9150	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	- I oppose the increasing use of advertising on council owned property	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9151	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	No - 2c	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9152	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	No to 2c	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9153	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Agree to bringing in more pest control busy disagree with the others	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9154	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	In the main I don't agree with these, seems you are trying to make money on Basic services that should be free or only charging back what you have spent.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9155	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	It seems we are drifting into the world of advertising for consumption nothing sustainable about any of those concepts	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9156	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	NO ADVERTISING ADVERTISING IS SICK AND DESTROYING SOCIETY	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9157	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Not in the public interest	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9158	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Don't think so	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9159	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Nobody wants to pay for parking or see ads everywhere	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9160	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I think we pay enough	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

9161	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Pay enough	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9162	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Enough fees already in place for brown bins and parking in Livingston.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9163	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I don't agree with these.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9164	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	no to: 2c	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9165	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Please be aware that car parking charges will cause pressure on spaces for residents, especially in Linlithgow. A residents permit should be introduced and costs covered in charges.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9166	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	disagree with advertising in bus shelters. We know from the past that bus shelters are vandalised, especially advertising boards and frames etc., I believe more money would be spent on clearing and tidying this up therefore advertising in bus shelters would be a waste of money and in fact could increase spending.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9167	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I DO NOT agree with the car park charges as Bathgate already has huge problems with cars parking illegally and this would increase should parking charges be implemented. Cars would be parked on nearby streets. Parking fines for illegal parking would surely generate income	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9168	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Families are breaking point and putting the charges on them is not the way to make West Lothian a place to thrive. Charging people to park at work is also not showing value in their contribution to our local authority. Look at ways we can generate income through supplier services, advertising and such like to external suppliers and businesses.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9169	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Support all except 2d as increasing pest control charges could mean some people will turn a blind eye to the presence of pests rather than pay.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9170	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Support all except 2d as unnecessary pest control charges could mean some people will turn a blind eye to the presence of pests rather than pay.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9171	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	No.	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
9172	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	No	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
9173	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	No	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
9174	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	No	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
9175	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	no	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
9176	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Not bothered about advertising.	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
9177	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	.	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
9178	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	The roundabouts in West Lothian are a disgrace, if these were kept in better condition maybe the roundabouts can be used for marketing and advertising.	Corporate Policy and Resources	4. The council is already doing this.
9179	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	The focus should be on commercial opportunities such as advertising, leasing unused land, and developer contributions — not squeezing residents further.	Corporate Policy and Resources	4. The council is already doing this.
9180	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Nominal fee at recycling centre would not mind paying that	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9181	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Add it to the overall council tax bill instead. Advertising and tourist levy could be lucrative but consider non monetary costs like lower visitor numbers in future years.	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9182	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	using advertising in council publications rather than outside publications	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9183	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Sell advertising space on council transport	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9184	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I would advertise the available spaces in council buildings such as for birthday parties, wedding receptions etc as this would generate income also charging should be reasonable especially if it is for something to encourage the community to get together such as renting out community centre spaces for say sewing groups to have social gatherings	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9185	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising on council owned properties or building. Use digital boards which could be updated easily and cost effectively.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9186	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c - advertising might stop vandalism and graffiti	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9187	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	This can be done by increasing usage by advertising facilities and encouraging use. There seems to be an attitude of selling off buildings as opposed to re purpose e. g. St David 's house sold of cheap, whereas upper floors could have been leased on a care and maintenance basis whilst council actively looked for a tenant for the supermarket and cafe space, this cutting overheads in respect of care and maintenance, generating income through commercial lease of ground floor units and retaining the building in council ownership and in time the buildings value would increase in line with property prices.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9188	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Nothing should be off the table however hard that is to swallow.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9189	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Reduce spending on non essential items, such as consultants and advertising.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9190	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I think the advertising idea is very American, but would generate an income stream. Very aware of the cautious and selective lengthy process that advertisers would have to go through to achieve this, which might end up negating all of the potential benefits - could realistically see a planning permission type process.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9191	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Will need to be secure due to vandalism	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9192	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I don 't think people read adverts.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9193	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Yes & No - should partnership with bigger businesses to generate income for sponsorship of businesses like Braid House Day Centre.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9194	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising pathways for use out of hours (if profitable) by other groups	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9195	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising income	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9196	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	The suggestion around advertising has no basis in in fact,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9197	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	By all means generate income through advertising, but stop hitting the pocket of WL residents attaching costs to more and more of their daily tasks, whilst sitting in the Civic Centre playing games with folks household purses rather than looking inwardly for cost savings!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9198	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Im not sure these initiatives will actually benefit and it will negatively impact users	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9199	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	People are struggling with the current cost of living and charges. Adding further expenses is not going to positively contribute to life when benefits are not being seen.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9200	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Everything already to expensive	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9201	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Further cuts and services should be reviewed before any of the suggestions on the list. Reducing the size of local and national government should be done first.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9202	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Council should be better at advertising spaces to rent within the community centres	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
9203	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	There is very little tourism information advertising West Lothian an areas of interest such as Almond valley Heritage Centre, five Sister 's Zoo, Jupiter Artland, Etc would help to encourage tourists to visit.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
9204	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Just execute well. With speed and do what you say. Own these and drive savings. At the end of the day all organisations have to operate in a financially viable way or you just keep digging a bigger hole.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
9205	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Well - we are situated in the middle of nowhere - literally so the council couldn 't advertise etc.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
9206	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising in bus shelters may be subject to vandalism, so may be unattractive to companies.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
9207	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	You want to advertise your business within West Lothian which would in turn generate more spend in West Lothian but you're now being asked to pay more for it, so why would businesses then bother? The result of that is moving their business from West Lothian.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
9208	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	where exactly will you stop with the advertising as currently you do not allow anyone to put up advertising on their own private land but ok for WLC to make money by doing so? Bus stops are designed to allow people waiting on busses to see out the clear sections for busses coming.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
9209	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Proposals are only to contribute a small proportion of savings versus an adverse impact on people	Corporate Policy and Resources	9. The respondent made a comment on the survey question
9210	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Does a council need to advertise in bus stops, etc? Social media is the best way now.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
9211	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	advertising, this could only benefit the big businesses who can afford it.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
9212	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Allowing other businesses to advertise on council buildings could be seen as favouritism to other business and public Advertising on bus shelters acceptable, as this is a very recognised use of advertising	Corporate Policy and Resources	9. The respondent made a comment on the survey question
9213	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Only 2d not the other options	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9214	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	agree that services provided to commercial clients such as pest control, should cover costs and generate a small profit.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9215	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I'm sure there are efficiencies when dealing with contractors and paying for services; economy at scale.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9216	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Not supporting 2a but the other options. Feel pay enough council tax and additional fee for bins	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9217	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Sone services should be charged for eg pest control	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9218	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	All opportunities to generate additional revenue should be contemplated... this should start by understanding demand from customers from products or services that you don 't provide that you should provide	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9219	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Things like pest control needs to be a service - free - of the council.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9220	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Council should expanding responsible advertising opportunities or seek additional funding streams through partnerships, or the Visitor Levy, which targets tourism rather than local households.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9221	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	* Full - cost recovery for discretionary services (pest control), with low - income concessions.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9222	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Do not agree with workplace parking levy or visitors levy but the other suggestions are a possibility for raising funds	Public and Community Safety	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9223	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	reasonable pricing for services such as pest control etc are definitely good ideas as its better to have a bit more costly service available rather than having to suspend a service because you can't afford to run it,	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9224	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	This is a sensible approach.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9225	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I don't agree with the parking, but the others I do.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9226	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	also the pest control fee is very small considering you only have a couple guys cover everything this could be a charge that could be looked at also I already thought the key changing was chargeable if once after that constant re offenders should be charged and must be able to pay a percentage up front before the service is carried out	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9227	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Agree with every statement here.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9228	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	charging (means teated) for pest control.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9229	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	These have already taken place in other local authorities so it make sense to come in line with, but not extend beyond other local authorities.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9230	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Increase charges for services such as pest control.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9231	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Outsourcing Pest control services is a good idea, some NHS boards use "initial pest control".	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9232	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I think the cost of covering pest control should be covered fully by the person using the service	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9233	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	agree with all suggestions	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9234	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I agree with the suggestions made	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9235	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	increase fees in regard to pest control.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9236	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Consider outsourcing more services, combined services with other LA 's.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9237	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Yes	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9238	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Outsource more services.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9239	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Pest control charges should be aligned but cheaper than a private contractor.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9240	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Stop providing a pest control service if it doesn't recover full cost. Let the private sector deliver the service.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9241	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	look to increase the charges for services such as pest control / bulky uplifts /	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9242	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Cut back on providing so many free services such as pest control	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9243	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Increasing charges for services like pest control would probably be palatable,	Public and Community Safety	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9244	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Pest control should be fully chargeable to residents and businesses. Where there are pests in council tenancies, the council could arrange a contractor etc but re - charge to rent account. Council rents are far too low. They should be brought in line with Local Housing Allowance rates and people made to pay a fairer amount. You cant rent a house anywhere else for such low rents and have everything fixed or replaced after a phone call.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9245	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	2c and 2d would be appropriate.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9246	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	• Outsourcing must not result in reduced quality of services •	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9247	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I agree with charging properly for Pest Control.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9248	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I don 't think that charging money for essential services such as pest control would create major financial issues for households	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9249	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	All of these proposals look manageable.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9250	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I can 't understand why we haven 't already brought all of these measures in!	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9251	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	yeah i agree.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9252	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Full recovery of costs where services have to be out sourced.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9253	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	outsourcing some services seem like good ideas.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9254	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Charging for services like pest control to cover costs is a good idea.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9255	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	For 2d, outsourcing services such as pest control is a sensible approach, provided the service remains accessible and affordable for those who need it.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9256	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Agree with all your ideas listed with this question, but be bolder! I would charge more for customers using fast food outlets and the waste they generate. Introduce a levy on fast food, both being consumed on - site, collected and / or delivered. The secondary benefit is that people may consider eating more healthier food, and lose weight!	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9257	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	yes to everything	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9258	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	charging for pest control costs etc makes sense. Just be mindful ordinary people are still struggling financially.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9259	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	pest control costs seem a fair option	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9260	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I agree with council proposals.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9261	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Charges for pest control services could be increased	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9262	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	2d Agree. Surprised this is not already the case	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9263	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Just execute well. With speed and do what you say. Own these and drive savings. At the end of the day all organisations have to operate in a financially viable way or you just keep digging a bigger hole.	Public and Community Safety	1. The respondent advised that they agree with the proposal.

9285	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Outsourcing any service might be worthwhile and I think the general public may do that sometimes already in relation to pest control.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9286	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	AGREE - outsourcing services such as pest control.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9287	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	No problem with any of these.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9288	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Agree to all	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9289	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	cheaper outsourcing of goods and services.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9290	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	On the whole I agree with these proposals.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9291	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Items 2d as mentioned above could generate additional income without impacting citizens of the towns within West Lothian	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9292	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Charging properly for pest control	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9293	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	All of the above sound like reasonable measures, particularly the advertising one.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9294	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Agree with all	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9295	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Agree with 2d	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9296	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Increasing pest control charges to at least cover cost - YES,	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9297	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Yes to 2d	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9298	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Charge for pest control	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9299	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Pest control, Charge for pest control	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9300	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Charging for pest control	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9301	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Charge for pest control	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9302	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	2d only for those working.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9303	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	yes to 2 d,	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9304	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Agree with measures	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9305	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	all of the above	Public and Community Safety	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9306	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Certainly 2d	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9307	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Yes 2d	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9308	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Yes to 2d	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9309	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	2d) Yes Definitely make sure the cost is at least matched by the fee charged.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9310	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	If you increase cost for services such as pest control, this is something that is more acceptable given that people have a choice over who they choose to provide the service.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9311	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	2d - seems sensible to have a fully inclusive service	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9312	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Agree with all bar number 1, shouldn't be increasing charges and fees or at least if so it should be determined by household income how much we need to pay for fees and charges.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9313	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	the full cost of services like pest control being passed on.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9314	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Agree to bringing in more pest control busy disagree with the others	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9315	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	The Council should prioritise finding alternative sources of income before considering any tax rises	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9316	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I agree with all the suggestions made to raise fees other than raising council tax itself. We already pay so much and if there are other ways to raise money, as you have suggested, I think these options should be considered first before the tax is raised. Everyone is stretched so thin at the moment and it is very stressful.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9317	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	2d - Yes - why is this not just happening anyway?	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9318	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I think the point regarding outsourcing services is one to consider, the council could hire local small businesses on a contract basis and outsource the specialised works to them. This would support local residents who own their own business and costs would not have to be increased for the customer. There are many aspects of pest control for example which are not covered by the council, therefore a qualified professional in this field would be able to offer more options for residents.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9319	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Outsourcing service 's significantly. Put these projects / maintenance of aspects directly to local businesses. They will drive efficiency from their staff which is not possible under the current union / operation rules.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9320	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Start charging ur tenants for all the extra freebies they are getting from you - pest control is one of them	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9321	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	However pest control side yes	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9322	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	2d. Saving only £30k sounds like the service has already been outsourced unless there is only 1 underpaid person doing pest control for the whole county. Scrap it. Taxing employers will just result in redundancies to make up for the new tax. For every stupid tax idea there are consequences.	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9323	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I agree that revenue generation through external means but not with raising council tax	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9324	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I think generating additional income is a good idea	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9325	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I agreed with 2d	Public and Community Safety	1. The respondent advised that they agree with the proposal.
9326	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Increase the fees of outsourced resources, yes.	Public and Community Safety	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9327	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Outsourcing service always makes management inefficient, need some more funds to support it.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9328	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Out sourcing isn't always the answer, as often, although in the initial stages it appears cheaper, the service is often not comparable and there is less oversight & accountability.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9329	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Outsourcing seldom generates savings.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9330	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	charging for essential services such as pest control would disproportionately affect those on lower incomes, the very people who can least afford it. This could also have a wider environmental and public health impact if households delay or avoid dealing with infestations due to cost.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9331	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	While I agree with increasing the use of advertising on council - owned property and facilities, for example roadside and bus shelter advertising. The rest I do not agree with and the fact there is no clear amount means you are not held accountable for any shortfalls and you've not communicated or committed to an amount	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9332	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I have in the past had someone out to get rid of wasps - think the charge was enough - for time spent.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9333	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Local residents already pay council tax to cover services.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9334	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	All other suggestions No.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9335	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Only 2c not the other options	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9336	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	2d - outsourcing usually ends up costing the council more as companies take advantage of the 'big money' they can earn. Employ extra staff within the council to take on the additional workload	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9337	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Definitely not outsourcing. That just makes the see ice more costly for no benefit. Train internal staff to do the potential outsourced job, recruit from the local community and generate jobs not hand them to private firms to take our hard earned money in profit.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9338	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	No outsourcing	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9339	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Outsourcing pest control is a false economy - charges for private companies to carry out treatments would cost the council much more than utilising the service we have in house - across all services. Expand the service in house so that there is adequate cover to deal with pest issues in housing properties. Pest control could also be expanded with more staff to then advertise to commercial companies. Fees and charges should definitely be increased across the board.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9340	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Be careful with pest control. It is better to keep this in hand with a subsidised service. People will postpone calling for pest control if the cost is high, resulting in more problematic pest incidents with health issues in addition. I would take that out of the plan, given the low income generated vs the risk.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9341	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	For outsourcing to work you need effective oversight and management of their performance, the public sector don't do this well at all so it may end up costing more and deliver a worse service.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9342	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	don't outsource services, end up being more expensive in long run	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9343	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	The charge of over £100 to get rid of a rat in your home / garden is just as bad so there are other ones, and I'm sure there are many more.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9344	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Stop outsourcing contractors, use in house.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9345	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Stop the use of contractors who charge a ridiculous amount of money - back handers and jobs for the boys. No mention by the council of the phenomenal costs that you allow the contractors to charge - for example the cost of school toilet installations.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9346	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Environmental Services (for example - bed bugs, fleas) should be available to all residents at same price for all and not just council tenancy / homes.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9347	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I don't think you should be subcontracting out as this usually leads to costs increases instead for efficiency. Every time the government use a sub contractor it's detrimental to the service.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

9348	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Pest control I feel needs to be kept without cost as for young people like myself who lives alone and struggles financially with cost of living, I feel that having a charge in place would be detrimental for me	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9349	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	d) no how much is spent on vandalism	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9350	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Pest control should not be increased... then we have a rodent outbreaks?	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9351	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I would be strongly against any rise in cost for pest control services, as this is an essential that many residents will rely on at some point, so ensuring that it is affordable to as many people as possible is key.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9352	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Less outsourcing Increase council staff rather than private firms	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9353	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I agree that there is benefit to increased advertising in council owned property and facilities, however I feel that the other suggested methods are too unfair on residents of West Lothian Council and should not be implemented.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9354	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Outsourcing doesn't always equate a long terms saving either.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9355	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I personally don't think outsourcing services is the answer as the council then have no control of the quality of work / service provided	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9356	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	No. I do think fees and charges should rise in line with inflation but not for any other purpose and not without a well thought plan. I can't tell from the information on the previous page whether these are sensible ideas or not.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9357	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Bring more services in house, outsourcing creates a false economy as quality usually drops and more visits to the job increase.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9358	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Also outsourcing does not always save money.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9359	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	How can outsourcing be cheaper than in house. You have far less control on quality of work when outsourcing. Companies who do the work make a profit from you.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9360	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Fees for pest control should not be increased, as this can impact on community health and living standards. reasonable rates.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9361	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Outsourcing should be cut to a minimum.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9362	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Try ways that disrupt the general population first before introducing feeds and charges that will impact people	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9363	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	DISAGREE - You will need to consider the issues that outsourcing pest control. If prices are put up - this may lead to more DIY pest control by residents leading to lower income for the council as well as potentially more local injuries. -	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9364	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	- I oppose making charges for services such as pest control.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9365	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	surely outsourcing services would be more expensive than employing staff to carry out these tasks	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9366	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	No - 2d	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9367	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	no to these of examples / suggestions	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9368	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Increasing charges for pest control will likely stop people asking for help and will have the same negative impact that have resulted in more flytipping from reduced hours at recycling centres and bin charges.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9369	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Raising pest control may impact the poorest areas of the area.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9370	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I think the pest control charges is very unfair when it's not something that can be helped by the resident majority of the time.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9371	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	The council is not the only ones feeling inflation, raising costs for eg pest control, is leaving people vulnerable to all kind of health issues if they cannot afford the price hike, not all pest issues are self inflicted, i myself inherited 2 lots, 2 different tenancies. So while i understand the councils in deficit and needs to make savings, communities are also struggling and trying to make savings just to survive. some areas of price increases will make already vulnerable families even more vulnerable, i think the council need to be sure the price hikes they set do not cause a more costly ~~disruption to the local economy~~	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9372	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	pest control example i have reported rats 4 times to them cause of our neighbours waste at her door and nothing has been done about and i am sorry am not paying for that to be dealt with	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9373	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I do think that services such as pest control should cover the costs and I think outsourcing would be a more expensive option.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9374	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	In the main i don't agree with these, seems you are trying to make money on Basic services that should be free or only charging back what you have spent.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9375	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I am not keen to increase charges for pest control as so many people could be affected if a situation is neglected due to cost.	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9376	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	You speak of outsourcing for services - why can't you train your own people to carry out these	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9377	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Pest control should be in your council tax	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9378	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Public pay enough pest control	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9379	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	.Paying to get rid of vermin, they'll just not pay and will have to put up with the vermin and numbers will multiply	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9380	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Taking away services you currently offer outsource them at a higher cost will not work	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9381	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Council should focus on serving, not on charging. Make money by offering better service cheaper than competition if needs be...	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9382	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Outsourcing doesn't benefit the public, council charge fair prices, there should be benefits to the public especially in their own towns and cities no parking charges, etc it creates a more productive atmosphere and population, working together to create benefit for the whole community, people struggle paying for everything. Local services free for local people who already contribute thru council tax, encourage ms local pride and using local businesses, visitor charging instead of resident charging, clean town initiatives, rebuild community pride and trust, instead have tourism levies, public private partnerships, businesses benefit from free parking thru can offer a small fee for town maintenance	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9383	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Use our current resources better. Stop outsourcing roles, using Agency Staff and start employing staff and making them accountable	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9384	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	No to Charges for pest control,	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9385	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Proposals are only to contribute a small proportion of savings versus an adverse impact on people	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9386	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Not in the public interest	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9387	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Don't think so	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9388	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	but the rest is just penalising the poor!	Public and Community Safety	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

9410	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	No	Public and Community Safety	3. The respondent advised that they had no comment to make.
9411	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	No	Public and Community Safety	3. The respondent advised that they had no comment to make.
9412	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	no	Public and Community Safety	3. The respondent advised that they had no comment to make.
9413	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Maybe look at rent arrears	Public and Community Safety	4. The council is already doing this.
9414	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	3. Review SLA 's of all outsourced services	Public and Community Safety	4. The council is already doing this.
9415	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Cut down on the number of councillors who in reality are overpaid and don 't represent value for money.	Public and Community Safety	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9416	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I would highly recommend starting services in need such as affordable childcare locations in westlothian which will give employment and some funding for the council with and profits made, everyone benefits from this.	Public and Community Safety	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9417	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Having more employed tradesmen that can bring in money while providing good services.	Public and Community Safety	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9418	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Pest control etc could be charged a few % below private sector companies	Public and Community Safety	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9419	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Use your in house workforce's to offer services to private sector such as construction and maintenance work to buildings and private properties. Mechanical repairs to small vehicles. Both options are available for use now.	Public and Community Safety	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9420	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Council should provide services normally only available to council tenants. If an ophou, private home owners could pay the council for that work	Public and Community Safety	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9421	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Controversial I know but would there be value in selling population data (e. g. social care data) to commercial companies. I understand the political issues around this but if the data was anonymised and only available on a population basis and with appropriate consultation with the public the politics might be manageable.	Public and Community Safety	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9422	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Yes make savings by cutting the number of councillors needed and also the way they get paid if they want to sit in other projects then let them volunteer	Public and Community Safety	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9423	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	also have an events team that hold craft fairs, markets eta like a business and generate money it may not be thousands but any helps	Public and Community Safety	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9424	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Community centres being brought back which can have vending machines, small sweet shops and maybe a gaming area since we all know everyone loves to be in front of a screen so may aswell make it more social in a community centre by hosting small local tournament etc. It could be very profitable and competitive. Just need to think outside the box or employ me as a business advisor for projects	Public and Community Safety	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9425	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Car parking is a nightmare, particularly around schools / shops. You need to get a grip on it, and to do so you 'll need to take back powers for parking from the police, hire parking attendants and actively police parking hotspot issues (bus stops next to shops, double yellows in towns etc.) and give them powers to fine for littering / not picking up after dogs etc.	Public and Community Safety	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9426	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Look into cleaning supplies, the current stuff coming in is cheap and breaks a lot so we are binning a lot instead of using these things longer we are maybe getting one use out of them if we are lucky or are using more because things are wasting	Public and Community Safety	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9427	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Please consider civil parking enforcement to bring in revenue and also improve safety and environmental appearance in town centres.	Public and Community Safety	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9428	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Pest control services are essential and needs to be priced to use, but maybe make more notice of how to report poor hygiene by businesses or individuals so the people causing the issue pick up the bill for pest control issues, not the wider area or council.	Public and Community Safety	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9429	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Completely stop offering pest control services to Council House tenants at free or reduced rates as homeowners and private renters have to pay full price for these even when they are directly / indirectly caused by things like school children littering and throwing food down which attract vermin to houses in the local area.	Public and Community Safety	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9430	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Linlithgow is the obvious place to focus on tourist generated income and visitor numbers. The reprehensible neglect of Linlithgow town centre gap sites, by the council, is the biggest wasted opportunity in the council and an own goal. The council could easily leverage financing through debt to invest in Linlithgow's heritage high street to create a gem for visitors, focused on a redesign of The Vennel and associated carparking capacity, a replacement for the former Victoria Hall, and a solution for other eye sores. It is shameful that WLC chooses to repeatedly lock - horns with Linlithgow residents, civic societies and businesses and neglect to invest in the ONLY viable heritage town attractive to non - locals, whilst in parallel investing in new towns like Winchburgh and Livingston. Linlithgow loch is also being allowed to degrade, detracting from another visitor gem. Again, get real, get serious and put real money into the county's international gem. You will reap the rewards.	Public and Community Safety	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9431	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I think the current service is under utilised it would make sense to outsource it. Upskilling the work force would be cheaper than outsourcing.	Public and Community Safety	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9432	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	The council should have a team run solely to maximise and generate new commercial opportunities for the council. Managers are sometimes reluctant to put forward new income ideas due to a fear of being given an income target which are inflated each year.	Public and Community Safety	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9433	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Where appropriate rent out spaces in council buildings.	Public and Community Safety	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9434	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	I have been trying to enquire about a unit in whitburn for the past year with the council and have had no luck. By now I would have given them 15k. I can imagine there will be hundreds of units, properties, land, shops etc that are empty. Let's say 200 of these roughly at 15k a year gets given out, that would be 3 million income generated for the council. The economy is hard for small businesses and rentals on places can be difficult so maybe a rental scheme for smaller businesses than my self such as 50 % rent first 6 months, 75 % next 6 month, 85 next 18 then by the 2nd year mark businesses are grounded and established. Would bring income to the council and consistent growth of economy and businesses rather than small places coming in for 1 year then not being busy enough to stay. Long term gains	Public and Community Safety	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9435	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Zd - what pests and why are they there. This needs looked into. Deal with places like shops and restaurants that are leaving rubbish that attracts seagulls and rats etc - instead of telling residents there's nothing can be done.	Public and Community Safety	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9436	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Stop paying deparmenrs to sit around and do nothing I know a lot of people who just sit about get overtime etc for doing nothing the council waste so much money	Public and Community Safety	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9437	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	you took almost 500 acres of land from the councils own boundary and gave this to bathgate, why i asked. oh everyone thought it was bathgate. you also said consaltations were carried out and the people of bathgate agreed. now what was so important that a special meeting had to be called to race through the voting on this, the land was whitehill industrial estate and as far along as amazon etc. who gets the huge sums of money from these lands and the sale of these lands????????	Public and Community Safety	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9438	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Have politicians learned nothing from increasing the minimum wage and hiking NI, both of which are inflationary both of which have contributed to the need for this consultation?	Public and Community Safety	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9439	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Maybe not spending on 'talking bins' in the parks - in Almondell part the bin was saying 'thank you' it is not necessary at all...	Public and Community Safety	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9440	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Need a more efficient pest control service. I have to wait over a week to clear a squirrel or whatever from my loft. 28 th October. Not good enough. Im a nervous wreck and have health problems. Chap I spoke too couldn't care less.	Public and Community Safety	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9441	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	There's little bits in here taking about savings of as little as £30k. We all know the outrageous salary some superfluous council management positions attract (a damn sight more than £30k!), why not look to trim the fat, before you think about dipping your hands into our pockets. AGAIN, when there's very little left in there as it stands?	Public and Community Safety	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9442	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Service delivery models - outsourcing	Public and Community Safety	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9443	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Deep Cleans and Pest Control financial support should include an assessment of what the individuals have done to try to reduce risk or address the problem in the first instance. Some people genuinely need the services and financial support, however others appear to be choosing to live in a manner which doesn't attempt to reduce the risks associated with the problem; such as not putting rubbish out on bin days.	Public and Community Safety	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9444	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	You will do what needs to be done. But even if it does not affect me directly I know it will affect others negatively. It feels like the country has taken such a downward spiral in the last 10 years!	Public and Community Safety	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9445	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Heating in council buildings	Public and Community Safety	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9446	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Review all the services that are currently outsourced and ensure that they are providing better value for money than if they were ran in house. There are various longstanding outsourced services which, if scrutinised, are potentially not providing the level of service equal to the money they are receiving	Public and Community Safety	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9447	Theme 2- Generating Income	Zd - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Zd - Pest control - this is a bit simplistic. Resolving a pest issue should be done at cost of the person or persons who have created an environment which encourages and allows pests.	Public and Community Safety	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9448	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Training a WLC pest control team	Public and Community Safety	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9449	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	2d - have you considered that many WL residents work in Glasgow and Edinburgh, and that pressure could be put on the business not to insist employees return to office, thereby bolstering economic activity in WL? Breich is surrounded by windfarms, and the money for these never reaches Breich. No audit has been carried out to ensure the money isn't being held fraudulently, and when I've queried this with WLC in the past, they've held no record of where this money is going. In short, you could make money by carrying out an audit and ensure money coming into WL actually reaches WL, instead of being fraudulently diverted.	Public and Community Safety	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
9450	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Pest control I feel we pay council tax already does that not cover that?	Public and Community Safety	9. The respondent made a comment on the survey question
9451	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	rather than putting out to contracts give the jobs to council and bring income back in.	Public and Community Safety	9. The respondent made a comment on the survey question
9452	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Charging for basic services like pest control risks discouraging use and could push people to dump waste or park elsewhere, creating more problems than income.	Public and Community Safety	9. The respondent made a comment on the survey question
9453	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Proper thought would need to go into this so as not to negatively impact those already at an income disadvantage.	Public and Community Safety	9. The respondent made a comment on the survey question
9454	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	How can outsourcing specific	Public and Community Safety	9. The respondent made a comment on the survey question
9455	Theme 2- Generating Income	2d - Increasing the charge or outsourcing services such as pest control, to make sure the income received covers the full cost of delivering the service.	Easy to say increase income but where will this be spent?? We've had consistent rises in costs across the Board yet services are worse. Maybe focus on becoming more efficient and less waste rather than upping fists to residents who are already struggling.	Public and Community Safety	9. The respondent made a comment on the survey question
9456	Theme 2- Generating Income	General Comment	The council needs to be far more creative and proactive in this area.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9457	Theme 2- Generating Income	General Comment	I agree that the Council should consider responsible income generation, especially if it helps protect essential and preventative services that would be more costly to restore later. However, any increases in fees and charges must be proportionate, fair, and not create barriers for low - income households, disabled people, or rural residents. Introducing or raising charges risks: discouraging participation in community and leisure activities, reducing use of preventative services, increasing social isolation, shifting costs onto those least able to pay.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9458	Theme 2- Generating Income	General Comment	finer for parking on pavements	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9459	Theme 2- Generating Income	General comment	I agree with visitor levy.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9460	Theme 2- Generating Income	General comment	•• A Visitor Levy is sensible if revenue is reinvested back into the local area •	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9461	Theme 2- Generating Income	General comment	P5 - P7 Pupils at Croftmalloch Primary discussed these options and stated: - Visitor Levy "We should do that and also make attractions more visible so that more visitors want to come and visit, we can get more money then "	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9462	Theme 2- Generating Income	General comment	My organisation has strongly encouraged councils to make use of visitor levy powers and re - invest some of the income in outdoor access infrastructure as a key part of the visitor economy.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9463	Theme 2- Generating Income	General comment	Visitor levy should be taken up	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9464	Theme 2- Generating Income	General comment	, a visitor levy ringfenced for local improvements,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9465	Theme 2- Generating Income	General comment	Visitor Levy: Introduce this immediately to fund tourism projects (£350k +).	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9466	Theme 2- Generating Income	General comment	I agree with a visitor levy.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9467	Theme 2- Generating Income	General comment	Visitor Levy should be explored further. Would be useful to know what the definition of a 'visitor' would be.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9468	Theme 2- Generating Income	General comment	Visitor levy.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9469	Theme 2- Generating Income	General comment	A visitor levy should be introduced	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9470	Theme 2- Generating Income	General comment	the visitor levy is a good idea	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9471	Theme 2- Generating Income	General comment	A Visitor Levy is sensible if money is reinvested locally.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9472	Theme 2- Generating Income	General comment	A visitor levy sounds like a reasonable idea.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9473	Theme 2- Generating Income	General comment	I would be in favour of a visitor levy.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9474	Theme 2- Generating Income	General comment	Introduce visitor levy - if it 's happening elsewhere then it should be introduced here.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9475	Theme 2- Generating Income	General comment	Absolutely - you have the Centre a major attraction for a "Visitor Levy". Do it.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9476	Theme 2- Generating Income	General comment	Definitely implement a visitor levy	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9477	Theme 2- Generating Income	General comment	The local visitor levy should be introduced. It is standard in visiting many foreign countries and would not have an adverse affect on tourism - even with a modest levy, West Lothian accommodation prices would still be a lower cost alternative to Edinburgh City Centre.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9478	Theme 2- Generating Income	General comment	The Visitor Levy could be a good idea, particularly in areas like Linlithgow where tourism is more prominent. If implemented, it should be clearly ringfenced for local tourism development and community benefit.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9479	Theme 2- Generating Income	General comment	Implement the Visitor Levy to boost tourism funding without burdening residents.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9480	Theme 2- Generating Income	General comment	Considering visitor levy is something that should be considered if other local authorities is introducing this	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9481	Theme 2- Generating Income	General comment	Visitor levy charges should be implemented.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9482	Theme 2- Generating Income	General comment	Visitor levy will be good.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9483	Theme 2- Generating Income	General comment	A Visitor Levy is sensible if money is reinvested locally, Parking charges must not damage town centres. Outsourcing should not reduce quality. Income - raising should complement prevention and avoid widening inequality.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9484	Theme 2- Generating Income	General comment	A Visitor Levy should also be introduced. Most folk happily pay it abroad so it has become the norm for most of the population.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9485	Theme 2- Generating Income	General Comment	Visitor Levy: visitor levy when people stay in west Lothian	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9486	Theme 2- Generating Income	General comment	Agree with the visitor levy	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9487	Theme 2- Generating Income	General comment	Visitor levy - yes but how will that work? What 's your plan?	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9488	Theme 2- Generating Income	General Comment	NO I DON 'T - THE PUBLIC ARE PAYING MORE AS IT IS AND GETTING LESS FOR THEIR MONEY - YEAR ON YEAR THIS HAPPENS!!!!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9489	Theme 2- Generating Income	General Comment	It 's high enough.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9490	Theme 2- Generating Income	General Comment	• Do not introduce a Workplace Parking Levy until public transport is markedly better!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9491	Theme 2- Generating Income	General comment	Visitor Levy A decision not to introduce a visitor levy at a time that Edinburgh is pressing ahead and instead promoting the County as a centre with its own attractions but also within easy reach of Edinburgh, Glasgow and Stirling could produce development opportunities both for tourism and for businesses thinking of relocating. Why is it that the West Coast Main Line train service goes through West Lothian but does not stop? Connectivity is important. Workplace Parking Levy Ridiculous prospect, given inadequate bus services.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9492	Theme 2- Generating Income	General comment	Only to suggest that a tourist levy may be a retro step in that it would quite probably turn some away	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9493	Theme 2- Generating Income	General comment	local visitor levy I do not agree with.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9494	Theme 2- Generating Income	General comment	I don't think a visitor levy is suitable for West Lothian. Do we get actual tourists or is it people staying in hotels who are visiting families? I think it may be more of the later.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9495	Theme 2- Generating Income	General comment	A visitor levy in West Lothian wouldn't bring in much money, compared to the likes of bigger towns / cities that have specific areas / object of interest that bring tourists to stay	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9496	Theme 2- Generating Income	General comment	Disagree with visitor levy on a national basis, under the general principle that you should only tax things that you want to reduce.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9497	Theme 2- Generating Income	General comment	a visitor levy is essentially incredibly stupid.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9498	Theme 2- Generating Income	General Comment	Visitor levy - does West Lothian get enough visitors or are you working on encouraging visitors? A levy could deter tourism.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9499	Theme 2- Generating Income	General comment	introduce a local Visitor Levy no I do not agree with this, nor do I agree with charging for more services we pay our council tax.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9500	Theme 2- Generating Income	General comment	Visitor levy does not look as if it 's worth the effort.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

9602	Theme 2- Generating Income	General Comment	Don't waste money on out sourcing and consultant fees for things - invest in quality service provisions and people will pay.	Corporate Policy and Resources	4. The council is already doing this.
9603	Theme 2- Generating Income	General Comment	Have people to check work is actually been done	Corporate Policy and Resources	4. The council is already doing this.
9604	Theme 2- Generating Income	General Comment	reduce paper by implementing more digital technology.	Corporate Policy and Resources	4. The council is already doing this.
9605	Theme 2- Generating Income	General Comment	Reduce absenteeism by fully monitoring all absences.	Corporate Policy and Resources	4. The council is already doing this.
9606	Theme 2- Generating Income	General Comment	video conference instead of travel, save money on computer software.	Corporate Policy and Resources	4. The council is already doing this.
9607	Theme 2- Generating Income	General Comment	I think we should reduce dependency on private management contractors, this would reduce many new build and refurbishment projects cost by at least 15 %, we could do this by employing contract management staff and going straight to our framework subcontractors, i. e. as opposed to paying an extra 15 - 20 percent to expensive managing contractors. We are at present in a lot of cases getting the worst of both worlds poor service by these managing contractors and expensive costs.	Corporate Policy and Resources	4. The council is already doing this.
9608	Theme 2- Generating Income	General Comment	but have as many council workers work from home.	Corporate Policy and Resources	4. The council is already doing this.
9609	Theme 2- Generating Income	General Comment	Limited spending on events.	Corporate Policy and Resources	4. The council is already doing this.
9610	Theme 2- Generating Income	General Comment	Review successes of other local authorities across Scotland and adopt where appropriate	Corporate Policy and Resources	4. The council is already doing this.
9611	Theme 2- Generating Income	General Comment	Most people who work with council or outwith are already on the lowest wages!!!! Councillors should be paying more towards everything including travel, food etc	Corporate Policy and Resources	4. The council is already doing this.
9612	Theme 2- Generating Income	General Comment	Charge for businesses to vend in country parks. This used to happen in Almondell - a coffee van was very welcome!	Corporate Policy and Resources	4. The council is already doing this.
9613	Theme 2- Generating Income	General Comment	Reduce how much the government takes for expenses! There is no need for fancy transport, hotels and restaurants. Basic hotel, food and transport should be sufficient like it is for the local residents.	Corporate Policy and Resources	4. The council is already doing this.
9614	Theme 2- Generating Income	General Comment	Stop the bureaucracy and stop just wasting money on unnecessary things.	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

9615	Theme 2- Generating Income	General Comment	Find alternative ways to raise money.	Corporate Policy and Resources	4. The council is already doing this.
9616	Theme 2- Generating Income	General Comment	Look to make savings eg limiting council staff expenses.	Corporate Policy and Resources	4. The council is already doing this.
9617	Theme 2- Generating Income	General Comment	spend money on things that are more needed rather than things that aren't as needed	Corporate Policy and Resources	4. The council is already doing this.
9618	Theme 2- Generating Income	General Comment	don't spend so much money on useless things like another takeaway.	Corporate Policy and Resources	4. The council is already doing this.
9619	Theme 2- Generating Income	General Comment	You need to look in house first. Stop all your ridiculous events & conferences that can be done by Teams etc. All Council expenses should be reigned in. You cannot continually add charges to the tax paying public.	Corporate Policy and Resources	4. The council is already doing this.
9620	Theme 2- Generating Income	General Comment	Make better more efficient work practise s	Corporate Policy and Resources	4. The council is already doing this.
9621	Theme 2- Generating Income	General Comment	School estate could and should be used more extensively.	Corporate Policy and Resources	4. The council is already doing this.
9622	Theme 2- Generating Income	General Comment	Included in previous question Wrap around care in ELC	Corporate Policy and Resources	4. The council is already doing this.
9623	Theme 2- Generating Income	General Comment	Letting school building	Corporate Policy and Resources	4. The council is already doing this.
9624	Theme 2- Generating Income	General Comment	Ask schools to fundraise	Corporate Policy and Resources	4. The council is already doing this.
9625	Theme 2- Generating Income	General Comment	Encourage use of school facilities such as dance studios and gym halls (in partnership with Xcite	Corporate Policy and Resources	4. The council is already doing this.
9626	Theme 2- Generating Income	General Comment	If a parent whose child is in a mainstream school demands the use of a taxi to school when on a school bus route they should be made to pay for it or find an alternative at their cost. Too many snowflakes not prepared to travel on a school bus.	Corporate Policy and Resources	4. The council is already doing this.
9627	Theme 2- Generating Income	General Comment	You already cut all community oriented activities. There is no pools, play parks are poor. How other councils are making these available to community and WL struggles. Perhaps you should initiate talks with other councils who still provide those services and seek improvements based learning and experience of other councils. See abreedshire as example.	Corporate Policy and Resources	4. The council is already doing this.
9628	Theme 2- Generating Income	General Comment	Look at each building on, heating efficiency, lighting efficiency. Sensor lights switch on when in use, switch of when no motion. Look at front entrances of buildings - BPC doors open straight out with no barrier for escaping heat More solar street lighting	Corporate Policy and Resources	4. The council is already doing this.
9629	Theme 2- Generating Income	General Comment	Don 't support people who no need support. Give support that one who need.	Corporate Policy and Resources	4. The council is already doing this.
9630	Theme 2- Generating Income	General Comment	A better building maintenance program . instead of waiting for thing to brake / damage / worn out.	Corporate Policy and Resources	4. The council is already doing this.
9631	Theme 2- Generating Income	General Comment	Sell off vacant properties	Corporate Policy and Resources	4. The council is already doing this.
9632	Theme 2- Generating Income	General Comment	Review property assets: Make better use of land and property, including sharing assets with other public bodies.	Corporate Policy and Resources	4. The council is already doing this.
9633	Theme 2- Generating Income	General Comment	Review the number of Council premises	Corporate Policy and Resources	4. The council is already doing this.
9634	Theme 2- Generating Income	General Comment	Stop wasting money. Pressure the Scottish government to stop wasting money. This money should be diverted to Scottish council's for services.	Corporate Policy and Resources	4. The council is already doing this.
9635	Theme 2- Generating Income	General Comment	Sell off assets that are no longer used (eg, abandoned libraries that have now moved to council offices)	Corporate Policy and Resources	4. The council is already doing this.

9636	Theme 2- Generating Income	General Comment	Modernise methods of payment and actively chase defaulters rather than writing off debt.	Corporate Policy and Resources	4. The council is already doing this.
9637	Theme 2- Generating Income	General Comment	Offer payment plans for families that can't afford to pay the amount in one go.	Corporate Policy and Resources	4. The council is already doing this.
9638	Theme 2- Generating Income	General Comment	Stop wasting money.. too many people with old school attitude still working for the council	Corporate Policy and Resources	4. The council is already doing this.
9639	Theme 2- Generating Income	General Comment	implement more energy efficient lighting in all public buildings.	Corporate Policy and Resources	4. The council is already doing this.
9640	Theme 2- Generating Income	General Comment	Charge for hire of council venues.	Corporate Policy and Resources	4. The council is already doing this.
9641	Theme 2- Generating Income	General Comment	improve council tax collection rates, encourage direct debit and e - billing for council tax	Corporate Policy and Resources	4. The council is already doing this.
9642	Theme 2- Generating Income	General Comment	better land and property management	Corporate Policy and Resources	4. The council is already doing this.
9643	Theme 2- Generating Income	General Comment	hot - desking, estate rationalisation and sub - letting.	Corporate Policy and Resources	4. The council is already doing this.
9644	Theme 2- Generating Income	General Comment	Recoup monies from rent arrears and tax arrears from benefits etc, charge landlords for those who don't pay. Equity and social justice to those who do pay.	Corporate Policy and Resources	4. The council is already doing this.
9645	Theme 2- Generating Income	General Comment	Find a way to end the use it or lose it attitude to budget spending that happens at the end of every financial year.	Corporate Policy and Resources	4. The council is already doing this.
9646	Theme 2- Generating Income	General Comment	Have a brain storming sessions with the public to come up with ideas on how to raise funds.	Corporate Policy and Resources	4. The council is already doing this.
9647	Theme 2- Generating Income	General Comment	Add solar panels to council buildings to reduce costs of energy in long term. As per previous response	Corporate Policy and Resources	4. The council is already doing this.
9648	Theme 2- Generating Income	General Comment	selling of buildings not in use or hardly being used now due to hybrid working	Corporate Policy and Resources	4. The council is already doing this.
9649	Theme 2- Generating Income	General Comment	Any spending that does not directly benefit West Lothian residents should be carefully reviewed. Investment must go into improving the local environment, supporting families, maintaining essential infrastructure, and ensuring access to housing and public services for the people already living here. Residents should see visible results in their own neighbourhoods.	Corporate Policy and Resources	4. The council is already doing this.
9650	Theme 2- Generating Income	General Comment	There are many buildings that are rented by the council but vastly underused these could be reviewed and sold off where necessary to reduce costs further.	Corporate Policy and Resources	4. The council is already doing this.
9651	Theme 2- Generating Income	General Comment	Sell unused properties.	Corporate Policy and Resources	4. The council is already doing this.
9652	Theme 2- Generating Income	General Comment	Rent out buildings that are not in use	Corporate Policy and Resources	4. The council is already doing this.
9653	Theme 2- Generating Income	General Comment	Finding ways to cut energy costs.	Corporate Policy and Resources	4. The council is already doing this.
9654	Theme 2- Generating Income	General Comment	Increase lunch costs No free staff lunches	Corporate Policy and Resources	4. The council is already doing this.
9655	Theme 2- Generating Income	General Comment	You get paid enough between council tax and gov funding. Manage your business correctly and you won't need to bang the community for more dosh	Corporate Policy and Resources	4. The council is already doing this.
9656	Theme 2- Generating Income	General Comment	I urge the council to address the root cause of the ongoing issues — the government's poor handling of public finances. As a local authority, you are in a stronger position than individual residents to push back and make clear to central government that the services you provide are essential, not optional.	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

9670	Theme 2- Generating Income	General Comment	Targets set and success regularly measured	Corporate Policy and Resources	4. The council is already doing this.
9671	Theme 2- Generating Income	General Comment	I would suggest running the council as a business offer services in competition to trades etc. There 's you money maker.	Corporate Policy and Resources	4. The council is already doing this.
9672	Theme 2- Generating Income	General Comment	Rent arrears need more proactive and no tolerance approach.	Corporate Policy and Resources	4. The council is already doing this.
9673	Theme 2- Generating Income	General Comment	Increase occupancy of social housing. There are regularly houses sitting empty - not only does this put greater pressure on building new houses, it means the council loses income.	Corporate Policy and Resources	4. The council is already doing this.
9674	Theme 2- Generating Income	General Comment	charge when a council tenant leaves a property in a mess.	Corporate Policy and Resources	4. The council is already doing this.
9675	Theme 2- Generating Income	General Comment	Empty properties brought back into stock much faster for a start	Corporate Policy and Resources	4. The council is already doing this.
9676	Theme 2- Generating Income	General Comment	Rather than closing community centres, charge companies promoting community and social inclusion to use them as a base. These companies could then become part of the social care framework to provide activities and social connections for those requiring extra help and support. This could reduce the expense of providing care in own homes.	Corporate Policy and Resources	4. The council is already doing this.
9677	Theme 2- Generating Income	General Comment	Quicker turnaround on void properties which in turn would generate rental income.	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9678	Theme 2- Generating Income	General Comment	Housing policy needs looked at as there are lots of empty houses which could be generating rent.	Corporate Policy and Resources	4. The council is already doing this.
9679	Theme 2- Generating Income	General Comment	Repair council houses to get rent	Corporate Policy and Resources	4. The council is already doing this.
9680	Theme 2- Generating Income	General Comment	Start processing council tenants that are rent & council tax arrears and not keeping the gardens tidy eviction Then put decent people into the property's	Corporate Policy and Resources	4. The council is already doing this.
9681	Theme 2- Generating Income	General Comment	Collect back rent. Charge appropriate rent.	Corporate Policy and Resources	4. The council is already doing this.
9682	Theme 2- Generating Income	General Comment	Review of the range of services, refurbishments available to social housing.	Corporate Policy and Resources	4. The council is already doing this.
9683	Theme 2- Generating Income	General Comment	Ensuring tenants that damage property make some financial contribution to repair or replacement of the damaged items. Open park visitor centres on summer evenings when children are being brought to the parks and are looking for refreshments.	Corporate Policy and Resources	4. The council is already doing this.
9684	Theme 2- Generating Income	General Comment	Turn around for council properties could be much quicker - generating rent	Corporate Policy and Resources	4. The council is already doing this.
9685	Theme 2- Generating Income	General Comment	1d. Maintain and refresh your properties instead of leaving empty houses sitting for months or years on end. Full houses = all rent for all homes covered. Hope you enjoy my suggestions and take heed, seriously.	Corporate Policy and Resources	4. The council is already doing this.
9686	Theme 2- Generating Income	General Comment	Start renting out the unoccupied properties in the county. These properties sit empty while the council put homeless in hotels. If they are in a homeless accommodation in an area that properties lay empty why not put them in them instead of hotels.	Corporate Policy and Resources	4. The council is already doing this.
9687	Theme 2- Generating Income	General Comment	when walking my dog i see loads of council properties empty, get tennants in quicker and get some rent.	Corporate Policy and Resources	4. The council is already doing this.
9688	Theme 2- Generating Income	General Comment	Collect unpaid rent	Corporate Policy and Resources	4. The council is already doing this.
9689	Theme 2- Generating Income	General Comment	Collect all back rent	Corporate Policy and Resources	4. The council is already doing this.
9690	Theme 2- Generating Income	General Comment	Would it be more effective to go after people that are not paying rent / council tax to help generate more income.	Corporate Policy and Resources	4. The council is already doing this.
9691	Theme 2- Generating Income	General Comment	.Fixing roads emptying bins	Corporate Policy and Resources	4. The council is already doing this.
9692	Theme 2- Generating Income	General Comment	Stop fly tippers by removing them	Corporate Policy and Resources	4. The council is already doing this.
9693	Theme 2- Generating Income	General Comment	Stop gritting the roads when the temperature is above zero.	Corporate Policy and Resources	4. The council is already doing this.
9694	Theme 2- Generating Income	General Comment	Reduce verge cutting or consider the planting of wild flowers to encourage bio - diversity.	Corporate Policy and Resources	4. The council is already doing this.
9695	Theme 2- Generating Income	General Comment	Reduce the rough cutting on grass	Corporate Policy and Resources	4. The council is already doing this.
9696	Theme 2- Generating Income	General Comment	Fine illegal car parking.	Corporate Policy and Resources	4. The council is already doing this.
9697	Theme 2- Generating Income	General Comment	Fine littering.	Corporate Policy and Resources	4. The council is already doing this.
9698	Theme 2- Generating Income	General Comment	Put tracking devices on all council vans to make sure they are not sitting about doing nothing all day.	Corporate Policy and Resources	4. The council is already doing this.

9720	Theme 2- Generating Income	General Comment	cut senior pay, share senior staff, cut spending on consultants and agency staff,	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9721	Theme 2- Generating Income	General Comment	Remove all expenses from elected members.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9722	Theme 2- Generating Income	General Comment	Massive pay cuts to high ranking officials in the council,	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9723	Theme 2- Generating Income	General Comment	Cut the number of managers earning over £100, 000 Cut bonus payments no need people are paid to do a job. Cut end of service payment no one gets that now. FI	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9724	Theme 2- Generating Income	General Comment	1140 hours childcare... we all know how expensive this has been to implement!	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9725	Theme 2- Generating Income	General Comment	Cut the expenses to zero	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9726	Theme 2- Generating Income	General Comment	Cut the councillors wages	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9727	Theme 2- Generating Income	General Comment	Old council homes which require work almost all the time, allow the long - term tenants the opportunity to purchase the home from the previous right to buy scheme. I know a council property that has the same family (just the next generation) living in there - nearly 30 years. Yet, they had to have their bathroom re - done 3 times due to a leak in the past 5 years. Average bathroom remodel work can be anywhere from £7k - £10k. Rent is average £400 per month. Rent probably gave you about £24k in those 5 years, when you have spent probably around £30k + fixing problems.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9728	Theme 2- Generating Income	General Comment	~~The council should consider the possibility of increasing the rent on council housing to help fund the council's budget. This would be a fairer way of raising income than cutting services or increasing who pays rent on housing~~	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9729	Theme 2- Generating Income	General Comment	Stop providing services to council tenants who don't take care of their properties.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9730	Theme 2- Generating Income	General Comment	rent houses to people who can pay for them	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9731	Theme 2- Generating Income	General Comment	Change housing allocation system and give houses to people who can pay rent and council tax	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9732	Theme 2- Generating Income	General Comment	charge for premium dump slots (evenings and weekends), increase number of dump slots (Oakbank is nearly always empty), and then reduce the number of days it's open.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9733	Theme 2- Generating Income	General Comment	Appeal to the Scottish Government to end free bus passes and introduce a small nominal charge eg 50p / £1 which can be reinvested into local bus services for all users as well as road maintenance.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9734	Theme 2- Generating Income	General Comment	Charge parents something for the provision of school transportation and penalise parents for their children's non attending at school.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9735	Theme 2- Generating Income	General Comment	Primary sch should provide hot meals only Mon - Thur, no more sandwich options.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9736	Theme 2- Generating Income	General Comment	Make a small charge for using the recycling centre. Maybe £2 or £3 and don't limit to 10 uses per annum.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9737	Theme 2- Generating Income	General Comment	Pay for bins to be emptied	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9738	Theme 2- Generating Income	General Comment	Charge money for recycling	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9739	Theme 2- Generating Income	General Comment	Well all bin are not needed one bin per household no need for all these bins there all over the street if windy it cause mess and rars	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
9740	Theme 2- Generating Income	General Comment	Maybe we should look at reducing the salaries of the top earners first rather than charging for parking etc	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.

9741	Theme 2- Generating Income	General Comment	Set up a second hand office equipment and stationary store within each Council office	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9742	Theme 2- Generating Income	General Comment	delay on all IT upgrades until the cash flow settles.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9743	Theme 2- Generating Income	General Comment	Remove policy of not exporting electricity back to grid. This would open up significant savings and export potential utilising roofs of council owned buildings to maximise solar generation rather than limiting it to peak demand of the building. Manage council owned woodlands to create a supply of timber for the growing firewood requirements locally. Develop apprentice schemes providing local projects and affordable works - raising funds and developing routes into work	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9744	Theme 2- Generating Income	General Comment	Make a four day week.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9745	Theme 2- Generating Income	General Comment	4 day weeks	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9746	Theme 2- Generating Income	General Comment	Desk hopping for staff.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9747	Theme 2- Generating Income	General Comment	Allowing more staff to operate compressed hours to reduce resources	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9748	Theme 2- Generating Income	General Comment	Put CCTV in all school buildings. Investment in this will significantly reduce repeated repair costs while also allowing schools to work with families of those doing the damage	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9749	Theme 2- Generating Income	General Comment	ask young people in youth groups around west lothian to possibly make different things to sell	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9750	Theme 2- Generating Income	General Comment	Have nurseries and schools grow their own vegetables to be used in school lunches. They do it in some european countries.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9751	Theme 2- Generating Income	General Comment	Lease out Cemetery waiting room at Armondell as a coffee shop / Cafe.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9752	Theme 2- Generating Income	General Comment	Any charges must be means tested, residents on low incomes must not have their way of life changed due to their unfortunate circumstances	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9753	Theme 2- Generating Income	General Comment	Also install a giant metal Deer and stag similar to the kelpies in Livingston for tourism as Livingston used to be the old hunting grounds of the past hence where the New Year Fields come in. These could bring in significant extra income.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9754	Theme 2- Generating Income	General Comment	Look at renegotiating loans from the PLB, to reduce interest payments, the amount of money spent on loan repayments, particularly interest rates is horrendous,	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9755	Theme 2- Generating Income	General Comment	Can't the council make money from ground - source heating from parks, or solar generation, etc? WLC is still one of the largest landowners in WL.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9756	Theme 2- Generating Income	General Comment	Fundraising Pay to park Set up events Halloween / xmas parties / campfire night and sports events	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9757	Theme 2- Generating Income	General Comment	Do more activities Just like a school fair raises money the council should look for ways to earn more	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9758	Theme 2- Generating Income	General Comment	re open swimming to make more money	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9759	Theme 2- Generating Income	General Comment	Reduce charges for bulky uplifts	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9760	Theme 2- Generating Income	General Comment	Improve events or social venues that can be used to generate money. Organise events where people pay a small fee to enter and then put the profit made towards improving services for people (instead of raising council tax). Could be themed events like a Halloween party, for kids, and one for adults, where there is fun Halloween activities and things to purchase whether it be drinks / snacks / gifts, make these events a regular thing. It could potentially generate a decent amount of profit and would probably also improve community spirit. This also might make people more likely to help of	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9761	Theme 2- Generating Income	General Comment	I do think there are things that can be done to improve revenue but the things that come to mind are mainly planning public events for communities and other things like that. I do not think it's right to be budget cutting as is proposed on the previous or first page.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9762	Theme 2- Generating Income	General Comment	Limit repairs / services if in arrears.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9763	Theme 2- Generating Income	General Comment	Create electricity generating systems that people can set up at home and sell to the energy back to the grid. Lease houses for longer term income, instead of selling.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9764	Theme 2- Generating Income	General Comment	Ensure recycling centres are open without having to arrange an appointment. There are rats on the increase - tenants are fly tipping or dumping articles in their own garden. This is problematic in housing schemes as such behaviour impacts on neighbours.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9765	Theme 2- Generating Income	General Comment	Stop cutting grass when house is unoccupied	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9766	Theme 2- Generating Income	General Comment	reintroduce free bulky uplifts. This will reduce fly tipping	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9767	Theme 2- Generating Income	General Comment	Bring back 3 free uplifts a year (save a fortune on cleaning up fly tipping).	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9768	Theme 2- Generating Income	General Comment	But only where it is ethical to do so. For example, the cost of pick up for old sofas, fridges etc used to be free. Now it extortionate and we have a fly tipping epidemic. I wonder why that is? You used to be able to go to the recycling centre with a borrowed or rental van. Now you have to book in weeks in advance and try and fit a sofa in your car. Is it any wonder people pay unscrupulous folk to tip it for them. This is a small, perhaps flippant example.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9769	Theme 2- Generating Income	General Comment	Remove these Factor companies from new developments and have the council employees do the work, why should residents have to pay twice, a slight increase in the council tax and keeps more in work, common sense	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9770	Theme 2- Generating Income	General Comment	Forrest Burial sites seems to be a popular choice for a lot of people and currently there is none in West Lothian?	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9771	Theme 2- Generating Income	General Comment	I think lots of people have taken a meter from council land to increase garden size. Get someone to walk round streets and charge anyone who has done this.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9772	Theme 2- Generating Income	General Comment	Introduction of traffic wardens to raise necessary funds, reducing heavily congested Town parking, also will help reduce on pavement parking saving repairs to pathways.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9773	Theme 2- Generating Income	General Comment	Make local recycling sites more accessible by letting people just turn up and increase opening times. This will reduce fly tipping which is very costly to remove	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9774	Theme 2- Generating Income	General Comment	Review charges for brown bins being emptied. This charge may encourage fly tipping.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9775	Theme 2- Generating Income	General Comment	Lower the prices in the cafetria	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9776	Theme 2- Generating Income	General Comment	reduce bulky uplift charge so more people able to usetherefore improving the areas	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9777	Theme 2- Generating Income	General Comment	Cut the amount of bin we put rubbish in. Use edinburghs model of bin collection system. Invest in quality systems for workers that last.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9778	Theme 2- Generating Income	General Comment	If we had the free bulky uplifts you would not have to spend so much clearing all the fly tipping	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9779	Theme 2- Generating Income	General Comment	Not ideal to charge for emptying brown bins, only those who can afford to do so however it means those who don't put rubbish in incorrect bins causing more landfill.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9780	Theme 2- Generating Income	General Comment	Bring back bulky uplifts to stop waste all over west lothian	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9781	Theme 2- Generating Income	General Comment	Brown bins should not be charged	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9782	Theme 2- Generating Income	General Comment	Reduce expenses for councillors, no pool cars.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

9783	Theme 2- Generating Income	General Comment	Stop spending on doing same potholes all the time do them properly first time. Stop charging for brown bins its ridiculous. I have lots leaves lying about I dont even have trees sp I need to put them in grey bin	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9784	Theme 2- Generating Income	General Comment	It 's disgusting we have to pay extra for the uplift of our brown bins, this will just cause people to concrete there green spaces, there is already around West Lothian lots of fly tipping due to the reduced times of the refuse centres being open and being open for bulky items. Could you not open the refuse centres for vans etc more often?	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9785	Theme 2- Generating Income	General Comment	Get rid of PFI.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9786	Theme 2- Generating Income	General Comment	open up more park and tourist sites	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
9787	Theme 2- Generating Income	General Comment	* what about all council employees / councillors take a 10 % cut - equal and fair.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9788	Theme 2- Generating Income	General Comment	Pension contributions are far too costly	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9789	Theme 2- Generating Income	General Comment	Employees who serve no useful purpose should be identified and have their employment terminated. Employees who are identified as incompetent or unproductive should have their employment terminated.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9790	Theme 2- Generating Income	General Comment	Ensure engagement and investment in education by using the European model whereby parents / carers pay for stationary etc.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9791	Theme 2- Generating Income	General Comment	- children in ELC settings. Charging parents for late pick ups / to early drop offs (parents take advantage of this) (staff still in nursery settings at 7pm at night because of late collections	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9792	Theme 2- Generating Income	General Comment	Charging for breakfast clubs and after school clubs.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9793	Theme 2- Generating Income	General Comment	Have more no uniform days but put the money towards school stuff	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9794	Theme 2- Generating Income	General Comment	No uniform days for 50p	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9795	Theme 2- Generating Income	General Comment	Sell more services to the public. Training courses to public self funding	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9796	Theme 2- Generating Income	General Comment	Outsource property management services. Commercial landlords use managing agents rather than inhouse teams. This is more cost effective and you will receive a commercially better service.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9797	Theme 2- Generating Income	General Comment	giving people who are being housed at the councils expense work within the council to pay for their room & board such as litter picking, cleaning, catering jobs, anything to help them integrate into the community	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9798	Theme 2- Generating Income	General Comment	To help cash flow you need to look at benefits and housing situations where people are living in council house with multiple kids but are 'single parents'.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9799	Theme 2- Generating Income	General Comment	As an example, Five Sisters Zoo use their gardening team to carry out private gardening jobs, charging a fee. Why can't the council do the same, especially during the winter periods when grass cutting etc is not being done?	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9800	Theme 2- Generating Income	General Comment	Councils should impose a higher charge on services for closing roads. Works that run over should attract a penalty charge.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9801	Theme 2- Generating Income	General Comment	Start charging breakfast club or close them	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9802	Theme 2- Generating Income	General Comment	Introduce charges for school breakfast clubs, unless children meet school clothing grant requirements.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9803	Theme 2- Generating Income	General Comment	charge a lot for cutting down trees.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9804	Theme 2- Generating Income	General Comment	Forget about all this "green "saving the planet nonsense as there are far much more things wrong with society these days that need sorting first and all these "green laws / rules "aren't going to save the planet as it slowly descends into utter chaos and misery with crackpot fines for what you put in a bin and most of what you put in them doesn't even get recycled any more. These laws / fines etc. - are just a prime example of todays society which pay nothing but mouth service to the "green / climate "issues which fewer and fewer people pay attention to these days as the cost of living really is all that most care about and we don't need or want councils fining us for not being able to get rid of our rubbish in a sensible manner.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9805	Theme 2- Generating Income	General Comment	Create Volunteer positions for out of work mothers, you people and pensioners at schools which could turn into paying jobs (kitchens, playground support)	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
9806	Theme 2- Generating Income	General Comment	Think about the amount of roof space on council buildings that could have alot more solar panels, bird friendly bladeless wind turbines on council property, the savings on utilities would be significant	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
9807	Theme 2- Generating Income	General Comment	Council workers should not be given company vehicles, they should use there own vehicles, except in the case of workmen where they need to carry equipment. Housing officers and suchlike should use there own vehicles and be given a fuel allowance.	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
9808	Theme 2- Generating Income	General Comment	Presently the Council have included charges as well as savings through a high Council Tax increase to an annual fee for emptying the brown bins. Would other savings be created by only emptying the brown bins every 2 weeks and only once between December and March?	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
9809	Theme 2- Generating Income	General Comment	Bin lorry could save money by collecting all properties on same day except coming 3 times a week	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
9810	Theme 2- Generating Income	General Comment	In terms of building more homes there should have already been investment in better parking near the palace, park and ride etc. the old Victoria hall is a disgrace.	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
9811	Theme 2- Generating Income	General Comment	Asking front line workers where they think savings can be made. I'm in front line sw and I could work more cases if I didn't have so much duplication of work to do or be battling with an incomprehensible client data Base. If you rolled out magic minutes to all the teams this would save on the very labour in intensive task of all the written recording we do that just eats hours.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9812	Theme 2- Generating Income	General Comment	Offer the private sector your services. Building maintenance, repairs and refurbishment (alongside capital projects).	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9813	Theme 2- Generating Income	General Comment	reduce unnecessary advertising.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9814	Theme 2- Generating Income	General Comment	work with other local authorities on best practises to reduce costs.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9815	Theme 2- Generating Income	General Comment	Remove agency staff prior to any redundancies.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9816	Theme 2- Generating Income	General Comment	Make council buildings and transport available to other departments with no fee! This could encourage more collaborative working, benefitting teams to develop a greater understanding of each other. It might help reduce the issue of too many managers too. It may reduce the feedback heard that some departments feel overwhelmed and criticised by other departments for not taking the action vulnerable clients need, when actually they are under resourced and don't have facilities to offer a more wholesome service to clients. Most importantly it will reduce the isolation of West Lothian's	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9817	Theme 2- Generating Income	General Comment	Incentivise council employees to suggest ways of saving money that can be applied to other departments / schools etc	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9818	Theme 2- Generating Income	General Comment	Share back office services, use transparency to cut waste, get more for less by improving procurement, buy together	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9819	Theme 2- Generating Income	General Comment	And finally... ask your staff for more sensible savings ideas! Your staff will be the most informed and actually the most enthusiastic about cutting waste. Give a prize for best staff ideas for efficiencies. Allow staff to submit anonymous ideas too. For example, at Surrey County Council, over 300 employee suggestions have saved approximately £500, 000.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9820	Theme 2- Generating Income	General Comment	The advice shop already assist with recovering council tax and rent arrears... targeting individuals even when not seeking advice on the subject.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9821	Theme 2- Generating Income	General Comment	You always have workers doing stuff at the weekend but why can't it get done during the week to Save money on paying overtime etc.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9822	Theme 2- Generating Income	General Comment	Buying through Pecos can be expensive sometimes and if we had options to buy from local shops it would make our department budgets stretch further	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9823	Theme 2- Generating Income	General Comment	Get your trade managers involved in becoming teachers of their trades - offer low cost classes, training facilities but to still make it worthwhile. A trade college in edinburgh charges £2500 for 6 weeks training course (level 2 city & guilds) in plastering.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9824	Theme 2- Generating Income	General Comment	Organisations can generate savings by streamlining operations, reducing duplication, and improving efficiency. Digitising services and automating routine tasks cuts administrative workload.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9825	Theme 2- Generating Income	General Comment	Sharing services with neighbouring organisations spreads costs.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9826	Theme 2- Generating Income	General Comment	Reviewing contracts and renegotiating supplier agreements lowers procurement costs.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9827	Theme 2- Generating Income	General Comment	Less money spent on advertising, and on small changes in the council such as adapting the logo.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9828	Theme 2- Generating Income	General Comment	Should be having events and things for the community so people actually have things to do and look forward to and you can raise funds this way as well as making the community happy about putting money into the council	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9829	Theme 2- Generating Income	General Comment	• Add sunset reviews: if KPIs are missed, charges are reduced or removed.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9830	Theme 2- Generating Income	General Comment	save money on wages by working with the job centre and college to have unemployed people / students working with you to gain experience. Work experience / intern programmes. Remove the age limit. The unemployed can do it part time in order to get the universal allowance, each group could do one week a month or something on a rota so they still have time to spend looking for other jobs, which would allow them to earn more money which would in turn allow them to afford to pay the taxes.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9831	Theme 2- Generating Income	General Comment	Have more graduate schemes and again remove the age limit.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9832	Theme 2- Generating Income	General Comment	Council should also look into investing into commercial sector, which could raise more money without being a burden to people and this could also lead to more bussinescoming into the council area creating more job.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9833	Theme 2- Generating Income	General Comment	Saving excess costs are important but increasing the proportion of grant given by the Scottish Government must be a priority, or else negotiate passing services over to them - the current distribution of budget is unsustainable, given the proportion of population now living in West Lothian.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9834	Theme 2- Generating Income	General Comment	Move all nurseries to term time and offer affordable childcare for additional hours	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9835	Theme 2- Generating Income	General Comment	Encourage schools to set up a charity to allow businesses to provide additional financial support to schools to allow investment in digital and IT. Allow the businesses to place branding in the school and provide advertising via social media on the councils channels. If possible secure funding to invest in council owned renewable infrastructure that will generate income from surplus power into the grid	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9836	Theme 2- Generating Income	General comment	Offer night school places and charge for them	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9837	Theme 2- Generating Income	General Comment	Improve ipay - to include an admin free that parents have to pay outstanding lunch money - process for collecting must be more robust from parents who won't pay	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9838	Theme 2- Generating Income	General Comment	All pupils should be toilet trained before attending nursery and school and therefore school can remove expensive nappy bin units and weekly collections.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9839	Theme 2- Generating Income	General Comment	instead of staff - using more volunteers to assist in schools	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9840	Theme 2- Generating Income	General Comment	This is more difficult I think. Increases of charges for hard up residents is difficult. The suggestions look good. I would consider charging after school clubs a nominal fee for using council properties	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9841	Theme 2- Generating Income	General Comment	Provide more opportunities for school lets and charge appropriately and advertise this.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9842	Theme 2- Generating Income	General Comment	Run specific programmes that will generate income, Council run, for profit, services like an ice rink, multi purpose event centre, activity centres, etc. Many will happily pay for these things as long as a) they're not overly expensive, and b) profits go back into essential council services.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9843	Theme 2- Generating Income	General Comment	Need to think smarter about how you can raise money but also reduce costs by using the community better. Use young people who have lots of skills and need experience to do things more, it is so hard to get a job these days, offer more work experience. We could have been doing these surveys for you.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9844	Theme 2- Generating Income	General Comment	I would also suggest that schools / janitors take responsibility for heating school buildings. Our heating has been on since October and due to the unseasonably warm weather, most windows have been open every day. This to me just seems like heating money going out the window.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9845	Theme 2- Generating Income	General Comment	Reduce adult learning classes. One per school once a week.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9846	Theme 2- Generating Income	General Comment	Sell the land for housing and promote oportunities to younger professionals.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9847	Theme 2- Generating Income	General Comment	Fundraiser events to make money with charts posted in areas use are spending the money on	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9848	Theme 2- Generating Income	General Comment	Exploring partnerships with private organisations and making better use of council - owned assets could also provide sustainable income without placing extra pressure on commuters.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9849	Theme 2- Generating Income	General Comment	a review of allocation council land and property what purpose does it serve, does it reward or cost? In certain circumstances to much time and resources spent on sweetening the public unnecessary requires a review, review on council tax or a public services fees for swimming pools, the use of sports facilities, community centres etc	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9850	Theme 2- Generating Income	General Comment	Also buildings that require maintained why not work with the college and students to carry out work under supervision while learning there trade? For example joinery, painters etc - plasterers, painters, plumbers, electricians could do work to private housing (also do a call out charge for emergency to private / council) start a scheme people pay monthly for a call out incase scheme.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9851	Theme 2- Generating Income	General Comment	Install additional EV charging networks to increase revenue.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9852	Theme 2- Generating Income	General Comment	Renting space in underused or out of hours buildings.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9853	Theme 2- Generating Income	General Comment	Ensuring the occupancy of council buildings is maximised; creating office space which could be hired out to employers where staff work from home	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9854	Theme 2- Generating Income	General Comment	External agencies lease council properties, e. g cafes in council buildings / libraries	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9855	Theme 2- Generating Income	General Comment	Rent out the lower level of offices at Whitehill. Offer a sort of private hire of services. Beyond council lands, some tasks could be handled for private owners, as the equipment and skills already exist. Consolidate rental venues. Again, have a project to properly assess and offer suggestions that will work to streamline, increase service and income.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9856	Theme 2- Generating Income	General Comment	It seems to me to be a "no brainer" that there are areas where an income can be generated and should be put into practice. I also suggest that the office spaces in the civic centre could be outsourced to other businesses as "hot desking" facility.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9857	Theme 2- Generating Income	General Comment	Charge market rates for use of council facilities	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9858	Theme 2- Generating Income	General Comment	Reduce floor space and property utilised by staff, increase desk sharing opportunities to the civic centre from remote offices.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9859	Theme 2- Generating Income	General Comment	explore renewable energy projects on unused land, and develop partnerships with local businesses to co - fund community facilities.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9860	Theme 2- Generating Income	General Comment	As already alluded to in the previous response I think we could see a tiered service offering. Basic services are included as part of council requirements; however to get faster services, quicker turn around with permits or other there could be a 'fast track 'charge	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9861	Theme 2- Generating Income	General Comment	Also asking for donations could be appropriate. For example if my local school was looking for additional support I would be happy to donate money or things to help improve the service. I would be unlikely to donate to generic fund but would be interested in donating to a specific place.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9862	Theme 2- Generating Income	General Comment	private commercial groups should pay for the use of council facilities at a higher rate debt should not be written of even if it means business being closed	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9863	Theme 2- Generating Income	General Comment	Full cost recovery should be in place for some services provided and if not then not at all.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9864	Theme 2- Generating Income	General Comment	The council should find better revenue generating means instead of allowing other companies opportunities the council and communities could benefit from.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9865	Theme 2- Generating Income	General Comment	Consolidating underused buildings and adopting hybrid working reduces property expenses. Investing in energy - efficient systems lowers long - term utility bills.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9866	Theme 2- Generating Income	General Comment	Income generation—such as rentals, renewables, or paid services—helps offset spending while maintaining essential services.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9867	Theme 2- Generating Income	General Comment	Instead, the Council could focus on alternative income streams that do not impact households directly. This could include expanding commercial partnerships, leasing unused property, increasing renewable energy generation for sale back to the grid, and seeking external grant funding for community and environmental projects. Additionally, the Council could explore shared service models with neighbouring authorities and introduce paid optional "premium" or business - to - business services, ensuring core public services remain affordable and accessible for all residents.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9868	Theme 2- Generating Income	General Comment	Suggestions beyond 2a - d / Levies: Asset Monetization: Lease unused land / halls for events / commercial (£200k - £500k / yr via tenders, per Audit Scotland). Green Energy Sales: Solar on roofs, sell excess power (£50k - £100k / yr post - grants). Targeted Services: Full - cost garden waste subs (£50k savings) & business trade waste charges. Grants / Partnerships: EV stations in parks (user fees £100k); sponsored wifi / apps. Tourism Add - ons: Premium digital guides / events (£100k - £200k w / o levy). Totals £1m + potential via efficiency / commercial focus. Audit for quick wins—prioritize non - resident burdens.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9869	Theme 2- Generating Income	General Comment	In the scheme I live there is a lot of wasted space that needs maintained, council could look to selling or offloading some of these areas to the residents ie the parking bays at some of the back gates could save money in the future and maybe raise some money at the moment. Grass areas that need maintained at front and back doors could maybe sold or given to the residents that in return would give residents bigger gardens and personal parking space which in return would help when more electric cars are being used to help to make it easier and safer for all residents.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9870	Theme 2- Generating Income	General Comment	Instead of cutting you can generate income and not from council tax payers, who you are consistently asking to pay more for less.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9871	Theme 2- Generating Income	General Comment	Look at selling Almondvale football stadium to the highest bidder while securing the tenancy agreements of the current tenants. This council owned property is NOT a priority to the council tax payers and it does not benefit 99.9 % of the population of the county.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9872	Theme 2- Generating Income	General Comment	Employ time and study professionals	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9873	Theme 2- Generating Income	General Comment	Perhaps maintaining and investing in council owned facilities to make them more attractive for use could generate income.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9874	Theme 2- Generating Income	General Comment	Stop bringing in sub contractors to do jobs that our (some) employees can already do.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9875	Theme 2- Generating Income	General Comment	The priority should be to increase the proportion of funds received from the Scottish Government because of the proportional growth of the WL population, or hand over some of the Council 's current responsibilities to the national legislature.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9876	Theme 2- Generating Income	General Comment	I think the best and most appropriate way for the council to draw in funds is to re - [XXXX] older properties to ensure they are paying the correct level of council tax	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9877	Theme 2- Generating Income	General Comment	Council can also generate revenue by leasing space, such as by opening a coffee shop in a library	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9878	Theme 2- Generating Income	General Comment	Housing needs costs are astronomical due to the B & B cost, would it not be better to purchase alternatives?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9879	Theme 2- Generating Income	General Comment	Introduce / Increase Factoring charges - especially in older council estates where the majority of properties are now owned. Communal grass areas being serviced for free by WLC - there should be factoring charges - the same as in Private Estates. However to introduce this WLC shall need to ensure an efficient service.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9880	Theme 2- Generating Income	General Comment	Council tenants be responsible for damage they have deliberately caused. Including charges for services such as pest control.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9881	Theme 2- Generating Income	General Comment	As I said previous question generate income is fine but offer something in return, a tenant may need a new bathroom, doors, windows but have to wait 7 - 10 years before the council will upgrade this, offer away of doing this when the tenant wants and needs this but are also paying for the upgrade through a rent increase	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9882	Theme 2- Generating Income	General Comment	Rent for social housing should go up massively and money should come directly to you from DWP to avoid non payments. Stop paying for hotels for homeless / emergency and use existing council buildings as accommodation	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9883	Theme 2- Generating Income	General Comment	Put water meters in council houses with big families to pay for the extra waster wasted washing their cars etc	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9884	Theme 2- Generating Income	General Comment	Increase the rent on council housing to be inline with housing associations,	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9885	Theme 2- Generating Income	General Comment	using the council tradesmen to do external work outside of their remit for a charge? landscaping?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9886	Theme 2- Generating Income	General Comment	Garage sites rented out by council are not charged high enough. Frequently when they are returned from outgoing let they are full of junk / rubbish and this costs more to remove than the entire income from letting. Sell the sites off or develop existing sites for other purposes.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9887	Theme 2- Generating Income	General Comment	look at investment in your trades to build houses, as money is available to be made, rent and mid market proties as well as selling new priorities to 1st time buyers would make money on all of this	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9888	Theme 2- Generating Income	General Comment	generate more things to do in community centres that would bring in more people and people could be charged for these services i. e. young people - pool tables - charge when using, consider bowling and charge when using	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9889	Theme 2- Generating Income	General Comment	Enable opportunities for residents to donate for continuation of public amenities like the libraries .	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9890	Theme 2- Generating Income	General Comment	Enable opportunities for residents to donate for continuation of public amenities like community centres.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9891	Theme 2- Generating Income	General Comment	Making sure council houses are keeping good if not put them fines	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9892	Theme 2- Generating Income	General Comment	Look to make savings eg Reducing maintenance costs of council houses by reducing frequency of new kitchens and bathrooms.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9893	Theme 2- Generating Income	General Comment	The public utility team in the roads department should be a revenue generating team through the inspections and permit issuing. However in recent years the team size has been reduced and as such they are no longer able to undertake as many inspections as previously, one new inspector could be fully assigned to undertaking revenue generating inspections which would pay for their wages and generate additional income. In addition this increased number of inspections would ensure that utility companies are adhering to the required standards for their works and reduce ongoing maintenance costs to the council as in a large number of instances a utility track is the first part of the carriageway to fail leading to further defects in the area which the council has to repair.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9894	Theme 2- Generating Income	General Comment	Change the school lunches to encourage packed lunches and the alternative to be soup and a sandwich rather than the rotating options available just now.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9895	Theme 2- Generating Income	General Comment	More public litter bins and glass collection services.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9896	Theme 2- Generating Income	General Comment	Would be interesting to see what the cost is to tidy up all the fly tipping compared to bringing back the free special uplifts. Not saying you go back to 3 free per year but even reducing the cost of the uplift. In Edinburgh they charge £5 per item up to a maximum of 5. Would doing a similar scheme maybe save money in the long run? Or have the recycling centres open without the need for an appointment.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9897	Theme 2- Generating Income	General Comment	Additionally offer car mechanical repairs to the private sector. Both of these services are at your disposal already.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9898	Theme 2- Generating Income	General Comment	Introduce a traffic warden service. It will make a fortune.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9899	Theme 2- Generating Income	General Comment	Possibly use of unused Council vehicles, sharing with statutory services.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9900	Theme 2- Generating Income	General Comment	Stop collecting brown bins so often over winter.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9901	Theme 2- Generating Income	General Comment	Scrap the salad bars in primary schools. So much food is wasted.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9902	Theme 2- Generating Income	General Comment	Bring back parking wardens - charge parking fees that can stay within the council - this would cover staff cost and sort parking	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9903	Theme 2- Generating Income	General Comment	Sell fallen or felled timber.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9904	Theme 2- Generating Income	General Comment	Sponsorship of roads and road maintenance.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9905	Theme 2- Generating Income	General Comment	Council take over car parks rather than private companies	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9906	Theme 2- Generating Income	General Comment	Clamp down on the illegal pavement parking and antisocial behaviour. Every car owner in the LA should have a parking permit if they don't have a drive / garage to store their vehicle.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9907	Theme 2- Generating Income	General Comment	Employ parking wardens, specifically around schools.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9908	Theme 2- Generating Income	General Comment	School crossing patrols guides to be sponsored and wear sponsor jackets etc.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9909	Theme 2- Generating Income	General Comment	The places where there are communal bins. Put bins in secure shed that only residents have access to and this will cut down on people from other areas coming and dumping their household waste and house stuff that should go to the recycling centre. The council then have to pay for contractors to come and clean up the bins	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9910	Theme 2- Generating Income	General Comment	Many new housing estates are stuck with ridiculous factor fees where the prices are constantly rising year on year with services actually deteriorating. The council could look at taking these services back in - house and charging their own fees to manage these areas which on scale would be less than the private firms.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9911	Theme 2- Generating Income	General Comment	Increase charges for caravan park at Beecraigs	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9912	Theme 2- Generating Income	General Comment	If not already, consider fleet hire / lease of vehicles, also cut back in number of vehicles and these being used by employees for travelling to and from home.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9913	Theme 2- Generating Income	General Comment	Install traffic cameras and a bus gate in the centre where the buses go, you'll make a fortune	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9914	Theme 2- Generating Income	General Comment	Stop garden maintenance scheme	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9915	Theme 2- Generating Income	General Comment	Stop the garden maintenance scheme	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9916	Theme 2- Generating Income	General Comment	Renewable energy should be a focus to reduce energy costs in the long term. Also instead of composting food waste a digester site could generate gas & electricity.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9917	Theme 2- Generating Income	General Comment	allow commercial businesses into CRC and charge them a fee. Cut flytipping and generate £	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9918	Theme 2- Generating Income	General Comment	Do away with the council garden maintenance scheme it is outdated and costs a lot of money	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9919	Theme 2- Generating Income	General Comment	Stop filling in pot holes & not sealing around them. It just comes out 2 days later. Roadworks should be overnight cause less hassle.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9920	Theme 2- Generating Income	General Comment	Feeding etc children ALL DAY LONG... = HUGE amounts of food waste! I cannot emphasise this enough. Whole foods = more expensive + most of it going in the bin.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9921	Theme 2- Generating Income	General Comment	Reduce pupil transport as they all have bus passes	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9922	Theme 2- Generating Income	General Comment	Employ parking wardens to stop illegal parking and to issue fines. Every town in West Lothian has this issue. This would be self - funding and probably make a profit for the council.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9923	Theme 2- Generating Income	General Comment	Periodic street lighting shut off	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9924	Theme 2- Generating Income	General Comment	Stop groundwork like grass cutting and ground maintenance	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9925	Theme 2- Generating Income	General Comment	see answer to 1 - I would like to see a dedicated mobile blue badge parking warden with ability and legal standing to issue on - the - spot fines for misuse of badge, or the space. Financial penalties WOULD fair exceed cost of salary, bike, equipment, uniform & mileage. - Start at Scotmid's in Winchburgh! Good Luck!	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9926	Theme 2- Generating Income	General Comment	Get rid of council buildings they don't need such as the monstrous building at Whitburn cross which is the biggest waste of money I have seen	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9927	Theme 2- Generating Income	General Comment	Agree with the above, plus enforcement of street parking restrictions.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9928	Theme 2- Generating Income	General Comment	Look at least used services and remove them reallocating cost savings to other areas such as waste management and keeping the streets clean and tidy	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9929	Theme 2- Generating Income	General Comment	Everyone is already struggling to pay for things. Stop spending on stupid things like talking bins	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9930	Theme 2- Generating Income	General Comment	Instead of looking for opportunities to generate income why not look at ways to stop paying out so much. Stop having council workers putting up lights on a Sunday in double time	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9931	Theme 2- Generating Income	General Comment	Turn non residential streetlights off during the early hours especially in summer.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9932	Theme 2- Generating Income	General Comment	Could do with how areas are used take Beecraigs for example it's a gold mine ready to just explode! We don't use enough of the amazing areas wild swimming etc a wellbeing place at beecraigs but better offer summer camps etc support schools but also run lots of other initiatives... easy money ready to go!	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9933	Theme 2- Generating Income	General Comment	I do not agree that the Council should raise income by increasing fees or charges, as many residents are already struggling with the cost of living. Instead, we should focus on using existing resources more efficiently to generate income. For example, Council waste lorries often sit idle after completing public collections; these could be used to tender for commercial waste contracts. The Council also has depots and equipment that are underused and could support external work. In addition, our grounds maintenance teams could tender for grass cutting and landscaping on private estates or business sites. These initiatives would make full use of staff and assets, create local employment, and generate new income without increasing costs for residents. This approach promotes efficiency, fairness, and community benefit while ensuring the Council delivers better value for money.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9934	Theme 2- Generating Income	General Comment	Getting the job done in the first instance which used to be the case when council staff done the work. Also stop the stupid statues everywhere probably £400, 000 saved right away	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9935	Theme 2- Generating Income	General Comment	Bulky uplifts should be free for at least a couple of times a year then can charge for additional	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9936	Theme 2- Generating Income	General Comment	Having local people take care of public spaces - litter picks / grass tidying	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9937	Theme 2- Generating Income	General Comment	Stop the weekend uplift of rubbish.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9938	Theme 2- Generating Income	General Comment	Increase the size of the bins and make collections every 3 weeks.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9939	Theme 2- Generating Income	General Comment	Any fees charged must provide value for money to those charged. Employ traffic wardens as I guess they would pay for themselves and leave a surplus for the council.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9940	Theme 2- Generating Income	General Comment	The amount of services already available is minimal The amount of fly tipping is terrible due to the booking system at the recycling depots	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9941	Theme 2- Generating Income	General Comment	With the council having invested in a fleet of new vehicles to reduce servicing requirements there should be a reduction in the number of mechanics employed.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9942	Theme 2- Generating Income	General Comment	be more proactive in charging people for speeding / parking illegally.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9943	Theme 2- Generating Income	General Comment	The council should focus on money raising ventures that don't hit people in their pockets. The cost of living is already beyond the means of many and adding to that will only push more people towards poverty and require additional services, it's a short - term approach with long - term consequences. I support the use of schemes such as advertising or visitors levy. The council could consider marketing West Lothian as a filming destination, there are lots of beautiful spots that might work, and filming of major movies already occurs in Edinburgh which is not a far jaunt.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9944	Theme 2- Generating Income	General Comment	Instead, I'd suggest focusing on boosting local tourism, supporting small businesses through affordable commercial space, and hosting community events that attract visitors and revenue.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9945	Theme 2- Generating Income	General Comment	Public - Private equity. We are, as far as I am aware, part of the City and Lothian Deal...but where are we being creative to drive investment into our skilled workforce? Spend money to save money (enterprise) and try and generate more local taxes and grants from big ambitious projects.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9946	Theme 2- Generating Income	General Comment	Creating more tourist hotspots and by milking the Outlander tourism while it lasts.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9947	Theme 2- Generating Income	General Comment	Generate growth in the community by encouraging enterprise that generates wealth.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9948	Theme 2- Generating Income	General Comment	Bring new business to the area with incentives to reallocate into this area.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9949	Theme 2- Generating Income	General Comment	reduce rents in unused properties for a set period.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9950	Theme 2- Generating Income	General Comment	already mentioned car charing fees	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9951	Theme 2- Generating Income	General comment	The visitor levy may generate income but again what will it cost to enforce? And what message does it send to tourists? Charging more is potentially going to lead to less usage and more community issues so it really needs to be fully thought through.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9952	Theme 2- Generating Income	General comment	A visitor levy may work but you would need to consider if people might just start else where as West Lothian isn't as big a draw as a place like Edinburgh. For any income generation or saving we need a longer term plan.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9953	Theme 2- Generating Income	General comment	Visitor Levy should be explored further. Would be useful to know what the definition of a 'visitor' is.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9954	Theme 2- Generating Income	General Comment	In Development Management we currently produce a "Weekly List" of new planning applications. A	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9955	Theme 2- Generating Income	General Comment	Promote tourism as day trips from cities like Edinburgh and Glasgow. Often times, residents of these cities aren't aware of the historic and scenic spots in West Lothian.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9956	Theme 2- Generating Income	General Comment	Promote tourism as day trips from cities like Edinburgh and Glasgow. Often times, residents of these cities aren't aware of the historic and scenic spots in West Lothian.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9957	Theme 2- Generating Income	General Comment	• The most recent increase in planning application fees by the Scottish Government came into effect on 9 June 2025, under the Town and Country Planning (Fees for Applications) (Scotland) Amendment Regulations 2025. If this is not sufficient, particularly for major projects, then the Scottish government should be lobbied for a further increase. Development Management must be self - funding and planning fees should contribute to the revision of the Local Development Plan	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9958	Theme 2- Generating Income	General Comment	Must invest in capital spending to increase asset base that generates income. One huge area is to reclaim derelict and unused commercial land and property for building more council housing or affordable rented housing	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9959	Theme 2- Generating Income	General Comment	Is there possibility to increase the number of social housing required as a proportion by large house - building contractors?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9960	Theme 2- Generating Income	General Comment	Where possible rent out suitable spare land for allotments, in my area there is need due to the number of flats	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9961	Theme 2- Generating Income	General Comment	Instead of focusing solely on budget cuts, the Council should innovate and explore ways to generate new income without increasing local taxes or reducing essential services. One approach could be to attract new businesses and create unique attractions that draw visitors to the area — for example, developing forest trails or introducing adventure activities such as Go Ape or Zog Forest experiences.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9962	Theme 2- Generating Income	General Comment	I also think more assets could be better commercialised to bring in small businesses. e. g. coffee stands in council parks.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9963	Theme 2- Generating Income	General Comment	Improving preventative services in health and social care reduces costly crisis demand.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9964	Theme 2- Generating Income	General Comment	Reviewing overall services and looking at the suitability of the service. This should NOT look at limiting services for mental health services and other health services.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
9965	Theme 2- Generating Income	General Comment	Council needs to stop money on woke agendas such as all the money wasted on illegal trans toilets that have actually put young girls at risk. DEI nonsense is a waste of tax payers funds. Count on this to concentrate only on its core activities.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

9966	Theme 2- Generating Income	General Comment	I agree in principle but no more staff to be employed as councils are over staffed and over paid at present.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9967	Theme 2- Generating Income	General Comment	Make every member of staff in the council make 1 change that would simplify and be more cost efficient in the way they work in their service without detriment to their service.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9968	Theme 2- Generating Income	General Comment	does being GREEN actually work?? or cost more money.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9969	Theme 2- Generating Income	General Comment	Carelessness should be charged. For example, street furniture that is damaged due to avoidable accidents. I would also go as far as to say that charging for NHS visits based on stupidity. More people do stupid things for a laugh and end up in hospital. Would they do these things if they had to pay for their treatment. The UK is full of these kinds of people, because they get free healthcare, it's abuse.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9970	Theme 2- Generating Income	General Comment	Multiple operational staff doing the job of 1 person. e. g. leaf blowing. Really? Cleaning road gutters for galadays - c'mon. Paying retired staff to come back to help. Where do these jobs come from? Scrap it.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9971	Theme 2- Generating Income	General Comment	House near me put out food in the garden for hedgehogs. This means our street gets rats and council comes to control them. Then they again put out the food and also feed the birds once again council rat man comes out. Constant circle for past 5 years	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9972	Theme 2- Generating Income	General Comment	How can out sourcing parts of the council benefit.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9973	Theme 2- Generating Income	General Comment	they could save money by stop paying money to useless and pointless things	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9974	Theme 2- Generating Income	General Comment	Cheaper things to buy.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9975	Theme 2- Generating Income	General Comment	As previously stated using recharges to recover cost	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9976	Theme 2- Generating Income	General Comment	Colleague workshare. Accountability and performance related supervision. Stricter budget controlling with Senior managers being accountable for budgetary anomalies.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9977	Theme 2- Generating Income	General Comment	do events to raise money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9978	Theme 2- Generating Income	General Comment	Water charges,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9979	Theme 2- Generating Income	General Comment	Fun runs, donations to council charity shops so the Council can earn money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9980	Theme 2- Generating Income	General Comment	Ensuring staff are working efficiently and are for money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9981	Theme 2- Generating Income	General Comment	Get pensioners to do jobs	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9982	Theme 2- Generating Income	General Comment	Sack councillors	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9983	Theme 2- Generating Income	General Comment	Stop wasting money on pointless schemes like DE & I and use the funds on front line services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9984	Theme 2- Generating Income	General Comment	I think you should look into how much top earners are being paid in the council and reduce their wages rather than charging the poorer!!!!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9985	Theme 2- Generating Income	General Comment	Do your job and stop being corrupt	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9986	Theme 2- Generating Income	General Comment	Reduce the non essential outgoings and expenses that WLC incur	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9987	Theme 2- Generating Income	General Comment	As previous said, manage the council like private companies manage them. Hold your staff to account. Stop spending counciling money on inside jobs through procurement. Stop paying for immigrants to get better perk and benefits in the community than the hard working people here do. I worked for counciling and relative has loved from private sector to council and both of us say we stole out wages from council, the speed at which people work is honestly ridiculous. So sort that out and you'll find you don't need as many staff to do the jobs.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9988	Theme 2- Generating Income	General Comment	Again - STOP targeting the most vulnerable people in our society & put the "burden" on businesses / companies instead	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9989	Theme 2- Generating Income	General Comment	Please don't think that charging employees to park at work will plug the gaps left by efficiencies up the chain. I'd love to know where WL council embezzled the money supposed to be spent on one digital device for every pupil. In the mean time the whole IT debacle has been embarrassing, what were you doing?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9990	Theme 2- Generating Income	General Comment	If WLC cannot manage monies allocated to them, heads should roll!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9991	Theme 2- Generating Income	General Comment	YES I DO BUT CANNOT PUT THEM IN PRINT	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9992	Theme 2- Generating Income	General Comment	Looking at the top levels of council staff and detail what they do. For public scrutiny and this in turn increases the productivity from the top and that should work down through the departments resulting a better more productive council	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9993	Theme 2- Generating Income	General Comment	Overtime ban	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9994	Theme 2- Generating Income	General Comment	Get your staff to actually work and not pay your "bigwigs" so much	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9995	Theme 2- Generating Income	General Comment	West Lothian council hold fundraising events to support money going into the local area - ladies days, fun days for families, fun runs, cultural celebrations etc. If people know what the money will be going towards, people would be more willing to donate.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9996	Theme 2- Generating Income	General Comment	Council does. It wish to consider raising revenue inside or outside of	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9997	Theme 2- Generating Income	General Comment	The council continue to expect more money from us, for doing less work. They can save money by taking care of problems soon after they occur, rather than leaving them to grow worse over time and become a bigger, more costly and time consuming issue.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9998	Theme 2- Generating Income	General Comment	Wrong economy here and double taxing	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
9999	Theme 2- Generating Income	General Comment	Sack all the ppl that abuse the system, will save you millions	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10000	Theme 2- Generating Income	General Comment	make life a little bit easier for some people	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10001	Theme 2- Generating Income	General Comment	c / Again, less waste - less councillor all expenses paid trips on 'fact finding' missions	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10002	Theme 2- Generating Income	General Comment	Education should be the primary focus of your budget. Anything else is expendable. Even in education you should be	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10003	Theme 2- Generating Income	General Comment	Goon corner	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10004	Theme 2- Generating Income	General Comment	Lots of schools doing sponsored events.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10005	Theme 2- Generating Income	General Comment	Football pitches for kids	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10006	Theme 2- Generating Income	General Comment	hosting events for families, that dont need to cost a lot of money to run but are also affordable for people to get in	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10007	Theme 2- Generating Income	General Comment	Pay school staff more they take some amount of abuse to be on [XXXX] wages	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10008	Theme 2- Generating Income	General Comment	I understand with the financial crisis we have in the country just now however, parents are paying for nothing anymore. We pay the cost of their children's school trips from our own budget. The majority of our parents can afford to contribute but with the cost of the school day policy we are unable to ask. The more we do for them, the more they expect and schools budgets / school fund accounts are suffering as a result.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10009	Theme 2- Generating Income	General Comment	Stop building statues on roundabouts	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10010	Theme 2- Generating Income	General Comment	we don't agree because it is the teachers work and they have to save there budget	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10011	Theme 2- Generating Income	General Comment	In capitalist society, money ends up into a minority of hands. If we don't find a way to share it we'll end up in these situation. The Zucman tax could solve some issues. In Switzerland they also set up withholding tax which means that companies keeping profit in the company without releasing	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10012	Theme 2- Generating Income	General Comment	In a capitalist society, the money ends up in the hands of a minority of people. It is based on various "scamming" situation: either selling a product too expensively or not sharing the profit with employees. If you look for money, look there. For this, Switzerland has setup a withholding tax system and nobel prizes support the Zucman tax. Both prevent for undeclared or evaded profit.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10013	Theme 2- Generating Income	General Comment	Stop selling off large carparks to english companies so they can profit	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10014	Theme 2- Generating Income	General Comment	Make sure everyone pays	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10015	Theme 2- Generating Income	General Comment	You mention making sure the council is paid properly for all services. If that's not happening already, hand in your resignation.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10016	Theme 2- Generating Income	General Comment	Raising council tenancies rent, permits. Introducing charges for when people fail to be in for council repair appointments.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10017	Theme 2- Generating Income	General Comment	Reduce council stock of housing requiring maintenance by offering tenants the chance to buy their property.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10018	Theme 2- Generating Income	General Comment	finally grow a pair and DEMAND, more money from this useless scottish government that is wasting our money hand over foot.. including finding enough money to pay its msp's an extra £80, 000 a year in salary..	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10019	Theme 2- Generating Income	General Comment	There seems to be an attitude of selling off buildings as opposed to re purpose e. g. St David's house sold of cheap, whereas upper floors could have been leased on a care and maintenance basis whilst council actively looked for a tenant for the supermarket and cafe space, this cutting overheads in respect of care and maintenance, generating income through commercial lease of ground floor units and retaining the building in council ownership and in time the buildings value would increase in line with property prices.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10020	Theme 2- Generating Income	General Comment	Having increasing charges for council service may bring a small budget gain however the closure of community building would impact many - young people and elderly groups	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10021	Theme 2- Generating Income	General Comment	No more translating	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10022	Theme 2- Generating Income	General Comment	Make better use of Community halls, advertising on Social Media what is available	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10023	Theme 2- Generating Income	General Comment	I agree the Council should explore ways to generate income, but it's important to do it fairly. Increases should not make life harder for people already struggling with the cost of living. Visitor levies and advertising could be good options if the money directly supports local services and communities. However, car park and service fee rises should be carefully reviewed to avoid discouraging town centre use or putting extra pressure on small businesses and families. Income generation should focus on fairness, sustainability and protecting essential services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10024	Theme 2- Generating Income	General Comment	Any new or increased charges must be reasonable and fair. Introducing parking fees in excess of £1 / 2hrs would seem unreasonable. Some charges would seem unfair unless phased in over a long period. Some people may be unfairly affected incurring several charges where some only incur one or two.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10025	Theme 2- Generating Income	General Comment	Watch that the management of income generating projects does not actually increase costs. There may be possibilities for a small fee to gathered for various services but, again, the management of this may be counter - productive with little money generated overall. While the principle of income generation sounds good, the actual implementation may not generate the income the justify its introduction.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10026	Theme 2- Generating Income	General Comment	But only where this does not impact on individual residents, eg your plan to explore advertising revenues. You may already have explored innovative practices in other councils, or even internationally, but, if not, this should be done.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10027	Theme 2- Generating Income	General Comment	Use the money to clean the county up to the level it used to be.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10028	Theme 2- Generating Income	General Comment	Workplace parking levy is trickier as its a levy on employers, so also on jobs. It also assumes use of local transport by employees, as it encourages the reduction of parking spaces provided at workplaces. I would not be able to access my job within a reasonable time by public transport, if my employer actioned the reduction in parking spaces they envisaged due to projected levy impacts.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10029	Theme 2- Generating Income	General Comment	Tax the rich	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10030	Theme 2- Generating Income	General Comment	Fly tipping seems a bad outcome from tipping charges.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10031	Theme 2- Generating Income	General Comment	Outhousing services such as pest control. Ensuring that private sector housing developers pay for consequential services required such as improved roads and walkways plus landscaping, plus school place provision - nb this has not been properly enforced, if at all, up to the present!!!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10032	Theme 2- Generating Income	General Comment	You don't know what generating income is - you have nothing entrepreneurial about you. You believe whacking an extra fiver on to costs is income generating but it's actually just annoying a full county.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10033	Theme 2- Generating Income	General Comment	Run a pilot project, review and evaluate	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10034	Theme 2- Generating Income	General Comment	there are not huge savings to be made here	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10035	Theme 2- Generating Income	General Comment	Whilst I agree with some of these there also need to be consideration for those who are already living on the bread line with so many other bills and services going up each year.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10036	Theme 2- Generating Income	General Comment	Introduce a means tested system for delivering Self Directed Support to unpaid carers. Nationally this is in the Carers Scotland Act 2016 that unpaid carers are not subject to the contributions policy but there should be a prioritisation of needs to ensure those in need are receiving what they need.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10037	Theme 2- Generating Income	General Comment	Blue Badges - where a customer has no photographic ID they need to make an appointment with CIS to collect the form. They then need another appointment to return so their application can be processed. In these instances if the customer could simply collect the form from reception, get their appointment it would be a far better customer journey. Room booking system - could we print off the bookings for the following day instead of having to check every room and write down who is coming in and when. Access to the building. Broxburn have very few access passes (people have lost them / not returned them) so as well as checking their ID we are now having to constantly let people up to the meeting rooms, taking us away from the desk.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10038	Theme 2- Generating Income	General Comment	Charging to display for business	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10039	Theme 2- Generating Income	General Comment	charging at public car parks.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10040	Theme 2- Generating Income	General Comment	A visitor tax	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10041	Theme 2- Generating Income	General Comment	Wrong time to be asking when I pay massive council tax you've had money to extend our local high school from developers and you're trying to send my kids elsewhere to school!!! Have lived in east Calder all my life I went to WCHS my older kids do and now my youngest will suffer due to your incompetence in budgeting	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10042	Theme 2- Generating Income	General Comment	Have you really looked at the wastage in the council? Not just man power wastage.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10043	Theme 2- Generating Income	General Comment	People with mobility cars should not also have the use of busses and taxis.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10044	Theme 2- Generating Income	General Comment	Turn the lights off or sumn I dunno	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10045	Theme 2- Generating Income	General Comment	As stated in previous question, look in - house for answer to all your questions, waste is incredible!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

10046	Theme 2- Generating Income	General Comment	Public transport alternatives in west lothian are diabolical. Employers struggle to fill posts in some areas this may make the issues worse. Employers might move their business if it becomes too expensive.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10047	Theme 2- Generating Income	General Comment	Depends entirely on how any increased income would be generated, there is no detail here. How do you expect people to agree / disagree on completely vague proposals?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10048	Theme 2- Generating Income	General Comment	Have facilities that people want to use.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10049	Theme 2- Generating Income	General Comment	Stop having the heating on in council buildings all year round then you wouldn't need to charge us more for things we shouldn't have to be paying for like the brown bin and car parking	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10050	Theme 2- Generating Income	General Comment	Save money by not doing up temporary houses every time a new tenant is allocated	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10051	Theme 2- Generating Income	General Comment	The council should improve on housing and accessibility to the community. It takes ages when contacting the council by phone. Improve the educational sector I think pupil need extra classes to improve learning, and resist pupil especially high school students to dress appropriately in school uniforms and ban	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10052	Theme 2- Generating Income	General Comment	Put more into repairs	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10053	Theme 2- Generating Income	General Comment	Reduce the amount of empty council properties	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10054	Theme 2- Generating Income	General Comment	WLC do not treat anything in how to make Money or gain income. WLC I my views do everything they can to not increase income	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10055	Theme 2- Generating Income	General Comment	Is my understanding correct you're asking your citizens for a financial advice?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10056	Theme 2- Generating Income	General Comment	Again, a team at the council is paid to do this thinking	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10057	Theme 2- Generating Income	General Comment	That's a tricky one it doesn't matter what goes up people wont like it. People only see what they want to see and trying to explain the benefits is like talking to a brick wall	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10058	Theme 2- Generating Income	General Comment	To point need to watch with parking fees find a happy medium	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10059	Theme 2- Generating Income	General Comment	As before you could save mega pounds	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10060	Theme 2- Generating Income	General Comment	One off council charges for pest control could have an increased cost to the individual.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10061	Theme 2- Generating Income	General Comment	The Council should be run much more along the lines of a business, generating income from multiple streams, utilising a workforce and facilities at its disposal to generate income as much as possible.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10062	Theme 2- Generating Income	General Comment	The tourist levy am not sure how much tourist we attract. However, I believe the Designer outlet is not been fully put on the tourist map. Most especially, I know that the shopping tourist are not been made aware of the Livingston designer outlet. I have received guests / friends / family who visit us and plan to visit York outlet and Boister village outlet and yet not aware of our designer outlet which they all were very impressed about. If the council look into making it creating an easier mode of transport from the capital to the outlet that would be great. Also the road around the	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10063	Theme 2- Generating Income	General Comment	To companies and outsourced industries. Not to wlc housing tenants	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10064	Theme 2- Generating Income	General Comment	Reduce rents for businesses so as make businesses more viable	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10065	Theme 2- Generating Income	General Comment	why cant an area of civic centre become a community centre, a college area, a private nursery, shop units, or an area to have a wedding reception as the registrar offices are already there.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10066	Theme 2- Generating Income	General Comment	Follow examples of other councils. These are generally accepted models.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10067	Theme 2- Generating Income	General Comment	I do think the council should petition government directly to change the rules on who they can charge council tax to. For example, students should be required like any other household. Council tax should vary not just on the price / value of a home, but the number of inhabitants. I believe council tax should be higher for households above 2 people to reflect the service pressures / use each additional household inhabitant has.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10068	Theme 2- Generating Income	General Comment	Sell off land that is owned by them and left abandoned	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10069	Theme 2- Generating Income	General Comment	Where does the money from new housing estates go? Several new estates in our area and no investment in services in fact services are worse	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10070	Theme 2- Generating Income	General Comment	maybe look at the way revenues are gained, on over haul of the current finance system would help with payments and lack of chasing up payments	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10071	Theme 2- Generating Income	General Comment	We have parents who leave in outlying leafy country areas. Transport is put on for these families. If it is means tested and those families are earning above a certain amount then I feel a proportion of transport costs should be borne by the families that are choosing to live in remote outlying areas.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10072	Theme 2- Generating Income	General Comment	Get tougher with the travelling people that pollute our Xcite areas and leave thousands of pounds of waste debris behind them when they leave.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10073	Theme 2- Generating Income	General Comment	Start enforcing all powers you have with planning permission.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10074	Theme 2- Generating Income	General Comment	Using council staff (plumbers etc) to do work on council services. I had to wait a long time for a leak to be sorted in my day care service by an outside company which is still not fixed properly Would it not be cheaper to use council staff	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10075	Theme 2- Generating Income	General Comment	Grant funding from Scottish Government	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10076	Theme 2- Generating Income	General Comment	Saving money for the future and put a limit each year	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10077	Theme 2- Generating Income	General Comment	build more shops Shut down ice rinks	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10078	Theme 2- Generating Income	General Comment	Activities Place that are shut down build it that makes good money for the council.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10079	Theme 2- Generating Income	General Comment	The reason the number of children being born has dropped is that we cannot afford to have several children. Housing costs are ridiculous (not council housing but normal people can't get those houses) and childcare costs are insane. We can't survive on one income because of the cost of living, particularly the cost of a house big enough to accommodate a family (ours is not excessive). Address cost of housing and childcare.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10080	Theme 2- Generating Income	General Comment	stop spending money on the Symbiosis sculpture	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10081	Theme 2- Generating Income	General Comment	You get plenty money, stop wasting it	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10082	Theme 2- Generating Income	General Comment	You already get enough from local residents	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10083	Theme 2- Generating Income	General Comment	It only rakes money from people that work and already pay there way	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10084	Theme 2- Generating Income	General Comment	The good people never see the benefit of this spend more money in our community and housing the ones that are you have	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10085	Theme 2- Generating Income	General Comment	Take money from immigrants	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10086	Theme 2- Generating Income	General Comment	West Lothian council is a shambles and it's going to take a lot more to fix the problems that they have created, so there will never be a saving made!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10087	Theme 2- Generating Income	General Comment	Stop wasting money on absolute nonsense and start investing in community projects and people.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

10088	Theme 2- Generating Income	General Comment	Invent a Time Machine, go back in time and market West Lothian as a destination and drive inward investment. But as the Chinese proverb goes, the best time to plant a tree was twenty years ago, or today. The council needs to drive inward investment but there is no one who has the private sector experience to do that working for the council. The council leadership is not even aware that the water is boiling on the skills deficit.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10089	Theme 2- Generating Income	General Comment	All about the money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10090	Theme 2- Generating Income	General Comment	Look after the pennies and the pounds will look after themselves.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10091	Theme 2- Generating Income	General Comment	Already answered	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10092	Theme 2- Generating Income	General Comment	Cost - reflective charging: While not advocating for new or higher customer charges, services should be priced to ensure cost recovery rather than being delivered at a loss. Charges should fairly reflect the cost of providing the service and, where appropriate, allow for a modest surplus to offset subsidised or community - based activities elsewhere.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10093	Theme 2- Generating Income	General Comment	I know that outsou	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10094	Theme 2- Generating Income	General Comment	Again, you already receive government grants and council tax. If you can balance your books then maybe your accountants need a kick in the xxx. Your not a business, your a public service. Act like it. Stop silly things like driving a mayor around in some fancy car. Im sure they have enough money to get a car. Stop seasonal spending on festive decor. Times are tough. Stop spending money and luxury things such as fixing statues. You cant afford it. Like telling a teenager how not to go into debt I swear. Bank says no. Then dont spend it. Simple.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10095	Theme 2- Generating Income	General Comment	Making work and life in the region harder is a counterproductive step	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10096	Theme 2- Generating Income	General Comment	Think people who work are getting the worst treatment you need to get people on benefits to pay	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10097	Theme 2- Generating Income	General Comment	Make better use of derelict buildings and land have them generating money instead of going into disrepair	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10098	Theme 2- Generating Income	General Comment	Why do they have to keep raising money for people who are struggling?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10099	Theme 2- Generating Income	General Comment	I think it is unfair for working people to be charged for everything and people who have never worked (not including people at most need) in my experience it is the people who are not paying for these service (means tested) that abuse them eg neighbours require pest control due to not looking after property	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10100	Theme 2- Generating Income	General Comment	Cutting the cost	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10101	Theme 2- Generating Income	General Comment	Service is terrible in all aspects nothing you can do is right apart from charges for the better of the councils purse	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10102	Theme 2- Generating Income	General Comment	With the number of new builds within the Lothian there should be a lot more money for the Financing of services	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10103	Theme 2- Generating Income	General Comment	Charging for facilities like this actually deter usage and cause more dissatisfaction toward council decisions this is not helpful at all to residents who appear to be getting higher council taxes for less	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10104	Theme 2- Generating Income	General Comment	Money is squandered no doubt in many areas and a bit of common sense would save money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10105	Theme 2- Generating Income	General Comment	Budget your money better pay people less hire robots they don't need sleep they don't take wages they work continuously	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10106	Theme 2- Generating Income	General Comment	Finding ways to get the unemployed back to work in the local community will create more cash flow to local businesses, more spending in the area, less people claiming benefits and council tax relief Stop punishing those that are already working hard to create a decent standard of living and start squeezing those who choose to opt out of society	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10107	Theme 2- Generating Income	General Comment	You are already selling off council land	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10108	Theme 2- Generating Income	General Comment	For the past 48 years, since I started work, I have contributed to West Lothian Council and paid my dues, council tax, etc. looking around my local area and listening to people talking I could point out dozens of people who have never contributed anything, never pay council tax or rent, but still receive services from the council. More should be done to chase non payers. I know of people who have worked since the age of 16 and payed there way but cannot afford a mortgage. They would be more than willing to pay rent but instead have to pay ridiculous amounts to private landlords and watch while people who have never paid anything in their life are given free services	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10109	Theme 2- Generating Income	General Comment	Pay off PFI as Falkirk council have done. Schools are now council owned	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10110	Theme 2- Generating Income	General Comment	Some of the ideas mentioned seem good in the short term but if you force business and tourists to other areas with these charges then you will in fact bring in less money. If you charge a business for each parking space for the employees then the spaces will be removed forcing employees to park further away from the business on a side road or give up working.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10111	Theme 2- Generating Income	General Comment	Pen pushers and sell off some of the assets like old depo's	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10112	Theme 2- Generating Income	General Comment	As per above, Council is creaming council tax from 1000s of new homes without any investment in East calder medical practice for example, its already raised charges and we pay for our bins collection despite paying council tax so where the millions of pounds from new homes going to?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10113	Theme 2- Generating Income	General Comment	Reduce the number of pool cars and allocate to essential services, can a trip in a pool car be a virtual meeting? What contribution is provided by the house builder for council services for the increase in houses all over West Lothian. Where does this go?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10114	Theme 2- Generating Income	General Comment	The problem is that all income generating services are ones in which the public need to see as worthwhile / beneficial to the general public. Increasing costs in many of these things may price them out the market.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10115	Theme 2- Generating Income	General Comment	Already paying one of the highest council taxes in Scotland	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10116	Theme 2- Generating Income	General Comment	These are difficult questions to answer based on the information you have provided.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10117	Theme 2- Generating Income	General Comment	Ye why not drive out the remaining employers in town and tax them on everything so they pack up and go. Get to grips with your out of control spending on utter nonsense (talking bins) and vanity projects an increase the council tax to actually provide services not pay increases.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10118	Theme 2- Generating Income	General Comment	If someone with additional needs is in respite for days, they shouldn't be using other services that cost money to attend. Pay for 1 service at a time, not 3 or 4 different ones.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10119	Theme 2- Generating Income	General Comment	I believe in looking to reduce congestion but that can only be delivered with a good transport system. Where I live in Blackridge that is certainly not the case.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10120	Theme 2- Generating Income	General Comment	Most people are struggling to pay bills and feed and heat their homes. My home is so cold, even with heating on we sit under a duvet. You can not expect to ask for more if what we're paying for doesn't meet standards.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10121	Theme 2- Generating Income	General Comment	The government already tax us enough, find a way to get more funding from them. They are deliberately squeezing you of funds from all things I can see	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10122	Theme 2- Generating Income	General Comment	Instead of putting the costs of council provisions up, think of ways to add to what we already have for our ever growing communities that will benefit families and in turn make the council more money.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10123	Theme 2- Generating Income	General Comment	Your looking at this all wrong, make the savings go after the businesses and people who take the piss and start doing things for the locals and not your cronies.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10124	Theme 2- Generating Income	General Comment	The question about raising fees about what?? you made several points that didn't make sense to me	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10125	Theme 2- Generating Income	General Comment	Actually look after residents, encourage them to feel part of a community	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10126	Theme 2- Generating Income	General Comment	Some fees are already higher than in Edinburgh!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10127	Theme 2- Generating Income	General Comment	Why is it that the general hard working public have to suffer when we are already being squeezed to the point of starvation. Get a grip fgs!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10128	Theme 2- Generating Income	General Comment	Fix things properly rather patching them, get it right first time rather than 2, 3, 4 attempts	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10129	Theme 2- Generating Income	General Comment	Cutting costs on NON Scottish people and infrastructure. Focus on community, encouraging advertising or sponsorship on local teams. People are struggling cost increases on recycling will be detrimental to our environment. Also why do we need men manning the in out of tips? Just let people empty their rubbish?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10130	Theme 2- Generating Income	General Comment	Cut spending instead. Pissing people off by generating these small revenue streams is not the answer	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10131	Theme 2- Generating Income	General Comment	Any more cuts will leave this place looking like a ghost county it's disgusting to survive with little or no services as it is, we should be encouraging plenty of local services especially with all the new house building going on in all our towns. But without proper infrastructure the place has become boring to live in a collection of dormitory towns to go to work from., no shops few restaurants All activities being affected like closing of swimming pools and libraries scant support for local groups	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10132	Theme 2- Generating Income	General Comment	Is there any council property that can be used more efficiently? Is there any land that can be sold for housing?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10133	Theme 2- Generating Income	General Comment	If these happen, libraries and community centres will close. Many of these are hubs for the community and are essential for young families and the elderly	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10134	Theme 2- Generating Income	General Comment	Stop allowing people to be on benefits for years	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10135	Theme 2- Generating Income	General Comment	There is no justification whatsoever to be making residents responsible for WLC's misuse of council tax funds. Tax cuts for residents are required given the cuts in services. I find the current situation abhorrent. The council need to look elsewhere for additional revenue and cut costs for residents. Period.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10136	Theme 2- Generating Income	General Comment	Look at savings from reducing benefits paid out to people whom have never worked.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10137	Theme 2- Generating Income	General Comment	Open the community centres again & provide a safe space with activities for teenagers to go instead of causing anti social behaviour.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10138	Theme 2- Generating Income	General Comment	Outrageous that their is a brown bin fee at the same time as your old codger of a Council leader takes a salary increase.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10139	Theme 2- Generating Income	General Comment	Sack the mayor	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10140	Theme 2- Generating Income	General Comment	Increased funding from the Scottish Government generated through significant changes to the tax system, including but not limited to a tax on wealth.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10141	Theme 2- Generating Income	General Comment	Generate income from businesses that make money off of us. Address planning loopholes that allow builders to promise schools, take money out of our community with housing and then renege on plans for community assets. They take money out of our community and give nothing back. Why are they being allowed to get away with it - and continue to build in West Lothian?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10142	Theme 2- Generating Income	General Comment	I work full time, and see people who are on benefits getting everything under the sun, I think you should tackle housing benefit payments but more so tackle private landlords from over charging	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10143	Theme 2- Generating Income	General Comment	Don't penalise people who are already struggling to make ends meet.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10144	Theme 2- Generating Income	General Comment	I think more pressure should be put on politicians to increase funds for councils rather than ask the public continually to put our hands in our pockets. Its incredibly unfair to ask the public for more money when council services seem to be continuously cut due to funding issues. Money should be saved from elsewhere in the budget.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10145	Theme 2- Generating Income	General Comment	Ridiculous, council tax rises and services are already being depleted! I will not pay any additional charges until the council returns previous amenities, I am al waxy at the point of leaving West Lothian!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10146	Theme 2- Generating Income	General Comment	The goal should be to look at inefficiencies and encouraging more investment rather than driving out business or tourism	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10147	Theme 2- Generating Income	General Comment	Don't punish the people	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10148	Theme 2- Generating Income	General Comment	We should move freely not taxing the already over taxed	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10149	Theme 2- Generating Income	General Comment	This survey is so biased to get the answer the council wants with having some good ideas mixed with ideas that are so detrimental to the area that the only response that protects is no	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10150	Theme 2- Generating Income	General Comment	People are already struggling with increased costs and wages not increasing to match this. There are better ways to budget before people are asked to pay more.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10151	Theme 2- Generating Income	General Comment	Because people on benefits will get everything for free and working people will get even poorer because of more charges etc.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10152	Theme 2- Generating Income	General Comment	Stop buying useless equipment, there was money generating before shutting the sports centres etc down	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10153	Theme 2- Generating Income	General Comment	Again if the money you already get was spent wisely and a department was created that actually monitored spending and resources then you lot would already have more than enough money required and could quite possibly reduce council tax	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10154	Theme 2- Generating Income	General Comment	You cant get blood from a stone.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10155	Theme 2- Generating Income	General Comment	School runs use of tax 's if a child is in receipt of disability payments the money is not for getting mum and dad to work in a new car surely they should fund some of the costs from that allowance given by the state?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10156	Theme 2- Generating Income	General Comment	We are already living pay check to pay check	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10157	Theme 2- Generating Income	General Comment	Pest control is very expensive and council used to send pest control to private homes. Private homes pay council tax same as council tenants that is so unfair. Do the council think because you chose to sacrifice holiday etc yo buy your own home you 've plenty disposable income. In most cases would be the opposite. What about pensioners?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10158	Theme 2- Generating Income	General Comment	How can you ask if you agree with increasing charges without telling people an idea of what that charge would be to people?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10159	Theme 2- Generating Income	General Comment	You get enough money by council tax but don't do the work to look at the roads at all	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10160	Theme 2- Generating Income	General Comment	Save money on staff who do nothing	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10161	Theme 2- Generating Income	General Comment	Definitely not. There's been significant increase in new builds that degenerates income for council, both in developer fees and increase in council tax. More external scrutiny required on council ineffective spending. Start providing value for money.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10162	Theme 2- Generating Income	General Comment	When outsourcing and charging needs to cover expenditure, why does it also have to save 30, 000. Sure increasing charges in a sufficiently small way to balance books is what 's required rather than hiking charges for savings.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10163	Theme 2- Generating Income	General Comment	I have said no, but I 'm not against all of the suggestions. What I would say though, is that increased charges usually disproportionately impact people who do not live in council property or in receipt of benefits. The assumption is that these people can afford the costs when in reality there are thousands of people who are working, and in private lets or paying mortgages, who are living in or close to poverty.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10164	Theme 2- Generating Income	General Comment	Allow more house to be built and more businesses to start up. Also make businesses pay the tax they owe.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10165	Theme 2- Generating Income	General Comment	What fees are you going to put up that's very dependant on the answer to the question Need to be more specific	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10166	Theme 2- Generating Income	General Comment	We are pay a fortune in council tax. You charge for the brown bin also and increased that after one year. People Can't afford to live	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10167	Theme 2- Generating Income	General Comment	Rather than looking at asking people to pay more, serious work needs to be done on current processes and how the money is spent.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10168	Theme 2- Generating Income	General Comment	My family already pay through the council tax a wholly excessive amount for the services provided for that. Start thinking outside the box instead of taking the easy options of taxing people excessive amounts for poor service.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10169	Theme 2- Generating Income	General Comment	Gathering more money, will not ensure effective spending of money. This perhaps will only encourage further waste. When we receive questionnaires asking, how savings could be made - we must assume that money has been spent producing this rather than WLC staff establishing this themselves, which is a concern. Consult with options, not for this sake of saying engagement has taken place.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10170	Theme 2- Generating Income	General Comment	Demand more money from central government. The people are already paying too much tax	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10171	Theme 2- Generating Income	General Comment	You can't budget at the moment. I don't know how my council tax is spent and I for one don't see how it benefits me. The cost of living is up and it's hard to pay more money for no return.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10172	Theme 2- Generating Income	General Comment	Manage your internal budgets better and stop wasting money on unnecessary spending	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10173	Theme 2- Generating Income	General Comment	The amount we pay in council tax I can't see where the money goes. Money surely can't go towards roads because they are a joke. Road works are up for months longer than expected but going past and there is never anyone working. Feel like the amount we pay is not proportionate to the benefits	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10174	Theme 2- Generating Income	General Comment	The people of West Lothian already pay enough for dwindling services which are delivered in a hap hazard way!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10175	Theme 2- Generating Income	General Comment	Cut down on staff costs by using duplication of tasks, we do not need a team of 3 in a van to empty street bins, make use of those on community service orders for litter picking, street cleaning g. clearing paths of snow etc..	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10176	Theme 2- Generating Income	General Comment	West Lothian is only place are mess with all cuts	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10177	Theme 2- Generating Income	General Comment	Stay within your budget and if services have to drop then so be it. We all have to stay within our means and so should you.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10178	Theme 2- Generating Income	General Comment	Be more efficient	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10179	Theme 2- Generating Income	General Comment	Donations to charity	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10180	Theme 2- Generating Income	General Comment	It's to expensive	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10181	Theme 2- Generating Income	General Comment	Consider actual 'results' and outcomes. Is there a disconnect? I. e. a sign of this disconnect is increasing costs with an apparently increasing problem. This shows the funding is no solution and part of the cause.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10182	Theme 2- Generating Income	General Comment	Do more public private partnership with national and global players to generate funds.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10183	Theme 2- Generating Income	General Comment	No free car parks but make them affordable Tourist tax	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10184	Theme 2- Generating Income	General Comment	I think that the main aim is to be	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10185	Theme 2- Generating Income	General Comment	Look at ourselves on what we spend as a whole	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10186	Theme 2- Generating Income	General Comment	Local democracy should change with the times.....	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10187	Theme 2- Generating Income	General Comment	Our services to children and families in need are free and viewed as an entitlement. Whilst I agree in principle with this approach there is no doubt that free to some devalues a product / intervention and this can result in poor uptake. I am not sure that we'd want to charge for services, but making customers aware of the cost of a service that they are being offered or in receipt of would naturally attach a value. Not saying this would eradicate waste (lack of uptake, missed appointments etc) but it would make a proportion of the customer base think more. So, when I get a GP appointment or a physiotherapy appointment I am aware that I am responsible for my own health and I will make sure I go to the appointment and I will make sure I am prepared to pay for the service.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10188	Theme 2- Generating Income	General Comment	utilise their services, vehicles and staff to advertise private services. our staff and visibility touch the public in huge numbers each day and we should push this to firms wishing to advertise.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10189	Theme 2- Generating Income	General Comment	Everything in west lothian	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

10211	Theme 2- Generating Income	General Comment	No	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10212	Theme 2- Generating Income	General Comment	I do not	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10213	Theme 2- Generating Income	General Comment	Fix the pot holes	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10214	Theme 2- Generating Income	General Comment	I think the responsibility lies with the elected councillors who sought to represent the voters and determine policy and make the difficult decisions. If they need to pass that responsibility back to the voters then they are thwarting the principles of democracy and leaving the decision making to those voters who shout loudest and push the needs of the weak and vulnerable aside.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10215	Theme 2- Generating Income	General Comment	no	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10216	Theme 2- Generating Income	General Comment	I already have!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10217	Theme 2- Generating Income	General Comment	think its should look more closely at our daycentre, braidhouse, its very important to us an we think its cost efficient, as other services could cost more, with us being in here we are also saving on us having carers coming in to us during the day, thus is saving money for council too	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10218	Theme 2- Generating Income	General Comment	sick pay cuts	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10219	Theme 2- Generating Income	General Comment	Outsourcing should not reduce quality. Income - raising should complement prevention and avoid widening inequality.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10220	Theme 2- Generating Income	General Comment	This question is far too binary. Of course income should be generated... but not at every opportunity.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10221	Theme 2- Generating Income	General Comment	Use smaller buildings and	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10222	Theme 2- Generating Income	General Comment	Before you bring in a levy tax on employers who provide car parking for their staff, you will have to have a public transport system in place that covers all of West Lothian from very early morning to pretty late at night so staff who work shifts can get to and from work. It looks as if your plans to save money will only mean the constituents are losing out.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10223	Theme 2- Generating Income	General Comment	Yes how many houses with gardens do not pay surcharge on brown bins, they just put garden waste in black bag and put it in black bin. Monthly clearance of litter from shrubbery	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10224	Theme 2- Generating Income	General Comment	Yes how many houses with gardens do not pay surcharge on brown bins. They just put garden waste in black bag and put it in black bin. Monthly clearance of letter from shrubbery	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10225	Theme 2- Generating Income	General Comment	In general I agree, but be more specific about the charges affected / introduced. You can't ask for Yes / No and be this vague.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10226	Theme 2- Generating Income	General Comment	Parking fees at Country parks	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10227	Theme 2- Generating Income	General Comment	The council needs to be run as a business and not as a bottomless pit service.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10228	Theme 2- Generating Income	General Comment	To close / cut services the amount of services that are not / no longer used by the residents. This could free up resources	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10229	Theme 2- Generating Income	General Comment	There is a cost of living crisis which could potentially be made worse by this. We could also slip into higher areas of deprivation as the area won't be so well maintained and looked after. There are issues with preventable hospital admissions and not enough beds and if you reduce the gritting on local streets there will be an increase in falls. You need to work with local charities, community groups to encourage a rally round like during covid to look after neighbourhoods	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10230	Theme 2- Generating Income	General Comment	I work for a University and we have fully funded work bases degrees in AI Data Science we teach staff to work smarter with their data. We work with many Councils helping staff learn the skills to be more efficient and effective in their work. West Lothian Council are not currently engaged in a conversation through your management. This is fully funded learning and skills for your employees that will not impact your training budget. As a local resident I would welcome speaking with senior management ronnie. beatlie @ gcu. ac. uk	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10231	Theme 2- Generating Income	General Comment	Review of business rates? Use of council resources to bring in income from businesses.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10232	Theme 2- Generating Income	General Comment	Reduce heating temperature in council buildings by 1 degree which should reduce the energy costs.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10233	Theme 2- Generating Income	General Comment	If parking fees.. then you are going to require more local bus times.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10234	Theme 2- Generating Income	General Comment	"youth club is only £1, this could go up a bit "	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10235	Theme 2- Generating Income	General Comment	Limit WFH Stop using council vehicles to get to and from work	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10236	Theme 2- Generating Income	General Comment	Ensure that new ways of generating money do not take away the service in question and don 't make it unaffordable for low income households	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10237	Theme 2- Generating Income	General Comment	Increased charges for services needs to be properly managed and be proportionate to ensure groups are not excluded due to it being too expensive. Concessions for disabled and elderly must be key as well. Offering services to external use such as pest control or ground maintenance or others could also be a good generation and charged at actual costs	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10238	Theme 2- Generating Income	General Comment	Funding sources should always be explored and advertising in public places seems to be a possibility. Increasing charges for residents should be a last resort as prices are continually rising in other areas also.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10239	Theme 2- Generating Income	General Comment	This is a good idea and makes sense but i dont have any suggestions	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10240	Theme 2- Generating Income	General Comment	Again think about the wellbeing of the community	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10241	Theme 2- Generating Income	General Comment	No. I 'm only 17 years old and I 'm not informed or experienced enough about politics or public finances to make any meaningful suggestions. However I agree that the council should explore other ways of generating income if their financial situation is not good and it is impacting on the daily lives of the people of West Lothian.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10242	Theme 2- Generating Income	General Comment	Responsible sponsorship from the private sector	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10243	Theme 2- Generating Income	General Comment	If there isn't sufficient budget per head then the council need to stop approvals to build more houses. Sufficient funds need to be gathered to improve public services as the population increases.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10244	Theme 2- Generating Income	General Comment	I Agree that	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10245	Theme 2- Generating Income	General Comment	Charging a market price for servitude agreements plus the purchasing party covers all legal costs. Fast track planning fees. People will pay for fast efficient outcomes. A claw back would apply if it drags on from a councils fault. Efficiently run partnership building. A fair price for hall hire etc. Not how it is run at the moment with funds unaccounted for. Chucking a few hundred pounds a various groups to gain favour.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10246	Theme 2- Generating Income	General Comment	Have volunteers help in the community and the hpld fundraisers to do some of the nice to haves.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10247	Theme 2- Generating Income	General Comment	Yes again it is a great idea in principle but it's how you go about it. Could parking tickets help? It would also help manage the traffic in our towns.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10248	Theme 2- Generating Income	General Comment	See earlier response. Like many people I see lots of examples of tge council being exploited by third parties. Its an open chq book. You cant just keep raising tax, you newd to work smarter and better.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10249	Theme 2- Generating Income	General Comment	Charity run	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10250	Theme 2- Generating Income	General Comment	Charly runs	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10251	Theme 2- Generating Income	General Comment	Taxi fare increases	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10252	Theme 2- Generating Income	General Comment	They need to do something	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10253	Theme 2- Generating Income	General Comment	You asking us to make a decision and you don't know how much money will be saved if you make these changes	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10254	Theme 2- Generating Income	General Comment	within reason as we don't want to turn people away because of costs	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10255	Theme 2- Generating Income	General Comment	we need more than shops to bring tourists into WL	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10256	Theme 2- Generating Income	General Comment	Having council led activities	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10257	Theme 2- Generating Income	General Comment	get rid of useless staff first but start at the top not the bottom. dont pay contractors and shoddy deals when their work is not up to standard	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10258	Theme 2- Generating Income	General Comment	Sell off excess properties. Stop increasing fees for those that work whilst those that sit at home claiming benefits and housing win.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10259	Theme 2- Generating Income	General Comment	Fundraising	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10260	Theme 2- Generating Income	General Comment	Make the workplace better for staff. Moral is at an all time low and many staff are stressed and unhappy. Make dump easier to access to prevent fly-tipping. Encourage local volunteer groups to get out and do litter - picks or maintenance jobs.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10261	Theme 2- Generating Income	General Comment	WLC are already doing that.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10262	Theme 2- Generating Income	General Comment	Stop selling WL out and allowing for it to be developed by house builders constantly. This is a drain on an already stretched system. The councillors have no common sense. Stop with all the management and high level worthless positions. Saves money. Not rocket science. Less houses. Less demand on services	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10263	Theme 2- Generating Income	General Comment	There has been enough cuts	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10264	Theme 2- Generating Income	General Comment	Every year fees and charges go up for all sorts of things like rent council tax and lately leave the council do Little not as much as they could be doing I reckon if you're gonna charge him for whatever you need to think about it properly and make the right choices	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10265	Theme 2- Generating Income	General Comment	Stop paying developers for new houses and renew old ones. Start investing in infrastructure useful for people and kids instead of closing down swimming pools. Invest in medical centres, in Armadale in 8 years time population growth by 4000 people but medical centre is the same size as before it. Look after all of the neighbourhoods not only the chosen ones. Woodhead grove hedges been trimmed half a year ago	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10266	Theme 2- Generating Income	General Comment	Any of these options would ultimately filter down to increase the already impossible cost of living for the poorest and most vulnerable residents.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10267	Theme 2- Generating Income	General Comment	Why does everything cost us more, yet the services get worse. Why is this?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10268	Theme 2- Generating Income	General Comment	Say no to further cuts.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10269	Theme 2- Generating Income	General Comment	Many of these items being looked at are poor. Little revenue for lots of inconvenience in some cases. These need re looked at.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10270	Theme 2- Generating Income	General Comment	Scale back the amount of employees sent out to do a simple job	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10271	Theme 2- Generating Income	General Comment	More cuts needed.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10272	Theme 2- Generating Income	General Comment	Without access to the council's accounts it's difficult to specify	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10273	Theme 2- Generating Income	General Comment	Revisit a community charge based on household number... The real cost for a household of 5 compared to a household of 2 isn't being addressed. Basing council tax on house valuations is ridiculous... Many older couples will be quite happy in their family home yet constantly penalised. Property has NO value unless you sell it....	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10274	Theme 2- Generating Income	General Comment	Brown bin service for gardening waste should be free as the bin lorry is coming around anyway for food waste. It all goes to the same place so isn't really cutting down or reducing money.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10275	Theme 2- Generating Income	General Comment	Increases in costs should not be applied across all sectors mentioned but on a selected number of the proposals.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10276	Theme 2- Generating Income	General Comment	Get the tenant owing rent arrears sorted first	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10277	Theme 2- Generating Income	General Comment	Stee I'm employing computers and robots to do the handyman work they don't sleep eat and be safely work 24 seven	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10278	Theme 2- Generating Income	General Comment	Stop being so risk averse with those who consistently take advantage of public funds.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10279	Theme 2- Generating Income	General Comment	It is not fair for people who's earn lots but also they spend more time at work	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10280	Theme 2- Generating Income	General Comment	If we as a nation put the interests of ourselves first then we wouldn't need to have extra funding available.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10281	Theme 2- Generating Income	General Comment	These sound like Tory measures. Stop wasting money that could be better spent then there would be no need to impose ridiculous charges.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10282	Theme 2- Generating Income	General Comment	Any savings / money generated, I have never felt it's benefits. Now we are having to pay more from our pocket for services we already pay for. I often wonder where the money actually goes, lining some other people's pockets no doubt. My pockets are already stretched, I can't afford to buy certain foods which were my standard weekly food shop. And now you want more from me, it's disgusting.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10283	Theme 2- Generating Income	General Comment	Only from tourism or something like that	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10284	Theme 2- Generating Income	General Comment	I have no money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10285	Theme 2- Generating Income	General Comment	No	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10286	Theme 2- Generating Income	General Comment	I am sure there are other ways to save money.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10287	Theme 2- Generating Income	General Comment	As previous	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10288	Theme 2- Generating Income	General Comment	Less expenses for Councillors	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10289	Theme 2- Generating Income	General Comment	Concentrate on the present don't worry about the future	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10290	Theme 2- Generating Income	General Comment	Make opportunities for locals to develop small businesses and share places where council can earn as well as people	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10291	Theme 2- Generating Income	General Comment	- Look at generating income by targeting certain individuals rather than punishing thoughts on lower incomes.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10292	Theme 2- Generating Income	General Comment	No	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10293	Theme 2- Generating Income	General Comment	close schools that are next to each other ☹️	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10315	Theme 2- Generating Income	General Comment	I do not trust the Council to introduce charges and fees to generate income effectively or fairly otherwise I would have answered 'yes'. Boasting of having 'the lowest level charging and fees for some services 'is empty if this is not explained - what are these services and how many is 'some '? This is a hollow way to suggest residents should be grateful.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10316	Theme 2- Generating Income	General Comment	No	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10317	Theme 2- Generating Income	General Comment	find it already expensive	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10318	Theme 2- Generating Income	General Comment	There 's a few things that can be chopped from your big list	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10319	Theme 2- Generating Income	General Comment	What idiot thought by charging people more for reduced services would be a good idea	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10320	Theme 2- Generating Income	General Comment	I think the way society is right now is look after your own before you look after others that are not from West Lothian would be a really great start	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10321	Theme 2- Generating Income	General Comment	Formally suspend local democracy, sack all paid councillors until such time that any local elected officials have the budget to do anything. At the moment they are merely there to take the flack and nod through statutory spending. Pointless.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10322	Theme 2- Generating Income	General Comment	Audit of council staff and levels of productivity	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10323	Theme 2- Generating Income	General Comment	Raising fees for your own benefit go to [XXXX] xxxx Labour are scum [XXXX] Starmer and digital ID	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10324	Theme 2- Generating Income	General Comment	You need to supply more detail so we can make a judgement not sound bites trying to lead you down a path	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10325	Theme 2- Generating Income	General Comment	Charge more to company 's using our town	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10326	Theme 2- Generating Income	General Comment	The council should set tender for independent consultation on savings from current services with a view to future sustainability services. They should strive to set a one year target to ensure value for money, labour and services are improved on past budget levels by third party negotiation on local trades and material supplies	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10327	Theme 2- Generating Income	General Comment	Supermarkets who control supply chains should be taxed on the amount of single use packaging and waste that is generated.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10328	Theme 2- Generating Income	General Comment	Making the car parks at the centre council owned knowing the charges were being used to help West Lothian would be better than using the current private contractors.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10329	Theme 2- Generating Income	General Comment	Prison. Put sex offenders in gen pop not protected areas. Bring back the death penalty for very serious crimes. Stop politicians giving business contracts to their friends for no reason. Stop politicians voting on things they have a vested interest in.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10330	Theme 2- Generating Income	General Comment	2b - Care needed increasing fees. Not stated what current fees could be changed. Young parents are stretched with childcare fees and rent / mortgage. OAP 's lost free transport. Pensioner neighbour paid £130 for a weeks 'visits (4, for dressings) travelling to hospital in Edinburgh. Transport fees expensive and trains / buses service are not good. Everyone is feeling the pinch. 2c - Care should be taken with road signs. West Lothian looking very neglected due to lack of grass cutting and shrub cutting roadside.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10331	Theme 2- Generating Income	General Comment	Council are on cheaper in soon service. I need more information that the comment that has been made	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10332	Theme 2- Generating Income	General Comment	It 's a con	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10333	Theme 2- Generating Income	General Comment	To take more time following up the non - payment or subsidised rent and subsequent arrears of such rent and associated services provided by the council, within the county.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10334	Theme 2- Generating Income	General Comment	Stop cutting vital services and maybe let out some of your nearly 800 void properties!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10335	Theme 2- Generating Income	General Comment	Get those in the prisons to clean up the streets. It will give them something to do.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10336	Theme 2- Generating Income	General Comment	Council should get rid of FMA managers as There's to many and believe me half of them spend more time in there houses than they do working. I have seen it with my own eyes, and janitors get paid for nothing but moan about everything.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10337	Theme 2- Generating Income	General Comment	Make each option an individual point that can be surveyed on, having all the options as one yes or no answer is completely [XXXX] pointless	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10338	Theme 2- Generating Income	General Comment	Priority - what 's most urgent. Optimizing work and preventing potential problems rather than chasing consequences afterwards.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10339	Theme 2- Generating Income	General Comment	Pursuing the public for a council overspend is not as great means of supporting area.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10340	Theme 2- Generating Income	General Comment	I think this is a bigger issue than the council. Needs to be dealt with at Gov level.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10341	Theme 2- Generating Income	General Comment	You get enough from us	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10342	Theme 2- Generating Income	General Comment	we pay enough	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10343	Theme 2- Generating Income	General Comment	Partially yes but remembering that we are a service provider.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10344	Theme 2- Generating Income	General Comment	People in households don't know they can phone and get a plumber, joiner or any other trade where it works like a company not as a freebie to only council tenants	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10345	Theme 2- Generating Income	General Comment	By making sure that all empty houses are giving to tenants in there local areas there are too much houses lying empty and that's we're you are losing money in rent and council tax	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10346	Theme 2- Generating Income	General Comment	If you stopped your work vans parking up at King Georges park two at a time from 3pm onwards you might get more repairs completed ahead of schedule meaning more houses can come under tenancy and rent / council tax can be generated	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10347	Theme 2- Generating Income	General Comment	I think a massive overall in how housing is allocated needs to happen. We had a neighbour who was schizophrenic and came off his medication try to burn down his house in November. He gave all the brand new white goods to his drug dealer because he had no money to pay his debt. His house was so badly damaged there was no budget to fix it until the new financial year started in April. Someone like that should not have been given priority over a single parent with young children. They needed some form of assisted living where medication could be monitored. Is the council going after him to get back the cost of the goods and the damages?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10348	Theme 2- Generating Income	General Comment	Debt is written off too quickly to make figures look good. I. e. when people come back looking for re - housing after being evicted debt is not actively pursued / discussed with incoming applicant / tenant. Recharges written off for those on benefits as 'not recoverable' - this should be held on a service account and used against tenants in the event they want certain services such as rehousing and allows for a legal case for breaches of tenancy agreement.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10349	Theme 2- Generating Income	General Comment	Yes, stop funding immigrants. Rather than 2 weeks free rent at Christmas, stop this no one else gets free rent weeks	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10350	Theme 2- Generating Income	General Comment	Make savings by allowing the staff being paid to do their job, more work then gets done. Make savings by stop paying hotels for homelessness - I personally know a landlord and I know what your paying then from council budget every month and it's shocking.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10351	Theme 2- Generating Income	General Comment	Get sound proofing in houses as noise is the biggest problem and ban laminate flooring in upstairs houses.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10352	Theme 2- Generating Income	General Comment	Building more houses isn't the answer, you build more new houses and the houses that need repairs are wasting away cause you don't have the money. If you all looked after your tenants maybe people would be fine to pay rent or council tax	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10353	Theme 2- Generating Income	General Comment	Have much better control over council houses. 2 people with a council house each. Neither pays rent or community charge. They live together in one house and the other house stays empty. The empty house could be rented out and increase council income.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10354	Theme 2- Generating Income	General Comment	Charges for genealogical research should increase this when someone seeks cemetery records held by the council.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10355	Theme 2- Generating Income	General Comment	Very small parking at country parks.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10356	Theme 2- Generating Income	General Comment	Bus shelters should taken away, I have seen the young teenager spray paint even burning the bus shelters, this is disgusting but being in a disabled scooter I can't say much so yes go ahead with these savings.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10357	Theme 2- Generating Income	General Comment	I tried to organise a bulky uplift to be told that you would not remove internal door. I employed a specialist contractor which was cheaper that wlc bulky uplift charge.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10358	Theme 2- Generating Income	General Comment	To save you also need to spend, Focusing on right resources and knowing what EACH local community needs. I'm left with the uncertainty of where my daughters will be going for their further education after primary. By foot everyone should be able to access eduction, shops and healthcare within 10 minutes and none of this applies to Calderwood in East Calder. I feel the council are trying to divide the community rather than bring it closer together. Calderwood and surrounding areas are growing, if there is so much pressure put onto saving why allow this growth if none of the above amenities are met? Knowing my daughters potential might need to travel to Winchburgh is not realistic at all, it's not a direct travel path, safety in travel isn't reassured whilst our green foot just means more buses and vehicles on the road. Why could we not have our own high school or stick to what was promised to go to west calder.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10359	Theme 2- Generating Income	General Comment	Haulage companies who use towns like Bathgate as training route for HGV learners should be contributing to maintenance of roads due to the size and weight of vehicles. These vehicles are causing damage to the roads within local towns.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10360	Theme 2- Generating Income	General Comment	Free green bile collection	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10361	Theme 2- Generating Income	General Comment	Linlithgow is regularly missed out for spending as there is a view Linlithgow residents don't need the council money. There are huge Lorrie's driving through the cobbled high street due to lack of slip roads on high street. This is short sighted - spend to invest.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10362	Theme 2- Generating Income	General Comment	Free school meals	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10363	Theme 2- Generating Income	General Comment	One way there are a lot of roadworks being carried out all the time. I hope sub contractors that do this work is guaranteed.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10364	Theme 2- Generating Income	General Comment	Get rid of unnecessary transport and bus stops because people can walk.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10365	Theme 2- Generating Income	General Comment	Money for meals in day Service. Using own transport.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10366	Theme 2- Generating Income	General Comment	We already get minimum work from the council to our community it looks a mess compared to other council areas outwith West Lothian.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10367	Theme 2- Generating Income	General Comment	Services are poor within West Lothian, the road outside my home is full of constant pot holes. The face of the council is nowhere to be seen. Anytime I've tried to use a council service (planning for example) I've been ignored and had to go to my local councillor to get an answer. The answer within politics at the moment is to increase costs it's not working. You can't keep increasing costs and reducing services. As a family we are already giving up so much due to the cost of living and having to pay more to a broken system is not on. Stop paying and contributing to people who are not contributing to society. Stop paying and giving people freebies who are here illegally. I don't have any suggestions, you are a council backed either the government it's up to you to figure this out.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10368	Theme 2- Generating Income	General Comment	Left rubbish in Black Bin only half emptied allowing bin wash	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10369	Theme 2- Generating Income	General Comment	I would also like to advocate for more benches, providing that these benches are not horribly marred by dehumanising and despicable hostile architecture trends.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10370	Theme 2- Generating Income	General Comment	More front line workers, make and female to carry out the day to day tasks, bin collections, grass cutting, litter picking, pot holes and road resurfacing. Make West Lothian a great place, start with street scape, and be proud of our area, don't be a keyboard warrior, act, and act fast., councillors pass the bills and do things for your constituents...	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10371	Theme 2- Generating Income	General Comment	No but I'm sure the rent and council tax will go up as usual so that you can have too many cars sitting doing nothing just like behind brodburn	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10372	Theme 2- Generating Income	General Comment	Introduction of civil penalty for parking and infringement of laws. Street wardens for traffic.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10373	Theme 2- Generating Income	General Comment	It's the unintended consequences of increasing these charges. For example, parking charges: this will reduce footfall in shopping areas, impacting businesses with a resultant fall in employment and business rates generated for the council, where public transport is involved, this will Simply force people off the trains / buses and into cars as commuting on public transport becomes unaffordable or unattractive due to these additional cost; the knock on impact being increased road traffic, increased wear and tear on roads and a higher carbon footprint	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10374	Theme 2- Generating Income	General Comment	Pool cars trying to keep journey closer to home, support at home	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10375	Theme 2- Generating Income	General Comment	A visitors tax in westlothian is totally pointless as what visitors do we get? What do they visit as tourists and would this include the immigrants that west lothian seem to be taking more and more of?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10376	Theme 2- Generating Income	General Comment	Developers. Housing section75 contributions are either too small or not being invested properly. East calder needs a high school and money has been skimmed from Calderwood to fund school expansions for schools they will not be able to attend.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10377	Theme 2- Generating Income	General comment	Can you provide a breakdown of costs for admin for the Visitor Levy? Are your figures gross or net that can be spent on tourist projects?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10378	Theme 2- Generating Income	General Comment	Charging for tourism may have an adverse effect on tourist numbers however, can see that it is an 'easy' way of generating income.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10379	Theme 2- Generating Income	General Comment	Bring in more income, make West lothian more attractive for tourism and business	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10380	Theme 2- Generating Income	General Comment	Do not agree with visitor levy	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10381	Theme 2- Generating Income	General Comment	More houses = more council tax being paid	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10382	Theme 2- Generating Income	General Comment	Incomers must work	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10383	Theme 2- Generating Income	General Comment	Money that benefits tourism could also benefit civilians if used in a thoughtful and innovative manner	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10384	Theme 2- Generating Income	General Comment	I don't want to see new taxes. You don't have to make money if you don't waste it on overly socialist benefits for people who are a danger to the society or ruining neighbourhoods. You wasted money because you left those vans this summer to cam and leave trash behind and abuse people where they stayed.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10385	Theme 2- Generating Income	General Comment	These should be looked at to ensure all services reflect the needs of all community members including those with disabilities and their families. Day centres especially Braid house provides vital respite and support to both clients and families.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10386	Theme 2- Generating Income	General Comment	People who have a car provided should not use social work transport.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
10387	Theme 2- Generating Income	General Comment	Pay for parking at hospitals... many people park here and not even attend hospital and jump on trains and busses	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10388	Theme 2- Generating Income	General Comment	stop private parking companies making money on parking	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10389	Theme 2- Generating Income	General Comment	Recover costs where possible, push courts to reimburse full costs of vandalism and unsocial behaviour.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10390	Theme 2- Generating Income	General Comment	Do not have charges at hospitals for car parking	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10391	Theme 2- Generating Income	General Comment	consider introducing a road tax for residents driving SUVs or other private vehicles that unnecessarily large.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10392	Theme 2- Generating Income	General Comment	Toll Fees on bridges	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10393	Theme 2- Generating Income	General Comment	Community service for people claiming benefits	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

10395	Theme 2- Generating Income	General Comment	Could reduce number of councillors and their rewards package	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10396	Theme 2- Generating Income	General Comment	As national government is already doing due to their lack of economic knowledge. You can't tax your way out of poverty you must grow. Reduce local business rates to encourage new businesses and investment which in turn will grow the local economy and create more jobs by charging everyone more you just drive people and business away it's common sense.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10397	Theme 2- Generating Income	General Comment	Plan budgets better and stop wasting peoples money on people who are on benefits and do nothing but consume.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10398	Theme 2- Generating Income	General Comment	I am already paying income tax at a rate of 45 % and already pay £333 per month in council tax. I cannot afford to pay any more taxes. Get your labour council leader to put pressure on the UK government and the SNP Scottish government to get all the layoffs back to work, there would be less 'handouts' to those that can work but won't and therefore more money made available to councils. I am fed up working only to be taxed through the nose. This rubbish about those with the broadest shoulders needs to stop.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10399	Theme 2- Generating Income	General Comment	Get rid of free loaders, we're all sick of seeing people getting hand outs.	Corporate Policy and Resources	8. 10412	Theme 2- Generating Income	General Comment	Increase fines significantly for things like vandalism & speeding.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10413	Theme 2- Generating Income	General Comment	Higher council tax for second homes and visitor levy to support councils town centre, tourism, museums and NETS activities.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10414	Theme 2- Generating Income	General Comment	Could the council look to set lower rents or business rates to get some places populated.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10415	Theme 2- Generating Income	General Comment	Stop having significant discounts for certain families in council houses. By stopping the discounts (for various reasons) will generate some income.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10416	Theme 2- Generating Income	General Comment	Increase fines for damage to council property.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10417	Theme 2- Generating Income	General Comment	Reduce the rates for business owners in towns which will be more affordable for small businesses, which in turn will be able to bring employment & growth to communities	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10418	Theme 2- Generating Income	General Comment	Reband council tax	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10419	Theme 2- Generating Income	General Comment	It is especially galling that these proposed cuts to services are being made at a time when the Scottish Government is sitting with a £1 billion underspend. Furthermore, the Scottish Government received a record budget settlement from the UK Government, including an additional £5.2 billion which should have been used to support our public services including councils. It is also worth noting that whilst councils are forced to find savings within their departments, there is little evidence of Scottish Government cutting its cloth accordingly. Indeed, the Scottish Government's own GERS figures show that public spending continues to outstrip the taxes raised in Scotland, with the public spending deficit increasing.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10420	Theme 2- Generating Income	General Comment	Fine people who vandalise things	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10421	Theme 2- Generating Income	General Comment	Build more restaurants	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10422	Theme 2- Generating Income	General Comment	Tax the big businesses more	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10423	Theme 2- Generating Income	General Comment	Stop hand outs to non workers	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10424	Theme 2- Generating Income	General Comment	Increase cost of business rents and rates. Stop using contractors and employ staff to do the jobs required.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10425	Theme 2- Generating Income	General Comment	Cut universal credits for people who don't try to get jobs	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10426	Theme 2- Generating Income	General Comment	I strongly believe the Council should enforce greater accountability for actions that place costs on public services. Parents of children who vandalise property, set fires, or receive ASBOs should be required to contribute to repair costs. Similarly, those who damage council - owned assets should be held responsible rather than relying on public funds. Introducing fines, restitution schemes, or other strict enforcement measures would help generate income, protect community resources, and ensure people understand the true value and cost of public services. This approach prioritises fairness and reduces the burden on responsible taxpayers.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10427	Theme 2- Generating Income	General Comment	Lets get money back into the country from tax invasion. Recycle proceeds of come into public services	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10428	Theme 2- Generating Income	General Comment	Stop paying councillor such big wages, years ago they did that for nothing, maybe they could cut back on there big wages. Also stop putting money in to all the wrong recourse.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10429	Theme 2- Generating Income	General Comment	Review council tax for properties worth over 500k who are currently paying less council tax than they should (seen some band F properties valued at close to £1 million - ranch in Bathgate which is currently for sale)	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10430	Theme 2- Generating Income	General Comment	Removing free bus travel from young people.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

10431	Theme 2- Generating Income	General Comment	But public transport should be improved smaller single deckers running more frequently.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10432	Theme 2- Generating Income	General Comment	Introduce road tax for cyclists	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10433	Theme 2- Generating Income	General Comment	Stop Policing Marches and Parades that cost the tax payers to pay for Police time	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10434	Theme 2- Generating Income	General Comment	Sufficient funding should come from Scottish Government. 25 % of children in Scotland are growing up in poverty. Charging people for services that should be provided for free by the council will make this situation even worse.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10435	Theme 2- Generating Income	General Comment	make Livingston a city (cost more at the beginning money but would generate more money).	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10436	Theme 2- Generating Income	General Comment	Councils would save huge amounts of money if our electricity costs were in line with other countries for example. That, however, is a governmental policy choice which might, hopefully, be remedied after the next election.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10437	Theme 2- Generating Income	General Comment	Can speeding fines be allocated to Council Income? If so, you'd make a fortune.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10438	Theme 2- Generating Income	General Comment	Allow people who are able not just those on benefits to either buy or rent unoccupied homes in West Lothian	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10439	Theme 2- Generating Income	General Comment	Stop giving out money to pretend refugees and start looking after your own	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10440	Theme 2- Generating Income	General Comment	Again, the reintroduction of Right to Buy should not be a return to past models but a forward - thinking policy designed around sustainability, fairness, and shared benefit. The requirement for all resales to revert to council ownership would protect Scotland's long - term supply of affordable homes and prevent the erosion of social housing stock. This approach would ensure that council homes continue to serve their intended purpose — providing secure, affordable accommodation for those who need it most — while still offering long - term tenants a chance to step onto the property ladder. The resulting mix of ownership and tenancy would help create stable, diverse, and invested communities. Many new homeowners face challenges with property upkeep and unexpected repair costs. By offering a council - backed maintenance option — potentially through a subscription model or pay - as - you - go system — local authorities could help homeowners preserve quality of home whilst generating additional income.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10441	Theme 2- Generating Income	General Comment	Cease to house house asylum seekers in West Lothian unless this is funded by Central Government.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10442	Theme 2- Generating Income	General Comment	make it easier to use community centres that are left. Easy access to hire for parties, weddings, sport clubs etc.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10443	Theme 2- Generating Income	General Comment	Stop housing immigrants in hotels	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10444	Theme 2- Generating Income	General Comment	re - introduce the opportunity for those in rented council accommodation to purchase there homes allow for instant increase in cash flow.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10445	Theme 2- Generating Income	General Comment	Crofthead Farm would make an amazing low cost wedding venue, hall, courtyard and garden could be made to look fantastic with low cost or provide your own decor and a wee bit imagination	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10446	Theme 2- Generating Income	General Comment	Close the migrant hotels	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10447	Theme 2- Generating Income	General Comment	Start by charging immigrants that the government have aloud to stay in our country rent. Not handing money, housing etc to them without contributing to our country as we all do.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10448	Theme 2- Generating Income	General Comment	Charge more for community centres to rent spaces	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10449	Theme 2- Generating Income	General Comment	Instead of paying the tenant to pay the Landlord, WLC pay direct.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10450	Theme 2- Generating Income	General Comment	Stop providing funding for refugees.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10451	Theme 2- Generating Income	General Comment	Cancel free bus travel for under 22	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10452	Theme 2- Generating Income	General Comment	A visitor levy might be counter productive. W Lothian towns are suffering badly with empty shops and this might make matters worse. Introduce a flat £1 fare for all bus pass holders. This might have to be considered nationally.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10453	Theme 2- Generating Income	General Comment	Fine smoking and vaping.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10454	Theme 2- Generating Income	General Comment	AI Cameras on road to get people who use phone and or speed	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10455	Theme 2- Generating Income	General Comment	universal free school meals, that is not linked to low income, should be reconsidered.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10456	Theme 2- Generating Income	General Comment	Traffic wardens to enforce pavement parking, they can also enforce parking offences i. e parked too near to a junction, double yellows.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10457	Theme 2- Generating Income	General Comment	Government funding is being wasted on 20mph zones.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10458	Theme 2- Generating Income	General Comment	If the bus network was better, maybe people would use the bus alot more, as an example it 's takes 45 / 60minutes to get from Bathgate to Livingston. Can drive it in 15minutes	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10459	Theme 2- Generating Income	General Comment	Sell buses and make the routes longer	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10460	Theme 2- Generating Income	General Comment	Establish GREAT transport links into Edinburgh (and Glasgow) .. then West Lothian will benefit in many ways from being far more competitive than the major cities. We have lots of attractions that could be marketed to visitors. now is the time to start shouting about them. I 'm suggesting that rather than trying to reduce the council costs we should focus on increasing the income. through more successful businesses paying more local taxes, and more affluent residents being able to pay for local services and relying less on statutory council help.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10461	Theme 2- Generating Income	General Comment	increase planning fees	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
10462	Theme 2- Generating Income	General Comment	When people answer yes to this question it doesnt mean that they say yes to all of your suggestions. There must be ways to increase income but not inflict more charge on council tax or services. It is a really challenging time we are living in and people just don 't have the same funds as they used to. The pressure on households are insane and you must find ways to continue to ease this pressure. When you decide upon which areas to make money on, you need to think about the knock on impact and conduct proper analysis - for example: if you were to introduce a visitor fee, how much would this cost local businesses?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10463	Theme 2- Generating Income	General Comment	I again disagree with the all or nothing approach to suggestions.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10464	Theme 2- Generating Income	General Comment	By all means generate income. But can we be assured that we will get value for money.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10465	Theme 2- Generating Income	General Comment	Depends on actual charges & where. Who it would impact	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10466	Theme 2- Generating Income	General Comment	You made suggestions on the previous page. Do you need a blessing to start implementing these changes?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10467	Theme 2- Generating Income	General Comment	Of course the council should look at ways to generate income, that's a given. Your survey has. * mark that indicates something further should be added to a Weston... but there is nothing visible.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10468	Theme 2- Generating Income	General Comment	Why are you not doing the things you listed already?? How much money have you lost out on by not doing it? I think the council needs to do more to generate income, I see lots of opportunities from across the council estate for income to generated but you 're not maximising these. That being said if you price room hire for example too high you risk struggling small businesses like kids classes so it 's about doing your research when setting prices	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10469	Theme 2- Generating Income	General Comment	This list is not serious, needs to have achievable figures and a timeline for implementation. Very poor section.	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10470	Theme 2- Generating Income	General Comment	many of three costings are unspecified and will have a huge negative impact on people 's financial situation.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10471	Theme 2- Generating Income	General Comment	Same as previous comment: There are too many areas lumped into one section and it's not a yes or no to all as the survey is seeking. Additionally there is not enough detail given. This is a poorly designed survey, designed to get agreement by stealth. I would suggest redesigning this to be open and transparent, provide sufficient information for informed decisions to be made and enable responses to more aligned as opposed to clumping a heap of statements together.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10472	Theme 2- Generating Income	General Comment	There may be some opportunity here, but asking us to vote yes / no to all is unacceptable.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10473	Theme 2- Generating Income	General Comment	Again... weasel words to justify constrained responses; this is a fundamentally dishonest consultation. - Car parking charges? How to drive trade and visitors OUT of the district! A visitor levy? More discouragement... It 's a decades old joke that West Lothian is run like "Stoneybridge "from the old comedy sketch show 'Absolutely' - and it seems only to be getting worse, not just incompetent, but delusional!	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10474	Theme 2- Generating Income	General Comment	This shouldn't be a binary option to answer	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10475	Theme 2- Generating Income	General Comment	Examples are far reaching and difficult to agree or disagree.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10476	Theme 2- Generating Income	General Comment	use some of your ways to save on some services to stay within the councils plans for the next period	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10477	Theme 2- Generating Income	General Comment	We must meet the costs of rising demands.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10478	Theme 2- Generating Income	General Comment	Yeah provide the services the public are paying for and not reduce them as has been done in the past and provide a proper service to the people who pay not less	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10479	Theme 2- Generating Income	General comment	We wanted to provide a response on behalf of LBPS parent council but had a few concerns around the way the consultation was framed and the limited scope for responses. The consultation process We were concerned about the way the 'agree/disagree' questions were framed because we would respond favourably to: 1. Looking at more efficient ways of working across the Council 2. Looking at opportunities to generate more income 3. Responding to demographic changes However the information provided in the consultation around how the Council plans to make these improvements is very limited and we have concerns about some suggested activities.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10480	Theme 2- Generating Income	General Comment	unhappy just 1 Yes / No AGREE -	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10481	Theme 2- Generating Income	General Comment	Yes stop spending money on items that were not required such as sculptures that are not needed	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10482	Theme 2- Generating Income	General Comment	unlikely to make enough savings to have an impact on the deficit.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10483	Theme 2- Generating Income	General Comment	This is not a fair survey as some items are viable but other are not and people should identify which ones the individually support. I want to see how the numbers have been arrived at. Also asking people to vote for incomplete information is a reflection of poor governance.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10484	Theme 2- Generating Income	General Comment	Stop selling off council land to private developers and start using it to leverage better deals that include a greater amount of council housing for the people of West Lothian that deserve housing. Rather than more and more private housing forcing and pricing people out of the area	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10485	Theme 2- Generating Income	General Comment	I understand the need for more income, but I'm concerned that increasing fees and introducing new charges could make it harder for residents to access essential services. Charging for things like parking or pest control might discourage use or put additional strain on households. The focus should be on efficiency and fairness rather than new costs for residents.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10486	Theme 2- Generating Income	General Comment	Thats just showing the problem onto the people who obviously can't afford to pay now	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10487	Theme 2- Generating Income	General Comment	Question is too simplistic. I would have agreed to some charges but am against levying employers and raising fees arbitrarily. The average wage in West Lothian means we have a very high number of children on or under the poverty line. Cost of housing in Edinburgh means many need a car to get to work.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10488	Theme 2- Generating Income	General Comment	Charge people for vandalising council property.	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10489	Theme 2- Generating Income	General Comment	I understand the need to generate income, but raising fees and charges shouldn't come at the expense of residents already struggling with poor service delivery. In my experience, council services in areas like Deans South have been neglected for years — bins missing for over a year, poor maintenance, and little communication from departments. Before asking the public to pay more, the Council should prove that the services people are being charged for are being properly maintained and delivered. Increasing costs without accountability will only create more frustration and ~~that the fees should be raised at the moment, all communities are feeling the pinch right now. People are struggling to live there today.~~	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10490	Theme 2- Generating Income	General Comment	~~I don't think any fees should be raised at the moment, all communities are feeling the pinch right now. People are struggling to live there today.~~	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10491	Theme 2- Generating Income	General Comment	If you are merely taking the easy option of raising the council tax by another substantial amount then that is wrong!	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10492	Theme 2- Generating Income	General Comment	More information is needed.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10493	Theme 2- Generating Income	General Comment	If you reduce prices, people would probably buy more stuff. But increasing taxes slightly to balance it would be wise	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10494	Theme 2- Generating Income	General Comment	Poor question and proposals lack detail	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10495	Theme 2- Generating Income	General Comment	Same comment as previously. I agree with some suggestions and not with others. Please allow me to vote on each suggestion individually.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10496	Theme 2- Generating Income	General Comment	This question is not valid as you should allow for voting on individual items as each one should stand on its own merit.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10497	Theme 2- Generating Income	General Comment	Stop lining your own pockets and start working to improve the county. Tidy up the streets. Feed the kids. Stop increasing council tax on houses that have been bought by middle wage earners that are being crippled by increases. We're not rich enough to not care but not poor enough for help. It's not fair. Can't get bins emptied without paying. Can't get and uplift. Can walk without dog poo on paths or overgrowth. Can't get kids to school due to catchment on buses. Stop wasting our hard earned money. Start chasing arrears on council tax and housing benefits. The money just thrown about is ridiculous. Worst council area by far. Edinburgh offer far more for much less.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
10498	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	As long as anti social behavior doesn't increase as children's nowhere to go	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10499	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Only where it is appropriate based on volume of use of service. I would not agree with a heavily used or relied upon service being withdrawn.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10500	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Only reduce the number of facilities if they are not well used	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10501	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think as long as there is alternatives then this is fine.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10502	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Some buildings should be closed Within reason, not because the council needs money. Closing buildings should be a last resort.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10503	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The library proposal is also a great idea.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10504	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Worth reducing if not the demand and other facilities are already available.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10505	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Make better use of council buildings - rent out for private hire appropriate buildings (libraries / museums etc); private public partnerships	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10506	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree with arts and culture but not leisure, we need more leisure not less.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10507	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Not a. Council must be most efficient manager of facilities due to economies of scale. Howden Arts Centre is an excellent facility and must be maintained. Ok to close other venues.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10508	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Close sports centres where private gyms are nearby. Close golf courses because there are plenty of private clubs open to visitors.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10509	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I partly agree with closing some services and integrating them into other facilities as long as it is accessible for local communities and there is more affordable transport that enables people to access the services provided.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10510	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	As long as this means that people don't have to travel much further to access support and leisure activities - as that incurs a cost to people in the area. I have a health condition and find travelling a struggle.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10511	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Scrap the arts	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10512	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Where possible facilities should be condensed to provide as much as possible for as little as possible.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10513	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes but we need to keep vital services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10514	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Totally agree with reviewing and checking on the viability of facilities, however, would always try to ensure that facilities utilised by the public are prioritised. We need libraries, swimming pools & leisure facilities etc, people should be encouraged to use them more not simply have them closed.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10515	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Agree with all those suggestions, providing SOME library / council access is available for members of the community - especially elderly - who do not have access to online services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10516	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The council should look at the number of buildings and amalgamate services where it is possible. Leisure facilities are really important to the community and should be protected	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10517	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	But when closing facilities be aware of they are the only ones that public transport can reach. For example, bubbles was my only West lothian leisure site I could get to so I'm now supporting facilities that I can never use	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10518	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree in principle but not to the detriment of the public / community.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10519	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These are all good suggestions. You will find that a small percentage of council tax payers enjoy these, but we all have to pay for them	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10520	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Focus on similar or duplicate services within short distances	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10521	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes and no. A further reduction in leisure centres would be detrimental to the community However a reduction in other facilities would be more suitable	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10522	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Ensure this is only on non - essential and low uptake services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10523	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think if savings have to be made then you have to do what needs done if this helps essential services remain	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10524	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The ideas sound good so far. Howden Theatre should be expected to make a profit to maintain its status an ongoing leisure facility	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10525	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	All the suggestions are possible	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10526	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	If they are not being used then yes this makes sense.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10527	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	If they don't interfere with any of the workforce	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10528	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree with reviewing all these options	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10529	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Agree to reduce buildings	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10530	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	If buildings or facilities are of no use or value for money, and are not providing any useful service or function, then yes.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10531	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Savings implemented are doable?	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10532	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Agree with reviewing leisure, arts and cultural facilities	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10533	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure, arts and cultural services could be reduced of picked up by the private sector.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10534	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The Council does not need two golf courses, driving range and a caravan site. Do these actually make money after staff time and resources have been considered? Polkemmet golf course could be much better utilised as additional open space / parkland / nature reserve which would provide greater benefit to a greater number of people, especially with Whitburn 's increasing population. There may be opportunities for other concessions that could be considered for rental income (using a commercial provider) - tree tops course, self catering holiday pods...	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10535	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	With the exception of libraries.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10536	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reduction in all non - essential services, including arts / culture which are certainly not essential but at the same time, making sure these reviews are not costly and going on for too long.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10537	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Support your proposals	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10538	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10539	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Agree with the ideas of less money for Arts etc.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10540	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I support 3a - 3d all points to reduce cost	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10541	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes to all of these proposals - we need to reduce underused buildings.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10542	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These are nice to have and when money is tight. Need to be reduced.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10543	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree with council proposals.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10544	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Close cultural and arts premises which aren't as feasible.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10545	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3A if a venue has dropped patronage and is running at a loss, it needs to be closed or transferred over to the community to run if they see fit or the building sold for another use.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10546	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	CUT DOWN ON ARTS	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10547	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes I agree, making savings in key areas is paramount.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10548	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a - Yes - but would be useful to include what facilities. Ensuring they are under utilised and demonstrating that they are.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10549	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	close everything. no one cares about council run leisure centres. libraries are a thing of the past. close those buildings.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10550	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Agree with everything here.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10551	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes, I agree the Council should continue to focus resources on maintaining key services rather than buildings, but this must be carefully managed to protect community access and inclusion. Reducing facilities should not mean reducing opportunities for residents to connect or access support.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10552	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Review leisure arts and cultural services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10553	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	This is reducing costs very good proceed	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10554	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree that savings can be made in non essential areas like leisure / theatre etc.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10555	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Sure, close the remaining sites, knock them down and sell the land to a house builder like you are trying to do in Livingston. I think you've got no clue what you are doing hence these questions	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10556	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	A review of any cultural facilities should be a priority - why is the council running these?	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10557	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Community Centres which are not either making money or breaking even should be closed and other options investigated.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10558	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Has to be a sensible option but it has to be sensible in that by closing community facilities to save money could be throwing the baby out with the bath water	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10559	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	A review of the art buildings would be fine, but as the council and we, as the public, have a right to keep that for generations to see. If it were possible to fund an upgrade in these areas, and then add a small fee upon entry.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10560	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Again, the principle sounds good but care is needed in that it may be counter - productive. For example, in terms of cutting services, there has to be clear evidence that the service concerned is used by few and that other services can cope without more costs.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10561	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	But only where it can be demonstrated that there is no significant impact to local communities. Tourism and the arts can be a significant force for good in terms of economic impact and general wellbeing and perhaps a shift from a shopping - based economy, especially in Livingston, would be beneficial.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10562	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Community centres and youth provision is valuable but vulnerable. I understand the need to shed costly buildings which raise little or no income. However, please prioritise those supporting youth and vulnerable groups. With the closure of churches and their halls in progress by Church of Scotland, community groups may be priced out of existence.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10563	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Arts / Leisure and cultural services are important for all walks of life including children, maybe look at the most popular to keep and reduce others.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10564	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	cut anywhere that the adult learning team host dance classes and pizza making	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10565	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Over the years, there has been no cost justification for so many Village Halls.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10566	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	close buildings that aren't used	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10567	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Close some of the buildings that are non essential	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10568	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Explore all of these.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10569	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes to all these proposals.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10570	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree with all of these as possible sources of savings. Burgh Halls is a white elephant which has morphed from a gallery to a wedding venue - WLC should not be in the wedding business - stop it now!	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10571	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The facilities mentioned are not well used so this would be a good way to save money.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10572	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	If we are unable to run these facilities without it costing the public purse then they need to be closed. There are plenty private companies running fitness, arts, leisure, swimming etc They are running them as businesses and making profit. The council should be able to make these things make money far less run them at a cost. With good management a busy swimming pool, leisure centre, theatre will make profit. The issue is that the people working / running it don't care if it runs at a loss as they get their wages regardless. Couldn't happen in the corporate world.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10573	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a - Yes	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10574	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes but not all of them and not all at once, ie like the swimming pools. If an area is being under - used and overstaffed then an option to amalgamate it should be taken into consideration but this should be the last option. Money should stay in the area for people who live and contribute to the economy. The money should not be taken away from community centers and centers for seniors and given to people who enter the country illegally.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10575	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	unhappy just 1 Yes / No Agree - You can close the leisure facilities as private facilities can be used instead	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10576	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	While agree there should be a review of leisure, arts and cultural facilities, students were concerned that the council should not reduce swimming pools further, especially with lots of new house building underway.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10577	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	all of the above	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10578	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a review certainly, but with as little reduction as possible.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10579	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes to 3a	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10580	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	a) Yes, can this be managed by 3rd sector, if people want it could they pay? Although I am in favour of protecting it if it is helping people remember their local history	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10581	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes to an extent There has to be consideration to how this is implemented and to ensure that services to communities and individuals is not reduced so much that there is an adverse effect. W Lothian has already seen closure of facilities. There are still many groups supported by volunteers such as scouts, guiding and many other community groups who use community facilities and if these are removed or charges increased this will have an impact on affordability and potential access to hold group meetings.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10582	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes to all of the above, especially the closure of the toilets. Most people use cafes in towns these days, so can use the toilets there. And yes to reducing the number of council buildings as long as the activities they currently provide can still be provided in the smaller number of buildings.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10583	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I suppose if you have to, I don't use them anyway.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10584	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure culture and arts should not be activities undertaken by the council.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10585	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes, agree with all of these.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10586	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree with savings above however I think statutory youth work should be protected.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10587	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	agree	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10588	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Agree to all	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10589	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Agree to all	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10590	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Agree to all	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10591	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Agree to all	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10592	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Agree to all	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10593	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We agree that the council should shut some swimming pools and all facilities there because it could save them a bit of money and then they could sell the buildings that would get them even more money	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10594	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes, all these examples should be explored.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10595	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes, worth exploring all these ideas for saving. I particularly agree with asset transfer - libraries, Burgh Halls etc.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10596	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree with all these examples. I can't believe that some politicians are proposing taking on £90m debt over 25 years to build a new school figures show you don't need. Is this not utter lunacy?	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10597	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Happy with the recommended suggestions.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10598	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Agree with all.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10599	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	agree with suggestions	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10600	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Answered yes but only in certain areas. Identify priority areas and focus on delivering them well. Education and sport should be top priority areas	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10601	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a - Review of Leisure, arts and cultural facilities - Those which are not being utilised in it's full capacity yes	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10602	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Some things outdated	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10603	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes, but only where closures or asset transfers genuinely improve value without harming access. Local facilities aren't just buildings: they're community anchors that support wellbeing, inclusion, and early prevention. As a former teacher, I've seen how libraries, leisure centres and arts spaces keep families connected and young people engaged. Reducing sites should be evidence-based, with clear data on usage, transport access and community need.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10604	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Understandable and disappointing for some communities when buildings close. However rationale is clear and better to protect services. Property costs also tend to be more unavoidable for risk / health & safety reasons. Similar to previous, where subsidies are in place (such as cheap / free use of premises) there should be clear cost / benefit analysis.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10605	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The council in my mind should not be contributing to the arts in anyway. If people are interested in this let them pay. The majority would rather see the money being spent on more essential services.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10606	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes to all	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10607	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Where appropriate there should be a reduction but if money could be made from the facilities even better	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10608	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree with a review of leisure facilities only. Arts and cultural facilities need to be maintained. However leisure facilities can be accessed using the private sector and the council does need to consider very carefully whether it needs to be providing this service if funding levels are challenging in terms of delivering services when there has been a long tradition of privately run fitness facilities.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10609	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Huge review required - in current climate arts etc should not be seen as a priority	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10610	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Provided it is proven that they are of no further use.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10611	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Only if the services are not being utilised.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10612	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Unless the facility can prove it is necessary for the community and is used to its fullest then it could be closed or the community pay for it	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10613	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	if not getting used then should be reduced	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10614	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I do see that people will miss these facilities and they are of good use but we need to review where money is going	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10615	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes to all.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10616	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree with a review of leisure, arts and cultural facilities. While these are very important services, and arts and cultural facilities do need to be maintained, leisure facilities can be accessed using the private sector and the council does need to consider very carefully whether it needs to be providing this service if funding levels are challenging.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10617	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	It's fine if there's a need for them	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10618	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Agreed	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10619	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	under used or expensive to run should be closed and sold or demolished	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10620	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree a lot of facilities are not being used to the capacity that they should be and when losing money on them it is not ideal to keep them open.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10621	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Show communities 'where facilities are being under used. A clear message of 'use it or loose it'	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10622	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Facilities are in poor state of repair and offer very little	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10623	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	To a degree. leisure are essential though.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10624	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	To a certain degree however at present in west lothian it is very limited to what is available if you dont drive for all people eg swimming pool closing need two buses to take kids for a swim then find out pools are closed due to some problem.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10625	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Less art - it's lovely but when you are short of fund these things should be the 1st to go and not basic necessities	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10626	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Look a swimming pools and soft plays	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10627	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Cut the expenses to zero	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10628	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reduce buildings where these are not well used.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10629	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Cut spending on unnecessary buildings.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10630	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	reduce the number of council buildings	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10631	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The council seems to have gone in waves of reduction in public amenities. Thinking specifically of the closure of local swimming pools and gyms in recent years. This has a direct impact on health and wellbeing. On the other hand, west lothian had invested in Xcite Bathgate heavily to increase footfall I recent years which now leads to other issues of gaining access to these amenities. A clear review needs to be taken place before decisions are made on this as this directly impacts public health and wellbeing.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10632	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Also I agree about reduction in art services	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10633	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Decrease in other services outside of sport & leisure.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10634	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Agree that savings need to be made but arts, toilets are not good to take away.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10635	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reduce the amount of free activities / places for children. The onus on raising children should be on parents not the local government.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10636	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	If a facility is well used it should be kept open as it is obviously needed. I can understand the closure of facilities if they are unused or if a replacement service is available.	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10637	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	More online books	Economy, Community Empowerment and Wealth Building	1. The respondent advised that they agree with the proposal.
10638	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No but I know that Council buildings and access to services are already at very low numbers and feel that by closing further customer facing buildings will only make things worse for the public.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10639	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No — cutting facilities isn't a solution, it's another way of removing access and support from local people. West Lothian communities already face reduced visibility from departments, fewer on - the - ground staff, and slow response times. Closing toilets, libraries, or community buildings only makes life harder for residents who rely on them — especially older people, families, and those without easy transport. The problem isn't that we have too many facilities; it's that the Council isn't maintaining them properly. If buildings are underused, the answer should be to revitalise them, not shut them down. We need more local presence and accountability — not less. Cutting back physical spaces only deepens the disconnect between the Council and the communities it serves.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10640	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Do not reduce leisure facilities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10641	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The council should absolutely not close more leisure, art and creative spaces. These are vital to a thriving society and too much of this is being removed for short - term financial reasons without consideration to long - term social consequences. I do agree with rationalising services, reducing individual building and moving to a shared services approach to save on building costs.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10642	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	But ensure that leisure, art and cultural facilities (indeed anything outsourced to release a building) are well run and not run for the benefit of those to whom the facility is outsourced. If that is not possible, increase charges.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10643	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Community and arts venues are needed to support growing communities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10644	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree with all but the first one, culture and leisure are important third places for people, losing these could impact peoples mental and physical health causing costs in other areas to increase.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10645	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Don 't agree with closing any further leisure facilities but closing the automated toilets is a good potential saving	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10646	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Don 't remove leisure, arts and cultural facilities, this will have a detrimental effect on our most deprived population and will effect mental health services, adding further strain to NHS services.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10647	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No alternatives but I do feel leisure facilities have already been significantly cut and don 't think further cuts would be seen positively by the community.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10648	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I also feel that we have closed enough council leisure property - sore miss the closure of swimming pools!!!!!!!!!!!!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10649	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The reduction in leisure facilities is madness with the closure of Armadale and Livingston pools there has been a number of occasions where there is little public swimming at weekend due to lessons or club meets. If the income from these events cannot support keeping alternative pools open then the council needs to increase costs to these clubs and not reduce services to the public from loss leading events. If services are not being used then reducing them makes sense but a view looking at increasing cost for use rather than removing them should be prioritised	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10650	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	In 1 section you talk of introducing a visitor levy but then mention the review of leisure, cultural facilities. Closing these will not drum up more tourism. You need to improve facilities which would encourage more to visit West Lothian which would then benefit the council by introducing the tourist tax.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10651	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Consider how to save money other than from leisure, arts and culture; this will have a detrimental effect on mental health and therefore add further strain to NHS services.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10652	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	KEEP leisure facilities - a key role of councils	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10653	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree with the reduction in council buildings but not at the expense of arts, leisure and cultural facilities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10654	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I am not supportive of a further review of arts / culture etc..	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10655	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Some villages have no activities for young people and takes at least 2 bus journeys to get to a gym, swimming pool etc - so again these decisions can't be made in isolation.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10656	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Community and partnership centres have so much potential, but need more engagement from the employees to do more, like classes in the swimming pools, activities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10657	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Also the physical and mental health impacts of reducing social clubs and fitness centres should be considered as these provide important lifelines for many people and if reduced will likely increase spending required on NHS services.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10658	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Stop making costly ill advised decisions like the Bubbles demolition.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10659	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I don't think arts should be reduced or leisure	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10660	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	everything else no	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10661	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Would keep all our leisure facilities we need to encourage people to keep fit this also helps NHS as fit people require less care	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10662	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Too easy to cut 3a need to protect those services.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10663	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reviewing leisure facilities is something I'd be against as it's already very limited.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10664	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Whilst some of your suggestions make sense, I would discourage further closure of sport and leisure facilities. This will end up costing the council (and the NHS) more in the long run due to the impact on people's health, both physical and mental.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10665	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No because we have no swimming pool left	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10666	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a - No.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10667	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Public amenity leisure facilities and their upkeep are necessary to attract people to WL.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10668	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I do not agree with reducing leisure facilities, as this has already been reduced massively, I struggle to have somewhere close by to take my Daughter swimming	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10669	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Not shutting sports centres We need places for parents to take their children We need sports centres to enhance sport in WL which will in turn enhance Sporting excellence in Scotland. We need sports centres to help keep WL people healthy / healthier.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10670	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Dont reduce	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10671	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Armada has had a large number of houses built so we need leisure facilities so why shut our pool? Makes no sense.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10672	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Youth clubs should be provided in every community access WL please protect this services as a so many benefit.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10673	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Don't get rid of places like swimming pools and other indoor activities if you want to attract younger generation. Invest in new activities like ice rinks and football parks	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10674	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	If you are wanting younger generations and kids to be more present in West Lothian. It's very simple. Have activities. This is what people look for when they move home. Does it have nearby facilities!!!! Like swimming pools, things for kids to do, ice rinks, good parks, football pitches. Make more use of howden park centre with shows and attractions. Skate parks. Time capsule idea with flumes, swimming, ice rinks, tennis grounds.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10675	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Look for things for kids to do instead of removing - ie getting rid of swimming pools etc. not having anything for kids to do means they end up causing havoc and criminal damage which then costs to be fixed / replaced.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10676	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	A review should not mean closure of art and leisure services.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10677	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	the arts and music should be protected at all costs	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10678	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Again this seems to be a logical place to save monies however there are already too few leisure and culture facilities available across West Lothian. In this section I would suggest that other than reviewing / closing of such facilities, the other suggestions would be the most suitable for making savings.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10679	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	you can't shut down other leisure or cultural facilities - need more not less.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10680	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I don't agree with reducing funding for leisure and the arts	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10681	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Look at the bigger picture, no point in closing council building then leave them standing empty. Realise revenue from them. Don't be too eager to simply deprive communities of leisure, arts and cultural facilities - don't make them a soft target. We are supposedly a developed nation and should be encouraging use of such enriching elements. Investigate where demand is high and find ways to meet that in each area. eg football pitches and other leisure facilities where they would generate income and meet needs.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10682	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Arts and cultural services are important - if savings are needed in these areas then the council should support a continuation of these services through non - profits / communities / external funding	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10683	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reducing some council facilities should not negatively affect communities. Local arts and leisure facilities should remain for community use and health and wellbeing	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10684	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I'd not close any more xcite centres as people really need places to move their bodies!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10685	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	there needs to be no closures to arts and leisure centers, the council has already done massive closures to these which have negatively impacted the community and blown up in their face actually costing the council (really blundered with bubbles taking a well used community pool and paying for what is now a blank lot where you won't be getting your money back...). If these services are taken away vandalism will increase, anti social behavior will increase and children (and adults) will struggle for opportunities for connection and healthy mental and physical habits outside of school and work, once these services are gone it becomes harder and more expensive to bring them back, try working on the flagrant mismanagement of funds instead	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10686	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I believe that arts, culture, and libraries are vital, especially during a cost - of - living crisis. These services offer free access to learning, creativity, and community support, and should continue to be provided directly by the Council. Reducing them could disproportionately affect those who rely on them most.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10687	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	money should not be taken away from drop ins swimming pools any leisure facilities. I go to swimming in Bathgate.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10688	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I do not think leisure arts or cultural services should not be depleted anymore.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10689	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I fundamentally disagree with removing access to arts service and opportunities in West Lothian. I think this will have an incredibly negative impact on young people who already have a lack of service and opportunities. Arts facilities allow young people to enjoy their more creative passions outside of a school setting and in a way that allows them to create their own communities and engage with people they may not have the chance to. In an increasingly digital world, these real life connections are incredibly important and necessary.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10690	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Keep art and cultural facilities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10691	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Focus on maintaining services for those most in need particularly elderly and please don't close any further leisure facilities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10692	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes but a no to A review of leisure, arts and cultural facilities. Leisure centres already cost more than private gyms such as PURE GYM	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10693	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reviewing council facilities is something that should be looked at but not all area's. Leisure, Arts & Culture as well as supporting groups in the community is key area's that should remain and not reduced. These are area's the communities should be encouraged to use.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10694	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Not leasure, that has been cut enough, people / teenagers need somewhere to go	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10695	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a Disagree. I think that leisure, arts and culture facilities have already been substantially cut back in the area and that they should not be a target for further reductions.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10696	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Sports / culture facilities should be protected for a healthy population.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10697	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	"A review of leisure, arts and cultural facilities. (Saving approximately £390, 000) "Absolutely no to the above. There are little enough services which are leisure. With the increase in mental health conditions, people need to be able to enjoy leisure activities. I pay Band G council tax and there is no swimming pool in my area I can use unless I'm will to pay for a private gym membership at Bannatynes.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10698	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I believe library and leisure facilities to be key. We have to keep west lothian as somewhere people want to live. Libraries, community and leisure facilities are all key to providing people with opportunities to care for their physical and mental wellbeing. As a family - we use these a lot. The loss of armadale pool is still felt deeply. Please dont let other vital facilities go the same way	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10699	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Arts and Leisure centres are important for families and children	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10700	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I don't think leisure facilities should be reduced any further - as this is false economy. Leisure facilities and fitness increases wellbeing both mental and physical.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10701	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Absolutely should not be reducing library facilities or arts / culture facilities as these are crucial services to support learning, creativity, health and well-being, etc	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10702	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I believe this is a good option however closing leisure facilities will leave very few options to enjoy fitness and promote health lifestyles	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10703	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	If the key facilities are leisure based - no more swimming pool closures. No more partnership community centre closures. Open up more activities for children and young people!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10704	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I disagree with reducing resources and leisure resource for the most vulnerable. Sometime for our elderly people attending clubs or recreational resources is the only social aspect they have. Our children and young people have limited access to leisure resources more than ever and if this is reduced further there is a worry that anti - social behaviour, knife crimem criminal damage, will increase more than it has increased already.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10705	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a A review of leisure, arts and cultural facilities. These should be increased, not reduced. There is nothing to do in West Lothian and if these facilities were reduced, it would make it a worse place to live	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10706	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I do not agree to reducing spending on key leisure facilities however	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10707	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	However, I do not feel that the number of arts and leisure services should be reduced as we have already lost many swimming pools recently and currently there is not enough for people to do in west lothian. I do think this contributes to the anti social behaviour.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10708	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Don't agree with closing anymore leisure facilities though as there is a massive reduction in these already.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10709	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Do not reduce funding for community art and leisure projects, people are isolated enough already.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10710	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I disagree that arts, libraries and community centres should be included in funding cuts. These are key hubs for members of the community to come together and connect. It's places like these that make areas a community over just a place to live.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10711	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	NOT facilities that benefit the community such as leisure facilities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10712	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	however the continued closure of facilities such as leisure centres is hugely impactful on local communities and I would suggest there is very little left to close that are council run. I do not agree that these services should be stopped back any more than has been seen in recent years.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10713	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Regarding 3A, leisure facilities have had enough cuts let 's not burden the NHS with further chronic health costs, due to side effects of obesity and sedentary lifestyles. If everything else is cut at least people can exercise to be healthy in both body and mind. I believe the leisure facilities are vital to a prosperous Scotland.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10714	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	but closing recreation is difficult as what is the alternative	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10715	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Cuts to cultural, art and standalone library facilities is short sighted. These under pin a healthy and thriving society. Charges could be implemented at art and cultural facilities to generate income.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10716	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	As I mentioned in the last question we could be investing in tourism to attract people to the area. Closing swimming pools and other facilities is not the answer. Create better places to attract visitors.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10717	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure facilities?/? Really, Livingston is a ghost town.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10718	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure, arts, and library services should remain available to children, and public facilities should stay accessible.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10719	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	there are already limited cultural and leisure activities unsure what you expect non driving families to do if you shut even more down	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10720	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I understand the need to save money, but reducing facilities should be done carefully so that people don't lose access to vital community spaces. leisure centres are important for local wellbeing, inclusion, and quality of life, especially for older people and families.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10721	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	My only concern is the review into leisure etc services.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10722	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No to closing leisure of cultural facilities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10723	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think the amount of money given to West Lothian Leisure is ludicrous with the Leader of the Council being 'delighted' to hand over the money - to an external organisation whilst the self same council are looking to reduce buildings and services under their own remit! 17 / 03 / 25 - "Leader of West Lothian Council Lawrence Fitzpatrick said: "We are delighted to continue to support West Lothian Leisure with nearly £1. 5 million for 2025 / 26. "WLL have taken huge strides towards becoming financially sustainable in the future, which has allowed us to make substantial saving on the funding we provide them. "We have already provided WLL with loan facilities to support investment in their facilities, and will continue to do what we can to assist them going forward."	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10724	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	But please do not reduce expenditure on leisure, arts and cultural facilities. These are vital for the development and maintenance of the wellbeing of our communities. We need to encourage people to, visit and become involved in the arts and cultural events and to use leisure activities to remain physically healthy. These are vital if we are not to be reduced to unhealthy, ill - informed and culturally ignorant communities. Please...!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10725	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Arts and leisure facilities are really important particularly for young people and are needed	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10726	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Neglect of the recreational facilities is a major concern	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10727	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Raise money by doing an activity. We don't want swimming pools to close. We really enjoy that.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10728	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No to: 3a	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10729	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Do not support any reductions to arts and leisure, this is an essential part of society, these services are already severely lacking and handing most of the financing over to Xcite (separate company) was supposed to solve that problem already?	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10730	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Do not review arts and culture. This is the touchstone of a civilised society and already severely limited.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10731	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I feel the arts and cultural services should be protected e. g. Howden Park. This is a fantastic venue and a benefit for West Lothian. The seating and viewing experience within Howden especially is far better than some of the theatres in Edinburgh and should be preserved.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10732	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think leisure, arts and cultural facilities must be maintained and used to generate money and bring people to Livingston generating a boost in the economy. Providing leisure facilities to keep youths occupied and less likely to vandalise the community, costing WLC in repairs.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10733	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Combining services where ever possible is a good idea (e. g. Strathbrock). However, community centres are vital hubs for some of our most vulnerable citizens and should be maintained at all costs in any way possible.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10734	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Again, I would not want those already disadvantaged to be negatively impacted.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10735	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No problem with any of these, we live close enough to Edinburgh for cultural facilities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10736	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No more cuts to sports services, bad enough to lose all the pools.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10737	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Not sport centres as young people need them.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10738	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Except for sport centres which we need for young people especially or we are storing up trouble for the future.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10739	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	not leisure facilities, otherwise we will have an even less fit and well population.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10740	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We rely on, and work closely with, West Lothian Council and its Museums and Archive Service to help maintain the standards required to meet Accreditation and to care for and display the important collection relating to the social history of the town. Having the museum in the Partnership Centre is an excellent way of utilising the existing building which of course, also includes other services including the Library, Police and Day Care Centre. The Community Space in the Museum is also a warm space for people to use and entry to the museum is free, making it accessible to all. While we recognise the need for reducing spending on council - owned facilities, we would hope that the review of leisure, arts and cultural facilities takes in to account the benefits of having Linlithgow Museum and the staff of the Museum and Archive Service who support the voluntary sector museums across West Lothian.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10741	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a. Howden Park Centre has been in the news recently. I believe this is an asset to the region and should be protected.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10742	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes this would help to focus spending, need to ensure that cuts don't come at the expense of vital services not being able to function and support the community.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10743	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Keep Howden Park Centre. Having a performance venue is a great boost to the wellbeing of people getting to see performances.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10744	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree with it except for the leisure / arts facilities, there are key to West Lothian, bringing in tourism, recognition and providing a place for learning for children. We have already lost Bubbles and that is now a derelict wasteland and an eye sore	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10745	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Further restrictions or closing of leisure facilities, could increase obesity, decline in mental health, which could impact on NHS services and children will not have access to activities to swimming and play to increase confidence and skills	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10746	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I don't think we should be closing any more leisure facilities I think we should be putting for into them. Too much is being taken away from communities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10747	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I do not think you should be considering closing MORE leisure, arts and cultural facilities, do these still not bring in revenue?, maybe look at increased admission etc, rather than do away with altogether.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10748	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure facilities should remain open as lack of things to do can affect the mental health of the population and increase loneliness	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10749	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	All but 3a	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10750	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	please no more swimming pool or gym closures.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10751	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	agree with the toilets not the others	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10752	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Please ensure that the leisure, arts and cultural facilities provided to the residents of West Lothian is kept especially if you want to introduce a Tourist charge	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10753	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes, you should close some buildings, but not any more libraries or swimming pools.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10754	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree savings should be made. I do not agree with the suggestions. Poor survey.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10755	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Things that don't need maintenance or don't need no changes should just be left the way they are	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10756	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	But I do not agree with 3a to close leisure facilities in west lothian this is mainly due to the high levels of poverty seen in families in west lothian, I do believe there needs to be more focus and support from west lothian council to drive west lothian tenants out of poverty and give equal opportunities for children to achieve and sustain their health and wellbeing, the removal of these leisure facilities would impact all children and adults in west lothian whom are limited at resourcing these facilities outwith west lothian due to poverty therefore it would be depleting their opportunities to ~~achieve and sustain their health and wellbeing~~	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10757	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think this should be prioritised and kept	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10758	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We shouldn't be selling off our physical exercise buildings, as these are a precious recourse for people in the area and we should be encouraging physical fitness as a means of reducing mental and physical health and strain on the NHS.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10759	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	However multiple swimming pools have been closed over west lothian, which impacts locals swimming clubs and also the opportunity to learn to swim for a lot of youngsters.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10760	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Don't close gyms. Encourage their use more.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10761	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Do not cut more leisure centres there needs to be something in Livingston to do exercise wise	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10762	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	While keeping public toilets etc are a great thing. I think we need to keep swimming pools etc operational for the well being of tge public	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10763	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Enough leisure facilities have closed down recently, the health & wellbeing of the people of West Lothian would be highly affected if more were to close	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10764	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	By reducing leisure facilities you are again targeting the most vulnerable people in our community. The loss of leisure activities means our children and young people have less opportunities to attend supported activities, with a level of s mutiny to allow us to keep them safe. The rise of gangs, shoplifting, fire raising and knife crime has risen over the years due to lack of services for these children.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10765	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	However believe in reducing some of the arts that are well used will increase poverty.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10766	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Apart from 3a	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10767	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Armadae has had a large number of houses built so we need schools and leisure facilities so why shut our pool? Makes no sense. Council tax must generate more funds for the council.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10768	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I would like the leisure, art and cultural services to be protected. Howden Park Centre and community centres are valuable services.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10769	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think that you cant keep taking away activities for people to enjoy each time you have done this it causes again lots of negativity. People of all ages need to be able to go places and enjoy living and spending money in the west lothian area. You keep taking things away and people go elsewhere.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10770	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	A definite no to those, the people in West Lothian are furious with these suggestions already and they are not happy with the changes made already. There would be no community left if these changes were implemented. West Lothian would become soul less	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10771	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I understand the difficulty the council are in, but cutting Leisure, Arts and Cultural facilities is really stripping out 'whats left'.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10772	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reducing visitor attractions (cultural / arts) will mean less income.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10773	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The Council should be spending more on the arts and culture, not reducing these facilities as they enrich people 's lives and are a major form of recreation. These facilities could even generate money if invested in properly.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10774	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a, 3b, 3c definitely not..... There is little leisure facilities left to close in West Lothian. Do not sell off the family silver. 3d does not make any money for the council and once again getting rid of people owned property and putting onus on charities and local community groups to finance these sites is a disgrace.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10775	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	NO MORE LEISURE OR ARTS CUTS. DO BETTER!!!!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10776	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	If you don 't have cultural activities and you don 't have public facilities / access then you don 't have a town or a community, you have housing estates connected to a retail park	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10777	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think when you are constantly allowing houses to be built in West Lothian, to then close leisure facilities was really sad for local children and families	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10778	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Again please see previous responses. Reducing facilities affects the full community. There was no need to close the swimming pools in the areas. There is no	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10779	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Peoples wellbeing is paramount, more money into leisure facilities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10780	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Maintaining cultural and arts services are a critical for the development of younger generations	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10781	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The loss of health and fitness facilities across the council is forcing people away	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10782	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	This is absolutely the wrong thing to do. We 've lost our pool facilities and there are very few facilities aimed at your people and the disabled. If anything this area should have more money put into it to create hubs and activities that benefit the youth of today.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10783	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I don 't think community assets should be reduced	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10784	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Communities need community spaces. Short sighted decisions to close spaces will leave to damage to individuals and groups in the long run. Use of halls may need an increase of costs but focus on further usage for community groups is ideal. Close existing spaces is a bad decision	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10785	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Shocking that the pools got closed, it's hard enough to get booked into school pools as it is	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10786	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We need to maintain items and services that benefit and maintain the culture of our communities. I agree with finding efficiencies but not in removing valued and necessary services from the community.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10787	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Agree again with all bar number 1. Enough leisure services have already been cut, should be increasing again not closing even more.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10788	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The kids have nothing left there is no swimming pools or community centres.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10789	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Facilities have already been stripped to the minimum.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10790	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These are things the council should be looking to invest and modernise rather than close down	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10791	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Facilities have already been reduced significantly.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10792	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	As before. Stop selling out WL.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10793	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The cuts already made have a detrimental effect on the lives of people in West Lothian., particularly pensioners and children, although there is not much for young adults to do either.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10794	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reducing public services will just annoy your communities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10795	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Nothing left to strip from livingston kids already have nowhere to go seen as you've shut most anyway	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10796	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The public facilities have already been cut to far - swimming pools closed, public footpaths and roads are in poor condition across west lothian.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10797	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There is nowhere for our kids to go as it is!!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10798	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We cannot and should not reduce core facilities such as libraries and cultural centres. Physical premises and buildings fine but we are eroding core services that have a long term negative impact on society and this can't continue	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10799	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	What brings people to WL if not for leisure services? or are you trying to generate your entire budget through council tax? If that's the case WL becomes a commuter town for Edinburgh and Glasgow. I'd much rather move to a different council area, especially if I'm working from home rather than commuting.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10800	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure and the arts need more money pumped into them. Not a cut!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10801	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You have already reduced facilities way beyond what would be considered appropriate.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10802	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You closed Broxburn swimming pool - absolutely disgraceful - children in the area where parents can't drive can't make it to other areas in the time slots that were available!! I do not recommend closing anymore facilities like this, there will be nothing left in West Lothian for families!!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10803	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Facilities have already been reduced	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10804	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Please pleaseplwasestand up for the people. Say no to further cuts.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10805	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3A appalling ideas - arts, culture and books are the only things that will actually prevent the human race collapsing into automatons with very poor life understanding.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10806	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You are letting down the whole community even entertaining these ridiculous ideas.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10807	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	West Lothian needs these facilities - to lose any form of cultural facility is draconian and exclusive	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10808	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	you have taken enough off us	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10809	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Well being and community is absolutely not being considered in these cuts. Closure of libraries was an enormous mistake and the entire community has felt this. Same with the community centres. People will leave, council tax will reduce and West Lothian will become a shell of its former self.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10810	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Areas are in desperate need of council run buildings to ensure activities can be held for our young people and all ages of our communities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10811	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You've already reduced facilities enough, you've removed swimming pools, but yet keep building areas up with no thought of resident.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10812	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Community areas etc are a life line for so many people. Surely there are efficiencies elsewhere that would save the same or more money. There will be no community without these. This is a false economy, all you do is push up isolation for people and therefore there is a subsequent impact on social care, mental health and other stretched services. Where are the impact statements on the second and third order effects!!!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10813	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The are bit enough facilities has is without getting rid of more.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10814	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Art and culture provide educational facilities for all of WL. Reducing these services, reduces the desire to live in WL or attract new businesses etc.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10815	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Already missing hugely on swimming pools it is a real risk that these will go too far.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10816	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Many swimming pools and leisure centres were closed leaving people with even less to do and many unable to travel	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10817	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The council has made enough cuts in these areas	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10818	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	What leisure, arts & cultural facilities in particular - what have we left as it is? & how well are they utilised? Toilets - 'other premises 'are not generally happy for you to use their facilities. Partnership centres are not open 24 / 7. Hardly any swimming pools left - unfair to children & elderly. Digital books instead of libraries - unfair to children & elderly. & who will run the operation of community groups & council buildings? I've said No as was Yes / No answer but more details would be required for a definitive answer.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10819	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a A review of leisure, arts and cultural facilities. (Saving approximately £390, 000) this makes me so angry we dont have enough arts leisure and cultural services as it is you cant take more away we will have nothing to be proud of	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10820	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Pools are already shut,, terrible decision by the powers to be, its a poll, a community, a community that the kids gave nothing to do now, cause guess what,,, that 's right you shut our pool..	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10821	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Arts, culture, community services are cornerstones of civilised society - they should be protected.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10822	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes why should you review facilities and leisure when they work, it's about community and not isolating people, closing down or moving to other services where they potential will cost more and won't be the same. Plus people could be used to the set up and like how it is	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10823	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I don't recommend taking away any more facilities as you are losing the community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10824	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reducing services closing buildings etc. massively affects the community. Many areas in West Lothian are considered deprived so if they care about people who live here then this shouldn't be considered	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10825	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Costs aside, the public will suffer.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10826	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Cutting facilities is not the answer for a growing area.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10827	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Arts, leisure, have so much more importance to any society than can be measured in purely financial terms.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10828	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Less facilities means less visitors which means less money and less interest in looking after our communities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10829	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	All of these services feel essential to me.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10830	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Local leisure facilities are so important and should find ways to remain or ways to Generate money from them.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10831	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These facilities are so beneficial to communities that it would be a shame if they were to close.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10832	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Closing facilities, such as the previous closure of the three pools, is very short sighted.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10833	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These proposals collectively represent a damaging retreat from the provision of universal, accessible public services. They confuse cutting costs with smart governance. The relatively modest savings identified—totalling around £700, 000—pale in comparison to the significant social and economic costs that will follow: increased health inequality, deeper digital and social exclusion, the decline of town centres, and the loss of community cohesion. The council must reconsider this path. Instead of reduction, the focus should be on innovation: exploring genuine partnerships, improving	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

10834	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Already cut too many services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10835	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Closing more facilities will distance the council from the public. The general feeling is that the council doesn't do anything but take council tax and do nothing.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10836	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	council facilities are vital for children to build confidence and skills	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10837	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	keep them open	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10838	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The focus on closing local facilities such as leisure, community and educational needs to stop lest West Lothian becomes a cultural backwater.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10839	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The remaining sports facilities should remain open...	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10840	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	we also need leisure facilities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10841	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The council needs to keep facilities as they are at the heart of the community. Many people use them to keep the community, health and social aspects of it.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10842	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These buildings and facilities are often the only source of support for local communities who are already not well served by public transport links. They also provide essential services for the elderly and vulnerable within these outlying communities. Perhaps it could be looked at offering local community groups a small charge to use the council facilities in addition to what is usually paid to allow them to support the maintenance and upkeep of the buildings.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10843	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	closing of leisure facilities etc is a big no no. Not everyone can access can technology sufficiently and we need leisure facilities for everyone to access especially for mental health purposes etc.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10844	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	More facilities will help residents to have jobs, also place to go to and meet with people	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10845	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	People need to have ways to enjoy leisure activities without great cost to themselves	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10846	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure, arts, and cultural are important to all communities, even if it's not always recognised.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10847	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Not if it continues to close essential communities facilities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10848	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Strongly disagree. I'm also perplexed as to why you're describing libraries as a building and not a service. What are they if not a service? Much like the rest of this 'consultation' there is insufficient detail about what exactly the proposal is.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10849	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We need to continue to help people engage with the arts and education, not remove these facilities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10850	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reducing arts and leisure facilities is a false economy and results in antisocial issues which suck up your savings.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10851	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reducing public services means there is little benefit to general west Lothian public who pay council tax.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10852	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Think there have been enough closures of facilities that young families and teenagers could use	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10853	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You have already taken away numerous leisure facilities etc. And what has been the result? Generally a rise in disruptive youths wandering the streets. The council is meant to provide services to help the community. It is not meant to be run like a business looking to make a profit.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10854	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Please don't close any more leisure centres, there's already very little to do in West Lothian.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

10855	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I have concerns regarding the review of leisure centres after the poor management and now debt due to the closure of the Xcite sites in West Lothian	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10856	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	If closing community centres just causes more problems in the streets	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10857	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	While I understand the need to reduce costs, I have concerns that further reducing facilities could make essential services less accessible, especially for those without digital access or transport. Local leisure, and cultural centres often serve as vital community hubs that support wellbeing, learning, and social connection. Instead of closures, the Council could explore shared or multi - use spaces, increased community partnerships, and more efficient scheduling of facilities. These approaches could help reduce costs while keeping services within reach for all residents.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10858	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We haven't had much facilities since pandemic and if take more away we are all going to crumble	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10859	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a and 3c strike at the heart of community. Whilst they might appear to be 'nice to have' - for some people they are a lifeline and a 'must have'.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10860	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure and exercise facilities are a lifeline for many. These should be protected at all costs. The alternative is a decline in life quality which could lead to greater pressure and cost burden in other areas as an unintended consequence.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10861	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There is not enough in place as it is, the public are seeming cuts and rising costs through cost of living crisis, council already comes across a cutting services which the public feel they need and on top of that have rising rents / council tax so they are effectively paying more for less.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10862	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Why would you get rid of leisure facilities when anti social behaviour is on the rise? Surely you should be creating more facilities so that young people have safe spaces to be when not in school?	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10863	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We need these facilities especially the elderly	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10864	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There are so few facilities available to meet demands of the number of new houses being built, as well as existing houses	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10865	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Again the council are not listening to local communities and are choosing to hit the poorest people in the community (Disabled, Children and OAP's) NEED many of these services to support their needs.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10866	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The reduction of facilities has already reached the limit.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10867	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Keep leisure and art facility's as these are important to enhance lifestyle and good for learning not everything needs to be online as there are some who have no access to psi iPads and the digital, platform. Reading is encouraged from a very early year, it's helps obtain better grades at school and vocabulary in general	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10868	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	arts and culture centres are absolutely essential.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10869	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You've shut enough buildings. Shutting bubbles was a total farce and a huge loss.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10870	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I don't think the council should be considering closing any more leisure and art facilities. The only swimming available in Livingston are at High Schools	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10871	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There has already been a reduction in locations and I struggle to see how more consolidation could be made whilst still keeping facilities accessible, particularly for the more vulnerable members of our community.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10872	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	stop closing libraries and swimming pools.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10873	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	closing any more venues, this would not be good for the community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10874	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I believe reducing number of facilities would be detrimental to people of West Lothian and decrease community interaction and safe places for young people to be together	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10875	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I don't really agree with reducing more local facilities. I understand the Council is under pressure to save money, but it feels like communities keep losing important places like, leisure centres, . These are things people rely on, especially older residents, families, and those without easy access to transport	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10876	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure and arts are fundamental requirements of a civilised and caring community. We need to make WL an attractive place to live.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10877	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Children need to have facilities for arts and recreational activities, for self confidence, for future jobs, for meeting new people.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10878	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	not the arts services. These are vital in West Lothian.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10879	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I totally disagree with removing facilities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10880	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I don't have the knowledge to make suggestions however cutting cultural, arts and leisure facilities is completely wrong	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10881	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The council should try and keep as many assets as it can. Generating incomes from assets should be prioritised over short terms gains from offloading assets.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10882	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	As with many questions, my answer may well lie somewhere between yes and no, but if the council genuinely wishes to support local communities I do not think that there are many more facility closures that should be contemplated. Instead I think there should be a focus on maximising income from the use of these facilities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10883	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Providing a higher quality of service to encourage use of facilities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10884	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Use schools facilities for rentals more. Cultural, arts and leisure facilities are a necessity for health and wellbeing of the general public - in particular for young people and there are not enough of these.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10885	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	West Lothian is increasing its population, its all very well selling land to developers to build homes on but there is no leisure or community facilities for people to engage in once they move in to the area.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10886	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Shutting swimming pools in the past cost us a lot in health of users / facilities for the kids which is a false economy, now council admit they shouldn't have shut them.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10887	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Need to look at the young and youth as the future.. the arts is not an extra is is what makes us human.. we need more than food and shelter to thrive Isolating people does not build communities... it only produces ferile groups	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10888	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Ultimately, West Lothian is already a miserable place with lots of housing and very little to do for fun. Broxburn is a shell of itself now and the few facilities it does have are either massively expensive to use or so poor. When I was growing up here we had bingo halls, snooker club, swimming pool and the sports centre. Now we have Kite Broxburn and that's about it. I understand that cuts are needed but cutting bureaucracy and council spending on unnecessary projects are a start. Taking away more from the community is only going to further increase local anger and lead to people voting for snake oil salesmen who couldn't give a [XXXX] about our community and just want to make their pals well off. Constant cuts are killing what's left of our community, please reconsider these.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10889	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Stop closing facilities. So many services are being lost closing more is not the answer	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10890	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	West Lothian is wonderful for its small communities, lots of community groups, villages and people need to retain their connections to their heritage venues and standalone library venues (and open spaces) to retain a sense of place to continue to meet and have that sense of community cohesion. As the arts venue is mentioned specifically I would say as it is the only one left to the council, it would be important to retain it, and support its development to reach its full potential. There has recently been a study by the Kings College London, that show a direct result in health benefits to people who visit galleries and visit original art, measurably lower stress and so on, perhaps supporting more health and art connections via the programme at Linlithgow Burgh Halls can support the venue to have another avenue for grant funding for example.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10891	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We need local facilities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10892	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Object to reducing funding to recreational facilities. Given the increase in population it is necessary that there are service available for all ages.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10893	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	A records of leisure and arts services will save no money. It will cost money.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10894	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Council run facilities like leisure and arts are often the lifeblood of communities. I would not consider them non - essential. I wonder if more efficient ways of running essential services (at this point in the survey it is unclear what these include) should be prioritised rather than spending more resources on wide ranging reviews of leisure etc.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10895	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I don't agree with closing more and more gyms / swimming pools. You are promoting unhealthy lifestyle by doing this.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10896	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Community, leisure and arts facilities have already been paired back far beyond what is reasonable for a population the size of West Lothian. That Livingston - a town with more than 1 % of Scotland's population - does not have a public swimming pool outside of schools is an embarrassment.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10897	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	there's not a lot to do in stonebarn so thecroft is the best thing we have	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10898	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The closing of swimming pools has had a negative effect on the community and the council gyms are too busy. The council should be looking to expand the portfolio for this type of building as it's an investment in the health and wellbeing of the community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10899	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reducing funding to arts, leisure and libraries always seems to be a knee jerk reaction and should be avoided at all costs. Having these services historically has shown to be a positive force on communities in reducing youth crime, developing quality education and shows progressive attitudes enabling pride and trust in communities. We cannot rely on digital solutions for everything, physical premises for people to gather, learn, exercise and be entertained together creates much more positive outcomes for people of all ages, demographics and cultures.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10900	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Communities need facilities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10901	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	libraries and cultural facilities. that's a disgrace. what do young people of our older people have. nothing. closing these facilities can only lead to further social isolation.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10902	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You have no idea of the impact closing local leisure facilities has on vulnerable people. There is an epidemic of loneliness and isolation in our communities and they need somewhere to go that can provide them with support and purpose. The Council need to find a way to keep these services open and accessible as it will not only affect the wellbeing of a community but will increase anti - social behaviour which is already rife in my area.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10903	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	facilities are essential	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10904	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I don't agree with closing the leisure, arts or culture things. There is nothing for young people to do nowadays so they end up walking the streets in gangs causing trouble and damage. Should NEVER have closed broxburn swimming pool.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10905	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I disagree with all except closing public toilets. In instances in which losing public toilets is not an issue because other toilets facilities are easily and cheaply accessible I think it is fair to close them.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10906	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The Council has already caused significant cultural harm by closing essential community facilities such as youth clubs, libraries, and swimming pools. Further reductions will worsen the decline in support for active, taxpaying residents, whose health and wellbeing are being neglected, while wealthy, asset - rich older generations avoid fair contributions toward their healthcare.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10907	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	strongly oppose any further facility cuts and urge the Council to focus on equitable service provision for all residents.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10908	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	If they close anymore places. There will be no where for people to go. This will cause more problems on the streets.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10909	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There have been several council facilities shut down already e. g. swimming pools and leisure centers which means that people have to travel to go swimming as the school swimming pools are not always available. Shutting libraries would have a similar effect as people also use the to access computers.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10910	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I used to live in South Africa. came to Scotland because of the facilities, schools, after school activities. Was great for the kids. Thank god my kids have grown up but I feel sorry for when they have kids coz by the time you lot finished there will be nothing left	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10911	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Community services have been slashed. It is essential for the wellbeing of communities have maintain some no essential services.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10912	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You are tipping the heart out of communities but shutting bowling greens swimming baths, waste centres. West Lothian needs community not spreadsheets	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10913	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We need more things to do and spend money on not less	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

10914	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure and arts has already been severely reduced so I do not agree with any further cuts.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10915	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	With the closure of swimming pools etc (not all down to council) people don't have much to look forward to as it is, without more cuts.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10916	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	reduction of leisure, arts, culture, facilities makes me feel terrible and sounds like a place I don't want to live.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10917	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reducing leisure space would be extremely detrimental, this has already been hit many times. Ditto libraries.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10918	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These all need to remain, the removal would lead to lower standards and poor community spirit, I would advise to promote them more to entice people to use more,	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10919	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You've already shut multiple gyms, don't shut things that encourage a healthy lifestyle and don't shut things that encourage culture	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10920	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Closing swimming pools nothing for kids to do.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10921	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	C would be the only option I'd agree with. Community, arts and literature are vital to a well rounded and thriving community. Lose these and humanity will feel the consequences. They should be valued and protected.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10922	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	However the community services and arts are exceptionally important and need more funding. Not less. It is a disgrace to even consider this. These kind of services help keep people out of the NHS.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10923	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	• Do not support reducing local facilities like leisure centres. • These services are essential for older people, families, and those without transport. • Cuts save money short term but damage communities long term. • Government underfunding is the real issue — councils need better financial support. • Local spaces are important for community wellbeing and inclusion.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10924	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Cutting back on, arts etc not a good idea the residents of WLC need some cultural stimulus. There is soon going to be nothing in WLC, however this would depend on the community to live in.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10925	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Already, closing youth centres has resulted in an increase in vandalism and antisocial behaviour. I don't see cutting social services as a good way of saving. It increases problems which would need more money to address, which leads to a vicious cycle.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10926	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think it's important to keep the leisure, arts and cultural facilities otherwise what will the youths and others have left to be connected to in their community, no opportunity for the youth to enjoy their youth. As well as adults and elderly to maintain their interest and keep fit, removing these would have a deep impact on mental health. If funding is available for community groups to deliver services in building then the transfer would be a good idea.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10927	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Closing facilities that allow communities to meet and in some cases the only personal contact they have, is not in my opinion and accepting the need for savings, helping the welfare of communities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10928	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Some people rely on these facilities as a life line and social network, getting out and accessing things they may not get anywhere else.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10929	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There is already limited leisure / art services. You took away local swimming pools which in my mind is dangerous. Encourages children especially to undertake wild swimming. (If they can swim). There is not exactly a lot to do in Livingston as it is we have limited historic venues for locals or tourists to frequent.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10930	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	young people use services like swimming pools and need community buildings could be for drop ins and a place to go.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10931	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	This is ignoring the impact on communities for these services and the impact on health and wellbeing resulting in increased costs.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10932	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree with savings but there has to be a point where we can't close all public / arts facilities otherwise what is left..... and why would people choose to be in WL	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10933	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Kids already suffering with the threat of moving them to horrendous schools have had swimming facilities removed and now you want to take more away	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10934	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The locals need facilities and services that councils provide.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10935	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The facilities are vital to local communities. The facilities are used by youth groups, community groups, churches. Where would the council expect these groups to go?	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10936	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Please do not shut any more leisure facilities!!!!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10937	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reducing facilities risks: increasing social isolation, limiting access for those who are digitally excluded, reducing participation in active lifestyles, damaging high streets and local economies, disproportionately affecting older people, disabled residents, young people and rural communities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10938	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Closing leisure facilities may not impact a large number of people but will have very real consequences for some.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10939	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These services are at a bare minimum as it is.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10940	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The facilities are already at a bare minimum. What are young adults with special needs supposed to do after school? Sit in front of a tv and rot all day	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10941	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Services have already been reduced significantly. health and well - being are so important - there's already been a massive cut to leisure facilities. Arts are also really important for people's well - being	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10942	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Disagree with: 3a,	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10943	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think it is ridiculous where closures have been implemented already such as the swimming pool offerings - this provides a valuable service that shouldn't just be judged on monetary income	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10944	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a - don't agree with closures of sports facilities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10945	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	If you close any more buildings there will be nothing left. You've already closed the pools and now you want to close the libraries. Again the small villages are hit hardest as all the relocations are done on bigger towns where there are no transport links for people to get there.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10946	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There needs to be a balance. Why is it Arts and Culture is 1st for the chop. Music / Drama groups etc ste a real life line for some young people, very positive for good mental health	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10947	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure, arts and cultural services are important to the mental health and wellbeing of the population. By "reviewing" these you exacerbate other problems like anti - social behaviour and isolation.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10948	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Enough sports facilities have already been closed in the community, resulting in those most deprived no longer able to access facilities for their health and wellbeing	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10949	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You need to be careful how much you actually reduce, increase the council tax bill if this was going to benefit the communities people may roll with it to date we have lost swimming pools to go on closing is madness it could have a negative impact on the communities children and that must be pointed out to the public if they whinge about increasing the council tax!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10950	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Following the mass closure of swimming pools a couple of years ago, leisure facilities have already been cut to the bare minimum in the authority. Compare the range of leisure facilities in West Lothian to North Lanarkshire (Time Capsule) and Edinburgh (no pool closures) and it is clear that there is no scope to close any more. Tax payers in the authority (particularly those with young families) deserve access to decent leisure and recreation services.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10951	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Do not agree with saving money on leisure and art facilities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10952	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	By reducing leisure facilities, community facilities would impact people's mental health, also puts clubs who use the facilities in danger of closing down, as limited places and the pricing for some facilities that aren't the council are expensive, which again means clubs shut down and people lose out in an activity they feel happy with. It also keeps crime down with kids giving them a place to be around	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10953	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We need MORE arts and cultural facilities in West Lothian.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10954	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Closing libraries, pools, community centres etc saves money and potentially makes money from selling buildings or land however, the cost to people's health and wellbeing, sense of community etc is immeasurable	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10955	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure, arts and cultural facilities should not be touched, more facilities like this should be encouraged, especially facilities in connection with health & welfare. Increase charges but keep them open.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10956	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a A review of leisure, arts and cultural facilities. (Saving approximately £390, 000) - Don't you dare. There's SO little for people as it is.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10957	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There are more ways than raise money other than knocking down or closing local leisure facilities. By small increases in local memberships over a period of time or increasing the range of activities and services in the local area which in turn will generate more usage, interest and generate more income which would prevent closures. You keep increasing council tax but provide no better service in return maybe start employing personnel into council budget and economic positions that know what they are doing and have business growth experience!!!!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10958	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	there are little enough facilities in west lothian without taking more away	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10959	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Our facility need to be saved. Making the place have less toilets and community facilities makes the towns feel depressing. Our elderly population need vital community services and isolate and separate different age ranges.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10960	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Elderly people, young mums, teenagers, people with learning disabilities and others need physical places to go to encourage socialisation, stop loneliness, etc	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10961	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Trifling savings for actual services which matter. Invest in, don't cut these.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10962	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I agree something need to be done but reducing arts leisure and cultural services feels like a mistake that would bring ill feeling to the council	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10963	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These services are so valuable to the community.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10964	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Absolutely not! You've taken more than enough away as it is. We need more local facilities not less and	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10965	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These services are available and used by all. Especially those who pay taxes and therefore contribute to their function!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10966	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I don't agree with cutting leisure, cultural and library services.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10967	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	the reduction of leisure services is already awful for residents and children within west lothian council	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10968	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No — closing more buildings might look good on paper, but it strips local communities of identity, access, and pride. Every time a library, community centre or local office shuts, it's another nail in the coffin for real local service. Partnership Centres can't replace the personal connection and convenience people once had in their own areas.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10969	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Public facilities for kids and teens are needed. You are trying to build a communing town here in with all these houses and shops. There has been no thought into what kids are going to be able to do safely. Community wings are a thing of the past now and swimming pools are next to none.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10970	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leave the facilities alone. Facilities are already threadbare. The council should be looking to be flagship regarding facilities not cutting these back. I can tell you as a non member of xcite leisure I can't make a booking online for sports or classes and I am willing to pay as I go. This is not good business sense. Please invest in facilities and you will get rewarded back by an appreciative community. The swimming pool closures were a disgrace in my opinion	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10971	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	People need these facilities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10972	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You should not do any of those things the reason we have a mental health crisis is because culture arts and libraries shut down. Just stop it!!!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10973	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	As always, when money is to be saved it automatically impacts leisure, culture and arts facilities. This would be extremely damaging considering most of all leisure, culture and arts facilities have closed within West Lothian for example local swimming pools. The proposed actions are also very vague for such a damaging proposal that will impact the most vulnerable.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10974	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	This section has already been stripped to the bone.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10975	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The use of these facilities are needed by the local residents	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10976	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	It's not fair for council tax payers to have local services cut.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10977	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Libraries and arts are crucial and should be valued. Closing then shows that the council do not value these.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10978	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reduction in unnecessary buildings yes, especially where in situations people could work from home but not arts and leisure, these should be invested in heavily both of which help with increasing fitness and wellbeing both physically and mentally which would help save money within NHS and help get people working etc	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10979	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These services have been stripped substantially already, any further erosion would result in an inadequate service provision for the region.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10980	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Livingston is growing, we need more leisure facilities not less. You demolished Bubbles and its now a glorified free car park.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10981	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	This tends to results in reduced services to residents. Usually key services to those in need or cultural or leisure services much needed for well being. These are essential services for quality of life for residents of West Lothian.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10982	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Think this is cutting funding to thin. we need to keep as much a facility as possible	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10983	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Need to keep public facilities if you want the place to be a good place.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10984	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We should not be reducing any facilities in the Council area. This has significant detriment to locals and the community.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10985	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You have slashed a lot of services in areas, in Howden you were closing Howden park centre until we protested and a buyer was bought, in Howden we have not had a community centre in all my years here and when my children were growing up, Howden park centre was it	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10986	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These community spaces are needed. Many of the older generation and many more to come use these as a place to meet and sometimes it's their only chance to speak to someone in a day. It's important to have community spaces for all youth groups. If these stop even more kids will be on the streets causing mayhem.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10987	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Young people and older people on our community rely on community based services. Reducing these will have a major negative impact on these groups. There is already no where for teenagers to go to.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10988	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	the public need these services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10989	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reducing sport / leisure facilities is a serious mistake which has already been identified through closure of numerous swimming pools, leaving existing venues struggling to cope with increased demand.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10990	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There are very little resources left in West Lothian, I don't think this is a good idea at all.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10991	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The current services we have are already very limited. If you get rid of services you will never get them back. This is not a 3rd world country!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10992	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure, do not close any more of these facilities, it's bad enough to close the majority of swimming pools which means lessons are far less accessible to those who don't drive and must use public transport as timings don't align at all. The very few community groups remaining are absolutely vital to those who need it.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10993	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	As for leisure, keep these open as there are barely any as it is, I've not been able to get either of my children to swimming lessons in Bathgate as they are always busy, I cannot get to Linlithgow and there are no viewing areas in Winchburgh which a lot of parents do not like as they cannot see their children's progress. Community support groups are very few and far between and these are absolutely essential to those who need it.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10994	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Please do not remove any more services that are intended for "leisure" in west Lothian, we are already greatly limited with what we and our young people can do.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10995	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I don't agree because it's absolutely ridiculous the amount of stuff you have sold of, I can't even go to a local swimming pool now with my children I've got to get buses to different towns and also the bus service is Broxburn is absolutely shocking and just in general the services in general are shocking now.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10996	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Cutting more from the communities than is already being cut is dispicable your making people not want to live in West Lothian anymore, stop paying all the high ups the big salaries	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
10997	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Afeta o bem estar geral. Diminuição da qualidade de vida de pessoas pobres (It affects overall well-being. A decrease in the quality of life of poor people.)	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10998	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	This is exactly to wrong direction. We should keep these types of community building services at or above current levels. These services are critical to both young and old people and foster a stronger community. The council should be more clear with residents that reduced funding from Scottish Government is forcing this type of thinking. The SG don't ask us for feedback on how they spend (waste) large sums of money - but expect regions to tighten belts	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
10999	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Absolutely disagree with removing access to culture facilities, arts venues. These should be well available, free of charge.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11000	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There has already been wide scale closure of council facilities and continued closure of additional facilities will further impact communities. Ultimately the facilities are THE KEY interface between the council and its constituents. The more these are removed, the less value for money people will feel they receive for their council tax. Also shutting services for younger people will further exacerbate the demographic crisis and continue to compound the problems of not enough tax payers to pay for ageing people. If the elderly are disproportionately costing the council, ways should be looked at the make this demographic pay more to cover the burden instead of further taking services away from the young.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11001	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Disagree with closing community and welfare centres i. e. council and government go on about the welfare of the older population and you want to close the places that they meet?	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11002	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I don't think reducing arts and leisure is a good idea. We've already lost so much and there is little for kids to do as it is	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11003	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	While I understand the Council's aim to improve efficiency and reduce costs, I do not agree with most of the proposed measures in this section 3a	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11004	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You have shut loads of swimming pools reducing community leisure and increasing traveling times for families to travel to pools which is a complete joke	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11005	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I do not agree with the reviewing of the leisure facilities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11006	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You have already gotten rid of the xcite in Livingston and there will be no places for kids to go and it will cause chaos and people might leave West Lothian because of the lack of places to go	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11007	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I do not believe you should shut down anymore swimming pools as there are a lot of swimming clubs that rely on Xcite facilities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11008	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Arts should be protected!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11009	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Parents are struggling to find places for children to have swimming lessons, which is a life skill all children should have. Secondary pupils taking NAT 5 and Higher PE struggle to find a pool to use that allows them to dive. The times are limited for lane swimming and it is usually for adults only or the pools are closed for Swimming clubs which I understands brings income for the council. However, this is unacceptable for children who are trying to achieve a higher level of education. The council needs to provide better facilities and times for teenage children to swim.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11010	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Parents are struggling to access pools and swimming lessons for children due to pool closures - it is a life skill to be able to swim! Taking leisure and arts facilities away mean that young people have more difficulty accessing clubs / groups etc that will keep them off the streets and out of trouble. Many community centres and clubs host youth groups that operate for a very small charge and means children are being actively occupied. These also accommodate children whose parents can't afford or have the means of transport to get them to private clubs and groups.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11011	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There are already very few arts and culture things to do. Livingston doesn't even have a pool or many things to do for people, making it just a shopping town. Arts are important to communities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11012	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There is supposed to be a focus on keeping fit and things for troublesome teens to do. Shutting swimming pools was definitely not the way to go.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11013	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You've taken away our pools. You're refusing to replace our broken grit bin. Once you received a council of the year award. What happened after that, that you cant balance the books? Money seems to be mismanaged within your offices. Your housing officers are of little use, we tried getting in contact with my housing officer on numerous occasions and im being completely ignored. Get rid of the staff who's under achieving, under performing. There's no need to pay someone excess of £30, 000pa to sit behind a desk doing their nails, because theyre not doing their job effectively.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11014	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	no, I think you should work on making the facilities more profitable for continuous income. do research to find out what facilities and services are needed in each area and go from there	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11015	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think the closure of the leisure facilities has been shocking and shameful. Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11016	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	no to: 3a - hardly got anything as it is	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11017	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I feel I need these services to keep me active and happy. I would worry if I could not meet with my peers and miss them	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11018	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No to 3a already taking everything away	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11019	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There has already been many closed	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11020	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Many facilities which encourage socialising and exercise help mental and physical health, so some key services (eg health and care for the elderly) may see reduced costs.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11021	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We need as much community centres as possible for for adults and children. Pensioners get lonely without meeting others, and the kids roam feral looking for trouble without something to do in their free time.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11022	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No but buildings are already reduced. Community centres and arts are very important - they should be kept.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11023	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Arts, culture and learning cannot be underestimated and more important than ever before - value cannot be underestimated.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11024	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Community is in need of support more now than ever, find cuts in other areas, leave arts and culture, community centres alone.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11025	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a - Arts, culture and learning - the value of such service cannot be underestimated.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11026	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a There have already been too many cuts in leisure and arts services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11027	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Community Council facilities are integral to serving the community, who are already struggling financially. Braid House is an essential facility for the elderly. Isolation for the elderly is a killer. Braid House provides friendship, nourishment (their good food) & the recreational activities help stimulate the clients which helps with their wellbeing. These are only a couple of things that they provide which clients benefit from. Closing this facility could result in more money being spent on individual homecare for each client. It is a lifeline for clients. Personally, for my 90yr old father, who has dementia & restricted mobility, the world revolves around Braid House. Removing this service would be catastrophic. Save Braid House please. Save my Dad.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11028	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There should be enough buildings & other assets (eg sports fields & parks) for community groups to operate. These groups may not be statutory but are "key" to many people's lives.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11029	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	This was the question in the last consultation that lost us three swimming pools not falling for that again	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11030	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Must encourage more use of council facilities and staff accordingly. Closing facilities should be a last resort.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11031	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Facilities & services that enhance community [& individual] well - being need to be prioritised. The more fragmented & unhappy people are, the more other [particularly youth] services will cost in the near future eg	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11032	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a - Not a good idea, families will be poorer - no engagement	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11033	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reducing the number of council facilities will mean that less children can access experiences provided at local facilities and result in a wider gap in the attainment gap.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11034	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Need to safeguard community centres but look at ways to recover some of the income mgt committees collect in.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11035	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The Council has already closed down many leisure facilities. Livingston no longer has a swimming facility that is accessible to all (Bubbles swimming pool was great for families). Now the only swimming pools available in Livingston are at extortionate prices (Deer Park, Bannatyne Gym) which is not affordable for people especially given the cost of living crisis. Arts facilities also allows the community to support local theatres.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11036	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Hugely detrimental to West Lothian	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11037	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reducing Leisure and Arts etc facilities, this requires more explanation as for example swimming pools have been cut to the bone.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11038	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These facilities are vital for others savings in healthcare for example. Poor quality life is so evident in some parts of West Lothian.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11039	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Do not cut the number of cultural facilities. Maybe reduce the opening hours. These facilities are vital for a community	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11040	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The savings outlined here are minimal in the context of the budget deficit. They won't come close to offsetting pay increases for WLC staff. So it seems pointless. WLC should be investing in arts and cultural spaces not reducing them. Get more creative with how to maintain and operate them safely and efficiently.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11041	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	but not closing buildings that benefit the communities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11042	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Physical and mental wellbeing should be at the forefront of any decision making	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11043	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	People rely on sports centres for mental and physical wellbeing.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11044	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think people rely on sports centres etc to help maintain good mental and physical health.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11045	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Keep community centres OPEN!!!!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11046	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes and no. A & D will affect the most vulnerable residents in West Lothian. The Community Centre review has been badly planned with insufficient support for the management committees and there's a lack of any evidence that savings will be realised. The potential loss of affordable resources for community groups would be devastating for the disabled and elderly residents of West Lothian.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11047	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No - there are too few facilities	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11048	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	people have no where to go currently this will make it worse	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11049	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Sports, arts and libraries are important facilities. West Lothian has already drastically reduced the availability of sports facilities. I'm not sure there is much capacity to cut here.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11050	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Arts and culture are vital to the life and wellbeing of all residents of west lothian. Please do not make any further cuts there.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11051	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Enough buildings have been closed, it's now impacting services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11052	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Closing swimming pools is not just about money, it's a meeting point for people who, might not see any other people that day. It is a rehabilitation place, that takes the strain off the NHS. It is a health benefit for old & young. You need to diversify what is in these buildings. What the local people need. The Banking Hubs should be in these for one example. You are putting a monetary value over people's health & we'll be going.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11053	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We need leisure facilities as they help maintain health and wellbeing of local citizens.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11054	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I don't think this is a good idea, we need the affordable gyms!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11055	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think that all the facilities are useful like the gym.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11056	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I'm unsure but there would be other ways of saving money as people use the community leisure centres, etc. I feel it would be wrong to close local buildings that are getting used a good amount.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11057	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I do not believe that services should be reduced, particularly those that provide cultural, arts services.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11058	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a Again, this is far too vague and sounds like cuts to the arts. It is obvious that providing facilities for arts and leisure cuts down on anti - social behaviour and so may actually decrease the amount of vandalism and disorder that would cost the council money. As a cliché, the arts are always cut first. Yes, you save money in the short term, but it leads to a soulless existence. Children in West Lothian have nothing to do in their spare time. In addition, the Arts in general are one of the largest industries for revenue generation in this country, in terms of billions. To not invest in that would be a mistake for the countries future.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11059	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Any closure of council arts and recreation facilities or decisions not to repair is going to bring us back to the dark ages	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11060	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Closing the majority of the public swimming baths & moving swimming lessons to High Schools have destroyed fitness opportunities for people - where were the savings made there? Its bad enough that WLC cannot correctly maintain the high school swimming baths to any workable standard, that week in / week out, lessons are cancelled due to problems with the pool - I can imagine that WLC do not offer any dispensation to these swim clubs after the constant cancellations? WLC jump on the healthy bandwagon but cannot offer affordable options to people. Children will miss out on vital swim skills because not ever family can afford to fork out £25 + a month lesson fees or gym memberships. Build some more accessible leisure centres!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11061	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No absolutely not! There is already very limited leisure and family activities in most WL communities. Despite significant amount of money been spent on council office buildings.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11062	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure, arts and culture are important aspects of peoples lives and should be encouraged for a healthy aging population. If you take them away you cause further disability to our communities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11063	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Keep art and culture and education get rid of overpaid bigwigs Give us our community centres library and gyms and swimming pools back!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11064	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Bring back our leisure centers they are needed	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11065	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The leisure, cultural and arts has already had funding cuts and this is already detrimental to future generations of children so I don't agree to reduce this funding further.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11066	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Do not agree with closure of facilities. These are essential for the community.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11067	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	we need leisure faculties - not enough	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11068	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Stop closing swimming pools and gyms. No wonder Scotland has an obesity crisis.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11069	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	What are we paying taxes for if all the facilities we use are being closed or removed	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11070	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	It is already a disgrace that swimming pools in Broxburn / Livingston have been closed, which has a negative effect on the local community. The ability to use this facility improves the wellbeing of all ages.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11071	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No but this has already ben cut back and have lost many	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11072	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Enough services have already ceased to the detriment of local residents.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11073	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Facilities should not be removed as these serve a great amount of service to people in everyday life.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11074	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We need these services	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11075	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	It depends on what kind of facilities. In my opinion, removing attractions from the city is a very bad idea. For example, closing the swimming pool in Livingston. Not only are there few attractions in this city, but you are also removing those attractions.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11076	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Key facilities are key for a reason. They should be kept at all costs where possible	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11077	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	To many leisure facilities have shut forcing parents to drive outwith for swimming etc. Just in order to save money apparently. Having lived in west lothian for over 20 years i have never seen the roads as bad	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11078	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There is barely any facilities left in West Lothian and community and accessibility to groups is absolutely vital to community and individual wellbeing	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11079	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We need our community spaces. There is a deep loss of connection anyway and West Lothian council have already shut services and community places that has now limited people's quality of life. There's huge health and wellness impacts in general but West Lothian council have shut the only accessible leisure pool. One of patients that fought so hard to return to health mentally are no longer able to take their children swimming because their nearest leisure pool equipped for babies and toddlers with splash areas is Linlithgow only. They are a low income family so not only do they struggle mentally, financially and physically but now can't afford access to health facilities for their young children. To continue doing this would be detrimental to society and the epidemic of loneliness and community that people are living in. Do not continue to make these mistakes.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11080	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These services are vital to the most vulnerable. Risk having a cultural desert especially in certain areas outside of Livingston	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11081	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3 a yes	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11082	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think WLC have already gone way too far reducing services. To be frank and for example, it's a complete joke that there are no decent swimming pools in the Livingston area. I have no idea how Bubbles wasn't profitable when it was so busy.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11083	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No idea, but by closing facilities you increase loneliness and isolation, remove safe places for people to go, remove public facilities particularly for disabled people. Where are young people meant to go, if we want them off of social media?	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11084	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The closure of basic council infrastructure is not sensible or viable and reduces the availability of cost effective spaces in communities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11085	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Infrastructure savings are short term. Buildings are costly to demolish and wasteful to lay empty. They are extremely costly to replace later if a poor decision is taken now without adequate consideration of future needs.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11086	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The council should be increasing investment and opportunities for communities / young people / recreation	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11087	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	West Lothian is already stretched for leisure facilities for our younger generation due to the recent closures of swimming and exercise facilities. The remaining swimming pools that are open (in particular) secondary schools are unfit for purpose with repeated closures and unkempt changing facilities which are also outdated. It would be a shame to reduce these facilities further. There is already limited resources for young children these days.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11088	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure, arts and cultural facilities are few and far between if not almost non-existent already.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11089	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We need to keep all the (reduced already) services in the community to support all the elderly working population and the children.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11090	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	west lothian is becoming very dull - worst move was shutting the swimming pool - its so difficult for people to get to the other ones in west lothian - need to keep some nice things	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11091	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Key services are already on their knees, I fail to see what else could be cut!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11092	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You have closed down too many community centres and swimming pools. No wonder the kids are running wild on the streets with E Scooters. There is nothing in Livingston for kids to go to or do socially now. No swimming pools, no social clubs, no ice rink. No every kid likes to go to the skate park	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11093	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Repurpose the buildings but the facilities are needed	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11094	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think the arts and leisure have been stripped back enough there are simply not enough arts or leisure activities in west lothian	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11095	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There is already a lack of public services and I think by reducing these further it doesn't make West Lothian an attractive place to live. There is already a difficulty in accessing services due to the geography of West Lothian.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11096	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I'd hate to see more closures of pools and leak sure facilities.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11097	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You cannot continually reduce public spaces, the removal of swimming pools will have a massive impact on younger children and future generations	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11098	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Public facilities facilitate a community. Take these away and communities will feel the impact. Social events and provisions for communities create inclusion.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11099	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Arts and culture are essential and buildings housing these should not be lost.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11100	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Cutting facilities would make the areas less desirable and in turn result in reduced income in time for the council.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11101	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These are community services that have already been substantially cut. No to taking away further	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11102	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You've took away pools and other leisure activities already and left people unable to access them. This affects health and wellness and mental health which then puts more pressure on the nhs too and also the over all health of the area affects who can and can't work. It also reduces places for things like teenagers to attend which leaves them hanging around in groups which leads to antisocial behaviour which isn't being managed either.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11103	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Losing council facilities? Nobody wants that. There 's barely any council facilities as it is!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11104	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	People rely on those services!	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11105	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Closing down these services are easy but there could be people who use it. As long as there are people who uses the facility, we should not close it.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11106	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I believe reducing number of facilities would be detrimental to people of West Lothian and decrease community interaction and safe places for young people to be together	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11107	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The council should try and keep as many assets as it can. Generating incomes from assets should be prioritised over short terms gains from offloading assets.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11108	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I do not think the previous question is a simple yes or no answer ,yes i agree that the council should respond to demographic change but these services should not be cut to the detriment of local people purely to cut costs. The sense of community in West Lothian is slowly disappearing and while i understand that the council need to save money they risk West Lothian becoming a soulless place that residents do not enjoy living, closing community centres and removing leisure facilities is not the answer.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11109	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Shutting swimming pools in the past cost us a lot in health of users / facilities for the kids which is a false economy, now council admit they shouldn't have shut them. There is no structured planning in council decisions, it seems a few councillors vote to close, no proper discussion. Too many decisions made behind closed doors, more transparency in the council. More charging is not justified or cutting schools or hitting vital public transport.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11110	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The closing of more council supported leisure facilities will be detrimental to the local community with several sites across West Lothian already closed. Access to swimming pools / lessons and other leisure activities for kids is reduced especially for families without access to transport to some sites.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11111	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reducing Council facilities (reviewing leisure, arts and cultural facilities & library facilities). West Lothian has already reduced the number of leisure centres/ swimming pools in the area (Livingston, Broxburn & Armadale) recently. This already limits access to these facilities to families unable to travel and putting more pressure on the existing sites.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11112	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Getting rid of culture stuff..... Just makes us a dead soulless, concrete housing scheme... sad really	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11113	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I believe library and leisure facilities to be key. We have to keep west lothian as somewhere people want to live. Libraries, community and leisure facilities are all key to providing people with opportunities to care for their physical and mental wellbeing. As a family - we use these a lot. The loss of armadale pool is still felt deeply. Please dont let other vital facilities go the same way	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11114	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Again as a mother of 2 with another one the way, reducing leisure facilities such as libraries where Bookbug is run would impact on parents and their children.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11115	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Shocking that public buildings such as libraries are being targeted. They already open at reduced hours, these services are vital for parents / carers who cannot afford to buy books for children. The council already say they want to raise attainment but how can this be done when closing services which could encourage this?	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11116	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The reduction in facilities is becoming detrimental to the communities they are in.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11117	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reducing theatres and other venues again contradicts the idea that West Lothian is a place to thrive and looks after its residents. You have already significantly reduced what is available, particularly to young people and you can see the rise in anti - social behaviour due to them being bored with no where to go. These venues often offer clubs, experiences and shows that are often more expensive in cities and bring visitors to West Lothian.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11118	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Whilst I appreciate some cuts are needed due to the budgetary shortfall, I think we must be careful with library cuts as these are essential community hubs and a lifeline for some people who don't have computers or internet access at home.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11119	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Libraries and community centres are essential for the community. Especially for internet access as even some GPs are now requiring eConsult as the route to get appointments.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11120	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Would depend on which buildings etc are suggested. Would not like to see the library close.	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11121	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Removing places like libraries is not good for the community. If you are going to do this you need to provide better bus services so people can travel easier to an available building	Economy, Community Empowerment and Wealth Building	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11122	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	no	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
11123	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a - unsure,	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
11124	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I would prefer not to see more xcite centres shut but since you've shut the only ones we used and we now use a different councils facilities because ours are too expensive I find it hard to care	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
11125	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
11126	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	no	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
11127	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Not sure	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
11128	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Not at this moment	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
11129	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
11130	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	NO	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
11131	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
11132	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
11133	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
11134	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
11135	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.

11136	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	no	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
11137	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No	Economy, Community Empowerment and Wealth Building	3. The respondent advised that they had no comment to make.
11138	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Make it more accessible for people to book hire community centres / schools	Economy, Community Empowerment and Wealth Building	4. The council is already doing this.
11139	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a - stop monuments going up too much to clean and look after - reduce by half.	Economy, Community Empowerment and Wealth Building	4. The council is already doing this.
11140	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	More use of property for venue hires Avoid duplication of community services - swimming pools in schools would be better provided as all community service pool	Economy, Community Empowerment and Wealth Building	4. The council is already doing this.
11141	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Due to large number of Indian community in West Lothian, please provide community hall for celebrating community festivals.	Economy, Community Empowerment and Wealth Building	4. The council is already doing this.
11142	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I live in a town that has few facilities already. I presume the community centre, closed due to raac construction, will not be replaced. Would there be room in other facilities for community centre activities to take place. For example, the health centre, the schools, the old school building currently used to small businesses.	Economy, Community Empowerment and Wealth Building	4. The council is already doing this.
11143	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These services should remain but they should be charged for.leisure centres should have fees	Economy, Community Empowerment and Wealth Building	4. The council is already doing this.
11144	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Make council facilities more attractive to visit and host income generating businesses and outlets in these buildings	Economy, Community Empowerment and Wealth Building	5b. it is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11145	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Difficult one! Perhaps modernise schools that allows these facilities to be utilised by community in evening and during day - family centres within schools in order for joined up services. Use the modernised buildings for this which then allows an efficient closing of older buildings.	Economy, Community Empowerment and Wealth Building	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11146	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Buildings used to maximise community needs sharing facilities	Economy, Community Empowerment and Wealth Building	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11147	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Also look into opening a pool / activities to the kids. There is hardly any resources available for kids to do in Livingston	Economy, Community Empowerment and Wealth Building	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11148	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	West Lothian needs a huge Multi Sports Complex / Swimming pools sauna gyms etc for residents and visitors. Most people do not know that West Lothian's Xcite gyms are run as a charity. West Lothian Leisure is a registered Scottish charity and a Community Leisure Trust. The charity's latest Impact Report 2024 / 25 shows West Lothian Leisure received over 2. 6 million visits to its venues and generated £20. 2 million in attributable social value, a 40 % increase on the previous year. West Lothian Leisure operates on a not - for - profit basis, reinvesting income into community programmes, facility improvements and innovative new services such as AI - powered gym equipment and family friendly fitness initiatives. We need a huge venue like the Time Capsule in Coatbridge, perhaps not with an ice rink but skating,. skateboarding, stunt bikes etc sauna etc and separate pools for one family fun and the other for competitive swimming. Bubbles was not the best design but is sadly missed by many.	Economy, Community Empowerment and Wealth Building	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11149	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	West Lothian Council could make major savings without cutting vital services by ending wasteful spending on defunct or semi - privatised systems such as Xcite Leisure. Bringing leisure and wellbeing services fully back under council control would remove unnecessary management layers, private consultancy fees, and duplicated costs.	Economy, Community Empowerment and Wealth Building	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11150	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Please don't take away our community facilities, community centres. Why not attract small local businesses in those spaces, to generate a bit more income?	Economy, Community Empowerment and Wealth Building	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11151	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Make more use of your buildings instead of getting rid of them. Be more ambitious with cultural and leisure facilities. Make them more exciting and bring in more income instead. Put on grander concerts, music events, opera, theatre which will draw in audiences.	Economy, Community Empowerment and Wealth Building	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11152	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure facilities are already dropping drastically, put conditions of sale in place to ensure these places are still beneficial to the community and not just turned into more temporary accommodations!	Economy, Community Empowerment and Wealth Building	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11153	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	let business let part of buildings such as a cafe / pop up shop.	Economy, Community Empowerment and Wealth Building	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11154	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You could be making better use of your facilities. For instance, there aren't many options for summer care. Could more summer camps be open? Football camps or drama camps? Options to employ some of our college kids during the summer months?	Economy, Community Empowerment and Wealth Building	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11155	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Charge a small annual fee, which is means - tested, for the use of Cultural, leisure and art facilities, (the action the council wants to take by reviewing these 'is too non specific to comment on	Economy, Community Empowerment and Wealth Building	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11156	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	why not open a paid museum covering the mining / oil industry in the area.	Economy, Community Empowerment and Wealth Building	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11157	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Build on using libraries as community centres.	Economy, Community Empowerment and Wealth Building	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11158	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	STOP giving out million pound loans to XCITE LEISURE.	Economy, Community Empowerment and Wealth Building	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
11159	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Get a leisure centre back in Livingston to generate profit.	Economy, Community Empowerment and Wealth Building	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
11160	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	have more children do the wall art instead of spending so much money on wall art	Economy, Community Empowerment and Wealth Building	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
11161	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I don't believe reducing facilities is the right approach. Many communities have already felt the impact of previous service cuts, and further reductions risk deepening inequalities. If these facilities were run properly and with a focus on generating income, they could both serve the community and contribute to the council's finances. For example, leisure centres and community halls could host paid events, fitness classes, or be rented out for private use. Libraries could offer paid workshops, co - working spaces, or café partnerships. Even small - scale commercial ventures—like pop - up markets or local enterprise hubs could be run from underused council buildings. With the right management and community engagement, these services could become self - sustaining while continuing to support residents.	Economy, Community Empowerment and Wealth Building	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
11162	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You removed swimming pools and other sports grounds. Removed kids clubs managed by council all in Broxburn. You need to think of reintroducing that for kids to have access to sports and kids clubs for a low fee	Economy, Community Empowerment and Wealth Building	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
11163	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Make it easy to secure every secondary school so that no one gets access to anywhere except leisure areas and make these more available especially over summer holidays and evenings etc.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11164	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure, Arts and such could be taken control by external agencies that have the knowledge and passion to progress and advertise in the community.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11165	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Make use of schools for community based activities to engage the youth. I know some schools are used by xcite.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11166	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Get advice from West Lothian Leisure on how to generate more income from leisure facilities for residents and tourists / visitors	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11167	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I would like to see increased use of shared facilities for example putting some cultural services into the college given that the college is also tight for money. This could bring new people into the college and provide income for them while also allowing Services to be retained. I would encourage the council to speak to private businesses who in the post Covid world have spare estate who may also be open to partnerships that allow Services to be operated from their facilities in return for marketing or highlighting that business' services within West Lothian. Could consideration be given to mobile services to ensure that the quieter villages with limited public transport also have access to arts and culture? Again this could potentially be supported by private business in a sponsorship package. It again provides opportunity to collaborate with the college who need to provide increased skills pathways for people in West Lothian.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11168	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes to all of these suggestions - can some services be put out to a trust like 'Glasgow Life 'rather than competing for scarce Council resources?	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11169	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Yes to all of the above. If some, very small but vocal, sections of the community are still banging on about community centers 3d offers the simple answer. Get on with implementing your decision.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11170	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Agree with 3a. Burgh Halls should be off - loaded to a local trust or not for profit as soon as possible. If it is so valuable to the good folk of Linlithgow, let them put their money where their (often loud and opinionated) mouth is and stump up for asset transfer. What we cannot have is the rest of West Lothian paying for a glorified tea - room, and a wedding venue that never breaks even and therefore competes unfairly with the private sector.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11171	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Think its important to have access to leisure, arts and cultural facilities within the communities, could these however be incorporated into other premises that are not being used at capacity, i. e. schools with lower population	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11172	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Instead of removing these, look to pass them on to businesses that manage these types of facilities.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11173	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Although it is important for the council to reduce number of properties, careful consideration should be given to the impact that any reduction in cultural facilities will have upon tourism in the area. If the council wishes to raise revenue via a tourism tax then it is vital that the area has strong cultural facilities which will encourage tourists to make visits to West Lothian. The council could however explore further integration of cultural facilities into partnership centres.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11174	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	secondary schools' pools open to the public.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11175	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	electricity generating gyms powered by people exercising.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11176	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Condense day services. See what service users would benefit where. This includes pathways CIT and most vulnerable group Elburn who require a base. Using rooms in buildings that outside agencies can rent. Again elburn and pathways. Utilise community centres. Utilise staff and have classes the service users could pay for.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11177	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Do not agree. Reducing facilities while simultaneously increasing taxes is not a meaningful solution. Greater efficiencies should be sought instead of cutting services that residents already fund through taxation. Establish mechanisms for residents to provide immediate feedback following their use of council services or facilities. This would generate more relevant insights and ideas for cost - saving efficiencies.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11178	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Facilities and Community Use - Letting School Spaces Rent out halls, classrooms, or sports facilities to community groups during evenings or weekends. - Shared Specialist Spaces For example, one school in a cluster could host a sensory room or nurture base used by others.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11179	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	• Burgh Halls. Linlithgow benefits from a major asset in the context of the Burgh Halls. However, much more needs to be done to promote the venue which means investing more to generate increased income. This is a primary money earning asset that is currently not fulfilling its potential.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11180	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Increasing the services that Partnership Centres can provide is a good idea. Community Centres support some of the most vulnerable groups in our society, and ever effort must be made to maintain them by whatever means possible.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11181	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I suggest a community trust model for arts - Burgh Halls should not be subsidised by tax payers in Bathgate, Armadale and Whitburn. It has lost its way and become a cafe / wedding venue not an arts venue, and is not worth saving in its current form.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11182	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a - Offset the areas with the advertising money or at least subsidize.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11183	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Arts and cultural services could charge entry (with concession for schools and for those on benefits)	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11184	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Arts and cultural facilities could charge for entry (with concessions for schools and those on benefits).	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11185	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities. Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11186	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a) review leisure, arts and cultural facilities - introduce charges for exhibitions and look for other sponsorship funding.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11187	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Suggestion for 3a (Leisure / Arts - £390k): The review (3a) should prioritize Community Asset Transfer (3d) or outsourcing before closure. Seek community groups / social enterprises to take over the operation and liability of these facilities to remove the running cost without eliminating the service. The Council should also conduct a full review of under - utilized office space to generate immediate rental income or disposal value.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11188	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Use school halls rather than community halls for after school clubs and leisure facilities. You would need to provide secure access to only the hall.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11189	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Utilise school and leisure facilities as one. Instead of running two separate entities	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11190	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Close down a small number of facilities.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11191	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Proposal 3A— for establishing a review of Council - managed facilities – presents the local authority with the opportunity to explore how it can make better use of existing independent facilities in our communities. Many of these, including our own, have been co - designed with inclusion and accessibility in mind. The Trust's campus in Linlithgow is extensive and includes several skills development spaces; for example, an arts & crafts studio, swimming pool, woodlands, and outdoor learning and recreational spaces. We would welcome the opportunity to explore how our facilities and spaces could be used more broadly to enhance access and opportunities for neurodivergent people and those with Additional Support Needs (ASN) from across West Lothian.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11192	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Again, utilise school facilities better. Offer 'pay for' classes to the general population using school facilities, including swimming pools. Too many facilities under - utilised when they could be used and generating income.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11193	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There should be more sports and other facilities which charge people to generate income, businesses should have support so they can increase their turnover so that once they are doing really well they provide higher tax income although it's a smaller percentage to them so the owners can spend more money and there is more VAT on that	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11194	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure, arts and culture you can partner with private players and make sure they don't charge the west Lothian residents and provide quality service. There are lots of opportunities from global grants in this area.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11195	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I also think its important to make sure there are still places for the public to go and for social contact. In order to do this, running groups that can require a fee every session, be it one pound or a subscription, may help with the running of these buildings and more specifically some areas within the buildings.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11196	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Charging a bit more for facilities.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11197	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Get Sponsorship for the Arts venues and other leisure and cultural places.. Xcite sponsored by OnPath Energy?...	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11198	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	It's difficult to understand the impact of this without knowing which buildings might be impacted, but surely some of these buildings could be let out, eliminating several problems in 1 move? Couldn't a building, for example, be let out to a music group which pays a subsidised cost for the space, generating income, and promoting arts & culture, taking the burden from WLC? This feels ineffective.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11199	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I would only be in favour of a reduction in the number of facilities where these facilities can be co - located in a similar area. The Partnership centres and sports centres I use seem to be really well used and the opportunity to keep active and have places for social gatherings help to maintain a sense of community and (hopefully) reduce the burden on the NHS and social care in the longer term.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11200	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	but not by shutting it down completely. Art is a non essential career (I am a full time musician myself). Because it is non essential, you could pass the cost onto the people who want to use the facilities to keep these facilities running. Don't take them away completely	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11201	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Public fund raising events for community buildings, asking for local residents who are qualified in certain fields to donate their time for maintenance	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11202	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Work to be more cost effective with the buildings you have rather than getting rid of them. Charge people rates that reflect the cost of the building, move systems to be more effective (easy online booking rather than playing email tag and using out dated booking documents).	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11203	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	. There is the option however to increase the charges applied to organisations and locals using those facilities for events, meetings, parties etc. Andrew extra 5 - 10 % on the current charges for these facilities should help.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11204	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Don't cut facilities keep them but again run them like a business with proper budgets and costings along side community volunteers	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11205	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	West Lothian Council has taken so much away from the local area already such as the pools and gyms. To make West Lothian a place where people want to live, they need to invest and make it more attractive to home owners. People need to access different cultural and artistic experiences to open their minds to the wider world out there. Invest in West Lothian youth groups to use these spaces and run events to make people go and pay into them.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11206	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Focus on highest spending and make sure find alternative options to run the system	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11207	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There are already very few council services like this in the area. Perhaps consider reducing opening / operating times rather than full closure?	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11208	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Children need lots of education and a space to exercise and have fun. Partner up with business to make money.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11209	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think in regards to community centres further savings can be made changing the policy with how community centres are staffed. More technology can be utilised to help people come gain entry without the need for staff to formally open up. Also management committees are not fit for purpose to make the changes needed, if admin was for multiple community centres was done centrally by the council users would experience a better service and the council would actually get the room hire fees rather than that money being kept by the committee.	Economy, Community Empowerment and Wealth Building	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11210	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Swimming pools have been demolished, what else are we going to do without	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11211	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	It is more important to invest and generate income for things people value and can see the benefit for the whole community. The best biggest example is sport and leisure. Closing swimming pools and providing a zero management fee to Xcite is hamstringing them in what they can do and will lose focus and control. This will drive it to be focused on income generation rather than the great work to encourage and promote the benefits of sport and leisure for all residents in West Lothian.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11212	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	But get rid of the awful Xcite outsourcing disaster	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11213	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Create more swimming pools and fun areas for children, this would bring additional income too.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11214	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Save current amenities such as swimming pools etc instead of building more housing and giving us less to do.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11215	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Put time into activities for people of West Lothian. A lot of money put into housing which we are already inundated with. Children aren't learning to swim as easy as you have removed all the swimming pools. No social places to go, clubs. All we have is shopping centre to draw people and businesses into.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11216	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Keep Howden Arts Centre open.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11217	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	would depend on what facilities as you shut a perfectly good swimming pools in armadale and livingston and broxburn	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11218	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Again this is a leading question. Of course the public do not want to see money wasted but savings have not been made clear. Where local community buildings are threatened but are regularly used - will these clubs be offered a space in a council building that remains open? Maximize the use of school buildings for outside lets - these buildings have to be kept in good working order for the school day and this can be utilised for community groups in the evening. Some are already used in this way so the model could be expanded. Work with janitors union to improve their services in these buildings. To outside eyes there looks to be many things these staff could contribute to where they don't	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11219	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure facilities seem to be stripped back to the bare bones - not sure much more can be done.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11220	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	stop allowing only football and xcite to take on facilities, there is a number of other groups out there that would be willing to take on property but are not getting the chance	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11221	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Meet the needs of communities where possible please - we want people bonuses facilities in their own towns & villages as best as possible. Sometimes reducing the cost of these will actually increase money coming in as more people will come with cheaper costs.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11222	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	To a certain degree however at present in west lothian it is very limited to what is available if you dont drive for all people eg swimming pool closing need two buses to take kids for a swim then find out pools are closed due to some problem.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11223	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	the council should continue to prioritise leisure facilities that provide classes and meeting places for the elderly to continue to allow them to maintain social interactions out with the home which can be very isolating for them which then impacts their mental health.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11224	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Please don't close useful amenities which contribute to health, such as Bubbles swimming pool.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11225	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Open up more provision for the public Not enough facilities to use in wlc More toilets with baby changing area	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11226	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Absolutely not for leisure facilities as Livingston is already lacking this massively! No swimming for children	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11227	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	however you made a huge mistake letting go of swimming, leisure centres children and young people do not have anywhere to go anymore the lack of facilities and communities are disappearing and this has led to a negative socialisation and environment we all are living in now	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11228	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	* can council employees run handyperson / decorating workshops. Lead a group of volunteers from the workshops in doing small repairs and decorating	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11229	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Children to look after school buildings better Stop wasting paper	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11230	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Football pitches for obese kids with growing mental health issues	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11231	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You are already removing council owned sports facilities so there is nothing to show that you will stop closing further facilities. Having been involved with a community run football club for several years now the club have successfully self generated large numbers of young persons to participate in football representing the town using our own facilities. Again looking from the outside you take the easy option of closing your facilities to generate savings.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

11232	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You already cut all community oriented activities. There is no pools, play parks are poor. How other councils are making these available to community and WL struggles. Perhaps you should initiate talks with other councils who still provide those services and seek improvements based learning and experience of other councils. See alreedsshire as example.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11233	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There 's very little to do that 's free for youth. They 're bored so they vandalise. Parents responsible to keep their offspring entertained yes, but the council could do better. Not all kids are happy to sit playing Xbox etc all day, every day. Many people dont drive so can 't get to places like bee craigs or the beach, so are stuck home, not everyone wants to hang around the skate park or almond river. Cleaning vandalised places objects annually surely costs a fortune. That money could be better invested enriching social activities for underprivileged families.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11234	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	More places for young people to go	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11235	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Make sure clubs using much space	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11236	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The leak sure facilities for the area are now at a shocking low and there is not always an easy alternative. They should start trying to work out how to bring them back.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11237	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The reduction in swimming pools is counterproductive and short termist.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11238	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure facilities have been cut from Armadale area and community centres such as Whitburn is massively used within the community and should be kept as they are.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11239	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think it 's shocking that children / adults do not have the same access to facilities to enable them to learn to swim since the swimming pools have shut down.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11240	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I feel the closing of all public swimming pools and even knocking the down is disgusting and these should have maintained and made profitable	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11241	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Removing bubbles and leaving no dedicated swimming facilities was short sighted. Many community centres are old and people are not equipped with the skills needed to make it run efficiently and effectively.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11242	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Armadale leisure centre has been missed by all residents of the area as has bubbles. The council need to increase funding in libraries as reading is now more popular than ever and people are wanting to stop spending money on corporate companies such as Amazon and save money for other household essentials so attending libraries more often. I've visited the library more this year than I have in the last 5 years.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11243	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	stop spending money on the Symbios statue	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11244	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think the council should look at ways to generate income and invest in services which in return will save in other costs. Big example being invest in the leisure and sport services across West Lothian - it is disgraceful that the council is expecting Xcite to operate vital services with zero management fees. If you promote and invest in these service the social value long term saving for residents by being healthier and happier and place people want to be. I still can't believe the council approved the closure of 3 swimming pools hidden by the approval of removing of any management fees.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11245	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We have no swimming pools in Livingston that can be used at anytime it is shocking that rather than trying to help people to have these things everything is getting shut down and rebuilt into privet homes	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11246	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Regarding recent swimming pool closures, you could have charged for parking and increased membership fees. At least try this for a while before you close even more treasured facilities.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11247	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think the council made a mistake in closing down some swimming pools. Facilities have to be open for kids, teenagers to attend otherwise anti social behaviour will continue to increase and get worse All the Dementia centres across West Lothian MUST stay open. This has to be a priority especially given the change in demographic in population across West Lothian	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11248	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Closing the swimming pools was one of the worst things done to our local communities and has had a detrimental impact on everyone. Closing more facilities is a terrible idea.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11249	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I have some concerns over what I believe is the closure of 1 of the council's only centre for preschool children with special needs, whether physical and / or educational. These children need the best early intervention support. I also have concerns that we don't have enough leisure facilities like swimming pools in the area, or things for young people to do.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11250	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There are also additional public sectors such as community centres or swimming pools that provide / provided both public leisure and activities; especially for children; as well as a great source of income due to these activities being so well sought after. In shutting these down, you limit access to these things; creating a modern world of misery and misinformation	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

11251	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Community centres are vital for smaller towns, and provide massive non economic benefits, aswell as being one of very few "third "spaces in existence today	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11252	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Please do NOT close community centres. These buildings are often at the heart of the way the micro communities within West Lothian function. Closing them will have a hugely detrimental effect. If you do go ahead with this - other assets MUST be used more flexibly in order to meet community needs.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11253	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	If anything gyms Swimming pools etc should be being built and not taken away from the west Lothian community's. We have an obesity problem in Scotland and your first action as a council are to close gyms and swimming facility's it's farcical.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11254	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Too many assets and valuable places for the community like swimming pool at Armadale is shut but still sits there being serviced at a cost? The impact on the community is high to its detriment This policy needs reexamination	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11255	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	We use the vennie alot and it really helps us. Would be a shame if this was to go.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11256	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Community services and leisure have been decimated in recent years for no apparent gain.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11257	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure facilities have already been decimated.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11258	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	People need spaces to meet They also need to 'see' something tangible for the money they pay the council You also need to be seen to encourage the population to interact to help mental health and community cohesion	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11259	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	what does reviewing leisure, arts actually mean. Redundancies?	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11260	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	There is a need for public facilities areas - where will people go - there will be no where for the young or the elderly!'	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11261	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Losing sense of community	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11262	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I think council facilities have been reduced enough. I would not suggest removing any further Xcite leisure centres.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11263	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You've already closed and then sold 2 swimming pools last year in xcite Broxburn and xcite Livingston sites which are now to become housing. You don't have any further assets to continue to sell to prop up your budget.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11264	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	People need public services like health / fitness complex. The closure of Xcite Livingston is a massive loss to this part of the town which was well served with local bus routes.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11265	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You have already removed leisure centre that were essential for the health and wellbeing of locals!	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11266	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Too many local facilities have closed, swimming pools is an example Armadale, Broxburn house numbers increasing but leisure facilities decreasing	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11267	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	No, closing bubbles was a disgrace, so many kids out on the street as the alternatives are too far away.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11268	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Stop making bad decisions closing bubbles was one of the worst. Youth crime is up and children have nothing to do because west lothian are closing facilities. West lothian should be building something like the peak in stirling which is consistently busy to generate income and give the youths something to do	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11269	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	It is shocking all the local services are closing down i. e. swimming pools.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11270	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	All of these suggestions will have a negative effect on the lives of residents, however the Council Executive don't seem to see this with the current nonsense over community centres, and preventing all of the councillors from having a say in this with only the exec having already made their mind up. Nonsense!	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11271	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You have closed many swimming pools and we see the direct impact of this on children across the authority. We now many more children coming into secondary school who cannot swim.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11272	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Where the facility is for the provision of an essential service such as a swimming pool they should not be closed. It is a disgrace that the pool in Broxburn was closed.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11273	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	The key services should include the leisure facilities especially all the access to swimming pools for all ages. Really disappointed in this decision. You can not now take your children or yourself for a swim without travelling miles or working around times you are actually able to swim, the impact of people's wellbeing and physical fitness must be huge since this decision was made. I would love to know what the care bill is each week for the council, all the out sourcing to private providers must be eye watering. Get back to how it was years ago when the council provided home helps, people who were able to go to people's homes and car for them as well as help with house work make a cup of tea etc. give people jobs within the council	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11274	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Both should be open services and buildings	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11275	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	however all the other facilities mentioned are so important for the community. In winchburgh we have almost lost our community centre which is vital for so many people, these facilities just need to be managed in a more efficient way.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11276	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I have a 12 year old and 7 year old living in Armadale. The swimming pool is now closed and community centre is not using its facilities for kids like it did in the past. There is absolutely nothing for them to do in the town	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11277	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Disaster getting rid of bubbles and Broxburn swimming pool as they should have been first in line for youngsters	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11278	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Absolute disgrace that leisure facilities - swimming pools were recently closed and knocked down	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11279	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Council offices can be reduced in number but community centres and swimming pools are pivotal for social engagement	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11280	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Key services ie community centres are essential for small villages	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11281	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	That worked out well closing the swimming pool in Livingston. Spending a vast amount of money clearing the site. For it to turn into a car park and now houses. The alternative pools haven't worked and now the membership of Xcite must have fallen	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11282	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	People need places to go such as swimming, libraries etc to help with their mental health. If these were reduced further, Council would then be spending on care packages, social workers etc to help deal with the rise in those seeking assistance with their mental health.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11283	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Community buildings will always be a sore point. The closure of bubbles has been particularly painful but WLC's mismanagement of the entire fiasco could have been avoided if only you'd come to the community first. A council who doesn't act on the voices of its residents is of no use at all. Pareto the costs of non / community council owned facilities and start there.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11284	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reducing leisure art facilities, you have already closed most if the swimming pools and now want to close more, this will have a detrimental affect on the communities	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11285	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Replacing swimming pools with drive throughs? Really let's make more people fat and lazy	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11286	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Livingston Howden Centre is a great facility and criminally underused. It should be a profitable asset not a liability. If this cannot be done then there is no need for the council to be involved in running it given the poor quality of shows put on and it should be sold off.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11287	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Many facilities are critical to a community and have positive impact on mental health and wellbeing	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11288	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	These area have already had cuts	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11289	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Only if building aren't being used	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11290	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	we need places to go in our own community	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

11291	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Reducing facilities for residents has a departmental impact and should be avoided, instead focus on creating more activities and volunteer groups that can support LA activities eg litter picks, garden toys etc things that can double up as hobbies. Moreover essential services such as childcare must not be mothballed, instead open services to younger age groups on a 'private' basis supporting families and maintaining services	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11292	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Closing swimming pools was left so many teens at a loose end	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11293	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Already closed several pools leaving next to no leisure facilities for people now you want to shut down public toilets?	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11294	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	When was the last time the Council invested in communities all community halls are under threat swimming facilities have been closef	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11295	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3A) and 3D) are likely connected. Where these arrangements have been tried to limited use. By other than "group is this outcome. The wider community put facilities in place and leisure facilities should be sold.	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11296	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Pools closed and shorter opening hours for the gym. How were these things affordable 10 years ago but not now??	Economy, Community Empowerment and Wealth Building	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11297	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Open up football pitches for younger children during the weekends to reduce numbers of anti social behaviour which cause damage / litter	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11298	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	I have noticed lighting on during daylight hours. Specifically at Xcite Linlithgow but presumably other locations are also affected. Has this been considered?	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11299	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Children and adults are both using leisure facilities more than ever if anything putting on things like disco's for nominal fees would help the community a great deal	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11300	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure centres could be reduced hours.	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11301	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Review the costs and ways leisure facilities are run to make them more accessible but cost effective	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11302	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Leisure centres are vital for health and wellbeing for communities but this should be funded by NHS funding (not just Councils).	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11303	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	stop free swims help with upkeep of pools as the saying goes don't leave it till it is beyond repair	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11304	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	More activities should be offered	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11305	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Try and encourage. privately funded leisure facilities to the area. Livingston leisure facilities very poor for the size of the area	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11306	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	You've already closed swimming places, you have xcite in Bathgate which while good is full of staff chatting to their besties most of the day whilst towels and disinfectant spray are lying empty. In years to come we will wonder why our younger generation are overweight and have issues with basic learning skills. It will be due to council and government failure.	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11307	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Introducing fair, low - cost memberships or pay - per - use schemes for leisure centres would make them self - sustaining while keeping access affordable. Every saving must be reinvested into frontline services—waste, education, roads, and care—so residents see real value, not political spin or bloated bureaucracy.	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11308	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Council services and facilities made accessible and affordable encourage community engagement. Have free access days and encourage people to use them. Give concessions to those people that cannot generally afford to use the service, they are usually the ones who would benefit from them the most.	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11309	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	This has huge impact on youth as no where to go and the amount of fires, damage carried out by certain youths. Promoting youth groups at a low charge to use facilities, provide places to play pool, football, etc Have small cafe bring in money. have a low charge for membership. This would safe emergency service call outs and damage to council bus / property.	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11310	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Both Bathgate and Livingston theatres have been under enough threat in recent years	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11311	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Close sports centres where there are private gyms relatively nearby.	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11312	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Xcite membership could also increase to cover costs	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11313	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	close Bathgate pool and sports centre as you have done elsewhere as the pool and facilities are going to be a drain in the long run	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11314	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Before cutting services in the leisure sector they should have in place a private provider in place to take on the service and that way the community will still have services but not at the council cost	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11315	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	As for leisure services, focus on tier options with higher tiers unlocking more specialised services (e. g. nicer changing facilities; preferential parking). It's time to look at these services as a way to maximise value.	Economy, Community Empowerment and Wealth Building	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
11316	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	How do you know that you can save £390, 000 after reviewing leisure, arts & cultural facilities before you've done the review? If you have a specific cut in mind, why not state what it is. (These comments apply to all "review "items contained in this survey, of course.)	Economy, Community Empowerment and Wealth Building	9. The respondent made a comment on the survey question
11317	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	stating yes and no without much detail is very difficult and seems to channel responders down certain routes. Closing swimming pools and sports	Economy, Community Empowerment and Wealth Building	9. The respondent made a comment on the survey question
11318	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	Depends on what you mean by review leisure services. We have barely anything as it is. Are you looking to remove more? What effect does that have on our society?	Economy, Community Empowerment and Wealth Building	9. The respondent made a comment on the survey question
11319	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a - which cultural and leisure facilities would these be? I assume this means getting rid of the Burgh Hall	Economy, Community Empowerment and Wealth Building	9. The respondent made a comment on the survey question
11320	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a. No details were given to describe what a review entails.	Economy, Community Empowerment and Wealth Building	9. The respondent made a comment on the survey question
11321	Theme 3- Reducing the Number of Council Facilities	3a - A review of leisure, arts and cultural facilities.	3a -?	Economy, Community Empowerment and Wealth Building	9. The respondent made a comment on the survey question
11322	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11323	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	no, I think you should work on making the facilities more profitable for continuous income. do research to find out what facilities and services are needed in each area and go from there	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11324	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes I agree broxburn stand alone toilet should be removed.... its absolutely disgusting. This toilet is not only used as a toilet..... if I. need to use a toilet in broxburn, I would use aldi, lidl or if I was desperate I would pop into a shop or pub and ask nicely if I may use the facilities	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11325	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	close everything. no one cares about council run leisure centres. libraries are a thing of the past. close those buildings.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11326	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I dont agree with it but accept it is a must. The reduction of public toilets are a massive problem, especially when stores such as aldi lidl b & m obviously submit they offer this at planning, but once open state out of order. B M Livingston blocked the door! The amount of empty shops due to unaffordable rates brings in no revenue, surely something would be better than nothing	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11327	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Agree with increasing digital library stock.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11328	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	From those suggested I would only support the closure of toilets. Community and arts venues are needed to support growing communities	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11329	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree with all but the first one, culture and leisure are important third places for people, losing these could impact peoples mental and physical health causing costs in other areas to increase.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11330	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Not sure how many people use a physical library but certainly an online presence would be more welcomed!	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11331	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

11332	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Agree with closing library 's. They are not needed.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11333	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	All libraries should be in community centres or partnership centres, there is no need for separate facilities. People benefit from services being in one place. Close the automated toilets.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11334	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I think as long as there is alternatives then this is fine.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11335	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	closing stand alone libraries as long as they remain open on partnership centres	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11336	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Worth reducing if not the demand and other facilities are already available.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11337	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	More books etc online is great but could prevent older people from having access to resources	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11338	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Close excess library's people don't seem to use these as much as they used to with books being available online. Look into services and facilities that are no longer well used	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11339	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Remove facilities that are not used or making profit.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11340	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes to review of library's	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11341	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Close all single building libraries	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11342	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	close libraries where there is lower footfall and book lending	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11343	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b is reasonable and could improve community engagement with some services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11344	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Review footfall of all libraries and then reduce the same.....	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11345	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Support closure of ill - used library facilities. Outmoded.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11346	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes but we need to keep vital services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11347	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	close stand along libraries and use existing council buildings to enhance and host libraries - offer more digital services for this.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11348	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree in principle but not to the detriment of the public / community.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11349	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	These are all good suggestions. You will find that a small percentage of council tax payers enjoy these, but we all have to pay for them	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11350	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Close the libraries. Stop unnecessary overtime.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11351	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes and no. A further reduction in leisure centres would be detrimental to the community However a reduction in other facilities would be more suitable	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11352	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Ensure this is only on non - essential and low uptake services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

11353	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	With the closure of facilities a simple internet service should be in place to relay information to the general public	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11354	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Close library 's	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11355	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I think if savings have to be made then you have to do what needs done if this helps essential services remain	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11356	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	All the suggestions are possible	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11357	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Agree particularly libraries in this day and age should be closed.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11358	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Agree with all those suggestions, providing SOME library / council access is available for members of the community - especially elderly - who do not have access to online services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11359	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I think reducing the stand alone libraries and putting them into a partnership centre would work and then people can also see what other services are there.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11360	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b - agree,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11361	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	If they are not being used then yes this makes sense.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11362	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	If they don't interfere with any of the workforce	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11363	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries unfortunately are a thing of the past in this digital age so closures have to be considered.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11364	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Reducing library services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11365	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree with reviewing all these options	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11366	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Agree to reduce buildings	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11367	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	If buildings or facilities are of no use or value for money, and are not providing any useful service or function, then yes.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11368	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Increase digital library	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11369	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	* Close buildings that aren't being used to it's full capacity (Libraries)	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11370	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I support 3b all points to reduce cost	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11371	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	These are nice to have and when money is tight. Need to be reduced.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11372	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Close stand alone libraries and incorporate into partnership centres	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11373	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Review council owned buildings in each community and consolidate into a single community hub, for example does West Calder really need the Library and Community Centre? these could be combined into a single facility.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

11374	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Again this seems to be a logical place to save monies however there are already too few leisure and culture facilities available across West Lothian. In this section I would suggest that other than reviewing / closing of such facilities, the other suggestions would be the most suitable for making savings.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11375	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I do think you could make the library changes suggested	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11376	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Closing libraries or reducing opening times.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11377	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Agree with increasing facilities for libraries in partnership centres and reducing stand alone libraries	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11378	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	No need for libraries	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11379	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Support your proposals	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11380	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11381	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes to all of these proposals - we need to reduce underused buildings.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11382	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Fully on board with the move to digital libraries. Currently this is pretty poor and can be improved and deliver savings.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11383	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes but a no to A review of leisure, arts and cultural facilities. Leisure centres already cost more than private gyms such as PURE GYM	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11384	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree with council proposals.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11385	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Using a digital library	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11386	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes to all of these suggestions - can some services be put out to a trust like 'Glasgow Life' rather than competing for scarce Council resources?	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11387	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries "More online books could save money, it would save money on building facilities and only people working.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11388	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b - Yes - under utilised facilities	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11389	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Agree with everything here.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11390	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Expanding digital library services is positive, but in - person spaces remain vital for those without digital access	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11391	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Increasing our digital library stock to meet the increasing demand for online library services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11392	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	The digital use of library 's	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11393	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	There is no need nowadays for libraries books can easily obtained online	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11394	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	This is reducing costs very good proceed	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

11395	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes to all of the above. If some, very small but vocal, sections of the community are still banging on about community centers 3d offers the simple answer. Get on with implementing your decision.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11396	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Also, although I used to love going to the library as a child, times have changed and they are not needed now. We have ebooks and internet and cheap second hand books available to buy online.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11397	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b and 3c sound like good ideas.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11398	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I think 3b seem reasonable.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11399	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Moving with technology and reducing the need for physical premises.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11400	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes closure or less money libraries or unutilised spaces etc	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11401	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I think there is a waste with libraries and buildings not used properly and wasting electricity etc when open	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11402	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Digital books ok.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11403	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	1 library would be sufficient in west lothian.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11404	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Explore all of these.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11405	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes to all these proposals.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11406	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree with all of these as possible sources of savings. Burgh Halls is a white elephant which has morphed from a gallery to a wedding venue - WLC should not be in the wedding business - stop it now!	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11407	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	yes i think that digital libraries would be good and i think that it would be good for increasing literacy rates and accessibility	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11408	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	More online books	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11409	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are a dying trade, look at digital books and charge people like amazon do to read the books on a kindle.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11410	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	The facilities mentioned are not well used so this would be a good way to save money.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11411	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Digital Resource Libraries	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11412	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	More online books	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11413	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	More audio books	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11414	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	all of the above	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11415	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Close all stand alone libraries	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

11416	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b review certainly, but with as little reduction as possible.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11417	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes to 3b	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11418	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	b) Yes perhaps have a mobile library service? Van with service and a2E advisor or advice shop advisor. Similar to RBS mobile bank Van.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11419	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Digital library stock - sensible idea.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11420	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes to all of the above, especially the closure of the toilets. Most people use cafes in towns these days, so can use the toilets there. And yes to reducing the number of council buildings as long as the activities they currently provide can still be provided in the smaller number of buildings.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11421	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Certainly increase the digital library stock (but still ensure a suitable range of print material for those uncomfortable with digital systems).	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11422	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Digital books and getting rid of toilets fine	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11423	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree with all these.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11424	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Having libraries in partnership centres makes sense as library services have to exist.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11425	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Digital library services are a great idea, but there will still be a need and benefit for children and seniors to access hard copies - so a balanced approach is better.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11426	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes, agree with all of these.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11427	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree with savings above however I think statutory youth work should be protected.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11428	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	agree	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11429	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11430	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11431	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11432	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11433	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11434	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	good idea to have more digital books in libraries	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11435	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes, all these examples should be explored.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11436	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	There are other digital ways that people can access facilities such as libraries.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11437	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	increase digital stock in libraries.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11438	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Increasing digital library stock makes sense as we are now very much a digital / online society.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11439	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes, worth exploring all these ideas for saving. I particularly agree with asset transfer - libraries, Burgh Halls etc.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11440	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree with all these examples. I can't believe that some politicians are proposing taking on £90m debt over 25 years to build a new school figures show you don't need. Is this not utter lunacy?	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11441	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	All but 3a	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11442	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	All seem sensible	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11443	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Happy with the recommended suggestions.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11444	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Agree with all.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11445	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	agree with suggestions	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11446	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree that there should be no stand alone library services. They need to be part of a partnership centre where many other services are offered. But it is crucial that libraries within partnership centres are not closed down because this will create immense inequalities in literacy and health.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11447	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Answered yes but only in certain areas. Identify priority areas and focus on delivering them well. Education and sport should be top priority areas	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11448	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b Stand Alone Libraries It depends, if there is not a local partnership center for people to go to and these libraries are in active use, then no. These libraries should remain.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11449	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Some things outdated	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11450	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Increasing the books available at libraries will be an advantage for me and my family	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11451	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree with all in 3b	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11452	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Where you have multiple council premises close together, utilise them differently - no reason a high school could not also function as a library for example. Therefore access is retained but it is more efficient.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11453	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Reducing sites should be evidence - based, with clear data on usage, transport access and community need. Digital services can complement, not replace, physical ones	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11454	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Understandable and disappointing for some communities when buildings close. However rationale is clear and better to protect services. Property costs also tend to be more unavoidable for risk / health & safety reasons. Similar to previous, where subsidies are in place (such as cheap / free use of premises) there should be clear cost / benefit analysis.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11455	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Digital stock sounds like a good idea for Library's. Readership of books in general and sales decline in every facet of life. People like the idea of Library's and books but seek digital means themselves much more frequently.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11456	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11457	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Where appropriate their should be a reduction but if money could be made from the facilities even better	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

11458	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree that the Council should consolidate library facilities into the partnership centres and improving digital stock access.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11459	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Nowadays not many people using libraries would be good to have the chance to digitalise it and make books or resources available to everyone, that's would help elderly people too	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11460	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Standalone facilities could be moved to Partnership Centres only if these are available in same settlement i. e. libraries.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11461	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Provided it is proven that they are of no further use.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11462	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Only if the services are not being utilised.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11463	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Unless the facility can prove it is necessary for the community and is used to its fullest then it could be closed or the community pay for it	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11464	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	If not getting used then should be reduced	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11465	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I do see that people will miss these facilities and they are of good use but we need to review where money is going	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11466	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes to all.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11467	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are a vital resource and I agree that we should move more to digital I still feel we should have a couple of decent large physical libraries in the area	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11468	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	It 's fine if there 's a need for them	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11469	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Agreed	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11470	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I think Libraries are a drain on council money. Times have changed and there surely isn't the demand anymore. Seems to be a fear of closing them yet if people were to be honest when did they actually use the library service.... I have probably not set foot in one for over 20 years unless it was to vote	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11471	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Look at use per day in local libraries, is there a need to keep these open all the time & staff them? Could they be on reduced hours.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11472	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	under used or expensive to run should be closed and sold or demolished	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11473	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree a lot of facilities are not being used to the capacity that they should be and when losing money on them it is not ideal to keep them open.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11474	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree stand alone libraries should be reviewed.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11475	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Apart from 3a	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11476	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Show communities 'where facilities are being under used. A clear message of 'use it or loose it '	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11477	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Facilities are in poor state of repair and offer very little	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11478	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Online libraries instead of building new buildings fix the ones that are old yet able to be fixed More online books	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

11479	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	There is a case for moving more services (e. g. libraries) to partnership centres, but in general it is vital to maintain public buildings and public access to council services, and people should be able to access these easily by walking or cycling; not long journeys.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11480	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Agree again with all bar number 1. Enough leisure services have already been cut, should be increasing again not closing even more.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11481	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I'm not sure how well libraries are now used so if they are not well used I agree with that	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11482	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree with some, such as library	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11483	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Cut the expenses to zero	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11484	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Close almost all libraries.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11485	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Reduce buildings where these are not well used.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11486	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Cut spending on unnecessary buildings.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11487	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	reduce the number of council buildings	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11488	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Close non essential services. Libraries,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11489	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	agree to libraries being looked at	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11490	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Agree with digital libraries.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11491	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries should be closed as they are outdated	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11492	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b Increasing our digital library stock to meet the increasing demand for online library services. Fine, no problem with that.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11493	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I think that we should read a online books so we can see the money changes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11494	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	The public are clearly not happy with closing facilities... the library one sounded good as I believe it could help make books more accessible if they were available digitally.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11495	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Library digital access being increased is the only option that should actually go ahead.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11496	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes and no. B & C seem sensible.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11497	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b Absolutely increase digital library stock	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11498	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	If people aren't physically attending libraries - close them.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11499	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I have not used the library in person for years as I use the digital library app so to expand this would be good.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

11500	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	If a facility is well used it should be kept open as it is obviously needed. I can understand the closure of facilities if they are unused or if a replacement service is available.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11501	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	The digital library is a great idea.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11502	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3 b yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11503	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b - Yes do this - cut half only if you have to. Some kids like holding a book. Screen break - destroy eyes.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11504	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	If people aren't physically attending libraries - close them. Look at alternatives. Bring back a mobile library.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11505	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	These are great ideas The physical library is not up to date and if replaced by digital that could help. I'd keep the book if club though as children need interaction not digital interaction.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
11506	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Do not reduce physical libraries.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11507	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries etc are a life line for so many people. Surely there are efficiencies elsewhere that would save the same or more money. There will be no community without these. This is a false economy. all you do is push up isolation for people and therefore there is a subsequent impact on social care, mental health and other stretched services. Where are the impact statements on the second and third order effects!!!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11508	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Closing these 24 / 7 toilets discriminates against people with disabilities who would be unable to use these outside facilities without toilet access. In my experience as a carer, toilet insecurity reduces physical exercise, increases anxiety and social isolation. All of these impacts reduce health outcomes and ultimately cost more for health and social services.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11509	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	libraries definitely not the in person libraries.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11510	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I do not agree with making more stock digital as the majority of customers nowadays are using the library because they like the feel of an actual book and the companionship it can bring. There already are so many digital alternatives with reading, we don't need to do it too.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11511	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	everything else no	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11512	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Also leave library's alone.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11513	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are necessary for each community. Must be ways for them to make some money to help	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11514	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Too easy to cut 3b need to protect those services.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11515	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	While I dont agree to close libraries for a number fo reasons like removing access for some kids and knowing how good reading is you need to weight in on the users the young and elderly these are people that are may be in higher poverty or digital poverty that an online libraries may not be a suitable option	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11516	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	DO NOT CLOSE LIBRARIES. Outsourcing services is a good idea and not being restricted to a special council list of approved vendors. meaning that competitive quotes can be sourced.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11517	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Not shutting libraries	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11518	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Dont reduce	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11519	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are important to people digital isnt for everyone	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11520	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Do not remove truly important local facilities to tax payers such as libraries etc. Things which make life better for those who pay tax must be protected as that is what we are funding towards our community.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

11521	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Increasing digit stock in libraries has an impact on particular groups within the communities who have literacy issues and are not familiar with technology or do not have access or use to internet	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11522	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I do not agree with reducing library facilities	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11523	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Digital libraries should complement, not replace, physical spaces.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11524	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries should be kept as they are as it's a lifeline for us and we can meet people, enjoy getting out the house and getting library books to read which helps keeping us going. We would be stuck at home, nowhere local to visit and get depressed. It certainly helps our wellbeing and the fact that we have something to do and somewhere to go to.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11525	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Retain libraries as we use these to meet people and benefit our wellbeing. It encourages us to get out the house. It's depressing staying at home every day and not seeing anyone.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11526	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Retain library as we use these to meet people and benefit our wellbeing. It encourages us to get out the house. It's depressing staying at home every day and not seeing anyone.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11527	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I understand financial pressures, but reducing community buildings risks isolation, reduced participation, and harm to vulnerable residents. Digital libraries should complement, not replace, physical spaces. Once lost, community facilities are expensive to rebuild. Protecting local spaces Recognise financial pressures, but reducing community buildings can increase isolation, reduce participation, and negatively impact vulnerable residents Digital library services should complement — not replace — physical spaces	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11528	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Maintain current stock of books in library facilities, not everyone has understanding or access to digital technology	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11529	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Disagree with move to digital library stock	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11530	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	With the exception of libraries.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11531	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Reducing some council facilities should not negatively affect communities. Local libraries, should remain for community use and health and wellbeing	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11532	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Don't agree that libraries should be closed as this is a great resource for young & old members of the community	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11533	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b - disagree. Need to retain libraries for more than the books.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11534	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	yes, but not libraries	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11535	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Make libraries more inclusive and friendly. Increase what is offered from library buildings, community group opportunities with appropriate costs attached Don't think we need public toilets any more!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11536	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I think libraries are very important to have locally, many people use this to catch up and meet others, keep their social skills and mental health positive. I can understand closing some stand alone libraries but where would there nearest one be, is there transport to get there and would that leave communities without a service.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11537	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Focus on maintaining services for those most in need particularly elderly and please don't close any further libraries	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11538	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	If library's are being used keep them. But encourage more cheap activities within them.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11539	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Keep libraries open.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11540	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Don't cut services that engage and directly support the community, such as libraries, Advice Shop and volunteer networks.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

11541	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3B No I do not think having digital books are a good idea.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11542	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I understand financial pressures, but reducing community buildings risks isolation, reduced participation, and harm to vulnerable residents. Digital libraries should complement, not replace, physical spaces. Digital library expansion is welcome, but must complement, not replace, in - person provision. Many residents rely on physical libraries for: • free internet access, Employment Support... We need investment!!! • study space, • literacy support, • safe community environments.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11543	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b Disagree. Same reason as 3a	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11544	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Please don't close libraries.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11545	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Children should be able to access books, rather than everything be digital.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11546	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Do not agree with everything being digital / online as older people find this difficult	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11547	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Absolutely should not be reducing library facilities or arts / culture facilities as these are crucial services to support learning, creativity, health and well-being, etc	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11548	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	b) people like books and we have enough digital libraries	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11549	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	however I don't feel closing libraries will save the money	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11550	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Don't agree with closing anymore leisure facilities though as there is a massive reduction in these already.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11551	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	No	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11552	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	no	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11553	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Not at this moment	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11554	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I understand the need to save money, but reducing facilities should be done carefully so that people don't lose access to vital community spaces. Libraries are important for local wellbeing, inclusion, and quality of life, especially for older people and families.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11555	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Merging libraries into partnership centres yes, but what about places with no partnership centre? Consider the impact of digital library catalogue; some people enjoy visiting the library to look at the digital catalogue before selecting a text.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11556	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	As one of the fastest growing Senior Counties in Scotland you run the risk of excluding a whole cohort of library members by increasing the digital service as well as reducing social interactions.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11557	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Digital libraries do not help people who can't work online	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11558	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Put more services online rather than in person (not the library)	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11559	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	But please do not reduce expenditure on libraries. These are vital for the development and maintenance of the wellbeing of our communities. We need to encourage people to read more; These are vital if we are not to be reduced to unhealthy, ill-informed and culturally ignorant communities. Please...!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11560	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	keep libraries open	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11561	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I also use the libraries to keep warm when I can't afford to put my heating on so keep these too.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11562	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	no library closures where needed	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11563	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	No to: 3b	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11564	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Craigshill library is well used with lots of facilities that people use.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11565	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	yes 3b - keep libraries open, but increase digital stock,	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11566	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	People accessing libraries, particularly older adults, need access to physical books	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11567	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Digital library services are certainly a good way ahead, but there are still some who can't won't access these, so a	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11568	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree with it except for the libraries, there are key to West Lothian, bringing in tourism, recognition and providing a place for learning for children. the libraries have already been reviewed, further reduction in those facilities will impact negatively on the children's key development opportunities.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11569	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I don't think we should be closing any more libraries I think we should be putting for into them or at least moving the stand alone libraries into the partnership centres. Too much is being taken away from communities.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11570	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	no to 3b) people need their libraries	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11571	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	libs - couldn't find a dictionary, I was raging, shouldnt be reduced	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11572	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	agree with the toilets not the others	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11573	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	A large proportion of our library customers do not want digital books. Young children and families love picture books and visiting the library as part of their routine which digital books cannot replace. Elderly people love visiting the library as a way of getting out the house to somewhere warm and welcoming, making contact with other humans, getting a wee chat etc. These venues are a lifeline for many people that cannot be replaced by digital content.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11574	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I'm strong opposed to closing physical libraries.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11575	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes, you should close some buildings, but not any more libraries or swimming pools.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11576	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree savings should be made. I do not agree with the suggestions. Poor survey.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11577	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Things that don't need maintenance or don't need no changes should just be left the way they are	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11578	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I think this should be prioritised and kept	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11579	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	We shouldn't be selling off our libraries, as these are a precious recourse for people in the area and we should be encouraging learning as a means of reducing mental and physical health and strain on the NHS.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11580	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Don't close library. Encourage their use more.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11581	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	By reducing library access you are again targeting the most vulnerable people in our community. The rise of gangs, shoplifting, fire raising and knife crime has risen over the years due to lack of services for these children.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11582	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are important to people digital isn't for everyone	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11583	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Yes, I agree that reducing facilities is essential to prioritize spending on key services and avoid a Council Tax rise. I strongly support these proposals: 3b (Libraries - £150k). This digital shift aligns with the 'digital first' strategy and enhances access.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11584	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are ESSENTIAL as community hubs and should not be cut back	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11585	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	A definite no to those, the people in West Lothian are furious with these suggestions already and they are not happy with the changes made already. There would be no community left if these changes were implemented. West Lothian would become soul less	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11586	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3a, 3b, 3c definitely not..... There is little leisure facilities left to close in West Lothian. Do not sell off the family silver. 3d does not make any money for the council and once again getting rid of people owned property and putting onus on charities and local community groups to finance these sites is a disgrace.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11587	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are vitally important as hubs for the elderly, lonely, young families and job seekers. They are one of the last places left where you can go for free, enjoy company and learn. You will further isolate our increasing aging community which will lead to more longer term problems. It also contradicts that West Lothian is a compassionate place to live.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11588	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I would be cautious about closing libraries or things like this.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11589	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are still important to a lot of people - especially older.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11590	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	But leave the libraries alone	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11591	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Physical libraries are so important to a lot of people. I agree with increased digital stock, but perhaps the library could host or become home to other services? Could they be merged with something else? People need somewhere warm to go to.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11592	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Reducing services such as in person library's, community centres and other council facility groups were people meet in person is going to push the mental health crisis through the roof and cost more hard and cost in the long term.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11593	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Closing and selling property is a short term gain	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11594	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	We need to maintain items and services that benefit and maintain the culture of our communities. I agree with finding efficiencies but not in removing valued and necessary services from the community.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11595	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Facilities have already been stripped to the minimum.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11596	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	These are things the council should be looking to invest and modernise rather than close down	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11597	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Facilities have already been reduced significantly.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11598	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	As before. Stop selling out WL	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11599	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	The cuts already made have a detrimental effect on the lives of people in West Lothian., particularly pensioners and children, although there is not much for young adults to do either.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11600	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Facilities have already been reduced	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11601	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Not everyone uses online especially libraries.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11602	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Please pleaseplwasestand up for the people. Say no to further cuts.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11603	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3B re both appalling ideas - arts, culture and books are the only things that will actually prevent the human race collapsing into automotons with very poor life understanding.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

11604	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	You are letting down the whole community even entertaining these ridiculous ideas.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11605	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	you have taken enough off us	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11606	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	You've already reduced facilities enough, you've removed libraries but yet keep building areas up with no thought of resident.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11607	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Armada leisure centre has been missed by all residents of the area as has bubbles. The council need to increase funding in libraries as reading is now more popular than ever and people are wanting to stop spending money on corporate companies such as Amazon and save money for other household essentials so attending libraries more often. I've visited the library more this year than I have in the last 5 years.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11608	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are essential and many people cannot access books digitally. What about young children? They say no technology for under 2s and limited technology for children? They need paper copies. So do the elderly population. I do agree that closing public toilets is a good idea for a saving.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11609	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	The are bit enough facilities has is without getting rid of more.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11610	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	There is a need for a digital library but lots of people enjoy the feel of a book, invest in reading. If the library budget was greater there would be more new borrowers, the cutbacks have resulted in libraries struggling to stay current. This is a vital service, support it fully. Libraries are more than just books and reading, they are the core of the community and vital to schools and our young people.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11611	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Already missing hugely, and libraries it is a real risk that these will go too far.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11612	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	is this all about making cuts? Involve the pensioners more in public services (ex. libraries to increase opening hours to weekends. While on the subjects who picks the books for the libraries. They are full of bad books and a million Baldacci books for no reason	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11613	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Strongly disagree. I'm also perplexed as to why you're describing libraries as a building and not a service. What are they if not a service? Much like the rest of this 'consultation' there is insufficient detail about what exactly the proposal is.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11614	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Also a digital library takes away from people who need to socialise or visit facilities to get access to books	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11615	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	There's a danger that everything will end up online... which doesn't meet the needs of all. The past few years have seen a huge increase of individuals requiring additional support for emotional / mental health and additional support needs. It's essential that support to these groups can be delivered in - person, in local communities and without charges so they are low or no - cost to individuals.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11616	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Not everyone can use or have someone to do things for them on computer like paying cash to human	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11617	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I don't recommend taking away any more facilities as you are losing the community	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11618	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b - libraries - always an easy target. Given the poor public transport system I have already referred to, then how are the poor, the socially isolated and the elderly, in particular, going to access centralised library services if they don't want a digital service but prefer some human interaction?	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11619	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Reducing services closing buildings etc. massively affects the community. Many areas in West Lothian are considered deprived so if they care about people who live here then this shouldn't be considered	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11620	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Costs aside, the public will suffer.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11621	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Cutting facilities is not the answer for a growing area.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11622	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	libraries have so much more importance to any society than can be measured in purely financial terms.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11623	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Reducing libraries further can never be a good thing. People barely even know Carmondean library exists since it was moved to partnership centre. They also don't know the services it offers and the opening times for some libraries make them unusable for many. These are vital services that actually could reduce the need for civic centre staff to support people - if you utilise the potential correctly.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11624	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Less facilities means less visitors which means less money and less interest in looking after our communities.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

11625	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	All of these services feel essential to me.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11626	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	These facilities are so beneficial to communities that it would be a shame if they were to close.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11627	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	These proposals collectively represent a damaging retreat from the provision of universal, accessible public services. They confuse cutting costs with smart governance. The relatively modest savings identified—totalling around £700, 000—pale in comparison to the significant social and economic costs that will follow: increased health inequality, deeper digital and social exclusion, the decline of town centres, and the loss of community cohesion. The council must reconsider this path. Instead of reduction, the focus should be on innovation: exploring genuine partnerships, improving	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11628	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Already cut too many services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11629	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	No	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11630	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	NO	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11631	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Closing more facilities will distance the council from the public. The general feeling is that the council doesn't do anything but take council tax and do nothing.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11632	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	keep them open	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11633	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	libraries are important parts of community better savings could be made	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11634	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	In a modern age, where things like information and public leisure are becoming harder to obtain, we as a community should not strive to undermine it. Libraries; as a public sector; offer both extensive, recorded knowledge; that cannot be edited; in the form of physical books. As well as a public space for both Schools, Council Workers, Therapists / Counsellors and Youth alike. I am someone, aged 20, who has grown up with these facilities and they have helped shape me into a more mature and intelligent person; while also providing me with access to key things like information,	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11635	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	closing of libraries is a big no no. Not everyone can access can technology sufficiently and we need leisure facilities for everyone to access especially for mental health purposes etc.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11636	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	These facilities contribute to community. Removing libraries can affect mental health, isolation and learning opportunities.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11637	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Don't you realise these services are a lifeline to people who are living on the breadline and have very little in their lives. Digital, books are definitely a part of services but the physical visit to browse and choose books still plays a large in the lives of the elderly and the disadvantaged parts of our community.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11638	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Strongly disagree. I'm also perplexed as to why you're describing libraries as a building and not a service. What are they if not a service? Much like the rest of this 'consultation' there is insufficient detail about what exactly the proposal is.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11639	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Reducing public services means there is little benefit to general west Lothian public who pay council tax.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11640	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	It is false economy to aim for alot more digital services as these are inaccessible to many elderly people, people living in poverty and people with additional needs. Therefore they are more likely to muddle along until in crisis because they are socially isolated due to lack of facilities and inability to access online / digital alternatives. Face to face contact remains very important for mental health.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11641	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	While I understand the need to reduce costs, I have concerns that further reducing facilities could make essential services less accessible, especially for those without digital access or transport. Local libraries often serve as vital community hubs that support wellbeing, learning, and social connection. Instead of closures, the Council could explore shared or multi - use spaces, increased community partnerships, and more efficient scheduling of facilities. These approaches could help reduce costs while keeping services within reach for all residents.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11642	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Why why why. You can reduce office space for council. Or condense if required. The thought of taking away services from our council, is this what you would look forward to as you come to retirement. Or how you would have liked to have grown up as a child? We need facilities, like libraries, swimming pools, etc. you should be putting money INTO these.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11643	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b As a lifelong keen reader I would be most upset to see a reduction in hardcopy reading material. Additionally we older people may not always have possession or access to digital reading devices.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11644	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	We need these facilities especially the elderly	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

11645	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	The reduction of facilities has already reached the limit.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11646	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Keep a chess to books as these are important to enhance lifestyle and good for learning not everything needs to be online as there are some who have no access to psi iPads and the digital. platform. Reading is encouraged fro a very early year, it's helps obtain better grades at school and vocabulary in general	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11647	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are absolutely essential.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11648	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Online can be difficult for a lot but also so can the travel to get to the appointment, face to face is better service and easier understand so if there was more open it would be beneficial to more of the public	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11649	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b not everyone in community is digital	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11650	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I don't really agree with reducing more local facilities. I understand the Council is under pressure to save money, but it feels like communities keep losing important places like libraries. These are things people rely on, especially older residents, families, and those without easy access to transport	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11651	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Not increasing digital as this would end up with the libraries closing	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11652	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I don't really agree with reducing more local facilities. I understand the Council is under pressure to save money, but it feels like communities keep losing important places like libraries. . These are things people rely on, especially older residents, families, and those without easy access to transport	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11653	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	How can you possibly reduce these types of services, access to libraries and community spaces is essential.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11654	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I totally disagree with removing facilities.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11655	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	libraries are a vital service. As towns and villages grow these are a great tool to integrate new residents.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11656	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Keep libraries open as there is now really nothing to do in area of west Lothian	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11657	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	closing stand alone libraries will not benefit those who cannot get to a partnership centre. Libraries are a hub of the community for elders, schoolchildren access to computers that some cannot afford at home. Perhaps increasing services available within the library such as drop in groups 50 + network etc	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11658	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Removing such services would not benefit the communities. Not everyone is online	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11659	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	The council should try and keep as many assets as it can. Generating incomes from assets should be prioritised over short terms gains from offloading assets.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11660	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	As with many questions, my answer may well lie somewhere between yes and no, but if the council genuinely wishes to support local communities i do not think that there are many more facility closures that should be contemplated. Instead I think there should be a focus on maximising income from the use of these facilities.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11661	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I do not agree with libraries being more online. Library users want to come into a library to choose a book. This is also a social issue and isolating members of the public who a lonely and on their own.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11662	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	No cuts to services especially leisure like local swimming pools.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11663	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	People need places to go to ensure quality of life and positive mental health in west lothian.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11664	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are very important for learning and help children to further their learning outside of school hours.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11665	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	If you close public toilets, you'll see men urinating in the street.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

11666	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	It's not fair for council tax payers to have local services cut.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11667	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Stop closing facilities. So many services are being lost closing more is not the answer	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11668	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Theres not much left in this town. Stripping us of the library is nothing short of despicable	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11669	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Of all, this is the one I most wary of. Remember that local government is all about people. This proposal directly affects people, their relationships, and their ways of lives (libraries etc.) and has the potential to sow discontent against WLC.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11670	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	We need local facilities	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11671	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Absolutely disagree with removing access to libraries. These should be well available, free of charge.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11672	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	On no account should physical libraries be reduced. In this current society the public library is not just about borrowing books. These physical resources, and more importantly the staff are key gateways to information and support for vulnerable groups. Digital exclusion - especially of the elderly - is a growing problem and would be made much worse by closing libraries.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11673	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries offer more services than just books, job searching, access to the internet, hearing aid batteries. Also, children don't read digital books (and really shouldn't). Taking these facilities out of specific communities and not others will create uneven development across the council.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11674	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Closing libraries would be detrimental to children, young people and adults especially in areas of deprivation which may be one the only places they can visit.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11675	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	These buildings are the key contact points in most towns although people are being forced to use digital options. This is not fair on a number of people and forcing them to travel can be costly and with limited options for public transport often leaves them unable to get the help they need. And I do understand the need for the savings but not at the cost of local residents ability to contact their service providers	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11676	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Library facilities should be maintained	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11677	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries should not be reduced any further - in a town like West Calder, this offers a lifeline in tackling social isolation. The savings from such building closure are very modest and not worth the cost in terms of social capital lost. While these sorts of measures may help to balance a short - term budget, they quickly cause costs in other areas which makes future budgeting more challenging.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11678	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Reducing funding to arts, leisure and libraries always seems to be a knee jerk reaction and should be avoided at all costs. Having these services historically has shown to be a positive force on communities in reducing youth crime, developing quality education and shows progressive attitudes enabling pride and trust in communities. We cannot rely on digital solutions for everything, physical premises for people to gather, learn, exercise and be entertained together creates much more positive outcomes for people of all ages, demographics and cultures.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11679	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	libraries and cultural facilities. that 's a disgrace. what do young people of our older people have. nothing. closing these facilities can only lead to further social isolation.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11680	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	facilities are essential	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11681	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Not everyone can get online for books and again no human interaction	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11682	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I don't agree that library's should close. They are essential to the community.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11683	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I disagree with all except closing public toilets. In instances in which losing public toilets is not an issue because other toilets facilities are easily and cheaply accessible I think it is fair to close them.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11684	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Many disabled residents rely on local facilities for accessibility, support, toilets, and safe spaces. Moving services online or reducing buildings risks excluding people who cannot always use digital services or travel far due to mobility issues or mental issues health needs. Community buildings are lifelines, not luxuries.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11685	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	reduction library facilities makes me feel terrible and sounds like a place I don't want to live.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11686	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries provide more services than simply lending books, they are a place for community, families and people who need help with the move to online services. Please do not close libraries instead please see them as a community hub that should have its services extended not reduced.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11687	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Reducing leisure space would be extremely detrimental, this has already been hit many times. Ditto libraries.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11688	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	People need public services like libraries	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11689	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	These all need to remain, the removal would lead to lower standards and poor community spirit, I would advise to promote them more to entice people to use more,	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11690	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Closing libraries nothing for kids to do.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11691	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	C would be the only option I'd agree with. Community, arts and literature are vital to a well rounded and thriving community. Lose these and humanity will feel the consequences. They should be valued and protected.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11692	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries should be kept open	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11693	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	• Do not support reducing local facilities like libraries. • These services are essential for older people, families, and those without transport. • Cuts save money short term but damage communities long term. • Government underfunding is the real issue — councils need better financial support. • Local spaces are important for community wellbeing and inclusion.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11694	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	but increasing digital library stock and reduce stand alone libraries takes away a community necessity. Though it may be a minority of the area that visit the libraries it's still an asset to areas. Book bug sessions for young children are often held in libraries, it gives parents an opportunity to have their children experience and explore libraries as well as maintain a connection with their community as well as the elderly etc whom don't use online services.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11695	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Councils need to keep their buildings and repurpose more to meet changing needs of communities. Such as more flexible use for ageing population. Libraries are huge resource and should never be reduced	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11696	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Closing libraries is a no,	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11697	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	The closure of libraries is a devastating move for the community. Groups of people, often from groups needing support and community interaction will be left isolated and neglected.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11698	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	There is already limited library services. Library usage should not rely on online facilities. Everybody spends too much time on phones, laptops etc. Too much screen time is really bad for everyone.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11699	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Closing libraries and services is scandalous. There's going to be nothing left. Getting rid of Bubbles was an absolute travesty, making it almost impossible for people without transport to reach an alternative facility. Tax the rich, scrap the undeserved bonuses for those at the top, you'll be fine.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11700	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Library provision is also at a minimum.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11701	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Services have already been reduced significantly. I don't agree with removing more libraries	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11702	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Disagree with: 3b	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11703	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I think that in West Lothian there is a lack of third spaces and our libraries are one of the few third spaces remaining. By closing the standalone libraries, you would be significantly reducing opportunities for the community to connect, as well as limiting access to a wide range of reading and research materials. This access is particularly important for children, who benefit enormously from the safe, inspiring, and inclusive environments our libraries provide.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11704	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	All of these suggestions will have a negative effect on the lives of residents, however the Council Executive don't seem to see this with the current nonsense over community centres, and preventing all of the councillors from having a say in this with only the exec having already made their mind up. Nonsense!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11705	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	If you close any more buildings there will be nothing left. You've already closed the pools and now you want to close the libraries. Again the small villages are hit hardest as all the relocations are done on bigger towns where there are no transport links for people to get there.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11706	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Safe free spaces to make use of are rare in the world we live in today. Libraries offer a vital service to the local communities they serve and removal means limiting access. Digital resources are not popular among lots of groups and access to them requires access to technology and removes a local facility forcing travel costs or limiting access which goes against the council equity ethos. Providing a warm welcoming place where you can be for the day with no demands, where you can access a wide range of services and resources is important, should be valued. Digital resources are not	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11707	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are not just about digital access only, everyone should be able to use them not the computer literate.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

11708	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b "... reduce the number of stand alone library facilities. "No, absolutely not. Libraries are way more than bookshelves. Leave them alone.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11709	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Council buildings such as libraries and community centres are places for most children to go to for clubs during the week or weekend which aid their holistic development. My son has a Lego club every Saturday at the lantern and looks forward to it every week. If he found out it was cancelled due to the building closing, it would send him into a spiral as these things are part of his routine	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11710	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	do not closed library as people need and young people need them to for people who can not ford books	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11711	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Reduce the number of stand alone library facilities. Don't you dare. They are SO important from a cultural and social standpoint.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11712	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	How much more can be done? This process has been on - going and people rely on spaces beyond the function of just getting a book	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11713	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I totally disagree with digitalising libraries - too many day to day elements are online now and it is vital for children to still have the chance to read actual books.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11714	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	some people cannot use digital services. Some people don't have access to their own computer / internet etc	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11715	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	of library services.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11716	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Not everyone can or wants to travel or rely on online services, and pushing "digital first" only widens the gap between those who can access help and those who can't.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11717	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Community centres and libraries are a lifeline for elderly people who may feel isolated and for low income families who may not have the means to download books or need a safe place their children to play.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11718	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Closing libraries? You would be as well burning books. Everyone should have entitlement to go to a library and read books!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11719	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	You should not do any of those things the reason we have a mental health crisis is because culture arts and libraries shut down. Just stop it!!!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11720	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	It's not fair for council tax payers to have local services cut.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11721	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries and arts are crucial and should be valued. Closing then shows that the council do not value these.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11722	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	No — cutting facilities isn't a solution, it's another way of removing access and support from local people. West Lothian communities already face reduced visibility from departments, fewer on - the - ground staff, and slow response times. Closing toilets, libraries, or community buildings only makes life harder for residents who rely on them — especially older people, families, and those without easy transport. The problem isn't that we have too many facilities; it's that the Council isn't maintaining them properly. If buildings are underused, the answer should be to revitalise them, not shut them down. We need more local presence and accountability — not less. Cutting back physical spaces only deepens the disconnect between the Council and the communities it serves.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11723	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries should NOT be the subject of cost cutting. They still provide support and refuge for adults and children, for whom, they are the only source of books. Partnership Centres need to be better promoted and supported (Carmondean library closes at lunchtime on a Saturday!)	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11724	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	People who don't have computers need the library for access to universal credit etc People can access services and space for their support. These buildings are few but necessary. Not everyone is comfortable on machines and computers many folks will be ignored and left behind.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11725	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are important in the development of children's reading skills. As an adult I still enjoy going to the library to get a book.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11726	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	People need places to go such as swimming, libraries etc to help with their mental health. If these were reduced further, Council would then be spending on care packages, social workers etc to help deal with the rise in those seeking assistance with their mental health.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11727	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Public libraries in the local areas were a hub for a lot of elderly people and lone individuals to go. They could read the local papers; see familiar faces and the buildings were central in the community. Now that libraries are based within Partnership Centres people have to rely on public transport to get to them.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

11728	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b. The existence of libraries is not publicised. The council should not be paying for people to read books online.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11729	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I dont agree because its absolutely ridiculous the amount of stuff yous have sold of, I cant even go to a local swimming pool now with my children I ve got to get buses to different towns and also the bus service is Broxburn is absolutely shocking and just in general the services in general are shocking now.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11730	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	No	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11731	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Online Library should not supersede paper books, this is a popular service. Though asking for an annual fee of say £5 per head for a library card would provide funding.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11732	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	It is vital that funding is prioritised for the services that local residents rely on every day — including local facilities such as libraries that offer Employment and Business Support. These services strengthen our communities, prevent isolation, and reduce future costs by maintaining wellbeing and safety.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11733	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are too important to close, they are a lifeline for many. Please don't close them!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11734	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Absolutely not. Libraries are key features in communities and not everyone lives in a digital world.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11735	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	While I understand the Council's aim to improve efficiency and reduce costs, I do not agree with most of the proposed measures in this section 3b	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11736	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I do not agree with closing down libraries as I believe that most people implement this in their routine and especially for the younger generation it would be horrible if they would have to switch to online library section.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11737	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Reducing these facilities will save very little money in the scheme of things and will reduce quality of life for many residents e. g. libraries are not just used for books. I would counsel against removing these services because once removed they will not be replaced.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11738	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	The Howden centre and the libraries are great assets and should be the last to go.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11739	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	No idea but physical libraries are vital. Please do not cut any more...	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11740	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I can't get a book online or on a kindle. I don't even have a phone. I only get out twice a week.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11741	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are not just about books but a place for people to go and socialise. Librarians may be only person an elderly sees each week! Community wing only place that even delivers clubs for kids / adults in Boghall. Do your best to save this resource.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11742	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	There has already been so many reductions of important services not other services like libraries	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11743	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	No to 3b	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11744	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I have no suggestion or alternatives but my reason for saying no is that already I have to leave west lothian to use an accessible pool. I am worried that online library and other things may lead to social isolation as I see friends at these places	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11745	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Keep the libraries, as digital book loans don't work, it takes months to get a book, and then there are very little interesting books. More digital magazines would be good.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11746	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	b Moving away from physical books to digital is fine in sections of large libraries for students and older adults but we are already suffering from young children not being able to read and our age group don't read enough - Taking away proper library services is wrong, we need more book clubs, and older people like to socialise in libraries. Partnership centres are not the same as proper libraries.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11747	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are the hub of some communities especially in deprived areas. This is sometimes the only places that they have to go for heat, company etc. This is the case for both children and adults. With the lack of places for children and teens to go, removing libraries etc would be a big loss to communities.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11748	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries need more investment, not less. We're at risk of having young generations who are addicted to technology and cannot read physical media and miss out on the community aspect of going to your local library. Some things are more important than money. Please find another way.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11749	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Do not cut the number of libraries. Maybe reduce the opening hours. These facilities are vital for a community	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11750	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Not everyone has internet. Older people like to have a person to talk / chat too, places to sit and read in peace. Libraries where given to the normal / poor underprivileged, by one man with the idea of helping the unfortunate, you can not take that away	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11751	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	There is extensive peer - reviewed global research to support protecting physical libraries, not getting rid of them.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11752	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I know a lot of people who use libraries and would miss the services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11753	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	People need to be able to access public buildings and not always online	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11754	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I don't think this is a good idea, we need paper books.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11755	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I think that all the facilities are useful like the library. I think they also bring the community together	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11756	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b DO NOT close libraries which are a key community space for innumerable reasons.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11757	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Strongly disagree with closing libraries . They are essential for social, health and wellbeing in the local community and should not be viewed as a profit making asset. Closing them would disproportionately target the most vulnerable members of the community, the elderly and children and those less able to travel.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11758	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I agree that some of these savings may be possible but nothing can replace a library in a community where people can meet face to face.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11759	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	the elderly are expected to increase so reducing library access will have a greater impact on a large section of the community. Many elderly use libraries as a way of engaging with others and CIS staff are available to assist with online facilities which is a problem for this group.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11760	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Physical libraries are essential, should be protected and enhanced.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11761	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Don't agree with 3b at all - digital downloads are no substitution for a room full of books. Visiting a library is important for children as it cuts down on screen time. Important for their mental health. They provide an alternative to bingo for elderly people in some villages where there is nothing else of a cultural or educational nature.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11762	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are extremely important, particularly in encouraging young children to read so I would hesitate to bring in restrictions to library services.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11763	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b I feel that libraries (stand alone or in partnership centres) should remain open wherever possible. They provide centres of socialising, warmth and digital access as well as reading.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11764	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Do not agree with closure of facilities. These are essential for the community.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11765	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Books are important for our kids and need to be protected.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11766	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I think we should keep libraries	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11767	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Look at value. Keep libraries as they are locations for other community activities	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11768	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Don't close our library - some of us are not good with technology	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11769	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	What are we paying taxes for if all the facilities we use are being closed or removed	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

11770	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	No but this has already ben cut back and have lost many	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11771	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Enough services have already ceased to the detriment of local residents.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11772	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Facilities should not be removed as these serve a great amount of service to people in everyday life.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11773	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	We need these services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11774	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Key facilities are key for a reason. They should be kept at all costs where possible	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11775	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Not all of the elderly like a digital book, most like to go and borrow the book and have interaction with people, could be the only person they speak to you all day.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11776	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Benefit from attending a library and their services.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11777	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	There is barely any facilities left in West Lothian and community amd accessibility to groups is absolutely vital to community and individual wellbeing	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11778	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	These services are vital to the most vulnerable. Risk having a cultural desert especially in certain areas outside of Livingston	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11779	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	No idea, but by closing facilities you increase loneliness and isolation, remove safe places for people to go, remove public facilities particularly for disabled people. Where are young people meant to go, if we want them off of social media?	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11780	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	libraries etc are a lifeline to elderly people who may feel isolated and to families on low incomes who can't afford to have days out	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11781	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	The closure of basic council infrastructure is not sensible or viable and reduces the availability of cost effective spaces in communities.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11782	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Infrastructure savings are short term. Buildings are costly to demolish and wasteful to lay empty. They are extremely costly to replace later if a poor decision is taken now without adequate consideration of future needs.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11783	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	The council should be increasing investment and opportunities for communities / young people / recreation	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11784	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Reducing the stock library also isolates those that are unable to afford electronic devices to read on.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11785	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Closing libraries is a terrible idea also	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11786	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	The elderly rely totally on the libraries they don't all have the technology avail to go digital. Some support would be needed.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11787	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Key services are already on their knees, I fail to see what else could be cut!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11788	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	While I agree that increasing digital access within libraries is helpful getting rid of libraries is a bad move these facilities are important to local communities and are a vital means of support for many people	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11789	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Repurpose the buildings but the facilities are needed	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11790	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	There is already a lack of public services and I think by reducing these further it doesn't make West Lothian an attractive place to live. There is already a difficulty in accessing services due to the geography of West Lothian.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11791	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Public facilities facilitate a community. Take these away and communities will feel the impact. Social events and provisions for communities create inclusion.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11792	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Cutting facilities would make the areas less desirable and in turn result in reduced income in time for the council.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11793	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	These are community services that have already been substantially cut. No to taking away further	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11794	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Losing council facilities? Nobody wants that. There's barely any council facilities as it is!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11795	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	People rely on those services!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11796	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Closing down these services are easy but there could be people who use it. As long as there are people who uses the facility, we should not close it.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11797	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I believe reducing number of facilities would be detrimental to people of West Lothian and decrease community interaction and safe places for young people to be together	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11798	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	libraries are a vital service. As towns and villages grow these are a great tool to integrate new residents.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11799	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	The council should try and keep as many assets as it can. Generating incomes from assets should be prioritised over short terms gains from offloading assets.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11800	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries should not be closed as there are many children who don't have access to books. look at using the library for different groups to bring in income.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11801	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	These services should remain but they should be charged for. Libraries should have fees	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11802	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	no to: 3b	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
11803	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Could allocate space in partnership centre or other public buildings for book swaps or introduce a mobile service once a week to replace, provided its cost effective	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
11804	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	No	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
11805	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	No	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
11806	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	No	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
11807	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	no	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
11808	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	No	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
11809	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	No	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
11810	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Not sure	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
11811	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Reducing buildings / WLC properties is probably one of the better ways to save money as less properties is less maintenance & compliance costs. But consultation with public should happen first where it affects them - such as Libraries - not fair on those who are digitally challenged in some way (access or use of technology & internet.	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11812	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Do people even know where their nearest library is and could this be incorporated into another facility.	Corporate Policy and Resources	4. The council is already doing this.
11813	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Close all local libraries and concentrate on a few large central ones. Establish a Council e - reader lending scheme instead.	Corporate Policy and Resources	4. The council is already doing this.
11814	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries can be used a hub for other activities or for groups to meet up which can generate income.	Corporate Policy and Resources	4. The council is already doing this.
11815	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries can be used a hub for other activities / groups to meet up which can generate income.	Corporate Policy and Resources	4. The council is already doing this.
11816	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I have put no but I understand the need to reduce costs and make better use of buildings, but this must be done in a way that protects local access. Many people, particularly older residents or those without digital access, still rely on physical spaces like libraries. The Council should explore shared - use models and community ownership before deciding to close any facilities outright.	Corporate Policy and Resources	4. The council is already doing this.
11817	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	As an employee I believe libraries should not be open till 8pm - libraries should operate until 6pm only as there is not enough footfall during late hours hence no use in having buildings open that late for the sake of a couple of customers. Closing at 6pm still gives people time after work hours, and then also Saturday is available too	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11818	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Bring back mobile library services to reach rural areas. Close libraries that are not being utilised by the public.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11819	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Apply a small monthly charge on library services.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11820	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Introduce library overdue fees,	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11821	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	There are already very few council services like this in the area. Perhaps consider reducing opening / operating times rather than full closure?	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11822	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	This is false economy. We need places for all ages to go and enjoy, learn and expand their minds. Libraries continue to be important learning hubs, meeting spaces and provide warm places for those in need. I agree that fewer books might be taken out and perhaps it's an area to reduce spend to a degree, but let's look at what libraries could do. In some cities around the world libraries loan tools, board games, have 3D printers as part of their provision. Some of these can be 'premium' services so that some costs are recouped. But please invest in libraries so that they remain a benefit to the community, evolving to meet the needs of the current era.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
11823	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Pay a small amount for the privilege of reading books from the library apart from children's books.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
11824	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I think you should close libraries and move to mobile libraries which run after school and on weekends (and during school holiday). Save money on costs of running premises and encourage children to fall in love with reading again. You simply can't beat a physical book. At bedtime, we would never read or let our child read from a screen, so this is not viable. We are trying to reduce screen time as parents, not increase it. Increase community libraries (look at Belsquary voluntary library as an example).	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
11825	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I would suggest a library van for the elderly as they can't access internet	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
11826	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Strategic Reallocation of Funds: The core argument is compelling: it allows the council to "spend money on maintaining services, rather than maintaining buildings. "Buildings come with significant, recurring costs for maintenance, utilities, insurance, and security. In a time of severe budget constraints, every pound spent on an underutilised building is a pound not spent on teachers, social workers, or road repairs. This is a strategic choice to prioritise people and services over bricks and mortar. Aligning with Changing Customer Habits: This strategy directly supports the "Digital First" approach outlined in section 1. As more library services are accessed online (point 3b), the need for large, standalone physical libraries diminishes. Consolidating services into multi - purpose "Partnership Centres" is a more efficient model that meets residents where they are, both digitally and physically.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11827	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Stop buying new library facilities and look at who actually uses them. Older people! Look at how you tailor that service to meet their needs. It's a lifeline for so many. Maybe a book bus? Small book clubs.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11828	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b - Idea - cut back some libraries have a library van instead but keep internet access so people can apply for work.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11829	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Have a central library for West Lothian and close the rest. I think a central library is important to host the regions archives and important historical documents.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11830	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	B and C definitely would be a benefit. But closing libraries should not happen if anything advertising the purpose would generate great use. I work with children in both primary and secondary who did not know they could borrow books for free!!	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

11831	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	The increased use of 'book share' facilities could be considered in Council facilities to give the public access to book swaps	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11832	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Please do not consider moving everything On - line - not everyone has access to IT / is computer literate or is able to use because of disability etc - paper is sometimes best. and depends on power being available at all times	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11833	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b - Consider joint 'active wellbeing hubs 'combining sport, library and community use in one location rather than multiple partial facilities.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11834	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Let's replace physical library with digital except bookbug clubs for kids that would be a stupid move to cancel Let's not cancel any more xcites - people need to move their bodies	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11835	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Could there be pop - up libraries. Charities with a shop front office would I'm sure offer this facility and maybe other council buildings could - or encourage more bring a book - take another	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11836	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	More use of local library for in house yoga,, exercise meet up and such	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11837	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Also utilising Council Building libraries more is also a good idea as well as enhancing online library services.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11838	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are key places for many groups in the community but hours could be looked at.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11839	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Keep busy local libraries and halls; decide by verified footfall, cost per visit, and travel - time impact. Grow e - books, but keep physical stock and staffed hours for children, older people and the digitally excluded	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11840	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries are outdated E Books are the way to go, subscription fees	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11841	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries could be repurposed as hubs for community groups and activities, creating new income streams.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11842	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	3b - Online is good. Some prefer books and a person serving in a library. Cut only £25, 000	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11843	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	If you are closing libraries, why not close the ones that don't really get used and introducing a mobile library. Or like in some places in Glasgow have all leisure facilities together e. g libraries, gym all in one building. There is a library in black ridge that has about 30 books go out a month, surely it would be better to close this library and rent out the space?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11844	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries only opening on set days so staff can be shared.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11845	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Digital books in libraries is a good idea - make a small charge to borrow the books.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11846	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Physical library spaces are important community hubs if managed correctly. Becoming purely digital does not seem to save enough money that it would warrant this change. Perhaps working smarter would result in useful savings. For example, in Falkirk Council, there are centralised class sets of books available for schools to borrow. This would reduce individual school spend and would mean that budgets could be reduced there.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11847	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I believe that adding more demanded books in a digital format is a good idea, however maybe you should reconsider the library memberships so that maybe you pay like £3 to £5 a year or ever x amount of months. With the exception of kids and maybe also the elderly. This could benefit in the sense of making sure books are able to be maintained.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11848	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Encourage user of libraries. put more funding into projects, have local authors give evening presentations (most would do this for free for the exposure) make libraries a place of community spirit, not something to be used online and removing the whole purpose of it, looking for tutors willing to give their time for children 's workshops to help where they may be failing at school, bring the education level up for the next generation.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
11849	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Blackburn library / council staff has to many staff members, they are usually sitting talking to each other but you can never get an app. I actually overheard a male council staff say he loves to work in Blackburn as its easy & you mostly do nothing.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11850	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	no	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11851	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Cut the funding on libraries	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

11852	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Book share.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11853	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Look at opening hours of venues - there are various libraries, for example, with late night opening which seems unnecessary. Linlithgow library opens until 7pm 2 nights a week with very few or even no customers. I'd be interested to know how many customers use Bathgate library every night until 8pm?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11854	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Although books in a library is precious more and more people are turning to other ways of getting access to books and information - big buildings in place for old books	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11855	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Reducing public services will just annoy your communities.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11856	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Council buildings and Community / Partnership centres are essential components of our communities	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11857	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I live within view of a pile of rubble that used to be our fantastic community centre.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11858	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Libraries should remain important - he says but realises his passion is buying books, but not all can afford this ever increasing past time	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
11859	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Falkirk Council offer a much more substantial digital library offering via the Press Reader app (where quality non - fiction resources such as The Guardian, The Times, TIME Magazine and The Economist can be accessed for free). This is an ESSENTIAL service that is vital for the raising attainment and literacy standards agenda across WLC and Scotland (particularly for students living in the most deprived areas).	Corporate Policy and Resources	9. The respondent made a comment on the survey question
11860	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	this I am torn with as one side says no our elderly and young need these services. One being the elderly who cannot use the internet and the young who really need stuff to do to keep them of the streets but yes to focus on things which may deem more important.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
11861	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	Savings implemented are doable?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
11862	Theme 3- Reducing the Number of Council Facilities	3b - Increasing our digital library stock to meet the increasing demand for online library services, enhancing the library services available at our Partnership Centres and reduce the number of stand alone library facilities.	I would like to see more details on the footfall in the stand alone libraries as these could be beneficial in rural areas.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
11863	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	no, I think you should work on making the facilities more profitable for continous income, do research to find out what facilities and services are needed in each area and go from there	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11864	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	toilets yes,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11865	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree with closing automated toilets where other public toilets are available PROVIDED that they are signposted.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11866	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Remove the toilets - they are a haven for addicts and are not safe for the public use Do not reduce leisure facilities	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11867	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I'd be happy for external automated toilets to be removed as there is alternatives	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11868	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	agree with removal of public toilets and some other things like libraries but hearts must be kept in communities or how do people connect and not become isolated	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11869	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	In Bathgate and Livingston we use the toilets available to our needs, so I do agree fewer toilets can be taken away as the toilets you have are more than enough, shops should have toilets, they make enough money to put a even one toilet for use for customers.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11870	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	From those suggested I would only support the closure of toilets. Community and arts venues are needed to support growing communities	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11871	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with all but the first one, culture and leisure are important third places for people, losing these could impact peoples mental and physical health causing costs in other areas to increase.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11872	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are certainly not needed anymore.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

11873	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing the toilets us a great idea as they continually get vandalised costing more money to fix	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11874	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11875	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Invest in more community spaces then no need for public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11876	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree with closing public toilets. They are not needed.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11877	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Only reduce the number of facilities if they are not well used	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11878	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Don't agree with closing any further leisure facilities but closing the automated toilets is a good potential saving	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11879	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	There's nothing for people, especially young people to do around West Lothian. The closure of the swimming pools has had an impact on budget friendly activities to do with children and young people. The parks are poorly maintained and the grass verges around roads look terrible most of the time. I don't think people will miss the public toilets and I agree the community take over is a good idea although I think West Lothian would benefit greatly if there could be workshops offered to educate people on community services so they can step up to deliver these successfully and effectively.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11880	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close the automated toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11881	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree with the closure of public toilets in areas where there are other toilets available to the public	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11882	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I think as long as there is alternatives then this is fine.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11883	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing public toilets wouldn't have a huge impact on people	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11884	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close the automated public toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11885	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11886	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes but the provision of public toilets is an important issue introduce more working from home to reduce building capacity or rent out the excess space to generate income	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11887	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No objection to closing public toilets as long as there are places for people to go in that area.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11888	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	agree with closing the toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11889	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Shocked at the cost of automated public toilet facilities and think this should be an immediate saving made	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11890	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close the public toilets as there are options available at partnership centres.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11891	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	get rid of automatic toilets never seen them used	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11892	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	closing the four automated toilets should not even be negotiated - get the closed and save the money. Alternative toilets are available close by.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
11893	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I would support closing automated toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11894	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Worth reducing if not the demand and other facilities are already available.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11895	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing of toilets I agree with as long as there are other accessible solutions within the identified areas.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11896	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Happy with suggestions but need to make the public aware of the alternatives available, especially public toilets etc.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11897	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close the toilets, on occasion when using these they have been unclean.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11898	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Cut automated loos! Signage of facilities elsewhere can be better advertised	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11899	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	To be honest I think there are to many in all the areas you are considering to reduce. I seldom use them as a lot off people live near shopping centres there are shops with toilets so people don't need the outside toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11900	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I dont see the need for public toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11901	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Reducing facilities like public toilets is a small saving but selling the buildings land they are situated on would raise more. These however are one time fixes.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11902	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close all unnecessary toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11903	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with the toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11904	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Toilets yes close them	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11905	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No need for public outside toilets if there are facilities	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11906	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	close toilets. 100 % agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11907	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close toilets that are underused. Close all underused facilities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11908	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	We don't need dirty public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11909	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are needed however plenty shops near by it's a small town.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11910	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets in broxburn absolutely disgusting. Should be removed, if you need to use the toilet you can use aidi / lidl or if an emergency if you must you can pop into some shops or puts and ask politely if you may use the facilities	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11911	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Get rid of those toilets, no need.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11912	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	In theory but only saving agree with suggested is the toilet	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11913	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c - Agree reduce or cut this as we can use public buildings or charge.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

11914	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes to 3c	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11915	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing the toilets is a great saving.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11916	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	close public toilets. Nonsense to even consider keeping these open	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11917	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	shut toilets. Not a council service	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11918	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing public toilets as most places now have toilets and I can't imagine they are used that often anyway. I would oppose closing toilets at beecrags and almondeil county park though as there aren't any other toilets around that people could use.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11919	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The closure of the public toilets should go ahead. Signposting to the closest partnership centre would be important.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11920	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	remove stand alone toilets and use facilities with council buildings.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11921	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Toilets only to be closed if others available	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11922	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree with all those suggestions, providing SOME library / council access is available for members of the community - especially elderly - who do not have access to online services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11923	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11924	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree in principle but not to the detriment of the public / community.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11925	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Places like public toilets should be shut and the money should be used for places like children's clubs and libraries etc. There are not enough public places like that open and if they are they are already very poorly funded.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11926	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	These are all good suggestions. You will find that a small percentage of council tax payers enjoy these, but we all have to pay for them	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11927	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	B and C definitely would be a benefit.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11928	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I completely agree with the toilet facilities, especially when there are alternatives offered elsewhere.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11929	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes and no. A further reduction in leisure centres would be detrimental to the community However a reduction in other facilities would be more suitable	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11930	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing the public toilets for sure. As long as others are available nearby.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11931	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes closing toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11932	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Ensure this is only on non - essential and low uptake services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11933	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No need for public toilets but only if access is accepted within surrounding establishment's	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11934	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

11935	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I think if savings have to be made then you have to do what needs done if this helps essential services remain	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11936	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	All the suggestions are possible	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11937	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree public toilets in this day and age should be closed.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11938	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c - Yes.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11939	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	get rid of the public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11940	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c. Should definitely be considered. Especially as most public toilets are used for other reasons and left in a mess	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11941	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I think the closing of the toilet facilities is a good decision as there are alternatives but we do not want to discourage people coming to West Lothian.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11942	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c - strongly agree,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11943	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	If they are not being used then yes this makes sense.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11944	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	If they don't interfere with any of the workforce	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11945	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with closing the toilets where there are others nearby.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11946	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes I agree to close the toilet facilities	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11947	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree to reduce buildings	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11948	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	If buildings or facilities are of no use or value for money, and are not providing any useful service or function, then yes.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11949	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree get rid of the APC 's. Complete waste of money	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11950	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Look at closing public automated toilets but make sure public still have toilets to access.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11951	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	close the automated public toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11952	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Get rid of public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11953	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Remove all public toilets - supermarkets have toilets and there are plenty of them around West Lothian.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11954	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	* agree shut toilets. Advertise that can use toilets in.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11955	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Shutting toilets yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

11956	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Automated toilets should go but make it known that toilets in council buildings are able to be used. I was unaware of this and I work in a school. I have not stopped workers using our toilets but didn't know that the public could use them.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11957	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close automated toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11958	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	£160, 000 for 4 toilets??? Close them.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11959	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Please close the toilets - I have used one of them and it was filthy. Huge amount for dirty toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11960	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No need for public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11961	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	With the exception of libraries.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11962	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Joint working with other agencies - who even uses or expects public toilets these days	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11963	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with public toilet closures I did not even know there are some and I always use cafe toilet or partnership centre toilets The only public toilet I'd keep is in the Beecraigs park they are awesome	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11964	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Do you have data on how often people use those toilets? I feel like if people barely use them then yeah, get rid of them.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11965	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I only agree with this to an extent, the bathrooms can be closed provided there is a close option like the partnership center	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11966	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree with 3c	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11967	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Regarding public toilets, I personally haven't used the automated ones, so their closure may not have a major impact—provided alternative facilities are clearly available and accessible.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11968	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	close the toilets no one uses them	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11969	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	close public toilets were others available	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11970	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	close public toilets where others available	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11971	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing the remaining public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11972	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing the remaining public toilets would be a good idea, there are usually other places open especially at weekends where people can go.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11973	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Get shot of those automated toilets. Total waste of money.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11974	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I don't know where the toilets are so I think they should go.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11975	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c - close the APC's, plenty of alternatives	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11976	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close public toilets where other facilities are available Community places should be more self efficient	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

11977	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11978	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree with closing public toilets where other facilities are available	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11979	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	close toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11980	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I suport 3a - 3d all points to reduce cost	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11981	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with closing public toilets when we have access to partnership centres in those areas. Costs should be considered for removal but this often comes with hidden costs	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11982	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes to all of these proposals - we need to reduce underused buildings.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11983	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	These are nice to haves and when money is tight. Need to be reduced.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11984	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets get rid	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11985	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	As long as there are alternative, easily accessible facilities available especially in terms of public toilets in the towns / villages	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11986	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes but a no to A review of leisure, arts and cultural facilities. Leisure centres already cost more than private gyms such as PURE GYM	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11987	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with council proposals.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11988	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with closing the public toilets only	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11989	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing yhe remaining public toilets would be a benefit to areas.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11990	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	With the sheer amount of shops / cafes in the area, I believe the need for toilets is no longer there. Off the back of that, making sure that people are aware of the toilets available to them.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11991	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets in West Lothian towns are not necessary especially as you say due to partnership centres	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11992	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	If public toilets are closed manage and publicise access to facilities in public and commercial premises	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11993	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets would be the most suitable cut here.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11994	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets should be closed. Shoppers use store toilets or almondvale.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
11995	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Get rid of public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

The respondent advised that they agree with the proposal.
12003	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Automated toilet facilities are rarely used and an expense not required.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12004	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	we do not need public toilets as most towns are well resourced with Supermarket toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12005	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close public toilets if there are other council facilities available.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12006	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing automated public toilets where alternative toilet facilities are available at Partnership Centres.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12007	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close public toilets, where alternative toilet facilities are available.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12008	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close the public toilets if other council options are available.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12009	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I think removal of public toilets would be a good saving but to keep toilets within the shopping centre, restaurants etc.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12010	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close Public toilets that are a burden on the public purse.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12011	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close the toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12012	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I feel that closing the public toilets would be a beneficial way in saving money, but not ones that are in the Livingston shopping centre and various buildings.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12013	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Definitely close public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12014	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Remove all public toilets - supermarkets have toilets and there are plenty of them around West Lothian.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12015	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree with everything here.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12016	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes, get rid of public toilets,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12017	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	things like public toilets where there are other facilities nearby seem like a waste.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12018	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close the automated toilets - that is a no - brainer. Look at the savings!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

12019	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	We could certainly take away the public toilets, the public can use the partnership facilities	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12020	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I'd shut the toilets, waste of time and money	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12021	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are an expense that the council could do without. Additional use of town centre council offices. Library, baby & toddler groups etc. Resident 's of WLC council deserve a town leisure facility which can be accessed day, night, weekends and at a reduced cost.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12022	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	shut public toilets!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12023	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12024	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Happy to remove the toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12025	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree to closing toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12026	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	This is reducing costs very good proceed	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12027	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree with closing the public toilets if the partnership toilets are open to the public	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12028	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes to all of the above. If some, very small but vocal, sections of the community are still banging on about community centers 3d offers the simple answer. Get on with implementing your decision.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12029	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Shut public toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12030	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes it makes sense se to closed the public toilets in the 4 remaining areas.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12031	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3b and 3c sound like good ideas.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12032	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I think 3c seem reasonable.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12033	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Very few people like to use public toilets, provided partnership or other community facilities are still accessible I'd be inclined to remote the individual public pods.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12034	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Automated toilets are expensive and are not required.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12035	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Get rid of public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12036	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree with closing public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12037	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	But cutting down on out public facilities ie toilets these could be cut	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12038	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing public toilets is an area that should be considered but the cost needs to reviewed as it can often cost more to close or maintain when not in use.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12039	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	dont think the toilets are used that much now	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

Yes to all these proposals.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12046	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with all of these as possible sources of savings. Burgh Halls is a white elephant which has morphed from a gallery to a wedding venue - WLC should not be in the wedding business - stop it now!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12047	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No need for public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12048	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Cause the public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12049	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close the public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12050	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are not required and only generate spending on vandalism.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12051	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	agree with the public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12052	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The facilities mentioned are not well used so this would be a good way to save money.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12053	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	definitely close the toilets, these are not needed.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12054	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c - Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12055	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes to closing toilets as long as there are suitable alternative toilets available nearby. Yes to community asset transfer if community groups want to and the building would close otherwise.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12056	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I feel that the closure of public toilets is acceptable as long as the ones remain in Livingston shopping centre etc	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12057	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Definitely close the public toilets, they are not used	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12058	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	We don't need public toilets any way I can just go at Sainsbury's if I really need to	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12059	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	close toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12060	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Toilets closed are a good idea providing there are alternative places	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

12061	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Remove the toilets that aren't being used	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12062	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes to: 3c	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12063	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Council could reduce money by taking away public toilets because young people like teenagers who are a bit silly can put stuff down the toilet and it costs more to the council to fix the pipework	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12064	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Do not close day services automated toilets should go if alternative available	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12065	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	yes 3, c,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12066	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Use toilets in shops or cafes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12067	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	all of the above	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12068	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c as long as reasonably close by facilities available.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12069	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12070	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close the toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12071	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes to all of the above, especially the closure of the toilets. Most people use cafes in towns these days, so can use the toilets there. And yes to reducing the number of council buildings as long as the activities they currently provide can still be provided in the smaller number of buildings.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12072	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree the council should move to close the automated toilets,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12073	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	It does seem unnecessary to duplicate toilet provision, but those in partnership centers must be clearly signposted.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12074	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close the public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12075	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Get rid of toilets. - can use partnership centres	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12076	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Digital books and getting rid of toilets fine.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12077	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Toilets can go	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12078	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with all these.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12079	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c - 160 cut this as it is not fair / equal not in all places.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12080	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing public toilets is a fine idea if alternative facilities exist in shops etc.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12081	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises. Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12087	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12088	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12089	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12090	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12091	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with the closing of unnecessary public toilets if there are other facilities nearby.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12092	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	good idea for public toilets to be closed when near partnership centres.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12093	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises. (Saving approximately £160, 000).	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12094	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close public toilets don't need them due to junkies.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12095	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close the public toilets - the automated ones.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12096	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes, all these examples should be explored.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12097	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I can honestly say I have never used an automated public toilet in west lothian in my life. Definitely get rid of these.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12098	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes public toilets should be withdrawn if other facilities nearby	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12099	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c defo no one uses them, they are horrible.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12100	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	close automated toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12101	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	close the toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12102	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	yes shut the reaming public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

12103	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No issue with closing remaining public toilets as long as there are other options in the area	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12104	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Toilets not an essential requirement as long as people are not denied access to toilets within council buildings	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12105	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public automated toilets are no longer a necessity with so many local supermarkets / petrol stations etc having toilet facilities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12106	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I think it seems sensible about the toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12107	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	definitely close the remaining toilets as long as there are clear directions for nearest toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12108	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes, worth exploring all these ideas for saving. I particularly agree with asset transfer - libraries, Burgh Halls etc.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12109	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with the closure of public toilets as long as there is sufficient availability of private premises that people can use in an emergency.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12110	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with all these examples. I can't believe that some politicians are proposing taking on £90m debt over 25 years to build a new school figures show you don't need. Is this not utter lunacy?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12111	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I think that public toilets can defo be shut.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12112	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	All but 3a	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12113	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	the toilets - yes, they get vandalised, I wouldn't use it with my kids, especially with the youths going in on a night.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12114	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	All seem sensible	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12115	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing facilities is fine so long as it is clearly signposted where people should go instead (for example, closing a public toilet and directing the public elsewhere, preferably not too far away)	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12116	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Happy with the recommended suggestions.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12117	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree with all.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12118	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	agree with the toilets not the others	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12119	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing toilets where there are alternative ones to use appears sensible.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12120	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c is a good idea, don't think they get used as much.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12121	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Remove the toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12122	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Can get rid of toilets as you can use partnership centres.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12123	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes closing the toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

12125	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Makes sense to close public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12126	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets close them all apart from in shopping centres	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12127	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Answered yes but only in certain areas. Identify priority areas and focus on delivering them well. Education and sport should be top priority areas	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12128	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c - Four remaining automated Toilets - yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12129	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Some things outdated	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12130	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with all in 3c	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12131	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Take away the public toilet away too their is some shops that have them.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12132	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Understandable and disappointing for some communities when buildings close. However rationale is clear and better to protect services. Property costs also tend to be more unavoidable for risk / health & safety reasons. Similar to previous, where subsidies are in place (such as cheap / free use of premises) there should be clear cost / benefit analysis.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12133	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	As for the toilets who uses them they are not in convenient spaces. Not suitable for disabled.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12134	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12135	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Where appropriate their should be a reduction but if money could be made from the facilities even better	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12136	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The automated toilet facilities as stated in the consultation should be closed	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12137	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are not necessary needed if people are able to use cafes and anything available at the center	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12138	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	As long as key services are not affected, health and wellbeing, community spaces and it is, like stated on the previous page things like automated toilets then yes.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12139	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No one uses the public toilet, wouldn't want to use it anyway.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12140	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	If toilet facilities are reduced then promotion of alternatives i. e. signage outside Partnership Centres is required.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12141	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Provided it is proven that they are of no further use.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12142	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Only if the services are not being utilised.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12143	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Unless the facility can prove it is necessary for the community and is used to its fullest then it could be closed or the community pay for it	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12144	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	If not getting used then should be reduced	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

12145	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes to all.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12146	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	It's fine if there's a need for them	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12147	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agreed	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12148	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	under used or expensive to run should be closed and sold or demolished	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12149	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree a lot of facilities are not being used to the capacity that they should be and when losing money on them it is not ideal to keep them open.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12150	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Apart from 3a	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12151	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Show communities 'where facilities are being under used. A clear message of 'use it or lose it'	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12152	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Facilities are in poor state of repair and offer very little	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12153	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	100 % close the toilets, completely unnecessary.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12154	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Look at closing public automated toilets but make sure public still have toilets to access.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12155	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilet closures - only if viable alternatives are available.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12156	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes, I agree that reducing facilities is essential to prioritize spending on key services and avoid a Council Tax rise. I strongly support these proposals: 3c (Toilets - £160k): A low - impact cut, provided alternative facilities are guaranteed to be reliably available.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12157	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree only with close toilets there are no other ones around.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12158	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close public toilets or sell off.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12159	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I think the only valuable one that could be removed is the automatic toilets as I don't think these serve a purpose in everyday life.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12160	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing the toilets where alternative provision is available - yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12161	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Again, I answered no - but would answer 'yes, with caveats'. I agree public toilets can possibly go (or charge money for their upkeep)	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12162	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Get rid of toilets yes.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12163	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets if looking at this equally and fairly not all communities have this service so why should one have and one not. Keep to an equal service across all villages.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12164	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilet facilities as long as there are alternatives would work	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12165	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close the public toilets and if possible re - purpose the buildings for small businesses to lease for things like coffee stands	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

12166	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree again with all bar number 1. Enough leisure services have already been cut, should be increasing again not closing even more.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12167	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The council is already down to the bones. Shutting the toilets make sense but it will be impossible to generate revenue with no facilities with which to do it.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12168	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I suppose the toilets have the least impact	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12169	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with toilets idea	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12170	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree to close public toilets and make toilets in other council facilities open for access.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12171	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with closing down services that aren't used. Sometimes I see services aiming to alleviate a very real problem but I don't think the service is the right way to go about it.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12172	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Though agree about closing the toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12173	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with closing public toilets as they are not maintain well etc.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12174	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with closing public toilets as they are not maintain well etc.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12175	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The toilets could probably be closed	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12176	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with that and public toilets as long as there is places to go to use toilets that don't require a purchase first	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12177	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with point 3c	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12178	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing the public toilets would a good saving.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12179	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Happy to remove the toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12180	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with some, such toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12181	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Cut the expenses to zero	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12182	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Reduce buildings where these are not well used.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12183	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Cut spending on unnecessary buildings.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12184	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	reduce the number of council buildings	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12185	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Happy to support the closing of the automated toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12186	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree, public toilets could be removed as no one tends to use them due to the lack of cleanliness	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

12187	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Those toilets are not needed, nor necessary and could be removed.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12188	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	close all public toilets as there are others in shops etc and the public ones are manky.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12189	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I don't care about toilets closing	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12190	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I disagree with all except closing public toilets. In instances in which losing public toilets is not an issue because other toilets facilities are easily and cheaply accessible I think it is fair to close them.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12191	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing of the toilets is an easy win	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12192	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	C would be the only option I'd agree with. Community, arts and literature are vital to a well rounded and thriving community. Lose these and humanity will feel the consequences. They should be valued and protected.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12193	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The automated toilets could be removed.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12194	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing the 4 public toilets is no big loss.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12195	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I think closing the automated toilets is worth reviewing to save money.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12196	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Feels like this will rid communities of hubs for young people, the elderly and vulnerable groups. Also making everything go online with no physical place to access help, is further detrimental to these groups of people. I agree with the automated toilets, I've never used these, as long as alternative, well signposted public toilet facilities are available.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12197	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Shut the toilets though	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12198	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Sell off public toilets, or have a pay as you go system for it.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12199	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Happy to agree the toilet closure	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12200	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Agree with closing the toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12201	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	not all should cut i agree toilet facilities should be cut when community centres are in the area that can be used.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12202	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Toilet blocks should be closed, to open to abuse / misuse.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12203	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises. (Saving approximately £160, 000) Sure. No problem with this	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12204	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with the suggestion of closing the public toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12205	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with closing the standalone public loos, as I doubt they are used that much	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12206	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Although I answered no, I agree with some aspects. The closure of the automated toilets is needed as these are rarely used, not clean and an eyesore, there are plenty other facilities available to use.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12207	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Although I answered no, I agree that the automated toilets should be closed as there are plenty of other facilities available in community centres, larger shops and some restaurants.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

12208	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets could be closed. Could local businesses be encouraged to allow the public to use their toilets?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12209	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	yes to - 3c	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12210	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	There has already been so many reductions of important services Yes to the toilet closure	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12211	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	YES to 3c	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12212	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	c Yes ok to do this toilets are available in supermarkets etc.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12213	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Although some public facilities could be closed eg toilets, you should not reduce the number of community centres / partnership centres. These are vital to the community and should be left with the funding structure that they currently have as all money received goes back to the community and is vital to the communities that they serve.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12214	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Get rid of the toilets for sure	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12215	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	C seem sensible.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12216	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The toilets facilities are probably of little use as many people won't have the required change to use them anyway. Although the council should ensure there are toilet facilities available.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12217	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I think we should shut the automated public toilets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12218	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with closing the toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12219	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	If alternative toilets are available 24 / 7 like automated toilets then fair enough close the automated ones.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12220	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close the toilets yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12221	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	can close public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12222	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	If a facility is well used it should be kept open as it is obviously needed. I can understand the closure of facilities if they are unused or if a replacement service is available.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12223	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The only point in this section which I agree with is closing the four remaining automated public toilets however the one in Livingston has already been removed some time ago.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12224	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	These buildings are needed and the council could actually use them more as their bases too. The elderly need spaces to help meet others and have a warm space for a few hours. These could also be used to start new groups / clubs for younger people and teens. Regarding toilets, put signs up to say where the nearest ones are and let the staff in these buildings know that the general public can use them as we have encountered 'jobsworths' who say they are only for people using the building!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12225	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3 c yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12226	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c - Cut this by half as all communities - don't love this.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12227	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I would like more digital options for libraries but to be able to read them in a kindle not a phone or computer	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12228	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Remove all public toilets - supermarkets have toilets and there are plenty of them around West Lothian.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12229	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I only agree with 3c	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12230	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Whilst I'm not against closure of services, they're are inadequate services available for certain groups like children as it is. Toilets are fundamental, however open space toilets in public areas are no longer suitable. These could be closed as long as allowances are made for bathrooms in council facilities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12231	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12232	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Yes close public toilets	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
12233	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Not but reducing service. Closing toilets may save money on maintaining a toilet but closing it will mean money spent on cleanup of human waste due to a lack of toilets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12234	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Should not close Public toilets unless you can clearly signpost alternative facilities nearby	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12235	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing public toilets is a very retrograde step	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12236	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I do not think cutting public toilets is acceptable. Partnership Centres are open during office hours. Cafes, pubs and restaurants, not unreasonably, reserve their facilities for patrons. The number of Changing Places toilets in West Lothian is already completely inadequate.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12237	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I had no ideas that the council provided the automatic toilet facilities in Linlithgow and elsewhere. I have rarely used them as I'm a cheapskate but it is important to be able to provide toilet facilities at times when Partnership Centres may be closed, particularly at the weekend.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12238	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I do not agree that the closure of toilet facilities should be considered where there is a known use of those car parks for camper vans and the use of the toilet facilities at partnership centres will not be feasible due to opening hours or location.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12239	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree with most apart from the removal of public toilets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12240	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I feel toilets shouldnt be closed unless there is a council facility where they could access a toilet.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12241	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are imperative in areas such as Linlithgow that have a high volume of visitors and tourists.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12242	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I would draw away from closing public toilets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12243	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	the use of toilets within the HUBS would help save money and continue to keep our HUBS going as people may go in and use the groups offered here more	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12244	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Dont reduce	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12245	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	By all means reduce the number of offices you have, hopefully in line with streamlining the number of superfluous positions as referenced earlier in my responses, but DO NOT TAKE AWAY PUBLIC CONVENIENCES. What are folk supposed to do once partnership centres are closed for the evening or weekend? What public conveniences are homeless people then going to use? You closed Bubbles swimming pool and sold the land which now has a planning application for houses, why didn't you build the houses, thereby substantially increasing the revenue from this site multiple fold? Poor financial management and shot sightedness again?!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12246	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	needs clear better inf oon where toilet facilities are in the local area. maybe on the walking, cycle times signs.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12247	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Keep automated toilets but increase to £1?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12248	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are essential for accessibility and encouraging town centre use Community Asset Transfers must not shift responsibility onto volunteers without proper support Once community facilities are lost, they are costly and difficult to rebuild Protecting local spaces is vital for wellbeing, learning, and prevention	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12249	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I also think it's a terrible idea to remove public toilets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12250	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	But not shutting toilets, there are little enough toilets available, particularly in Broxburn	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12251	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Support your proposals with exception of public toilets	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12252	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I do not think public toilets should not be depleted anymore.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12253	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c - concerned people with conditions like IBS will be affected	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12254	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	However you cannot take away the toilets unless you clearly signpost where alternative facilities are and you have ascertained that they are located at a suitable distance. These toilets are located where they are needed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12255	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	CAT is a definite. Be careful closing toilets; think of those with disabilities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12256	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Don't close toilets we need more	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12257	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets is a tricky one; it depends when the toilets are typically open and if the alternative facilities also meet these same timings. I am considering this being a difficult cut back for disabled residents in the community, those with chronic illnesses such as Crohn's Disease, and those needing baby changing facilities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12258	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are essential for accessibility and town centre use.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12259	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are essential for accessibility and town centre use.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12260	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public Toilets "Keep these because only customers can use toilets in shops and cafes	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12261	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I disagree with closing public toilets and these should be self funding. There is no way they cost £40k each to run. If they do you should be ashamed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12262	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	It was mentioned that West Lothian has a higher elderly population. Can not close toilets or these people will not be able to go out. I don't think	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12263	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Before closing public toilets, the council needs to consider the impact this could have on the homeless, as this could be the only means for homeless people to relieve themselves and have access to clean water, if there is not enough homeless accommodation in the area or there is a reason that is prohibiting them from declaring themselves homeless.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12264	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Although keeping community centres and toilets is a must.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12265	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	If you close Linlithgow public toilets you need to ensure the partnership centre is accessible 7 days a week	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12266	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	reduction of buildings should be considered. I would consider the impact removing toilets would have on the community given there are little public toilets as it is - the public toilets appear to be some distance from the partnership centres	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12267	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	If you gonna have a toilet at Livi south you should have one at Livi north, if not you shouldn't have any	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12268	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	As for toilets, I would like to see usage compared to cost for these.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12269	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets, so where are people going to go???	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12270	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	But please do not close public toilets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12271	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No to 3c	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12272	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	• Automated Public Toilet. The closure of the automated public toilet in Linlithgow is opposed on the grounds that it is the only toilet available on a Sunday when the partnership Centre is closed and the Burgh Halls opening times are very restricted. Sunday is a busy tourist day for Linlithgow.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12273	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	As for closing toilet facilities... I feel we need more facilities. Many people struggle to find public toilets now. I have been turned away from Linlithgow Partnership Centre and told I cannot use the public toilets there on a Saturday afternoon by the security guard.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12274	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I don't think closing public toilets is a great idea. Visitors to West Lothian rely on access to public toilets	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12275	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Paying for public toilets	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12276	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Toilets should not be closed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12277	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I agree savings should be made. I do not agree with the suggestions. Poor survey.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12278	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Things that don't need maintenance or don't need no changes should just be left the way they are	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12279	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I think this should be prioritised and kept	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12280	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing the public toilets may cause issues as the operating hours of the partnership centres will not be always suitable. Also customers using the partnership centres for access to toilets could cause operational difficulties	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12281	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	There are already to few public toilets so I would be against shutting any	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12282	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Keep automated toilet facilities. Lack of facilities can be a problem for some people.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12283	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I have medical issues which require toilet access. You have already removed too many. There needs to be evening provision or people cannot go out at evenings	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12284	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	There needs to be public toilets available. Other places seem to manage this!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12285	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I am not an expert on these matters, but closing public amenities, I think, is not a good idea.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12286	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	A definite no to those, the people in West Lothian are furious with these suggestions already and they are not happy with the changes made already. There would be no community left if these changes were implemented. West Lothian would become soul less	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12287	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3a, 3b, 3c definitely not.... There is little leisure facilities left to close in West Lothian. Do not sell off the family silver. 3d does not make any money for the council and once again getting rid of people owned property and putting onus on charities and local community groups to finance these sites is a disgrace.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12288	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are necessary, not everyone knows they can use the partnership centre ones unless using cafe etc. Maybe is this was more publicised might help with social isolation as I know it it prevents people travelling if no public toilets available	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12289	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I also don't agree with closing public automated toilet facilities. The partnership centre have limited opening hours and where is there to go outside of these? Going to the toilet is a basic fundamental human right.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12290	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	There are no alternative toilets in Linlithgow for people and visitors to use this seems harmful to Tourist footfall and local businesses. WLC spend very little on Linlithgow as it is.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

12291	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Further still I would not advocate removing public toilets, if anything I think we need more public toilets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12292	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I don't think community assets should be reduced	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12293	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	We need to maintain items and services that benefit and maintain the culture of our communities. I agree with finding efficiencies but not in removing valued and necessary services from the community.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12294	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	These are things the council should be looking to invest and modernise rather than close down	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12295	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Facilities have already been reduced significantly.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12296	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	You have already reduced facilities way beyond what would be considered appropriate.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12297	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Facilities have already been reduced	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12298	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	*Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises. "Really??? Who thought this would be a great idea? You expect people to walk quite a distance to go to the only publicly available toilet, just so you can save a very small amount of money? That 's shameful!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12299	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Please please please stand up for the people. Say no to further cuts.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12300	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	You are letting down the whole community even entertaining these ridiculous ideas.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12301	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Do not take away toilets. There are already very few public toilets available.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12302	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	you have taken enough off us	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12303	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Shutting toilets is not good for disabled and people needing to use them West Lothian has lost too many facilities, if you are going to close toilets then have an alternative place people can go if it's a shop or a restaurant then pay them to facilitate the need and pay a small fee for public use, toilets are railway stations are needed for customers, other areas there is toilet give an alternative place to go to if they are not used would save money but not taking facilities away that are needed and used	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12304	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The toilets at Linlithgow are used by Motorhome and campervans staying in the car parks at the Loch. They aren't causing a problem and could increase revenue by paying for overnight stays. However if the toilets are removed they will toilet in the bushes (a minority do already). Access to public toilets is an equality issue for women, men with prostate issues, those with a stoma and also young families who use the play park.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12305	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are a life line for so many people. Surely there are efficiencies elsewhere that would save the same or more money. There will be no community without these. This is a false economy, all you do is push up isolation for people and therefore there is a subsequent impact on social care, mental health and other stretched services. Where are the impact statements on the second and third order effects!!!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12306	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	As a crohns sufferer the toilet aspect concerns me. West Lothian facilities are already very poor. Communities have very little already without taking more away.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12307	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The are bit enough facilities has is without getting rid of more.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12308	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The automated toilets in public areas like Linlithgow should not be removed due to them facilitating those whom have medical conditions ie bladder / bowel impaired as the local shops / cafe 's will not allow customers in even with a "Can't Wait Card", public areas which encourage children and adults to enjoy open spaces should not be removed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12309	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	keep them open	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12310	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing public toilets would be a disaster!! There aren't enough public toilets as it is.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12311	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	public toilets are cornerstones of civilised society - they should be protected.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12312	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are very much needed. The others are luxuries	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12313	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I don't recommend taking away any more facilities as you are losing the community	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12314	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Toilets are essential to the very old and young. Some of us don't have any of these facilities and have to travel already to get to them.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12315	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Reducing services closing buildings etc. massively affects the community. Many areas in West Lothian are considered deprived so if they care about people who live here then this shouldn't be considered	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12316	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Costs aside, the public will suffer.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12317	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Cutting facilities is not the answer for a growing area.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12318	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Less facilities means less visitors which means less money and less interest in looking after our communities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12319	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	All of these services feel essential to me.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12320	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	These facilities are so beneficial to communities that it would be a shame if they were to close.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12321	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	These proposals collectively represent a damaging retreat from the provision of universal, accessible public services. They confuse cutting costs with smart governance. The relatively modest savings identified—totalling around £700, 000—pale in comparison to the significant social and economic costs that will follow: increased health inequality, deeper digital and social exclusion, the decline of town centres, and the loss of community cohesion. The council must reconsider this path. Instead of reduction, the focus should be on innovation: exploring genuine partnerships, improving operational efficiency within existing facilities, and leveraging available resources to ensure the continued provision of essential public services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12322	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Already cut too many services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12323	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3C - shut automated toilets! Some disabilities require public toilets to be available. How can you save £160, 000 a year. Maintaining & cleaning is very low cost unless vandalism is a contributing factor. Then you must have insurance. Ridiculous	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12324	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing more facilities will distance the council from the public. The general feeling is that the council doesn't do anything but take council tax and do nothing.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12325	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	keep them open	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12326	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I think it's still important to provide some facilities ie, public toilets, as there are not many public toilets situated in some towns in West Lothian and this can cause stress and over - reliance on other public toilets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12327	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	it's a disgrace you want to close down public toilets to save money were are elderly and children going to use the toilet in emergency. utter nonsense	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12328	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are important parts of community better savings could be made	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12329	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public Toilets must remain a priority, with charges incurred if necessary.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12330	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets need to be protected. Partnership centres are not always accessible.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12331	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Short term savings but reduced public facilities where do draw the line	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12332	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Strongly disagree. I'm also perplexed as to why you're describing libraries as a building and not a service. What are they if not a service? Much like the rest of this 'consultation' there is insufficient detail about what exactly the proposal is.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12333	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Shutting public toilets penalises the elderly and infirm.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12334	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Reducing public services means there is little benefit to general west Lothian public who pay council tax.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12335	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are a necessity for disabled people and therefore should not be closed in order to save money you have a duty of care to constituents who have limited capabilities	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12336	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing toilets is again most likely to impact on the elderly and those with health conditions. Partnership Centres aren't always open in evenings and all weekend so they are not always a viable alternative.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12337	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c strike at the heart of community. Whilst they might appear to be 'nice to have' - for some people they are a lifeline and a 'must have.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12338	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closure of public toilets. Should never ever happen. We are becoming a backward 3rd world country because we are closing essential facilities! If What the council & Scottish government regards as essential services were identified to the public, the majority might provide you with some unpleasant ideas and comments. Often the majority are funding the minority!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12339	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	We need these facilities especially the elderly	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12340	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Don't shut toilets. Open more and charge for them	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12341	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Please don't take away our public toilets. Why not attract small local businesses in those spaces, to generate a bit more income?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12342	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The reduction of facilities has already reached the limit.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12343	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	toilets are absolutely essential.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12344	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Toilet services is an essential point to build up a friendship city, especially for older people.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12345	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Reducing automated toilet facilities is not a good proposal. The savings would be outweighed by inconvenience to hospitality outlets. The Partnership centres are closed in the evenings and have reduced hours at the weekend. Not all owners of hospitality outlets are keen to have their premises used as a public toilet. Access could be denied if goods are not bought in exchange.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12346	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No i dont agree with closing public toilets	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12347	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	toilets.. are fundamental requirements of a civilised and caring community. We need to make WL an attractive place to live.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12348	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing public toilets is not conducive to people shopping or visiting the towns.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12349	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	People require these resources, to go to the toilet	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12350	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Do not close the 24 hour a day public toilets as there is not 24 hour a day public toilet provision eg the Strathbrock partnership centre is mainly closed at the weekend and the local Xcite is closed from 4pm on weekends. It is bad enough that the toilets at Almondell Country Park visitor centre have been closed for almost a year as the alternative toilets in the park are inadequate for busy days.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12351	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Reducing toilets is unacceptable	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12352	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Once we lose facilities they never return. Closing toilets?!! Seriously?!? Saying there are alternatives at council owned premises is all very good but only if the building is open!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12353	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I totally disagree with removing facilities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

12354	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public's toilets need to be maintained	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12355	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	removing toilet facilities is just completely unacceptable. Toilet facilities should be increased not decreased. To decrease them is inhumane and will remove people's dignity when struggling to find a toilet.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12356	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Removing such services would not benefit the communities. Not everyone can access a community centre / partnership centre for a toilet.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12357	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The council should try and keep as many assets as it can. Generating incomes from assets should be prioritised over short terms gains from offloading assets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12358	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	As with many questions, my answer may well lie somewhere between yes and no, but if the council genuinely wishes to support local communities I do not think that there are many more facility closures that should be contemplated. Instead I think there should be a focus on maximising income from the use of these facilities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12359	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing public toilets, thats a basic human right and its already a terrible situation.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12360	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	These are vital services although the local toilets which have closer replacements is a good idea.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12361	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	If closing toilets then there has to be signage to where Publicly accessible toilets are available.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12362	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Toilets are a key issue and living in a small town like Linlithgow that has seen many services shrink such as toilets and the library I don't think there is much else that can be closed whilst also giving the impression to the public you get good value for money with council tax	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12363	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Stop closing facilities. So many services are being lost closing more is not the answer	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12364	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Too many facilities being closed. Toilet facilities are requires.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12365	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets should remain available throughout the year	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12366	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	We need local facilities	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12367	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	There are a lot of people who have issues accessing toilets. Strathbrock is a good distance from the town centre so what are people going to do? Any facilities which are not being used should of course be reviewed but that information should be shared when any decisions are being made. There are very limited savings available in this area so the whole level needs to be questioned and compared to the social value if these facilities are lost. Build your argument and take it to Scottish Government.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12368	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are an essential service and people should have to rely on grocery stores etc. Would you consider making the GPs allow people to use their toilet?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12369	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Reduce toilets?! Toilets are necessary, especially for visitors who don't know the area, and the infirm. You should be opening more not reducing them! What happens if you need to go to the toilet and it's out of hours and nowhere else is open? This is the type of basic service that should be embraced, not reduced. Scotland has a severe lack of public toilets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12370	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are essential	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12371	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	toilet facilities should be maintained	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12372	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I don't think reducing costs with fewer buildings is viable, given that the population of East Calder and the surrounding area has grown significantly in recent years. For example, the GP, schools, and other public entities are overwhelmed and unable to cope with this population increase.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12373	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	facilities are essential	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12374	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I believe The council should not remove more public facilities as many people do use them and the public toilet in linlithgow is in an area many people use especially children were easy bathroom cases is important	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12375	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Think that the automated public toilets should stay open. The community centres aren't always open	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12376	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Limiting toilet facilities to the use of partnership centres will increase people urinating in corners at night after the pub as the partnership centres won't be open. So what is there to use at weekend, evenings public holidays etc. at present the public toilets are available 24 hrs 365 days a year. Also the partnership centre is not particularly central and so there is a need for toilet services across the town.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12377	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I definitely do not agree with doing away with toilet facilities not everyone can get to partnership premises. Also free toilets can bring revenue to the areas. Encourage people to spend money rather than going to big shopping centres instead of using local shops and charities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12378	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Surely there is a conflict in closing down public toilets and introducing a visitor levy? I'm not against closing and selling off unused buildings, but careful consideration is required in terms of future undertakings. As indicated previously - huge savings are possible by better integration / partnership working with other Lothian LA's.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12379	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	These all need to remain, the removal would lead to lower standards and poor community spirit, I would advise to promote them more to entice people to use more,	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12380	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The savings proposed here are nominal. The further reduction of public toilets is a breach of rights for those who may need them	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12381	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Stop closing public toilets! Look at saving money through staff. I called one of your departments to speak to the manager and was told both managers were on holiday? This wouldn't happen not happen in a private company.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12382	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Stop closing public toilets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12383	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I myself suffer from IBS less public make it harder for people with IBS	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12384	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	• Do not support reducing local facilities like toilets. • These services are essential for older people, families, and those without transport. • Cuts save money short term but damage communities long term. • Government underfunding is the real issue — councils need better financial support. • Local spaces are important for community wellbeing and inclusion.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12385	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	closing public facilities is not the answer to problems all the time it simply turns more and more members of the public against the council.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12386	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	These items are important for people - having a sense of community and engagement with others should not be taken away. Public toilets are a necessity, especially for visitors and older people - if they are taken away, shops and cafes have to allow people to use their facilities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12387	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Please do not shut any more toilets!!!!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12388	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Similarly, closing automated public toilets may limit accessibility for families, older adults, disabled people and those with medical conditions. "Alternative toilets" are not always practical, open, or appropriate, and the lack of publicly accessible toilets can discourage people from visiting town centres.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12389	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Reducing toilet facilities is akin to removing support for disabled. There are insufficient facilities available at present	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12390	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing public toilets may not impact a large number of people but will have very real consequences for some.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12391	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Why are you closing busy pools? Why are you closing toilets? NO WE NEED THEM? Maybe look at self-cleaning machine ones but don't close them? Look at foreign European examples of clever alternatives	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12392	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing public toilets isn't right not everyone can make journey to partnership centres	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12393	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I do not agree with the closing of public toilets. It would totally restrict the access of areas to many people. You would find that you have less visitors to the area and so income would drop. You would also find an increase in people getting caught short and having to find a bush or a wall to go behind, generating human waste and a foul smell in the open. Partnership centres are not always open. In Linlithgow, Tesco does not always open their toilets. Pubs and cafes do not want to be used as public conveniences. They want to reserve their toilets for their customers. I am sure that you could change the mechanism on the automated toilets to take a larger value of coin and so increase income.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12394	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Partnership buildings are not open 24 hours a day, so closing the automated toilets is not a great idea.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12395	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Taking away public toilets is definitely a no. Disabled people, taxi drivers, council workers need these as shops don't let use of toilets to the public. Maybe electric ones are too expensive but manual ones would be less cost effective	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12396	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No you should not closed public washrooms has young mothers and old people	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12397	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	or closing down public toilets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12398	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing public conveniences is not an option. The strathbrock centre is a seventeen minute walk away from the automated toilet in Broxburn. Without wishing to be to graphic people with bowel issues aren't going to make that.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12399	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Our facility need to be saved. Making the place have less toilets and community facilities makes the towns feel depressing. Our elderly population need vital community services and isolate and separate different age ranges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12400	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	If you close 4 public toilets and partnership / community centres aren't open where would public go. I have a cancer card as I frequently need to go to places for bathroom facilities it's hard enough to find which ones are open	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12401	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The toilets in Linlithgow I know are next to a very busy play park for young children. Do we want to take away this important facility and encourage children to toilet out doors? It is quite a long walk to the other toilets and often children just can't wait!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12402	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No — cutting facilities isn't a solution, it's another way of removing access and support from local people. West Lothian communities already face reduced visibility from departments, fewer on - the - ground staff, and slow response times. Closing toilets, libraries, or community buildings only makes life harder for residents who rely on them — especially older people, families, and those without easy transport. The problem isn't that we have too many facilities; it's that the Council isn't maintaining them properly. If buildings are underused, the answer should be to revitalise them, not shut them down. We need more investment and responsibility, not less. Cutting back on essential services only deepens the disconnect between the council and the community.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12403	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are essential	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12404	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets should be kept if not increased for the benefit of the elderly and young who might not make it to a partnership centre.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12405	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Toilets are important and there is not enough toilets as it exist.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12406	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets within the wider community are few and far between and many cafes display "Toilets are for customer use only ".	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12407	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Toilets are hard to come by. You cannot use ones in restraints if not eating. This could cause issues if caught short	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12408	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Reducing toilets is a really bad idea. More toilets are essential. Linlithgow is on the list which is awful. Sainsburys for customer use. Dr surgery for patients also only open weekdays Tesco toilets for customers and are only open at certain times therefore would be no public toilets which are essential.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12409	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c. Across the UK there are fewer toilets available each year. All councils are neglectful of their civic duties in this regard. There should be more toilet facilities. There are none at train stations or the main bus station area in Livingston. This is a major failing of planning and priorities. Disproportionately affects the elderly etc. 3	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12410	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I dont agree because its absolutely ridiculous the amount of stuff yous have sold of, i cant even go to a local swimming pool now with my children I've got to get buses to different towns and also the bus service is Broxburn is absolutely shocking and just in general the services in general are shocking now.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12411	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets are essential in tourist areas as partnership buildings are not always accessible. Health & Wellbeing includes access to beautiful areas which is not restricted to your ability to use a cafe / pub!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12412	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	While I understand the Council's aim to improve efficiency and reduce costs, I do not agree with most of the proposed measures in this section 3c	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12413	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No idea but toilets are vital. Please do not cut any more...	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12414	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No to closure of public toilets, take the Broxburn example, if the remaining toilet is closed in the town centre, it's over a one mile walk to Strathbrock Centre that is not an acceptable alternative.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12415	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Don't shut the toilets, at elburn reservoir, fishermen use the forests for the toilet as you closed the toilet. Many of us have weak bladders and need the toilet when in town or at the park, parkmet, and almond parks for instance.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

12416	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Loos should be celebrated and not closed - essential.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12417	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Community is in need of support more now than ever, find cuts in other areas, leave basic necessities such as public toilets alone.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12418	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public loos should be celebrated not closed - essential.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12419	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing the remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn. Alternative toilet facilities are not readily available, especially Partnership Centres which in many cases are divorced from the current toilet facilities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12420	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing essential services like public toilets is a backward step.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12421	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Don't close public toilets	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12422	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	People need public toilets	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12423	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing the few public toilets - poor decision.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12424	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Careful consideration needs to be given to each one of these, each is a very different proposal with different impacts. Public toilet provision should be protected as there are few enough as it is.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12425	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets at the Strathbrock Centre is fine but what if your down in the actual town part of Broxburn and need to use toilet facilities without having to go into a pub etc??	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12426	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Absolutely not. As a disabled person, we need access to public toilets. You've took so very many away, we have to rely now on peeing ourselves and wearing adult diapers because you've took away our much needed toilets!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12427	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Do not agree with closure of facilities. These are essential for the community.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12428	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I think we should keep public toilets	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12429	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Toilets are already in short supply. Reducing this further is not the answer.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12430	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No but this has already been cut back and have lost many	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12431	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Enough services have already ceased to the detriment of local residents.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12432	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Facilities should not be removed as these serve a great amount of service to people in everyday life.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12433	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	We need these services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12434	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	To close only public toilet within walking distance of Main Street would be awful as what about disabled people we want to use the main street shops and facilities and not be put off as can't access a toilet!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12435	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Key facilities are key for a reason. They should be kept at all costs where possible	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12436	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Disabled people need access to public toilets and I use these quite regularly especially Lithgow and Broxburn	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12437	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	There is barely any facilities left in West Lothian and community and accessibility to groups is absolutely vital to community and individual wellbeing	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12438	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Cutting our facilities only serves to diminish the community. You keep raising our council tax and all we have to show for it is a worse town with less facilities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12439	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closure of public toilets should be avoided. Across the UK there are very few places open today where one can relieve themselves which makes me believe many are relieving themselves in shared locations.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12440	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	People struggling with bowel and bladder conditions are already disadvantaged regarding access to public toilets. Many shops refuse us access even though I have a special key and a card saying I cant wait.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12441	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	These services are vital to the most vulnerable. Risk having a cultural desert especially in certain areas outside of Livingston	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12442	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The closure of basic council infrastructure is not sensible or viable and reduces the availability of cost effective spaces in communities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12443	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	We need to keep all the (reduced already) services in the community to support all the elderly working population and the children.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12444	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Key services are already on their knees, I fail to see what else could be cut!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12445	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Repurpose the buildings but the facilities are needed	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12446	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	There is already a lack of public services and I think by reducing these further it doesn't make West Lothian an attractive place to live. There is already a difficulty in accessing services due to the geography of West Lothian.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12447	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Cutting facilities would make the areas less desirable and in turn result in reduced income in time for the council.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12448	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	These are community services that have already been substantially cut. No to taking away further	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12449	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Losing council facilities? Nobody wants that. There's barely any council facilities as it is!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12450	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	People rely on those services!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12451	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing down these services are easy but there could be people who use it. As long as there are people who uses the facility, we should not close it.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12452	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Toilet facilities should be a human right we are not some 3rd world country.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12453	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The council should try and keep as many assets as it can. Generating incomes from assets should be prioritised over short terms gains from offloading assets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12454	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Please don't close libraries. These are important for communities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12455	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Several Council run pools have closed in West Lothian. Swimming is a life skill and it's a dreadful position to close so many pools and access to swimming. Pools in secondary schools also need investment and maintenance not cuts!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12456	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Arts, culture, community services and public toilets are cornerstones of civilised society - they should be protected.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12457	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I do not believe that services should be reduced, particularly literary services. Libraries have already been absolutely cut to the brink, replacing them with a digital service will not support young people, who are already reading less and less for enjoyment - perhaps because the place where they could go to read for enjoyment is no longer enjoyable to go to read.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12458	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The elderly are 3xpected to increase in number and many are not confident with online services. Libraries keep them engaged within their community and CIS staff are there to assist.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12459	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The community asset transfer sounds full of problems - it may end up with some communities feeling forced to take on community centres they don't use. What if some community groups insist that local residents must pay even if they don't use the services?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12460	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Its ok until I need to spend a penny in linlithgow! You will do what needs to be done.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12461	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	To close toilets because there are other toilets available, what about out of hours?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12462	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	There is not enough public toilets available	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12463	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	no	Environment and Sustainability	3. The respondent advised that they had no comment to make.
12464	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
12465	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	no	Environment and Sustainability	3. The respondent advised that they had no comment to make.
12466	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Not sure	Environment and Sustainability	3. The respondent advised that they had no comment to make.
12467	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Not at this moment	Environment and Sustainability	3. The respondent advised that they had no comment to make.
12468	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
12469	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	NO	Environment and Sustainability	3. The respondent advised that they had no comment to make.
12470	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
12471	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No idea, but by closing facilities you increase loneliness and isolation, remove safe places for people to go, remove public facilities particularly for disabled people. Where are young people meant to go, if we want them off of social media?	Environment and Sustainability	3. The respondent advised that they had no comment to make.
12472	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
12473	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
12474	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
12475	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	no	Environment and Sustainability	3. The respondent advised that they had no comment to make.
12476	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
12477	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
12478	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	If you are making toilets available at Partnership Centres you need to make these known	Environment and Sustainability	4. The council is already doing this.

12479	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Get rid of the public toilet or charge to use.	Environment and Sustainability	4. The council is already doing this.
12480	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Start charging for public toilets	Environment and Sustainability	4. The council is already doing this.
12481	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Charge for public toilet use.	Environment and Sustainability	4. The council is already doing this.
12482	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c Don't close the public toilets - introduce charges for these.	Environment and Sustainability	4. The council is already doing this.
12483	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Pay for public toilets	Environment and Sustainability	4. The council is already doing this.
12484	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Removing the toilets may save money, but is there signage to say you can use the toilets in partnership centres? It may not be known (I didn't know this until now).	Environment and Sustainability	4. The council is already doing this.
12485	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Charge for the toilets.	Environment and Sustainability	4. The council is already doing this.
12486	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	A SMALL charge for some of these facilities. These are vital for communities.	Environment and Sustainability	4. The council is already doing this.
12487	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	buildings should be sold at market rate not transferred as a community asset	Environment and Sustainability	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
12488	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Install more modern automated toilets that require less maintenance. Access to toilets in towns is essential to many people personal well-being and should be enhanced instead of reduced.	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
12489	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I feel there aren't enough public toilets I have been in many villages and there are no public toilets I think we need more in rural villages	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
12490	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	As someone with a medical condition, we need more public toilets, not fewer.	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
12491	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	There should be more public toilets for the elderly, not less	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
12492	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	We need more public toilets for an ageing population	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
12493	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	We think we shouldn't be charged for using the toilets.	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
12494	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets can be a good option to generate income, if managed well. A good instance was recently publicised in the way revenue was generated from toilets in Glasgow. The partnership centers aren't open 24 / 7 while these public toilets could be made accessible 24 / 7 and well publicised for travelers on major routes.	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
12495	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets can be a good option to generate income, if managed well. A good instance was recently publicised in the way revenue was generated from toilets in Glasgow. The partnership centers aren't open 24 / 7 while these public toilets could be made accessible 24 / 7 and well publicised for travelers on major routes.	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
12496	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets should be maintained in area where there are a larger number of visitors and clearly sign posted. A larger fee should be introduced to fully cover the cost.	Environment and Sustainability	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
12497	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	If you remove easy access to toilets in tourist areas i.e. Linlithgow among others then this will eventually stop them going to the towns, can the automated toilets be run completely by another company so the council has no involvement.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12498	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Standard practice of most businesses is to provide public toilets as part of the service, yep pees off the owners of the business but that's unfortunate cost of doing public business, removing public toilets or sell them to private company's who can charge a fee for them to be used. As a business owner in west Lothian I would be interested in buying these and committing to running them as public toilets as I can charge for the use I can run advertising in them etc etc	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12499	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Instead of automated toilets why not implement a 10p system to 50p system for all public toilets within council building life have it within some of there council / bus terminals within leven district small income in grand scheme but would pay towards offsetting costs of cleaning alone etc	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12500	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Do not close the four public toilets unless a 24 / 7 accessible alternative is within a short walk; safety and events matter. • For any closure, publish utilisation, running costs, maintenance backlog, alternatives, and an equality impact.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12501	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	You should charge more for public toilets	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12502	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Close toilets or increase charges to cover costs.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12503	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	c) No, increase fee to use to help cover costs. These can be vital for those with medical issues or on water tablets. Not all facilities are within easy reach.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12504	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Public toilets could serve as a revenue source if managed effectively, as demonstrated in Glasgow. Unlike partnership centres, toilets could be accessible 24 / 7 and promoted to travellers on major routes.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12505	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Find businesses to 'sponsor' the public toilets.. PHS Group would seem like a suitable local business with global reach that could help with that..	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12506	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	It may be that alternate toilet facilities could be self - funding. The council should not underestimate the indirect impact of closing facilities. For example a decision to remove a public toilet near a town centre and park might superficially save £X, but if the footfall of an area falls dramatically due to that then there will obviously be some loss to local economy and is the council 's investment in associated assets like car park, play areas etc. devalued by the loss of footfall.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12507	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	For the toilet one: presume you have usage statistics over recent years to reference.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12508	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Perhaps a review of usage times of the public toilets would be useful as if they are being used when partnership centres are closed they are meeting a need. It is better that people have a proper facility to use than relieving themselves in public areas.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12509	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The toilets could go where there are other free facilities - but again consultation & costs of maintaining vs income looked at first.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12510	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Aberfeldy encourage businesses to offer public access toilets which would widen the options for those needing the facilities	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12511	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Again this seems to be a logical place to save monies however there are already too few leisure and culture facilities available across West Lothian. In this section I would suggest that other than reviewing / closing of such facilities, the other suggestions would be the most suitable for making savings.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12512	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Maybe close the public toilets - no one really uses them and if they do they are doing drugs in them,	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12513	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	As for removal of the toilet facilities I can't speak for the other towns mentioned but the one in Broxburn doesn't have many local business that will let the public's just use their toilets and the community centre (as much as it's in the middle of town) is not nearer enough to some for a quick use in a desperate situation	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12514	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Facilities have already been stripped to the minimum.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12515	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	By all means shut the automated toilets..... What a stupid thing to ask if there are public toilets near by or perhaps go behind a tree or given you don't cut the grass anymore there are plenty places to pee. G	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12516	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	As before. Stop selling out WL	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12517	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The cuts already made have a detrimental effect on the lives of people in West Lothian., particularly pensioners and children, although there is not much for young adults to do either.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12518	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Reducing public services will just annoy your communities.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12519	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Do you even know how far the partnership building is from top of precinct and older people may struggle	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12520	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	There 's some alternatives to close automated toilets and turn it to public toilets, even if need to pay for a reduced fee in certain kind of places public parks	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

12521	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	public toilets have so much more importance to any society than can be measured in purely financial terms.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12522	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Disabled Pele need the toilet all the time and where do we go to pee. Will be doing it in the street at this rate	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12523	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	People out shopping need toilets and shops do not let public use them	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12524	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Everyone needs to use toilets at some time.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12525	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	And taking away toilets? Let's be honest people use these in emergencies, surely we don't want people peeing or pooing in the street!	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12526	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Make them more self sufficient using automation and effective maintenance plans.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12527	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Really the people using the toilet facilities should be asked as I don't think it's up to the rest of us to make a decision on what they need.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12528	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	It's a bad day when we can't have a public convenience.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12529	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Facilities like toilets are needed for the elderly and other health groups.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12530	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	All of these suggestions will have a negative effect on the lives of residents, however the Council Executive don't seem to see this with the current nonsense over community centres, and preventing all of the councillors from having a say in this with only the exec having already made their mind up. Nonsense!	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12531	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	no to: 3d - don't close community centre	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12532	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Community Asset Transfer is a con! It simply pushes all responsibility to community groups with no long term solution for providing long term services. Why are you proposing Asset Transfer whilst also building a new centre costing millions?	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12533	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	You have miss managed these facilities for years. Who ever signed the contracts for these potable toilets that have cost us an absolute fortune should not be employed with the council.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12534	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	For Development Planning LDPs are obliged to seek toilet provision so closing them could be problematic; maybe adverts to subsidise? Isn't the main problem rising senior / social care - pressure COSLA, UK gov to resolve. Also, realistic Council Taxes not the historic rates which don't catch uplift in housing prices	Environment and Sustainability	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
12535	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Create an incentive for cafes to offer toilet facilities to all	Environment and Sustainability	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
12536	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	But not access to 24 / 7 service toilets - partnership caterers are not open all the time so no access to toilets when they're closed	Environment and Sustainability	9. The respondent made a comment on the survey question
12537	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Savings implemented are doable?	Environment and Sustainability	9. The respondent made a comment on the survey question
12538	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Need to be sensible with cost vs experience. Like why do we need toilets is there's alternatives	Environment and Sustainability	9. The respondent made a comment on the survey question
12539	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	however I don't feel closing toilets will save the money	Environment and Sustainability	9. The respondent made a comment on the survey question
12540	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Closing 4 toilets saves 160000 pound a year is a bizarre figure.	Environment and Sustainability	9. The respondent made a comment on the survey question
12541	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I understand the need to save money, but reducing facilities should be done carefully so that people don't lose access to vital community spaces. public toilets are important for local wellbeing, inclusion, and quality of life, especially for older people and families.	Environment and Sustainability	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12542	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I do see that people will miss these facilities and they are of good use but we need to review where money is going	Environment and Sustainability	9. The respondent made a comment on the survey question
12543	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Only closing facilities that are under used toilets need to be available especially accessible toilets	Environment and Sustainability	9. The respondent made a comment on the survey question
12544	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Only close public toilets if local businesses and institutions opt in to a "use me for free" so that people have a viable alternative. If there are no public toilets available to people with disabilities this is a problem.	Environment and Sustainability	9. The respondent made a comment on the survey question
12545	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The answer to this question is not a simple binary choice. As noted in the question the number of leisure facilities, automated toilets has been greatly reduced in previous years. No facility should be closed without a careful evaluation of the consequences. This is especially true with toilets!	Environment and Sustainability	9. The respondent made a comment on the survey question
12546	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	wouldn't use the automated public toilets - how much money do you get from them anyway?	Environment and Sustainability	9. The respondent made a comment on the survey question
12547	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	When closing toilets need to consider opening times of alternatives. Big ask for local communities to take on buildings. West Lothian is a bit of a cultural desert as it is without running it down further.	Environment and Sustainability	9. The respondent made a comment on the survey question
12548	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	I would have to question how much thought has been put into this suggestion if the example of removing what few public toilets still remain is proposed on the basis of a quick 20 minute walk from the centre of broxburn to the partnership centre, which of course will be available 24 hours a day, right? Equally if all of this only produces 10 % of the potential savings of changes in schools, you'd have to have really wrung the lemon dry with other changes first before further reductions in access for people to council facilities would be tolerable.	Environment and Sustainability	9. The respondent made a comment on the survey question
12549	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	3c "Closing the four remaining automated public toilets..."as long as they're 24hr access or you get people peeing (or worse) in the streets and THAT'S not good for the area.	Environment and Sustainability	9. The respondent made a comment on the survey question
12550	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	We seem to be going backwards - closing more public toilets?	Environment and Sustainability	9. The respondent made a comment on the survey question
12551	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Why are public toilets costing £160k a year.	Environment and Sustainability	9. The respondent made a comment on the survey question
12552	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	There are no partnership buildings or council facilities open 24 / 7, so why get rid of the automated toilets?!!	Environment and Sustainability	9. The respondent made a comment on the survey question
12553	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	The automated public toilets should only be closed if there are facilities within a 3 - 5 minute walk from where they are now.	Environment and Sustainability	9. The respondent made a comment on the survey question
12554	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Toilets are needed by mostly older people, so shutting external street toilets leaves people in a potentially embarrassing position.	Environment and Sustainability	9. The respondent made a comment on the survey question
12555	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	What are we paying taxes for if all the facilities we use are being closed or removed	Environment and Sustainability	9. The respondent made a comment on the survey question
12556	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Infrastructure savings are short term. Buildings are costly to demolish and wasteful to lay empty. They are extremely costly to replace later if a poor decision is taken now without adequate consideration of future needs.	Environment and Sustainability	9. The respondent made a comment on the survey question
12557	Theme 3- Reducing the Number of Council Facilities	3c - Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available at Partnership Centres and other premises.	Already closed several pools leaving next to no leisure facilities for people now you want to shut down public toilets?	Environment and Sustainability	9. The respondent made a comment on the survey question
12558	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	There are a number of buildings in the county that are not efficient e. g. The Burgh Halls in Linlithgow. There are others e. g. the Regal in Bathgate and Howden Park Centre in Livingston that are managed by Reconnect SCIO and are doing well. Has the council considered transferring management of the Burgh Halls to Reconnect to run as part of a 3 venue arts and culture organisation.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12559	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Outsource Burgh Halls. WLC should not be subsidising a loss making wedding venue.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12560	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Arts / Recreational facilities are a sensitive point for the community but again likely comes down to usage and genuine business case for retaining. I understand you'll be looking at it in this way, which I think is sensible.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12561	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Close underused buildings. Transfer Burgh Halls to not - for - profit org - like Howden Park and Regal.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

12562	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	close buildings a few days a week. Open weekends and when people use them. If they are empty (Burgh Halls) only open at weekend	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12563	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Get shot of Burgh Halls - pointless unless you fancy a coffee in Linlithgow and for some reason don't like the other 20 + options.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12564	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Close underused facilities. Most people in West Lothian never set foot in a Community Centre. Close Burgh Halls immediately. The Council should not be subsidising weddings.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12565	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Transfer Burgh Halls to a not for profit organisation. A glorified wedding venue in Linlithgow has NO relevance and NO benefit to most of us in West Lothian.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12566	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I agree with all of these as possible sources of savings. Burgh Halls is a white elephant which has morphed from a gallery to a wedding venue - WLC should not be in the wedding business - stop it now!	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12567	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community ownership of facilities is a definite 'yes'. Linlithgow Burgh Halls is a prime candidate for local ownership and local management - it would thrive.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12568	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes, agree with all of these. Asset transfer for all underused or loss making buildings. Burgh Halls in particular, so that the Community can decide how much they value them and step in if they do.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12569	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Maximise asset transfer for services people want to retain, but which are not core council services. For example, Linlithgow Burgh Halls is not a key council service - weddings and a cafe??	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12570	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	no, I think you should work on making the facilities more profitable for continuous income, do research to find out what facilities and services are needed in each area and go from there	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12571	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Reduce the physical building blue - print of WLC.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12572	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I agree with all but the first one, culture and leisure are important third places for people, losing these could impact peoples mental and physical health causing costs in other areas to increase.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12573	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Asset transfers on empty buildings. Support third sector more when looking at community centres. Passing the problems on won't solve it.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12574	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Sell or rent buildings	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12575	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Key services, are essential. But the idea of giving these building to communities to use would improve and enhance the community spirits for groups and events to be hosted. Support groups for the kids and the elderly in the community need places to have youth clubs, coffee mornings or even support elderly with activity days to help with loneliness and mental health issues	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12576	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Older council buildings should be repurposed for lease or sale. Lease will continue provide income where a sale will only provide a one time payment.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12577	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	There's nothing for people, especially young people to do around West Lothian. The closure of the swimming pools has had an impact on budget friendly activities to do with children and young people. The parks are poorly maintained and the grass verges around roads look terrible most of the time. I don't think people will miss the public toilets and I agree the community take over is a good idea although I think West Lothian would benefit greatly if there could be workshops offered to educate people on community services so they can step up to deliver these successfully and effectively.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12578	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I think as long as there is alternatives then this is fine.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12579	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes, but not local community centres. Sell office spaces and areas for building homes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12580	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I would support further community asset transfers.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12581	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Worth reducing if not the demand and other facilities are already available.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12582	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Letting out buildings not in use to companies, children's classes (messy play groups etc)	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12583	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Make some school facilities available for rent or hire. Gyms and technical service for example.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12584	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	By supporting local charities and communities by transferring buildings and properties through community asset transfers.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12585	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	It is unfortunate but we must live within our means. While some of these buildings may be seen as essential to a minority. We must focus on the key services and the 'small things' that are actually the most viable and matter. ie, litter, pot holes, blocked drains, localised flooding etc.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12586	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Underused facilities need to be reduced. Members of the public travel to shops, entertainment etc but want the underused community centres open, sometimes it is not the locals that are using these facilities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12587	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Co op community. Get people involved in gardening, DIY Have one or two central community centres to run businesses, classes all share price overheads, expenses. Better than running things from so many buildings. Ask local people to each buy a small share of community centre or make a contribution so they can have a say on the building and services can continue in that building.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12588	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes to 3d	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12589	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d is reasonable and could improve community engagement with some services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12590	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes but we need to keep vital services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12591	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes but we need to keep vital services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12592	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12593	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Agree with all those suggestions, providing SOME library / council access is available for members of the community - especially elderly - who do not have access to online services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12594	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Like the idea of more cooperation with community asset transfer.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12595	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I agree in principle but not to the detriment of the public / community.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12596	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	need to use these buildings rather than letting them fall into disrepair - think of Armadale old nursery building - waiting for it to fall down - a lot of empty rooms around WL in community buildings where staff could work	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12597	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	These are all good suggestions. You will find that a small percentage of council tax payers enjoy these, but we all have to pay for them	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12598	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Altho I think this has been happening for a few years now with the introduction of partnership centres. Selling outdated or unused buildings makes sense. However, the practice of constantly moving services from place to place is costly. Find a solution and stick to it.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12599	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Reduce the amount of buildings by closing smaller facilities and transfer data to one large facility. Phone appointments could be made for people unable to travel far.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12600	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes and no. A further reduction in leisure centres would be detrimental to the community However a reduction in other facilities would be more suitable	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12601	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Ensure this is only on non - essential and low uptake services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12602	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I think if savings have to be made then you have to do what needs done if this helps essential services remain	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12603	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Agree that property rationalisation is a good idea. Better to place time limits on community groups taking over assets so that the local authority does not have to absorb holding costs for long periods. If groups are receiving income, only fair that they cover expenditure however council has to be wary of taking back more dilapidated assets at the end of any lease.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12604	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	If they are not being used then yes this makes sense.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12605	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	If they don't interfere with any of the workforce	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12606	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	shedding the amount of empty buildings that the council currently have. Letting the public buy these properties or land would increase revenue for the council	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12607	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I agree with reviewing all these options	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12608	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Get on with implementing your decision on Community Centers. The vast majority of residents never set foot in them.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12609	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Agree to reduce buildings	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12610	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	If buildings or facilities are of no use or value for money, and are not providing any useful service or function, then yes.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12611	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Close the community centres - hardly anyone uses them.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12612	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Far too many council buildings, church halls, club halls etc. a single well maintained hall per community is all that is required.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12613	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Close the community centres if they aren't willing to pay for their running costs. Why should council tax payers foot the bill for them when the committees keep all of their letting income. It is absurd.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12614	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	close community centres where you can prove it is hardly used. waste of money.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12615	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	the council should continue to prioritise community centres that provide classes and meeting places for the elderly to continue to allow them to maintain social interactions out with the home which can be very isolating for them which then impacts their mental health.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12616	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Property utilisation: Make better use of existing land and property assets, including the potential for sharing assets with other public bodies or community groups. Community asset transfer. review service provision to ensure they are being delivered efficiently and are meeting strategic priorities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12617	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Savings implemented are doable?	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12618	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Again this seems to be a logical place to save monies however there are already too few leisure and culture facilities available across West Lothian. In this section I would suggest that other than reviewing / closing of such facilities, the other suggestions would be the most suitable for making savings.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12619	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Agree with increasing the use of community asset transfer	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12620	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Closing the automated toilets could be a good option as there are many other available facilities	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12621	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	With the exception of libraries.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12622	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Support your proposals	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12623	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes to reducing facilities but also keep costs for those using these buildings such as community groups affordable and encourage more use. also the need to keep warm spaces for local communities within walking distance of low simd is also important given the current cost of living crisis	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12624	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d - close the community centres and make better use of other public buildings such as church halls	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12625	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I agree.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12626	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community facilities should be more self efficient	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12627	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I suport 3a - 3d all points to reduce cost	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12628	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes to all of these proposals - we need to reduce underused buildings.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12629	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	These are nice to haves and when money is tight. Need to be reduced.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12630	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes but a no to A review of leisure, arts and cultural facilities. Leisure centres already cost more than private gyms such as PURE GYM	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12631	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	If this is truly necessary then cutting the number of locations may need to be done however there MUST then be a focus on maintaining adequate services for the entire population of west lothian.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12632	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I agree with council proposals.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12633	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Reduce number of community centres. Shut those that are not used all the time. Reduce number of council building. Use the money raised from selling off to fund care and education.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12634	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I agree with the building proposals provided it is not to the disadvantage of those persons who have difficulty travelling or living remotely.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12635	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	This would save money and let communities run facilities how they would like	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12636	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d Agree. Not sure I fully understand this but it sounds sensible and not detrimental to local communities	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12637	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The community asset transfer of the Lowport Centre in Linlithgow has been a great success. Reducing buildings is an option although losing local swimming pools has been detrimental to communities in my view. As long as this (cutting the number of council buildings) is done prudently it is a viable option.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12638	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d - Yes - in an ideal world. But history, including recent, would suggest the people of West Lothian are no ambitious and / or feel entitled and therefore wont consider CAT. Strong leadership required to say without CAT the asset cannot continue.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12639	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Agree with everything here.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12640	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Not having community hall committee 's and generating a income from hall lets back to the council.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12641	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	yes to a certain degree. Condence some services or use under utilised buildings for additional groups or services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12642	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	This is reducing costs very good proceed	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12643	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes to all of the above. If some, very small but vocal, sections of the community are still banging on about community centers 3d offers the simple answer. Get on with implementing your decision.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12644	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes empowering local community groups may benefit the whole community, recycling hubs where people can donate items others can use, neighbourhood maintenance where locals team up to street cleaning, toilet cleaning etc, fair funding community groups only need small grants for start ups, provide community asset transfers rent council buildings for a hundred pound or less a year, the onus s not on saving money rob Paul to pay peter, it's re imagine how run community led facilities not micromanaged by council but they check just for quality, support and safeguarding by council. the changes should benefit the residents of west lothian etc.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12645	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The use of asset transfer is positive	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12646	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	closing smaller community centres could help towards the savings redirecting groups to other facilities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12647	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The Council should outsource more community facilities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12648	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Make better use of buildings by renting out or transferring underused spaces.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12649	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes, agree to all these examples when facilities are underused.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12650	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Definitely agree with 3d	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12651	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Explore all of these.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12652	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes to all these proposals.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12653	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The facilities mentioned are not well used so this would be a good way to save money.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12654	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes to community asset transfer if community groups want to and the building would close otherwise.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12655	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Reuse old council buildings or public buildings and fix them instead of building new ones, community run buildings	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12656	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes to all of the above, especially the closure of the toilets. Most people use cafes in towns these days, so can use the toilets there. And yes to reducing the number of council buildings as long as the activities they currently provide can still be provided in the smaller number of buildings.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12657	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I agree with savings above however I think statutory youth work should be protected.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12658	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	agree	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12659	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12660	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12661	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12662	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12663	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12664	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes, all these examples should be explored.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12665	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes, worth exploring all these ideas for saving. I particularly agree with asset transfer - libraries, Burgh Halls etc.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12666	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I agree with all these examples. I can't believe that some politicians are proposing taking on £90m debt over 25 years to build a new school figures show you don't need. Is this not utter lunacy?	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12667	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	All but 3a	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12668	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	All seem sensible	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12669	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Happy with the recommended suggestions.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12670	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Agree with all.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12671	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	agree with suggestions	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12672	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Answered yes but only in certain areas. Identify priority areas and focus on delivering them well. Education and sport should be top priority areas	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12673	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Some things outdated	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12674	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I agree with all in 3d.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12675	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Understandable and disappointing for some communities when buildings close. However rationale is clear and better to protect services. Property costs also tend to be more unavoidable for risk / health & safety reasons. Similar to previous, where subsidies are in place (such as cheap / free use of premises) there should be clear cost / benefit analysis.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12676	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12677	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Where appropriate their should be a reduction but if money could be made from the facilities even better	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12678	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Provided it is proven that they are of no further use.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12679	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Only if the services are not being utilised.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12680	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	if not getting used then should be reduced	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12681	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I do see that people will miss these facilities and they are of good use but we need to review where money is going	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12682	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes to all.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12683	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Utilising local communities to improve services is good	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12684	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	It's fine if there's a need for them	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12685	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Agreed	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12686	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	under used or expensive to run should be closed and sold or demolished	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12687	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I agree a lot of facilities are not being used to the capacity that they should be and when losing money on them it is not ideal to keep them open.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12688	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Apart from 3a	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12689	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Show communities 'where facilities are being under used. A clear message of 'use it or lose it'	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12690	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes, I agree that reducing facilities is essential to prioritize spending on key services and avoid a Council Tax rise. I strongly support these proposals: 3d (Asset Transfer). This is the most crucial long - term strategy. It removes council liability while maintaining community access.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12691	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I agree to most, except the transfer of community centres. It is far too much to expect individuals to take responsibility for this.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12692	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Transferring ownership / stewardship of buildings to local user organisations may be beneficial, to the extent that it reduces universal charges and focuses costs to beneficiaries of the building. Loss of buildings risks social and cultural deprivation, and will increase traffic and its associated penalties. (The indirect costs associated with poor co - ordination of traffic restrictions have been colossal in recent times, even if these figures do not appear in Council accounts).	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12693	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Agree again with all bar number 1. Enough leisure services have already been cut, should be increasing again not closing even more.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12694	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Sharing responsibilities with community organisations.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12695	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Cut the expenses to zero	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12696	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Reduce buildings where these are not well used.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12697	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Cut spending on unnecessary buildings.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12698	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	reduce the number of council buildings	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12699	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community centres in the hands of the community is a great idea this reduces staffing for you the running costs each community would be responsible for their own if its not used or community funded then thats on the community.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12700	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Fully adopt Asset Transfer (3d)	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12701	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The community asset transfer in Linlithgow has been successful.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12702	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I think the council have been reducing services, facilities and closing council buildings for years. I am not opposed to transferring ownership to community groups to cut off the costs of running the buildings. However, you would have to ensure the services are being used for the whole community rather than cherry pick small groups of who gets access to the buildings and use of services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12703	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Transference of community groups to SCIOs and the like seems positive given these groups are given adequate support. It should not be a case of they have to become a SCIO or the group is shut down.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12704	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community Asset Transfer can be hugely valuable where groups have capacity	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12705	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Overall, council buildings could be reduced with staffing better organised and aligned to similar buildings - not spread out.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12706	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I support the approach in 3d, where community groups manage certain facilities, provided that the quality of services is maintained and residents continue to benefit. Any efficiency measures should prioritise the needs and wellbeing of the community, rather than focusing solely on cost savings.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12707	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Use buildings wisely: Rent out or transfer underused spaces to community groups	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12708	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Increasing tax and charges should be a last resort after cutting waste in buildings - public toilets, Burgh Halls, half empty schools - and non - statutory services. Maximise asset transfer - libraries, toilets, Burgh Halls could all be run by community trusts, as similar facilities are elsewhere, if the community is committed enough to their preservation.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12709	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	If a facility is well used it should be kept open as it is obviously needed. I can understand the closure of facilities if they are unused or if a replacement service is available.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12710	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	In general, disposing of capital assets is short sighted however it is not black and white. If assets must be sold, first choice should be 3d but only if proper systems are in place to ensure the local community maintain and use the asset. If building maintenance is proving too expensive, learn from that and make sure that all new building designs are kept as simple, flexible and easily maintained as possible. E. g. putting flat roofs schools, in Scotland, seems like a recipe for big bills.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12711	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	support community asset transfer to ensure that communities manage and deliver community based services which are wanted by the community. Reduce the number of council facilities where footfall is low - eg libraries - and concentrate the library stock in partnership centres. Reduce the opening hours of facilities at times which are not busy. Encourage more digital and self serve	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12712	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Stop funding community centres	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12713	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Perhaps the Community Centres may be better run by them than members of the public / committees	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12714	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Transferring building to community groups is a good idea	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12715	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Village halls, virtually unused buildings that require maintenance & staffing costs.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12716	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	But only where we dont miss out as society. Transferring community assets are a good way of maintaining these essential services. Same with Art etc. These things contribute towards community and society. Take them all away and we lose our identity.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12717	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	To a degree. Community spaces are essential though.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12718	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Less community centres	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12719	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Explore community asset transfers for local facilities where appropriate.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12720	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Let community buildings be run by the community.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12721	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	let communities run buildings,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12722	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Encouraging community involvement or asset transfers can reduce maintenance burdens.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12723	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Ask the local communities if they would be interested in running the buildings like libraries and community centres	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12724	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	letting communities run buildings	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12725	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Hand over the care of the building to a group who are already using it. Let communities run buildings	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12726	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Let communities run buildings with some council payment	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12727	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Let communities run buildings	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12728	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	yes 3 d	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12729	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	all of the above	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12730	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d where there is a demand	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12731	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	d) Yes help groups understand how they can adopt their own buildings and how to build up their reputation in the community. Some people may react negatively to a group taking over a community centre at the moment.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12732	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	In terms of community centres I agree we need to work better with management committees and all running cost should not lie solely with the council.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12733	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I agree with all these. Maximise asset transfer. If the community wants to retain facilities they need to step forward and help out.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12734	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The community transfer works well and should be encouraged.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12735	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Where asset transfer is proposed, groups must receive proper funding, training and long - term support. The goal should be modern, shared, multi - use spaces - not simply fewer doors open!	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12736	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Unless the facility can prove it is necessary for the community and is used to its fullest then it could be closed or the community pay for it	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12737	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	We need our community centres they are invaluable to local residents, our children, families and elderly I have seen this first hand. It's To bring vulnerable people together where they have conversations and interaction and support, so much good happens in them. For Mental health. childrens health and wellbeing promoting positive outcomes for this generation and not hanging about in the streets.. one has a charity shop which is a positive addition to the local community and is so needed and sine have food banks / shops If we loose community centres, we loose our communities and ~~social networks that is invaluable. The space these chosen people call home and families life's~~	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12738	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community Centres Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12739	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	d Ok if community groups can afford to do this, we have heard that some are older buildings that may need a lot of work on them. Difficult to decide, all buildings and areas are different.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12740	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Let communities run buildings	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12741	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Closure and reallocation of local community services will have a negative impact on already struggling communities. Allow these to be ran by the community councils and cut from another source	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
12742	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Closing leisure facilities or not supporting them will encourage teenage delinquency - why not promote it to the kids more. My kids were always in sports (not football) and have become successful in adulthood. I teach kids at night, and see them grow up similarly	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12743	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	No 3a	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12744	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Actually use the premises and staffing they currently have. Do not change community buildings as these are vital to large numbers of organisations	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12745	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	From those suggested I would only support the closure of toilets. Community and arts venues are needed to support growing communities	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12746	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	However I strongly do not agree with selling council buildings to private contractors who then charge the council for using these premises - ie building which are converted into flats for homeless people which the council then have to pay the rent for.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12747	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	everything else no	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12748	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Only council buildings as you use as office space etc. Not the community places that people rely on.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12749	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	the community hall transfers may be counter productive	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12750	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Dont reduce	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12751	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	community centres should be kept as they are as it's a lifeline for us and we can meet people, enjoy getting out the house. Without these council facilities we would be lost. We would be stuck at home, nowhere local to visit and get depressed. It certainly helps our wellbeing and the fact that we have something to do and somewhere to go to.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12752	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Ensure facilities like howden park centre are saved! Invest more in community groups especially for young people and vulnerable groups eg spark, growing together, food banks and larder programmes.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12753	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Although keeping community centres and toilets is a must.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12754	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I'm sure there will be lots of internal reviews within every Council department as to whether changes can be made. I just want the council to prioritise communities and the quality of life people can have. Removing vital spaces like community centres is not the answer to cost saving. These are spaces where vulnerable people can come together, tackling loneliness and isolation, and improving wellbeing and these are the spaces where the council need to provide more support. Not take it away.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12755	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Wouldn't wholly agree with 3c 'Asset Transfer' as many capable people would shy away if home owners on the facility management committee.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12756	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	How is giving the community centers over to the community working out. How much did that cost the taxpayer, complete waste of time.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12757	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d - need to ensure facilities are at least retained	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12758	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Many of the buildings available to asset transfer have not been maintained adequately and allowed to be run down. You are getting rid of property that has not been maintained adequately. It's a difficult question when savings costs are to be determined	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12759	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes, apart from closing community buildings	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12760	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	This is incredibly sad, the community cannot own and manage everything - consider terms of these transfers	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12761	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The transfer of council community buildings to community based committees does not save the council money in every way ie when the council run community groups then have to pay to hire the facilities.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12762	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community Asset Transfer must not shift responsibility onto unsupported volunteers. Once lost, community facilities are expensive to rebuild. Protecting local spaces supports wellbeing, learning and prevention.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12763	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Do not sell council buildings at a reduced cost to other groups. Use the buildings to provide other opportunities that help towns to thrive	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12764	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	No to: 3d	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12765	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d - No decision. Donesn't seem correct.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12766	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	agree with the toilets not the others	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12767	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I agree savings should be made. I do not agree with the suggestions. Poor survey.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12768	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Things that don't need maintenance or don't need no changes should just be left the way they are	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12769	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I think this should be prioritised and kept	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12770	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community Asset transfer should NOT be relied upon as a source of income.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12771	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	don't sell council buildings to charities for 1£. Encourage and promote renting (both short term and long term) of council spaces by the public for community initiatives	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12772	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	don't sell council building to charities for 1£. Make it easy to rent and advertise for people to rent council properties for community projects Make existing facilities more inclusive (there is one in Craigshill for people with learning disabilities which is beautiful and underused	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12773	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I think the amount of council buildings that have been closed already is shocking. These are bases within communities, that are used as places for elderly to meet up, groups to form and bases for club and classes for young and old. Without these, it will diminish all the above. This will have a detrimental affect on mental health in certain cases and a knock on affect in these services.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12774	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	No more closures of facilities that improve quality of life in West Lothian.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12775	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I feel that reducing facilities will have a detrimental affect in low income households in the region	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12776	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Absolutely not. These facilities should be supported, improved, and also we should be getting more facilities and better infrastructure, not worse or less.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12777	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Social spaces should be preserved so as not to erode the community and friendships	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12778	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I don't agree with closing more council facilities. Take a leaf from industry and how employees / facilities are managed to achieve cost savings.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12779	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The proposals for Community Centres are unreasonable and unworkable.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12780	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	A definite no to those, the people in West Lothian are furious with these suggestions already and they are not happy with the changes made already. There would be no community left if these changes were implemented. West Lothian would become soul less	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12781	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3a, 3b, 3c definitely not..... There is little leisure facilities left to close in West Lothian. Do not sell off the family silver. 3d does not make any money for the council and once again getting rid of people owned property and putting onus on charities and local community groups to finance these sites is a disgrace.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12782	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I do not think any other council buildings for arts, sports or leisure should be removed as there will be nothing left in West Lothian.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12783	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	These are things the council should be looking to invest and modernise rather than close down	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12784	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	You have already reduced facilities way beyond what would be considered appropriate.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12785	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	but the buildings no, because they've got potential which can be used and is not. Expect from employed to do more, starting with the managers. They do have ideas, but are doing nothing to get those ideas working	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12786	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Facilities have already been reduced	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12787	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Please pleaseplawsestand up for the people. Say no to further cuts.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12788	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	you have taken enough off us	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12789	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Agree to continuing groups within the community. Should be more for our young kids to do like there used to be, ie coz, Tuesday club within community centre etc. disagree with reducing public toilet services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12790	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The are bit enough facilities has is without getting rid of more.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12791	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community Asset Transfer! An unrealistic proposition for most of our community facilities; CC / VH are run by an aged cohort of enthusiastic users that have no desire to become business owners.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12792	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Reducing services closing buildings etc. massively affects the community. Many areas in West Lothian are considered deprived so if they care about people who live here then this shouldn't be considered	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12793	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Cutting facilities is not the answer for a growing area.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12794	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	All of these services feel essential to me.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12795	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	These facilities are so beneficial to communities that it would be a shame if they were to close.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12796	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	These proposals collectively represent a damaging retreat from the provision of universal, accessible public services. They confuse cutting costs with smart governance. The relatively modest savings identified—totalling around £700, 000—pale in comparison to the significant social and economic costs that will follow: increased health inequality, deeper digital and social exclusion, the decline of town centres, and the loss of community cohesion. The council must reconsider this path. Instead of reduction, the focus should be on innovation: exploring genuine partnerships, improving ~~provision of services within existing facilities, and involving proactive community engagement to co-design services that meet public need~~	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12797	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Already cut too many services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12798	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I think the community asset transfer is wrong as most of these facilities are run by volunteers management committees who are unable to do this. In the long run it will mean that community groups such as youth clubs elderly children groups will be forced to pay high amounts for their pets, which in turn price them out of providing services to those that need which have a negative impact on our communities such as ill health rise in mental health poverty anti social behaviour loneliness homeless and possibly rises in crime	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12799	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Strongly disagree. I'm also perplexed as to why you're describing libraries as a building and not a service. What are they if not a service? Much like the rest of this 'consultation' there is insufficient detail about what exactly the proposal is.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12800	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Council provided facilities should be key to a council area, not regarded as expendable.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12801	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	We need these facilities especially the elderly	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12802	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The reduction of facilities has already reached the limit.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12803	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I don't agree with reducing facilities. The communities need these facilities. How about asking the community to help with maintenance of these facilities. For example many groups which use council buildings will have an electrician, a painter etc that might be willing to provide free services. Each community building could have a committee that helps with maintenance, bookings etc?	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12804	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	the loss of community centre 's is a step to far. it will cause all sorts of social problems in the future if we lose the clubs held within these centre 's	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12805	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I totally disagree with removing facilities.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12806	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community centre transfer is not acceptable. The council is there for the good and welfare of the community. These assets were already purchased by the community through the council therefore they already belong to the people.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12807	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The council should try and keep as many assets as it can. Generating incomes from assets should be prioritised over short terms gains from offloading assets.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12808	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	As with many questions, my answer may well lie somewhere between yes and no, but if the council genuinely wishes to support local communities i do not think that there are many more facility closures that should be contemplated. Instead I think there should be a focus on maximising income from the use of these facilities.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12809	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Would depend on which buildings etc are suggested. Would not like to see the community centre close.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12810	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Already lost local swimming pools and gyms which is a big loss to the community Do not close any more community centres as these offer so many fantastic services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12811	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Stop closing facilities. So many services are being lost closing more is not the answer	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12812	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Theres not much left in this town. Stripping us of the community services is nothing short of despicable	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12813	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Stop closing community centres. These are vital for local areas	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12814	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I think closing some things is reasonable but I feel the council has closed a lot already. Community buildings are important	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12815	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Absolutely Not, selling off Public buildings is asset stripping the public. The council are caretakers they get there consent from the people and should not be making decisions on selling buildings	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12816	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community Asset Transfers are well intentioned but ultimately it's a huge burden on local people who are volunteering their time to save something that they know has vital importance to their community. It's too much and another solution needs to be found. As always it is the support and work of third sector organisations picking up the slack for the Council's actions and their is no partnership working taking place to find solutions.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12817	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I disagree with all except closing public toilets. In instances in which losing public toilets is not an issue because other toilets facilities are easily and cheaply accessible I think it is fair to close them.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12818	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community asset transfer as in offloading property so we as a nation and council areas own nothing? This is the same scam as the 'outsourcing' which in fact does not save a lot of money.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12819	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	These all need to remain, the removal would lead to lower standards and poor community spirit, I would advise to promote them more to entice people to use more,	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12820	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Do NOT close community centres. Instead make sure more community use is made of them. The community is crying out for more activities, more educational opportunities, more recreation. It just needs some effort to make it happen.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12821	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	the reduction of community services means less support for the community with a knock on impact of potential increases in anti social behaviour with a lack of outlets	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12822	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	C would be the only option I'd agree with. Community, arts and literature are vital to a well rounded and thriving community. Lose these and humanity will feel the consequences. They should be valued and protected.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12823	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Stop closing community centre 's! Look at saving money through staff. I called one of your departments to speak to the manager and was told both managers were on holiday? This wouldn't happen not happen in a private company.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12824	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Stop closing community centres	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12825	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	community centres should be kept open	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12826	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d This will not be viable in many places. Lowport Centre is managing just now but it will take a great effort for this to be sustained	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12827	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	There is already no swimming pool in Armadale the community centres are one of the few places that kids clubs operate from the fees they charge are high enough if the community centres close what are you gonna do hire out primary school halls to accommodate the loss of community space	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12828	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Disagree with: 3d	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12829	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d - don't agree with closures of sports facilities	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12830	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Disagree with community centre management by community - these are generally the only people providing activities for young people and goes against council's moral obligation to it's citizens.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12831	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Am very wary about pushing voluntary services who use community centres too hard as they are often the only people providing services for young people, often at very low cost. Unless the council is able to provide identical services then the cost of maintaining the community centres, etc. must be worthwhile. Forcing management onto voluntary organisations does not meet the council's moral obligations to it's residents.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12832	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	No trust in the councils approach to community centres	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12833	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	No — cutting facilities isn't a solution, it's another way of removing access and support from local people. West Lothian communities already face reduced visibility from departments, fewer on - the - ground staff, and slow response times. Closing toilets, libraries, or community buildings only makes life harder for residents who rely on them — especially older people, families, and those without easy transport. The problem isn't that we have too many facilities; it's that the Council isn't maintaining them properly. If buildings are underused, the answer should be to revitalise them, not shut them down. We need more local presence and accountability — not less. Cutting back physical spaces only deepens the disconnect between the Council and the communities it serves.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12834	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	No we need more community run projects.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12835	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I dont agree because its absolutely ridiculous the amount of stuff yous have sold of, I cant even go to a local swimming pool now with my children I've got to get buses to different towns and also the bus service is Broxburn is absolutely shocking and just in general the services in general are shocking now.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12836	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	No to 3d	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12837	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Don't rely on community transfer when you can't detail the cost savings.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12838	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The current council buildings are essential for our communities	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12839	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Do not agree with closure of facilities. These are essential for the community.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12840	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	No but this has already ben cut back and have lost many	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12841	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Enough services have already ceased to the detriment of local residents.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12842	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Facilities should not be removed as these serve a great amount of service to people in everyday life.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12843	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	We need these services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12844	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Key facilities are key for a reason. They should be kept at all costs where possible	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12845	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	There is barely any facilities left in West Lothian and community and accessibility to groups is absolutely vital to community and individual wellbeing	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12846	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	These services are vital to the most vulnerable. Risk having a cultural desert especially in certain areas outside of Livingston	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12847	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3 d NO	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12848	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The closure of basic council infrastructure is not sensible or viable and reduces the availability of cost effective spaces in communities.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12849	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Infrastructure savings are short term. Buildings are costly to demolish and wasteful to lay empty. They are extremely costly to replace later if a poor decision is taken now without adequate consideration of future needs.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12850	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The council should be increasing investment and opportunities for communities / young people / recreation	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12851	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	We need to keep all the (reduced already) services in the community to support all the elderly working population and the children.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12852	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Key services are already on their knees, I fail to see what else could be cut!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12853	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Repurpose the buildings but the facilities are needed	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12854	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	There is already a lack of public services and I think by reducing these further it doesn't make West Lothian an attractive place to live. There is already a difficulty in accessing services due to the geography of West Lothian.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12855	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Cutting facilities would make the areas less desirable and in turn result in reduced income in time for the council.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12856	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	These are community services that have already been substantially cut. No to taking away further	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12857	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Losing council facilities? Nobody wants that. There's barely any council facilities as it is!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12858	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	People rely on those services!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12859	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Closing down these services are easy but there could be people who use it. As long as there are people who uses the facility, we should not close it.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12860	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I believe reducing number of facilities would be detrimental to people of West Lothian and decrease community interaction and safe places for young people to be together	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12861	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The council should try and keep as many assets as it can. Generating incomes from assets should be prioritised over short term gains from offloading assets.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12862	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The loss of the community centres for the community will cause devastating results for everyone who uses the centres as a lifeline that combats loneliness, ill mental health. The council taking over the buildings will close all the clubs which are mostly ran by volunteers. I	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12863	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	It's a shame that pools and libraries have had to close. Is there no option to sell to private owners or volunteers to help run libraries, utilising libraries for more social events?	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12864	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Stop closing local facilities thus relieving pressure on the police	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12865	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	No to community centres, this should remain within council services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12866	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Also I feel asset transfer is a bit of a cop out. Making it easy for WLC to wash their hands of committee centres and when asset transfer fails because its not feasible for volunteering mngt committees to run then WLC can say closure is nothing to do with them	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12867	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Keep community centres open.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12868	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I somewhat agree with this but don't agree with the reduction of community centres. Community centres and public toilets should not be in the same option. Community centres should be invested in, some have been managed well by committees and some have been left to rot. Some committees have served their own needs and wishes for years. Put Council officers who have the skills, knowledge and experience of community work / development back in charge of them and they will flourish and so will the communities they are in. It would create opportunities for meaningful work and activities. Also ensure that the centres are accessible to all and that the services provided are relevant to the community. I would also like to see more community centres and public toilets.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12869	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Ensure there are services for children and older people. Maybe start by not closing the Community Centres.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12870	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	No to community centre closures.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12871	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	• Community Asset Transfer. For the community to benefit from the disposal of council assets those assets need to be identified, and discussions held with Community Councils / Community Development Trusts over a long period of time. Asset transfer is not a quick process. It is unlikely that the savings proposed can be realised during the financial period.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12872	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Stop calling it Community ASSET Transfer and be honest and call it Community LIABILITY Transfer as let's be honest your not transferring assets and landing liabilities on community whilst making it extremely difficult.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12873	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I think reducing the number of facilities in theory is a good idea but not at the expense of the groups using them - mainly in terms of community centres. The asset transfer issue has created a lot of stress and uncertainty for groups that use these centres, many of which are charities or small, local groups who don't have the funds to hire elsewhere if these centres close. In the world we live in, it's more important than ever that community groups have premises to continue to provide health and wellbeing boosting, fun activities.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12874	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d no community centre should be for everyone, some community groups can be cliquy	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12875	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d I do not think this is a good idea. Community centres should be ran by the council to ensure everyone is welcome. It should be the hub of the community where everyone can go. I would like to see more happen in the community centres i. e food banks, support services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12876	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Please abolish the community centre asset transfers. Our groups cannot logically afford to pay double, its unsustainable. Groups will shut. Meaning youll gave yo shut community centres.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12877	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	We need community centres, they are the hub of a community	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12878	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The loss of the Community Centers will be a big loss and current groups using these facilities may need to increase the cost which many families won't be able to afford.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12879	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	nor is there enough leisure facilities left not everyone can travel too Broxburn or bathgate these are not even central they are out with walking distance from rural towns and villages.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12880	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I do not understand why the public should fund a council building. The council should own and maintain council buildings. These will close, the public cannot afford to take this on. It is stupid that the council have built these facilities and are happy to let them go. As said previously run more groups with a charge that people can attend.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12881	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The partnership centres used to be the heart of community, with each service / centre that is closed or degraded the antisocialism on the street has increased!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12882	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The closure of community centers is a devastating move for the community. Groups of people, often from groups needing support and community interaction will be left isolated and neglected.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12883	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	You reduce public facilities and move thr problems elsewhere. Mainly onto the streets, where feral children are roaming in packs scaring the old and vulnerable	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12884	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Buildings and facilities have already been stripped to the bone. Pretty soon WLC will have nothing to offer the residents of West Lothian.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12885	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	It is vital that funding is prioritised for the services that local residents rely on every day — including local facilities such as community centres that offer Employment and Business Support. These services strengthen our communities, prevent isolation, and reduce future costs by maintaining wellbeing and safety.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12886	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Communities need their community centres.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12887	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	community centres are vital services for all ages in the community and they provide a lifeline for in particular some of the most vulnerable people in our society. community facilities need to be better advertised better signage	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12888	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Although some public facilities could be closed eg toilets, you should not reduce the number of community centres / partnership centres. These are vital to the community and should be left with the funding structure that they currently have as all money received goes back to the community and is vital to the communities that they serve.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12889	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I agree that we need to reduce some of the facilities, however, 3d would not generate revenue and will not help with the deficit. We would end up having to pay more in future years plus the stock is then not a West Lothian council tax payer asset, once it has gone it has gone and the tax payer then foots the bill at a later date. Charge community groups for the use of the facilities.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12890	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community Centres are crucial for our communities there must not be any closures and there should be a rethink on the Council taking them over. Volunteers on Management committees should never have been put in the position of being forced to take on this financial burden. Yes review and make them more efficient to run but keep community input.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12891	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Regarding community buyout of assets, There appears to have been little thinking out of the box, more an acceptance of the obvious cost cutting candidates.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12892	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	This needs to be looked at very carefully, transferring assets to the community is only a short term fix, often these assets become liabilities for those who take them on and then the council has to step back in again. There is also a democratic deficit, in that the noisy groups / organisations get a say in things, the silent majority get ignored.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12893	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes and no. A & D will affect the most vulnerable residents in West Lothian. The Community Centre review has been badly planned with insufficient support for the management committees and there's a lack of any evidence that savings will be realised. The potential loss of affordable resources for community groups would be devastating for the disabled and elderly residents of West Lothian.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12894	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Strongly disagree with community centers. They are essential for social, health and wellbeing in the local community and should not be viewed as a profit making asset. Closing them would disproportionately target the most vulnerable members of the community, the elderly and children and those less able to travel. Community asset transfer is not a viable option for small, rural communities and the introduction of council let rates will be untenable for the many local groups and clubs that use the facilities. Closure by stealth.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12895	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d - unrealistic pressure on local communities which may start off well but not guaranteed to stand the test of time. Social cost of loss of facilities could be considerable.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12896	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I do not think community groups should be allowed to run council buildings. Despite the best intentions, committee members change, individuals want to "take charge" and longer term would result in many of these buildings closing. Surely you could reduce hire fees to encourage local groups to use the spaces more.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12897	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community buildings will be a loss specially the community centres.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12898	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The business of asset transfers at community centres is a laborious subject. Ive sat in on roughly 8 community centre committee meetings about it.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12899	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Apart from my previous idea not really. But I do think that if places were closed then it would have a negative impact on people and the community overall. I also think it's unfair to transfer the responsibility to community groups unless you are funding them. most community groups cannot afford to be financially responsible for the council buildings, but these places are important for so many people of all ages, from babies up to the elderly.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12900	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community asset transfer - disastrous decision. Amount of time and money spent on this must outweigh the savings	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12901	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community centres are the hub of a community and a lifeline for many	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12902	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I don't see management groups taking on buildings ie community centres. Too much responsibility	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12903	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community Centres are a vital service. As towns and villages grow these are a great tool to integrate new residents.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12904	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Not d. Council must be most efficient manager of facilities due to economies of scale. Howden Arts Centre is an excellent facility and must be maintained. Ok to close other venues.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12905	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Braid House is a lifeline against loneliness for many pensioners in our community. It offers vital social connections through activities and support groups, combating isolation which significantly impacts mental and physical health. Funding cuts threaten these crucial services, potentially leaving vulnerable seniors without essential companionship and support networks. The center provides a safe, welcoming space where they can connect, share experiences, and feel valued. Losing Braid House means losing a vital hub for community engagement, exacerbating loneliness and diminishing quality of life for elderly residents. Sustaining its funding is crucial to preserving their social well-being and sense of belonging. The community must act to protect this invaluable resource.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12906	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Keep adult disability centres open they are a lifeline	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
12907	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	no	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
12908	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	No	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
12909	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	no	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
12910	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Not at this moment	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
12911	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	No	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
12912	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	NO	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
12913	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	No	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
12914	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	No idea, but by closing facilities you increase loneliness and isolation, remove safe places for people to go, remove public facilities particularly for disabled people. Where are young people meant to go, if we want them off of social media?	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.

No	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
12920	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Not sure	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
12921	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Sell off office space or buildings. Merge office spaces and departments	Corporate Policy and Resources	4. The council is already doing this.
12922	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Use less buildings and repurpose or use 24x7	Corporate Policy and Resources	4. The council is already doing this.
12923	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d - See Breich Village Hall and other council land there as standing rotting. 3d - Protect community centres as these are hubs in our community.	Corporate Policy and Resources	4. The council is already doing this.
12924	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d - Consider joint management models such as community group + council shared governance, instead of full handover where risk is high. Never sell assets. It will always be below market value and once sold, you can't get it back when financial situations or future expansion opportunities arrive.	Corporate Policy and Resources	4. The council is already doing this.
12925	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Would the council be willing to support groups through the process of asset transfer particularly the practical steps. Council employ someone to support with funding etc directly for long term sustainability	Corporate Policy and Resources	4. The council is already doing this.
12926	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Let the communities take on these issues they know what they are passionate about	Corporate Policy and Resources	4. The council is already doing this.
12927	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes to all of these suggestions - can some services be put out to a trust like 'Glasgow Life' rather than competing for scarce Council resources?	Corporate Policy and Resources	4. The council is already doing this.
12928	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community Groups "Let groups take over the building they use "	Corporate Policy and Resources	4. The council is already doing this.
12929	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community asset transfers can work well if groups are properly supported with training and funding. A balanced approach that combines digital access, shared multi - use facilities, and community partnerships would deliver savings while maintaining strong local presence and engagement.	Corporate Policy and Resources	4. The council is already doing this.
12930	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Retain community centres as we use these to meet people and benefit our wellbeing. It encourages us to get out the house. It's depressing staying at home every day and not seeing anyone.	Corporate Policy and Resources	4. The council is already doing this.
12931	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Retain community centres as we use these to meet people and benefit our wellbeing. It encourages us to get out the house. It's depressing staying at home every day and not seeing anyone.	Corporate Policy and Resources	4. The council is already doing this.
12932	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community Centres to be kept in the local council charged for using by all groups. A lot of community centres are old mining village buildings off historical significance to the village. Can you ask for volunteers or local companies or employee staff to start work parties to help with repairs. Sure there are a lot of handy woman and men in the villages with skills to make curtains / paint / handy person.	Corporate Policy and Resources	4. The council is already doing this.
12933	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Make full use of partnerships offering meeting rooms at competitive price levels to undercut hotels, etc and gain revenue. Make sure the spaces and facilities are well advertised.	Corporate Policy and Resources	4. The council is already doing this.
12934	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	This should be part of a council wide rationalisation of property, and new facilities should be sought with public private partnerships, in line with place - making priorities. Grouping services together allows for greater cohesion in service provision whilst giving the opportunity for the council to benefit from partnerships, secure funding for new projects and enhance its own income generating possibilities and provide one stop shops convenient for the public	Corporate Policy and Resources	4. The council is already doing this.
12935	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I support community asset transfers under proposal 3d, but it's essential that community groups receive proper support, funding, and guidance to manage these buildings effectively. Without this, the long - term sustainability of transferred assets could be at risk.	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12936	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The Council should prioritise service accessibility and community partnership rather than blanket closures. Where possible, buildings could be repurposed into multi - use hubs, sharing space between services (libraries, leisure, advice, and community groups) to maximise efficiency. Savings could also be achieved by investing in renewable energy for key sites, introducing energy - saving measures, and expanding digital delivery only where it does not disadvantage those without access. Rather than closing assets entirely, the Council could support community - run facilities	Corporate Policy and Resources	4. The council is already doing this.
12937	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Any proposal for community asset transfer should be realistic. The goal is for the council to cut costs into the long term, not to make a short term gain. Make the offered proposals to community organisations affordable so that they are within reach. In particular, consider the impact on an individual basis, eg whether after school clubs might be affected.	Corporate Policy and Resources	4. The council is already doing this.
12938	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Suggest integrating services locations while increasing remote work in order to further reduce costs with buildings.	Corporate Policy and Resources	4. The council is already doing this.
12939	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	All your abandoned buildings, sell them	Corporate Policy and Resources	4. The council is already doing this.
12940	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Yes I do believe the council should look at ways of saving and getting rid of properties and stuff like that but what about all that there are houses that are sitting about and buildings in land and stuff like that? Maybe they should sell all that stuff off instead of hitting vital services that children use.	Corporate Policy and Resources	4. The council is already doing this.
12941	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Asset transfer is all very nice but has there been / will there be support and guidance for "volunteers" to carry this out effectively and safely	Corporate Policy and Resources	4. The council is already doing this.
12942	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	You should safeguard remaining public assets and not use them as a source of revenue. The handling of Bubbles in Livingston was shameful, one of the districts best assets now sits as a car park and will soon be homes. The council should protect their assets!	Corporate Policy and Resources	4. The council is already doing this.
12943	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	See previous answer, also look to community leases to retain council ownership whilst reducing running costs	Corporate Policy and Resources	4. The council is already doing this.
12944	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community Asset transfers can be a good idea but possibly need conditions stipulated on the sale.	Corporate Policy and Resources	4. The council is already doing this.
12945	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community buildings are important, but maybe some of them could be transferred to community groups and be run by people in the community rather than the council running them	Corporate Policy and Resources	4. The council is already doing this.
12946	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The drive to offload council assets is worrying. It would be less so if the council implemented a handover / training period. Community management could be effective but it should be accompanied by training and the support of a Community Learning and Development officer trained in resource management. This would provide the scaffolding needed for success.	Corporate Policy and Resources	4. The council is already doing this.
12947	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Please don't close community centres there is little enough as it is to occupy our children which leads to bad behaviours causing the council more in clean up	Corporate Policy and Resources	4. The council is already doing this.
12948	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I think any further reductions could be a false economy. These are the kind of establishments that build community and give people places to go in the community. Stop closing these. Promote more usage and growth at all costs of these as loss of these will cause more loneliness depression crime loss of community. Promote for people 's and community wellbeing at all costs.	Corporate Policy and Resources	4. The council is already doing this.
12949	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Rent the spaces out when not in use for private functions	Corporate Policy and Resources	4. The council is already doing this.
12950	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Council - owned buildings and facilities are not simply assets on a balance sheet — they are community resources, built and maintained through public money over many years. They belong to the people, not the Council. The Council's role should be that of a caretaker or steward, managing these resources on behalf of current and future generations. Selling or transferring these buildings effectively removes them from public ownership and democratic control. Once gone, they are extremely difficult, if not impossible, to bring back into public hands. This represents a permanent loss of public ownership and community assets. Rather than reduction or disposal of public assets, the Council should explore alternative models that	Corporate Policy and Resources	4. The council is already doing this.
12951	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Instead of closing local facilities, the Council should explore ways to make better use of them. Many community spaces could be shared between services, voluntary groups, and local businesses to generate income while keeping them open. Investing in energy efficiency measures like solar panels or better insulation could also cut running costs long term. The Council could work with communities to identify underused spaces and promote them for local events, training, or support services. Protecting local facilities supports wellbeing, reduces social isolation, and keeps money	Corporate Policy and Resources	4. The council is already doing this.
12952	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Transferring to community groups may have benefits but we have the existing resources available that we choose no to use. A typical example would be to run a cooking group for families with a creche and possible transport to help encourage participants attendance. How many council buildings could facilitate this? How many of them have appropriate rooms lying empty that could be booked for free by existing departments? We could invite or refer the most isolated council residents out of their home for a wholesome nurturing group beneficial for all the family. Working in partnership with community groups instead of pulling out completely is more inclusive and more responsible for West Lothian residents.	Corporate Policy and Resources	4. The council is already doing this.
12953	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Stop closing community centres. The council running these has now an increased cost	Corporate Policy and Resources	4. The council is already doing this.
12954	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	community centres run after april 1 2026 should only be open until 8pm at nights (some buildings are open until 10pm for a handful of people who pay minimum rates per hour, this is not cost effective) and only on weekends when the groups agree to pay ALL heating, lighting, janitorial and cleaning fees per hour. the janitor would be doing this as overtime (paid by the letting group) which would also lower their shift allowance paid for by the council, this allows the janitors to replace their lost shift allowance with overtime payments made by the groups, which also means the council has staff coverage at no extra cost to themselves. Now figure out how many Janitors are in community centres and figure out how much you could save per year	Corporate Policy and Resources	4. The council is already doing this.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12955	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Help the community centres as they help to keep some kids off the street and give the older ones somewhere to meet others.	Corporate Policy and Resources	4. The council is already doing this.
12956	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I think we need to keep community centres operational for the well being of the public	Corporate Policy and Resources	4. The council is already doing this.
12957	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Management committees could be asked to contribute a percentage of income to WLC while retaining some for charitable work they are required to do if OSCR. Also look at ways of saving on heating costs.	Corporate Policy and Resources	4. The council is already doing this.
12958	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Encourage usage of existing community buildings by local or national touring groups offering entertainment, support & assistance to existing community services..	Corporate Policy and Resources	4. The council is already doing this.
12959	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	You should find additional ways to use existing facilities. The community needs more groups for children / teenagers, the elderly, and those struggling, to engage with others, find help and find ways to contribute.	Corporate Policy and Resources	4. The council is already doing this.
12960	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Closing community facilities should always be the last resort, as these spaces are often lifelines for vulnerable people and local groups. Instead of closing buildings or reducing access, the Council could explore: • Encouraging volunteering or social enterprise models where appropriate, to keep facilities active and community - led. Protecting community access supports inclusion, wellbeing, and early intervention — all of which reduce pressure (and cost) elsewhere in the system.	Corporate Policy and Resources	4. The council is already doing this.
12961	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Make it readily available for all groups in local area Advertise the space better	Corporate Policy and Resources	4. The council is already doing this.
12962	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I do not believe in asset transfers. The Council must be able to manage community assets most efficiently due to economies of scale.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
12963	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Selling is a short term solution which never brings as much profit as it should. Once you sell an asset you will never be able to afford to buy it back. Lease instead and try to be more strategic with the partnerships you go into. I have seen a few asset transfers happen and they are never truly to Council benefit. Leases are full of holes, the Council isn't strict with anything and things get agreed at a higher up level without much consideration of operations on the ground.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
12964	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Close down partnership buildings.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
12965	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I do support asset transfer to community groups but don't believe we should be closing council facilities - we should be growing or at least maintaining them	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
12966	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The sell of public assets should be discouraged. It's short term savings do not outweigh the assets value.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
12967	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Do not cut more community centred, reduce hall hire in community centres to encourage more to take up all hire for classes.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
12968	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Close smaller buildings and make a large one	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
12969	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d - Is there no opportunity to generate revenue from these buildings?	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
12970	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	transfer buildings including Burgh Halls to community trust - maximise asset transfer and community empowerment;	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12971	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Leisure centres are important for the community however it'd be worth while reuse any closed centres or repurpose those properties!!	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12972	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Selling old, unused or underused stock could help save money but it is limited in cost savings as asset sales will only help in the short - term. Longterm lease backs could also be used for some buildings where they are still required.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12973	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Messaging around the communities getting more involved in the maintenance of their partnership centers. If it volunteering expected you need to do a proper campaign to get people invested.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12974	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	recycling hubs where people can donate items others can use, neighbourhood maintenance where locals team up to street cleaning, toilet cleaning etc, fair funding community groups only need small grants for start ups, provide community asset transfers rent council buildings for a hundred pound or less a year, the onus is not on saving money rob Paul to pay peter, it's re imagine how run community led facilities not micromanaged by council but they check just for quality, support and safeguarding by council, the changes should benefit the residents of each town city,	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12975	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Support Community Asset Transfers with realistic funding and energy upgrades.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
12976	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I agree with reducing the number of facilities if not in regular use but I disagree with cutting services. Could facilities be shared with various services?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12977	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I am a supporter of asset transfer but the process is very daunting for local people who might wish to give of their time to ensure certain facilities remain available - can anything be done to simplify the process or to support local groups in the early stages of a transfer until they find their feet and reach sustainability.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12978	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Instead of outright sale, rent out these facilities to generate income that would be used to manage the properties.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12979	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I believe that advertising the services and increasing the offering of the local community centres would be more beneficial to the communities they serve. We have not made the best use of these buildings and some of the rules around their use means that many users end up looking elsewhere for places to hold events or meetings. An example was a friend who booked a local centre to hold a Christmas Party but was unable to bring drink into the building as there was not a license to serve drink on the premises so they decided to go elsewhere and the centre lost the booking. There should be an option for users to apply for a drinks license for parties which would allow more people to make use of the centre. Closing facilities will I think be very detrimental in the long run.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12980	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community building are important to the local residents and should be kept and cost cutting ways to make them More cost effective would Be a better plan, using the facilities as events space and charging for the use of rooms and providing More flexibility and events for the community that way the events can make money for the council due to charges for the events	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12981	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Use the buildings better. Hire rooms instead of having them empty most of the time.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12982	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Buildings as mentioned before rent oil spaces - whole or part	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12983	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Give Libraries and Registration their own social media presence.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12984	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Close all libraries no later than 6pm especially the ones that open at the moment until 8pm with little or no footfall this would save on heating and lighting costs	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12985	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Advertise properly using social media any activities within libraries to increase footfall to the buildings and encourage more community activities	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12986	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The area I live in already has next to no facilities. There is nothing left to loose. I presume the community centre, closed because of raac construction, will not be replaced. We have got used to this loss. Could there be room in other community facilities for what used to take place in the community centre. Either of the schools or the health centre or even the old school building now used for small businesses.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12987	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Some services could share Community facilities rather than being in the civic centre. The council has three services made up of community education workers who would be best placed to be based in Community centres and their skills, knowledge and experience would develop these facilities back into vibrant community hubs which serve the needs of the community. You only have to look on local media pages to see that people are crying out for opportunities to connect, however proposed CAT Transfer will force a situation of bottom line over peoples needs and this is so wrong. You literally employ people who could manage and develop these buildings with the communities need at the heart AND use the space to house staff reducing costs elsewhere.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12988	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	If buildings are not well used they should be closed. It has been ridiculous that so much time has been spent on reviewing community centres when it was evident from the start that some are really well used and other badly under used. Just take a decision based on the information and the evidence.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12989	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	There are already very few council services like this in the area. Perhaps consider reducing opening / operating times rather than full closure?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12990	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I have put no but I understand the need to reduce costs and make better use of buildings, but this must be done in a way that protects local access. Many people, particularly older residents or those without digital access, still rely on physical spaces like community centres. The Council should explore shared - use models and community ownership before deciding to close any facilities outright.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12991	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Make use of building availability per area	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
12992	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I cant think off a better way than yours already do your wack	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12993	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Make the community asset transfer or leasing options more attractive and accessible / acceptable to community groups.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12994	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Will community groups receive a decent budget to operate their own groups and facilities independently? It's vital they receive enough financial support as well as guidance on how to do this successfully.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

12995	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community Asset transfers = the council being charged to use rooms and facilities to reach some of our customer base. This might be cheaper than running a building but it costs services that don't have budgets for room hire. More importantly it costs communities from receiving much needed services if we can't pay the lets. This needs to be considered / reviewed - it's mind boggling that we need to pay for meeting spaces in some partnership centres. Ultimately this may make more financial sense in terms of getting buildings that are expensive to run off the budget but it is definitely impacting on our ability to deliver effective services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12996	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	St present all the services for the seniors appear to be cut from local cafes and gardens and health and recreation facilities being closed council staff relocated but facilities not sold and lie empty but still serviced,? this does not make fiscal sense to the community	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12997	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I think you have to be careful because some people rely heavily on community services. Some are lifelines for people so you have to think about the impact you will have on them and give them an alternative	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12998	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	this will depend on what the building is being used for, if its not being used then closing the building / service and moving to somewhere would be financially a good idea. If it is being used by local people / services to support local people then dont close it.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
12999	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The cost of living has certainly gone up but residents in West lothian still need community based project 's ie community centres, Day centres for the elderly and I am sure people in west lothian many couldn't afford to pay for private gyms swimming pools etc or private day care they want to see value for money through their council tax but Wlc at the moment are hell bent on closing community centres etc	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13000	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Transfer of assets to community groups will be fraught with danger. There will be no guarantee of continuity or competence of management groups. Council services should be delivered by council employees or not at all.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13001	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Asset transfer needs to be done in a better way as these buildings require a lot of repair and up keep.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13002	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community centers should be kept open and cafes in sheltered housing. Asset transfer hadn't been done well and the buildings should be sold at a higher price for community protects	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13003	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	A community cafe which washing its face could be a real asset, surplus generated could be allocated to supporting low income or feeding hungry kids. Cutting services should be limited specially when they impact mental and physical health as the consequences are most costly	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13004	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Consider alternative opening at Country Park Visitor Centres: - should Almondell (limited revenue generation) only be open spring & summer or do you sell off the Visitor Centre & its garden as a potential business opportunity (council may need to invest initially to address current issues on site), - one of the roles at Beecraigs is successfully managing the caravan & camping site facilities for income generation throughout the year (as well as other income generating functions with Ranger Service support) and could remain as WL 's flagship visitor centre for country parks / open spaces.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13005	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Question WL capability to efficiently manage community asset transfers / trusts without significant officer support, financial support, initial property investment costs pre - hand over e. g. Polkemmet Visitor Centre now primarily occupied by WL Leisure, business tenants & residents but buildings in appalling condition due to failure by Property Services to maintain to acceptable standard	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13006	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	You need to be careful you don't sell off assets cheaply especially if you end up having to rent premises in the future	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13007	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Facilities and services for the vulnerable and disabled should be protected and improved. It's ok for most people to travel a little further for facilities but it could make it much harder for the disabled / vulnerable.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13008	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community Asset Transfer must not shift responsibility onto unsupported volunteers. Once lost, community facilities are expensive to rebuild. Protecting local spaces supports wellbeing, learning and prevention.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13009	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	got to keep at least one hall in villages, take token fees not large, 50p or £1. public transport should be the same 50p or £1 a day. helps cover costs freeing up funds for councils can't do it all free. look into every area do time and study on jobs, u will find to many doing nothing	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13010	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I can understand the closing of buildings and combining with other centres providing there is actual realistic space for staff to use, provide services to local communities.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13011	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	But non essential services like community centres,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13012	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Facilities are in poor state of repair and offer very little	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13013	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I think the council should be able to budget better. West Lothian had lost enough services due to money been spent elsewhere. Blocks of flats in armadale for 1 example	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13014	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Facilities have already been stripped to the minimum.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13015	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	As before. Stop selling out WL.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13016	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The cuts already made have a detrimental effect on the lives of people in West Lothian, particularly pensioners and children, although there is not much for young adults to do either.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13017	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	You are letting down the whole community even entertaining these ridiculous ideas.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13018	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Costs aside, the public will suffer.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13019	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Services in the community for the community have been proven to impact quality of life, including health, wellbeing, pride and more tolerant societies. They have the potential to increase citizenship and responsibility within communities. They can be asset building in West Lothian rather than making a quick buck from cutting services and disposing of assets. More partnership and collaboration can occur in these areas.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13020	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Reducing public services means there is little benefit to general west Lothian public who pay council tax.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13021	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Development centres aren't as many to help support people and don't have the right funding.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13022	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community Asset Transfer otherwise known as selling off stock at well below market value for purposes not conjusive with community wishes, is never a good idea or a sensible financial move.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13023	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community asset transfer! In other words selling off assets for way under their market value for uses not conjusive with ordinary peoples wishes.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13024	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	You have no budget to make asset transfer feasible, despite the fact that it will save the Council financially as well as community benefit. This Council is the only council with no budget to enable CAT. Whatever happened to participatory budgeting? The community would ensure that they get the money spent on the service / projects they support. Not the farce that is Community Choices	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13025	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community Centres are a vital service. As towns and villages grow these are a great tool to integrate new residents.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13026	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Will community groups be able to apply for funding for their services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13027	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Providing a higher quality of service to encourage use of facilities	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13028	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	We need local facilities	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13029	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Leisure and arts are important and have already been degraded beyond the level I feel is acceptable. To a large part of the population without children, this and waste collection are the only council services we receive.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13030	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Closing community centres or transferring ownership could also impact community groups providing vital services as rents are either full and or very informally especially for charitable / not for profit eg brownie units.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13031	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I have been working with supported employment and without there help I wouldnt have known about services or support, Reduces these services again only makes it more difficult for us with disabilities.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13032	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	These support groups are needed in the public	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13033	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	facilities are essential	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13034	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I don't agree that community centres should close. They are essential to the community.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13035	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Local places help me feel confident and supported. If buildings close, it will be harder for me to get help and stay involved.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13036	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community Centres are a vital resource for members of the community.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13037	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community services are important for keeping people safe	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13038	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	In respect of transferring community buildings to the community. You have not given them adequate time to try and resource funding etc in order to do so. You the council closing these facilities only worsens the loneliness many people of all ages experience.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13039	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	All of these suggestions will have a negative effect on the lives of residents, however the Council Executive don't seem to see this with the current nonsense over community centres, and preventing all of the councillors from having a say in this with only the exec having already made their mind up. Nonsense!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13040	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I understand saving, but our council is large. The risk is that some community will be unsupported	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13041	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Making savings from getting rid of assets leaves you with nothing in the end. Your strategies are infantile	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13042	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Convert the users for these unused buildings instead of giving them away to developers who will only rent them back to the council in the future at an increased cost.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13043	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d. Too vague. Getting rid of liabilities sounds like a good idea. Gifting public buildings and facilities is not right.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13044	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	What are we paying taxes for if all the facilities we use are being closed or removed	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13045	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community centres, are a lifeline to elderly people who may feel isolated and to families on low incomes who can't afford to have days out	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13046	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Public facilities facilitate a community. Take these away and communities will feel the impact. Social events and provisions for communities create inclusion.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13047	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Stop the boats crossing the channel, close the migrant hotels and HMO's, deport anybody that is in he country illegally. We can't afford it anymore.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13048	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	first off all your not trustworthy enough to carry this out, selling property that ends up costing us more because of blind promises and your not held to account	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13049	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	have teams meetings for elected candidates instead of using public buildings ie community centres close all community centres. sell off all community centres.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13050	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	your already shutting down too many community centres	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13051	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	You don't consider the oaps and youth who use community centres	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13052	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Council facilities are a lifeline for many people, especially the most vulnerable in our communities. If it's not economically viable for the council to run community facilities, then how viable is it for community groups to take on assets and actually make enough money to keep up maintenance and programming for the long term?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13053	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Com Centres - only places delivering clubs / activities. Services like over 50's is too expensive	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13054	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community asset transfer is so complicated and requires a massive commitment on the part of the committee appointed to run these facilities as well as the exorbitant cost of council supplied services that this is simply not feasible in most cases - options given to interested parties is very rigid, with no negotiations or alternative solutions with the Council allowed	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13055	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The council has closed swimming baths now they want to close community centres there is nothing for the young ones to do in West Lothian	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

13056	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	As i mentioned many of the points of contact to deliver services and early intervention are done via community groups and community centres such as adult basic education mother and toddlers youth groups elderly womens and mens health such Andy man club childrens clubs youth clubs Therefore if you move the responsibility of community centre to management committees we will lose these early intervention services point of access thus possible increase the load onto the youth criminal justice system social work children and families housing due to homeless. Many of these community groups run outwith council and school hours and are within each of local communities rather than being based in the livingston area which can be a barrier due to transport issues for people to access. I belive that some of these cuts or changes are a false economy which store up more issues for communities and people which have an impact on council via other social issues / services such as homeless employment et	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13057	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Should be fully funded by Scottish Government.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
13058	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	But this should not include community centres that provide a life line to some of the poorest in our community. The West Lothian Bike Library is and example of successfully helping the local community. Caths cafe allows the locals to gather and prices are very reasonable these types of centres need to be valued by the council as positives for mental wellbeing.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13059	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3d -?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13060	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Question WL capability to efficiently manage community asset transfers / trusts without significant officer support, financial support, initial property investment costs pre - hand over e. g. Polkemmet Visitor Centre now primarily occupied by WL Leisure, business tenants & residents but buildings in appalling condition due to failure by Property Services to maintain to acceptable standard	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13061	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Consider alternative opening at Country Park Visitor Centres: - should Almondell (limited revenue generation) only be open spring & summer or do you sell off the Visitor Centre & its garden as a potential business opportunity (council may need to invest initially to address current issues on site), - one of the roles at Beecraigs is successfully managing the caravan & camping site facilities for income generation throughout the year (as well as other income generating functions with continued Ranger Service support) and could remain as WL 's flagship visitor centre for country parks / open	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13062	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	some facilities might provide key local facilities to the surrounding community, like Crofthead Centre in Dedridge for example. Maybe not the right place but there is room here to insert this comment.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13063	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	but only where the sell off of council property and and benefits the whole community, not just for private builders to build and make huge profits, and only building a token amount of social housing.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13064	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I said yes but it would depend on what buildings were to close and what impact it would have on people using them as you wouldnt want it to impact on peoples jobs or the services or options for members of the public	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13065	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Many disabled residents rely on local facilities for accessibility, support, toilets, and safe spaces. Moving services online or reducing buildings risks excluding people who cannot always use digital services or travel far due to mobility issues or mental health needs. Community buildings are lifelines, not luxuries	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13066	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	There is so much of the civic centre that is not utilised etc. taking local centres away that support the communities or the youth that desperately need it!	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13067	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	3C where do people go when the partnership centres are closed?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13068	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Will there be income raised from the council owned community centres (once back under council control?)	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13069	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	What a stupid question!!!!!! If a building is empty or not in use then sell it, if it is used for vital services then don 't. Was this consultation pulled together by children?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13070	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	No but once they are gone then that 's it. Convert them to something else if possible but keep in council ownership	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13071	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Community buildings such as community centres are essential hubs for the community and can help youths access activities rather than being on the streets and being drawn into youth crime and antisocial behaviour	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13072	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	The lack of community centres is unreal. Things likes scouts / brownies / exercises classes / dancing and other clubs are all key to communities. Taken these away or reducing them is really impacting the community, and making people more lonely with lack of socialisation.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13073	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I don 't see management groups taking on buildings ie community centres. Too much responsibility	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13074	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	I do agree that some buildings can be reduced or consolidated but transfer to community trust as an example only works in limited circumstances. Many community groups will close as the cost of buildings are unaffordable for local groups who also do not have the necessary skills to manage and maintain the buildings.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13075	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Many people rely on community and partnership centres as well as many public services which support the residents	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13076	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Decisions should be based on local need. Village halls in places like philpstoun are the only place for people to meet.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13077	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Cutting all community facilities will increase antisocial behaviour and isolate a large number of the community who rely on those services	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13078	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	will the option at 3d really help the council make money?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13079	Theme 3- Reducing the Number of Council Facilities	3d - Continuing to support groups in the delivery of community asset transfer, where the ownership and operation of Council buildings and facilities are transferred to community groups to deliver the services they choose.	Interesting how services are closed in poorer communities but expanded in places like Winchburgh it seems like your policy is that those who have should get more and those who don't have will get the little they have taken away.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
13080	Theme 3- Reducing the Number of Council Facilities	General Comment	All non essential expenses should be reduced or cut	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13081	Theme 3- Reducing the Number of Council Facilities	General Comment	Join teams together, make one large team rather than 2 - 4 buildings	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13082	Theme 3- Reducing the Number of Council Facilities	General Comment	Workforce reduction	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13083	Theme 3- Reducing the Number of Council Facilities	General Comment	Once again reduce managers, for each department who use the same building. Closing public building is a no no	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13084	Theme 3- Reducing the Number of Council Facilities	General Comment	West Lothian Council should not run a subsidised wedding venue (Burgh Halls) in competition with the private sector. This does not support Council values, and is an inappropriate use of public funds.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13085	Theme 3- Reducing the Number of Council Facilities	General Comment	I mentioned that in the previous post as I wasn't aware you had this question - yes! We are in a huge empty building that we are not fully utilising - downsize!	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13086	Theme 3- Reducing the Number of Council Facilities	General Comment	Old building and land not bring use should be sold, Or assets transferred to local community groups who will use this space to give back to the community.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13087	Theme 3- Reducing the Number of Council Facilities	General Comment	closure of non viable buildings and or shared ownership where the council is not liable for total cost	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13088	Theme 3- Reducing the Number of Council Facilities	General Comment	Property rationalisation and staff working from non council premises more	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13089	Theme 3- Reducing the Number of Council Facilities	General Comment	Provided the services are still accessible to people this is worthy of consideration. Many buildings are very large and if they are not at capacity they are a potential drain on resources.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13090	Theme 3- Reducing the Number of Council Facilities	General Comment	No point on premises being under used and costing a fortune, let them go and save money, sell on under used premises to public	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13091	Theme 3- Reducing the Number of Council Facilities	General Comment	There is far to many old buildings empty or under used that could be sold off also amenity land, advertise land to house owners bring in money for the land and save on upkeep	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13092	Theme 3- Reducing the Number of Council Facilities	General Comment	Consolidate council offices and ensure remaining buildings are suitably utilised.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13093	Theme 3- Reducing the Number of Council Facilities	General Comment	Reduce number of council buildings and vehicles that just lay about	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13094	Theme 3- Reducing the Number of Council Facilities	General Comment	The council should focus on service delivery, rather than bricks and mortar. spending scarce resources on maintaining old, inefficient buildings of which there are to many is a poor solution. WLC should seek to maximize the use of its buildings to accommodate a reduction as long as service delivery remains at the heart of solutions.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13095	Theme 3- Reducing the Number of Council Facilities	General Comment	Reducing services is never good, but it's a better way to balance than increasing costs.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13096	Theme 3- Reducing the Number of Council Facilities	General Comment	Yes, you should close some buildings, but not any more libraries or swimming pools.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13097	Theme 3- Reducing the Number of Council Facilities	General Comment	Sell or let out buildings with minimal use to generate income.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13098	Theme 3- Reducing the Number of Council Facilities	General Comment	I think they should shut down old buildings to save more money	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13099	Theme 3- Reducing the Number of Council Facilities	General Comment	Don't need all these empty buildings laying vacant	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13100	Theme 3- Reducing the Number of Council Facilities	General Comment	Shut the buildings but keep staff and use one of the other buildings	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13101	Theme 3- Reducing the Number of Council Facilities	General Comment	Reduce number of Council buildings where they are under used or no longer needed.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13102	Theme 3- Reducing the Number of Council Facilities	General Comment	Reduce number of Council buildings.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13103	Theme 3- Reducing the Number of Council Facilities	General Comment	Asset Reviews: Sell / repurpose underused properties (e. g., old depots) —£1m + one - off, plus ongoing £200k from rentals. Freezes need for tax - funded maintenance.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13104	Theme 3- Reducing the Number of Council Facilities	General Comment	I've already suggested. Make also better use of all listed building the council owns so people, businesses can rent and use them for different courses, events etc	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13105	Theme 3- Reducing the Number of Council Facilities	General Comment	Close all stand alone libraries. The ones that are in partnership providers are adequate and in the majority of towns.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
13106	Theme 3- Reducing the Number of Council Facilities	General Comment	You can't put a price on the impact of cutting public facilities	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13107	Theme 3- Reducing the Number of Council Facilities	General Comment	There is very little left to cut	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13108	Theme 3- Reducing the Number of Council Facilities	General Comment	AI and digital access is surely the way forward, but the council have reduced the number of facilities significantly at present so further reduction should be delayed for at least 5 years.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13109	Theme 3- Reducing the Number of Council Facilities	General Comment	Feel there is hardly anything left for people	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13110	Theme 3- Reducing the Number of Council Facilities	General Comment	It's disgusting that you have actually gone out your way to stop and burn down 3 swimming facilities which have been established for over 40 years with Broxburn's swimming pool now a site for more private housing association houses with lots of more council tax! I'm sorry but your plans could save more if you just weren't so top heavy in terms of staff wages and silly projects like reframing our children in line with United Nations rights for children that no parents were ever consulted on and were never given a chance to say no to SDG 1 - 16 goals where we will have little or no people	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13111	Theme 3- Reducing the Number of Council Facilities	General Comment	Disagree - council should not dispose of buildings that provide front facing customer services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13112	Theme 3- Reducing the Number of Council Facilities	General comment	The community needs facilities especial teenagers and taking these away is giving teenagers more ammunition to cause trouble. Raising money for one topic at a time to spend on that aspect to save it and show the community what the moneys used for... is all about giving and relieving	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13113	Theme 3- Reducing the Number of Council Facilities	General Comment	On e abain everything grouped together. I am against further closing of facilities	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13114	Theme 3- Reducing the Number of Council Facilities	General Comment	Enough buildings and facilities have been closed over recent years	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13115	Theme 3- Reducing the Number of Council Facilities	General Comment	Community spaces should be retained where possible... the detrimental effects of isolation and loneliness without them create a false economy, what you save here will increase health related costs later. Whilst digital first is the way to go, this must be accompanied by digital inclusion initiatives to ensure the inequalities gap is not further widened. Community spaces such as libraries are vital for this, for myriad reasons that extend beyond a place to interact with books but to lay foundations for people to better manage their life, health and social and emotional wellbeing.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13116	Theme 3- Reducing the Number of Council Facilities	General Comment	There are few facilities in my area so closing those still here would be terrible	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13117	Theme 3- Reducing the Number of Council Facilities	General Comment	I don't really agree with reducing more local facilities. I understand the Council is under pressure to save money, but it feels like communities keep losing important places like libraries, leisure centres, and public toilets. These are things people rely on, especially older residents, families, and those without easy access to transport. I think the main problem is that local councils aren't getting enough support from the government. Instead of closing more buildings, the government should be giving councils more funding so services can be kept local and accessible.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13118	Theme 3- Reducing the Number of Council Facilities	General Comment	Split services eg advice shop staff so all partnership centres have easy access to advice saving customers time and effort going into Bathgate	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13119	Theme 3- Reducing the Number of Council Facilities	General Comment	again we the public have to suffer	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13120	Theme 3- Reducing the Number of Council Facilities	General Comment	Local buildings give young people safe places and support. Closing them would make things harder.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13121	Theme 3- Reducing the Number of Council Facilities	General Comment	A lot of ex council properties end up being resold to the council.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13122	Theme 3- Reducing the Number of Council Facilities	General Comment	But you shouldn't be closing community centres, especially in outlying villages where there is nothing.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13123	Theme 3- Reducing the Number of Council Facilities	General Comment	Biggest concern here is closing of community centres, these are the hub of many villages and the only source of socialising for some elderly and young groups.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13124	Theme 3- Reducing the Number of Council Facilities	General Comment	Please don't close community centres. These are important for communities.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13125	Theme 3- Reducing the Number of Council Facilities	General Comment	Community Centres should not be closed as these provide vital support to members of the community.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13126	Theme 3- Reducing the Number of Council Facilities	General Comment	Too much impact on valuable services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13127	Theme 3- Reducing the Number of Council Facilities	General Comment	Please keep community centre's,	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13128	Theme 3- Reducing the Number of Council Facilities	General Comment	Libraries are essential and can provide a life line.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13129	Theme 3- Reducing the Number of Council Facilities	General Comment	False economy here - closing facilities will lead to greater costs in the future - for instance reducing the recycling centres hours has resulted in more fly tipping	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13130	Theme 3- Reducing the Number of Council Facilities	General Comment	You talk about introducing a visitors levy? With no facilities and West Lothian looking like a total [XXXX] hole who the hell would want to visit? Nothing nice to look at or visit!!!!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13131	Theme 3- Reducing the Number of Council Facilities	General Comment	Facilities across West Lothian are already declining. We need to ensure we have a good infrastructure in place for those living in West Lothian.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
13132	Theme 3- Reducing the Number of Council Facilities	General Comment	Already commented on council facilities	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
13133	Theme 3- Reducing the Number of Council Facilities	General Comment	Yes and no there may be other schemes / rental of these buildings out to other businesses	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13242	Theme 3- Reducing the Number of Council Facilities	General Comment	There appears to be vacant desks at WL Civic Centre in Livingston these could be utilised for private companies and bring in income. Workers could work from home more as some services are not making use of this. Bring in a four day week.	Corporate Policy and Resources	4. The council is already doing this.
13243	Theme 3- Reducing the Number of Council Facilities	General Comment	If home working was brought in on a permanent basis, this could save on building space and reduction in buildings	Corporate Policy and Resources	4. The council is already doing this.
13244	Theme 3- Reducing the Number of Council Facilities	General Comment	Yes but the provision of public toilets is an important issue Introduce more working from home to reduce building capacity or rent out the excess space to generate income	Corporate Policy and Resources	4. The council is already doing this.
13245	Theme 3- Reducing the Number of Council Facilities	General Comment	More home working less council buildings	Corporate Policy and Resources	4. The council is already doing this.
13246	Theme 3- Reducing the Number of Council Facilities	General Comment	Staff working from home is a very positive solution to then close some of the office space, surely this would be a sensible solution	Corporate Policy and Resources	4. The council is already doing this.
13247	Theme 3- Reducing the Number of Council Facilities	General Comment	Only keep buildings that are necessary for specific work such as roads / environment etc. Offices should all be amalgamated into the larger buildings and introduce FT work, hybrid and homeworking options for staff. That way you will always have enough room in the buildings that remain. Sell property on for housing and this helps to alleviate the housing demand within the county either through receiving some properties form builders or using existing buildings to convert to housing.	Corporate Policy and Resources	4. The council is already doing this.
13248	Theme 3- Reducing the Number of Council Facilities	General Comment	Transparency around how council taxes are spent.	Corporate Policy and Resources	4. The council is already doing this.
13249	Theme 3- Reducing the Number of Council Facilities	General Comment	Allow home working and reduce the need for office space	Corporate Policy and Resources	4. The council is already doing this.
13250	Theme 3- Reducing the Number of Council Facilities	General Comment	make everyone work	Corporate Policy and Resources	4. The council is already doing this.
13251	Theme 3- Reducing the Number of Council Facilities	General Comment	Some council buildings are still empty due to staff working from home, this should either be removed so everyone is back at the office as at the moment it depends on your management and is not consistent or areas of building s could be rented out as workspace.	Corporate Policy and Resources	4. The council is already doing this.
13252	Theme 3- Reducing the Number of Council Facilities	General Comment	Allow staff who wish to work from home, this would reduce costs greatly	Corporate Policy and Resources	4. The council is already doing this.
13253	Theme 3- Reducing the Number of Council Facilities	General Comment	Officer costs. Could staff work from home in some cases.	Corporate Policy and Resources	4. The council is already doing this.
13254	Theme 3- Reducing the Number of Council Facilities	General Comment	Are there positions in the council where more staff could be home based (if they chose) freeing up space to utilise for other services etc.	Corporate Policy and Resources	4. The council is already doing this.
13255	Theme 3- Reducing the Number of Council Facilities	General Comment	Continue to support home working for staff where they are not front line workers	Corporate Policy and Resources	4. The council is already doing this.
13256	Theme 3- Reducing the Number of Council Facilities	General Comment	Only spend what you need to as the ordinary public have none to spare.	Corporate Policy and Resources	4. The council is already doing this.
13257	Theme 3- Reducing the Number of Council Facilities	General Comment	Downsize buildings and support work from home	Corporate Policy and Resources	4. The council is already doing this.
13258	Theme 3- Reducing the Number of Council Facilities	General Comment	review and reduce absenteeism, video conference instead of travel, save money on computer software.	Corporate Policy and Resources	4. The council is already doing this.
13259	Theme 3- Reducing the Number of Council Facilities	General Comment	speak to residents before making decisions	Corporate Policy and Resources	4. The council is already doing this.
13260	Theme 3- Reducing the Number of Council Facilities	General Comment	Try not to spend it on not useful things	Corporate Policy and Resources	4. The council is already doing this.
13261	Theme 3- Reducing the Number of Council Facilities	General Comment	Use volunteers	Corporate Policy and Resources	4. The council is already doing this.
13262	Theme 3- Reducing the Number of Council Facilities	General Comment	More online resources	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13263	Theme 3- Reducing the Number of Council Facilities	General Comment	Reduce the number of inefficient staff roles. For examples, regeneration officers. It is a complete mystery what they do.	Corporate Policy and Resources	4. The council is already doing this.
13264	Theme 3- Reducing the Number of Council Facilities	General Comment	An Independent audit of West Lothian councils finances and again local taxes go directly to the West Lothian councils finances	Corporate Policy and Resources	4. The council is already doing this.
13265	Theme 3- Reducing the Number of Council Facilities	General Comment	Cut out claiming expenses for travel abroad to training programs ans over night stays	Corporate Policy and Resources	4. The council is already doing this.
13266	Theme 3- Reducing the Number of Council Facilities	General Comment	WLC should not reduce facilities or services. Streamline staff at management level, not frontline	Corporate Policy and Resources	4. The council is already doing this.
13267	Theme 3- Reducing the Number of Council Facilities	General Comment	Employ staff with relevant qualifications and experience.	Corporate Policy and Resources	4. The council is already doing this.
13268	Theme 3- Reducing the Number of Council Facilities	General Comment	The question you should be investigating is why council tax payers are giving more but you only consider savings that reduce services. Get rid of the wastage inefficiency in the Council working practices from the bottom to the top	Corporate Policy and Resources	4. The council is already doing this.
13269	Theme 3- Reducing the Number of Council Facilities	General Comment	Lights should be off at night, heating controlled by people in each building / dept, vans not going home with workers (using diesel / petrol to ferry themselves / family n friends around out of work hours) Workers actually working not sat in their vans, other than at lunch time	Corporate Policy and Resources	4. The council is already doing this.
13270	Theme 3- Reducing the Number of Council Facilities	General Comment	Efficiency savings are much more important than reducing public facilities. These have already been applied in several closures and once again the public are suffering. Council workers and councillors still working, earning and this isn't right.	Corporate Policy and Resources	4. The council is already doing this.
13271	Theme 3- Reducing the Number of Council Facilities	General Comment	Permitting working from home to reduce office space usage would be reasonable.	Corporate Policy and Resources	4. The council is already doing this.
13272	Theme 3- Reducing the Number of Council Facilities	General Comment	Reducing facilities while increasing the tax isn't meaningful. There has to be newer ways of efficiencies than cutting facilities which the residents of the council pay for through their taxes. Rather than one of consultation, there needs to be a way for residents to provide feedback immediately following any WLC process or facility that they are part of or have just received. This will provide far more meaningful feedback on each service and can generate ideas for binning in efficiencies to cut costs.	Corporate Policy and Resources	4. The council is already doing this.
13273	Theme 3- Reducing the Number of Council Facilities	General Comment	WLC acts as if it is bound by outdated, stale ways of working. Come up with new ideas! Have partnership models with communities but invite ideas and proposals. Find out who has the skills, energy and time to provide high - value volunteering, and try to be an exemplar for other Councils. Take the lead, think big.	Corporate Policy and Resources	4. The council is already doing this.
13274	Theme 3- Reducing the Number of Council Facilities	General Comment	Rather than building entire new schools, look at making existing schools fit for purpose, particularly primary school toilets which are often vile, and do not encourage children to use them appropriately.	Corporate Policy and Resources	4. The council is already doing this.
13275	Theme 3- Reducing the Number of Council Facilities	General Comment	Poorly maintained buildings means pumping out money every day on heating that just goes straight out the door.	Corporate Policy and Resources	4. The council is already doing this.
13276	Theme 3- Reducing the Number of Council Facilities	General Comment	Greater use of the school estate out of hours would cover many of these issues.	Corporate Policy and Resources	4. The council is already doing this.
13277	Theme 3- Reducing the Number of Council Facilities	General Comment	again utilising school buildings as community space. ie school gym halls	Corporate Policy and Resources	4. The council is already doing this.
13278	Theme 3- Reducing the Number of Council Facilities	General Comment	Give Schools art supplies	Corporate Policy and Resources	4. The council is already doing this.
13279	Theme 3- Reducing the Number of Council Facilities	General Comment	You have to ask what the council see as their function when all the arts & facilities traditionally funded are at risk Why have you spent money in other areas above your current budget. At no time have I ever heard that a council has over - spent in its support for libraries or leisure facilities. It is always in the social work area. What would happen if these functions were capped at a fixed level? Why should they not be reduced?	Corporate Policy and Resources	4. The council is already doing this.
13280	Theme 3- Reducing the Number of Council Facilities	General Comment	reduce buildings for office staff by introducing hot desking	Corporate Policy and Resources	4. The council is already doing this.
13281	Theme 3- Reducing the Number of Council Facilities	General Comment	Turn down the heating in council buildings the one in Whitburn has staff walking about in T - shirts in winter because the heating is so high but pensioners have to sit cold because they can't afford to heat they're houses absolute disgrace	Corporate Policy and Resources	4. The council is already doing this.
13282	Theme 3- Reducing the Number of Council Facilities	General comment	Do we need as many office buildings now if we are reducing our workforce and staff work in a hybrid model?	Corporate Policy and Resources	4. The council is already doing this.
13283	Theme 3- Reducing the Number of Council Facilities	General Comment	Review use of existing building space. I work at Strathbrock PC and it's sparsely populated at best. FMs have been doing daily headcounts since the pandemic and they claim they don't know why?! Someone must know and someone must be in possession of damning data in respect of occupancy?! My service itself could operate in a fraction of the space we "occupy". Sell or rent out other space and have your staff located in the larger buildings where there is ample capacity. Or do away with hybrid / homeworking arrangements and have everyone return to the office. It just doesn't make sense to heat and light a building that is now under-occupied by the staff based there.	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13284	Theme 3- Reducing the Number of Council Facilities	General Comment	Can buildings be shared between departments or rented out?	Corporate Policy and Resources	4. The council is already doing this.
13285	Theme 3- Reducing the Number of Council Facilities	General Comment	a. Rationalise Council Buildings	Corporate Policy and Resources	4. The council is already doing this.
13286	Theme 3- Reducing the Number of Council Facilities	General Comment	Other savings could be considered in more efficient heating systems.	Corporate Policy and Resources	4. The council is already doing this.
13287	Theme 3- Reducing the Number of Council Facilities	General Comment	A lot of council buildings havd the heating on when it is not needed and people end up opening windows. Nobody seems to know how to turn it off of down. Total waste of electricity or gas.	Corporate Policy and Resources	4. The council is already doing this.
13288	Theme 3- Reducing the Number of Council Facilities	General Comment	Get rid of any unused buildings on your books. Sell to developers, businesses etc.	Corporate Policy and Resources	4. The council is already doing this.
13289	Theme 3- Reducing the Number of Council Facilities	General Comment	The amount of council adverts out for building rents or sale doesn't seem to move should there be a review on this and even the responses or lack of to the vacancy's or sales?	Corporate Policy and Resources	4. The council is already doing this.
13290	Theme 3- Reducing the Number of Council Facilities	General Comment	also reduce the heating in the building it 's far to warm when staff can walk around with T - shirts in the winter and pensioners can put on the heating in their houses	Corporate Policy and Resources	4. The council is already doing this.
13291	Theme 3- Reducing the Number of Council Facilities	General Comment	Review use of buildings in light of hybrid, homeworking. I am based in Strathbrock PC and the office is not utilised to it 's full potential and the cost of lighting, heating is not proportionate with current use. Relocate more teams and services to the bigger partnership buildings, reduce desks allocated to teams given the under utilisation. FMs have been doing head counts for years and you must know this or what is happening with this information?	Corporate Policy and Resources	4. The council is already doing this.
13292	Theme 3- Reducing the Number of Council Facilities	General Comment	Sell surplus buildings or rent out at affordable prices	Corporate Policy and Resources	4. The council is already doing this.
13293	Theme 3- Reducing the Number of Council Facilities	General Comment	Consolidate services into fewer buildings as working from home means there is more desk space available on certain days, desks can be booked in advance.	Corporate Policy and Resources	4. The council is already doing this.
13294	Theme 3- Reducing the Number of Council Facilities	General Comment	Sell building that are not being used.	Corporate Policy and Resources	4. The council is already doing this.
13295	Theme 3- Reducing the Number of Council Facilities	General Comment	Flexible working can help with office space.	Corporate Policy and Resources	4. The council is already doing this.
13296	Theme 3- Reducing the Number of Council Facilities	General Comment	Staff that can work from home should provided they maintain a high level of performance.	Corporate Policy and Resources	4. The council is already doing this.
13297	Theme 3- Reducing the Number of Council Facilities	General Comment	Sell off unused property	Corporate Policy and Resources	4. The council is already doing this.
13298	Theme 3- Reducing the Number of Council Facilities	General comment	reduce facilities to match desk usage. reduce facilities to meet demand	Corporate Policy and Resources	4. The council is already doing this.
13299	Theme 3- Reducing the Number of Council Facilities	General Comment	5. Sell unused council buildings or rent to other businesses	Corporate Policy and Resources	4. The council is already doing this.
13300	Theme 3- Reducing the Number of Council Facilities	General Comment	sell old buildings	Corporate Policy and Resources	4. The council is already doing this.
13301	Theme 3- Reducing the Number of Council Facilities	General Comment	Co - locate in Partnership Centres and schools; share space with NHS, police and third sector.	Corporate Policy and Resources	4. The council is already doing this.
13302	Theme 3- Reducing the Number of Council Facilities	General Comment	2. Sell or upgrade unused council buildings and rent to other businesses to generate an income	Corporate Policy and Resources	4. The council is already doing this.
13303	Theme 3- Reducing the Number of Council Facilities	General Comment	Office share if it can be done, hybrid working.	Corporate Policy and Resources	4. The council is already doing this.
13304	Theme 3- Reducing the Number of Council Facilities	General Comment	Invest in evaluation of current spend. Consider sale of under used assets and act quickly.	Corporate Policy and Resources	4. The council is already doing this.

13305	Theme 3- Reducing the Number of Council Facilities	General Comment	Rent out properties to charities etc that are using them at reduced costs but also make them liable for the building upkeep and any costs.	Corporate Policy and Resources	4. The council is already doing this.
13306	Theme 3- Reducing the Number of Council Facilities	General Comment	No waste on unnecessary spending. Find faster and more efficient ways to sell buildings that needs sold (cedarbank)	Corporate Policy and Resources	4. The council is already doing this.
13307	Theme 3- Reducing the Number of Council Facilities	General Comment	Close duplicate buildings and sell these assets.	Corporate Policy and Resources	4. The council is already doing this.
13308	Theme 3- Reducing the Number of Council Facilities	General Comment	WLC should stop wasting monies allocated to them	Corporate Policy and Resources	4. The council is already doing this.
13309	Theme 3- Reducing the Number of Council Facilities	General Comment	There are many council properties that cost each money to maintain and manage every month / year. These should be transferred to community groups and charities such as citizens advice or community hubs. This will make sure the buildings are occupied and maintained and not at risk of damage or vandalism being empty or partially used.	Corporate Policy and Resources	4. The council is already doing this.
13310	Theme 3- Reducing the Number of Council Facilities	General Comment	Can any sites for housing services, waste or highways be consolidated to minimise property expenses.	Corporate Policy and Resources	4. The council is already doing this.
13311	Theme 3- Reducing the Number of Council Facilities	General Comment	Rationalise Property Assets - Dispose of or repurpose underused council buildings.	Corporate Policy and Resources	4. The council is already doing this.
13312	Theme 3- Reducing the Number of Council Facilities	General Comment	Turn lights off when not being used	Corporate Policy and Resources	4. The council is already doing this.
13313	Theme 3- Reducing the Number of Council Facilities	General Comment	Turn lights off when not being used allow jackets in classrooms to save heating bills	Corporate Policy and Resources	4. The council is already doing this.
13314	Theme 3- Reducing the Number of Council Facilities	General Comment	Remove building that are irrelevant Get rid of what they don't need.	Corporate Policy and Resources	4. The council is already doing this.
13315	Theme 3- Reducing the Number of Council Facilities	General Comment	Get rid / sell abandoned buildings that no one's is using	Corporate Policy and Resources	4. The council is already doing this.
13316	Theme 3- Reducing the Number of Council Facilities	General Comment	Join offices and share buildings	Corporate Policy and Resources	4. The council is already doing this.
13317	Theme 3- Reducing the Number of Council Facilities	General Comment	Closing down old buildings	Corporate Policy and Resources	4. The council is already doing this.
13318	Theme 3- Reducing the Number of Council Facilities	General Comment	Sell buildings we don't need	Corporate Policy and Resources	4. The council is already doing this.
13319	Theme 3- Reducing the Number of Council Facilities	General Comment	And for the extra building sell them Break them down, make things different	Corporate Policy and Resources	4. The council is already doing this.
13320	Theme 3- Reducing the Number of Council Facilities	General Comment	Close down buildings we don't need. Convert old houses into facilities and buildings Some council buildings should be closed Take down abandoned buildings Close the ones you don't need Close buildings which aren't getting used Sell some buildings Close things we don't need Shut down the places that are broken Close the buildings we don't need Build flats with lots of space Close buildings down Instead of lots of buildings make one big one	Corporate Policy and Resources	4. The council is already doing this.
13321	Theme 3- Reducing the Number of Council Facilities	General Comment	with the sale and disposal of council buildings that do not provide a customer facing service.	Corporate Policy and Resources	4. The council is already doing this.
13322	Theme 3- Reducing the Number of Council Facilities	General Comment	Close down buildings that are not partnership buildings and selling them on. Keep the partnership buildings open where all services are under one roof.	Corporate Policy and Resources	4. The council is already doing this.
13323	Theme 3- Reducing the Number of Council Facilities	General Comment	Sell old buildings that are used less and few people use to gain more money like sell old schools and library's.	Corporate Policy and Resources	4. The council is already doing this.
13324	Theme 3- Reducing the Number of Council Facilities	General Comment	Same as above: (There are many buildings that are rented by the council but vastly underused these could be reviewed and sold off where necessary to reduce costs further. Desk hopping for staff.) People renting buildings for business should be paying going rates.	Corporate Policy and Resources	4. The council is already doing this.
13325	Theme 3- Reducing the Number of Council Facilities	General Comment	Sell off unused council buildings.	Corporate Policy and Resources	4. The council is already doing this.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13326	Theme 3- Reducing the Number of Council Facilities	General Comment	The population is increasing, reducing number of buildings wont help, leverage on removing waste and effective income collections.	Corporate Policy and Resources	4. The council is already doing this.
13327	Theme 3- Reducing the Number of Council Facilities	General Comment	Cut council admin buildings on the basis of increased home working. Reduce council costs, not public services	Corporate Policy and Resources	4. The council is already doing this.
13328	Theme 3- Reducing the Number of Council Facilities	General Comment	Budget for these departments should be scrutinised, and changes looked at.	Corporate Policy and Resources	4. The council is already doing this.
13329	Theme 3- Reducing the Number of Council Facilities	General Comment	Sell off older council buildings and allow office staff to work remotely where possible and have a hot desk setup in council hub areas to allow staff to meet every so often.	Corporate Policy and Resources	4. The council is already doing this.
13330	Theme 3- Reducing the Number of Council Facilities	General Comment	Close non essential buildings	Corporate Policy and Resources	4. The council is already doing this.
13331	Theme 3- Reducing the Number of Council Facilities	General Comment	should a review of these not orientate through generation of money as oppose to passing them on or closing. Ones assets are gone they are gone. Perhaps review of council buildings when hybrid working is helping reducing transport and assisting in the council hitting the Net Zero targets investment in modern ways of working could also produce savings long and short term.	Corporate Policy and Resources	4. The council is already doing this.
13332	Theme 3- Reducing the Number of Council Facilities	General Comment	The council should look at how much they are spending on their own office buildings which are sitting empty majority of the time with people working from home such as the civic centre. All the running costs for that building to sit half empty is a waste.	Corporate Policy and Resources	4. The council is already doing this.
13333	Theme 3- Reducing the Number of Council Facilities	General Comment	Not reduce facilities, think about how they can be utilised more and run more efficiently e. g. using solar power to reduce costs.	Corporate Policy and Resources	4. The council is already doing this.
13334	Theme 3- Reducing the Number of Council Facilities	General Comment	Tackle fraud, ask benefit receivers for evidence, e. g., receipts to discourage inappropriate use of funds.	Corporate Policy and Resources	4. The council is already doing this.
13335	Theme 3- Reducing the Number of Council Facilities	General Comment	Invest in energy - efficient lighting and renewable energy.	Corporate Policy and Resources	4. The council is already doing this.
13336	Theme 3- Reducing the Number of Council Facilities	General Comment	Look after the building that they have.	Corporate Policy and Resources	4. The council is already doing this.
13337	Theme 3- Reducing the Number of Council Facilities	General Comment	Less red tape more efficient working from the council it's self Keeping council community centres open and let the next generation be involved with shaping the community with guidance of the older in the community	Corporate Policy and Resources	4. The council is already doing this.
13338	Theme 3- Reducing the Number of Council Facilities	General Comment	deliver the community centre savings by supporting a revised charging model which ensures that the costs of running the centres are being recovered, whether this be by the council or a community group	Corporate Policy and Resources	4. The council is already doing this.
13339	Theme 3- Reducing the Number of Council Facilities	General Comment	There are dormant houses and buildings in the Council area which could be converted for housing ownership to help reduce the continuing expansion	Corporate Policy and Resources	4. The council is already doing this.
13340	Theme 3- Reducing the Number of Council Facilities	General Comment	Refurbishment of empty houses and buildings should be a priority before any more new housing developments which emerge without consideration of existing health, transport and education services already under strain.	Corporate Policy and Resources	4. The council is already doing this.
13341	Theme 3- Reducing the Number of Council Facilities	General Comment	Have cafes in libraries and partnership centres to generate income	Corporate Policy and Resources	4. The council is already doing this.
13342	Theme 3- Reducing the Number of Council Facilities	General Comment	1. Ensure that tenants pay for rechargeable repairs. There are tenants who get multiple lock changes but they don't care as they know they won't have to pay the money back.	Corporate Policy and Resources	4. The council is already doing this.
13343	Theme 3- Reducing the Number of Council Facilities	General Comment	Not have buildings that are not suitable for living in.	Corporate Policy and Resources	4. The council is already doing this.
13344	Theme 3- Reducing the Number of Council Facilities	General Comment	There are so many empty properties council owned sitting not getting an income. Why not allocate your apprentices and a small team of qualified staff to go around as a project and learn whilst carrying out the repairs to get houses back earning for WLC	Corporate Policy and Resources	4. The council is already doing this.
13345	Theme 3- Reducing the Number of Council Facilities	General Comment	homes council buildings you end up spending more get empty homes refilled asap many are lying empty no income coming in as I said at the start homes should be checked before a tenant is allowed to move out many have vandalised these homes	Corporate Policy and Resources	4. The council is already doing this.
13346	Theme 3- Reducing the Number of Council Facilities	General Comment	Get family's into empty houses there are at least 100 + in West Lothian sitting empty	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

13347	Theme 3- Reducing the Number of Council Facilities	General Comment	LED lighting	Corporate Policy and Resources	4. The council is already doing this.
13348	Theme 3- Reducing the Number of Council Facilities	General Comment	If you remove further services we will be down to basic services. Officials need to be ensuring that all efforts are being made to recover unpaid council taxes which contributes to reduced services.	Corporate Policy and Resources	4. The council is already doing this.
13349	Theme 3- Reducing the Number of Council Facilities	General Comment	Create lochside holiday rental chalets / cabins at Beecraigs	Corporate Policy and Resources	4. The council is already doing this.
13350	Theme 3- Reducing the Number of Council Facilities	General Comment	Sell off council properties not being used and utilise more of the space within buildings more efficiently.	Corporate Policy and Resources	4. The council is already doing this.
13351	Theme 3- Reducing the Number of Council Facilities	General Comment	support for vulnerable people are important parts of community better savings could be made	Corporate Policy and Resources	4. The council is already doing this.
13352	Theme 3- Reducing the Number of Council Facilities	General Comment	Ring - fence disposal receipts for visible maintenance and cleansing in towns like Livingston.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
13353	Theme 3- Reducing the Number of Council Facilities	General Comment	The coucil doesnt need to be in premises that cost a lot to run because of their location. The buildings could be more remote, and central premises could be sold off to generate more revenue to invest in properties that could be rented out and generate income and the housing stock	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
13354	Theme 3- Reducing the Number of Council Facilities	General Comment	1140 hours childcare... we all know how expensive this has been to implement! Feeding elc children ALL DAY LONG... = HUGE amounts of food waste! I cannot emphasise this enough. Whole foods = more expensive + most of it going in the bin.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
13355	Theme 3- Reducing the Number of Council Facilities	General Comment	If there 's staff that can work from home, pay for their WIFI. Don 't pay for large buildings that doesn 't seem an effective use of funds.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13356	Theme 3- Reducing the Number of Council Facilities	General Comment	Allow more home working to allow offices to be closed	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13357	Theme 3- Reducing the Number of Council Facilities	General Comment	A further commitment / expansion to flexible / homeworking would enable under utilised buildings to be closed. Ensuring staff are working digitally, such as having online rather than in person meetings, would support with this in addition to the positive environmental impact. In addition, all the research shows that flexible / homeworking has a positive impact on employees mental health and wellbeing, particularly women, who continue to manage the bulk of caring responsibility out with work. This would support a reduction in staff off long term sick, which would again net the council	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13358	Theme 3- Reducing the Number of Council Facilities	General Comment	Make school libraries bigger and free but make ones that are costing money you should shut down School libraries should open to the community	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13359	Theme 3- Reducing the Number of Council Facilities	General Comment	Cut a management layer or two Give early retirement packages to teachers over 55 would provide jobs for younger teachers finding it difficult to get posts	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13360	Theme 3- Reducing the Number of Council Facilities	General Comment	council properties / facilities should be free to education wishing to use these	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13361	Theme 3- Reducing the Number of Council Facilities	General Comment	Reopen closed pools and run them as a for profit business.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13362	Theme 3- Reducing the Number of Council Facilities	General Comment	Need swimming pools back open. Armadale is sitting empty	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13363	Theme 3- Reducing the Number of Council Facilities	General Comment	Close buildings on a usage percentage. Below 50 % then close.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13364	Theme 3- Reducing the Number of Council Facilities	General Comment	Do not waste funds rebuilding a community Centre in stoneyburn when funds are trying to be saved with the rest of them	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13365	Theme 3- Reducing the Number of Council Facilities	General Comment	working from home. Using space in private spaces and get a good price. Cheaper than own building.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13366	Theme 3- Reducing the Number of Council Facilities	General Comment	The council can make schools or useful stuff in abandoned buildings or buildings that are not in use	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13367	Theme 3- Reducing the Number of Council Facilities	General Comment	Make buildings bigger so that can be shared	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13368	Theme 3- Reducing the Number of Council Facilities	General Comment	The football stadium should be sold to the highest bidder. There is no material or financial gain for west lothian residents. Only a very minute amount of residents actually use this facility. Sitting tenants could be legally protected as part of the sale process.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13369	Theme 3- Reducing the Number of Council Facilities	General Comment	more renewable energy to supply all council Building would save money	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13370	Theme 3- Reducing the Number of Council Facilities	General Comment	Using more solar and wind power on or near buildings	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13371	Theme 3- Reducing the Number of Council Facilities	General Comment	I think the council should build more facilities whiles looking for options to generate income to maintain the existing once. Families applying for council houses are increasing everyday.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13372	Theme 3- Reducing the Number of Council Facilities	General Comment	Utilise council buildings that are lying empty and unused	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13373	Theme 3- Reducing the Number of Council Facilities	General Comment	You should use empty buildings and turn them into flats for young people and older people who want to downsize.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13374	Theme 3- Reducing the Number of Council Facilities	General Comment	Save old buildings and make them into temp accommodation and have a storage facility for white goods so the can get checked and used again instead of dumping them	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13375	Theme 3- Reducing the Number of Council Facilities	General Comment	Need to maintain facilities. Could the Council not look to purchase empty buildings and repurpose for homeless accommodation instead of paying landlords etc to do the same	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13376	Theme 3- Reducing the Number of Council Facilities	General Comment	Also, the cost of fly tipping is higher that the cost of having the recycle centres open 7 days a week, so open them back up & let vans in. If that is really impossible, at least let small vans in & get rid of the booking system, as people would be able to get rid of stuff when they need rid of it, rather than dumping it somewhere because they can 't get a slot for weeks. The centres are always empty now because folk can 't get slots that work for them.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13377	Theme 3- Reducing the Number of Council Facilities	General Comment	Take away the talking bins put the normal bin back cause half of them don't work	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13378	Theme 3- Reducing the Number of Council Facilities	General Comment	Longer openings at recycling centres especially for small tradespeople with vans and trailers may reduce the illegal dumping of waste. My neighbours says some of the ntments	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13379	Theme 3- Reducing the Number of Council Facilities	General Comment	Open the tips back up to drive in. Current system doesn't work and fly tipping costing money that could be used elsewhere just for starters.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13380	Theme 3- Reducing the Number of Council Facilities	General Comment	Bring back entry to local skips without the need for an appointment will get the public back on side	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13381	Theme 3- Reducing the Number of Council Facilities	General Comment	Planning of secondary schools for the ever expanding population of west Lothian should be prioritised to cut down on bus journeys with local children going to local schools. A high school in East Calder which has never been delivered despite having a population of roughly 10, 000 is just unacceptable. The short sightedness of secondary education in west Lothian is a failure of west Lothian council. Robbing Peter to pay Paul instead of real future planning.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13382	Theme 3- Reducing the Number of Council Facilities	General Comment	Streamline change of use applications for vacant sites and facilitate the use of council properties as affordable housing.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
13383	Theme 3- Reducing the Number of Council Facilities	General Comment	Move all customer service online with the exception of one small office 9 - 5 Monday to Friday.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
13384	Theme 3- Reducing the Number of Council Facilities	General Comment	Look at outsourcing back office functions or sharing with other local authorities / public services ie payroll / hr / legal	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
13385	Theme 3- Reducing the Number of Council Facilities	General Comment	Close office buildings and moving services to call centres	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
13386	Theme 3- Reducing the Number of Council Facilities	General Comment	No need for all the Council Buildings when they have a working from home policy, the cost to run these buildings with heating, electricity etc must be outrageous.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
13387	Theme 3- Reducing the Number of Council Facilities	General Comment	review the councils building requirements and staff working arrangements to reduce the number of property resources required and their associated running costs, this could be partially achieved by reviewing staff roles to facilitate homeworking for all staff who do not have face to face contact with the public.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
13388	Theme 3- Reducing the Number of Council Facilities	General Comment	Placing facilities into one building	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.

13389	Theme 3- Reducing the Number of Council Facilities	General Comment	reduction of CCTV	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
13390	Theme 3- Reducing the Number of Council Facilities	General Comment	its central offices that need to close. e. g. Council head quarters, where in reality people can / are working from home, are rarely meeting residents face to face and are not supplying a direct service.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
13391	Theme 3- Reducing the Number of Council Facilities	General Comment	Stop funding LGBTQ + activities.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
13392	Theme 3- Reducing the Number of Council Facilities	General Comment	Stop funding LGBTQ + activities.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
13393	Theme 3- Reducing the Number of Council Facilities	General Comment	But stop building houses as it 's not beneficial to WL having green spaces. Also more people = more rubbish	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
13394	Theme 3- Reducing the Number of Council Facilities	General Comment	Shut parks	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
13395	Theme 3- Reducing the Number of Council Facilities	General Comment	Get rid of the amount of bins in the schools	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
13396	Theme 3- Reducing the Number of Council Facilities	General Comment	Stop building houses everywhere and making over populated schools	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
13397	Theme 3- Reducing the Number of Council Facilities	General Comment	stop building houses	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
13398	Theme 3- Reducing the Number of Council Facilities	General Comment	We have huge capacity / desks in the Civic Centre to accommodate staff, home working has proved successful why no increase this and have staff sharing desks over a one month period not just one week then close down outlying Council offices and staff are moved to the CC as their workplace. I am also concerned of the about of monitors left on overnight there must be a saving available if these were all switched off each night.	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
13399	Theme 3- Reducing the Number of Council Facilities	General Comment	I think the councilors should be cut, i dont see why there needs to be so many. Often its the front line services that are cut i believe it should be the leading people should be cut within reason.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13400	Theme 3- Reducing the Number of Council Facilities	General Comment	I feel they should reduce the amount of services within the Civic center.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13401	Theme 3- Reducing the Number of Council Facilities	General Comment	Significant savings could be achieved through a well - managed hybrid working policy. By adopting a flexible model—such as three days in the office and two days working from home—staff productivity can be maintained while reducing the overall demand for office space. If office areas are utilised efficiently across seven days rather than concentrated into the traditional five - day week, the council could potentially consolidate buildings or floors, leading to lower maintenance, energy, and rental costs. This approach also allows for shared workspaces, improved collaboration, and better use of technology to support remote work. In the long term, reduced office requirements mean lower carbon emissions, increased flexibility for staff, and the opportunity to repurpose surplus council property for other uses such as community spaces or leasing to local businesses, generating both savings and additional revenue. Really look at the shift patterns of workers would help this	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13402	Theme 3- Reducing the Number of Council Facilities	General Comment	Get a better social media presence and use it to engage youth and community to fill in gaps. If you could get content trending it will encourage people to do it via mimicking	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13403	Theme 3- Reducing the Number of Council Facilities	General Comment	And finally... ask your staff for more sensible savings ideas! Your staff will be the most informed and actually the most enthusiastic about cutting waste. Give a prize for best staff ideas for efficiencies. Allow staff to submit anonymous ideas too. For example, at Surrey County Council, over 300 employee suggestions have saved approximately £500,000. Please view: https://assets.publishing.service.gov.uk/media/5e797bb4f0b642860d8710/50_ways_2.pdf	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13404	Theme 3- Reducing the Number of Council Facilities	General Comment	Investigate the possibility of increased working from home to help reduce the number of facilities required.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13405	Theme 3- Reducing the Number of Council Facilities	General Comment	As previously stated, make use of those undertaking community service to provide services for free. Don't take any more away from the communities. Old people are being cut off, youth crime is increasing, mental and general health is suffering. Stop paying so much into the final salary pensions and put more back into the people paying for the service. Folks who are on benefits and not paying their council tax or rent. Give them a deadline and evict them. Stop just giving them more. There are disabled elderly out there who have paid all their taxes all their days and get	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13406	Theme 3- Reducing the Number of Council Facilities	General Comment	stop cutting services to the bone, better use and management of council departments would be a start, amalgamate some departments using less managers and staff, its been the same in councils for years, more chiefs than indians.. as i have said before look seriously at the transport wastage in the council far to many vehicles being used for various jobs plus some being used as private cars ie, workers taking vans, cars, home at end of work.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13407	Theme 3- Reducing the Number of Council Facilities	General Comment	should you require to make cuts else where, electric vehicles or unused vehicles within council depots could be used as rent a car for the public	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13408	Theme 3- Reducing the Number of Council Facilities	General Comment	Promote home working to reduce required buildings and energy costs	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13409	Theme 3- Reducing the Number of Council Facilities	General Comment	Stop outsourcing to private companies who charge triple the normal rate and invest in council owned services and trades. That way you cut out the cost of profit that a private company will pass onto the council	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13410	Theme 3- Reducing the Number of Council Facilities	General Comment	Office spaces should be reduced further with staff hot desking and attendance staggered across the week. Desks booked in the way they were during "Work smart". This worked really well for maximising use of limited work stations. Staff used nearest office to where they were out and about. Saved time and mileage costs too. Bring back "Worksmart" and the flexible working it allowed. It Reduced time off for appointments etc too.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13411	Theme 3- Reducing the Number of Council Facilities	General Comment	Remove the toilets. Look at buildings that would have the potential to have activities / facilities for children, soft play, children & toddler, after school spaces groups that can be parent / child minder led but a small charge for the use of the space. Parents and carers are paying a fortune for childcare and private run facilities. What happened to the buildings that were used as family centres?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13412	Theme 3- Reducing the Number of Council Facilities	General Comment	Make schools community use when school isn't on.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13413	Theme 3- Reducing the Number of Council Facilities	General Comment	Reduces school days to 4 allowing for 1 less day of schools being opened Make schools 4 - day week,	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13414	Theme 3- Reducing the Number of Council Facilities	General Comment	Highs schools and primary schools could join together. We have mixed opinions on this as we like our own space and would rather them be separate. But if it would save costs.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13415	Theme 3- Reducing the Number of Council Facilities	General Comment	Small classes move into composite classes Make them smaller You can merge them together.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13416	Theme 3- Reducing the Number of Council Facilities	General Comment	Get rid of the Burgh Halls, Linlithgow and any other empty premises	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13417	Theme 3- Reducing the Number of Council Facilities	General Comment	Making the facility stronger and more engaging should naturally increase the revenue. Getting the right people in place to drive this will be key.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13418	Theme 3- Reducing the Number of Council Facilities	General Comment	I agree to reduce buildings especially some that we have seen vacant for years, but be practical. For example, a corner building on Broxburn Main Street and Church Street has been vacant for years!	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13419	Theme 3- Reducing the Number of Council Facilities	General Comment	The civic centre is a large building that is often quite empty of staff. Could part of this building be sold or rented out? More staff could be encouraged to work from home and use teams to reduce overheads and travel costs.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13420	Theme 3- Reducing the Number of Council Facilities	General Comment	Have 2 main hubs of operation and provide majority of staff where applicable to work from home. Use facilities such as doctors, banks etc as spaces to have pop ups for residents who are not digitally literate.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13421	Theme 3- Reducing the Number of Council Facilities	General Comment	Working in partnership with other agencies to bridge the gap. Space sharing within the Council Estate, offering entrepreneurs incentives to rent space and arrange pop up events throughout West Lothian to attract visitors and businesses. Whilst financial savings need to be made, unintended consequences can result in isolation, poor wellbeing of individuals and communities. Try to link reducing inequality, poverty and well - being to access funds from SG as a revenue stream.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13422	Theme 3- Reducing the Number of Council Facilities	General Comment	Move staff from other council offices into larger council buildings which are not running at full capacity	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13423	Theme 3- Reducing the Number of Council Facilities	General Comment	Share offices with other public sector organisations. Improve utilisation of existing office space using a desk booking system.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13424	Theme 3- Reducing the Number of Council Facilities	General Comment	As previously mentioned civic centre offices barely used never ever at capacity as most staff work from home. The space could be rented out. Huge space	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13425	Theme 3- Reducing the Number of Council Facilities	General Comment	Outsource as much as possible to charitable and especially local community volunteer organisations, and provide them with a minimum budget support until they are fully self sufficient in delivering the required service. Maintain a watching brief to ensure that early signs of potential failure can be mitigated. Partner with selected local shops / businesses to provide guaranteed toilet facilities everywhere.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13426	Theme 3- Reducing the Number of Council Facilities	General Comment	There is currently "dead space" within Council office / service buildings that could be offered for rental to private businesses.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13427	Theme 3- Reducing the Number of Council Facilities	General Comment	Rent out more council land, property and facilities, as I stated earlier property, facilities, and land is it a cost or reward?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13428	Theme 3- Reducing the Number of Council Facilities	General Comment	Stop wasting money on renovating older, and upkeep of non viable properties. Consolidate into modern properties already owned and share use. Renovation costs for lanthorn were a disgrace	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13429	Theme 3- Reducing the Number of Council Facilities	General Comment	Alternative suggestion would be to turn a big building into a West Lothian Fun House for all kids in West Lothian to go to and the income can be brought back into Council Budget	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13430	Theme 3- Reducing the Number of Council Facilities	General Comment	Utilise the Civic Centre more as there are a number of spare desks on a daily basis. If this could be done, buildings could be closed.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13431	Theme 3- Reducing the Number of Council Facilities	General Comment	Rationalising council buildings and facilities further is the other main method of making savings.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13432	Theme 3- Reducing the Number of Council Facilities	General Comment	Review use of civic centre - reduce desk sizes and remove cabinets to enable more to be used in the building. This may affect those in statutory services who need to use interview or meeting rooms so consider alternative options	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13433	Theme 3- Reducing the Number of Council Facilities	General Comment	look to shut partnership centres that are not being heavily used by the public and merge facilities, consider having east and west split - civic centre / strathbrock / bathgate partnership centres and consider selling other buildings	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13434	Theme 3- Reducing the Number of Council Facilities	General Comment	Condense staff in to more affordable offices.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13435	Theme 3- Reducing the Number of Council Facilities	General Comment	5. Sell all unused assets, equipment etc.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13436	Theme 3- Reducing the Number of Council Facilities	General Comment	Better use of the Civic Centre where a lot of it lies empty, could be rented out to other agencies.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13437	Theme 3- Reducing the Number of Council Facilities	General Comment	Instead of having half empty buildings ie strathbrock rent out parts of it to small businesses	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13438	Theme 3- Reducing the Number of Council Facilities	General Comment	Use smaller facilities	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13439	Theme 3- Reducing the Number of Council Facilities	General Comment	Perhaps you could work in partnership with local businesses who have some vacant space in their offices / buildings to utilise / offset at a cheaper price in areas of need rather than paying for whole buildings	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13440	Theme 3- Reducing the Number of Council Facilities	General Comment	Buildings that are not used regularly and not utilised to their full potential should be closed and money saved.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13441	Theme 3- Reducing the Number of Council Facilities	General Comment	Sell off any unneeded buildings. Set performance targets on a bell curve for efficiencies.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13442	Theme 3- Reducing the Number of Council Facilities	General Comment	Yes look at building space unless FULLY utilised and people actually working in it. Rent out unused spaces more efficiently	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13443	Theme 3- Reducing the Number of Council Facilities	General Comment	Offer private lease uptake to generate new income streams	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13444	Theme 3- Reducing the Number of Council Facilities	General Comment	Adapt workplaces so that the spaces can be adapted easily for different groups to use and ensure they are used to capacity.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13445	Theme 3- Reducing the Number of Council Facilities	General Comment	"could shut buildings that don't get used much"	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13446	Theme 3- Reducing the Number of Council Facilities	General Comment	Clear the civic centre and rent to third sector Waste of money buildings never full most staff work from home what a waste	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13447	Theme 3- Reducing the Number of Council Facilities	General Comment	The way council properties are marketed is poor, if a property is marketed correctly it will demand a higher price, historically council properties have sold for way lower than their market value.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13448	Theme 3- Reducing the Number of Council Facilities	General Comment	To the extent that look at what is needed. Better review and try and put things together e. g. partners sharing more space	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13449	Theme 3- Reducing the Number of Council Facilities	General Comment	Definitely a possibility to close outlying buildings and utilise the Civic Centre space which is available or increase the home working facility across the whole of the Council where it is possible. Staff can share desks / areas on a rota basis.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13450	Theme 3- Reducing the Number of Council Facilities	General Comment	Having more facilities offered under the one roof such as making more use out of partnership centres.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13451	Theme 3- Reducing the Number of Council Facilities	General Comment	Use less buildings, fill up Civic centre and other large council buildings. Save on rent or sell off buildings. More staff work from home so buildings not so busy / needed.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13452	Theme 3- Reducing the Number of Council Facilities	General Comment	Some buildings not being used to capacity as most staff still working from home. Have one or 2 buildings with different departments.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13453	Theme 3- Reducing the Number of Council Facilities	General Comment	Encourage more facilities to serve multiple purposes — e. g., combining health services, libraries, and community events in one location to maximize usage and reduce duplication. Expand mobile library vans, pop - up clinics, and outreach teams that can rotate through communities, especially rural or underserved areas. Install touchscreen kiosks in supermarkets, train stations, or pharmacies to provide access to council services without needing full facilities. For services like leisure centres, explore flexible membership models that allow access across multiple sites, encouraging consolidation.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13454	Theme 3- Reducing the Number of Council Facilities	General Comment	Use less buildings, fill up Civic centre and other large council buildings. Save on rent or sell off buildings. More staff work from home so buildings not so busy / needed.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13455	Theme 3- Reducing the Number of Council Facilities	General Comment	I think you could probably look at council properties and ask, do we really need them all? Reduce and where possible sell them off for funds	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13456	Theme 3- Reducing the Number of Council Facilities	General Comment	Sell off land for development taking a slice of houses sold Close high cost venues.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13457	Theme 3- Reducing the Number of Council Facilities	General Comment	combine council working buildings.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13458	Theme 3- Reducing the Number of Council Facilities	General Comment	Shut and sell off buildings and let people work from home if they can.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13459	Theme 3- Reducing the Number of Council Facilities	General Comment	Introduce fees for services that can no longer be fully subsidised.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13460	Theme 3- Reducing the Number of Council Facilities	General Comment	Some of the buildings used by the council could be shared with other organisations. There should be more support for staff to work remotely. If possible, some services can move to full remote. Lease out under utilised space	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13461	Theme 3- Reducing the Number of Council Facilities	General Comment	Review the number of council offices - can these be merged?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13462	Theme 3- Reducing the Number of Council Facilities	General Comment	Use less buildings, fill up Civic centre and other large council buildings. Save on rent or sell off buildings. More staff work from home so buildings not so busy / needed.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13463	Theme 3- Reducing the Number of Council Facilities	General Comment	Reinstate the number of desks (pre - pandemic) in main offices to accommodate relocation of staff from smaller / energy inefficient offices.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13464	Theme 3- Reducing the Number of Council Facilities	General Comment	Explore shared services and co location of facilities – e. g., community hubs combining Council services, voluntary organisation activity and back office supports and administration.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13465	Theme 3- Reducing the Number of Council Facilities	General Comment	Rent out unused buildings to the public.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13466	Theme 3- Reducing the Number of Council Facilities	General Comment	Repurpose buildings to they can be used for needed services.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13467	Theme 3- Reducing the Number of Council Facilities	General Comment	Close buildings which aren't used much	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13468	Theme 3- Reducing the Number of Council Facilities	General Comment	Close building that people don't work in Close council officers not being used because people are work from home Make more office staff work from home	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13469	Theme 3- Reducing the Number of Council Facilities	General Comment	Leasing out surplus property	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13470	Theme 3- Reducing the Number of Council Facilities	General Comment	Changing the purpose of unused buildings	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13471	Theme 3- Reducing the Number of Council Facilities	General Comment	smart lighting and create electricity using solar panels on old properties	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13472	Theme 3- Reducing the Number of Council Facilities	General Comment	Switch off lights in council buildings at night when they are closed.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13473	Theme 3- Reducing the Number of Council Facilities	General Comment	Council should review the number of offices that are council staff only and reduce these to save money.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13474	Theme 3- Reducing the Number of Council Facilities	General Comment	Cut buildings that do not deliver service to the public, those council staff can work elsewhere or at home.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13475	Theme 3- Reducing the Number of Council Facilities	General Comment	In addition the councillors should explore where parts of the working space in the civic centre could be leased out to other organisations following the rise in home working..	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13476	Theme 3- Reducing the Number of Council Facilities	General Comment	Cut back on buildings that are not really used.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13477	Theme 3- Reducing the Number of Council Facilities	General Comment	If buildings like Braid House were closed or funding cut it would have a huge impact on our lives. The council should look at reducing costs in less used buildings first and work with services like Braid House that are well used cost effective and make a real difference to the people in their community.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13478	Theme 3- Reducing the Number of Council Facilities	General Comment	Focusing spending on key services is sensible but care must be taken to ensure essential cost - effective services like Braid House are not impacted. Braid House provides vital support & respite to clients and their families, which cannot easily be replaced. The Council could review underused facilities while prioritising the protection and partnership of essential services, ensuring that savings do not come at the expense of critical community support.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13479	Theme 3- Reducing the Number of Council Facilities	General Comment	I do think though we should continue to reduce our staff office spaces and consolidate given we work in a hybrid manner and sell these off to private sector and or community groups.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13480	Theme 3- Reducing the Number of Council Facilities	General Comment	The number of staff offices does continually need to be reviewed, as with the increase in hybrid / remote working the council still needs to consider the number of physical buildings that are staff only access and identify whether these staff can work in facilities which are also of use by the public	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13481	Theme 3- Reducing the Number of Council Facilities	General Comment	with hybrid working in full flow for office staff, the amalgamation of offices should be considered given the fact the civic centre is only 50 % full on most days (and on a Friday... well you 'll see that yourself)	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13482	Theme 3- Reducing the Number of Council Facilities	General Comment	The Civic Centre is largely empty. I had the pleasure of working in the Civic Centre for a couple of days during June (updating Seemis during the cyber attack). The room I was allowed to work in was largely empty, full of PCs with double monitors. I know this is for people who are hotdesking and hybrid working, however a room with such facilities operating largely empty was quite frustrating to witness. Considering the schools are currently struggling with aging PCs and unable to replace IT equipment due to funding restrictions seeing such a waste of equipment was fairly galling.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13483	Theme 3- Reducing the Number of Council Facilities	General Comment	Make more use of the current buildings which in turn should generate income put on courses and classes for people and charge them a small fee	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13484	Theme 3- Reducing the Number of Council Facilities	General Comment	Look at maintenance contractors 'costs - seems to be little control on contracts with inefficient working.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13485	Theme 3- Reducing the Number of Council Facilities	General Comment	I think the use of buildings should be thought of in more innovative ways. There should be more that can be done with the buildings and hiring of areas to groups to enable more socialising and community groups.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13486	Theme 3- Reducing the Number of Council Facilities	General Comment	Lease vacant council buildings at reduced rates, encourage and increase the offering of allotments, garden spaces and storage space to the public at affordable rates.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13487	Theme 3- Reducing the Number of Council Facilities	General Comment	Make services more efficient within the council - eg some buildings are open late evenings eg partnership centres - does the footfall at these times make it efficient / cost effective to stay open? Could savings be made here?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13488	Theme 3- Reducing the Number of Council Facilities	General Comment	Close most of the civic centre (not in use mainly due to WFH anyway) and rent it out to businesses for income to justify its existence.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13489	Theme 3- Reducing the Number of Council Facilities	General Comment	Use council buildings more efficiently. Since more people work from home why are we running places like the civic centre half empty. Use our buildings more creatively.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13490	Theme 3- Reducing the Number of Council Facilities	General Comment	Happy to reduce the number of council office buildings.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13491	Theme 3- Reducing the Number of Council Facilities	General Comment	Civic centre could be used for third sector as most work from home it's lying empty most days!! Waste of cash	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13492	Theme 3- Reducing the Number of Council Facilities	General Comment	Financial pressures can force councils to consider reductions, but these must be weighed against losses of vital community services. Empty or redundant council buildings could be repurposed for more urgent community needs, this could potentially address housing problems and generate income.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13493	Theme 3- Reducing the Number of Council Facilities	General Comment	Council buildings should be better run in such a way as to provide services required and wanted by local communities. Employing business consultants and entrepreneurs to help make these facilities generate more income and become less expensive to run. Reducing red tape to make building improvements, making them more attractive to potential users. See work being done at West Calder Hub.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13494	Theme 3- Reducing the Number of Council Facilities	General Comment	. The Council should focus on smarter use of space — shared facilities, co-located services, or even renting out parts of existing buildings — before cutting more. Once these local assets are gone, they're gone for good. Protecting community spaces isn't just about nostalgia, it's about accessibility, social wellbeing and fairness — the foundations of a strong local council.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13495	Theme 3- Reducing the Number of Council Facilities	General Comment	There must be huge ability to hire out space for private functions. Also providing more affordable and lettable small office space for hub working	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13496	Theme 3- Reducing the Number of Council Facilities	General Comment	rent those buildings out, towns sharing partnership centres	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13497	Theme 3- Reducing the Number of Council Facilities	General Comment	Buildings need investment - green energy get money back from grid go greener.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13498	Theme 3- Reducing the Number of Council Facilities	General Comment	There may be potential to lease or rent council infrastructure to small businesses, social or community groups.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13499	Theme 3- Reducing the Number of Council Facilities	General Comment	Closing community facilities should always be the last resort, as these spaces are often lifelines for vulnerable people and local groups. Instead of closing buildings or reducing access, the Council could explore: • Shared use of spaces — allowing different services, community groups, or partner organisations to use facilities at different times of day.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13500	Theme 3- Reducing the Number of Council Facilities	General Comment	Closing community facilities should always be the last resort, as these spaces are often lifelines for vulnerable people and local groups. Instead of closing buildings or reducing access, the Council could explore: • Generating income through community hire, local events, or shared workspace schemes.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13501	Theme 3- Reducing the Number of Council Facilities	General Comment	Closing community facilities should always be the last resort, as these spaces are often lifelines for vulnerable people and local groups. Instead of closing buildings or reducing access, the Council could explore: • Energy efficiency improvements to reduce running costs (better insulation, motion-sensor lighting, solar panels, etc.).	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13502	Theme 3- Reducing the Number of Council Facilities	General Comment	Close community centres close to private sector facilities such as hotels and pubs with function rooms.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13503	Theme 3- Reducing the Number of Council Facilities	General Comment	centralised community centres. Not every village needs a community centre.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13504	Theme 3- Reducing the Number of Council Facilities	General Comment	The Customer Information Service staff seem to be quiet could this area be looked at again to deliver savings?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13505	Theme 3- Reducing the Number of Council Facilities	General Comment	Unfortunately some of these have to go. Suggestion - can libraries and Burgh Halls be transferred to a trust like 'Glasgow Life' or similar? Protect them, but get cost out of Council budget.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13506	Theme 3- Reducing the Number of Council Facilities	General Comment	Maybe look at increasing the rent on halls as the clubs that use them must be making a profit	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13507	Theme 3- Reducing the Number of Council Facilities	General Comment	Council should make more use of the council buildings get people in the community centres to hire the rooms for more activities for the public to go to. They could cut back on the opening hours of libraries but still have them open	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13508	Theme 3- Reducing the Number of Council Facilities	General Comment	Invest in void properties so that they are able to be used. This will reduce budget required to house homeless people. Stop using hotels. Roads and housing - do the jobs properly in the first place so that it doesn't need done repeatedly.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13509	Theme 3- Reducing the Number of Council Facilities	General Comment	These facilities are so beneficial to communities that it would be a shame if they were to close. Perhaps even merging facilities into hubs e. g combining the libraries with leisure centres would be a way to save some money without losing these resources?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13510	Theme 3- Reducing the Number of Council Facilities	General Comment	Stop wasting money on things like talking bins & spend the money elsewhere.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13511	Theme 3- Reducing the Number of Council Facilities	General Comment	The caravan site at Beecraigs is likely a viable business so could be tenanted out so as to still provide a service but not at the council's expense.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13512	Theme 3- Reducing the Number of Council Facilities	General Comment	Options to find efficiencies 1. Extend use of replacing grass areas, roundabouts and grass verges with native wild flower growth. This has already been rolled out in very limited areas and can be extended to capitalise on both further savings and environmental benefits for our pollinators and small mammals.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13513	Theme 3- Reducing the Number of Council Facilities	General Comment	Options to find efficiencies 2. Further reduce mowing cycles on areas where grass cannot be replaced with native wildflower growth.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13514	Theme 3- Reducing the Number of Council Facilities	General Comment	Stop the garden maintenance scheme	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13515	Theme 3- Reducing the Number of Council Facilities	General Comment	Get rid off the talking bins, normal bins are more than suitable.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13516	Theme 3- Reducing the Number of Council Facilities	General Comment	Surely we should be making alot of money from recycling such as metal. Free uplifts for metal products, if companies can do it and make a profit, why not West Lothian council	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13517	Theme 3- Reducing the Number of Council Facilities	General Comment	LED street lights	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13518	Theme 3- Reducing the Number of Council Facilities	General Comment	Multiple operational staff doing the job of 1 person, e. g. leaf blowing. Really? Cleaning road gutters for galadays - c'mon. Paying retired staff to come back to help. Where do these jobs come from? Scrap it.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13519	Theme 3- Reducing the Number of Council Facilities	General Comment	This really should only be buildings that are duplicating services or are rarely used	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13520	Theme 3- Reducing the Number of Council Facilities	General Comment	As the third sector interface, we would propose the following priority; 1. Protect and continue investment in preventative services: Volunteering, community development, early intervention and local support reduce demand for more costly statutory services (social care, health, crisis intervention) 2. Support and stabilise the third sector's core capacity and infrastructure: 3. Where reductions are required, apply careful impact assessment and explore co delivery with third sector before elimination 4. Generate and reinvest income in services and local communities: Explore	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13521	Theme 3- Reducing the Number of Council Facilities	General Comment	Look at getting the bigger companies in West Lothian to pay their way and to invest in the local community	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13522	Theme 3- Reducing the Number of Council Facilities	General Comment	If tourism tax is to be introduced, surely public toilets are the kind of thing that these should support.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13523	Theme 3- Reducing the Number of Council Facilities	General Comment	Do not remove disabled services. Open more care places. If they're in suitable care we can go out and work	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13524	Theme 3- Reducing the Number of Council Facilities	General Comment	It is clear there are a number of properties lying empty within West Lothian or with minimum occupancy i. e. Letham Young peoples centre is a 9 bedded facility that is currently accommodating 2 - 3 individuals. Could the individual's be moved to an alternative residency and the unit then be sold? could individuals accessing B & B's or Hotels within West Lothian be placed within this 9 bedded unit?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
13525	Theme 3- Reducing the Number of Council Facilities	General Comment	You are ignoring the spiralling pay and benefits issue. Selling and reducing the facilities will just further denigrate the position, rendering you unable to do anything in the future as the unsustainable payroll commitment continues to grow out of hand	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13526	Theme 3- Reducing the Number of Council Facilities	General Comment	Stop spending money on yourself, office refurbs, electric cars, new machines, let the workers maintain them	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13527	Theme 3- Reducing the Number of Council Facilities	General Comment	The problem is deciding which are which	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13528	Theme 3- Reducing the Number of Council Facilities	General Comment	What does WLC spend on illegal immigrants.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13529	Theme 3- Reducing the Number of Council Facilities	General Comment	If it is unsustainable it doesn't work. Education and the increasing pressures on social care due to our ageing population comes first	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13530	Theme 3- Reducing the Number of Council Facilities	General Comment	Create new partners	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13531	Theme 3- Reducing the Number of Council Facilities	General Comment	Only build important facilities	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13532	Theme 3- Reducing the Number of Council Facilities	General Comment	Focus on the facilities and buildings that actually get used	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13533	Theme 3- Reducing the Number of Council Facilities	General Comment	Less free services	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13534	Theme 3- Reducing the Number of Council Facilities	General Comment	Hybrid working / new ways of working must make some council savings but people still need staff within buildings for face to face contact. Technology does not work for all. This is especially important for community groups and meetings as it may be the only contact some people have.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13535	Theme 3- Reducing the Number of Council Facilities	General Comment	It's disgusting that you have actually gone out your way to stop and burn down 3 swimming facilities which have been established for over 40 years with Broxburn's swimming pool now a site for more private housing association houses with lots of more council tax! I'm sorry but your plans could save more if you just weren't so top heavy in terms of staff wages and silly projects like reframing our children in line with United Nations rights for children that no parents were ever consulted on and were never given a chance to say no to SDG 1 - 16 goals where we will have little or no people except this leaders getting bonuses from Tax Payers Frightening stuff Don't agree with most of your saving plans as they affect people which are the backbone of your income!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13536	Theme 3- Reducing the Number of Council Facilities	General Comment	Get rid of dead weight staff who know how to work the system	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13537	Theme 3- Reducing the Number of Council Facilities	General Comment	Reduce useless and incompetent managers who make these policies!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13538	Theme 3- Reducing the Number of Council Facilities	General Comment	Stop mp expenses and big wages if we can survive on living wage so can they	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13539	Theme 3- Reducing the Number of Council Facilities	General Comment	All of these services feel essential to me. I would rather have an increased council tax bill then cut any of those.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13540	Theme 3- Reducing the Number of Council Facilities	General Comment	How could we have all these services years ago but not now. Are councillors taking too much money?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13541	Theme 3- Reducing the Number of Council Facilities	General Comment	All your cuts do is make West Lothian worse. And it's definitely visibly, demonstrably, measurably worse than it was 20 years ago. Your cuts to facilities and upkeep of outdoor spaces devalue the area.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13542	Theme 3- Reducing the Number of Council Facilities	General Comment	Improve management starting at the highest level	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13543	Theme 3- Reducing the Number of Council Facilities	General Comment	A lot of people are reliant on these services. Cut back on multiple council staff doing the job that one person could do and reduce council bonuses and pensions	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13544	Theme 3- Reducing the Number of Council Facilities	General Comment	You've taken away so much already.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13545	Theme 3- Reducing the Number of Council Facilities	General Comment	Again public service cuts how is our council tax being spent? Public services such as a local pool toilets library, community centre are essential I'd say some towns attracting massive development ie Winchburgh more facilities roads trains others a ghost town, ie Broxburn I think I would need to look more at how much the Scottish government are allocating councils how efficiently council spend money as ideas so far sound more like cuts not savings.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13546	Theme 3- Reducing the Number of Council Facilities	General Comment	By centralising services local communities will lose out as distances to travel will increase.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13547	Theme 3- Reducing the Number of Council Facilities	General Comment	You plan on closing everything down. Do you realise how much the ordinary person on the street depends on facilities near them, not have to travel to goodness knows where. You have closed swimming pools thus stopping lots of people of all ages using them; you want to make everything more digital, I am 84 and I one of the few who can deal with purely because I was a secretary. If they have a mobile phone it is a basic one that you can really only make telephone calls from.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13548	Theme 3- Reducing the Number of Council Facilities	General Comment	You have stripped this back to a minimum I taking it any further will increase isolation and loneliness. Work on partnership centres names that are 'memorials' to dead white men. We just need to know the location.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13549	Theme 3- Reducing the Number of Council Facilities	General Comment	Council facilities have already been reduced	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13550	Theme 3- Reducing the Number of Council Facilities	General Comment	They've already cut back on too much, swimming pools etc.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13551	Theme 3- Reducing the Number of Council Facilities	General Comment	Pursue more funding	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13552	Theme 3- Reducing the Number of Council Facilities	General Comment	Again small savings can be made anywhere	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13553	Theme 3- Reducing the Number of Council Facilities	General Comment	I think the council should be more productive other. Bounces system and less staff more workers and no job sheets as time on a job is a waste off time in my eyes less productivity	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13554	Theme 3- Reducing the Number of Council Facilities	General Comment	Just dissolve the council completely it serves no purpose. May as well hand off to unelected central government civil servants as happens in the case of insolvency.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13555	Theme 3- Reducing the Number of Council Facilities	General Comment	Why do we bother paying taxes eventually the council will run out of things to close and eventually realize the taxes are just being wasted. Immigrants could be used as labour man power we just need to convince the dickheads at Westminster.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13556	Theme 3- Reducing the Number of Council Facilities	General Comment	Get rid of WLC as you are taking us backwards	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13557	Theme 3- Reducing the Number of Council Facilities	General Comment	In my opinion you need to look at base roots, why send 2 men to do a job when 1 can do it.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13558	Theme 3- Reducing the Number of Council Facilities	General Comment	Yes - Maintaining it now it needs to go not closing more facilities. No - They need to consider all villagers needs especially Youth	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13559	Theme 3- Reducing the Number of Council Facilities	General Comment	I think you should look at all ways to try and reduce costs where they can reasonably be made.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13560	Theme 3- Reducing the Number of Council Facilities	General Comment	more gyms more places for walks	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13561	Theme 3- Reducing the Number of Council Facilities	General Comment	stop spending money on the Symbiosis sculpture	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13562	Theme 3- Reducing the Number of Council Facilities	General Comment	Will never forgive or forget the council closing Broxburn swimming pool and Livingston Bubbles, disgusting.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13563	Theme 3- Reducing the Number of Council Facilities	General Comment	Too much impact on valuable services	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13564	Theme 3- Reducing the Number of Council Facilities	General Comment	I personally think that closing so many swimming pools in West Lothian was disgraceful.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13565	Theme 3- Reducing the Number of Council Facilities	General Comment	Too many swimming pools closed very sad indeed	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13566	Theme 3- Reducing the Number of Council Facilities	General Comment	Too many public swimming pools closed.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13567	Theme 3- Reducing the Number of Council Facilities	General Comment	There is nothing left for children in Livingston, no swimming, no youth clubs, there's nothing.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13568	Theme 3- Reducing the Number of Council Facilities	General Comment	It is not always about reducing the number of buildings. Could some of the assets be used for other purposes?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13569	Theme 3- Reducing the Number of Council Facilities	General Comment	Has the land where Bubbles was been sold yet Has the land where Broxburn swimming pool been sold yet	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13570	Theme 3- Reducing the Number of Council Facilities	General Comment	You would need to ensure Broxburn businesses will allow toilet access for those with disabilities as the Partnership centre isn't close to the main st. Would it be workable to have one or two main library buildings in West Lothian easily accessible by bus by all areas of the region so elderly users can access and not just those able to drive. Continue the order online service so you can still collect at Partnership centres?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13571	Theme 3- Reducing the Number of Council Facilities	General Comment	Shutting bubbles was a major mistake that will never be forgotten for generations to come.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13572	Theme 3- Reducing the Number of Council Facilities	General Comment	Why dont you sell your properties to local residents in first place - people who live here do care about places they live in. I tried to buy commercial property in bathgate for past 5 years - not possible. All council effortable places are sold under the table to people whi make a profit on it!! For example Waverly depo in Bathgate - wrongly advertised so signs went up on property after the closing date so residents can not see its for sale then sold to person who did not touch it for a year and a year later sold it with a 100k profit? Even tho we contacted council and asked if we can change class of use from 5 to 4 if we purchase. I was told no as Bathgate centre is designated for residential only now (have it in writing) and surprise surprise - year later we have business there? How? We constantly try to bring value to the town but feel not supported at all!!!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13573	Theme 3- Reducing the Number of Council Facilities	General Comment	Civic centre again huge building wasted	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13574	Theme 3- Reducing the Number of Council Facilities	General Comment	Further promotion of working from home / remote working removing the requirement for larger office spaces in council buildings etc.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13575	Theme 3- Reducing the Number of Council Facilities	General Comment	get rid of some places	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13576	Theme 3- Reducing the Number of Council Facilities	General Comment	Ensure no duplication of council facilities	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13577	Theme 3- Reducing the Number of Council Facilities	General Comment	Create a budget. Track your income and expenses to understand where your money is going. This helps identify areas where you can cut back. Set specific savings goals. Whether it's for a down payment on a house, a vacation, or an emergency fund, having a clear goal can motivate you to save. Reduce unnecessary expenses: Look for ways to lower your monthly bills, such as canceling unused subscriptions, cooking at home more often, or finding cheaper alternatives for services. Automate your savings: Set up an automatic transfer from your checking account to a savings account on payday. This ensures you save money before you have a chance to spend it. Use the 50 / 30 / 20 rule: Allocate 50 % of your income to needs, 30 % to wants, and 20 % to savings and debt repayment. Review and compare services: Periodically check if you can get a better deal on things like insurance, phone plans, or internet services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13578	Theme 3- Reducing the Number of Council Facilities	General Comment	The council offices are half empty with working from home	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13579	Theme 3- Reducing the Number of Council Facilities	General Comment	Close and sell off buildings.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13580	Theme 3- Reducing the Number of Council Facilities	General Comment	make better use if buildings.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13581	Theme 3- Reducing the Number of Council Facilities	General Comment	Fairly obvious really. You have a budget so stick to it.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13582	Theme 3- Reducing the Number of Council Facilities	General Comment	One minute you want tourist to come to our villages, for what and why. Everything is being closed. How would that improve with less and less facilities. We have pride in our small communities you are encouraging people to leave. The kids are running wild just now, if and when the centres close low and behold where will we be. Repairing and extending a partnership, for why? What income does that generate, but hey let's close the centre. Someone somewhere has it extremely wrong, and I can assure you it is not the the public look closer to home, you have been running this for	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13583	Theme 3- Reducing the Number of Council Facilities	General Comment	Don't know what they do with all the money as it's certainly not spent on things which are badly needing done through out west lothian	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13584	Theme 3- Reducing the Number of Council Facilities	General Comment	Upgrade your workforce at the moment I've seen loads of new council vans on the road. West Lothian Council start budgeting your money start building their housing start playing people that actually put roofs on your buildings that don't blow off in the first August of wind and start managing for council employees better or buy robots and save lots of money, cause they don't eat sleep Beckham 24 seven	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13585	Theme 3- Reducing the Number of Council Facilities	General Comment	You can't simply keep closing closing closing to try and save money. Your entire purpose for being is to provide services. But the whole premise of this survey is what you can cut. What you can reduce. What you can get people to pay more for. Once you sell or close places that's it. Can't be brought back. Like Bubbles leisure centre. Gone. Demolished. No one wins. Broxburn swimming pool. Gone. Demolished. Why not demolish everything?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13586	Theme 3- Reducing the Number of Council Facilities	General Comment	Provision of toilets / museums / swimming pools: sports centres in WL are at an all time low. Council buildings if GENUINELY lying empty in communities could PERHAPS be considered by the Community that they are in - Not Leader of Council / Provest sitting in Civic Centre making CLAIMS that aren't always true.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13587	Theme 3- Reducing the Number of Council Facilities	General Comment	As an example, Linlithgow Burgh Halls is a fantastic venue with a knowledgeable, dedicated team. It is crucial that this team are able to make important decisions which genuinely reflect what needs to be done in the venue. Too many poor decisions have been made by those higher up, and this has reflected badly on the venue.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13588	Theme 3- Reducing the Number of Council Facilities	General Comment	From my point of view it seems as though we are getting less and less for our money. I don't want to get into the argument about council tax only making up a small part of your budget. The rest comes from the Scottish Government who ultimately get that money from other taxes that I pay a lot of. You have already removed a number of facilities and I can't say that I have seen any benefit in terms of improved services. In fact it has gotten worse. The state of the roads at the moment is absolutely ridiculous.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13589	Theme 3- Reducing the Number of Council Facilities	General Comment	Cut costs of others	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13590	Theme 3- Reducing the Number of Council Facilities	General Comment	we are very worried about braid house closing, and the impact that this would have on us and our families, Braid House provides us with essential support, this is a positive link for us within the community. It helps us with social interactions, with the exercise classes that helps us maintain or improve our mobility which will reduce our visits to docs, medical professional's	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13591	Theme 3- Reducing the Number of Council Facilities	General Comment	The building are often part of the community way of life. They could be better used, maintained and run to save the money rather than full closure.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13592	Theme 3- Reducing the Number of Council Facilities	General Comment	Very strict energy management.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13593	Theme 3- Reducing the Number of Council Facilities	General Comment	they could make more money if they use these buildings better they might need to shut down clubs because the buildings are closing and it could impact people by not being able to go to the clubs	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13594	Theme 3- Reducing the Number of Council Facilities	General Comment	In the long run the Council will save money / spend less if SERVICES THAT ENHANCE COMMUNITY WELL - BEING & COHESION ARE SUPPORTED [& PROVIDED] eg gritted pavements allow [elderly] friends & neighbours to care for each other in very cold spells; skilled youth work can help more 'teens' to make it through adolescence without falling foul of the law / the community; some communities need more support than others to develop from old semi rural insular attitudes to modern self - respecting & responsible attitudes that would help them to use existing & future services constructively. Don't look for instant financial returns - community development is a gradual process but very rewarding - loads of examples across the country!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13595	Theme 3- Reducing the Number of Council Facilities	General Comment	If you are going to turn over football parks to local clubs etc, who is responsible if the club folds etc.. Just close everything down, but please are sure you have council workers cutting grass which doesn't need cut, massive waste at school diners, massive rent arrears could do with being enforced, but keep salaries for senior management which are over inflated. Keep the pilot running of electric cars which the council bought and don't use.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13596	Theme 3- Reducing the Number of Council Facilities	General Comment	Again someone has approved over budget spending and the solution to that is close facilities and therefore reduce staffing numbers. If WLC was a private company it would have went bust decades ago. It doesn't take a multi national mogul to realise the cycle of over spending, reducing staff numbers, then over spending because you realise those staff members were needed in the first place to keep things running. Then again after 18 months you land in the same situation with a spending gap to try and fix. Whoever currently has the office calculator clearly needs to return it so you can all sit together and add up the ones and zeros. There's not a lot of facilities in the communities as is and you want to close more down, sack more staff, increase the cost of living here via the likes of council tax and parking and no one can see why that would actually put people off living here which in turn generates less income.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13597	Theme 3- Reducing the Number of Council Facilities	General Comment	Shut services that weren't there 20 years ago	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13598	Theme 3- Reducing the Number of Council Facilities	General Comment	I think those groups looking to have funding for particular events and projects could be given support to apply to the many outlets offering support in the private sector, rather than council budget being used. A central hub (this could be virtual) could provide on going up to date opportunities and support for accessing and managing funds	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13599	Theme 3- Reducing the Number of Council Facilities	General Comment	Changes need to be responsible and accounted for.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13600	Theme 3- Reducing the Number of Council Facilities	General Comment	Difficult as such decisions are it is important to spend resources on facilities that are cost effective and properly used by the community. All too often facilities are maintained to serve the minority of people who are vocal rather than the majority who would benefit from spend being directed elsewhere.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13601	Theme 3- Reducing the Number of Council Facilities	General Comment	You can probably never win with questions such as this. We want to save money but there will be impacts on the elderly not being able to access facilities / parents unable to access swimming pools etc. Could you utilise spaces provided by churches / charities to run community groups? Saves on the building cost and only has ongoing costs for building hire etc	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13602	Theme 3- Reducing the Number of Council Facilities	General Comment	Incentivise (example, reduce council rate), Equip, Train and Empower local residents to support operative teams & or resolve issues themselves. Use social media to really champion individuals and residents (not just council leaders) who make a difference. (local champion of the month - were residents can nominate someone and vote), Council to support / remove some of the bureaucracy which turns often a small task into an expensive, complex project to resolve.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13603	Theme 3- Reducing the Number of Council Facilities	General Comment	You must ensure transparency with all of this. Be honest. Consult experts where necessary. Stop selling stuff for £1, stop back handers, stop jobs for the boys - DO IT RIGHT.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13604	Theme 3- Reducing the Number of Council Facilities	General Comment	Where possible reduce the amount of council offices and consolidate into as few buildings as possible.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13605	Theme 3- Reducing the Number of Council Facilities	General Comment	Communicate with local groups and charities within the same areas and develop joined up plans to use facilities to their maximum. Tap into the third sector and support growth / sharing and development of these local services which can play bigger important roles in the community such as after school clubs, school holiday programs and groups for vulnerable groups OAP's and addiction.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13606	Theme 3- Reducing the Number of Council Facilities	General Comment	But keep those that help community	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13607	Theme 3- Reducing the Number of Council Facilities	General Comment	I feel savings can be made anywhere the council deems fit as long as long as its not directly impacting peoples home life and situation in a negative way	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13608	Theme 3- Reducing the Number of Council Facilities	General comment	Review senior	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13609	Theme 3- Reducing the Number of Council Facilities	General Comment	But only in services that's not going to involve child development	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13610	Theme 3- Reducing the Number of Council Facilities	General Comment	Lots	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13611	Theme 3- Reducing the Number of Council Facilities	General Comment	And the people managing them.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13612	Theme 3- Reducing the Number of Council Facilities	General Comment	If it comes to keeping buildings or keeping critical services, then keep just the buildings that are necessary for the critical services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13613	Theme 3- Reducing the Number of Council Facilities	General Comment	Yes, if people are not suffering from it, e. g., if any school is closed, the free transport is provided for people.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13614	Theme 3- Reducing the Number of Council Facilities	General Comment	Get the opinion of the public about what's used and what is not used and cut what isn't used rather than facilities that actually help the public.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13615	Theme 3- Reducing the Number of Council Facilities	General Comment	Facilities that offer a public service or fill a need do just that. Look for waste and consolidate, don't just remove public services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13616	Theme 3- Reducing the Number of Council Facilities	General Comment	Close council buildings that are not busy	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13617	Theme 3- Reducing the Number of Council Facilities	General Comment	Some buildings are not being used to capacity so services that can be outsourced should be. Services that have own facilities should be utilised further. To help reduce costs further.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13618	Theme 3- Reducing the Number of Council Facilities	General Comment	Streamline and utilise more efficiently	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13619	Theme 3- Reducing the Number of Council Facilities	General Comment	If a building is not being used to full capacity it's wasting money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13620	Theme 3- Reducing the Number of Council Facilities	General Comment	Only have buildings when entirely necessary	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13621	Theme 3- Reducing the Number of Council Facilities	General Comment	Yes I do but high footfall facilities should take priority to stay open over lesser used buildings etc.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13622	Theme 3- Reducing the Number of Council Facilities	General Comment	I agree with reducing council facilities but there is not enough information on the savings to be made in this section to make an informed statement	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13623	Theme 3- Reducing the Number of Council Facilities	General Comment	Looking at the areas in West Lothian and having worked in a fair few buildings, the footfall doesn't justify the hours or manpower required.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13624	Theme 3- Reducing the Number of Council Facilities	General Comment	We already have enough ugly flats	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13625	Theme 3- Reducing the Number of Council Facilities	General Comment	close schools that have school next to them and things like this ☐	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13626	Theme 3- Reducing the Number of Council Facilities	General Comment	- Closing the Libraries and selling the buildings should generate significantly more than the £150, 000 stated here along with a capital benefit from the sale of buildings.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13627	Theme 3- Reducing the Number of Council Facilities	General Comment	Making more efficient use of the buildings and resources they have makes more sense.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13628	Theme 3- Reducing the Number of Council Facilities	General Comment	Use less buildings	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13629	Theme 3- Reducing the Number of Council Facilities	General Comment	All of the above.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13630	Theme 3- Reducing the Number of Council Facilities	General Comment	again - what are we waiting for	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13631	Theme 3- Reducing the Number of Council Facilities	General Comment	Fix the pot holes	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13632	Theme 3- Reducing the Number of Council Facilities	General Comment	yeah i agree saving money that way.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13633	Theme 3- Reducing the Number of Council Facilities	General Comment	I do not wish to prioritise the needs of some people over the needs of others. The council made up of elected people from all the wards have to make these difficult decisions - it is why they were elected. If they are not able or prepared to make difficult decisions then there doesn't seem to be any reason to elect councillors. What are they for?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13634	Theme 3- Reducing the Number of Council Facilities	General Comment	you have nothing left for the younger generation to enjoy	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13635	Theme 3- Reducing the Number of Council Facilities	General Comment	Again look into your janitorial staff and what they are actually doing all day	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13636	Theme 3- Reducing the Number of Council Facilities	General Comment	Additionally, any disposal of services in any shape, should be handled correctly through the local community in a professional manner. Not how you handled Rosemount court, the situation with the land plots at Bridgend or the diabolical proposals you offer for community centres. That's not proper consultation, it's almost bullish behaviour.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13637	Theme 3- Reducing the Number of Council Facilities	General Comment	Be very cautious about cultural activities, encourage interest and investment in West Lothian facilities and events, generating income where possible. Large savings seem possible in the education sector, looking at productivity, reduction in waste and duplication. Effective digital access. Caution with aspects such as toilets, ensure that other facilities are accessible.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13638	Theme 3- Reducing the Number of Council Facilities	General Comment	Close buildings which are not used much	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13639	Theme 3- Reducing the Number of Council Facilities	General Comment	Services are already cut too low	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13640	Theme 3- Reducing the Number of Council Facilities	General Comment	Not to reduce. public amenities this has gone far enough. Assess council office and admin facilities. ie remote working as standard.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13641	Theme 3- Reducing the Number of Council Facilities	General Comment	The system seems to lose my comments.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13642	Theme 3- Reducing the Number of Council Facilities	General Comment	I support this proposal assuming there are alternatives. What will the council provide for those living in digital poverty?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13643	Theme 3- Reducing the Number of Council Facilities	General Comment	The whole point of the partnership buildings in each area was to have all services under 1 roof.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13644	Theme 3- Reducing the Number of Council Facilities	General Comment	However rural communities are not getting much better their bus services are poor and lack of shops make their areas constricted and left helpless. Make more walk paths to neighbouring villages that are close enough for the residents to get to local services	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13645	Theme 3- Reducing the Number of Council Facilities	General Comment	Start using abandoned buildings for the community..... Not as homeless shelter or hotel.... But actually for the community.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13646	Theme 3- Reducing the Number of Council Facilities	General Comment	Do what you need to stop taking money from the working people. The libraries and gym centres already closed. I've felt no difference to public services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13647	Theme 3- Reducing the Number of Council Facilities	General Comment	Cut civil servants and waste across the board, merge jobs and cut waste. Far too many civil servants not doing a proper day's work and just there to look busy	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13648	Theme 3- Reducing the Number of Council Facilities	General Comment	Regarding last question, yes but only if it protects frontline access.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13649	Theme 3- Reducing the Number of Council Facilities	General Comment	Consolidate back - office and low - use sites first.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13650	Theme 3- Reducing the Number of Council Facilities	General Comment	I don't think councils should run useless services. It's a capitalism based society if there's a demand there will be offer from private businesses.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13651	Theme 3- Reducing the Number of Council Facilities	General Comment	Share back office services, use transparency to cut waste, get more for less by improving procurement, buy together, improve council tax collection rates, encourage direct debit and e - billing for council tax, better land and property management, hot - desking.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13652	Theme 3- Reducing the Number of Council Facilities	General Comment	estate rationalisation and sub - letting.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13653	Theme 3- Reducing the Number of Council Facilities	General Comment	Well, many of your staff are already working from home.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13654	Theme 3- Reducing the Number of Council Facilities	General Comment	It is shocking to read about council premises that have been sold for less than their market value. This should be relooked at. The only people that benefit from these sales are the developers. The people of west lothian don't see any benefits from these sales.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13655	Theme 3- Reducing the Number of Council Facilities	General Comment	Pensions contributions are out of control	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13656	Theme 3- Reducing the Number of Council Facilities	General Comment	Support the community centres more though with the other savings	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13657	Theme 3- Reducing the Number of Council Facilities	General Comment	Stop selling building for people to open for the homeless when they are only making lots of money from this.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13658	Theme 3- Reducing the Number of Council Facilities	General Comment	Should only be reducing facilities if they don't impact the communities they are based in	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13659	Theme 3- Reducing the Number of Council Facilities	General Comment	Not sure who would want to buy old derelict buildings	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13660	Theme 3- Reducing the Number of Council Facilities	General Comment	Yes, your property's open sell them get the committee to help build them stop allowing private builds when we have no infrastructure. Get a grip.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13661	Theme 3- Reducing the Number of Council Facilities	General Comment	Why can't council staff be cross trained? More accountable for what they do. Trackers added to all council vehicles.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13662	Theme 3- Reducing the Number of Council Facilities	General Comment	There is a substantial number of underutilised council buildings and many council staff working from home now.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13663	Theme 3- Reducing the Number of Council Facilities	General Comment	increased use of online services like libraries and banks reduce traffic wardens	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13664	Theme 3- Reducing the Number of Council Facilities	General Comment	Look closely at scope available and identify that could be closed without impacting public	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13665	Theme 3- Reducing the Number of Council Facilities	General Comment	I agree that properties should be sold off as long as it is not going to cause hardship to too many other tenants.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13666	Theme 3- Reducing the Number of Council Facilities	General Comment	Again suggestions make sense, but the impact this has on workers who rely on council buildings when they are working within the community. There would need to be a review of equipment ensuring IT was accessible and storing of resources, as peoples homes are currently being relied on for this	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13667	Theme 3- Reducing the Number of Council Facilities	General Comment	The council should review its buildings portfolio if it continues to offer working from home but not to the detriment of the service. It should focus on what it was set up to deliver rather than wasting money on vanity projects and ideologies.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13668	Theme 3- Reducing the Number of Council Facilities	General Comment	Possibly focus on the most important things that affect peoples day to day life e. g roadworks and emergency services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13669	Theme 3- Reducing the Number of Council Facilities	General Comment	3a is too vague.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13670	Theme 3- Reducing the Number of Council Facilities	General Comment	Get rid of any shops or places that are not used	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13671	Theme 3- Reducing the Number of Council Facilities	General Comment	if they're not being used properly yes	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13672	Theme 3- Reducing the Number of Council Facilities	General Comment	Less churches because they are barely used	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13673	Theme 3- Reducing the Number of Council Facilities	General Comment	Save a bit of money each year	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13674	Theme 3- Reducing the Number of Council Facilities	General Comment	People will pay for these things because it makes the area more lively	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13675	Theme 3- Reducing the Number of Council Facilities	General Comment	Fund raising	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13676	Theme 3- Reducing the Number of Council Facilities	General Comment	Buildings which are currently not in use	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13677	Theme 3- Reducing the Number of Council Facilities	General Comment	These new council buildings were a waste of money!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13678	Theme 3- Reducing the Number of Council Facilities	General Comment	Make more building	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13679	Theme 3- Reducing the Number of Council Facilities	General Comment	Reducing expenses on unnecessary things	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13680	Theme 3- Reducing the Number of Council Facilities	General Comment	I don't know how else to save money where no more money can be saved. Services are reducing as it is and reducing services like the library is difficult.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13681	Theme 3- Reducing the Number of Council Facilities	General Comment	I think some services as a lot can be digital or availability still within area. I think activity based should not be reduced for some this is really essential but it has to be these services are being utilised.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13682	Theme 3- Reducing the Number of Council Facilities	General Comment	Closing the four remaining automated public toilets at Livingston, Linlithgow, Bathgate and Broxburn, where alternative toilet facilities are available.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13683	Theme 3- Reducing the Number of Council Facilities	General Comment	My only word of caution is in relation to the option being given in regards to Community Halls. If we loose these you loose the heart of some of these West Lothian towns. The options of Asset Transfer sounds good in principle, however this becomes an enormous weight for a group of unprofessional volunteers to take on. A lot of ordinary people who know nothing about running a building. I feel great consideration for each Community Hall needs to be taken before any harsh decisions are made.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13684	Theme 3- Reducing the Number of Council Facilities	General Comment	As long as it's not council housing that's fine	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13685	Theme 3- Reducing the Number of Council Facilities	General Comment	Home working has also contributed to less in a building at any one time.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13686	Theme 3- Reducing the Number of Council Facilities	General Comment	yes but sparing services for vulnerable groups should be maintained	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13687	Theme 3- Reducing the Number of Council Facilities	General Comment	Services that are necessary should be retained.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13688	Theme 3- Reducing the Number of Council Facilities	General Comment	Again not able to use digital anything. Community wing is only place I can use due to mobility. I use the clubs. Breaks my week up. I live alone	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13689	Theme 3- Reducing the Number of Council Facilities	General Comment	Not a problem as long as we keep everything	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13690	Theme 3- Reducing the Number of Council Facilities	General Comment	As long as it's not to the detriment of the community	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13691	Theme 3- Reducing the Number of Council Facilities	General Comment	Yes to a degree. How many council facilities are left unused / derelict?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13692	Theme 3- Reducing the Number of Council Facilities	General Comment	I agree that savings could come from underused buildings	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13693	Theme 3- Reducing the Number of Council Facilities	General Comment	To some	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13694	Theme 3- Reducing the Number of Council Facilities	General Comment	Why has this no	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13695	Theme 3- Reducing the Number of Council Facilities	General Comment	Keeping the council working on things like schools and doctor offices and letting the public pay for things like clubs	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13696	Theme 3- Reducing the Number of Council Facilities	General Comment	Utilise the council buildings that are open or if not close them as it 's money sitting vacant when savings could be made.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13697	Theme 3- Reducing the Number of Council Facilities	General Comment	Toilets need to be kept open in public areas such as eliburn Park.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13698	Theme 3- Reducing the Number of Council Facilities	General Comment	In some respects yes but not if charging community groups leads to their closure as community groups struggle with funding and the charges that have been circulating in communities are excessive.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13699	Theme 3- Reducing the Number of Council Facilities	General Comment	... with caveats. You need to provide leisure / community facilities and ring fence income to build / maintain / run them. Farical fees go to community groups to waste / accumulate as happens just now	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13700	Theme 3- Reducing the Number of Council Facilities	General Comment	Given working from home is now imbedded in the councils working conditions, the council could generate income by renting out parts of largely vacant buildings most days.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13701	Theme 3- Reducing the Number of Council Facilities	General Comment	Most things done on line.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13702	Theme 3- Reducing the Number of Council Facilities	General Comment	However activities for the community are essential to promote inclusion and promote good mental health. Cutting of these services needs to be careful as this could cost more to the council in the future.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13703	Theme 3- Reducing the Number of Council Facilities	General Comment	You mention financial costs / savings but have you done a social impact survey?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13704	Theme 3- Reducing the Number of Council Facilities	General Comment	Stop housing migrants at a massive cost to the area	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13705	Theme 3- Reducing the Number of Council Facilities	General Comment	Shutting services has an impact on what is available to kids	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13706	Theme 3- Reducing the Number of Council Facilities	General Comment	I think it's important to ensure people are not isolated and that there are sufficient services / places available that can be used especially in the more remote communities. Lack of community services can cause problems in the community.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13707	Theme 3- Reducing the Number of Council Facilities	General Comment	But where is the money going that your saving? It's certainly no going to tenants	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13708	Theme 3- Reducing the Number of Council Facilities	General Comment	Some of these might be viable but there should be no further cuts to leisure facilities	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13709	Theme 3- Reducing the Number of Council Facilities	General Comment	No, sometimes it 's easier to visit council	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13710	Theme 3- Reducing the Number of Council Facilities	General Comment	Residents feel already they are being charged more council tax for fewer amenities and services this is not good for the wellbeing of local residents and creates it will for council decisions it seems the bean country 's are not considering the impact on community	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13711	Theme 3- Reducing the Number of Council Facilities	General Comment	Stating the obvious that as a nation and locally we are becoming an obese population with multinational companies pushing unhealthy and highly processed foods, so reducing local sporting facilities will only put more strain on both local and national NHS services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13712	Theme 3- Reducing the Number of Council Facilities	General Comment	Facilities in any town is its heartbeat. It is what keeps the people alive and feel any worth. There are medical and health reasons for keeping toilets open although i often wonder how many people are aware of the old scottish law which allows you to knock on any door and ask to use the facilities. No one can refuse as its an unwritten law. Again charging the public more for the facilities that are available is a disgrace. Maybe look at any duplication in groups? How many over 50 groups are there catering for the same thing?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13713	Theme 3- Reducing the Number of Council Facilities	General Comment	Deal with the reorat letters send when nit needed one letter 18 times	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13714	Theme 3- Reducing the Number of Council Facilities	General Comment	People need these facilities	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13715	Theme 3- Reducing the Number of Council Facilities	General Comment	No there are already very few facilities in West Lothian due to mismanagement of council funds. Stop wasting money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
13716	Theme 3- Reducing the Number of Council Facilities	General Comment	People need access to them for all types of issues	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13717	Theme 3- Reducing the Number of Council Facilities	General Comment	Look after our communities instead of running them into the ground - involve people in a proper way as opposed to the sly sleekit way you are attempting to do it. People in our communities know better than any one else	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13718	Theme 3- Reducing the Number of Council Facilities	General Comment	Simple approach..... improving current standards with a focus on much better maintenance schemes is the answer	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13719	Theme 3- Reducing the Number of Council Facilities	General Comment	Part of the Council 's role is to provide community facilities so why not look to cut the number of Councillors who do not benefit the community instead of closing libraries	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13720	Theme 3- Reducing the Number of Council Facilities	General Comment	Again instead of cutting look for ways improve. People get paid and do half jobs. Cut the grass and leave the cuttings all over the paths. They get paid and no respect. I'm totally fed up and feel West Lothian is absolutely disgusting to look at. Bins overflowing etc etc: what happened to all the staff getting 10 % wage rises where are they what are they doing.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13721	Theme 3- Reducing the Number of Council Facilities	General Comment	Same comment as previously. I agree with some suggestions and not with others. Please allow me to vote on each suggestion individually.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13722	Theme 3- Reducing the Number of Council Facilities	General Comment	Reduce the fat cat pay (Executive and higher Management) stop all bonuses!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13723	Theme 3- Reducing the Number of Council Facilities	General Comment	I feel this also has had the opposite effect on community's	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13724	Theme 3- Reducing the Number of Council Facilities	General Comment	Not really maybe that's the problem lack of jobs	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13725	Theme 3- Reducing the Number of Council Facilities	General Comment	Reducing public services whilst increasing housing is ridiculous	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13726	Theme 3- Reducing the Number of Council Facilities	General Comment	Work better, plan better	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13727	Theme 3- Reducing the Number of Council Facilities	General Comment	I myself suffer from server mental health and I find that the council doesn 't help with my condition what so ever billing me 4, 000 for a service I need! I 'm a mother of two children with asn will they be charged too soon and discriminated against due to there needs	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13728	Theme 3- Reducing the Number of Council Facilities	General Comment	The council has stripped back enough services and communities are bare	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13729	Theme 3- Reducing the Number of Council Facilities	General Comment	Cutting off stuff on those facilities	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13730	Theme 3- Reducing the Number of Council Facilities	General Comment	once again you ignore the elephant in the room. the savings are there on your doorstep. start there	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
13731	Theme 3- Reducing the Number of Council Facilities	General Comment	The full system needs fixed.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
