These services are vital and a life line for many people - if you remove them they will require formal services and these will cost more	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22456	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	These would be detrimental.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22457	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Totally disagree with this	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22458	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	So if the council will give up all those services who then will deliver them as there is not many in West Lothian free services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22459	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	These services are what hold our communities together and I would vehemently be against their removal. How about making savings from those who do not contribute to our communities, as opposed to those who do?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22460	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	5n - no	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22461	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Most of the services provided appear to be important and with the exception of one or two would seem to be what's needed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22462	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Again, too much lost already	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22463	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Many of these services are essential	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22464	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	most of the non statutory services are beneficial for community as there is not any alternatives for access them apart via the council.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22465	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Although these are non - statutory services they make an important contribution to life in West Lothian and how West Lothian Council Works. The knock on effect of removing these services is far larger than is implied by the accompanying statements. In addition there are no alternative services for to fill the gaps created by their removal.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22466	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	these are important - keep them and make decisions on the big stuff where big savings can be made	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22467	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	This is the vital unseen part of what's needed in communities - this needs continual funding, especially on local infrastructure	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22468	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Most of these are vital community services which could probably benefit from more spending	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22469	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Too many depend on these non statutory services and alienating tourists mean income moves elsewhere	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22470	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	They may be non statutory but seem very important and if removed would significantly impact on communities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22471	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	These cuts will impact on the community hugely	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22472	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Nope, they should be put money into the services making the services more stable not taking the money away from it all	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22473	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I do not. This is all very important to the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22474	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Too many cuts already	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22475	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Most of these non - stat services are services council tax payers expect to see. To remove them would be nothing short of a joke.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22476	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Definitely still need gritting done when weather is bad.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22477	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Feel this could be better managed but don't believe reducing / removing these services is a good idea	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22478	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I don't think any of this should be reduced.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22479	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	A lot of people rely on these services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22480	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Often the non statutory aspects are the buffer for those on low incomes and loss of these supports affects the physical and mental well being of the clients. Large employers should be encouraged to support more community based projects.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22481	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Cutting off from other sources not from these essential services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22482	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	With the exception of burning, Christmas lights and golf courses, these are all essential services. Surely the Council would not remove itself from COSLA?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22483	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Some of these services may be non statutory and could be dropped but some are also beneficial to the well being of the community. For example, reducing pavement gritting in an area that has been identified earlier in the survey as having an aging demographic will surely lead to more accidents and put pressure on services elsewhere. A counter productive move.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22484	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	No I do not agree, these services are important to communities	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22485	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Absolutely not these services are vital for West Lothian	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22486	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	non statutory services cannot be cut. these services are essential to early intervention and prevention for chronic issues e. g. violence against women and girls and mental health services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22487	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Keeping the footpaths cleared while expensive likely saves the overall public purse more due to the cost of treating the rise in falls via the NHS.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22488	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Some services can be removed or capped. But since you have placed them all on one category. Without being able to vote for specific ones, my answer is no	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22489	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	All of these seem vital to the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22490	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	These services are critical to West Lothian, and some of these services helps people meet other people and also assist with these day activities. West Lothian council needs to make sure they are not making people who use these services from being affected by physical and emotional stress of not having these services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22491	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	No - absolutely do not agree. And I have already gave a brief run down of why I think this and also what my idea to improve things would consist of. To take funding away from these would be abhorrent to the people who make use of them	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22492	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	gritting surfaces (it reduces falls; 5n).	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22493	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	The footpaths and roads need winter care, fine if your fit enough to grit your own paths but many disabled / pensioners can't.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22494	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	If the council are reducing the availability of statutory services, non statutory services are vital to support the vulnerable in our communities from both ends of the age spectrum. Reducing pathway cleaning, especially in the winter months has the potential to isolate our older people,	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22495	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	West Lothian Council has a proven track record of delivering huge savings. Now the council is on it 's knees as a result of lack of funding from central government for years - suggest services should be restricted to statutory only unless the financial settlement provided to the council is fair and reasonable to enable council to delivery the services needed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22496	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	There should also be a clearer focus on local reinvestment to ensure communities benefit from any income raised. Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22497	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	If you don't treat pavements, who will? Will cause falls that the NHS will have to deal with.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22498	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	If paths are not treated in winter weather, how are children and young people expected to walk to school?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22499	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Very short sighted decisions are listed with no real thought into how these cuts will only generate more cost further down the line. Fur example not treating footpaths in winter will lead to more accidents, broken bones especially older population which shall put even more pressure on services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22500	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Also winter gritting is essential as fractures and care for the elderly will cost way more than a bit of gritting	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22501	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	The provision of 5n which sets out advisory services is too vital a service to cut funding too, by allowing people who require help to receive the maximum amount of assistance available to them it prevents them form a worsening standard of living and allows them to continue to live with dignity an aging population in WL requires services to supprt them with an increasingly digital bed world. These problems would require much more funding to address hten is saved by cutting these services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22502	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	These are the services that mostly support the most vulnerable in our community. everything is impotant to the functioning of our society.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22503	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	think these are all services that are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22504	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	These are all important funding	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22505	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	The use of pavements are a priority for elderly and they will be at great risk if the pavements are not maintained increasing risk and could lead to litigation if accidents happen.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22506	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	all these things are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22507	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Public footpaths need to be cleared, at the moment they are full of decaying leaves, becoming slimy, and when the frost comes they will be so dangerously slippy and slippery.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22508	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I do agree that some things mentioned here can be reduced, but it is imperative that the winter clearing of roads and pathways remain intact and perhaps improved. Reducing this service surely will lead to high risk injury and / or death. Whilst services should be reviewed, I highly recommend that this service INDEED needs to REMAIN! Perhaps a follow up report on changes should be provided and a follow up survey to individual services, as currently it is difficult for people to select individual services since the list provided includes a large variety of key things that should remain.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22509	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	These services should be kept in place	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
22510	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
22511	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
22512	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	no	Environment and Sustainability	3. The respondent advised that they had no comment to make.
22513	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	The council should only spend what it can afford to spend. If it can afford to spend on non statutory then it should but it should be well thought out and if you can't do it all maybe you do it on rotation for every year	Environment and Sustainability	4. The council is already doing this.
22514	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	fill grit bins and encourage residents in the community to clear there own paths	Environment and Sustainability	4. The council is already doing this.
22515	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	5n - fill up salt containers	Environment and Sustainability	4. The council is already doing this.
22516	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Not all that are proposed. Some may impact on the Health % Safety, well being and mental health of those residents in West Lothian..... some activities could be conducted by local communities, salting footpaths etc, if a supply of "salt / grit "were provided	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
22517	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	footpaths - could be done on same basis as gardening?	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
22518	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	make use of community service applicants for treatment of paths / snow clearance in communal public areas things that benefit the community	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
22519	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Stop footpath tractors gritting during winter out of hours and only deliver this during normal working hours this would reduce standby payments, overtime payments and transport payments whilst still delivering a level of service that is more than required. Tractor routes could also be reduced to only main footways and around schools for effectiveness.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
22520	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	During winter, ensuring grit bins are fully stocked would empower communities to manage local path clearing, reducing demand on council teams.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
22521	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	During winter, ensuring grit bins are fully stocked would empower communities to manage local path clearing, reducing demand on council teams.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
22522	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Winters are getting milder do away with winter standby workers could do gritting during normal working hours	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
22523	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Mini tractor gritting should be done away with only main routes done in normal time no overtime	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
22524	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Encourage local community to do the pavement gritting by providing salt bins - a saving can be made here.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
22525	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Yes they should, but not across all of the services listed, some of them are essential	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22526	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	A lot of these services are already being or have been cut back. Not all should be cut back.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22527	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	See what non - statutory services are not being used fully in all areas and maybe end them and move the money elsewhere.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22528	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	I thought these services were already paid for through council tax!	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22529	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	My estate never gets cleared when it shows and it's always we do bus routes. If you cant get to the bus route what 's the point	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22530	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	This needs looked at carefully and prioritised many of the things listed could be cut but others should be kept a degree of common sense needed	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22531	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Some of the areas highlighted are critical for the residents of west lothian and further investigation would be required	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22532	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Consider all of these to be important. We would support efficiency savings if that can be achieved but this should not come at the cost of reduction of quality of service.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22533	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	5n - never noticed this.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22534	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	n) grit doesn 't happen much	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22535	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	You could definitely reduce some of these but focus should be on things that wouldn 't result in a loss of service and support for vulnerable people. So no cuts to community services for vulnerable groups but maybe spend less where there isnt a direct loss of service.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22536	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Cuts and more cuts. Some yes but the majority no. These are much needed services	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22537	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	On several occasions last winter tonnes of salt were spread on paths on days where it was above freezing, which was the forecast. Then the days when it was icy there was nobody out doing it. Another waste of money and resources.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22538	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Non - statutory services need careful evaluation before cuts to ensure critical support is not lost. Above all, the Council must be transparent with figures and involve the community more directly in decisions.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
22539	Theme 5- Reducing Spending on Non-Statutory Services	5n - Provision of a non-statutory winter footway service, in which the service treat footpaths as well as carriageways (roads).	Some of them should be prioritised above others	Environment and Sustainability	9. The respondent made a comment on the survey question
22540	Theme 5- Reducing Spending on Non-Statutory Services	5o - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	With exception of youth social activity funding everything else should be cut	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22541	Theme 5- Reducing Spending on Non-Statutory Services	5o - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	I agree with this in principle however it is essential council continues to support important and vital community organisations & activities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22542	Theme 5- Reducing Spending on Non-Statutory Services	5o - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Some massive savings to be had here and these are some of the areas you need to look at in great detail.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22543	Theme 5- Reducing Spending on Non-Statutory Services	5o - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Times are tough. Time to tighten the belt and maybe when you arnt crippled by debt you can look at these items again to reintroduce them.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22544	Theme 5- Reducing Spending on Non-Statutory Services	5o - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Within reason	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22545	Theme 5- Reducing Spending on Non-Statutory Services	5o - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Cut o in their entirety.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

22546	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22547	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Although this is a difficult decision it is required to balance the books based on the funding allocation.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22548	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	These need to be run better not cutting in services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22549	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Look at ways to reduce costs in each area but do not cut any of the serviced entirely	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22550	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Yes but leave the schools alone.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22551	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	A lot of the rest seems like wasted money really.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22552	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Some not all should be cut. Agree with cutting all except 5d, f, i, K, L, WX.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22553	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Yes, there should be a common sense approach but not to the detriment of the majority. There will be corner cases that need reviewed separately HOWEVER all waste should be eradicated.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22554	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	We have never been in a worse state, stop funding the nice to do and fund the must do	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22555	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Yes. They should be providing a statutory service of maintaining roads, refuse collections and recycling etc. But anything out with statutory needs to go	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22556	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Absolutely, maintain and improve core services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22557	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Yes but not everything at once. Please be mindful about our safety and wellbeing	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22558	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	I agree to reduce this spending but not at the expense of safety (i. e gritting of roads etc) also people's mental well being needs to be at the forefront, especially as these times are hard financially on all of us.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22559	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Some of this is just crazy. Major cuts needed	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22560	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	All other extras reduce or eliminate.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22561	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	I would agree although we must be looking at improvements / cuts that will ho in favour of future generations. The country is on its knees and its not going yo get any better	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22562	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Yes but we can also reduce spending on statutory services. We still provide the service but to a lesser extent	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22563	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	If it's not legally required to be provided then why would the council pay for it. You need to start thinking with private sector mindset if you have such a dire financial shortfall.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22564	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Yes stop spending on all non statutory areas	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22565	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	I think all these proposals make sense	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22566	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	All the non statutory spending should be cut to a bare minimum.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

22567	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	I agree with most of these.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22568	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Sadly, I do agree	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22569	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Any none essentials should be reduced.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22570	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Stop Anti - Poverty Services which duplicate advice available elsewhere.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22571	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Completely agree, some of the charges are a complete waste of money and unnecessary! Public should pay for some of these themselves and gala bunting and Christmas lighting is completely unnecessary. That money could be used on cleaning the streets instead of improving cycling paths etc. Over £700k a year for lollipop man is also excessive and providing school transportation over £1m shouldn't be the councils money to spend. It should definitely be paid by the people requiring those services or case by case basis and when absolutely necessary!!	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22572	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	I agree with the exception of the following items: e, f, h, k, m, n, p, q, r, v, x and z	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22573	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	All of the above	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22574	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Yeah absolutely these are all things that could be readjusted.... by either minimising staff in certain areas and charging for certain services such as the music group and waste disposal.... if you are providing a service you can charge a fee to make a profit rather than just blowing it out the window.... if certain positions are overstaffed and could be done with less cut down.... if one person could update headteachers via video link instead of hiring out a whole team and building etc change things up a bit have people work from home or freelance in one area on the side of a main job if there's not much to be done in certain areas instead of hiring a whole lot of people... if you focus on shaking things up a little, bringing in money where you can and streamlining some of the bigger things like schools and public transport etc I don't see why you couldn't make significant changes in the budget and the way things are run	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22575	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Unfortunately only essential services should be supported	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22576	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Remove all services which are not mandatory	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22577	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Agree with almost all proposal - however disagree strongly in 5C / 5H our children should not suffer in budget cuts. Schools and support for schools particularly our children with additional needs should be the councils biggest priority. We value the service's provided but further rationalisation is required across all the other non - statutory services to ensure we protect the children of West Lothian's future.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22578	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Reduce spending on items c, g and o (keep social media get rid of the Bulletin it goes straight in the bin)	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22579	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Yes but it's mostly peanuts.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22580	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	I agree, but... I can see West Lothian turning into a dump if they get rid of all those services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22581	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	With the exception of 5m, 5n, 5p and 5x which I think should remain, I believe all the other suggested savings should be made	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22582	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Reduce non - statutory spending as much as possible.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22583	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Income maximisation	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22584	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	stop funding to anything that is not for the most vulnerable people that reside in West Lothian	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22585	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Protect statutory services and stop delivering non statutory	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22586	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Yes, however, it will have an impact on communities and in some circumstances may lead to additional costs to the Council	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

22587	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	50, This can go, I feel there is enough information online now to allow people to maximise their income, pay their bills and there are Housing Options Officers to provide housing advice	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22588	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Yes but perhaps increasing planning fees would assist this gap?	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22589	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	I agree with all of these proposals	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22590	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Only if necessary.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22591	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	The money spent on anti poverty strategies requires to be assessed. The enormous spend V outcomes is not value for money.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22592	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Absolutely agree	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22593	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22594	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	You could balance the books by stopping providing services that are not required by law - make savings in all these areas.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22595	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Make major savings from all non - statutory services in order to concentrate on statutory	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22596	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	50 - cut - use online / ai	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22597	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22598	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Benefit advice should be reduced and funding redirected to employment initiatives.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22599	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Strongly agree that welfare advice should be reduced.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22600	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Yes I agree.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22601	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Cut poverty advice. This duplicates other sources of advice - nice to have when there is lots of money, but we can't afford to continue it.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22602	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	To save money	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22603	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22604	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	So not necessary	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22605	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	There is definitely a need to reduce spending on non statutory services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22606	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	I would remove all but essential spend.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22607	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	I agree this has to happen because there is realistically no other option with such a significant budget gap. However, there needs to be careful consideration about the pressure that these reductions in spending will place on Statutory services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

22608	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Stop altogether.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22609	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Fine	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22610	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Far too much spent on befri advice. It should be spent on assisting - people to get jobs.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22611	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	If the council need to save £23million then they certainly need to get rid of the following asap:. Advice Shop in its entirety. Complete duplication of other agencies	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22612	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Yes reduce services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22613	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Audit carefully the following 50, and I guarantee you will save a huge amount of money. How effective are these elements? Could they be delivered in a different or more cost effective way? Are there other suppliers able to do more for less?	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22614	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	All the suggestions on the previous page have merit	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
22615	Theme 5- Reducing Spending on Non-Statutory Services	50 - The provision of income maximisation, energy and housing advice. The service provides advice, assistance and advocacy to individuals.	Agree that Council should look at range of non - statutory services being provided but acknowledging that many add significant economic, social, community and environmental value and benefits to West Lofian residents and communities - which without these services would potentially have an adverse impact on these very communities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
