3963	Theme 1: Increase Efficiency and Developing New Ways of Working	1j - Bringing together teams to focus on Transformation and Business Support.	sorry but what does Transformation and Business Support service provide??	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
3964	Theme 1: Increase Efficiency and Developing New Ways of Working	1j - Bringing together teams to focus on Transformation and Business Support.	1j (there has not been enough evidence to date of the positive impact of the Transformation Team)	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
3965	Theme 1: Increase Efficiency and Developing New Ways of Working	1j - Bringing together teams to focus on Transformation and Business Support.	j) more information	Corporate Policy and Resources	9. The respondent made a comment on the survey question
3966	Theme 1: Increase Efficiency and Developing New Ways of Working	1j - Bringing together teams to focus on Transformation and Business Support.	Transformation Team - what do they do????	Corporate Policy and Resources	9. The respondent made a comment on the survey question
3967	Theme 1: Increase Efficiency and Developing New Ways of Working	1j - Bringing together teams to focus on Transformation and Business Support.	what does transformation team do?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
3968	Theme 1: Increase Efficiency and Developing New Ways of Working	1j - Bringing together teams to focus on Transformation and Business Support.	1j) do you mean cutting this service or creating a new team to focus and business support (poorly worded)	Corporate Policy and Resources	9. The respondent made a comment on the survey question
3969	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I do agree with reviewing water canisters for both budget and environmental reasons.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3970	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Individual milk cartons in schools are completely wasteful and not cost effective. There must surely be a better solution to this. I estimate that my child's school uses at least 380,000 milk cartons per year. Which is a shocking number of non recyclable products to go to landfill. There are much better solutions to this. There is a company called Mossjel Milk that offer refillable milk machines and have statistics on how much this route of providing milk saves councils per year, financially and environmentally.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3971	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Most seem worthwhile and intuitive.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

3972	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I do agree with everything that the council are imposing	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3973	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Getting rid of water cartons in school seems obvious. I don't understand the other proposals about changes in schools which concerns me.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3974	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Replacing single use cartons with reusable ones is great.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3975	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	single use cartons banned - water and milk -	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3976	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Children and yp can bring own water bottle. Own juice own drinks. Helps green agenda.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3977	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I think all points raised are reasonable	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3978	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Children have suffered enough cutbacks since the pandemic. Don't go for them just because they can't vote yet. xxxx suggested the water bottles 4 years ago....	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3979	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Provide school children with reusable water bottles and and scrap the single use cups. And only provide water taps / fountains	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3980	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Water bottles would be great	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3981	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I think 1i, 1h, and 1k are great saving ideas!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3982	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	single use cartons banned - water and milk	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3983	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	These should be implemented immediately	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3984	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Stop one use water and only provide bottles for families who are not financially able to provide this themselves.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3985	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agree with reusable water bottles, I could never understand why they brought the cartons schools nowadays are needing to change	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3986	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Cardboard cartons of water absolutely a waste. So agree.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3987	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Cut out unwanted costs	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3988	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Agree with all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3989	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Agree all.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3990	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1k - great idea but this moment you supply cartons of water from Wales!! Why?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3991	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Definitely get rid of one use eater cartons at schools reusable bottles are water refill stations are a definite	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3992	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1k - reduce this in whole - do not buy plastic bottles most homes have these Overall comment - This activity consultation is insane as we are at breaking point already in West Lothian. We need more attractions to families living here - more babies to create balance of children & elderly.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

3993	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Cutting out wasteful single use bottles is essential.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3994	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agree with cutting out wasteful single use water bottles.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3995	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	scrapping the water cartons is a great saving - as they are warm and never used.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3996	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Agree with all of these	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3997	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agree with most of the prior suggestions	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3998	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Reuseable water bottles in schools sounds like a good and easy way to start.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
3999	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	These seem like sensible ways to benefit all users within the councils as well as those accessing council services with minimum disruption to the public	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4000	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Don't think just because I agree that the council has to make savings that this is the same as agreeing with all the proposals you have made.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4001	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Agree 1k	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4002	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Stop using one - use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4003	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Stop using one - use water cartons in schools and replacing with reusable bottles.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4004	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Introduce reusable bottles.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4005	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	These all sound like good ideas - apart from the use of what you describe as "AI". What you are referring to as "AI" will only cause more costly mistakes, avoid it at all costs.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4006	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Agree with all the proposals given as examples. Closer working with the NHS, premises sharing etc. Making brave decisions Save through efficiency, streamlining and integration Buy local, West Lothian businesses by default Plan for changing demographics and anticipate change	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4007	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Drinking fountains.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4008	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Absolutely stop using water cartons in schools. Students are already expected to carry their own bottle which they can refill.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4009	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Water bottles not cartons are an absolute no brainer - do this.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4010	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Definitely back to reusable cups and jugs of water / milk in schools. Functioning kitchens in school hardly used for much other than pre - made hot service.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4011	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Do not provide reusable bottles in school and place the onus on the family to purchase as other authorities do. Other authorities do not provide ipads for home learning.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4012	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Stop providing reusable water bottles in school and asking the families to supply these as other authorities do.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4013	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I think all good	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4062	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1K look like good areas to start saving.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4063	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	THEY NEED TO LOOK AT WHAT IS THE BEST WAY TO CUT THERE BUDGET	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4064	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Save on packed lunches by not giving the children water as they all have a reusable water bottle anyway.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4065	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	The suggestions above seem practical	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4066	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Yes to exploring all these options.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4067	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Stop using one use water bottles in schools, maybe the children could bring their own full water bottles to school and refill them at a water fountain.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4068	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agree with all these examples.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4069	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Yes, I agree with all these examples.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4070	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agree that all these examples should be explored.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4071	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agree with all the examples - these should be explored, and I'm sure there are many more.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4072	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	The list created on the previous page was a very good start to make changes. I believe that implementing the points made would be beneficial to the people of West Lothian.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4073	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Yes change to water bottles - help planet.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4074	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agree with this. I think they need to work on doing a job right the first time.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4075	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Agree to most of these.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4076	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	All these statements are positive but I assume the statement will then say that they don't have people to implement them and nothing will change	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

Water bottles are a good idea - also teach children responsibility for the planet.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4084	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Yes, I agree that the Council should look for more efficient ways of working	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4085	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agree with these.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4086	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Review all spending - the council has too much bureaucracy which costs money unnecessarily. Yes to 1K	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4087	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Most of the ideas suggested look fair.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4088	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Yes to all the above.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4089	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Reusable bottles are a good idea - cut down on plastic	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4090	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Yes I do agree, but at what cost.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4091	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Sounds like you've got some good ideas.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4092	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4093	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agree with points - 1k	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4094	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I think the reusable water bottle option is a fab way to be more efficient. However	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4095	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1k - agree Can the education estate be utilised for the delivery of other child centred services - eg - social policy based in Whitburn, Bathgate, Livingston schools	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4096	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I do agree that one use cartons should be stopped at schools and nursery and reusable bottles should be used instead.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4097	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	It seems there is potential quick wins: single use water cartons as this also has an environmental impact.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

4098	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Use reusable bottles	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4099	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Use reusable bottles rather than single use but make sure the children are supported to keep these clean.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4100	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agree with the suggestions	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4101	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1K AGREE	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4102	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Agree to explore these possibilities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4103	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Agree to exploring all these examples.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4104	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	We also support environmentally positive actions such as reusable bottles (1k) and other sustainability initiatives.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4105	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Removing water cartons is an easy saving for schools.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4106	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Yes, I support the Council's efforts to find more efficient ways of working and to modernise services. However, it is important that these improvements are implemented in a way that does not negatively impact existing institutions or essential services. Efficiency should enhance service quality while maintaining support for all stakeholders.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4107	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	All of these and more should be explored before increasing fees and taxes.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4108	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Consider savings from all these areas.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4109	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agree with all of the suggestions as possible sources of savings.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4110	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I think you should implement all of these changes but gradually and see how it affects things over time. If it gets to a point where people can't keep up then the changes can slow down	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4111	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I think these changes are a smart idea but to a lesser extent and they should be gradually implemented one by one to receive proper feedback before changing things to quickly	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4112	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	In primary schools we have not used single use water cartons for over a year.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4113	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	In primary school we do not get single use water cartons anymore.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

4161	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I think reusable water bottles is a really great idea for primary school students. The electrical solar power bins maybe shouldn't be produced anymore.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4162	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1k - strongly agree with reusable water cartons	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4163	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Good ideas, worth exploring.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4164	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Look at all these suggestions and more - some good ideas. Don't let the vested interests (EIS) stifle progressive thinking in Education, some changes can be good for children and young people. Teacher interests are not always the same as children's interests.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4165	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1k defo	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4166	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Agree completely with 1k (£50000 on one use water!).	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4167	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Use reusable water vessels. Encourage children to bring their own from home.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4168	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Stop using single use water bottles.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4169	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1k - of course children should have a reusable bottle. I did - I thought it was the same everywhere.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4170	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Good ideas - worth exploring all for savings.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4171	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Use reusable water bottles Making less rubbish Match carer services These are top answers to save money by working smarter	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4172	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agree with all these examples being considered	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4173	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I am all for the reusable water bottle idea.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4174	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Use water bottles in schools	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4175	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I think these should be a lot more waste efficient and use reusable water bottles	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4176	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Get rid of one use water cartons	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4177	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	start using water bottles	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4178	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Agree with all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4179	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	yes they should	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4180	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4181	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4182	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4183	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Remove water cartons Reframe ELC provision to school time and remove running costs during school holidays when attendance drops significantly Review procurement procedures to allow schools to buy cheaper items when possible Link in with eco school review results to find ways to reduce energy use in each school	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4184	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	as well as water cartons most children have loads of plastic bottles themselves	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4185	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I think the suggestions are acceptable and understand the councils budget issues	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4186	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I would agree reusable bottles a good idea.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4187	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I understand you need to save money but seeing what I see, the council has already been taken back to the bare bones within schools and social care especially, put taxes up to cover. I agree doing environmentally friendly options is great.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4188	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agree with scrapping water cartons in schools.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4189	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agree with most of the points made.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4190	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	The Council should prioritise reducing waste, improving efficiency before considering any tax rises	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4191	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Proceed with the current suggested savings	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4192	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I think children should have to bring their own water bottles to school and ones are only provided if the family cannot afford a bottle.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4193	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1k yes do this greener anyhow.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4194	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Only agreement is replacing cartons to bottles	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4195	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Agree with 1k STRONGLY	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4196	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Yes - 1k	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4197	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	suggestions are fine.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4198	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agreed	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4199	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1k) yes for the environment as well, as long as you use a recyclable material as im assuming bottles will get lost / broken etc and will need to be replaced if distributed to everyone etc (may cost more in admin for this, whos has a bottle etc)	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4200	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Yes to stop using one - use water cartons in schools and replacing with a reusable bottle	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4201	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Reusable bottles is a good idea.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4202	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	definitely need to assess all these ways of working and ensuring the climate is supported also.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4203	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1K this seems unnecessary as not all schools need this. Pupils have the right to clean water but in Scotland that can come from the tap. Yes, get rid of cartons of water but I do not believe it necessary to replace these with a water bottle for every child. This should be based on need rather than spending excess money on those that do not need this. You could consider water fountain investment.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4204	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Yes maybe use reusable bottles for drinking water but not going private for some of the facilities as then it's just going to cost more money for the residents of West Lothian	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4205	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Yes to 1k	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
4206	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	No	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4207	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1k do not buy water bottles families have these already. As this meets green agenda maybe council should get money back of grid for contributing to green agenda. Community centres why do we not hear councillors etc about supplying centres with green ability and get money back from grid? Never heard councillors or green reps discuss this?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4208	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	P5 - P7 Pupils at Croftmalloch Primary discussed these options and stated: Reusable water bottles. This is maybe a good idea and better for the environment, but it costs lots of money for water bottles	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4209	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1K the use of reusable bottles would not be cost effective. We only use cartons on Fridays. The reusable bottles would get lost and need replaced. Managing 500 bottles and whose was whose would be a logistical nightmare.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4210	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	A lot of the points already raised in the previous page look ok, I don't agree with all of them, however, I would say that a lot of the services are already stretched as thin as they can be at the moment anyway. I don't think making cuts is going to fix that, it will just make things worse.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4211	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1k - A lot of children already bring in their water bottles. Cutting one - use water cartons would impact equity and take away a support provision for all.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4212	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I don't think there is any more room to cut services and funding. Services are underfunded as it is.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4213	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1k - No this won't work because some people will not remember bring bottles - more bad plastic bottles - not the answer.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4214	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I do not agree with the budget cuts and how they are being made.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4215	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agree that savings should be made but not through these suggestions.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4216	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	When the council talks about 'being more efficient' this is usually code for cutbacks and less money.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4217	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I do not agree with the proposed efficiency measures	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4218	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	The council have already cut everyone's life style to the bone with services so I don't know what more we can take	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4219	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Not really	Environment and Sustainability	3. The respondent advised that they had no comment to make.
4220	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Don't know	Environment and Sustainability	3. The respondent advised that they had no comment to make.
4221	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	N / A	Environment and Sustainability	3. The respondent advised that they had no comment to make.
4222	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	.	Environment and Sustainability	3. The respondent advised that they had no comment to make.
4223	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I am not sure	Environment and Sustainability	3. The respondent advised that they had no comment to make.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4224	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Limit / stop the expenses incurred for buffets at meetings.	Environment and Sustainability	4. The council is already doing this.
4225	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Stay within your existing budget and listen to your people to do so. There will be ways that people within your teams already know where efficiencies could be made. You need to work to identify these areas and implement them. I refuse to believe all services are running as efficiently as possible.	Environment and Sustainability	4. The council is already doing this.
4226	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Staff surveys to find out if teams have ideas on how to save money and increase efficiency - often decisions are made top down rather than bottom up. It's hard being a council tax payer to fully understand how the council operates so therefore I feel I cannot comment on how to make savings. It is essential however that services for children, the elderly and vulnerable are safe guarded as much as possible and keeping everyone in the loop also helps. Furthermore often red tape and bureaucracy stops efficiencies from taking place and this is a failing of the public sector. If a private business wasn't making money they would quickly change processes without consultation etc.	Environment and Sustainability	4. The council is already doing this.
4227	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Better joined up working. Sharing information between services to ensure we aren't working towards the goals	Environment and Sustainability	4. The council is already doing this.
4228	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Consider more shared services with other council areas. Could savings be made by consolidating things like HR, Payroll, Finance etc with neighbouring councils. Consider more collaborative procurement contracts. Working together with the likes of Falkirk and Edinburgh could save by increasing value to contractors.	Environment and Sustainability	4. The council is already doing this.
4229	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Public sector accountability at every level.	Environment and Sustainability	4. The council is already doing this.
4230	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Recycling paper and bottles is not effective in early years	Environment and Sustainability	4. The council is already doing this.
4231	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Review council buildings use to reduce numbers.	Environment and Sustainability	4. The council is already doing this.
4232	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Is there no way wind and solar power can be used more than the continued reliance on fossil fuels	Environment and Sustainability	4. The council is already doing this.
4233	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Selling any unused council properties that are sitting empty	Environment and Sustainability	4. The council is already doing this.
4234	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	In East Calder alone, the number of times the same roads have been dug up for "services" improvements has been ludicrous - could better planning not save considerable expense and disruption?	Environment and Sustainability	4. The council is already doing this.
4235	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Friday sandwiches distribution – buying sandwiches is that necessary?	Environment and Sustainability	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4236	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	There are many other single use items used in schools such as plates and cutlery which should also be switched to reusable.	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
4237	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Let people dump their waste more conveniently at their local dump this would stop fly tipping which the council cleans up	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
4238	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Remove the need to book slots at recycling centres where it's impossible for a full time employed individual to find an available slot. This would reduce the amount of trash thrown away in household bins.	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
4239	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	The older employees with health issues give them an incentive to leave stop giving leading hands overtime.	Environment and Sustainability	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
4240	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Stop paying people when they are off sick. Unless they are hospitalized	Environment and Sustainability	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
4241	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Can schools not have water fountains or a tap where pupils and staff fill up their privately owned, reusable water bottles? Surely, staff numbers, vehicle sizes etc. should be regularly reviewed to meet changing demands.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4242	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Extend school times mon - thu, schools closed on Fridays - a structure used by many other countries / education systems which seems to have a positive impact. Only sandwiches in school lunches on Fridays, from experience, majority don't eat the fruit / biscuit included, is a total waste of food as it ends up in the bin.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4243	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	but children should be provided with 1 free at the start of schooling, and if they lose it parents replace it.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4244	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Propose the council seek a local business to sponsor the reusable bottles. The business gets its logo on the bottles, the schools get them for free, and the council still makes the saving.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4245	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Milk cartons in schools are completely wasteful. There should surely be a better and more cost effective solution for this. I estimate that my child's school alone contributes at least	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4246	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	End plastic waste - get reusable containers - will teach children about recycling / environment.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4247	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1k - most children at my daughters school already bring their own reusable water flask. It's easier not to mix up if they are provided by the parents. Only those who can't afford to purchase their own should be supplied one. This would save funds.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4248	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Cups for water in schools / jugs of water on tables - no need to buy reusable bottles.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4249	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Better hydration stations in schools so that one use bottles don't need to be bought in	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4250	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	You should implement majority of all of these changes but gradually overtime and get feedback. see how much of an effect these have and slow down if people hate it too much	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4251	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	ask parents to provide reusable water bottles for their children.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4252	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Reusable lunch boxes	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4253	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	P1 gets a water bottle when they join the school and there are spares	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4254	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Recyclable milk cartons	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4255	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	If a child forgets they could use plastic reusable washable cups. Could set up a sticker reward system to help children remember. Have a subtle system if a family can not afford a bottle.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4256	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	2. Transport costs could also be reduced if buses are only used to transport people to and from Day Services and are no longer used to take individuals on day outings	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4257	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1k - Please only half here we like Rubicon. Can we put a Rubicon factory barrel in situ. WLC write to the makers and suggest this.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4258	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Use tap water in schools	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4259	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I think these ideas are smart but should be implemented in a lesser extent and over time so that proper feedback can be examined	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
4260	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Look into experiments other organisation have done with 4 day working week. Is there increased productivity? If so, does it compensate for only working 4 days? If feasible benefits could be complete closure of some council offices one day a week saving fuel, workers may spend extra free time on self - care, supporting family members, volunteering, other activities of benefit to wider community?	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4261	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Stop giving away at ridiculous prices council owned property example st David's house	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4262	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	why do council vans sit idle at a workers house for so long this cannot be efficient. If a worker is on holiday the van sits there all the time they are on holiday but yet the council will be paying insurance and road tax for that van. As I understand it they now work a 4 day week so the van is idle for 3 days. I don't know what holidays they get but possibly 5 to 6 weeks a year. If you multiply this for all council vans there must be a more efficient way to run this department. At least a third of the year the van is sitting idle.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4263	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Measured response. Does everyone in the council need a vehicle and take it home at night not carpool? List goes on	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4264	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Stop spending money on non essential things & stupid things.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4265	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Cut non essential funding. Get the public's opinion on it by using surveys so you know what is actually being of use to the public and what isn't. Also ask if they have heard of the services before asking about cuts as some aren't well advertised to the public	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4266	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	use some of the suggestions listed above	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4267	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	I agree there needs to be more efficient ways of working, but I don't think it should be all funding that needs to be cut.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4268	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Stop wasting money on things that don't matter	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4269	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Less money on wasting things	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4270	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Reviews for making more efficiencies should not be costly. Cut out all non - essential services.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4271	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	ensuring our walkways / paths etc are passable	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4272	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Will the bottles be provided to all school children and what if children do not have a bottle of their own? Could this also be done in all council buildings, not just schools?	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4273	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1k Kids have their own water bottles and they are cheap these days do you have to provide any?	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4274	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	k)?	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4275	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	1k	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4276	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Well some of them are a bit mental but I agree with some	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4277	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Doesn't all schools already do 1k?	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4278	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Water cartoons in sandwiches – are they needed?	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4279	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	k reduce number of vehicles.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4280	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	More buses for CIT	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4281	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	It's fine to look for savings, but not if it means losing the services that communities rely on every day. The Council should focus on using what it already has more wisely and making sure money is spent where it actually helps residents.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4282	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	While we should look for more efficient ways of working, cutting out large amounts for services that people need will have a huge impact. Not only will it affect those working in the services but those that need help.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
4283	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Rather than ruining services with cuts, perhaps Scottish Government should properly fund local authorities.	Environment and Sustainability	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
4284	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	This is a poorly conceived survey that is leading and does not give appropriate context to allow me to make an informed decision. It appears quite cynical.	Environment and Sustainability	9. The respondent made a comment on the survey question
4285	Theme 1: Increase Efficiency and Developing New Ways of Working	1k - Stop using one-use water cartons in schools and replacing with a reusable bottle, which is also more environmentally friendly.	Tap water?	Environment and Sustainability	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4286	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The Council so be doing this anyway to ensure they are providing best value to the residents of West Lothian	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
4287	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not prepared to answer this question in depth but agree that there 's always ways to improve.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
4288	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes - but I am talking about my dept only. 1) Stop doing things that have "always been done this way ". I am about 6 months into the job, and when I ask why we are doing things for no logical reason, this is the standard answer.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
4289	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Check out the inefficiencies and improve / remove - unfortunately existing staff cannot do this - too close to the problem - free advice and experience was offered and refused (through inefficiency I would add)	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
4290	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	- Cut red tape - Streamline organisation - Less executives on inflated salaries - less questionnaires with all the staff that 's required for them	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
4291	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Less chiefs and more Indians - don't say you've got the balance right because you haven't.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
4292	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	With what they planned implementing, if implemented well, they will make savings	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
4293	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The ideas listed are very welcomed and achievable. I would encourage constant process and procedure review to further shave off any wastage not currently identified.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
4294	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The focus should instead be on improving efficiency and finding fairer ways to manage public spending without deepening poverty in the community.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
4295	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Makes sense, as long as it 's done in a way that ensures that doesn 't impact service	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
4296	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think there are many savings to be considered in the list provided	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
4297	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	No, I consider the options proposed to be well thought out and adequate.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
4298	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think yous do a perfect job i cant think off a better way you can do things	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
4299	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	close libraries	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
4300	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	1k - water cartons - seems like a no - brainer	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
4301	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Agree with all the proposals given as examples. Closer working with the NHS, premises sharing etc. Making brave decisions Save through efficiency, streamlining and integration Buy local, West Lothian businesses by default Plan for changing demographics and anticipate change	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
4302	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Don 't cut frontline services and cuts to schools.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4303	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop cutting services!!!!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4304	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think the council should stop with unnecessary purchases if they can't not afford it. In my opinion i would say in schools we don't need a slushy machine for example	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4305	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I don't think the council should make any cuts to education services, both primary and secondary. Why should children suffer due to budget cuts?	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4306	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not much left to take from residents, no bulk uplifts, no garden waste uplift unless a fee is paid a recycling plant at each residence, no council organised fetes or events, not like they give anything back about time it affected those making the decisions	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4307	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think the cuts always come from the wrong place and communities and people continue to suffer	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4308	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop cutting and cutting! Livingston town is deprived looking due to all the cuts. The streets are full of litter and weeds.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4309	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I personally don't think we can cut back anymore than we have. We have been cutting back for years. Our clients also pay for their service and transport now. They even pay for their own activities. Cutting transport has been mentioned which again will prevent our service users acting day service. This could have huge impact on their families and personal mental and physical health. Staff in the passed agreed to not having a pay rise for years. It seems to me it is always the most vulnerable people that are targeted by our council and government.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4310	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	However, do not agree with some of the services being cut - For examples services for the elderly as they are most in need!!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4311	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It is vital that funding is prioritised for the services that local residents rely on every day — including healthcare support	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
4312	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not at this time	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
4313	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	No	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
4314	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Currently, I have no suggestions. However, I feel the areas targeted for budget cuts are putting great pressure on the community and helping to contribute further to our difficulties eg unemployment, poverty etc.	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
4315	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not sure	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
4316	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	No not enough information on to comment on this on how it will actually affect me	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
4317	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Without seeing the full budget and being given full legal guidelines on what councils can and cannot cut how do you expect anyone to answer that?	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
4318	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Don't know	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
4319	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	no	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.

4475	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	N / A	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
4476	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cancel payment of automatically renewed licences for any computer software packages that are no longer utilised. .	Corporate Policy and Resources	4. The council is already doing this.
4477	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cancel payment of automatically renewed licences for any computer software packages that are no longer utilised.	Corporate Policy and Resources	4. The council is already doing this.
4478	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Changing some of the HR policies offered to council employees, specifically the sick pay element. This seems to be taken advantage of and is a benefit that would not be seen in most private sector jobs. The offering could be changed from what it currently is to lessen the period of time the employee is on full pay during sick leave. This would hopefully discourage people taking advantage of the benefit and also help with long term staff shortages and efficiencies.	Corporate Policy and Resources	4. The council is already doing this.
4479	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Streamline current system processes further and introduce customer portal so signposting can be used	Corporate Policy and Resources	4. The council is already doing this.
4480	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council should review its sickness absence policies to reduce the flexibility in the system for staff to falsely claim sickness. The loss to the public purse and loss of practical public services based on false sickness claims will likely far outweigh all the proposals in previous question combined. The abuse of sickness absence, poor performance, and poor employee discipline would simply not be tolerated in a commercial organisations. The culture in the council of increasing the flexibility to be sick, perform poorly, and behave poorly under the guise of employee rights is not sustainable. The culture has to at least equally address the right of the employer and the public to get a reasonable amount of work hours at a reasonable level from staff. The council should formalise a budget for	Corporate Policy and Resources	4. The council is already doing this.
4481	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting money on vanity projects and make the people of West Lothian's life better	Corporate Policy and Resources	4. The council is already doing this.
4482	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The approach to managing existing services should be prioritised. Don't make changes to service areas that are working well, but understand why these service areas are standing out to allow remodelling of lower performing service areas. Retention of employees maintains experience which should transfer to improved service.	Corporate Policy and Resources	4. The council is already doing this.
4483	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Examine cost savings within the council itself such as reviewing expenses claims and cutting back on hospitality.	Corporate Policy and Resources	4. The council is already doing this.
4484	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The top priority must be given to seek all round improvement to the benefit of residents. Cost cutting on its own is a recipe for calamity	Corporate Policy and Resources	4. The council is already doing this.
4485	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting so much money on stupid things that don't work, you spend so much coming up with changes that just don't work.	Corporate Policy and Resources	4. The council is already doing this.
4486	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Continue to pressurise scot govt for fairer funding. They could cut back on environmentally unfriendly policies such as expanding the trunk road network.	Corporate Policy and Resources	4. The council is already doing this.
4487	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop subcontracting companies to come in and do work. Have trained council staff to do so. Ensure work is being carried out efficiently, it shouldn't take weeks upon weeks for one task.	Corporate Policy and Resources	4. The council is already doing this.
4488	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ensure you get it right first time, minimise the need for rework. Act on issues quickly before they grow to more costly resolutions. Less bureaucracy, more effective management, give management the authority to make the decisions in a timely manner without having to jump through hoops and multiple approvals to action work that's needed.	Corporate Policy and Resources	4. The council is already doing this.
4489	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Invest more in employee wellbeing to proactively reduce sickness absence which costs the council millions of pounds a year.	Corporate Policy and Resources	4. The council is already doing this.
4490	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cancel payment of automatically renewed licences for any computer software packages that are no longer utilised	Corporate Policy and Resources	4. The council is already doing this.
4491	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	2) Upgrade systems for automation instead of using people - there are PDA's, use them. Train the operatives properly on how to use them.	Corporate Policy and Resources	4. The council is already doing this.
4492	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Embrace technology: Shift to video conferencing for meetings to reduce travel costs	Corporate Policy and Resources	4. The council is already doing this.
4493	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Use less expensive software and rely on online platforms for job vacancy adverts instead of costly national publications.	Corporate Policy and Resources	4. The council is already doing this.
4494	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Improve efficiency: Implement strategies to reduce staff absenteeism	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4495	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	cut the council staff expenses and absolutely no bonuses for anyone earning above 30 grand per year,	Corporate Policy and Resources	4. The council is already doing this.
4496	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Flexible working for office staff, including working from home, enabling less office accommodation needs.	Corporate Policy and Resources	4. The council is already doing this.
4497	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Rent yours offices and buildings and put staff to work from home.	Corporate Policy and Resources	4. The council is already doing this.
4498	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Development / training for council managers to allow them to manage more efficiently and effectively. Lack of good leadership has created a poor organisational culture within most services and this prevents successful implementation of change strategies across the council	Corporate Policy and Resources	4. The council is already doing this.
4499	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cancel away days in hotels and glitzy award ceremonies (use a council building)	Corporate Policy and Resources	4. The council is already doing this.

4501	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting money on projects then reverting back. Work within your means if you have not got it you can't have it	Corporate Policy and Resources	4. The council is already doing this.
4502	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Are you asking staff for their suggestions on how to save money? They often know the most waste and inefficiencies	Corporate Policy and Resources	4. The council is already doing this.
4503	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Move as much as you can to online automated services for routine queries.	Corporate Policy and Resources	4. The council is already doing this.
4504	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	invest more in preventative services rather than dealing with a bigger problem ie early education intervention / employability for young people	Corporate Policy and Resources	4. The council is already doing this.
4505	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop over analysing council workers time, there is a spread sheet to document every single move they make which guess what - takes time. yes you need to report but the micro management of time instead of trust is a complete waste of council resource. This in turn would make a saving by allowing council workers to do their job rather than ask them to be completing a spreadsheet of what they have been doing minute by minute.	Corporate Policy and Resources	4. The council is already doing this.
4506	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More community engagement.	Corporate Policy and Resources	4. The council is already doing this.
4507	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Update the website to arrange and manage all appointments.	Corporate Policy and Resources	4. The council is already doing this.
4508	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	WLC needs to consult with business and charities. I noticed a private Contractor cleaning the Uphall Station Road in Pumpherston - who is paying for this Brewster Brothers?	Corporate Policy and Resources	4. The council is already doing this.
4509	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut back the ridiculously large amount of Management positions with high 5 figure and 6 figure salaries.	Corporate Policy and Resources	4. The council is already doing this.
4510	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Hold councillors more accountable to the publics wishes. I do not want to only see them opening a new school etc.	Corporate Policy and Resources	4. The council is already doing this.
4511	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not having non - essential works take place on a Sunday when pay is at an increased rate	Corporate Policy and Resources	4. The council is already doing this.
4512	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Work with other public bodies in Scotland. Learn from them. Eg other councils, the government, Scottish water, Sepa	Corporate Policy and Resources	4. The council is already doing this.
4513	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	2) Stop the funding of Council funds from providing sandwiches, biscuits, tea and coffee and any fancy dinners during meets any of this should be paid out of own wages. 3)	Corporate Policy and Resources	4. The council is already doing this.
4514	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting money on unnecessary junkets	Corporate Policy and Resources	4. The council is already doing this.
4515	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Move to electronic storage to reduce paper.	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4516	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Democratise key decision making. At least when the public get things wrong they have noone to blame but themselves. This also means we get the service we want rather than a 'service' someone in an ivory tower thinks we want.	Corporate Policy and Resources	4. The council is already doing this.
4517	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Start by speaking to the staff & asking for ideas then act on them instead of ignoring them.	Corporate Policy and Resources	4. The council is already doing this.
4518	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut out unnecessary expenses like lunches at meetings - do what others do and bring your own	Corporate Policy and Resources	4. The council is already doing this.
4519	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce councillors s expenses - more scrutiny of expense claims required and less opportunity to claim.	Corporate Policy and Resources	4. The council is already doing this.
4520	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Asking front line workers where savings can be made. I'm in CF social work and a	Corporate Policy and Resources	4. The council is already doing this.
4521	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Impose targets on each department and publish the results annually and with an explanation of achievements or failures. Release targets for the next year with any further ways of annual savings without compromising the standard of services	Corporate Policy and Resources	4. The council is already doing this.
4522	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce dependency on overtime working.	Corporate Policy and Resources	4. The council is already doing this.
4523	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce office working and ensure home working where possible.	Corporate Policy and Resources	4. The council is already doing this.
4524	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review council sick leave policies to reduce number of staff taking extended leaves of absence due to misuse of the policy. "working the system "	Corporate Policy and Resources	4. The council is already doing this.
4525	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review sickness absence policy and look for patterns in sickness absence to avoid continually paying for staff off sick while others pick up the workload.	Corporate Policy and Resources	4. The council is already doing this.
4526	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Allow staff to work from home more to save time, money, travel where possible. Administration is a large part of a lot of roles where can be more affective if done in an environment where it can be done in peace and accurately	Corporate Policy and Resources	4. The council is already doing this.
4527	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also speak to workers who are doing these jobs daily. Too many decisions are made from meeting rooms without appreciating and understanding the consequences it has on whole role of the job and its worker at the end of the day.	Corporate Policy and Resources	4. The council is already doing this.
4528	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Streamlining processes and having clear policies rather than making it up as it goes.	Corporate Policy and Resources	4. The council is already doing this.
4529	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More efficient work - council jobs are well paid but it takes ages to sort anything out with the council, council employees dobt have any pressure to meet time deadlines. Do you have any efficiency metrics in place for admin staff?	Corporate Policy and Resources	4. The council is already doing this.
4530	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ensure that WLC are recovering costs and damages across the board when dealing with residents and companies who breach contracts managed by WLC.	Corporate Policy and Resources	4. The council is already doing this.
4531	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Focus on decentralising and prioritising front line employees. Reduce and streamline bureaucracy. Thoroughly review and reflect on some events, processes, initiatives and procedures which are inefficient and / or not essential.	Corporate Policy and Resources	4. The council is already doing this.
4532	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Continue to look at lean measures and controls. It should be engrained into all employees.	Corporate Policy and Resources	4. The council is already doing this.
4533	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Chronic underfunding undermining the public services in our area is an issue that Scottish Government must resolve. I would like West Lothian Council to openly lobby the government for additional investment, highlighting the increasing child poverty rate and unbelievable wealth inequality in the UK. The Scottish and UK Government must introduce wealth taxes to fund public services in Britain. I recognise this issue goes beyond West Lothian Council and in the short - term the council must do what is needed to survive, but in the long - term I am seriously concerned that if things do not change public services in the UK will be eroded to a point of no return. West Lothian Council is made up of public servants doing their best to help our area grow and develop, but they cannot do so if the cuts don't stop.	Corporate Policy and Resources	4. The council is already doing this.
4534	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Maybe stop giving councillors and head of departments such high salaries and not give bonuses when not deserved	Corporate Policy and Resources	4. The council is already doing this.
4535	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop buying unnecessary items	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4536	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Improve working efficiencies of employees. More improved communication	Corporate Policy and Resources	4. The council is already doing this.
4537	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look for other resources that can be cut that doesn't affect the elderly, disabled or vulnerable people in the county.	Corporate Policy and Resources	4. The council is already doing this.
4538	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Consultations is a major factor ask not just the public you serve or the community you serve but ask your own workers on the ground while everyone is struggling with cost of living and budgets at home and in business ask the men and woman the boots on the ground for ways to improve services and ways to implement better ways of working and service providing while also saving on the pennies	Corporate Policy and Resources	4. The council is already doing this.
4539	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ensuring current workforce are working efficiently and completing a days work for their salary. Often seen sitting in their vans for hours on end during working hours	Corporate Policy and Resources	4. The council is already doing this.
4540	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce use of paper and move services towards digital	Corporate Policy and Resources	4. The council is already doing this.
4541	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	No fancy statues or signs	Corporate Policy and Resources	4. The council is already doing this.
4542	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Contact centre workers could work from home to reduce the number of office spaces required.	Corporate Policy and Resources	4. The council is already doing this.
4543	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Share back office services, use transparency to cut waste, get more for less by improving procurement, buy together, improve council tax collection rates, encourage direct debit and e - billing for council tax, better land and property management, hot - desking, estate rationalisation and sub - letting, cut senior pay, share senior staff, cut spending on consultants and agency staff, review and reduce absenteeism, video conference instead of travel, save money on computer software. And finally... ask your staff for more sensible savings ideas! Your staff will be the most informed and actually the most enthusiastic about cutting waste. Give a prize for best staff ideas for efficiencies. Allow staff to submit anonymous ideas too. For example, at Surrey County Council, over 300 employee suggestions have saved approximately £500, 000.	Corporate Policy and Resources	4. The council is already doing this.
4544	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You need to ask council workers how to make savings. They know more.	Corporate Policy and Resources	4. The council is already doing this.
4545	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Audits, departments should be audited on their staffing. For example, we see a lot of road workers watch each other work, this doesn't happen in the private sector. They're all busy with their own job.	Corporate Policy and Resources	4. The council is already doing this.
4546	Theme 1: Increase Efficiency and Developing New Ways of Working	General comment	Car share.	Corporate Policy and Resources	4. The council is already doing this.
4547	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Where working from home is possible this should happen to reduce required buildings.	Corporate Policy and Resources	4. The council is already doing this.
4548	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Engage with citizens about their needs	Corporate Policy and Resources	4. The council is already doing this.
4549	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Well there would be more productivity if theres wasn't such a good sickness scheme. Staff absence is far too high, needs to be a crackdown on this.	Corporate Policy and Resources	4. The council is already doing this.
4550	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop food catering at council Meetings people can bring their own food,	Corporate Policy and Resources	4. The council is already doing this.
4551	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make sure contractors are doing job hired to.	Corporate Policy and Resources	4. The council is already doing this.
4552	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	hybrid working to save utilities	Corporate Policy and Resources	4. The council is already doing this.
4553	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	offer permanent contracts to reduce agency staff / high staff turnover due to temp only contracts	Corporate Policy and Resources	4. The council is already doing this.
4554	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Start looking at what west lothian residents need and stop wasting money on things who do not benefit them in any way.	Corporate Policy and Resources	4. The council is already doing this.
4555	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	To make a savings just spend on the things that you need that gonna help communities things that communities don't really use or need you cancel them	Corporate Policy and Resources	4. The council is already doing this.

4557	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Home working	Corporate Policy and Resources	4. The council is already doing this.
4558	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Promoting community maintenance schemes and digital - first services could also save money while strengthening local engagement and environmental responsibility.	Corporate Policy and Resources	4. The council is already doing this.
4559	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Consider not just increased efficiency but also the cessation of some activities.	Corporate Policy and Resources	4. The council is already doing this.
4560	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce wasteful processes by streamlining all the paperwork and administration out of them. Take a risk based approach to doing this.	Corporate Policy and Resources	4. The council is already doing this.
4561	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Advertise the Flexible Retirement option to staff to help get people off the final salary scheme thus saving money to for the council in pension payments and a reduction of staff salaries.	Corporate Policy and Resources	4. The council is already doing this.
4562	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wastage, its not your money to spend and someone should be held accountable for wastage.	Corporate Policy and Resources	4. The council is already doing this.
4563	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop giving massive payrises to folk earning over £60, 000pa.	Corporate Policy and Resources	4. The council is already doing this.
4564	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Employ staff that know what their job entails.	Corporate Policy and Resources	4. The council is already doing this.
4565	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There isn't any mention of back office costs... software licenses, cloud services, security or insurance costs. In my experience there are always savings to be made with optimised agreements.	Corporate Policy and Resources	4. The council is already doing this.
4566	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop spending money on vanity projects spend on essentials only	Corporate Policy and Resources	4. The council is already doing this.
4567	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Be more proactive in dealing with illegal travelling camps as seen recently.	Corporate Policy and Resources	4. The council is already doing this.
4568	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Managing your existing employees better, work can be done a lot more effective	Corporate Policy and Resources	4. The council is already doing this.
4569	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Flexible Working and Office Rationalisation - Expand hybrid working to reduce the need for office space. - Lease or sell underused council buildings and consolidate staff into fewer locations. - Use hot - desking and shared workspaces to optimise space usage.	Corporate Policy and Resources	4. The council is already doing this.
4570	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	6. Introduce flexible working / hybrid working to reduce overheads	Corporate Policy and Resources	4. The council is already doing this.
4571	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	working from home would be beneficial to WLC to reduce carbon print	Corporate Policy and Resources	4. The council is already doing this.
4572	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	monitor productivity of employees.	Corporate Policy and Resources	4. The council is already doing this.
4573	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make public leadership and senior managers salaries. Residents can make informed decision if the value add of these positions vs the cost.	Corporate Policy and Resources	4. The council is already doing this.
4574	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A pause needs to be placed on hospitality and funding for this be used on delivering vital services	Corporate Policy and Resources	4. The council is already doing this.
4575	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	No £1m pay offs for the big wigs.	Corporate Policy and Resources	4. The council is already doing this.
4576	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make the people that work for the council more responsibility for there time. When out working in public instead of sitting in there vans doing nothing. Actually do work.	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4577	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Encourage internal communication within and between council departments, and support collaborative working.	Corporate Policy and Resources	4. The council is already doing this.
4578	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Suggestion - reduce staff through use of voluntary severance as so many other public sector organisations have done successfully.	Corporate Policy and Resources	4. The council is already doing this.
4579	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Refuse top heavy management. Stop creating 'jobs' and stop extra duty payments in wages as this should come under the 'any other duties' part of a contract.	Corporate Policy and Resources	4. The council is already doing this.
4580	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Adopting schemes such as sharing resource and use of data tools is great	Corporate Policy and Resources	4. The council is already doing this.
4581	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Shared Services and Regional Collaboration - Partner with neighbouring councils to share back - office functions (e.g., HR, IT, procurement).	Corporate Policy and Resources	4. The council is already doing this.
4582	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	offer employees voluntary redundancies in non statutory departments	Corporate Policy and Resources	4. The council is already doing this.
4583	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Mostly work from home or hybrid purposes	Corporate Policy and Resources	4. The council is already doing this.
4584	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Allowing staff to buy more leave will generate savings?	Corporate Policy and Resources	4. The council is already doing this.
4585	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Encourage flexible and remote working to lower facility costs.	Corporate Policy and Resources	4. The council is already doing this.
4586	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review policies in place which are ineffective in maintaining the work force to keep work attendance regular.	Corporate Policy and Resources	4. The council is already doing this.
4587	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	tighten up on absence case's were it's ridiculous	Corporate Policy and Resources	4. The council is already doing this.
4588	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Encourage home working	Corporate Policy and Resources	4. The council is already doing this.
4589	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Encourage flexible retirement to enable savings on paying final salary pensions and reduce staff costs.	Corporate Policy and Resources	4. The council is already doing this.
4590	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cutting expense accounts to essentials only.	Corporate Policy and Resources	4. The council is already doing this.
4591	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Allow staff to work from home if their job allows. This would allow office space to be condensed, closing WLC buildings which would be sold or rented out to other businesses. Only keep essential public area open. The cost savings would be huge if staff were not hybrid workers.	Corporate Policy and Resources	4. The council is already doing this.
4592	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Let people work from home more where they can should mean you can cut back as the cost of office space, electricity, rent and you could sell some buildings.	Corporate Policy and Resources	4. The council is already doing this.
4593	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make everyone work from one place where you can	Corporate Policy and Resources	4. The council is already doing this.
4594	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce or gap staff expenses.	Corporate Policy and Resources	4. The council is already doing this.
4595	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut bonuses for all the top guns who under achieve in their related departments	Corporate Policy and Resources	4. The council is already doing this.
4596	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cap staff expenses.	Corporate Policy and Resources	4. The council is already doing this.
4597	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review and revise the way in which the Council settle civil claims. There appears to be a willingness to settle rather than challenge. This costs all local authorities millions Each year, the majority of which is paid from council funds, not insurance	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4598	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Listen to locals who will have the best ideas	Corporate Policy and Resources	4. The council is already doing this.
4599	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not sure if the council do this or not, but dont provide lunch at meetings tell people to bring their own lunch.	Corporate Policy and Resources	4. The council is already doing this.
4600	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Speak to those directly involved and ask them what can be cut. The workers know exactly what is needed or not.	Corporate Policy and Resources	4. The council is already doing this.
4601	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	May be beneficial to allow staff to retire at 60, bring in younger people to do the job - this would allow (Health permitting) grandparents to help with grandchildren / childminding therefor possibly allowing for some cuts in summer schools - I for one would welcome being able to spend time with my grandchildren rather than having to work until I am 67	Corporate Policy and Resources	4. The council is already doing this.
4602	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council appears to lack ownership of issues by council officers. The general narrative from council officers is a defensive mode, there needs to be a system of accountability implemented. Accountability can be achieved by a performance related system where officers are appraised on their ability to set tasks and targets.	Corporate Policy and Resources	4. The council is already doing this.
4603	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	During covid council workers worked from home while still maintaining high standards and meeting deadlines. After covid majority of staff moved to a hybrid structure. I suggest giving staff opportunity to move back to a home working structure thus reducing need to maintain as many council buildings which will benefit the council in terms of income from sale of buildings, reduced costs for heating and lighting etc.	Corporate Policy and Resources	4. The council is already doing this.
4604	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Working from home for staff, possibly saving on rent for buildings.	Corporate Policy and Resources	4. The council is already doing this.
4605	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I believe our best asset is our staff and staff engagement should be a priority first and foremost as they can help identify potential savings within their services before public engagement. Whilst I accept these are officers proposals, front facing staff could be instrumental in identifying cost saving measures also.	Corporate Policy and Resources	4. The council is already doing this.
4606	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You have identified a good set of savings. Is there any scope to use more volunteers for service delivery?	Corporate Policy and Resources	4. The council is already doing this.
4607	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Procurement use all avenues to secure cheaper companies / equipment.	Corporate Policy and Resources	4. The council is already doing this.
4608	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not to tender big companies focus on local workforce	Corporate Policy and Resources	4. The council is already doing this.
4609	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think the council should be looking at costs involved with external agencies, such as not having a glazier employed by the council, or using the enhanced management team with special training and ppe to clean up properties / garden / bin areas	Corporate Policy and Resources	4. The council is already doing this.
4610	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I am still new to Scotland - I can only talk about working at the council for instance I believe that the building we are currently renting is too big for all of us. I also sincerely believe that you can save costs by WFH yes I know COVID is over and every manager wants us to come back into the workplace but it will benefit the council not to pay for the overheads - be clever - downsize and WFH. If you really have your ears to the ground you will already know that this is what most of the admin staff want and love to do.	Corporate Policy and Resources	4. The council is already doing this.
4611	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review use of office space and introduce desk share arrangements. The council staff office areas of Civic Centre are less than half occupied all year due to hybrid home working arrangements. Empty desks could be utilised saving office space requirements perhaps enabling another building closure. Stop staff from using portable heaters under their desks unless agreed for medical reasons. These create a fire risk and add to electricity bills in ways that staff wouldn't if they were paying the bill!	Corporate Policy and Resources	4. The council is already doing this.
4612	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Improving the efficiency of the councils IT systems would be beneficial. Streamlines centralised services and reviewing top heavy staffing of some teams would also help.	Corporate Policy and Resources	4. The council is already doing this.
4613	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look at buying additional days leave for staff by staff	Corporate Policy and Resources	4. The council is already doing this.
4614	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ensure procurement actually delivers best value. Look where service failures exist resulting in duplication of effort and repeat tasks. Build homeless hostel to reduce B & B costs	Corporate Policy and Resources	4. The council is already doing this.
4615	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Spend money on important things like education, social care and less on unimportant things like plants and sculptures.	Corporate Policy and Resources	4. The council is already doing this.
4616	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	If there is such a budget shortfall, how can paying senior management bonuses, particular as most research demonstrates bonuses are counter productive, be justified?	Corporate Policy and Resources	4. The council is already doing this.
4617	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Councillors should pay for own meals and travel as do others	Corporate Policy and Resources	4. The council is already doing this.
4618	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	WLC should look at their sickness absence policy establishing trends for employees with higher levels of sickness absence to see what savings can be made, as a high percentage of employees return to work when the six months full pay stops.	Corporate Policy and Resources	4. The council is already doing this.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4640	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More it equipment in schools, to reduce the need to so much paper base in schools	Corporate Policy and Resources	4. The council is already doing this.
4641	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Maybe school children could be involved in ideas to improve their school and community.	Corporate Policy and Resources	4. The council is already doing this.
4642	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look at active schools and see if the impact they make is worth the expenditure.	Corporate Policy and Resources	4. The council is already doing this.
4643	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	set up play groups / nurseries which are affordable, and enhance learning through play; invite pensioners to volunteer playing with children at those groups	Corporate Policy and Resources	4. The council is already doing this.
4644	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think there should be a point for school and office furniture to be stored and recycled where you can go and pick up what you need instead of buying new all the time.	Corporate Policy and Resources	4. The council is already doing this.
4645	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	spend money on projects for children to allow them to feel proud of themselves and their environment.	Corporate Policy and Resources	4. The council is already doing this.
4646	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The schools raise money	Corporate Policy and Resources	4. The council is already doing this.
4647	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review paper waste with non educational buildings, would manufacturer take this back which would reduce cost to landfill?	Corporate Policy and Resources	4. The council is already doing this.
4648	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	React quicker to clear misuse of housing allowances	Corporate Policy and Resources	4. The council is already doing this.
4649	Theme 1: Increase Efficiency and Developing New Ways of Working	General comment	Look at sustainable energy measures eg old buildings can have lights left on, long term efficiencies of newer technology would help, use heat pumps.	Corporate Policy and Resources	4. The council is already doing this.
4650	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ensure the lights on ALL schools and sports centres (assuming you have the financial burden on this) are turned off when these places close, regularly I see school lights burning all night when they are shut, ie between midnight and 6 am	Corporate Policy and Resources	4. The council is already doing this.
4651	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Lights do not need to be on during the day time in big offices like the Civic Centre for example, but cannot be turned off	Corporate Policy and Resources	4. The council is already doing this.
4652	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Don't leave lights on in council buildings	Corporate Policy and Resources	4. The council is already doing this.
4653	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review services provided - are they still required and if yes, is the level of funding appropriate. People behind on payments - offer help / payment plans. A little something is better than nothing.	Corporate Policy and Resources	4. The council is already doing this.
4654	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Spending money on the areas that need it the most like enhancing education. Support for vulnerable groups. Utilise resources properly	Corporate Policy and Resources	4. The council is already doing this.
4655	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sell land	Corporate Policy and Resources	4. The council is already doing this.
4656	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Wasting money on issues that they cant change but spend money on areas that need more help housing roads teaching assistants	Corporate Policy and Resources	4. The council is already doing this.
4657	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Further savings could be achieved by rationalising the Council's property estate through shared offices, community co - location, and hybrid working, reducing building and energy costs.	Corporate Policy and Resources	4. The council is already doing this.
4658	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Expanding renewable energy generation on Council sites and improving insulation could lower utilities spend.	Corporate Policy and Resources	4. The council is already doing this.
4659	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	If the council want to move to an online system then partnership buildings should be sold off and more council buildings should be sold off if footfall is low.	Corporate Policy and Resources	4. The council is already doing this.
4660	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce estate costs by supporting more opportunities for office - based staff to work from home.	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4661	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Elected members and the Chief Executive should stand up to Scottish Government and tell them enough is enough - no more cuts to public services and refuse to balance the budget. Scottish Government should be forced to properly fund local authorities instead of their short term funding for vanity projects. Next year is an election year - time to stand up and be counted. Scottish education is already amongst the poorest in Europe and any activities and play should be educational, not a way to provide a babysitting service for parents using the lowest paid staff.	Corporate Policy and Resources	4. The council is already doing this.
4662	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Switch off heating in schools when schools closed and holidays. I was invigilating in may and despite being 22 degrees outside the heating was still full blast. Incredibly wasteful. Install solar and wind turbines on all School, Car park and municipal buildings to start being an energy producer not a user.	Corporate Policy and Resources	4. The council is already doing this.
4663	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce the physical building blue - print of WLC. Look at sustainable energy measures eg old buildings can have lights left on, long term efficiencies of newer technology would help, use heat pumps.	Corporate Policy and Resources	4. The council is already doing this.
4664	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not being council staff I don't understand shifts but making offices open fewer days.	Corporate Policy and Resources	4. The council is already doing this.
4665	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I suspect council building could save money on heating / lighting of certain buildings,	Corporate Policy and Resources	4. The council is already doing this.
4666	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Prioritize energy - saving retrofits in buildings.	Corporate Policy and Resources	4. The council is already doing this.
4667	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A lot of cuts made seem to impact the local population in a very negative way and have long term consequences that will no doubt cost more than they have saved, consideration needs to be given to the future impact of these cost cutting exercises.	Corporate Policy and Resources	4. The council is already doing this.
4668	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	energy efficiencies (heating reduction in buildings by several degrees, and more efficient use if timers. Lighting reduction and enhanced modernisation - mainly led.	Corporate Policy and Resources	4. The council is already doing this.
4669	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sell more council properties	Corporate Policy and Resources	4. The council is already doing this.
4670	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	have a close look at current financial positionand come up with positive suggestions to keep within budget thresholds	Corporate Policy and Resources	4. The council is already doing this.
4671	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ensure council facilities and council housing are as energy efficient as possible for the benefit of the climate and reduction in utility costs both directly to the council (at its own facilities) and to local economy if this reduces bills for people allowing them to have more disposable incomes to spend locally. If not investing in climate change mitigation, it will cause more problems in future through having to pay to manage damage due to inclement weather.	Corporate Policy and Resources	4. The council is already doing this.
4672	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sell council assets that are no longer used.	Corporate Policy and Resources	4. The council is already doing this.
4673	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Heating in council buildings - please look at efficiencies in this, my daughter's school is always very warm.	Corporate Policy and Resources	4. The council is already doing this.
4674	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Similarly, reviewing energy use in council buildings, consolidating underused spaces	Corporate Policy and Resources	4. The council is already doing this.
4675	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Be able to renew and pay (blue badge) online.	Corporate Policy and Resources	4. The council is already doing this.
4676	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Turn the heat down in council buildings where possible. Would reduce energy bills.	Corporate Policy and Resources	4. The council is already doing this.
4677	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Monitor heating within schools and council buildings. Some places are like a furnace and have doors open to let air in, which then in turn boosts the heat up.	Corporate Policy and Resources	4. The council is already doing this.
4678	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Efficient processes for everything you do. Reduce wastage. Keep within budgets. Don't be frivolous with your spending	Corporate Policy and Resources	4. The council is already doing this.
4679	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	spend the finances wisely	Corporate Policy and Resources	4. The council is already doing this.
4680	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Have one central location for all councils in West Lothian sell or lease council offices that are not fit for purpose.	Corporate Policy and Resources	4. The council is already doing this.
4681	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	As per statistics for each Service Area, review what can be saved upon.....	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4682	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop vanity projects and focus on those that are value add for the whole community	Corporate Policy and Resources	4. The council is already doing this.
4683	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	put in lighting that comes on when someone comes into the room and goes off when they go out.	Corporate Policy and Resources	4. The council is already doing this.
4684	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Energy Efficiency in Buildings. Turn the heating down in some buildings. They are so warm.	Corporate Policy and Resources	4. The council is already doing this.
4685	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Invest in hubs for joint service provision to reduce the estate and its energy costs.	Corporate Policy and Resources	4. The council is already doing this.
4686	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	use energy efficiency in council buildings use solar panels, smart heating, ed lighting, use cloud migration and data transfer integration,	Corporate Policy and Resources	4. The council is already doing this.
4687	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	sell or lease under used council buildings use solar,	Corporate Policy and Resources	4. The council is already doing this.
4688	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	West Lothian needs basics done first. In Livingston I rarely see tree clearance or footpath cleaning, there are portions of the road where you cannot see traffic signs because of untrimmed trees and recycling centre access is limited. Missed tasks go unaddressed. Savings should come from management and waste, not cutting frontline standards. What I suggest is: • Rationalise offices and fleet; complete LED and BMS energy tune - ups.	Corporate Policy and Resources	4. The council is already doing this.
4689	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Energy Efficiency Upgrades, see more solar on Council Buildings?	Corporate Policy and Resources	4. The council is already doing this.
4690	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce number of empty council buildings. Make current buildings like schools, more efficient to run using appropriate heating, insulation, drainage, plumbing	Corporate Policy and Resources	4. The council is already doing this.
4691	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	sell or lease unused assets and office spaces	Corporate Policy and Resources	4. The council is already doing this.
4692	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	use smart heating for buildings	Corporate Policy and Resources	4. The council is already doing this.
4693	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	• Review energy usage in council buildings.	Corporate Policy and Resources	4. The council is already doing this.
4694	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	downsize offices	Corporate Policy and Resources	4. The council is already doing this.
4695	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	review the councils building requirements and staff working arrangements to reduce the number of property resources required and their associated running costs, this could be partially achieved by reviewing staff roles to facilitate homeworking for all staff who do not have face to face contact with the public.	Corporate Policy and Resources	4. The council is already doing this.
4696	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	reduce heating in schools. Stop all heating from 15. 00hrs to 06. 00 non to Thur and 06. 00to 15. 00 Fridays with no heating at weekends.	Corporate Policy and Resources	4. The council is already doing this.
4697	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Turn down the heating in all schools by a couple of degrees (we have heating on and windows open constantly as the building are too hot).	Corporate Policy and Resources	4. The council is already doing this.
4698	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Turn down heating in schools a couple of degrees. (We have heating on and windows open as the buildings are too hot).	Corporate Policy and Resources	4. The council is already doing this.
4699	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Enforce council policy of turning off lights and heaters when not in use.	Corporate Policy and Resources	4. The council is already doing this.
4700	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Crack down to people in rent and council tax arrears. This must cost the council a lot of money.	Corporate Policy and Resources	4. The council is already doing this.
4701	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Energy Efficiency and Sustainability - Install solar panels on council properties to reduce long - term energy costs.	Corporate Policy and Resources	4. The council is already doing this.
4702	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	1. Refit council buildings with LED lighting, smart heating systems and solar panels to reduce utility bills	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4703	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Energy efficiency targets - heating and lighting only when necessary, efficient use of sensors, thermometers, timers, etc. being aware of seasonal changes.	Corporate Policy and Resources	4. The council is already doing this.
4704	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Remove central control of heating for council buildings - or review temperatures and times.	Corporate Policy and Resources	4. The council is already doing this.
4705	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Introduce energy - efficiency projects (LED lighting, solar panels) to reduce long - term costs.	Corporate Policy and Resources	4. The council is already doing this.
4706	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Save some money on buildings. For starts turn the heating down, and stop leaving lights on overnight in the partnership centres. Rent out more rooms to the public. Have more staff members working from home where possible.	Corporate Policy and Resources	4. The council is already doing this.
4707	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Place solar panels onto council property.	Corporate Policy and Resources	4. The council is already doing this.
4708	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sell off unused council owned property and grounds, eg disused sports fields used for housing.	Corporate Policy and Resources	4. The council is already doing this.
4709	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Regardless if you were in a budget crisis or not the aim for the council should always be to work in the most efficient ways at the very least the most effective. It looks like you have taken a literal finance viewpoint from this exercise which feels like a short term solution to an resource issue for the foreseeable future.	Corporate Policy and Resources	4. The council is already doing this.
4710	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce waste of funds - tackle small problems before they become big ones and make decisions based on long term value rather than short term savings.	Corporate Policy and Resources	4. The council is already doing this.
4711	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Collect all the unpaid rent from council properties and unpaid council tax from council and private homes..... you will collect millions and millions.	Corporate Policy and Resources	4. The council is already doing this.
4712	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	2. Retrofit councils buildings with LED lighting and smart thermostats	Corporate Policy and Resources	4. The council is already doing this.
4713	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Better utilize the monies you receive. Cut out all perks for Staff and Councillors. Try spending on things that benefit communities not slash them.	Corporate Policy and Resources	4. The council is already doing this.
4714	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	• Cut energy use through efficiency improvements and renewable options.	Corporate Policy and Resources	4. The council is already doing this.
4715	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Seek new income through grants, partnerships, and optional paid services.	Corporate Policy and Resources	4. The council is already doing this.
4716	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	1. Energy efficiency improvements • Retrofit council buildings (offices, depots, community centres) with LED lighting, smart thermostats and improved insulation. • Switch to renewable energy contracts or install solar panels on council - owned roofs. • Encourage staff and users to adopt behaviours like shutting down equipment, using daylight appropriately, etc. • Result: reduces ongoing utility bills and often pays back over time.	Corporate Policy and Resources	4. The council is already doing this.
4717	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	2. Review and rationalise property portfolio • Audit all council - owned buildings and land to identify under - utilised or surplus assets. • Sell or lease out unused premises, or consolidate services into fewer sites. • Reduce maintenance, insurance and security costs tied to underused facilities.	Corporate Policy and Resources	4. The council is already doing this.
4718	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce and let buildings that would not be required. This will not only help the Council make further savings but also appeal to new talent as well as help achieve net targets.	Corporate Policy and Resources	4. The council is already doing this.
4719	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Making the heating at Linlithgow Academy easier to control - only heating when needed and if possible on a classroom basis.	Corporate Policy and Resources	4. The council is already doing this.
4720	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ensuring money is spent directly on West Lothian residents and the councils tax payers	Corporate Policy and Resources	4. The council is already doing this.
4721	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It would be good to see a full audit of what the council is spending to see where real savings can be made.	Corporate Policy and Resources	4. The council is already doing this.
4722	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I believe that cuts at the local level often come as a result of poor financial management and wasteful spending at higher levels of government. Efficiency and cost savings are important, but they should not come at the expense of frontline services that directly support residents. The Council should prioritise smarter use of resources, reducing duplication, and improving accountability to ensure that taxpayers' money is spent responsibly and locally, where it benefits the community most.	Corporate Policy and Resources	4. The council is already doing this.
4723	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Delay or cancel non - urgent capital projects that don't directly benefit the community.	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4724	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Heating in schools in inefficient - windows open to let heat out as too hot when heating on, doors left open yet heating on and rooms cold.	Corporate Policy and Resources	4. The council is already doing this.
4725	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	(1) When a member of staff makes a claim, make sure it is proven before giving a payout.	Corporate Policy and Resources	4. The council is already doing this.
4726	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	(4) Make sure everyone pays their rent / council tax and if not take them to court for it	Corporate Policy and Resources	4. The council is already doing this.
4727	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	No spending money on unnecessary things	Corporate Policy and Resources	4. The council is already doing this.
4728	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Close down and sell buildings such as - offices that are not utilised efficiently.	Corporate Policy and Resources	4. The council is already doing this.
4729	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Unnecessary costings, some of the building unused but still using gas / electricity and maintenance.	Corporate Policy and Resources	4. The council is already doing this.
4730	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Asset Rationalisation: Review all council - owned land and buildings. Sell or consolidate underused, energy - inefficient properties. Formalising hybrid working allows the council to shrink its office footprint, cutting major overheads like heating and maintenance.	Corporate Policy and Resources	4. The council is already doing this.
4731	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not use PPR for new schools	Corporate Policy and Resources	4. The council is already doing this.
4732	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	save on utilities - lots of buildings are lit up when no on is using them	Corporate Policy and Resources	4. The council is already doing this.
4733	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Increase energy efficiency in public buildings to cut long term costs. Explore opportunities for renewable energy generation or commercial property development on council land.	Corporate Policy and Resources	4. The council is already doing this.
4734	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Turn off lights in unused rooms and halls	Corporate Policy and Resources	4. The council is already doing this.
4735	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Don't use too much water and electricity	Corporate Policy and Resources	4. The council is already doing this.
4736	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Turning off heating when warm of hot and turning it on when cold	Corporate Policy and Resources	4. The council is already doing this.
4737	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Increase energy - efficiency upgrades in schools and offices to reduce long - term running costs.	Corporate Policy and Resources	4. The council is already doing this.
4738	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	you could save more money by shutting down old places and selling them	Corporate Policy and Resources	4. The council is already doing this.
4739	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More efficient and up to date heating and light saving when buildings are not in use.	Corporate Policy and Resources	4. The council is already doing this.
4740	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Consider building life - spans when planning refurbishment works.	Corporate Policy and Resources	4. The council is already doing this.
4741	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Invest in regular maintenance and checks to prevent larger spends on major works down the line.	Corporate Policy and Resources	4. The council is already doing this.
4742	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Be more firm with councillors - tell them things can't be done due to budget. I know of various Councillor - backed projects that went ahead due to pressure that were of no real import or benefit to the wider population.	Corporate Policy and Resources	4. The council is already doing this.
4743	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Energy Cuts: Mandate LED / insulation in all buildings (£100k / yr utilities savings)	Corporate Policy and Resources	4. The council is already doing this.
4744	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce heating temps in schools and council buildings even by a degree or 2.	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4745	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The Council should prioritise reducing waste, improving efficiency before considering any tax rises	Corporate Policy and Resources	4. The council is already doing this.
4746	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The Council could make savings by reducing waste rather than reducing staff or vital services. For example, improving energy efficiency in council buildings	Corporate Policy and Resources	4. The council is already doing this.
4747	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think we should be lobby for greater funding for councils. I think services are as paired back as they can be and while I don't think we should waste money and always be looking for best value, the suggestion that there are more places to cut just isn't the case. I think Councils executives need to work together and lobby the Scottish and UK Governments for more funding for the essential services that councils provide an that Government need to make hard choices but constantly cutting council budgets isn't the way to do it.	Corporate Policy and Resources	4. The council is already doing this.
4748	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The government has more than enough money to be divvying out between councils. I believe all the councils should be demanding more of our governments to support its people, rather than having the people of this country fight to keep services that a much needed and valued by many. All that is being achieved is people blaming other people and council workers, creating an already hostile place to be. Imagine how much worse we're about to get with the loss of such services. Look where the USA is currently, and is clearly headed with all the cuts regular people are facing. I fear this will be us before long. Councils should be doing the right thing and demanding more of the government rather than creating less for the people.	Corporate Policy and Resources	4. The council is already doing this.
4749	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Invest in renewable energy in Council Buildings, solar panels and micro turbines.	Corporate Policy and Resources	4. The council is already doing this.
4750	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review and reduce what is counted as expenses and ensure that Councillors, employees and executives do not claim more than they should	Corporate Policy and Resources	4. The council is already doing this.
4751	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Respond to emails quicker (10 days for a reply is slow)	Corporate Policy and Resources	4. The council is already doing this.
4752	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	focus on helping your residents first fixing what needs fixing	Corporate Policy and Resources	4. The council is already doing this.
4753	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Try improve services working together	Corporate Policy and Resources	4. The council is already doing this.
4754	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Listen to the community	Corporate Policy and Resources	4. The council is already doing this.
4755	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look at what services money is being spent on.	Corporate Policy and Resources	4. The council is already doing this.
4756	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make most reading material like flyers, housing repair notifications, digital	Corporate Policy and Resources	4. The council is already doing this.
4757	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	When the council are fixing council properties make sure they are actually working and being assessed. You would save a fortune in man hours.	Corporate Policy and Resources	4. The council is already doing this.
4758	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	centralise local services into partnership centres that provide a 1 stop shop and make full use of these buildings daily.	Corporate Policy and Resources	4. The council is already doing this.
4759	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Give our adult kids who have disabilities the chance to rent their own property	Corporate Policy and Resources	4. The council is already doing this.
4760	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There seems also to be a lack of planning jobs, vacant houses lying for months empty there needs to be a quick turnaround get them back in use and rents being paid.	Corporate Policy and Resources	4. The council is already doing this.
4761	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cutting waste of resources, repairs are statutory but if continuous repairs are needed then some responsibilities must be taken by tenants	Corporate Policy and Resources	4. The council is already doing this.
4762	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Turnover empty Council owned properties more quickly to increase rent and rates received in addition this would improve customer service and reduce waiting lists.	Corporate Policy and Resources	4. The council is already doing this.
4763	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Quicker turnaround on empty / damaged housing to gain missing rent.	Corporate Policy and Resources	4. The council is already doing this.

4769	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce reallocation of houses. I have personally seen houses lying empty for more than a year.	Corporate Policy and Resources	4. The council is already doing this.
4770	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get houses re let quicker. House across from us has been empty for 16 wks	Corporate Policy and Resources	4. The council is already doing this.
4771	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Keep council houses, energy efficient.	Corporate Policy and Resources	4. The council is already doing this.
4772	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Try occupying the empty houses!!!! as there are loads & that in turn would earn the council money in rent & council tax!!!!	Corporate Policy and Resources	4. The council is already doing this.
4773	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You really need to look at turning round empty house's quickly, getting rent money into council coffers	Corporate Policy and Resources	4. The council is already doing this.
4774	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Set up a multi skill team, joiners, electricians, plasterers.	Corporate Policy and Resources	4. The council is already doing this.
4775	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Do work on multiple houses especially 4 in a block council repairs the guttering the roofing the windows the	Corporate Policy and Resources	4. The council is already doing this.
4776	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Buy back council housing to reduce homelessness and private renting.	Corporate Policy and Resources	4. The council is already doing this.
4777	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review house rental income opportunities. There should be no circumstances where council houses sit empty for longer than 2 weeks. I've seen a house sit empty (Weaver place) in the last year for 9 + months.	Corporate Policy and Resources	4. The council is already doing this.
4778	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	get the empty homes let to people on the waiting list and start getting rent for them	Corporate Policy and Resources	4. The council is already doing this.
4779	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Invest more in council housing to reduce the amount spent in temporary housing.	Corporate Policy and Resources	4. The council is already doing this.
4780	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Improve the speed and quality of council housing repairs will reduce the longer term costs of larger repairs due to degeneration of the properties.	Corporate Policy and Resources	4. The council is already doing this.
4781	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stay on top of your workers that carry out repairs in homes. There have been a couple of houses in our street where older residents have passed away and it has taken about 1 1 / 2 years for your workers to get them ready to let again. This is surely unacceptable. Quite often you see 3 or 4 vans in one street but very little work being done. It as if they use these properties to hide from bosses and claim to be working. Have seen workers spend more time on their phones clearly talking to friends and not actually working. I have also witnessed this when workers been in my home. They have been there for several weeks. This is unacceptable. The council should be able to get these houses ready to let within a few weeks. This is a basic requirement of a council. This is a basic requirement of a council. This is a basic requirement of a council.	Corporate Policy and Resources	4. The council is already doing this.
4782	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Too many houses / flats empty for months, costing in hotel bills and losing money for rent. Get a better system in place for these to be made habitable asap	Corporate Policy and Resources	4. The council is already doing this.
4783	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut hotels that would be a saving	Corporate Policy and Resources	4. The council is already doing this.
4784	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Have an easier way of connecting with by phone	Corporate Policy and Resources	4. The council is already doing this.

Communicating these updates st community meetings would be essential.	Corporate Policy and Resources	4. The council is already doing this.
4799	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Have work completed on time, have housing not sitting empty	Corporate Policy and Resources	4. The council is already doing this.
4800	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council should improve on housing and	Corporate Policy and Resources	4. The council is already doing this.
4801	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More repairs be done in property	Corporate Policy and Resources	4. The council is already doing this.
4802	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get a higher turnaround on housing when someone moves out to prevent the house being lying empty.	Corporate Policy and Resources	4. The council is already doing this.
4803	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Clamp down on housing, where a couple have two council houses and only live in one.	Corporate Policy and Resources	4. The council is already doing this.
4804	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There should be much more emphasis on recharging tenants for repairs. The state they leave void properties etc. We should not be rehoming these people until their arrears or recharges are being paid and there is a clear repayment plan in place. This would bring in millions of pounds in revenue	Corporate Policy and Resources	4. The council is already doing this.
4805	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	collect unpaid rent.	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4806	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop sending a dozen vans with one person in them to do 1 job All they do is sit in van anyway complete waste of petrol and resources.	Corporate Policy and Resources	4. The council is already doing this.
4807	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	For me personally housing is a huge issue, the cost of all the short term hotels etc when the amount of properties sitting empty is so high is ridiculous, and the cost that could be saved by looking into resolving this. Currently there are four houses round me that have sat empty for months without anyone coming in to check anything meanwhile families are stuck in hotels.	Corporate Policy and Resources	4. The council is already doing this.
4808	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop workers sitting "hiding" in vans near the end of there shifts	Corporate Policy and Resources	4. The council is already doing this.
4809	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not paying for 3 or 4 workers to do a job which could be managed by 1.	Corporate Policy and Resources	4. The council is already doing this.
4810	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Car / van sharing when on jobs.	Corporate Policy and Resources	4. The council is already doing this.
4811	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Chase the non payers	Corporate Policy and Resources	4. The council is already doing this.
4812	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	No two man teams unless absolutely necessary.	Corporate Policy and Resources	4. The council is already doing this.
4813	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Collect back rent for a start.	Corporate Policy and Resources	4. The council is already doing this.
4814	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Recoup re - arrears for tenants who refuse to pay - enforce this action	Corporate Policy and Resources	4. The council is already doing this.
4815	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Plumbers can do a wee bit of joinery and vice versa. Train all your workmen to do simple plumbing, electrics and joinery so they aren't sitting around waiting for the "specialist" tradesman to turn up to do a simple job.	Corporate Policy and Resources	4. The council is already doing this.
4816	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	WLC Tradesmen - co - ordination and planning effectively to ensure that 'jobs 'are collated to avoid duplicate driving to different areas in one day (time / mileage costs reduced)	Corporate Policy and Resources	4. The council is already doing this.
4817	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Do more to clear rent arrears.	Corporate Policy and Resources	4. The council is already doing this.
4818	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Try and do VOID properties quicker so that it then reduces the amount of people requiring a house, especially in vulnerable positions e. g domestic abuse, disabled	Corporate Policy and Resources	4. The council is already doing this.
4819	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Kick the people out not paying rent and give people houses who will pay there rent	Corporate Policy and Resources	4. The council is already doing this.
4820	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Empty houses to be repaired if needed quickly to generate rental income.	Corporate Policy and Resources	4. The council is already doing this.
4821	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Why are council houses left empty for so long, there are 2 in my neighbourhood have been empty for months. One was refurbished after a fire the other empty for at least a year and council informed it was empty. I do not understand why this lost revenue is ignored not to mention severe housing crisis. If I was on a waiting list for a house I would be furious at this total waste of property use. One house is in Broompark View the other on Oakbank Road. East Calder. Let these houses be used for a family and not just sitting empty.	Corporate Policy and Resources	4. The council is already doing this.
4822	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make sure your tenants look after your property to save money on repairs	Corporate Policy and Resources	4. The council is already doing this.
4823	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Thinking about repetition and waste is worthwhile - such as replacing all carpets, white goods etc in housing before a new tenant	Corporate Policy and Resources	4. The council is already doing this.
4824	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Attend to issues when they are brought to the councils attention rather than leaving the issue e. g. if someone has a leak in their council house dont leave it weeks as it only gets worse causing more damage	Corporate Policy and Resources	4. The council is already doing this.
4825	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make the council maintenance team more efficient, have a look at how many maintenance vehicles you have and again look at cutting back	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4826	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Assess empty properties and if carpets etc are okay leave them in situ when old tenant moves out, don't pay to have them stripped out.	Corporate Policy and Resources	4. The council is already doing this.
4827	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Prioritise empty homes being refurbished (even outsourcing contractors to speed up this process and put money back into local small businesses) and given to those capable and willing to pay rent (to bring in more funding) instead of buying / building more when there are suitable buildings available in need of fit	Corporate Policy and Resources	4. The council is already doing this.
4828	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut the hotels bill - be more efficient in managing housing stock	Corporate Policy and Resources	4. The council is already doing this.
4829	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	2. Find a way to make tenants pay for rechargeable repairs. There are tenants who constantly lose their keys but they're not bothered because they know they won't be chased for payment. Also, there should be something put in place to charge tenants who confirm access for an emergency repair but then they're not at home when trades arrive.	Corporate Policy and Resources	4. The council is already doing this.
4830	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	1. Find a way to make tenants actually pay for rechargeable repairs. There are tenants who have multiple lock changes I doubt the council ever sees payments for these repairs.	Corporate Policy and Resources	4. The council is already doing this.
4831	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Fix things properly then won't have to return	Corporate Policy and Resources	4. The council is already doing this.
4832	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Having worked in building services for over 12 years (Electrician), I visit many homes carrying out electrical tests EICR, s and the state of our customers homes is at times very shocking, not the council's fault, the customers fault, smashed door, broken kitchens etc. I think a plan to inspect these homes linked with us being able to report damage to a dedicated number, to allow a visit and arrange repairs at the cost to the customer would save us money in the long run. It is not just kitchens, bathrooms, showers damaged, but missing smoke alarms etc.	Corporate Policy and Resources	4. The council is already doing this.
4833	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes, make sure council workers are working and not sitting about in vans for hours Prioritising empty houses to bring in rent money, if someone has house and looks empty as only using address to claim benefits then should be giving notice to move out as only using for benefits fraud Honestly the list is endless for saving council money	Corporate Policy and Resources	4. The council is already doing this.
4834	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Improvements to building services processes to increase efficiency and reduce multiple unproductive visits. Use of agile / lean management principles	Corporate Policy and Resources	4. The council is already doing this.
4835	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Go back to the way we worked in the past employing our own plumbers joiners painters etc instead of using outside contractors	Corporate Policy and Resources	4. The council is already doing this.
4836	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council housing - you leave properties empty for months before turning up to inspect. Even when these properties are spotless & upgraded. You spend months & money removing upgrades to these houses etc. back to the basic when it could be rented right away.	Corporate Policy and Resources	4. The council is already doing this.
4837	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Utilising recharges to tenants. Especially for missed appointments or repairs through misuse. At moment this is up to housing officer but doesn't seem to be implemented as often as it should.	Corporate Policy and Resources	4. The council is already doing this.
4838	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council do a good job regarding keeping houses up. To standard	Corporate Policy and Resources	4. The council is already doing this.
4839	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop cutting vital services and maybe let out some of your nearly 800 void properties!	Corporate Policy and Resources	4. The council is already doing this.
4840	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Quicker with repairs, certain jobs wouldn't take up as much time if fixed sooner. We had our windows replaced recently in my opinion the windows we had looked fairly new.	Corporate Policy and Resources	4. The council is already doing this.
4841	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Fine tenants for wilful damage to property and robustly collect arrears.	Corporate Policy and Resources	4. The council is already doing this.
4842	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Scrap metal collections - council can sell scrap metal and pick this up for free from peoples home, generating jobs, income and recycling. Aluminum cans collection - get kids involved, generate income - 2p a can and this will also help any environmental initiatives	Corporate Policy and Resources	4. The council is already doing this.
4843	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Visible Camera to be installed at known places people are putting furniture waste such as beds etc. There are two places in the vennel linthow that are now places people put things like this no one lists to the singage and it's costing the council a lot on a weekly basis. And it's constantly obstructing fire exits. If there was surveillance at key known spots here people would use the services provided. As the alternative would be dumping it in the street at the front of the 3 venal flats and people would see them. There needs to be enforcement or at least a means to collect usable evidence to stop this as it's both a safety concern and a nuisance	Corporate Policy and Resources	4. The council is already doing this.
4844	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	When the council are doing roadworks / fixing infrastructure - make sure they are actually working and being assessed. You would save a fortune in man hours.	Corporate Policy and Resources	4. The council is already doing this.
4845	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think the council should also cut back on grass cutting	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4846	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I totally agree that the council do need to find a way of cutting some costs, I've been a tenant for nearly 50yrs, I see myself you need to do things to save money. West Lothian council are in general a good and helpful place. I am tired of reporting fly tipping where the council have to arrange to pick up item as I live beside a field, the occupants over from my home are throwing out items such as beds and units of items they have no respect towards the council having to pay themselves to get vans to pick up all the items, I would personally put a hidden camera up to see who keeps doing this saving money from picking up other people's rubbish. I put a camera in my upstairs bedroom but the distance off the fly tipping is at the other side of my home, I have three neighbours and they all help to keep the place rubbish free.	Corporate Policy and Resources	4. The council is already doing this.
4847	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	One simple saving would be controlling the use of WLC vehicles for personal use. For example, the school run. I can understand that taking a vehicle home can be more economical as the operator does not need to go to base to collect the vehicle and travel closer to home base, but private use of Council vehicles needs to be addressed.	Corporate Policy and Resources	4. The council is already doing this.
4848	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ensure roads are in decent condition to avoid claims from drivers	Corporate Policy and Resources	4. The council is already doing this.
4849	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Rather than lots of temporary road fills where there are potholes, correct the problem once by using correct materials. In the long run this will save on time and manpower.	Corporate Policy and Resources	4. The council is already doing this.
4850	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Any areas that can be turned into meadow / wildflower areas eg alongside roads, roundabouts and other public spaces to save on grass cutting. Good for wildlife. Encourage pride in community by advocating for people to look after their personal property and local community.	Corporate Policy and Resources	4. The council is already doing this.
4851	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I have walked past lots of council workers either standing about on mobile phones (on a Sunday as well which I would expect would be overtime rates). Seen two workers in a van emptying bins but only one doing it so other one just sitting in van on phone! In my place of work there would be a review constantly of value of work being done compared to costs paid by wages etc. West Lothian Council really needs to get a grip on this as the lack of work we all see daily should be getting diverted onto jobs that should be getting done. We are paying a lot more money for less and less.	Corporate Policy and Resources	4. The council is already doing this.
4852	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Tighten up on times spent on tasks we all see workers sitting around sometimes for hours doing nothing. Tighten up on multiple vans turning up for jobs with just one worker to a vehicle.	Corporate Policy and Resources	4. The council is already doing this.
4853	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Looking at not subcontracting work out that would be more costly rather than enhancing the council's workforce and providing in house employment and sustainable	Corporate Policy and Resources	4. The council is already doing this.
4854	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting money on talking bins that no longer talk. New signs that don't give correct info. Pick up & stop leaving roadworks signs & cones after work is done. Get workmen to stop sitting in their vans instead of working.	Corporate Policy and Resources	4. The council is already doing this.
4855	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Start fining more for things like fly tipping.	Corporate Policy and Resources	4. The council is already doing this.
4856	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Close subsidised council canteens for council staff	Corporate Policy and Resources	4. The council is already doing this.
4857	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Change to LED Lighting	Corporate Policy and Resources	4. The council is already doing this.
4858	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Instead of wasting money on fixing roads every year for weeks and sometimes months fix the pavement s in winchburgh which are dangerous in a lot of places especially in a mobility scooter	Corporate Policy and Resources	4. The council is already doing this.
4859	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting money on poorly fixing roads, to then have to re fix just	Corporate Policy and Resources	4. The council is already doing this.
4860	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also, door to door pick ups of colleagues in council vehicles need to stop.	Corporate Policy and Resources	4. The council is already doing this.
4861	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also exploring the facilities management fleet, e. g. 1 person per van is not necessary.	Corporate Policy and Resources	4. The council is already doing this.
4862	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make better use of office space at Whitehill.	Corporate Policy and Resources	4. The council is already doing this.
4863	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	the amount of food waste that some nurseries have is extremely great this being that to much is being sent or the kids not eating it money being put in the bin review the food menu and make it more kid friendly sending whole potatoes into nursery kids????	Corporate Policy and Resources	4. The council is already doing this.
4864	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stock control is one way to save money it needs to be monitored with cleaning supplies and food deliveries, microfibre cloths that are supplied for cleaning are machine washable. kegs can also be machine washed	Corporate Policy and Resources	4. The council is already doing this.
4865	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Consider pot hole repairs as well. Sometimes a temporary one is put in and fails within two weeks. This is such a waste of money. I hope you have a guarantee for renewed repair if it fails within 6 months. This would also save money.	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4866	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ensuring checks are carried out on services such as assisted gardening. People pass away but the service carries on even though an able bodied person may have taken over the tenancy. A yearly eligibility questionnaire would sort it out.	Corporate Policy and Resources	4. The council is already doing this.
4867	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Fix the roads before people do damage the their motors which the council then gave to pay out on anyway.	Corporate Policy and Resources	4. The council is already doing this.
4868	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	No weekend litter pickers	Corporate Policy and Resources	4. The council is already doing this.
4869	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Fix the roads so you don't have to replace suspension on your vehicles.	Corporate Policy and Resources	4. The council is already doing this.
4870	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop waisting money on vanity projects, ie talking bins and absolutely ridiculous idea,	Corporate Policy and Resources	4. The council is already doing this.
4871	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Tidy up our villages.	Corporate Policy and Resources	4. The council is already doing this.
4872	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Need to have a joined up approach when digging up roads with all parties who potentially would need access	Corporate Policy and Resources	4. The council is already doing this.
4873	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	They could fill in potholes and stop further claims from people whose cars have been damaged	Corporate Policy and Resources	4. The council is already doing this.
4874	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop digging up the same section of road over & over again. Get staff that can complete the job correctly the first time around!	Corporate Policy and Resources	4. The council is already doing this.
4875	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Link up with other services when completing road work to save digging twice.	Corporate Policy and Resources	4. The council is already doing this.
4876	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	2. Review road repairs made by utility companies	Corporate Policy and Resources	4. The council is already doing this.
4877	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop patching up the road and fix the whole road, like they do in other countries.	Corporate Policy and Resources	4. The council is already doing this.
4878	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Properly manage and supervise existing teams, too often ground maintenance staff found sleeping in vans, hiding in sheds kicking their feet up.	Corporate Policy and Resources	4. The council is already doing this.
4879	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Save money on fuel for council vehicles. Insist on engines being turned off when stationary. Council vans are left ticking over when operatives are sitting in vans.	Corporate Policy and Resources	4. The council is already doing this.
4880	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Recalculation of most effective bin routes	Corporate Policy and Resources	4. The council is already doing this.
4881	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Fix roads to prevent having to pay out for repairs burst tyres etc.	Corporate Policy and Resources	4. The council is already doing this.
4882	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Recycle properly,	Corporate Policy and Resources	4. The council is already doing this.

4884	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Fuel costs must be very high so a need to lower costs it must be looked at. I would recommend every employee should travel to depot by their on means	Corporate Policy and Resources	4. The council is already doing this.
4885	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get employees to be more efficient at reporting and fixing potholes and stop expecting the public to do it.... called being proactive	Corporate Policy and Resources	4. The council is already doing this.
4886	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting money on stupid things like talking litter bins ☐	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4887	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Maintain and fix infrastructure correctly the first time and with correct labour avoid requirements to redo repairs.	Corporate Policy and Resources	4. The council is already doing this.
4888	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop destroying bins unnecessarily	Corporate Policy and Resources	4. The council is already doing this.
4889	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	look after roads and gardening before it costs so much	Corporate Policy and Resources	4. The council is already doing this.
4890	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The roadworks timeframe should be looked into, even my seven year questioned why a main road was closed when nobody was doing any work there, this was 4pm on a Monday. The delay in the road closure on a heavily used main street is causing unnecessary disruptions for daily lives.	Corporate Policy and Resources	4. The council is already doing this.
4891	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce the number of council vehicles.	Corporate Policy and Resources	4. The council is already doing this.
4892	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop spending on unnecessary roadworks	Corporate Policy and Resources	4. The council is already doing this.
4893	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	West Lothian needs basics done first. In Livingston I rarely see tree clearance or footpath cleaning, there are portions of the road where you cannot see traffic signs because of untrimmed trees and recycling centre access is limited. Missed tasks go unaddressed. Savings should come from management and waste, not cutting frontline standards. What I suggest is - Publish monthly KPIs for grounds, street cleansing, and trees; tie contractor and team pay to delivery.	Corporate Policy and Resources	4. The council is already doing this.
4894	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting money by digging and re-digging the same sections of roads. Align the utility companies to save money by avoiding multiple digs. Astronomical amounts of money is paid to companies like Mears for doing simple jobs like hanging up smart boards in schools and charging £500 a pop. I know this to be fact! Procurement is not transparent enough and actually costs councils money as they more often than not don't get the cheapest company.	Corporate Policy and Resources	4. The council is already doing this.
4895	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	also surely it would make sense to lease to council vans / cars etc as then the lease company would then cover costs for everything bar charging etc.	Corporate Policy and Resources	4. The council is already doing this.
4896	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Recycle more	Corporate Policy and Resources	4. The council is already doing this.
4897	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes, stop installing over complicated talking dustbins that probably cost a fortune to buy and install,	Corporate Policy and Resources	4. The council is already doing this.
4898	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop digging up roads and pavements when putting in cabling etc on numerous occasions like digging up and taring and digging up the same area because some contractors need to install cabling etc that would save a fortune in costs	Corporate Policy and Resources	4. The council is already doing this.
4899	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	and fine people for letting their dogs foul pavements	Corporate Policy and Resources	4. The council is already doing this.
4900	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Other ideas include using smart sensors on public bins to collect only when full,	Corporate Policy and Resources	4. The council is already doing this.
4901	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	and encouraging rewinding of selected grass areas to reduce mowing costs.	Corporate Policy and Resources	4. The council is already doing this.
4902	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Don't send three men in a van one gets out looks at tree goes back in van. Another van comes along same thing. Why all these men doing nothing if there is no work for them in their department there is plenty grass needing cut trees needing cut back. Cannot see a lot of the roadside for tree hiding them. No very safe	Corporate Policy and Resources	4. The council is already doing this.
4903	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Would be ideal to look after roads maintenance, potholes and road damage is really bad and for people driving to commute to work is a continue expense, tyres getting damaged	Corporate Policy and Resources	4. The council is already doing this.
4904	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Would be better to focus on maintaining communal spaces more tidy	Corporate Policy and Resources	4. The council is already doing this.
4905	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council staff have told me that they don't use the pool cars as they don't get the mileage cost. If WLC pool cars are available staff should be made to use them so no additional costs should be needed.	Corporate Policy and Resources	4. The council is already doing this.
4906	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Improve roads with pot holes.	Corporate Policy and Resources	4. The council is already doing this.
4907	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Fix the pot holes	Corporate Policy and Resources	4. The council is already doing this.

4913	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Start fining people and businesses for fly tipping.	Corporate Policy and Resources	4. The council is already doing this.
4914	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Fill in potholes.	Corporate Policy and Resources	4. The council is already doing this.
4915	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	(4) Make sure anyone using company vehicles is using the vehicle for business use and not private.	Corporate Policy and Resources	4. The council is already doing this.
4916	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	investing in preventative maintenance (especially for vehicles) could reduce long - term expenditure	Corporate Policy and Resources	4. The council is already doing this.
4917	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	keep our drains clear keep essential work on roads	Corporate Policy and Resources	4. The council is already doing this.
4918	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Fundraisers to raise money for the communities, boards to show where thw money going	Corporate Policy and Resources	4. The council is already doing this.
4919	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Increase requirements for support of local amenities from developers looking to build in the area. Ensuring these amenities are prioritised first before those housing developments are built. This would decrease the spending required from the council to support these estates.	Corporate Policy and Resources	4. The council is already doing this.
4920	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Grant and Funding Opportunities Actively pursue government grants, charitable funding, and innovation awards. Support schools in applying for research or pilot program funding.	Corporate Policy and Resources	4. The council is already doing this.
4921	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	.Limit the amount of new build housing allowed unless significant contributions from housebuilders received to ensure current local facilities aren't overwhelmed	Corporate Policy and Resources	4. The council is already doing this.
4922	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	- energy efficiencies (heating reduction in buildings by several degrees, and more efficient use if timers. Lighting reduction and enhanced modernisation - mainly led	Corporate Policy and Resources	4. The council is already doing this.
4923	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	we should also invest in apprenticeship for school leavers and create more job opportunities rather than young people going on benefits.	Corporate Policy and Resources	4. The council is already doing this.
4924	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	get more people into work.	Corporate Policy and Resources	4. The council is already doing this.
4925	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Enforce area benefits as part of new house build permission	Corporate Policy and Resources	4. The council is already doing this.
4926	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	2. All developer contributions towards existing infrastructure should be binding. They should not be able to request the removal of these at a later date (I have seen many cases where this applies).	Corporate Policy and Resources	4. The council is already doing this.
4927	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	3. Large development sites should not be split into into smaller sections thus reducing developers obligations to provide social housing.	Corporate Policy and Resources	4. The council is already doing this.
4928	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ensure that adequate contributions are received from new housing developments	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
4929	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	• Embed third sector involvement earlier in service planning and redesign: The Council should bring in voluntary sector partners early. • Increase multi year funding & stability for voluntary organisations: The sector faces rising costs, added complexity and growing demand. Short term funding makes it hard for organisations to plan. The Council should ensure multi year agreements. • Strengthen place based and asset based community leadership: Empower local communities and voluntary orgs to lead in their area.	Corporate Policy and Resources	4. The council is already doing this.
4930	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ask the public what they believe their communities need and what they don't. Over the last few years WL council have significantly reduced community and public services.	Corporate Policy and Resources	4. The council is already doing this.
4931	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Early interventions in care / health prevent crises (£10k / family saved).	Corporate Policy and Resources	4. The council is already doing this.
4932	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I work in Residential Child care. There was a proposal that a new house be built that was state of the art for our young people. Letham House and Torcroft House were purpose built to accommodate our young people being looked after. Letham House was closed a few years ago, we are still paying a mortgage on it as far as I know. It would make sense to invest some money into Torcroft House and Letham House, bring them up to standard and use these for our looked after young people. There is no need to be spending millions of pounds on a building when we have buildings already there.	Corporate Policy and Resources	4. The council is already doing this.
4933	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes respond sensibly to the needs of the pensioners and disabled	Corporate Policy and Resources	4. The council is already doing this.
4934	Theme 1: Increase Efficiency and Developing New Ways of Working	General comment	Monitor care spending more closely - use of credit cards.	Corporate Policy and Resources	4. The council is already doing this.
4935	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop paying pension contributions, and make the staff work like most other people in the uk	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4936	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The saving could be made with reducing top wage earnings and give the remaining to normal wage earnings.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4937	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Consider contracts and pay terms.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4938	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	• People at the top of the hierarchy should take a wage cut.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4939	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Move the council staff to a defined contribution scheme like the rest of us hard working people and stop the ridiculously expensive final salary scheme	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4940	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A review of wages & pension schemes could take place.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4941	Theme 1: Increase Efficiency and Developing New Ways of Working	General comment	Stop wasting money on translators for non English speakers there are plenty of less expensive options like charities or other relatives.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4942	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Some of these managers could consider a pay cut too as I'm sure this would save a huge amount and I'd imagine some salaries are far higher than they should be.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4943	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut the spending of the big chiefs at the top. It seems that their wages increase at the detriment of others below them.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4944	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It is the senior leadership wage that has to be addressed in wage reduction bill	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4945	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	reduce the salary of the senior managent.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4946	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce wages not services	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4947	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut all the beaucratic red tape. Run the council as a business become more efficient	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4948	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	No salary increases until deficit reduced	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.

It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4978	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make less new houses	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4979	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce council stock of housing requiring maintenance by offering tenants the chance to buy their property	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4980	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sell off your old housing stock. It's crumbling and will need millions to repair. Sell It now whilst you can before it can't be rented and lies derelict.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4981	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Do not spend money on homeless	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4982	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Given the current housing crisis and the amount of empty properties available but needing work, could you offer these at a reduced rent or offer a grant towards costs and give prospective tenants the opportunity to get these repairs done themselves (to council standards of course). I live in a 2 bedroom property with my husband and 3 kids a boy aged 7 and 2 girls aged 10 and 11. They are all sharing a room at the moment and it's a nightmare having them all squeezed into that one small room especially with the girls not having privacy to get changed. One of the girls is a step child. We have had to go to the council and have to pay for council housing and we are having that in the council the council is not doing anything.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4983	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop letting p1p stay here that would save money less kids in school 's less needing NHS really need tot	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4984	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	1 Do not rehouse tenants who excessively & deliberately damage or steal parts from council houses. Costs are scandalous.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4985	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Allocate council housing to actual residents of West Lothian instead of 'new comers' who haven't lived in or contributed to the community.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4986	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Remove single occupants from 3 and 4 bedroom houses and put them into 1 bed flats.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4987	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council Tenants who wreck Council Homes leaving mess and a large repair bill should NOT be able to have another Council home for at least five years and be made to pay some compensation for the damage they have caused.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4988	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop putting people into houses and then providing them with white goods - the rest of us have to pay for these items why should the druggies and criminals be treated better	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4989	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Rent houses to people who can pay for them	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4990	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Why provide free school meals to families who can afford them? School catering facilities should use better quality food which is homemade instead of purchasing expensive, prepacked food or low nutritional value.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.

4991	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Why provide free school meals to families who can afford them? School catering facilities should use better quality food which is homemade instead of purchasing expensive, prepacked food or low nutritional value.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4992	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Free school meals policy needs review.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4993	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think you should take away the blue bin, I dont see the purpose of this, look to be more like edinburghs bin system.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4994	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Possibly think about the feasibility of charging for waste disposal, a small nominal fee, or charge for no shows of residents who have booked a slot but not utilised, or allow residents so many free disposals per year but anything over and above that a small nominal fee is applied.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4995	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Offer extra grey bins at a cost like the brown bin.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4996	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make a small charge to use the recycling centre. Eg weekdays £5 entry or £7 weekends and open them 7 days a week again	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4997	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop the Friday primary school packed lunches. See most of them thrown around the streets on a Friday afternoon. The sandwiches that the school get are dry and tasteless, every child we speak to say they are horrible they can't even eat them.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4998	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A nominal charge of £1 perhaps to use the recycling centres	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
4999	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Give parents the option to pay for their kids packed lunches on Fridays. I agree any child should be given one but give parents the option to opt in to pay for them.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
5000	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop friday packed lunches kids are only in school on Fridays for 4 hours and most of these packed lunches are wasted,	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
5001	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	mandate 15 % headcount savings per year, to be managed via attrition and not redundancy.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5002	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	For schools a lot of budget could be saved using other websites for buying things other than being limited to PECOS. These websites costs are substantially higher than other websites and savings could be made here for all schools by using a range of other websites	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5003	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Some elderly are housebound so train individuals who can do home visits to help with council tax and benefits issues.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5004	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get rid of objective. It is out date, old fashioned and constantly slow or inaccessible.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5005	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Increase working from home to save on office space and also save on transport pollution.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5006	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce working week to 4 days	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5007	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Staff vehicles should be parked up at night and not allowed to be taken home, saving money on petrol.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5008	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A 32 hour 4 day week with full pay would be a good idea. Various pilots including one carried out by Scottish government concluded it was a progressive way of increasing morale, increasing efficiency and decreasing costs for the employer given staff are proven to be off work less for sickness also as its more attractive less budget is required for expensive agency staff.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5009	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Increase working from home where possible to again reduce costs across the council.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5010	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More home working and reduce the cost of office buildings.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5011	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also, some staff on full - time contracts could be offered the option of working fewer hours for instance going to a four - day working week, this would be a cost saving of 1 day of salary. Alternatively, hours could be reduced from a working week of 36 hours to 35 hours across all services, also a potential cost saving of salaries.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5012	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Centralisation of payrolls and hr across all Scottish councils.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5013	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	By offering voluntary severance to staff who wish to take this up.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5014	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduced hours.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5015	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop spending money of pointless courses and online tests and quizzes that council staff are required to complete every year.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5016	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Give early retirement packages to teachers over 55 would provide jobs for younger teachers finding it difficult to get posts	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5017	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Huge amount of vandalism in schools and school grounds. Perhaps CCTV in most school grounds would act as a deterrent.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5018	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Schools not to open until 8.40 we have pupils in school from 7am using lighting and power.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5019	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Targeting support to less affluent parts of West Lothian Schools - full of expensive deputies who don't teach. Let's get them back into the classroom.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5020	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Can schools also generally stop single use milk cartons for pupils and go to a cup of milk in a washable cup.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5021	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Install an energy producing floor in all entrances of West Lothian Council buildings where the kinetic energy from Customer and Staff footfall is stored and then sold back to the main power grid and also used to pay for lighting and other Electricity costs within the Buildings too. Also applying the energy producing floor within the Council Car Parks and storing the Kinetic Energy from Staff and Council Vehicles travelling over these new energy saving roads and stored and sold back to the main power grid, also installing tall masts in each street in West Lothian something similar to mobile phone masts and the solar panels come out and store the sun energy and this is then used to power the street lighting at night time.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5022	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Install solar panels on roofs of council buildings to reduce energy bills	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5023	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Developing better energy strategies, using real-time data to optimise consumption, and investing in initiatives like solar panels to reduce energy bills and potentially create new revenue streams. Schools were assessed for solar panels last year but nothing came of this.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5024	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Bring back local services, yes expense to start with but for example a swimming pool if you build one and do special cheap offers to get people in the door the swim for £1 deals, kids pool parties,	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5025	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Install solar panel on all industrial properties owned by the council	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5026	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	One of the biggest issues we have is public and school toilets are horrendous, create incentives or pride schemes in schools, council pays small fees to clean public toilets, modern sensor toilets save water, creates hygiene better communities and National pride, more tourism, better education, evolution of society,	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5027	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	3. Fit council buildings with solar panels	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5028	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	By looking at more cost effective ways to open a new high school (East Calder) rather than using short term solutions of extensions at other schools that last minimal amounts of time and will cost more in the long run	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5029	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Could more infrastructure projects be built with things like solar panels to reduce running costs and to potential sell energy back to the grid when possible. The new schools and xcite gym in Winchburgh are good examples where this was not done and feels like a missed opportunity.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5030	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Instead of selling off land for private developers who then make huge profit, could the council not do the development themselves? Be increased cost initially but a profit in the end which can then be directed to where needed.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5031	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Generate Income from Assets: Make buildings pay for themselves. Install solar panels on council roofs to cut energy bills and sell surplus power.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5032	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop employees taking home council vans, cars.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5033	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	All council vehicles should be stored at places of work and not allowed to be taken home.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5034	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look to upgrade housing stock ie solar panels air heating etc	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5035	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Roll our renewable energy across social housing i. e solar panels	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5036	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I also have a neighbour who brings a council van home on a rota, when she doesn't have the van a co-worker comes to pick her up, staff should be expected to make their own way to their place of work and not use council vehicles as their daily commute	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5037	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make waste disposal more accessible. The amount of money spent on clearing up fly tipping must surely exceed the cost of facilitating this service.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5038	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Scrap the booking system on the recycling centres. Open the same as they are now but allow people to come / go as required with proof of address.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5039	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	charging up to £100 for a dumped trolley to return it to their supermarkets / businesses instead of them buying new ones	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5040	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look for ways to cut spending such as paying people to pick up fly tipping, just open waste collection centres longer	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5041	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop spending / wasting resources on roads more so on the glasgow road	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5042	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Abolish the CRC for booking recycling centres. The recycling centres are manned anyhow. This will reduce the fly - tipping and will save some of the removal costs	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5043	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Solar power for lamppost.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5044	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Go back to recycling centres being open - no appointment necessary. There is too much fly tipping and tenants accruing items in their gardens because there of limited access to recycling centre. In the case of mobility issues; sight impaired etc they are dependent on family members who live elsewhere to get rid of household things and it's often not possible to get appt arranged.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5045	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Don't charge for bin up lifts when we all ready pay council tax.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5046	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Need bigger bins back in street	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5047	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	bring back more recycling hours as your spending money on fly tipping	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5048	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Abolish the brown bin payment	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5049	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	bring back the free uplifts to combat the fly tippin	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5050	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Open up the tips again without slots because this will reduce fly tipping and rubbish collection	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5051	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop charging for brown bin collection, the lanes and side roads are full of dumping	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5052	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	invest in long term solutions for problems, e. g. having better access to recycling centres would reduce fly tipping	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5053	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Open recycling centres as they were before, you are encouraging fly tipping and costs more to send teams out to shift what has been dumped.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5054	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Why should it be free when you have to pay for a brown bin. Look at the way you collect the trash bins. Half the time I don't even put it out for collecting.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5055	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	On a separate subject I think there could be cost savings if more recycling centres were made available. I've noticed a number of bottle recycling points in West Lothian have disappeared in recent years. Reintroducing them would reduce the cost of clearing up low level fly tipping although admittedly would probably not affect the industrial scale fly tipping in more rural areas.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5056	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	On a separate subject I think there could be cost savings if more recycling centres were made available. I've noticed a number of bottle recycling points in West Lothian have disappeared in recent years. Reintroducing them would reduce the cost of clearing up low level fly tipping although admittedly would probably not affect the industrial scale fly tipping in more rural areas.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5057	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Bring back 3 free bulky	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5058	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Invest in electric vehicle and renewable energy production and battery capacity to eliminate fuel costs on your fleet over time.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5059	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You need to think very carefully... and "joined up thinking" is necessary. I'm happy to pay for continued services, but people need to show they are contributing not just pen pushing. Do we really need to fill in applications to use the dumps? When I went to the effort of doing this, there was no one to check my paperwork, and the result of the faff is flytipping, which causes more issues?	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5060	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reintroduce traffic wardens.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5061	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Do away with recycle centre booking this will encourage less fly tipping.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5062	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	West Lothian needs basics done first. In Livingston I rarely see tree clearance or footpath cleaning, there are portions of the road where you cannot see traffic signs because of untrimmed trees and recycling centre access is limited. Missed tasks go unaddressed. Savings should come from management and waste, not cutting frontline standards. What I suggest is: • Re - tender waste / grounds contracts; route - optimise crews; extend recycling centre hours with a costed evening / weekend pilot and dynamic booking.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5063	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop recycling depot booking system - reduce administration	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5064	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Remove the unnecessary need to book recycling centres for cars / hired vans. This would increase recycling and reduce fly tipping therefore reducing council costs of clearing tipped areas	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5065	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop the use of mobile phones for all staff.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5066	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce the fee for bulky uplifts per item.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5067	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Remove the appointment system for recycling depots enabling residents to recycle easily reducing the need to clear up fly tipping and resultant costs.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5068	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think the waste collection and disposal should be reviewed. Fly tipping costs caused due to the appointment systems should be investigated. People are lazy and look for more convenient options. Appointment system was critical during covid, but now outdated and inconvenient for working individuals.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5069	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce gray bin to a monthly collection	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5070	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduced bin emptying	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5071	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	more appointments and increased days in recycling centres - stop flytipping that council need to remove.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5072	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce the cost of having to go to areas to collect dumped rubbish, fly - tipping, etc. make it easier for people to borrow someone's van to visit the recycling bases which would hopefully reduce the amount of large tipping throughout the area.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

5073	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	lift grass after cutting and recycle it.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5074	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	bins recycling centre need to be open. ore not 2 and half daily a week encourage fly tipping and rats	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5075	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	scrap the brown bin charge	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5076	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Open recycling dumps without needing appointments as this will stop tipping in areas the council then need to clear	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5077	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	reduce the amount of bins that households have	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5078	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Automate refuse truck waste collections so they can be operated by a single crew person (they use them in the USA.)	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5079	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes - Open dump more days but with fewer staff - e. g.. stop having to book and have bookings checked.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5080	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	reduce public bins	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5081	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce public bins	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5082	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Allow local communities to engage contractors which would reduce the costs currently being accepted by the council from a list of approved contractors without ensuring the standard of work being provided. Listen more to local communities on services that are actually required.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5083	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Bulky uplift costs reviewed, for example people on low income pay less.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5084	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Refuse centres should go back to normal (no appointments) less fly tipping.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5085	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Empty buckets more regularly. Have to drive to recycling centre too often. Rubbish is dumped everywhere	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5086	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sunday bin collections, presumably at double time seems wasteful.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5087	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Re - open waste recycling facilities with no appointment necessary, each site does not need to be open each day but consider opening each one on a particular day each week, which would allow staff to work in various sites. Remove weekend opening and replace with longer night opening times, this could reduce staffing costs and need to work weekends Will also improve WL area as illegal dumping will be reduced which is better for the environment and also reduce costs of having to send out a clear up team to move the illegal dumping	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5088	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Need bring bigger bins back	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5089	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get rid of fiddly booking system for recycling centres and associated costs. It is awful to use. Focus on having recycling centres open as much as possible for as cheap as possible. Reduce fly tipping and anti social / health consequences of waste by making it as frictionless as possible to dispose of waste as Council sites. At the moment, you've e. g. made people in Linsitthgow have to drive to the other side of West Lothian to dispose of waste of they don't want to wait sometimes several weeks for a weekend "appointment". We shouldn't have "appointments" to access a tip. It's	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5090	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	We have 4 different bins, we used to have 3, we also have to pay to use one of them. That is frankly ridiculous as it is.. The idea of charging more is insulting. Instead, maybe go back to 2 bins and less pickups	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5091	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	charities and selling things	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5092	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A Council run E scooter rental business for West Lothian. It is a great place for cycle paths.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
5093	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Shift 5 % budget, integrate w / NHS for 10 - 15 % social savings.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5094	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	reduce the number of LAC reports that go up twice per year. Or an annual report	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5095	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce committee meetings and constant reporting.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5096	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Half the number of PDSP and Executive meetings. Half the number of times scrutiny bodies such as Audit Committee, and Governance and Risk Committee meet. Abolish Local Area Committees. Significant senior officer time is spent reporting to these bodies, and following up on the whims of councillors with little in the way of positive outcome to justify the time spent. Reducing unproductive 'democratic' activity, would allow a reduction in the number of senior officers. Councillors should take a long hard look at themselves, and the significant sums of public money they waste with ~~excessive and unnecessary expenditure~~	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5097	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop funding gala days	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5098	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review Senior Staff Benefits and Expenses	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5099	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	and staff contracts need reviewed	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5100	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	2 Change the sickness absence policy to prevent abuse of absence. eg staff off for 6 months sick leave, return for short period then off again for further 6months - continual patterns of behaviour / abuse. More powers to let staff go in this event & decisions not being overturned by councillors. Sickness absence should be addressed! Make staff more accountable for their work performance, including management.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5101	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look at free provision and can it be "means tested" some how?	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5102	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Put responsibility on public to manage their own affairs rather than council supporting them.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5103	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Take on more YTS	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5104	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Save money by not having public art.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5105	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ending CARE pension schemes would save a fortune. Councils need to accept that paying circa 30 % employer contributions is unsustainable and grossly self indulgent	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5106	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	First it would be interesting to know how much money is being spent on the highest earners in the council and if those high wages are necessary or could be reduced. For example Chief officials are extremely overpaid and still receiving yearly increments. With wages at a high rate of £164, 921, £169, 887 or £174, 836 as of 1st of April 2025. Look into capping yearly increments and reducing the wages of the highest earners as the rates are set at a sickeningly high rate.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5107	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Start doing work effectively... Stop paying 6 months wages to people who go off sick every year for a nice long holiday with MH reasons	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5108	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop paying shift allowance when staff are off sick.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5109	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Control pension contributions in line with the private sector -	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5110	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	look at final salary pensions for long serving staff and sick pay. Too many not working and getting paid!	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5111	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Start looking at council staff. I know of 2 full time staff who "chose" to take 6 months full pay sick leave per year cause that's what they are entitled too. It's wrong any other employer would not put up with this. Number of WLC staff off sick and in full pay is ridiculous. Many of these do not have a genuine reason to be off. Proper control of this needs to be addressed. W	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5112	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get rid of your sick pay scheme. Seems everyone has 6 months of a year which means less folk out keeping the place clean.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5113	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also an overhaul of the pension to bring in line with what is received in other industries. Offering huge pension contributions for staff will be massively affecting the salary costs. If 8 % which is roughly the total including employee / employer payments are good enough for everyone else it should be good enough for council workers	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5114	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop giving all the top council managers huge pay raises when we workers have to fight with council to get a little rise	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.

5115	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Pay freeze	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5116	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stick to basics and stop funding DEI projects.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5117	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get rid of the people on long term sick who are milking the system	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5118	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I have not long started back at the Council on the roads department, the amount of people who go off on long term absence throughout the council on FULL pay then come back to then still have ALL their holidays to take is absolutely insane. Throughout my working career, if I was sick or injured and had to take time off work, I was not paid or on SSP, I think the council would save massively on not paying employees for their absence and would also weed out the dead wood we have Throughout our company.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5119	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop paying people when they are off sick	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5120	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Eliminate all DEI positions and reallocate personnel to fill vacant positions.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5121	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Partner with private businesses to offer new services.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5122	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Run it better manage better employee better staff may be employed British staff	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5123	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Scrap all translation services and printing of multi language materials	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5124	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	make school kids that are disciplined because of their behaviour or bullying clean their institution and save money on extra staff.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5125	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I dont know if this would be government or not, but being someone who has experience of being an immigrant in Australia for 5yrs, I would recommend looking at how there school systems run, particularly in Qld. We had to pay \$12,000 a year for our child to attend a public school. The Parent Council provided a huge funding towards items for school and there school year was better laid out having a term of 10wks with 2 week breaks then 6wk break after term 4. Kids were also ins school 9 - 3 everyday. West Lothian Council need to bring this into play as it would assist families with better job opportunities.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5126	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make more ASN places that way you'll save money as won't need extra staff or funding for them in mainstream schools and the children will actually get the education they deserve	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5127	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The demand for ASN in secondary schools is going through the roof. Cut down on this support and use only in the most demanding cases.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5128	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Maybe charges for after school clubs	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5129	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Consideration to be given to the cost of counselling services offered in school, the efficiency of this service and the time limited approach, when there are various children services already offered / permanent contract children's workers across social policy.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5130	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce on child care and education	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5131	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look into school adaptations costs. If a school child needs to have certain things in place, send them to the school where adaptions are already in place.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5132	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	All parents evenings on Teams. All secondary network meetings on Teams.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5133	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council should look to initiate a formal savings budget process yearly in which savings are identified without detriment to the public resources	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5134	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Change points system in relation to awarding tenancies. It seems hard - working people who could pay full rent this contributing fully to WLC thus supporting the budget have very little hope of a tenancy. This seems fundamentally wrong	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.

5135	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop building new houses and repair the ones people live in already!	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5136	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I see houses that are damaged because poor tenants, get them to fix there own stuff or throw them out get better people in houses to look after them, if there looked after not many repairs will need done could save that way	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5137	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop building houses more services	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5138	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Evict council tenants who don't pay rent give the council houses to all the families on low incomes who would pay their rent.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5139	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce spending on repairs and only complete health and safety repairs for those in higher arrears.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5140	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Perhaps a bin washing service would generate some more income? Or using community pay back to have a paid for service - grass cutting / weeding / garden clearances would generate more income.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5141	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Scrap the GM1 grass and hedge cutting	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5142	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	contract cleaners at HWRC centres that cost a fortune 70k + per year when the staff already clean and enjoy cleaning the premises them selfs,	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5143	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop buying new vehicles, everywhere you look it's 2025 plate work vans!! It's just silly	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5144	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The number of bins and their uses really is a something of a bad joke. The costs of the bins alone and the money wasted on them in recent years really is an area where WLC COULD make some savings. What 's the point in having 4 bins grey, blue, brown and green when you can longer out most garden waste in the brown bin, the large green bin which is a pointless waste of money never gets used and it replaced the smaller "green" bins which the council wasted a small fortune on just a few years ago. The current bins number and what we are allowed to put in them is an absurdity and ill thought out. Revert back to having 3 bins at most, grey for household waste, blue for recyclable material and brown for ALL garden waste and get rid if the complete waste of money which the green bin is that only half of people seem to use. Also bring back the "normal" sized grey bins instead of the current "biny" ones we are given which don 't have enough space and lead certain people to fly tip.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5145	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make kids work with council litter pickers for an hour a week. Then maybe they could actually use the bins provided instead of dropping litter everywhere.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5146	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop spending money on signage for towns and villages people only want to know where they are, not who invented or who lived there etc!	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5147	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop using resources needlessly to tidy a garden because people are too lazy to do it!	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5148	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop collecting brown bins so often over winter	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5149	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce street lights	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5150	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce street light.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5151	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop the protect West Lothian and stop littering campaign as I have never seen any signs about it and it's not well acknowledged	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5152	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Bin collections when residents need larger bins this should be reflected in their council tax	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5153	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce Business Gateway services	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5154	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get rid of initiatives that are wasting money and resource eg net zero.	Corporate Policy and Resources	Sc. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

5155	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ditch the fake climate agenda.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5156	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Use those on community service to clean up the local area and grass cutting of tennents who cannot mow their own lawns.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5157	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Remove DASAT, WL already has a well established Charity Women's Aid providing an excellent service covering all aspects of support and recovering from Domestic Abuse	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5158	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Scrap DASAT! What is the point of a funded statutory service that does not do half the things that the third sector charity organisation doesn't do much better. There are barely any other local authorities that have this service due to having a women's aid! Why duplicate and cost WLC monies that it doesn't have to?! Absolutely bewilders me! That would be a massive start.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5159	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	1b. Stop funding drug addicts with emergency funds every day, they will still steal to fund their habit regardless if you grant them money or not. They need money for drugs, nothing else.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
5160	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Using an agile workforce. A bus driver is likely to be qualified to drive a hgv bin lorry or similar, an admin assistant could be used to support more than 1 team	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
5161	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut the fuel bill from the council's fleet vehicles by not allowing them to be driven home	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
5162	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Encourage frontline staff to propose small efficiency ideas with recognition or reward for successful ones.	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
5163	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	let schools purchase supplies from regular online retailers instead of over priced preferred suppliers, if provident was done as though you're spending your own money and not councils money people would be more diligent on spend costs	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
5164	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	instead of closing vital services for all disabilities they should be joined together in one building.	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
5165	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop taking blinds, flooring out of newly vacant houses, if fit for purpose don't rip out	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
5166	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Remove pointless systems for recycling centres which will reduce fly tipping and costs associated with cleanup	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
5167	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	all the bins could be emptied less.	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
5168	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	turn off street lights at 1am leaving only motorways lit. I visit Belmullet in Ireland fabulous nights sleep all street lights go off.	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
5169	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Investigate a more efficient bin collection schedule e. g. my street, 2 different bin collection days depending on which half of the street you live. Makes no sense. .	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
5170	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review FMA use of fleet, 1 person per vehicle is unnecessary	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
5171	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think collecting in all the brown bins that aren't being used could gain some money back,	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
5172	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Close Blackburn and Broxburn HWRc centres. Broxburn and Blackburn HWRcs are not fit for purpose. Blackburn is far to close to Whitburn and Oakbank, there is far to many HWRcs in West Lothian' Keep 3 only Oakbank, Whitburn and Linlithgow, open them up from 7am till 7pm 7days a week use the men from the closed sites to operate the others save money on landfill costs and skips and other waste and let the public think they're getting something back by opening the 3 x sites longer, less traveling time for skip drivers and man time. We've done the maths it works out	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
5173	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce the days of refuse collection by asking residents not to put out bucket when not full.	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
5174	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Remove the booking system on recycling centres and revert back to old system where we can go when it suits us. Even keeping the closed days would be fine, but the current booking system is a bad idea, and removing it would save us £28,000.	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5175	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think WLC should implement a "suggestion box" type system on their website. I am sure residents will have many ideas going forward, and I am keen to contribute some - however I just want to complete this survey now. This should be an ongoing process - where residents can contribute ideas to save or even make money in this respect. I would urge WLC to take this suggestion itself seriously as can only be a benefit in the long run.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5176	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also moving staff to buildings that are more conducive for our type of work. My service is based in Bathgate Partnership and we share this with other services, NHS and most notably, the general public. The design of the building does not help noise flow and therefore impacts the productivity. The Civic Centre would be a much better option for our teams. If not then selling off more properties and allowing staff to work from home permanently should be considered (even a pilot to show the increase in productivity).	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5177	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Partner with neighbours on IT / procurement / HR. Reduces duplication, saves 15 % overheads per Audit Scotland.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5178	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Potential Efficiency and Service Improvement Opportunities Shared services: Explore collaboration with other publicly owned or government organisations to share facilities, expertise, and resources. Co - locating with similar organisations could reduce building footprint, overheads, and duplication of effort while improving integration and service accessibility. Workforce flexibility:	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5179	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More efficient working includes Councillors not asking for decisions to be revisited again and again and again. One investigation through the complaints procedure, and the right to go to the Ombudsman should be sufficient. Constant re - examination of cases in response to multiple elected member and MSP enquiries increases the number of managers necessary.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5180	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	They could look to increase hybrid / home working to minimise council building needs whilst also improving the net zero approach from the council for unnecessary transport. T	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5181	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	have suggestion boxes or mailboxes where staff can send in ideas to make improvements, Most cost effective should win vouchers or a days annual leave.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5182	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Shared Services with Neighbouring Councils: Go beyond internal reviews. Merge entire back - office functions (Finance, HR, Revenues & Benefits) with one or more neighbouring councils to achieve genuine economies of scale. The savings can be far greater than internal efficiencies alone.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5183	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	removing desk phones from every 'desk' staff who don't use them or need them (mobiles / teams to be used) certainly don't allocate a desk phone and mobile to staff... saves on equipment and licenses / contracts	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5184	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Educate. Tell the public how much it costs to fix the damages caused by flytipping, bonfires, random acts of graffiti and destruction. Tell the people how certain 'essential' services are shutdown or removed because the funding is tidying / cleaning up after others. Appeal to people to be responsible for themselves, their friends and families and not waste funds. Eg "Your grandparents have lost opportunities to be supported for months so the council can clean up your toxic and hazardous material bonfire and pay the firefighters who came to put it out and make the area safe. Was it worth it? Was it worth a local support service losing a trained staff member? Was it worth someone losing their job for you to have fun destroying community resources? Make people aware of the impact their actions have on everyone else.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5185	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The digital first approach requires the right equipment, training and technical support - these areas should be prioritised. Each large office should have at least 2 people as a contact for each software used within that workplace. The 'office experts' should be listed on a notice board. A Council / Service / Department / Unit wide (where appropriate), monthly / quarterly / biannual (where appropriate) catch up meeting should be led by a dedicated resource to provide ongoing and timely support to the 'office experts'.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5186	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Efficiency savings from sharing resources with neighbouring councils (where appropriate).	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5187	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce and streamline reporting and governance meetings and boards.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5188	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Project management adds useless administrative tasks and hasn't resulted in timely outcomes. Some of these meetings are with large numbers of people resulting in a lot of chat but little action. A review of how projects are managed might lead to more efficient ways of transforming services and service delivery. A strengths based approach in working with our citizens needs to be enhanced to take more enabling approaches	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5189	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	prioritising essential frontline services, and introducing efficiency audits for each department would further reduce waste. This approach ensures taxpayer value, protects vital services, and builds a skilled, future - ready local workforce while keeping jobs and resources within West Lothian.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5190	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes, I agree the Council should seek more efficient ways of working, provided this does not reduce service quality, accessibility, or staff wellbeing. Digital transformation has improved access, but "digital first" should not mean "digital only." Some residents still need in - person or assisted support. AI and automation can help improve efficiency and customer experience if used ethically and with human oversight. The Council should focus on smarter working, reducing duplication, and using shared facilities, rather than reducing staff or services. Encouraging staff - led innovation	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5191	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	If you took away the provist car and reduced the number of councillors in each ward you would save more money a year	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5192	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sub contractors are for profit businesses. Council should be training lots more apprentices in order to move more jobs in house	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5193	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Where possible work with neighbouring councils to create economy of scale and greater negotiation power	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5194	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	and staff pool car are difficult to book and expensive to have sitting about - go back to staff using and being paid to use their own car	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5195	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce the consultant spend by seeking appropriately skilled volunteers in the community.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5196	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Every house builder should be responsible for the cost of road and service alterations relating to increased volume.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5197	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Are there opportunities in the council to make serious savings through shared services arrangements with a cluster of other councils?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5198	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop giving money to Excite - they are meant to be a business but even with building closers it never makes any money to sustain itself.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5199	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Partner with neighbouring councils for HR, payroll procurement, IT.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5200	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	West Lothian needs basics done first. In Livingston I rarely see tree clearance or footpath cleaning, there are portions of the road where you cannot see traffic signs because of untrimmed trees and recycling centre access is limited. Missed tasks go unaddressed. Savings should come from management and waste, not cutting frontline standards. What I suggest is: • Cut agency / consultant spend; build an internal relief pool and performance - manage under - performance.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5201	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	West Lothian needs basics done first. In Livingston I rarely see tree clearance or footpath cleaning, there are portions of the road where you cannot see traffic signs because of untrimmed trees and recycling centre access is limited. Missed tasks go unaddressed. Savings should come from management and waste, not cutting frontline standards. What I suggest is: • Software licence audit; default pull - print and double - sided.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5202	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Perhaps a review of absence management policies and support would better serve the vision to save as cover is tight and supply is costly.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5203	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Abandon official VIP cars - efficiency saving	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5204	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The mess of WLC having 2 systems for booking annual leave; MY HR & TMS. Have one system akin to other Local Authorities, would reduce the cost on paying for another system. I've used Elarmis previously and it was a much more efficient system.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5205	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	STAFFING: My own service has decreased from 4 members of staff to 2 in the past 18 months. Management are aware how unrealistic the workload is, however are not re - advertising 1 post. This leads to burnout & then long term sickness. This is happening throughout the council as posts are not being advertised and staff are being asked to undertake unrealistic workloads.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5206	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Utilise process excellence as a way of working to identify loss and waste and therefore use standard tools to drive these out of the council. Also bring a bonus mentality to drive excellence.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5207	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	As much as I am not keen on the use of consultants I am aware that some councils have had systems and business audits and this can be a useful way of getting an different perspective. Speaking with those councils that have done this to see what the benefits might be and also looking at councils across the UK and further afield and see where lesson might be learned.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5208	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Charge a nominal figure as other authorities do for those requesting access to files. A considerable amount of hours, sometimes several days are spent on this task with no financial benefit to the Council.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5209	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Do more to pool purchasing with neighbouring councils, assess long term contracts and performance targets to ensure value for money, and focus on making the area attractive to young families. Dont just accept the demographic changes. Less students gives an opportunity to improve school performance and attract younger families in the future to manage the ageing population of first gen Livingston people. This doesn't help the wider demographic issue in the nation as a whole but your focus needs to be on West Lothian and positioning it for the longer term.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5210	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Increase self - service	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5211	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	• Limit external staff training; use internal resources.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5212	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Work with neighbouring councils, if not already doing that, to share assets and services in order to reduce costs. Examples include: payroll, HR, helpline, school transport, road grit and gritters, recycling, etc.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5213	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Improve your website to find information easily	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5214	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You should concentrate on making what you have be more efficient. The amount of time you see 10 people doing the job in a none government job would be 1 it 2 people doing. Witness this for years and it's getting worse	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5215	Theme 1: Increase Efficiency and Developing New Ways of Working	General comment	Conduct review of what services have a wider impact on residents that prevent the long term reliance on other services, with a focus on gaining voluntary work or paid employment	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5216	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Having a full overhaul of the procurement process - it costs far too much the way the current model operating.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5217	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Looking at the sickness absence policy - as some staff know how to take sickness right up past stage 2 and there is no consequences, then you can see repeating patterns after 1 year and sickness back to stage 1.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5218	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	As a former teacher within the council, I've seen how dedicated staff already go above and beyond, often while services are stretched thin. Savings shouldn't come from reducing staff or cutting essential provision - that only increases stress, turnover, and longer - term costs when issues escalate. Real efficiency comes from working smarter across departments: sharing systems, data and spaces; cutting duplicated admin; and improving early support for children and families to prevent crisis - level intervention later.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5219	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Joint working with neighbouring councils and community partners could unlock savings without reducing frontline quality.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5220	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	spend time investigating claims by staff against the council - hold them responsible for their actions, stop paying out on claims.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5221	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Critical review of deployment of staff and value for money. When council staff are allocated a job that can be observed in the community there appears to be lots of time wasted and scope to do so much more in the time allocated for a job. Staff look like they are killing time rather than working to their full capacity. If you compare park works to bin collection. You can see bin collection has been tightened up. Park work looks like staff are given a morning to do a task, so it takes a morning when there is capacity to do more than one activity in the time allocated.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5222	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Low risk prisoners from addiewell to help in community eg street cleaning	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5223	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review and optimise your IT spend. Your IT budget is as large as some UK companies that serve millions of customers. Have you looked into a FinOps Practice or already use one?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5224	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get a good business analyst to actually look into your accounts to make things work. Money as not well managed for a while reason you are on the situation you are!	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5225	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The website also needs reviewed as it is cumbersome and customers can find it difficult to navigate and find the information that they need. This then leads to phonecalls and a poor customer journey.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5226	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think we should be following many other Council's lead and embrace a 4 day week with full pay. The various pilots that have been completed have shown that this attracts more staff avoiding teh need for expensive agency staff, such taht teher is no overall loss of pay it also has foudn that it reduces sick leave. efficiency of work and production not being affected. I think from all accounts thsi is what teh future holds in any case so we shoudl eget ahead of eth is mow and reap eth benefits.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5227	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce overtime and invest in employment of more staff	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5228	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce expenditure on government projects attempting to achieve long term green targets. The financial burden of achieving these goals currently outward the short term costs and mounting debt.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5229	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Take in some of the jobs that your workforce pool have the skills or retrain them if not competent enough.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5230	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Create the environment of accountability, accountability and I repeat accountability in the work place. This will increase the sense of fairness amongst the workforce and will certainly increase productivity.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5231	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	At least one of the ways money could be saved is by not allowing employees to bring their company vans home. This would not only ensure less fuel was used, it would also ensure that parking on local streets would be kept for cars.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5232	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also Council workers should not be hiding out in their vans sleeping, they should not be standing around in streets "waiting" for a job to start. I am sure that if you tightened up on the amount of man hours wasted by employees taking advantage the money saved could go towards much needed resources.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5233	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I would ask the council to join with other councils to petition government to change the laws on 1) number of elected councillors required for each council; 2) change rules on who is required to pay council tax. Students should have to pay council tax. Households with more than 2 people should pay a council tax supplement for their water and council services use as often these larger households use more water and more services (like schools); 3) Move social care to the NHS as it is unaffordable to councils to continue this & the NHS will provide a more joined up service; 4) Get out of the housing business entirely. Councils should not have any role in housing other than permits and land use. Housing and all other benefits should be the direct responsibility of the Scottish Government. Income generation: I would support tiered services. While we already pay for core services I believe residents would pay more to park on roads & council lots; Raise fines considerably on kerb parking.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5234	Theme 1: Increase Efficiency and Developing New Ways of Working	General comment	Improve systems and system performance to allow staff to carry out tasks effectively and improve customer experience.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5235	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Use more volunteers to support services such as school transportation, cleaning road signs, cutting back overhanging branches, obviously with essential safety checks in place. You could then hold an annual event to recognise the achievements and improvements made by community's volunteers. Services cut to the bone are wrecking WL.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5236	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council could cut back on development courses that don't apply to some employees, eg. carers on medication courses mainly about controlled drugs that carers don't deal with	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5237	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I do not agree with all the points in this section but do agree that the council would also achieve an increase staff morale if it embraced more employee benefits by reviewing hybrid working arrangements. Decisions were taken on which posts were hybrid during the pandemic. The council is a very different place to work now and with new technologies, jobs that were previously deemed hybrid may now be able to be done fully remotely. A review of these arrangements could further reduce the number of council buildings required resulting in cost savings.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5238	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	3. Share services with neighbouring councils, for example an HR / Payroll hub to cover all local councils and share costs	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5239	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Use mosaic more efficiently by having letters templates on this ready to print and using for saving documents to which may eliminate the need for objective	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5240	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	consider rolling out magic notes for some minute taking - training for minute takers to allow quicker turn around of minutes allowing for cover of more meetings	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5241	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Improved IT systems and software could add efficiencies if used correctly. Having centralised systems could reduce paper files and duplication. I'm particularly thinking of schools where some have lots online and others very little. Leaving this solely to school admin staff isn't realistic and should be managed more centrally. I'm sure there are other areas within the council that aren't very efficient but it's hard to make suggestions without knowing the workings of the different areas.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5242	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I suggest you start a messaging campaign like COVID times where everyone can do a little to help the financial crisis.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5243	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Consideration could be given to sharing some central functions (e.g. HR, payroll, legal, comms...) with neighbouring local authorities to achieve efficiencies of scale.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5244	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Better integration / partnership working with other local authorities e.g. Lothian's sharing resources. Every local authority has the same challenges yet the same level of management are dealing with them in each area. Time for that to change. Potential to save by sharing resources, e.g. one Human Resources, one Procurement Department, One Construction Services, Asbestos Management etc. etc. There are huge savings to be had!	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5245	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review IT spend with a FinOps Practice.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5246	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Automation. Your online processes are so out of date and confusing. Could be dramatically improved and simplified.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5247	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Offer a 3 or 4 day week with reduced hours. Many operatives may not know that this may be an option, offering the option might bring about some savings.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5248	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also highlighting that more annual leave time can be purchased if required.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5249	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review top 10 demand drivers in the Contact Centre to understand failure and how to reduce hand - offs to other areas.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5250	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review colleague shift patterns across the areas to ensure they are aligned with customer demand.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5251	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Share services and resources with other councils.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5252	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	1. Share services with other councils, centralise payroll, HR etc in one place and share costs	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5253	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	4. Encourage flexible and remote working where applicable to reduce office overheads	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5254	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Offer free childcare for members of the community who can contribute in a service that would help cut costs and outweigh the cost of childcare	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5255	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Are there any supporting services e. g. HR, Finance, Transport, Procurement which could be shared with other public bodies. For example could transport routing be better co - ordinated so that NHS and Local Authority could share delivery routes? Has centralisation of services been maximised? For example a single store for products where it is efficient to buy in bulk if just in time delivery is not appropriate. Is IT / automation fully employed for the ordering, picking and invoice payment. Are all staff working to the top of their license? For example are there instances where staff are frustrated due to the lack of available support in the form of IT and or support staff allowing them to use skills more effectively and productively.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5256	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	4. Save costs by purchasing goods and services which are not governed by PECOS which is usually more expensive.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5257	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council could expand shared - service agreements with neighbouring councils for HR, IT, and procurement to cut duplication	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5258	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	work in partnership with adjoining councils to provide same services, this will save on service and administration costs and have a better purchasing power for assets.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5259	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Why not work with other Councils to pull resources and vetted contractors. Surely one list (contractors / tenders) that meets the standards for all councils would be better? And what about finding out what efficiencies have worked well in other council areas to see if what they did can be tailored to suit WLC needs.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5260	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Recruitment policies - I work in a library and if a job comes up with the same job title and job description as I am already working, but different hours, I have to apply through MyJobScotland as if I was a stranger. Then if I get the new position my old job would have to be advertised. This takes months of the library being left short - staffed while positions are filled and must cost money to MyJobScotland etc. My managers spend so much of their time on recruitment too. Why cant there be a simpler internal policy which would let you show interest for a position (only with the same job title / description) and be able to move 'sideways' to different hours or even location?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5261	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There should be a time and motion study undertaken on every activity undertaken by council employees to identify inefficiencies. The council should not be making overtime payments unless actual productive work is being carried out. An employee sitting in a van for over an hour waiting on finishing time should not be paid at all. The council should have an absolute ban on the idling of vehicle engines unless that is unavoidable owing to the said vehicle being held in traffic or stopped at traffic signals. An exception would be when it is necessary to carry out an activity such as emptying bins. The council should not be leaving lights on in unoccupied buildings. Employees found to be incompetent should be given an opportunity to improve. If they are unable to do so, their employment should be terminated.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5262	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Have a time and motion study into every aspect of the operations carried out by West Lothian Council in order to identify inefficiencies. Cease paying overtime to employees unless they are carrying out actual productive work. Sitting in a van for an hour or more waiting on finishing time is not in my view carrying out productive work. An absolute ban on vehicle engines idling unless	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5263	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Centralised Procurement Bulk - buying supplies (stationery, cleaning products, digital licenses) across schools can secure better deals. -	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5264	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The Council could make savings by reducing waste rather than reducing staff or vital services. For example, cutting down on unnecessary printing	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5265	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Making better use of shared spaces, vehicles, and resources between teams.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5266	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Investing in prevention and early intervention — this saves money long - term by reducing crisis situations and reliance on higher - cost services.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5267	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reviewing external contracts and agency costs, as internal teams often deliver higher - quality work at lower long - term cost. Protecting frontline services isn't just about jobs — it's about maintaining dignity, inclusion, and independence for people in our community	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5268	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Resource collaboration partnerships with neighbouring local authorities.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5269	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop multiple GroupCall alerts - I have 4 kids and receive 4 messages quadrupling the cost to council.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5270	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop offering free breakfast club spaces, ask parents to make a nominal charge.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5271	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Is there a way that councils can work with schools for litter picking to again instill pride in their community, get teachers onboard with this.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5272	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review of SLT roles, ie could there be a small central team in place for Early Years over schools holidays rather than having so many ELCASMS. Prior to introduction of 50 week nurseries we didn't have an ELCASM role.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5273	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Put the ELC back to 39 weeks. Save on salaries, janitors, cooks, kitchen staff, cleaners, electricity, gas, and food costs. Children will still get the best start in early learning as staff will be more energised.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5274	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	- More joint Headships at primary school level - Consider having cluster heads for Secondary and primary - Consider having secondary Heads and ASN schools combined with one HT	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5275	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Shut nurseries throughout the holidays I think this is a service that is not being utilised to the capacity they thought it would be and seems to me it is just a babysitting service which we are paying for which I think is unfair. If people want to have children they should find ways to look after them.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5276	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	All schools back to 39 would save some not a lot but some	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5277	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Secondary applications continue to be required for all parents, could it be automatically assumed that primary school pupils move to their catchment school, with parents only applying for S1 places when they wish to move to another catchment or denominational school.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5278	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not wasting money on things that aren't necessary such as - coffee bars in schools - people can get that qualification outside of school	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5279	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Increase number of additional need schools and provisions - reduce demand for educational support staff and well - being services for children effected emotionally when unable to cope in mainstream schools. Overall, improving wellbeing, isolation, relationships / behaviour at home / school and less need for services.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5280	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Have high schools only open mon to fri not weekends.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5281	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce lets in school to 20. 00hrs mid week and no weekends unless covered by Exit. Who will have to employ staff to cover.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5282	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Remove all contractors from schools and return to council operations where possible to do the repairs. Hand over more in school jobs to the Janitors to reduce costs of minor work, reducing trades from fixing simple tasks, ie, lights small plumbing etc. Increase the amount of deliveries that janitors currently carry out, at present its the meal run and minor miscellaneous.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5283	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Return control of buildings and school meals to school and reduce council overheads.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5284	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Can the council not to more to support teachers so that there is not so much absence due to stress?...	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5285	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Other authorities do not provide ipads either for home learning.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5286	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	• Review support for misbehaving pupils to reduce excess resources.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5287	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	• Reduce non - essential school trips / activities.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5288	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also, you don't have anywhere near enough pupil support workers in schools. Maybe the council could cut some areas and boost pupil support worker numbers or, dare I say it, give them a payrise. In 2006 you were council of the year but since 2007 everything has gone downhill. Perhaps it's more than just coincidence that the SNP have been in power since then. Rant over.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5289	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Staffing at schools, some are understaffed and others over staffed. Offer training, especially in asn, this will allow more children to thrive in mainstream schools instead of specialist provisions. Ensure the right resources are also available to schools to allow children to thrive in schools. Instead of having multiple reading systems in schools, find one that works for all and use that, this not only will save money will also allow childrens learning to continue throughout school. Same for math resources. Having too many can become confusing for children	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5290	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Many teachers are stretched too thin, particularly in classrooms that include children who really need access to specialist provision. These pupils are being failed by the current system, and teachers are left without the resources or training to meet such a wide range of needs. This leads to higher absence rates due to burn out, turnover, and reliance on external staff Savings could instead come from early and targeted investment, such as: Expanding access to specialist and support staff. Reducing administrative burdens on teachers. Strengthening early intervention and wellbeing initiatives. Investing in appropriate support for both teachers and pupils will reduce long - term costs and improve outcomes for everyone.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5291	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Build football pitches for kids - stop locking school pitches and Gym pitches to keep them out. This would get kids in playing football instead of hanging about bored out their minds and causing other issues like vandalism and police time. Who sits in an office and decides no more football pitches for kids.. lets turn them into basketball courts.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5292	Theme 1: Increase Efficiency and Developing New Ways of Working	General comment	The school purchasing system is expensive and does not allow schools to take advantage of any deals eg books on pcas are at full price, where you can get 2 for 1 deals on Waterstones / Amazon etc.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5293	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Provide more permanent teaching posts rather than relying on temporary contracts Establish permanent lead teacher posts for development roles to reduce temporary backfilling Reduce staff absence rates by ensuring staffing levels are adequate	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5294	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I would be open to stopping a school week on a Thursday. Even if it meant high school children were in 8 - 4 Monday to Thursday.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5295	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Less QIO 's and those in central services shaping education, more QIO from within school utilising staff with skills in different areas., those in school are already thin on the ground and cannot take further cuts from support staff. More use of support staff to supplement teaching staff, recognition of the importance of support staff, PSM, PSW 's, Admin staff. Better timetabling, utilising technology.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5296	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce the number of seconded / development posts in education as well as Education Officers. So much work is done by teachers developing strategies to use in classrooms and enhancing the curriculum. This is an additionality which I don't feel is directly beneficial to learners.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5297	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Building lights should be turned off after hours, unlike in Bathgate partnership centre where lights are on 24 / 7 and cannot be turned off	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5298	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut the amount of usage on lights, where their no need for them.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5299	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sto0 the contract you have with mile to fix the school pipes etc. Get the Council workers to fix and do maintenance back to the schools. Mite and other private contractors are absolutely useless and must cost the council plenty money everything the private contractors fix has to be fixed again within days of them fixing them. Absolutely useless	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5300	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	All buildings once closed up for the day or night should have all lights switched off to save money	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5301	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Looking after our own properties and not giving it to third parties to look after. We can save a lot of money and time if we can do it ourselves. Look at how we spend the money and alternative ways of saving and spending. Money and time to be saved	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5302	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	.Anti - Poverty Team do not need to hold self awareness days which are attended only by staff, any monies should be used for the benefit of customers.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5303	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Where windows are continuously broken in council buildings, invest in shutters	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5304	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also nothing seems to start on time or finish on time. it also not cost efficient to take people out of a room in a community centre which has been used to teach, to change it into some kind of office area for meetings where it would be more cost efficient to make use of the space that can be used for both. ie computers against the wall and table set up for board meetings. I'm sure it would have been cost efficient.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5305	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make more use of our council buildings and transport by sharing them with other departments without a fee! This will reduce isolation for West Lothian 's most vulnerable in need of socialisation and improved wellbeing.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5306	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I would also ensure that its cheaper to out source any of the facilities that you use	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5307	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Suggest integrating services locations while increasing remote work in order to further reduce costs with buildings.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5308	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Implement additional sustainability measures	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5309	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Further expansion of closing buildings is an option including the requirement for staff to have assigned deskspaces. Rotate staff on a 4 day week basis with condensed hours where appropriate - less need for office space.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5310	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce council buildings.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5311	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sell off Livingston Football ground - it only benefits Livingston not the wider community.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5312	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Develop lochside holiday apartments around Beecraigs Loch	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5313	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Consolidate back - office teams through shared service hubs, and review underused buildings for potential sale or community use.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5314	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	As many council services as possible to share partnership centres	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5315	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also consider what areas have empty spaces in office etc can be shared or rented to other's particularly as much of the staff are now partially home based	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5316	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There is a lot of empty unused buildings. Council could ask for those able to renovate these and agree on payments or sell them rather than living these lying empty.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5317	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Consolidating staff into office buildings where space is available, rather than staff in multiple premises, space utilised effectively, free - up buildings that could then be repurposed to meet alternative needs and reduce operational costs	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5318	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Focus spending on services that prevent crisis and reduce long - term costs—like CAB.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5319	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look at schools lights at night in empty buildings & Playgrounds.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5320	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Savings could be made by consolidating office spaces and promoting more hybrid working, reducing energy and building maintenance costs.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5321	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Short - term savings can be realised by rationalising estate use	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5322	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More efficient opening times of council buildings	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5323	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I wonder how much money can be saved by simple things like turning lights off. For example the Jim walker partnership centre is lit up all night. I dont know about other premises	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5324	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Energy Efficiency Upgrades Invest in LED lighting, smart thermostats, and insulation to reduce long - term utility costs. Some councils access grants or partnerships to fund this	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5325	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Hold a 'power free 'day a week / month to reduce energy bills Ask yourself 'do I really need to use this'? Ask yourself 'can I use this again?' 'Don't buy the best quality of something, buy the next one down	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5326	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Install solar panels on all buildings to generate cheap energy and switch of all lights at 6pm.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5327	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Install solar panels on all buildings to generate cheap energy and switch of all lights at 6pm.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5328	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review underused buildings and either consolidate services, lease space to community groups, or sell surplus property.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5329	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Promote income - generating activities like renewable energy projects, commercial lets, or paid training services.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5330	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce electricity costs by N ensuring that all council PCs are properly shut down at the end of the day. Many, many, many stay on 24 / 7 because staff are just "signing out"	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5331	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Radiators and heaters are getting left on all night and all weekend and are on in rooms which aren't being used	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5332	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Where possible buy our own tools and train our own staff. We spend a lot of money on 'small job' contractors because we either don't have the tools or enough staff in house.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5333	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reducing your carbon footprint by going green add solar panels to your buildings.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5334	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Solar power and renewable energy.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5335	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Turn off school lights when building not in use	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5336	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think WLC is very efficient and was able to find savings in each of its previous reviews and efficiency restructuring processes. It may be that finding more investment into the services themselves by partnering up with NGO's or even private businesses might create a more generative and positive approach to finding a way to meet inflation and the shortfall of funding from central government.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5337	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Savings could be made in property management (recognise restrictions) but substantial repurcussion	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5338	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Invite community groups, youth clubs to play to use Council buildings at evenings and weekends.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5339	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce wasted resources ie I've heard that household items supplied in temp housing regularly get discarded rather than reused	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5340	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	build more houses with all the free land	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5341	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make use of facilities you already have. There are lockups (garages) at the back of my house and I would say probably half of them are unused yet I have heard that people ask for this facility and are told there is a waiting list. It may not be a lot but small things like that can generate money	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5342	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop gardening of council owned flats and homes. This is not essential and isn't fairly allocated.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5343	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	.Perhaps reviewing the opening hours of some lesser used community centres would identify savings opportunities.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5344	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Change to a housing allocation system such as Edindex where people apply for houses they want. This would ease pressure on housing staff and applicants would be happier through being involved	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5345	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Looking after the properties that they have ie, long standing tenants who need repairs such as windows, doors and rendering of there building, this would save on money to send contract workers or west Lothian council workers from having to come out on a regular basis, to 'patch up' instead of fixing the whole issue.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5346	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Upskill operational staff to carry out a broader range of roles, enabling a more flexible deployment model. This could improve utilisation rates, enhance service coverage, and reduce dependency on specialist roles for lower - risk activities	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5347	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Additionally, rather than disposing of excess materials from building sites due to lack of storage space, councils could repurpose these items by donating them to local schools and colleges. Technical departments—such as those teaching woodworking, plumbing, and electrical skills—could make excellent use of surplus materials for hands - on training. This approach not only prevents waste and promotes sustainability but also supports education and skill development in the community.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5348	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	No Library should be open past 6pm especially if there is no one else in the building and there are no visitors as this costs money as well	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5349	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council should charge for non Essential works and repairs inclusive of damages to properties	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5350	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also fine council tenants that cost you extra, ie Boiler Services but tenants not in, no access to property	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5351	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop buying new furniture when tenants leave a temporary house	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5352	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop sending out contractors out to do a job that 's been done before eg asbestos checks	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5353	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Performance and Change to not need departments dedicated to it. There is one in Area Serices and another in HCBS. One officer in each service is sufficient. Cetralised groups o not understand the customer of other services and are becomig a self congratulatory service	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5354	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Annual Gully cleaning maintenance - Should be put out to compeltive tender. Savings on vehicle and labour	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5355	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	with the homeless houses stop changing the furniture every time a new tenant goes in	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5356	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There is no need for Housing Offices. Tenants are no longer able to see Housing Officer in a WLC building. Housing Officers should visit tenants in the home. All Housing personnel should be accommodated in the Civic Centre when not working from home. This would enable the reduction in rented space and in management.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5357	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It's honestly a joke watching council services workmen. Jobs take too long, too many people over a long period of time, sitting about in vans for hours, smoking and reading papers. The cost of all new vans, salaries and benefits must be huge for a poor service that's headcount heavy, manager heavy and simply not delivering. The council would be better served partnering with a company / companies to provide all services at certain service levels and reduce its workforce and cost of lease vehicles. Houses / renovations would be turned around quicker, scaffold wouldn't sit up for weeks at a time for a 2 day job etc.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5358	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It would be helpful if the council could be more preventative... eg deal with issues when they are aware... than wait till the problem gets worse and more costly (E. g. environmental damage from traveller community, antisocial behaviour from youths) and get relevant areas involved.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5359	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The next focus in unnecessary waste created by decisions made by junior staff. A first hand example is a PLS property which had brand new furniture and bedding installed. Property then withdrawn from the scheme and a junior Coucil employee stated there was no facility to recover and store the new furniture so it would have to be binned, quite literally. Money in the bucket. The savings are in the detail, not innthe headlines.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5360	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	When it comes to housing refurbishments allow the tenants to pay for upgrades through council funded schemes where a Tennant can apply to have a new kitchen installed and they pay it through a slight increase in the rent, this saving the cost of upgrades but also offering a council tennent the opportunity to make their home feel like their home.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5361	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Don 't look to always empty tenancies of white goods etc.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5362	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop removing perfectly good kitchens and bathrooms and replacing with council preferred units when letting houses bought back by council	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5363	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Measured response. Get a company in to fit central heating systems they seem to do the work with less manpower and less vans on site.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5364	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make tenants responsible for grass cutting like other housing providers	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5365	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More productive use of labour between operational and building services. Less wastage of materials and reuse second hand materials where appropriate	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5366	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Advertise your community council building better eg. use halls for hire party community groups ect We have one in broxburn and most parents I speak to don 't know it there and the fact you can hire it, there used to tribute bands and new acts hiring them pre co vid	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5367	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Repairs on homes being done properly first time rather than repeating same repair over and over again. Scaffolding being put up in conjunction with repairs and not being left up for weeks sometimes months racking up huge costs. Shops sitting empty because costs are too expensive meaning no income from empty shops rather than a reduced income coming in. Houses sitting empty for extreme lengths of time therefore no rent coming in.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5368	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I very often see council maintenance staff parked up and not working. I would reshuffle maintenance resource to get more out of them.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5369	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review of CIS services. There can be 3 or more staff at the reception desk however customers need to book an appointment to see a member of staff.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5370	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Raise the rent on council houses to be more inline with market rates.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5371	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop buying new build plots to use as social housing and having them pay a fraction of the cost of what a mortgage would be.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5372	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think workmen need more stringent timetables. For examples i overheard how the council allocate so much time per job and it is over allowed - meaning ur working is sat doing nothing. Also have spare parts in their vans - saves fuel and time	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5373	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes the flats at Monkland Road get their grass cut by the council are there rents increased to cover these costs? Yet weeds are left unattended. Grass NOT cut on verges or roundabouts obstructing drivers views.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5374	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Using less tradesmen on jobs, months on a job that takes a week with 2 men, 10mins standing about daily doing absolutely nothing for months and getting paid for it. Months of work that could be finished in matter of weeks!	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5375	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sell off some of the vacant dilapidated housing stock to landlords willing to rejuvenate the building and bring it back into use, capping any rent to be charged on it in the future to be in line with normal council rents.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5376	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Should not be supporting the cleaning of flats but the tenants / owners should do that. Better cleaning the	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5377	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Earn money through energy creating methods that can be implemented in people 's homes and energy can be sold to the grid e. g. wind turbines. Lease home instead of selling to generate longer term income.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5378	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Have a tenants meeting once a quarter to check in. Ask us what we feel needs doing. Our appreciate what your getting right.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5379	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Late opening in libraries - streamlining opening hours where there 's little or no customers coming into the Library. This would allow colleague 's time to be utilised more effectively during peak times.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5380	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ensure that repairs are carried out on council houses at the point of reporting - leaving issues for months will always make the problem worse.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5381	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look at the services offered to ensure the correct people are getting them and not people who can do stuff for themselves eg grass cutting etc	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5382	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop sending out up to five vans with one worker in each van, to one house As a witness to this. They spend more time sitting in van, than doing any work in house. On one occasion sat fir one hour, got out took a piece of wood saw it, then left???	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5383	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Regularly review housing needs. So many empty houses and people in emergency housing or hotels running up costs. Move more people in need of different housing quicker.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5384	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	School Patrol areas should only be manned if there is no safety factor i. e no traffic lights for pupils to cross if the area has this feature then they shouldn 't pay for a worker to press the button to wait on the green man complete waste of money and as a parent myself I see this alot in west lothian alot of wasted time and money on the council 's behalf.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5385	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	? Why do we need bin bags with the councils logo on them? Isn't it more expensive than the normal ones?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5386	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Could savings be made by reducing the number of Council vehicles brought home each day?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5387	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop using taxis for school kids...£100 a trip I've been told it cost!	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5388	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Less weekend working to pick up litter or take flags down	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5389	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Better recycling hours which would reduce the cost of fly tipping. Recycling bins in schools.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5390	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Every 2nd Street light on after midnight. Might save some money	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5391	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Explore inter - council sharing of specialized equipment / services.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5392	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting in things like talking bins and invest on having someone to actually keeps them as empty as possible	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5393	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting money on talking bins!	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5394	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Please don't waste money on talking bins	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5395	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Switch off street lights in areas where there is no footfall during the hours of midnight and 5 am	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5396	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Washing of traffic signs and street furniture - Work could be tendered to reduce plant and labour costs Road line markings - Work could be tendered to make saving on Vehicle / Material / Plant & labour costs	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5397	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Winter Maintenance - Reduce gritting treatment of footways by only working Monday to Friday office hours (No weekend Overtime) Carry out a review of all staff overtime costs and determine where saving can be made at all grade levels	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5398	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	My suggestion would be to stop the Sunday morning shift for the bin run as this must cost more to pay staff to come to work on a Sunday	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5399	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There is no need for staff to have individual vans for transport. I have witnessed four workers at one site and four different vans.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5400	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Turn off street light between midnight and 6: 00 am and honour your dark sky commitments.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5401	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look into new tech opportunities - e. g. pothole repairs using recycled plastic last longer, so need fewer repairs	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5402	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Even council employee seems to have brand new hi vis clothes this needs to be looked at as these clothes are serviceable for longer	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5403	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Is it possible to streamline rubbish collection services further	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5404	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I was driving through a local down some time ago and a number of council workers were working on landscaping work at 18: 30 at night. Is this overtime? And is it necessary. Could the private sector do more of the councils work more efficiently.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5405	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	All council vehicles should be fitted with fuel cut off devices,	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5406	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	a review of allocation of council work clothing	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5407	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It would be helpful if the council could be more preventative... eg deal with issues when they are aware... than wait till the problem gets worse and more costly (E. g., pot holes, flytipping,) and get relevant areas involved.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5408	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A constructive approach to savings could start by reviewing areas where resources are consistently underused or wasted. For example, in school meals, items like seeded bread served on Fridays are often left uneaten, leading to unnecessary food waste and cost. Engaging pupils and catering teams to better match menus with preferences could reduce waste and improve uptake	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5409	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Putting a spy camera up in my local park to catch the people who consistently dump rubbish near bottle banks. Also catch whoever smashes bottles regularly near seating area and ask football teams to make sure they pick up all their water bottles.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5410	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Analyse public bin emptying and allow QR code style reporting of bin fullness to have agile response.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5411	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce overheads for road repair teams - often councils works take just as long with more than double the staff members on site. Make efficiencies by during any works on roads arrange for repairs at same time - potentially utilising the third party themselves for cheaper than full council response.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5412	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Well you gave my husband a brand new 25 plate van thats about 3x as big as his old one completely unnecessary and a total waste of council funds. Thats one example	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5413	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Grass and garden maintenance could be reduced at times.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5414	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce waste in schools - food waste. In - house preparation of sandwiches on a Friday would save on the sandwiches being bought in.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5415	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Fuel must be high cost so one saving all employees should travel to the depot at their cost not picked up at their home this is not fair to the tax paying public	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5416	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The fuel spend must be very high with regard to the amount of vehicles that council use, Firstly all employees should not be getting lifted from their homes to their employment they should be going to the depot by their own means why should taxpayers be paying for this kind of benefit. Is all fuel used accounted for	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5417	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	How much waste is there from primary school meals each week? Seems you can order or change your mind very last minute so how can schools really know what is needed and reduce waste?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5418	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Improve the booking system for recycling centres to maximise use for example allow a date to be selected then show available slots at all facilities? Current system is frustrating having to go back and forth to find an available slot on it a certain date. This may lead to less fly tipping and cost to the council.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5419	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council should stop cutting the grass when its wet as it just leaves a mess.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5420	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce overtime - re - evaluate daily roles and ensure workload can be completed in the working day rather than overtime. For example review waste collection routes and distribute collections more evenly and ensure staff are fully utilising their working hours rather than using unnecessary overtime.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5421	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Front end spend to save initiatives, for example: - Charging for replacement bins which will reduce the cost of retrieving contaminated abandoned bins and reduce the cost of purchasing as many new bins.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5422	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop the cleaning contractors at HWRCs that's cost £70k + per year, when the operative used to clean the office premises themselves and prefer to do so. Cleaners not needed.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5423	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	sell the Blackburn bin management site and move them into the current Blackburn HWRC, give more space to bin management.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5424	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	small changes can make big differences cut down on the amount of bins, in some small buildings there is 15 bins thats 15 bins per day 300 bin bags per month, these bins need to be emptied every shift as they are always contaminated with food,	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5425	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The town centres in some areas are in a poor state as are roads and footpaths. Investments needs directed here.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5426	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Combine road works. There are numerous examples where temporary lights go up multiple times in the same place in a short period of time.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5427	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Turn off road lights after 10pm	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5428	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look into your janitorial staff!!! I work in a school doing 2 jobs so I'm in from morning till evening and the janitors are an absolute joke not just from the school I work in but the janitors that collect food boxes too (does not take 2 men to load and unload 6 boxes into a van) which they arrive 20 - 30 minutes early for and just sit there while other staff are short and running about like headless chickens trying to get everything out. Same situation with shortages on cleaning staff but janitors sitting watching videos with their feet up. A lot of money spent on people sitting doing nothing.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5429	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There was a project in some counties in England where the planted up grass areas with shrubs and wildflowers yes the initial costs are high but from then on there is no need for grass cutting the area looks amazing and it's great biodiversity as I'm a beekeeper so would love to see more areas planted like this idea	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5430	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Can street lighting be turned off in industrial areas in the middle of the night?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5431	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also reduce overtime of transport staff as a lot must be spent on extra hours.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5432	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Is the pool cars getting looked at for access and efficient and available to all users.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5433	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce overtime by utilising more efficient planning ie garbage collection on sundays.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5434	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Assess the economic impact of current recycling methods and if this can be carried out more efficiently ie can paper and plastic be collected together other waste collectors to this.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5435	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	* Use all resources that are ordered for repairs and don't take it to the dump, use it for other repairs.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5436	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop providing and maintaining services which are not used, such as Kirkton Park bowling green.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5437	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Move to a more natural park environment rather than grass cutting as much in parks.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5438	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Provide skips for the travel communities when they turn up randomly rather than let them dump rubbish anywhere.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5439	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review the Friday lunch provisions / contract for school kids. The new sandwich isn't as good and rest of it (fruit / veg) goes in bin as it looks not great.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5440	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Charge for larger bins - income generation	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5441	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Introduce random parking wardens - income generation	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5442	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Tougher action on flytipping, reducing need for council pickups,	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5443	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop patching road surfaces for them to need redone a few weeks or months later. If it needs fixing do it properly first time.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5444	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Analyse spending to establish waste. For eg. inspect road repairs to ensure they are done properly, reducing the instances of poor workmanship at the council's expense. Negotiate better services & costs, know how long a job should take, cut the time employees skive in vans. Use street cleaners, road sweepers to proactively keep drains clear, instead of reactive, flood damage, road repairs, land slides etc because drains not coping. Better use of public spaces, and more realistic charging to meet running costs.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5445	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Charge for grass cutting of those who canny be bothered to cut it.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5446	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	1. Small increase to the Garden Waste Charges	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5447	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop providing transport to families that have a notability car.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5448	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop providing transport to families that have motability cars.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5449	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	* Consolidate school meal options for procurement savings.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5450	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	How many pool cars are there and can this number be justified? I often see several parked up at various council properties.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5451	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A potential way to reduce costs could be to introduce centralised waste drop - off points where residents leave their bags daily or weekly, rather than lorries collecting from every house. This could significantly cut fuel use, vehicle wear, and staff hours, especially in rural areas.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5452	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I see WLC employees in vans, doing roadwork, emptying litter, etc, etc and a) there are always too many people doing the job (eg 3 employees I saw for litter emptying one who just sat in the van on his phone) and b) they are always on phones scrolling away.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5453	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More productive use of the recycle centres and the employees - who are generally not waterproof and allergic to human contact	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5454	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	hold staff accountable for damages to vehicles (bin people).	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5455	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sending three men in a vehicle to look at a tree in Mid Calder actually only one got out looked at tree went back into van. They then sat for a while having a blether. This is waste of resources. If there was no work need in their department they could have been out cutting grass trimming down trees which are obscuring road signs. If they are not happy to do that let them go there a plenty of people who could be glad to be flexible.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5456	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	For waste disposal. The council could invest and build an energy from waste facility. This would actually generate revenue. Be cleaner for the environment and reduce the need for landfill. This could also be built in the industrial area of Livingston that could generate heat for the local business and reduce their costs. Recycling centres already dont deliver with the new booking system that just makes fly tipping more prevalent. If all wlc vehicles were electrified this would reduce maintenance costs massively and costs to run.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5457	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Uplift grey bins every 3 weeks	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5458	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Improve the quality of school meals by making cheaper meals at each school, the cost of buying in pre - made meals and transporting around the county is ridiculous. Packed meals on a friday, fir instance, gave included pre - made sandwiches, tomatoes abd peppers prepacked into cellophane and water in a carton.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5459	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	reduce the food waste at school or caring centre	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5460	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Consider if we as a council are able to provide a stamp for bus passes as this would reduce daily outgoings for bus fayre	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5461	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	By not paying the Janitors through all the school holidays.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5462	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Pay a bit more to fix paths and roads so as to save in the long run instead of lots of mini fixes.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5463	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce waste in schools - at West Calder High school there is NO RECYCLING - everything go a to landfill and is subject to landfill tax. School estates can reduce, reuse and recycle to reduce waste and save money. More glass and aluminum collection bins - aluminium is worth a lot of money and would claim back revenues	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5464	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop roadworks on weekends	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5465	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Nets back to 5 o'clock, more work gets done.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5466	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	introduce fuel cut of devices for engines left unnecessarily running for hours on end massive fuel saving	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5467	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	limit the amount of work wear	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5468	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More joint road repair programmes with other local authorities therefore reducing costs across the Lothians.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5469	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	4. Investment in modern patching / planning machinery which would cut down on the time taken to repair larger sections of highway.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5470	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Roundabouts and other challenging spaces could be completely redesigned to reduce management (e. g. using heathers and other low maintenance shrubs). It would require money to design and install but would result in a longer term saving, reducing the need for road closures, etc for regular access. Designed to be wildlife friendly, increasing biodiversity and / or incorporating SUDs features to help with surface water. Rather than continuing to remove and / or homogenise our green spaces, we should look at innovative ways to improve areas whilst minimising on going maintenance.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5471	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look at making it easier to drop of rubbish without having to fill on line report with registration etc, time slots are a pain to adhere to just want to recycle and drop of at designated depots without the fuss	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5472	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reducing the amount of grass cutting and drastically reducing the use of herbicides and pesticides.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5473	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Use plastic road recycled products to repair potholes.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5474	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Charge a nominal fee perhaps £1 to use the recycling centres.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5475	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Outsourcing of non organizational activities. Bin collection, road maintenance ect	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5476	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Taring roads in frost simply a waste of time, it comes back out.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5477	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I lived in West Sussex prior to living in West Lothian and one of the areas that was different was in the bin collection service. They worked on a rolling calendar system - each bank holiday the bins were collected the next day and the collection day stayed on that day until the next bank holiday when it rolled on again. Presumably cutting back on overtime.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5478	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce the collection frequency on the grey bin. Proper recycling should mean that a monthly collection is enough.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5479	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Plant wild flowers on open grass areas, roundabouts and grass verges, and thus reduce the need for continuous multiple times a year maintenance and mowing, and in areas where grass must be maintained, reduce the number of mowings per year. This will save money and is positive for our pollinators and small mammals. I know there have been moves to doing this in some areas but there are still many more are suitable for this treatment.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5480	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Could you encourage even MORE volunteer litter pickers (as has happened) to save the Operational Services budget?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5481	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Use communal bins in estates. It would be hard for me to walk to the end of the road to fill a communal bin. Would cut down on fuel and 3 staff per lorry (also saving every house having 4 bins)	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5482	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Use recycled materials like bark instead of grass to reduce mowing.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5483	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think the time slots for recycling centres work well, however I do believe that on a Sunday (I say a Sunday as it is a day many are off work) it should not be time slotted and open to all. I truly think this will drastically reduce fly tipping.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5484	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It has already been demonstrated (on a small scale) that the recycling of office / school furniture can provide a significant saving. The council has a number of items in storage which could be put to better use, the knowledge of this needs to be communicated better to the wider council. Too many services are disregarding chairs / tables and general furniture without first looking to fix what they have, a £400 office chair will be disregarded and skipped without the thought for an inexpensive fix. Services first port of call for new or replacement furnishings should be the 'stored' items first.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5485	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop allowing services to order £160 Berghaus jackets for managers, the standard PPE 3 in 1 jacket will keep you just as dry and cosy.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5486	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Work closer with Almond Housing in tackling fly tipping and litter. Your vans drive by daily ignoring g fly tip that they could pick up and then take note of what they have lifted and report it. The current system is too costly and not efficient enough	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5487	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Conduct a Lean Review in the Operational Areas - efficiencies can be made through reviewing demand and process redesign.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5488	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	To ask people to do more recycling and those who can to drop it off at bigger bins even the water and milk cleaned flattened ready to be recycled!	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5489	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Replace the expensive traffic light controlled Pedestrian crossings (i.e Puffin Pelican) and reinstate with old style zebra crossing. This would save on the number of signalled crossings and their current maintenance and monitoring costs	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5490	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get more active travel	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5491	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get more active travel	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5492	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Where there is communal bins. Put the bins in a secure shed with access only to residents using the bins and this will cut down on people driving up to bins and dumping their waste and hou	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5493	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Menus to be for things kids will eat. Food waste in schools are unbelievable. (Work in a school). Quality gets better.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5494	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Breakfast clubs to be paid for and breakfast club workers can buy own supplies	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5495	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make it kid friendly meals that kids will eat. The amount of food waste is unbelievable (I know I work in a school).	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5496	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	4. Investment in latest machinery for highway repairs. Patch and plane machines are available which could considerably reduce the time taken for road closures and man hours working on the road area being repaired / resurfaced.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5497	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	improved planning for use of council vehicles, reduce unnecessary trips leading to fuel savings.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5498	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council employees to avoid engine idling on council vehicles.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5499	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Most of the proposals focus on the saving at a Council level (which is entirely understandable). Possibly the scope should be widened to include efficiency savings potential to offshift council expenditure (i. e. road repair as an example - suspect most damage occurs as a result of vehicles transiting through WL rather than those that stay in WL) onto national government for a coherent and aligned approach.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5500	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Fuel much at present be at a high cost so I would suggest all employees should all make their way to depot and not picked up a at their homes and dropped at their homes, this is a cost which is very unfair to public.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5501	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Primary school dinners need to be reviewed, the waste is huge. We need to serve food the children will eat. Most of it goes in to the bin meaning a huge waste & hungry children.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5502	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Do Street lights need to on all night long?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5503	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	We all complain about the mess west Lothian is in weeds everywhere and paths crumbling but do you need to have people out at weekends, overtime, cutting grass? There are lots of ways to save money but you just can't please everyone	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5504	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop the garden maintenance scheme	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5505	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Better coordination of roadworks between utilities and ensure that utilities properly replace surfaces once jobs are done.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5506	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	1. Developers for all new build sites should be responsible for any highways damage on existing roads. West Lothian Council should not pick up the tab for the repairs. At present any damage is not satisfactorily repaired necessitating additional visits by the highway repair teams.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5507	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	To give all school kitchen staff computers in there kitchen as all ordering and staffing is done on the computer, where are some are still having to leave their kitchens and go to a janitors room to use there's. Which isn't practical at all. If and when the need to get logged in using a code it is encouraging them to take there personnel phones with them. The supervisor should remain in the kitchens to be able to check on their staffing and running of the kitchen and not have to go half way around the school to access a computer.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5508	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I would like to raise my concern about the waste in school lunches. Particularly p1 and infant years who get the same portions as older year groups. P1s / 2s often get several substantial snacks sent from home and are then only able to eat small amount if anything of their school provided lunch. The foodwaste is enormous. I understand and completely agree the reasoning behind free school dinners. However, schools know which pupils to look out for when it comes to making sure they are healthy and each school will be able to guarantee enough food for those pupils. It also works the other way with older pupils getting the same portions of younger ones and not getting enough. I would therefore like to suggest a review of school lunches.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5509	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop spending money on things that will obviously be targeted by vandals, our local swing park was renovated recently, plants and trees were planted which the public knew would last 5 mins and they were destroyed within a few days, pink flimsy superficial panels were erected and the following day they were pushed over, keep things basic.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5510	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The ideal way of saving money is doing roadworks properly first time instead of little patch here and there. Our road has been patched so many times over recent years and is now the bumper road in West lothian.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5511	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I work in a kitchen in a Primary School as a catering assistant (including Breakfast Club). Since Breakfast club is free. Some kids come for three bowls of cereal and three toasts a day. And also lunch is free for P1 - 5. Parents order lunch for kids but actually the kids doesn't like the food. Food are binned without eating or even opening. Few big black bags of food are binned. WASTE LOTS OF FOOD. I think if the lunch need to pay in small amount, not much food is waste.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5512	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cameras put up so that people are fined when dumping rubbish.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5513	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	No - Fix roads once, not continual pothole fixes then resurfacing a length.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5514	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There is a lot of waste that could be reduced. Too many school meals go uneaten and thrown away.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5515	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also, we don't need talking bins.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5516	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not spending heaps of money on talking bins	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5517	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Don't waste money on fancy talking bins.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5518	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Take out some parks and stop wasting money on stuff that we don't need	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5519	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Vehicles sitting doing nothing, not being used could be used better. Council staff shouldn't be taking vans home with them as these vans cause an obstruction over weekends.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5520	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Harsher punishments for bin contamination	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5521	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The proposed measures sound reasonable in principle as long as savings do not mean further cost later on. In Waste Services some potential measures could be: Optimisation of ad hoc jobs such as missed bins, bin deliveries and bulky uplifts - Further integrations with routing software could deliver efficiencies in the way WLC provides these services. Charging for bin deliveries to avoid this cost.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5522	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Encourage young people who now have bus passes to use public transport.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5523	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop cutting grass areas where appropriate and leave to go wild to enhance biodiversity. Let rest of grass grow longer before cutting reducing labour costs.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5524	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Modernise waste services by optimising collection routes and investing in reuse / repair hubs.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5525	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Providing an on site bins rather than individuals for each house would save money on routes.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5526	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	With the gov deposit return scheme going live in 2027 could plans start to be put in place for changes in ways household recycling is done? Look at reducing the number of different bins and collections see if there are cost savings that could go towards 2028s budget.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5527	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Less food wastage at school dinners	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5528	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review shift allowances. Most bin collections are early morning. Could more collections be done during normal working hours that not all operatives require shift allowances?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5529	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look at turning off street lights partially during the night. Look at more efficient ways of repairing potholes.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5530	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Communal bins, should be secured, in locked sheds for the residents they have been assigned to. This would reduce people coming and dumping their rubbish and creating more waste	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5531	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Increasing the glass recycling points throughout West Lothian, possibly increasing the access to recycling centres to retail / business owners, only if the materials disposed of reduce environmental damage and pays for itself with costs recovered from selling the materials recovered, any monies gained could then be reinvested in local services.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5532	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Introduce traffic wardens in West Lothian rake in cash that way instead of cutting social policy	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5533	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	FMA staff are not required in every school all day. They sit and play cards most of the day or go a walk in the local area as there is nothing to do! A cluster FMA would make more financial sense. If an issue arises in a school we can easily call for assistance.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5534	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Facilities Management - better structure required of the patches / areas. Currently there are patches which make absolutely zero sense - you have a FMA driving past other schools on their way to another school within their own patch - look more closely at which schools should go in which patches. This will save fuel & time in the long run. Just an example - Carmondean PS is grouped with Harrysmuir PS. Peel PS & Ellburn Family Centre yet it's closer to Knightsbridge PS & Ogilvie School Campus, why not move Carmondean PS to Knightsbridge patch?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5535	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	At a time of cut backs, you are still sending staff to conventions that can be done from the office. Teams etc. One example is the APSE Conference at Aviemore every year, what was the cost of sending staff to this? How many went? This needs to be stopped, when you are cutting the basics to people's daily life & you have staff enjoying nights away at our expense. This is only one of many I believe.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5536	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Central Facilities Management use of external contractors in Education Could we train our own people to undertake plumbing joiner tasks?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5537	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I work in a school and the amount of food waste I see in school and the nursery is horrendous. I am not sure how to cut the amount that's wasted but there must be a better way of tackling this.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5538	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	quit spending £4,000 on bins that talk to you nobody wants them,	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5539	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Service Optimization: Merge bin collections (e.g., fortnightly alternates) & road patching prioritization via data—save £400k without full cuts, as in Fife models.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5540	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Increase bin collections, saving costs involved with running dumps, fly tipping collection, roadside rubbish collections. Or allow households more bins.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5541	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Use Community Payback service for free to clean / cut grass / grit pavements / maintain grounds.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5542	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	An alternative way to make savings is my shifting to 100% plant-based diets at council - run events and meetings - perhaps even buildings. The City of Edinburgh Council has signed the Plant-Based Treaty for this very reason. From their impact report, a vegan diet could slash food bills by 1/3, and that pulses can be promoted as an affordable, healthy and sustainable alternative to meat.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5543	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More community events where you can raise funds for council and reinvest into services.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5544	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Promote local business and require larger corporations to assist in area upkeep.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5545	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Generate funds from electric charging facilities.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5546	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Coordinate public service installations. New sewer piping, fibre optic cables, etc... should be coordinated to be installed at the same time instead of digging up the same stretch of road multiple times.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5547	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Start focusing on infrastructure not housing developments. Stop building land and changing what is already working. Empty houses are laying empty when there are working class parents or single parent households that have been on a list for years and there are homes of 4 bedrooms being given to families who only need a 2 bed. Stop building and look at primary and secondary education that are at full capacity overworked teaching staff. GP surgeries over run and overworked professionals no one can get appointment and there is no infrastructure around supporting the public anymore. Lack of public care and more about money and development when our country and councils are in crisis and being ruined - this really needs to be thought through as it is getting ridiculous most Scottish folk have now upped and left rerouting their lives elsewhere I am ashamed of what our country has come too now as it's being destroyed by councils not looking at the bigger long term futures the next generation	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5548	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yeah stop wasting money on expensive sculptures etc on roundabouts	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5549	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More interaction with Scottish government on new building houses which then add to local pressure with defined	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5550	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	In Development Management we currently manually produce a "Weekly List" of new planning applications in pdf format that is emailed out to certain parties. Although this is a statutory requirement, the same information is already available on our Public Access website, where it is automatically generated from our production database. Despite this, staff still manually compile a PDF version each Monday and email it to people who already have access to the online system. The online version is actually more useful, as it is searchable and links directly to submitted documents, while the PDF simply duplicates the information and takes two staff members part of every Monday to prepare. Given this, I would discontinue the manual Weekly List and rely on the online system, freeing up staff time without reducing public access.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5551	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	In WLC Development Management we produce something called the Weekly List - which is a list of new planning applications coming into the service. Now technically this is a statutory requirement to produce but we have a public access site that automatically collates the same information but doesn't require any staff time as the weekly list is pulled automatically from our production database. At the moment a Weekly list is manually collated into a pdf and emailed out to people that have online access to the public access website. Yes the pdf version is more curated and slightly nicer but it is a duplication of the online systems that takes approximately 2 staff a proportion of each Monday to perform. All that information is available online to anyone anywhere in the world and it is actually searchable and gives access to online submitted documents. So its far superior. Personally I would ditch that process and free up 2 staff on a monday from DM.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5552	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The use of consultants could be reviewed. For PEDR, contaminated land (CL) consultants are used. Costs could be reduced by reviewing what reports are necessary at the planning application stage. Phase 1 reports could be requested, but subsequent Phase 2 and remediation reports could be conditioned (unless the sites are significantly contaminated). This means that only reports where development was proceeding (and the discharge of conditions was being sought) would be reviewed by consultants. The use of Legal consultants could be reviewed to potentially reduce costs.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5553	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Consider more use of volunteers in some areas. Also public sector pension contributions must be reduced now wages are comparable with private sector in many areas	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5554	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Instead of focusing solely on cutting services and reducing costs, the City Council should prioritise stimulating growth and revitalising the community. For example, supporting the garden centre to become a hub of village activity and local trade could bring people together and attract visitors	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5555	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Establishing a regular market featuring local producers would not only encourage investment but also strengthen community ties	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5556	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The Council should also focus on creating a more dynamic village with a wider range of shops and amenities. Promoting and supporting local businesses will help enhance East Calder's reputation and economic vitality.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5557	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make better use of community pay back resources to cut costs for fly tip clean ups / graffiti clean ups. Pause all unnecessary refits on sitting council tenants kitchens / bathrooms unless unsafe. This replacing after so many years is unnecessary.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5558	Theme 1: Increase Efficiency and Developing New Ways of Working	General comment	Use people doing a community pay back order (community service) to do upkeep of the community. Cutting grass. Waste removal / litter picking etc. This would reduce costs for the council whilst helping the community. If these people are being ordered to work for free as punishment the council should use this to their advantage.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5559	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Students doing health care (placement with council care services) promote young people into the system. As at the moment we have private care staff who can't speak English going into vulnerable individuals homes and communication is not there! I feel this is no respect to our citizens who have paid into there taxes for years and now not receiving the care they should be or able to communicate there needs. This requires to be looked urgently as this is not right on all levels.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5560	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I would like to suggest a new process that mirrors central governments "Tell us once". There is vast and I mean cast number of man hours being wasted in multiple members of social policy teams asking the client and their relative their story, their needs and their outcomes in doing their care plans form respite to day service to CLDT to social workers to HHS teams, all doing their own care plans and asking the client to tell their story again and again. It should be the council implements tell us once and the care plan is kept on objective which can be the bones of the care plan and additions could be added if required. This would stop trauma and upset and frustration in the client telling their story again and again to up to 5 sub teams who all work for WLC! It would also potentially save millions of pounds over the course of a five year budget plan in non wasted man hours that can be used to generate outcomes aligned to the client and the corporate plan	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5561	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Extend services performed by the Community Services Team to utilise the project more efficiently - Have the council take care of and maintain their equipment. Needless waste due to tools / equipment not being cleaned as an example.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5562	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More even spread of services, social care does not get the same spend as education and low income. Use the experience and knowledge of other industry experts. Ask yourself if you would happily spend your own money, the fact that its coming from the public purse shouldnt make it easy to spend. Is it value for money?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5563	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Early intervention - focusing on high need services e. g. violence against women and girls, mental health, poverty	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5564	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Frontline services like Community Inclusion are already running on minimal resources, and any further cuts would directly impact the most vulnerable people in our community — as well as the staff supporting them. Savings should not come from reducing these essential services. Instead, the Council could: • Focus on preventative work — investing in day services and inclusion now saves money long - term by reducing crisis interventions.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5565	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Young People Residential - Torcroft and Whirrigg House. Reduce overall spending on food as so much is wasted every shift.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5566	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Young People Residential - Torcroft and Whirrigg House. Reduce sending of frivolous spends - every staff member has a credit card and so much absolute junk is bought	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5567	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Young People Residential - Torcroft and Whirrigg House. Encourage young people to self travel using their free bus pass - currently their are 2 pool cars getting used and often used to transport young people doing a drugs run	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

5568	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Young People Residential - Torcroft and Whirrigg House. the tumble drier is used to dry washing even in summr when it is sunny outside. Hang the washing out and stop wasting energy and money	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5569	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Remove the line worker device and have an app on phones Train carers to be assessors	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5570	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Could the council not work more closely with people on Community Service. It all very well hiding folks away in a ware house mending bike, but there a lot more they could do in the communities, by working alongside the council. Clearing snow, salting paths, weeding, ground maintenance. Livingston looks so untidy, it's actually depressing and that in turn will put more strain on your budgets if it doesn't change	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5571	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Consideration given to the cost and need for the lone working devices across social policy. Many children's workers who predominately visit children in school do not feel the need to use a lone working device.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5572	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Take a look at the specialist equipment provided to families with special needs. Parent / guardian need to be held accountable for this equipment and shouldn't get it for free / or pay a nominal fee from their benefits	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5573	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Address non attendance at services, eg if you are funding addiction services, it should be time limited and only for those who engage. If they don't, they lose their service.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5574	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Improve the standards of screening at IAP - continues to be a high proportion of referrals coming through for AAM assessment and client's clearly do not meet eligibility criteria. Socia Work practice temas to review	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5575	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A focus on preventative spending - Invest in early intervention for social care and health to reduce expensive crisis response later down the line.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5576	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Strengthen early - intervention programmes in social care to reduce high - cost crisis interventions	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5577	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	1. Transport Costs for service users travelling to Day Services could be cut if service users who have a Mobility car are asked to use this to travel to Day Centre rather than use Council buses.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5578	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The Council services should work more closely with Braid House, this service is extremely important to the clients who attend and their families providing much needed respite and support. It is also cost effective, without it, alternative services would be significantly more expensive. Supporting and partnering with Braid House helps maintain vital community care while using recourses efficiently.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
5579	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You could stop Gypsies camping anywhere and leaving a mess	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5580	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make savings on services not utilised, never make cuts on services actually needed and are necessary to people's lives	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5581	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce number of Council meetings. These waste a huge amount of officer time. Increase delegation to officers.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5582	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Just increase efficiency to a level on par with a private company that has to rely on making a profit to survive.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5583	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Wages for senior positions at the council are paid ridiculous amounts in recent increases via the government without performance reviews.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5584	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I suggest stop hiding behind efficiency which is just cutting services	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5585	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop moaning you don't have enough money to pay for everything and actually look for ways to improve our county. I'm disgusted by wlc	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5586	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce salaries for senior employees, scrap bonuses. Make a sacrifice the same way as all other people who have to pay high council tax.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5587	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut bonuses to senior leadership till books are balanced. No other business would give bonuses while in negative	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5588	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce the amount of money that is paid for large bonuses and focus on schools and cleaning local areas of the community	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

5589	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut sick pay for consistent sickness by more through monitoring, anything over 2 months should be ssp.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5590	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop enhanced wage rises. Stop paying staff to be off sick. Stop putting money into lost causes.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5591	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Change the way things are done. Any dealings I've had with staff have been less favourable. Seems like the way things are done are stuck in time	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5592	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut back on unnecessary upper management, nepotism. Cut back on people like XXXXX that care nothing about the community, only himself and his Bridge evenings.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5593	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Enforce the performance management of 10 % of employees and exit 6 % per year due to performance .complete a return on investment exercise for each employee releasing those with no positive ROI	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5594	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	mandate managers must improve their area improving efficiency by 10 %	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5595	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Move away from part time working from home	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5596	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council needs to operate like a private business, there should be no "jobs for life" and no wage rises or promotions based on time served. Process	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5597	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sack [XXXX] for grossmiss conduct and (XXXX) for negligence and incompetence, and if you want to find out what's wrong with everything join West Lothian council exposed on Facebook	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5598	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make your councillors actually do their job and stop giving yourselves pay rises!! If you weren 't so corrupt then you might have the people on your side.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5599	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop paying out over the top expenses to heads of the council. They should be living just like the staff do off of their salaries only, staff don't get to charge extra time & travel expenses (fuel, lunches etc) for any training they do that's is "job" related.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5600	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Build on today's survey w / forums. Identifies priorities, ensures buy - in & 5 - 10 % reallocations.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5601	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More efficiency when phoning the Council. Always on hold for at least 40 minutes before anyone answers. What happens when someone has a real emergency. I had boiling water pouring out of a radiator!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5602	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	armadale is getting bigger but the recioures are bad, more communications to get hold of council one fone number for all takes ages to get to where you want to go not all people especially pensioners have computers or smart fones to use. mire facilities for our pensioners to get about.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5603	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get more advice from experts like West Lothian Leisure and Brewster Brothers (Wate Management).	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5604	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get rid of unnecessary staff, managers and councillors. The amount of road staff for example who never seem to be doing anything when road works are on l. e. 7 staff members filling a small pot hole yet only 2 working the rest standing around. The abundance of management do not need to be in post	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5605	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop cutting funding in the wrong place - the most vulnerable l. e. cutting funding to ASN provision like first steps. I would like to see the income generated by council tax alongside what is given by the Scottish government to WL council, cause I dont understand how you claim it is so underfunded.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5606	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Too many of the old council staff think they are entitled to tea breaks in the vans outwith their lunch hour this needs to be addressed. Have regular meetings, install pride in their work and listen to them where savings can happen. The same needs to happen with your office staff,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5607	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sending more than one letter Or more men than needed for job repair Tighter survalance on workers	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5608	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I agree savings are needed but don't agree with all of your proposed saving plans as they are not beneficial to the entire wider community, and some of these changes are likely to alienate certain demongraphic groups / areas to a higher degree than what has already impacted during the pandemic and post recovery!!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5609	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut working from home	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5610	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce councillor payments and salaries. Eliminate attendances at conferences and all similar functions. Eliminate all DEI roles. Eliminate time off for union related work.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5611	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Less heating in the work place don't turn of school heating in secondary schoolrooms less benefits for council worker and even less for management and councillors who sit on there xxxx all day drinking free tea and coffee and turn the heat down in their offices might work better instead of snoring all day	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5612	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I also think the public should be doing more to help the council, maybe some are at work but there's a great deal off unemployed who could do more to help the council save money.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5613	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	No, not really. I know that things cannot just change overnight and it's incremental. Keep on doing what you're doing. Positive management and transparency, too.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5614	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Silly, unnecessary spending such as reducing speed limits, top heavy management structures and the general wasteful spending culture seen in local authorities.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5615	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Employ an RfK junior type health leader to improve health. West lothian elderly are getting fat, ill, weak, and sick. How many people	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5616	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also as to new systems they will over run in implementation that will negate the savings	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5617	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	appoint a procurement officer who will monitor all procurement processes and will only be paid a percentage of savings accrued over the financial year.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5618	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Prioritise funding for essential projects that benefit the community	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5619	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop taking ideas and decision making from people that haven't walked in the shoes of those that have to do work	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5620	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Can councillors be made to have more consultation surgeries	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5621	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Better utilisation of apprenticeships relationship with schools / colleges offering better work experience to aid and engage in world of work.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5622	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Like all councils, money is wasted at executive levels, expensive journeys labelled as Official.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5623	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	People need to realise we do not have the money for everything, so politicians and councils need to make the public aware of that fact and stop muddying the waters. One word "Honesty". Remember some people will always argue black is white because they are not that bright, so don't pander to stupidity.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5624	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Points to consider - Ensure a good balance of local representation from (if possible) employees or local communities so when areas are developed this is well received and supported with people that have a genuine vested interest. Lots of local communities complaining about unfit for use developments must cost a lot of staff time	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5625	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Paying good council workers better wages will increase retention and reduce relying on external contractors	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5626	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Have one SQA centre from which we deliver all our qualifications, rather than allowing service areas to have their own centres. This will save associated costs for more than one centre and offer officers a more varied role and skill development.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5627	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Need to work smarter like private business	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5628	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Hold employees accountable for their actions, it doesn't matter whether employees achieve targets or not. There are no repercussions, council are £50 million on debt yet no one has been held responsible. In any private sector business those at the top would be expected to resign or be dismissed.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5629	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Everybody agrees we have an ageing workforce and staff over pension age do not pay NI so why are the employers having still to pay - Council should challenge Scottish Government and Westminster to remove this ridiculous charge and this may offset some of the increased NI costs employees were subject to this year.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5630	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Options to report online need to reflect the actual issue trying to report.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5631	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	cut red tape	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5632	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make sure the council workers are actually doing work instead of sitting about in their vans / bin lorry's (I understand they have breaks) but they sit around for hours sometimes.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5633	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	sack everyone and start fresh with people who actually know what they are doing	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5634	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Does the council have the skills within the organisation to make it work.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5635	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Please stop setting targets and then pulling resources to prevent these from being met. Mental and physical health is being affected at so many levels.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5636	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look at what local councillors are being paid and what they do!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5637	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get it right first time and avoid having to revisit any sort of task, even if it's as small as responding to an email in full and following correct procedure on the first attempt, instead of wasting other people's time, as they'll just come back to you and ask for resolution of the issue. Incidentally, this strategy would hugely assist encouraging council tenants to engage with consultation and feedback. Currently, the appalling attitude and disrespect shown by WLC staff sadly leads to people thinking there's no point talking to them as they are both ineffective and insulting.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5638	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	yes but do not cut back on things people need in the community like schooling and other major things like roads works repairing and early learning and stop spending money on things that you do not need	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5639	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Find a way to stop the use it or lose it attitude to spending that happens at the end of every financial year.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5640	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sort yourself out, constantly our prices have went up and up and yet more and more services get cancelled. You are beyond a joke!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5641	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I don't believe working more efficiently is the same as cutting budgets.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5642	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Maintaining rather than having to fix major issues.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5643	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The taxpayer should not be paying for everything; this is unfair for those that are working.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5644	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council does not run smoothly, it's hard to make decisions, to know what department to go to, there is so much red tape, bureaucracy and wasted time, fixing this will do far more than cutting more valuable services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5645	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Go round streets to see whose gardens are a mess instead of those workers working from home. That's a joke.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5646	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut the fat from council leaders pet projects. Do we really need that many arborists?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5647	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Only sympathy at the scale of the savings to be made.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5648	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	All working from same system, to stop information getting lost. Saving time, money and resources	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5649	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting it!!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5650	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Most of these should have been getting done anyway	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5651	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I believe this is what job get paid to do	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5652	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	To be honest am not sure	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5653	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop bonuses	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5654	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting money, no more bonuses,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5655	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Limit bonuses, cap top earner wages...	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5656	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I work in NHS with never enough budgets. The focus is about doing more with what you have and under extreme pressure doing more with less. It's wording but frames it in a more palatable way for staff to engage. We all want better services and I believe your staff on the whole will want to deliver better services. I do object to when our service met it's savings targets and another didn't we still both had to make the same savings the following year when we had already trimmed all the fat off. I'm not sure asking us helps much, and I don't think all council staff care and are as engaged as NHS staff but many will and have better safer suggestions for cuts.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5657	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make more hours in kitchen cleaning do more repairs toilets stuff need upgraded	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5658	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Request Elected Members to read and sign document to show that they understand the need for savings, that services will be affected and that they will not request officers to undertake work that is not a priority for spend within available budget "in this instance" or "on this occasion" to placate constituents leading up to next election.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5659	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council can't even budget for essential services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5660	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Instead of 1 man working and 3 watching, or as I seen a few weeks ago 3 vans, 2 were sleeping, mind you it was a Monday	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5661	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop putting council tax into employee pensions	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5662	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce or better control councillor expenses	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5663	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop giving the big wigs a 30 % wage rise and the people that work for there wages abit more	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5664	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You change how we do sickness in here. the amount of money wasted on people who don't actually care about their job, that they take sickness every year and wait for their stages to run out so they can do it all again.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5665	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	also look to do away with working from home. in my opinion, its just a way of avoiding work and sitting in the house. seems like if they have time to work from home they have time to work from the building. a brand new building at Whitehill and no one there?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5666	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut use of provost's black car	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5667	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	the council as a whole is build to serve the community, there for the best way to make said savings is to reduce the wage budget and start bringing in younger people into the council	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5668	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	If not in place already, introduce time sheets for employees to ensure every minute is accounted for and jobs are executed on time and successfully completed. Not a half hearted botched attempt that has to be corrected.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5669	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop giving to all these parades and pampering to certain groups. Do what the people of West Lothian want done instead of running the council for certain ones	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5670	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Looking at manager salaries as some are paid a lot for their actualy responsibilities - this needs reviewed!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5671	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More transparency about how employees productivity / performance is managed and measured - publish amount of days lost to sickness / suspension.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5672	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get xxxe who can run business efficiently	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5673	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think the people you employ should be suitably qualified to make these decisions, that's what they are getting paid for. The general public would not have the required data to assimilate the impact of these changes	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5674	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Investment in staff, morale especially those in non white collared roles - morale appears low, conditions for them seem unfair in comparison to the white collared colleagues. If they are treated with respect then the returns may improve. Some may prefer part	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5675	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Engaging the workers you have, in particular non white collared staff, morale appears lot	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5676	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut some of the top salaried staff	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5677	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Voluntary redundancy for lower paid older staff.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5678	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Don't outsource jobs that council workers can do and are already being paid to do.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5679	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut the amount of staff with the top salaries	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5680	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Voluntary redundancy of older staff.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5681	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also KPI's against key service delivery metrics with real impacts on salary wages for not achieving, rather than not messing up.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5682	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Removal of DB pension schemes in favor of DC pension schemes like the majority of people. Significant cost savings.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5683	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Less working from home to ensure good work ethics and efficiency by all staff.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5684	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	In my experience of dealing with an issue that required council input, time and money are lost from poor communication between different council departments when resolving issues.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5685	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Consider using volunteers for admin work. Increasing costs shouldn't be an option.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5686	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The fact that you are putting this to a consultation status to the residents of WLC suggest a lack of ownership at the top of the organisation and whilst I appreciate the sentiment, its shocking that it has come to this, the fact is our services are diminishing by the year and the waste of resources detailed above in some instances is disgraceful.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5687	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Have people with business skills on Executive committees	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5688	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	No staff working from home all to be back in the office full time. Monitor staff system usage.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5689	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Those at the top take a wage cut and proper budgets put in place...	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5690	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Agree principles of a project before spending days discussing it only to decide it its not permitted in principle.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5691	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Bring wages and benefits in line with the private sector - minimum wage, minimum pension top ups, stop sickness 6 month full and 6 month half pay	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

5694	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Redundancies	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5695	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes cut the fat cat pay cheques.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5696	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	reduce fat cats at the top of tree	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5697	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	How about getting staff to do a full days work. Don't allow them to look out the window in the morning so they've got something to do in the afternoon.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5698	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	xxx	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5699	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Statutory sick pay would reduce absence and save money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5700	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut Councillors expenses to the bare minimum.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5701	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop workers on call getting paid while not working, plenty of jobs for them to do in Local Schools,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5702	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop giving councillors Huge pay Increases, it is simply Disgusting,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5703	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Allow NHS staff to book their own rooms within the buildings.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5704	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ensure that all mtg hosts are responsible for people attending their meetings	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5705	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look at the length of time council employees ie refuse, gardeners spend in their trucks & vans which I have noted is extensive and exceeds either length of toilet, breaks & lunch. Seen them sit literally for hours whilst I use Xcite facilities	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5706	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduction of bureaucracy and duplication	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5707	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The Council should stop wasting money on so - called vanity projects such as sculptures / paintings / plaques. / artwork.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5708	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I would have hoped the council internal efficiencies and salaries were always being reviewed and streamlined cost effective.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5709	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut Top Management bonuses - People should not need to lose services	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5710	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Consult those affected & INVOLVE them in the design! In future be sure to test run any IT solutions [of ANY kind] with the 70 + demographic! Your IT folk simply have no idea what it 's like to operate in this world with a brain that developed before computers!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5711	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	and if it became more savvy unnecessary out goings. For instance the council at one point over the last year didn't have any lawyers in there legal department. This means that they had to outsource everything to a third party which costs considerably more	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5712	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council employees are renowned for doing as little as possible - a generalisation, but something that most residents believe. Stories abound of visiting partnership centres to find employees sitting chatting about the latest tv programmes or their upcoming holidays. Since covid restrictions and the introduction of an appointment system to report or discuss the most basic problems this perception has increased. There seems to be far too much time allocated to each appointment. Most residents feel that simply turning up to the appropriate office and waiting in the queue allows for much less time wasting on the part of employees. Generally speaking, residents feel that the old methods still remain the best and would possibly require less staff.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5713	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sick pay / leave. Too many staff using sick days as extra holidays. Same staff take regular long term sick on regular basis. As they know how to work the system. I believe the sick process should be re - evaluated to reflect this. Services not getting back to customers. This leads to repeat contacts with customers taking up more time and resources.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5714	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Spending less money on electric devices	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5715	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The Council can use people who are already o council jobs who can do jobs in schools for example fixing the toilets or helping out in classes	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5716	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop using sub contractors for things council staff can do	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5717	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Staff absence should be looked at and any staff members with recurrent days off should not have their contracts renewed. Sick days should be investigated by visits to their homes to ensure they are sick (a practice of the Italian Government).	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5718	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Finding more efficient and cost effective ways of working to achieve business requirements. But this should not mean increasing workloads for staff. Systems and processes in many areas could be much more efficient. Staff working with the systems and processes should be involved in this.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5719	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	.Become more outcomes focussed, rather than output, ignore the non - statutory concept, this is a false premise that will catch you out in the end.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5720	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It council reports and committees. Staff and managers are drowning in reports that councillors just want to political point score over. There is no purpose and it's inefficient	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5721	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Pay limits for council staff. Use the facilities we have for my re community based groups as people don't I own what they have in there area	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5722	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Workloads can be unequal with some Council staff working very hard under scrutiny and pressure whilst others seem to have very low / easy workloads and no scrutiny or stress. Share workloads to increase efficiency, lower stress related sickness and increase equity amongst employees.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5723	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A lot of staff work 50 / 50 from home and the employer could be making savings on transport, energy and workspace costs, heating and electricity.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5724	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes, stop paying the higher management and executive group large bonuses and pay rises. Also stop giving backhand payment and contracts to friends and family, 3rd party contracts.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5725	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop spending money on the Symbiosis sculpture.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5726	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	By being more team oriented. One full team for each area. Holistic approached work is not working	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5727	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	also take gender out of the equation im non binary and you all still miss gender me	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5728	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think you need to look at the root of the problem... the government's handling of our country's finances. As a council you are in a stronger position than I am as an individual to push back against the government. You need to be highlighting to them that all of the services you supply are actually necessary to support West Lothian residents not just looking for ways to cut costs.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5729	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I don't believe making savings is an efficient way to better West Lothian, the funds should be used to improve the area	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5730	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce council holiday allowance.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5731	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce the exorbitant sick pay allowances with zero checks being done.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5732	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I understand the need for efficiency and budget savings, but in practice West Lothian Council's problems aren't due to inefficiency — they stem from poor coordination, lack of accountability, and neglect of long - standing issues. I've personally experienced serious communication failures and a lack of follow - up from multiple departments, particularly in Housing and Environmental Services. While new systems and cost - cutting might look good on paper, the reality on the ground in areas like Deans South is that essential maintenance and waste management are being overlooked. Before reducing staff or relying more on digital systems, the Council should focus on improving responsiveness, ensuring residents' reports are actioned properly, and supporting the staff who are already trying to do their jobs under pressure. Efficiency shouldn't come at the expense of service quality or community wellbeing.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5733	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	This sounds like cuts to services to me.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5734	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I am astounded the revenue from the thousands of new houses hasn't made a dent in the deficit.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5735	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce maintenance well that's a great idea. Maybe get people out of there PJS AND BACK TO OFFICE.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5736	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I selected no, because the question is framed on the way the council are making savings which my left big toe can do better than you lot. No ai, get rid of management and upper management, reduce wastage on backend deals. Tell the person who's been dealing with the acquisitions and servicing costs to [XXXX] off.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5737	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Examples are wide ranging and very difficult to agree or disagree but recognise that savings and difficult choices need to be made.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5738	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A salary review and wage freeze for executive management staff	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5739	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	School maintenance - is it all necessary? Bankton primary school filled a skip with perfectly good chairs last year - why? Could these have been reused?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5740	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Recycle more used goods. The old floor of the old West Calder High School was put in skips. I saw it. I found this an appalling waste. That flooring could have been successfully used elsewhere.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5741	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Recycle more. The old floor that was lifted out of the old West Calder High School's hall / gym was put in skip. I saw this and thought it an appalling waste. That floor could have been used elsewhere.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5742	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	To much money wasted. Eg. When polystyrene plates etc were to be replaced they should of used polystyrene until finished buy thrown in landfill that was a good idea	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5743	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Manage according to the principles of the private sector and appoint senior leadership from competitive and open processes. For example, the xxxxx. This type of thing can only happen in councils. Promote less from within, get people with real skills and don't appoint on the basis of creating easy onboarding processes.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5744	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I don't know how on earth the council justified all the spending on schools. Another 5m spend on West Calder high school as an example. It is only a few years old.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5745	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Move away from the PPP funded school model as all that happens is people argue about who is to pay for something, to the extent that the repair or replacement takes so long that it costs significantly more than if sorted earlier.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5746	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Concerns around the high schools particularly at break / lunch times and the mess that is left in and around the shops and walking areas	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5747	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Lunches for am and pm children is not needed (majority goes in the bin). Friday packed lunch is not needed in nursery either, children are not eating this.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5748	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	recycle bins in schools.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5749	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Upgrade Pe equipments	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5750	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Parent Appointments should be spread throughout the school year digital and in person.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5751	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Scrap paper reports for pupils as parents have constant access to teachers through the year.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5752	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	After school clubs run by school staff should be scrapped - more a child care facility.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5753	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	All schools in West Lothian and indeed Scotland school have exactly the same holidays Cut out all local holidays / half terms - add these to summer Christmas and Easter	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5754	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ties can be purchased rather than given for free.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5755	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop focusing on targets and support children more effectively. Grades are only as good as the job at the end of them.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5756	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Schools start projects and then don't continue eg polytunnels for gardening, bike maintenance etc and equipment goes unused	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5757	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Schools are very wasteful overall. Courses outside schools for individuals who need support cost a fortune, yet other students don't have basic access to ICT	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5758	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	money is wasted on coffee bars	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5759	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	we have no soap in the toilets	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5760	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think the council should stop with unnecessary purchases if they can't not afford it. In my opinion I would say in schools we don't need a slushy machine for example	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5761	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop spending money on lgbtq + items for the school	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5762	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Do not provide petrol money for teachers who have to move schools through compulsory transfer.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5763	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	make schools who are more affluent pay for free services	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5764	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Less classroom resources but not to little	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5765	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	everybody having school meals school trips	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5766	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think spending £40 + million on secondary schools that aren't equipped for the increasing school roll could be a start	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5767	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop squandering money on vanity and invest in West Lothian properly like the LDC did before you. Don't threaten to take away community centres like you carried out with public swimming pools.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5768	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More money and focus on schools specifically within mainstream and asn specific schools. We are miles behind other councils on this and would save costs and time with the amount of people who look to contest placements etc.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5769	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Switch off all swimming pools and drain for a minimum of two year, reducing heating bills, chemical bills and labour and maintenance costs.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5770	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Start charging parents for the vandalism caused by their little darlings in some of the schools (looking at you St Kent's).	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5771	Theme 1: Increase Efficiency and Developing New Ways of Working	General comment	2. Sport safe is currently being used by PE departments across the authority. They delay equipment being fixed by months, and charge a lot of money for the poor service that they provide. West Lothian council could fix this within their own workforce. For example, we have been waiting since March to get equipment in the fitness suite fixed. This is not a good service for the stakeholders and could have been fixed quicker for less money.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5772	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Youth clubs but for older people	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5773	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	the funding going into football and xcite should be withdrawn and give to groups who could actually use it to benefit the community!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5774	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce office space as much as possible and lease the space saved to businesses.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5775	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reducing areas that support children with Specific issues is another problem for me. The schools are struggling at the moment with children 's behaviour and having children who have more challenging behaviour in main stream without support or placing their need on another support worker isn 't fair. I challenge managers to actually think of visiting schools without prior knowledge to see just what is happening in out schools, without cutting budgets first.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5776	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There needs to be wholesale change to the way the budgets are used. If you ran a private firm the same way the council does they would be out of business very quickly. Simple economics.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5777	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce amount of benefits given by the council to drug users (i.e. no free transport as they abuse this and misuse this "perk ")	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5778	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Give budgets to each department and incentives to departments to deliver under budget (extra leave etc...)	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5779	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	One effective way to make savings would be to focus on reducing unnecessary spending rather than cutting wages or limiting essential services for the most vulnerable. For example, the Council could reconsider costly projects that are not a real priority for the community, such as building new council offices in Whitburn. It feels unfair that, while frontline staff work extremely hard and face the impact of budget cuts, the Council holds discussions about savings in a brand - new, expensive building. We do not need "glass palaces" — we need fair and sensible decisions that look for savings where they will not harm those who rely on vital services or those who deliver them.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5780	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop junkets and stop giving money to migrants	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5781	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	contract with CRB Cunninghams for digital payments is not effective do you know how much debt is sitting in these accounts! Set low limited of £20 on account.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5782	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	People on benefits	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5783	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cancel plans to rebuild the community Centre in Stoneburn. This is an expense that the council don't have funds for and doesn't make sense when you are looking to save money with community centres	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5784	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut funding for stupid woke agendas, like trans rights and other non council areas. Focus on core services like bins, roads, school, GP. The council needs to stop funding rainbows and woke [XXXX] not that are not core council remit. Or public will stop paying council tax in protest making funding an acute issue	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5785	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ditch EDF as electrical supplier, daily standing charge is ridiculous.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5786	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Im actually pretty disappointed, your proposed savings are impressive, but these big numbers beg the question, why were these savings not implemented years ago? A complete mismanagement maybe?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5787	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop supporting junkies and alcoholics make them work for what they get from their so called illness. Stop giving for nothing houses and money to people who don't bring nothing in return to society and government. Start looking after people who can and will pay for your help and will be grateful for it. Then you will save absolutely fortune! This country became far too soft and far too political correct for too many years! People who should be looked after suffer and scum of the planet are taking all for granted with nothing in return. You have to build more prisons and instead of giving up your money to scum put them in prison and do not feed them with drugs or alcohol period! Then if they are clean and recovered from addiction with minimum care and food then we might let them go back to our lives. Only if they learned proper skills in prison to make money and give something in return. Unfortunately that would never happen because there is far too many bums around protecting scums	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5788	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop pissing away money on woke [XXXX]	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5789	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I live in armadale all my life, I am disabled and the swimming pool was closed use took away my ability to move my muscles which are weak	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5790	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Buildings and use of is a good one	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5791	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A review of the major outgoings would lay down the best facts and then you can tackle these areas. Some huge savings can be made as you have shown it's how you develop and drill down these areas to make cost savings	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5792	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Poor decision making by the council in general - allow more consultation by the public e. g. the terrible idea to close bubbles and demolished it without the correct paperwork in place for its purchase.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5793	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I believe you should be focusing on reducing the overdue bad debt volume in conjunction with the government to ease the burden on the population that does pay their council bills and is penalised for doing so! You have sold off infrastructure and agreed to planning proposals that again has impacted the community in an advise way, there is no visibility to see where the funds for these has been reinvested in the local area for the local communities!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5794	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The Civic Centre could be re - purposed to serve the Community, or sold & Council workers relocated to less expensive premises.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5795	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Aye stop spending money on pointless things abs given it to illegals	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5796	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Anything that does not affect Healthcare services and children 's education and welfare and health or safety. Otherwise cut backs are fine in any sector except where it comes to kids and health and safety.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5797	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Budget like a housewife. Get people who know how to budget on a weekly / monthly basis to head up budget planning with the understanding of the basic needs. Value for money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5798	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Final salary pensions pre 2015.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5799	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I would run the council as a proper business, with proper business people at the head. People who are business minded always endeavour to ensure the business runs as profitable as possible. It seems the council have allowed themselves to go under and are now paddling about to try to save money, without being true to the people of West Lothian.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5800	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop handing out money willie - nillie to the same unemployed / folk with addictions because we all know it does not get paid back.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5801	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Do not let old council buildings fall into disrepair and become vandalism targets. Ensure that developers buying eg old school buildings are forced to make a larger financial contribution to local community facilities than they currently do and crucially ensure that they actually do so and are not just paying lip service to the agreement. Same goes for companies like Tesco / Aldi etc moving in.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5802	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not really apart from asking people that can afford it to pay more for services	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5803	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I am aware that type of meter that is currently in the pavilion at King George V Park in Whitburn is intended to deal with much higher raring than is required, forcing it onto half hourly metering and much higher standing charge rates than necessary. This building is now being leased by Whitburn Community Sports Club but all the time the council were responsible they have been paying a lot more than needed. Is this the case at other facilities across the county?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5804	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	up the education budget	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5805	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Increase security to stop vandalism which will save money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5806	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Empty wasted buildings, wasted expenses	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5807	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Schools needing extensions within a few years of being built, why not add the extension when being built?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5808	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You expect charities to pick up everything you drop while reducing their funding. Rub yourself out and start from scratch with someone who understands real life business in to show you where things should be different	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5809	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop giving Money to things that do not support the Full community	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5810	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council should also look to partner with local businesses to provide services on behalf of the local council where current spending is high. This will allow local businesses to improve as well as allowing for council savings without reduction in service. This should be reviewed and analysed throughout the year in order to introduce a future thinking model of council services and suppliers.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5811	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cancel all Net Zero targets and projects unless they can be shown to achieve savings or generate income	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5812	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	As a minimum, basic upkeep of school buildings, repair damp classrooms, allow cleaners time to properly deep clean. Do not cut corners with schools.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5813	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I don't think that the council should give any money to people from other countries. We have all worked all our lives and paid into the system and we don't think it is right. I am not a racist but we need to sort this out, as people can't get houses.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5814	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop giving so much help to people coming in from other countries.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5815	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	But the money that you save into a piggy bank	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5816	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop building new schools	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5817	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I am a current commercial tenant of West Lothian Council. I have asked in numerous occasions to extend my lease to include 2 unoccupied council owned premises, that are attached to my current premises. I have been refused in each occasion. Surely rental income could help fill some of this deficit. The premises I wish to lease are the office and classroom previously occupied by council health and safety trainers, who have now been moved to alternative premises. I will be very grateful to hear from you regarding this matter. Thank you, xxxxx	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5818	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	West Lothian Citizens Advice Bureau provides a service which saves WLC significant operating expenses by resolving many problems for residents on behalf of the council. Reducing their funding would be false economy.,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5819	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Disproportional spend on resources in certain areas.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5820	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council should not be allocating any budget to asylum seeker	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5821	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	we have no soap in the toilets.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5822	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think first and foremost to stop spending money on the council building! Our Whitburn one has made no difference want so ever Infact you can't even speak to someone face to face everything is over the phone so where was the need for these building to be put in place	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5823	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop spending money on useless items	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5824	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop spending on stupid things	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5825	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	People being more responsible with buildings and public properties.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5826	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	make schools look nicer	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5827	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ummm not building new schools	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5828	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	investing in preventative maintenance (especially for buildings) could reduce long - term expenditure	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5829	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Focus on the most important things like schools and hospitals	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5830	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I appreciate the severe financial constraints facing West Lothian Council, especially in light of the £184 million of cuts that have already had to be made since 2007. With a further anticipated budget gap of £23 million over the next two years, it is clear that services upon which our most vulnerable residents rely will be severely impacted or lost altogether. Whilst I know that some of the proposed measures could identify savings through process improvements and efficiencies, particularly with the use of Artificial Intelligence (AI) and digitisation, it is evident that direct cuts will have to be made to achieve such a substantial sum.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5831	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	As someone who attends Braid House, this service is important to me and my family. I feel safe and supported and staff are always a welcoming face to me, they help me stay active with exercise groups, keep my brain active with brain games like word game, scrabble, crosswords, groups quizzes. Cost of attending is very good.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5832	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	We have an increase in outgoing needs but also an increase in housing & population therefore the council should have a sufficient increase in funds being paid to them.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5833	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	No. Austerity has done enough damage to communities across the UK. Stop cutting money now because it almost always leads to terrible and costly outcomes later. People should be proud to pay tax rather than having the council that is supposed to serve the community display a relentless drive to streamline already stretched services. Margaret Thatcher is still alive and well somehow.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5834	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop "beauty" upgrades and just balance your books. Don't buy unnecessary things until you have the money to do so. If buildings look a bit ugly for a few years, so be it.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5835	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	An Independent audit on West Lothian council, would reveal the true extent of corruption within the cash cow,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5836	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also learn to spend the money you have more wisely, like every household has to do, and not fritter money away as you usually do.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5837	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Tax the rich	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5838	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The focus should not be in cutting services it should be in managing them with maximum efficiency and elimination of duplication of effort. It is hard to say exactly how this could be achieved without a fuller understanding of constraints, but his would be my focus. Really understand the problem you are trying to solve, there is way too much reactivity in public sector organisations and not enough focus on pragmatism and proactively addressing issues. There must be hundreds of professionals resident in who would most likely be prepared to offer their expertise to provide an independent review of plans if more information was available.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5839	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Two many people pass you from department to department	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5840	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	What's the point you's would not listen anyway	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5841	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop providing freebies	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5842	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ditch DEI nonsense. Stop funding pride and similar nonsenses. If any council budget goes to police, revoke it if arresting people for tweets or WhatsApp. Luxury beliefs have no place when we are complaining poverty in budgets	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5843	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	What a stupid question that was... really... Do you think the council is correct to reduce costs!!! Most of the money goes to staff and pensions, I get next to nothing from my council tax, it's a disgrace how it spent the money has been all these years and the reliance of handouts. All you do is build 4 / 5 bedroom houses.... Where are those council tax monies going? What an absolute mess you have made... can't even keep a swimming pool open! The drive into Livingston duel carriage way is an embarrassment for people coming visit the shops, can't put down weed killer or cut grass and let's not even talk about the roads	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5844	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	wrgwgvgr	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5845	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sorry I cannot advise as I have no experience with what it takes to run a council	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5846	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Everything ok with work they done	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5847	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Start with a blank sheet of paper and fresh, objective thinking, with external scrutiny. Be proactive instead of reactive. You will never achieve optimum efficiency savings nor reduce duplication or stop tasks if the starting point is tinkering around the edges of existing structures and asking internal staff to mark their own homework (e.g. seek to protect their own areas instead of looking at the bigger picture). The starting point for this exercise is not a question of how do you make savings in what you currently do or would like to do. The starting point is if you were designing a new council from scratch, for 2026, how would you do it and what modern tools would you utilise.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5848	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It's a very difficult job that I will have to think about.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5849	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Don't have any specific suggestions yet, maybe it would be more efficient and easier just with phone number and email registration without any forms to fill out. But generally I think the services yet are acceptable and I'm satisfied.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5850	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Respect peoples privacy and stop living to tennets.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5851	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cancel should have communication with the normal local people everywhere in Scotland all the councils should have contact with the normal resident people and that can bring out so much ideas for the council to be using	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5852	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council should not get a lot of money when west Lothian council keep saying they don't have money and they don't have houses and they take the pools away from our children in west Lothian its out of order	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5853	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You can do this by building faith in the residents with everything going on just now	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5854	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Try harder	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5855	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	council junkets to far flung places and handing yourselfs utter farcical higher than inflation pay rises.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5856	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Use the 20 million pound fund being advertised by a local MP to be decided on for community use to cover intended cuts. I don't get why its being put out there when very clearly it could help to stop the shredding again of our very badly needed services. This leaves 2 million which is still a lot to find but maybe a more manageable amount of cuts. We have you to speak for us and I'm afraid these cuts are not working anymore. Please stop further cuts you are sadly letting your community down. Milking the public, bringing us to our knees. I feel more omunication maybe more helpful for us all. How can a hard working council work and provide any kind of services with no money.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5857	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Do jobs asap and not leave them to build up and get worse as this will cost more in the long run	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5858	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	By introducing options that were explored	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5859	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Most of these suggestions should already have been considered, and it doesn't detail how you will do it, or what the impact of doing this will be on the community. How am I supposed to give an informed suggestion if I don't know this?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5860	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sack staff council office staff bag tie bag ups for bag picker uppers put garden workers to work clearing road areas all Scotland looks like 3rd unkept world now, not except able at all election now starnier enough is enough	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5861	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	In your narrative you mention	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5862	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Remove unnecessary spending on silly ideas	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5863	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	This will only be successful if the correct time and energy involved in these proposals are properly managed, regularly assessed for targets achievement. Not just talking shops but centres or committed success.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5864	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I'm not sufficiently intimate with your ways of working to give an opinion.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5865	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More cutbacks	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5866	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I underatand that rhw xounxl. needs to. make xut. bac	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5867	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Labour is supposed to want an equal social system not crush people when the need genuine help. Open care facilities for people under the age of 65, more partners, spouses and children to find work. Stop pontificating and do your jobs, don't expect someone else to do it, that's what you all get paid for.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5868	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There are certainly ways Lothian Council can continue to make savings. improve. All organizations or companies, private or public, can move forward and continue to function better. Today, I am contacting British Council for a particular reason. I was born in Bathgate in 1959. I lived there until 1981, when I moved to xxx as I'd met my husband in 3rd year of university. I have come back to Bathgate very often to see my parents,xxx, who lived at Boghall all their lives. My mother died in 2016, my younger sister in 2018, and my father at the end of 2019. My parents wanted their ashes to be scattered near xxxxx. After their deaths, I was unable to come back to do so, as I have complicated health issues.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

5874	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Is it possible to look at how much value is recovered from com	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5875	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Feel a lot of money goes into	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5876	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	NO I DON'T BUT WOULD SUGGEST THE COUNCIL CUT ALL THE CRAPPY HAIRBRAINED SCHEMES AND WASTAGE!!!!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5877	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	more people from home	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5878	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A review of the council's	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5879	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	If we have DEI officers, scrap them. They are an unnecessary waste of money.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5880	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Issues with cash only shops.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5881	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cuts are needed a lot of money is wasted on jobs that have been created in the DEI service related jobs. They aren't needed and a complete waste of money and cause more harm than good	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5882	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think we need more money for lots of things such as	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5883	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I do not have any suggestions. It is the responsibility of the elected councillors to determine this. They each have the responsibility to represent the interests of their constituents and they have the expertise and experience of the council staff to guide them. If they are unable to devise ways to make savings then the elected councillors are failing in their duty and should resign to make way for more competent people.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5884	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There is no need for events such as Linlithgow's Advent Fayre.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5885	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Employ	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5886	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	No vanity projects.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5887	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce 'woke' courses.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5888	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It's hard to offer suggestions without knowing specifics, but it is a critical thing to accomplish. The UK as a whole is on a terrible fiscal trajectory, and later action is always tougher and more painful. So challenge all assumptions about what is necessary, and take early action to cut the suit to fit the cloth.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5889	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut funding for pedophiles. From the illegal migrants hotel at the Whitehall industrial estate where groups of foreign men stalk school children or the 'pride' parade through Livingston centre. The ratio of people who actually do stuff verses people who tick boxes is overly unbalanced. Generally reduce aid for migrants for example housing should prioritise the British.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

5890	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Key issues (1). Watch that short - term gains do not lead to longer - term increased costs	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5891	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Key issues (1)	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5892	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Dont	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5893	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut wasteful spending on non necessary projects and services	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5894	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	We need to look at the bigger	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5895	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I work for a University we supply fully funded work	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5896	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Improve communication between departments (one department says yes another no)	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5897	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut back on having meetings for the sake of having a meeting will allow staff to do more work	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5898	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Less red tape to go through to get something done	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5899	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	better timekeeping	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5900	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There has to be a balance between essential services and the wellbeing of communities. Ask teams Hope they can work smarter	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5901	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Give a greater understanding of how the council works now.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5902	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Once again our vulnerable service users	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5903	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Remove unnecessary / woke services	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5904	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not without seeing a proper breakdown of the figures.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5905	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Nice to have or traditional services that may be outdated	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5906	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Avoid anything that compromises people's safety. This would only pass on costs to the NHS.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5907	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	This is quite original but I think	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5908	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Avoid duplication.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5909	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I have worked all my life, like many people, paying my way, through taxation, that has increased yearly. I see an increase in individuals who would prefer not to work and benefits are routinely paid. Would it not be more beneficial that certain individuals are made to contribute more to their communities, in the form of routine work, for example litter picking, or other forms of community support for these payments and if they choose not to then deductions are made	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5910	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	People that have mobility cars use them instead of council bus transport to travel to and from the day centres.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5948	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Anything that helps	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5949	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	But not by simply reducing services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5950	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Service users use their own transport in day services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5951	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Credentials care cut back on spending aka petty cash.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5952	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Senior managers see care facilities and how vulnerable service users are to make realistic expectations.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5953	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look at each service area and review it efficiency, digital solutions, removing areas of duplication etc.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5954	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	In respect of funding receiving for projects etc ensuring that there is a proper plan in respect of how the money will be sent and indicators to monitor the impact of the project / service prior to it being rolled out. It seems that often money is spent inefficiently because proper prior planning has not been completed.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5955	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council should always be looking for efficiencies, it's a no-brainer. The key is that efficiencies should improve or, at least, not negatively impact existing service provision.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5956	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	1) I take this to mean transformation and business support for local companies. Supporting local companies to develop in to high value, high productivity businesses will increase local employment and average wealth which will reduce the demand for basic life support from WLC.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5957	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting money, more discussion and forward planning before funds are signed off and better project managers to keep on top of costs.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5958	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Manage things better!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5959	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Do not stop adverts for youth workers as we need to get from house holds	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5960	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Often see council workers sitting in vans doing nothing. Witnessed this often.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5961	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	From my personal experience with working with the council the system and processes that they have to follow are clunky and wasteful. For instance the councils zero redundancy policy does not encourage workers to work hard because they know that there can be redeployed elsewhere in the council.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5962	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Please help your staff. Rescue the amount of report writing and data collection. It's a cottage industry and there's not positive outcome for residents	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5963	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Properly review outputs of teams. There are many staff stealing a wage and we all know who	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5964	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Concentrate on fundamental things which support the people and improves the local environment	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5965	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make sure theres only enough council workers sent to a job. No needs for 6 men in 6 vans to fix a burst pipe. Too much emphasis on schools on kids with disabilities. Instead of dealing with unruly kids, a special teach is employed to sit in a room with these kids. They don't all have disabilities but everyone too soft to discipline them properly. Don't need all these "support" teachers. Furry's shouldn't be pandered to in schools. Cats, Dogs etc don't go to school. Changing too much to pander to the minority costs far too much money.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5966	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More than probably with Day Care services you would hurt the elderly population taking away vital services for socialisation with our community, with peers.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5967	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Repeatedly see multiple council workers from operational services doing the job of 1 man. E. g. leaf blowing - really? I bet they are on permanent contracts when education workers can't get permanent. Priorities are so skewed. Wasting money on contractors! Response turn up for a job, take a two hour lunch break - return and still can't finish the job in time.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5968	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The other day, I saw a council van driving down the cycle path to empty bins, there was one person driving and another getting out to empty the bin and then there were another 2 men sitting on the back of the van. This looked like a poor use of resources, it is hard to believe it takes 4 men to empty bins.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5969	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Save money for the people who need it most. Do more stuff online to be more eco friendly. Do more adverts to make more people visit West Lothian.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5970	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Just save your money and try to get a job	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5971	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	We should destroy some buildings because some of them are a waste of money but we should keep the important ones	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5972	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Less people at council so more people can work at more important jobs like healthcare police army and stuff like that	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5973	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Having fun raising stalls at the gala day with cupcakes and cookies and cakes. Hiring out our hall for functions	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5974	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I've been trying to get a unit with the council for the past year and the communications went radio silent. By now I would have given them 15k and I can imagine that there's a lot of units, buildings, properties and land that are sitting doing empty. Let's say 200 places at 15k a year on average were rented out	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5975	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think that the council should focus on what is popular and keep those things running, but other things that aren't popular or aren't necessary shouldn't be built / keep running	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5976	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	By looking into costs of upgrading or looking at how to improve areas	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5977	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	External residential units are very costly, whilst I am aware that these at times are the only option and they are privately owned, they	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5978	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	House more of our own not migrants Make sure WLC workers are working & repair teams come out on time.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5979	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ensure that employees of West Lothian Council repairs team are actually doing their allocated jobs rather than skulking in their vans.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5980	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make sure council workers actually do their jobs.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5981	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	plenty of efficiencies can be made	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5982	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop most of ur staff taking council vehicles home picking men up and dropping them off on a daily basis.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5983	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Backing teachers with their attempts to improve discipline would mean less leaving the profession and less cost employing supply teachers.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5984	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	My taxes used to cover, education, health care, upkeep of roads, recycling pick ups, 3x free bulky recycling uplifts per year, police & public sector departments. However, the education system is a shambles, health care is slow & dismissed without proper care, never able to see your own doctor. The roads are a hazard.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5985	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Central to the development of new ways of working is partnership. We stand ready to enhance our existing support of local government across Lothian with respect to service delivery. We are keen to explore how we can collaborate on new and / or redesigned services that would deliver the benefits of our expertise while contributing to the efficiencies West Lothian seeks. We are committed to strengthening collaboration with national and local charities and would value the creation of forums through which these connections could be made. That collaboration could take many forms, from knowledge sharing to collaborative service provision. The services that we offer are meeting the needs of neurodivergent people who already access our services, something recognised by Parliament's Education, Children and Young People Committee (12th November Meeting) following their visit to our campus. It is evidenced, too, in the accredited frameworks we use for measuring wellbeing and positive destinations.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5986	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop paying the men in suits as much	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
5987	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Employ decent workers instead of them coming to do a job then they have to come back for the same job as wasn't done properly in the 1st place... try hiring professionals who don't sit in their vans till finishing time	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5988	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not send so many workers to do jobs that don't require that much man power. Don't allow workers to do an hours work then sit in their vans outside our homes for a further 3 hours before driving away.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5989	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think there should be a focus on making efficiencies in the delivery of all services. I have repeated seen WLC staff taking a really long time to carry out basic tasks such as road repairs and private companies doing similar jobs in a fraction of the time. In the last few years there have been a number of street repairs in East Calder and for a significant part of the time, road works were set up and staff just sat in the van for days waiting for materials or other workers to attend to carry out parts of the work. There were a large number of man hours repeatedly wasted over a prolonged number of days. There are clearly more efficient ways of doing these types of tasks, and it's awful to see that amount of wasted time and money when the council is also talking about having to cut essential services such as care services to people in real need.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5990	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think we need to look at West Lothian Council as a business and not just to please the customer	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5991	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Making sure care services match what's needed. Using AI	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5992	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	raising prices by a small amount.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5993	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop paying funny money to people that push paper about!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5994	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	total overtime ban	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5995	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Have a stationary amnesty in council buildings so surplus hole punches, paperclips, staplers etc can be redistributed to other services, reducing the need to order more items.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5996	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I live in flats with communal	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5997	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	What proposals do other Councils suggest in their response, Anything that WLC has not considered. Could be reviewed	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5998	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not good staff off 5 hours expect 2 half cover them and there shift.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
5999	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Considering what will be spending money on in 5 - 10 years time and preparing our work force to deal with future challenges rather than making cut to deal with current challenges which create a fire brigades kind of work force	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6000	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Better communication so things can be done properly first time round for example	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6001	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Speak to local groups and work with them rather than implementing changes which will not make that much money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6002	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council should listen to the people of West Lothian and what they want - these 20 miles an hour zones are horrific for everyone and the Scottish Executive need to be told to listen to residents and people rather than pushing these down our throats	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6003	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I'm astonished that a lot of these cost saving ideas have not been put into place already.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6004	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It should be looked at but I do not have alternative suggestions	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6005	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Keep Money jar	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6006	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Keep a money jar	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6007	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Over all you are suggesting reduced services, face to face interactions with customers, reduced staff that deals directly with customers, close venues used by the community,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6008	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop treating our council as a political football	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6009	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I'm unsure in what ways money will be saved, what would be getting cut?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6010	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Just think the council organisation from the top is a shambles, our streets are a xxxx, repairs are a mess and they don't care	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6011	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Actually do the job	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6012	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I can but nobody listens	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6013	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop trying to cut corners and. do things right the first time	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6014	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The Council should always aim to operate efficiently and make good use of public resources. However, any proposed changes should be carefully evaluated to ensure they do not negatively impact service quality, accessibility, or staff capacity. I understand the need to save money, but I'm concerned that focusing too much on efficiency and digital services could reduce accessibility and personal support for residents. Cost savings shouldn't come at the expense of service quality, community connection, or staff wellbeing.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6015	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council are doing a great job	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6016	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Dis and the council	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6017	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It will cost us more	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6018	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Encourage more people to use the services available.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6019	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6020	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ehhhhhhm try saving money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6021	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	but the other	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6022	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Some of the "efficiency" things are xxxx and not environmentally sound	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6023	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think the council works hard to service our communities and are restricted with the funding received from government. I think it is a difficult position where there is a need to potentially increase costs when cutting / reducing services being offered.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6024	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Gerar empregos, cuidar da população deve ser sempre a prioridade.(Creating jobs and caring for the population should always be the priority)	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6025	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Carefully	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6026	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	De colonise from the unequal union with England and the robbing Westminster government where we could have control of our own natural resources and have tax raising powers to generate our own economy better	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6027	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Become independent have our own tax raising arrangements de colonise from Westminster and the so called United Kingdom which Rob us of our wealth and natural resources	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6028	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Article 61 Magna Carta 1215 I do not grant the unlawful Crown and authority	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6029	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Use it more wisely	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6030	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More efficient ways of working.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6031	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Pay enough and get nothing in return	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6032	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop people claiming housing benefit that shouldnt be getting it and fill all the empty houses	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6033	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Maybe a small raise in rent and other services some people get a house but don't live in it they use that to say they have spilt up from wives or husbands to get more money no other reasons, I personally have seen this a lot, or using hougtly just to grow cannabis the council need to see this, while in Livingston I was a tenant with another housing Almond housing there were 3 people doing this as bd they were raided and charged,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6034	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There's too much waste within the council eg new, unused furniture for homeless still in packaging being disposed as there is no storage facility if the furniture is purchased then not required.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6035	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Focus on getting housing stock up to standard to cut hotel costs. Reopen more specialist provision for ASN kids to cut teacher sickness due to stress and unable to cope	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6036	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Why are council staff in Housing with Care facilities owned by Bield and Hanover. Those companies should staff these places themselves	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6037	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Monitor staffing performance ie it seems to be common knowledge that certain members of staff do "homers" during council working hours	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6038	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes they can remove scaffolding 10 weeks before they did. After a roof is fixed there is no reason scaffolding should still be up for this length of time	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6039	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop allowing non British Citizens, who have not contributed to the economy, benefitting from NHS services, Social Housing etc. Benefits amongst many other costs to the UK tax payer.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6040	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council do care about there tenants even if they are disabled let them live in a old house and refused to heal even though the house is killing the tenant	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6041	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	People who have previous rent or council tax arrears should not be offered new tenancies until their previous debt has been cleared or a payment plan has been made up. Too many people who have thousands of pounds in arrears are getting housed, either in homeless or temporary accommodation made up.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6042	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	THEY SHOULD SPEND MONEY ON RE DECORATING MY HOUSE, AFTER THE SHAMBLES THEY HAVE LEFT MY HOUSE IN, AS BUILDING SERVICES ARE REFUSING TO DECORATE AND IT HAS CAUSED ME SO MUCH STRESS, ANGER, ILLNESS, AND MY HEALTH IS DETERIATING SO MUCH, ALSO COMPLAINED OVER THIS MATTER NUMEROUS TIME, ALSO HAD MEETING WITH LOCAL COUNCELLOR, AND EVEN WROTE TO MY MP TOO. STILL THEY COULD NOTHING FOR ME, I ALSO THINK I SHOULD BE COMPENSATED FOR THE BAD WORKMANSHIP CARRIED OUT TO MY HOME WHICH IS A TOTAL DISGRACE TO LEAVE MY HOME IN SUCH A STATE.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6043	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	For example properties lay empty for quite some time with no paying tenants... look at this.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6044	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Carry out repairs properly instead of putting a plaster in things to fix for the time being. Insuring workers come out to fix jobs with correct equipment and tools and not in and out all day collecting things.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

6045	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Workers working Sunday shifts to clear houses actually do the full shift at site and do not get picked up with family members to go watch football matches then come back to pick up vehicles	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6046	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I was offered a flat were some one at the council put me forward for one that I never would have put forward as im in a flat for 28 years and no one has got back to me to tell me how this happened when I went done to the bsthgate partnership to speak to some one the lady I spoke to never even log my concerns so the gentleman from livingston partnership said to me I spoke to my councillor he said there 's only so much he can do surely the council can 't offer me a move to something that I pacifically said I dont want now its just silence again Thank you xxxx	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6047	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Sometimes the worker doesn't turn up with no reason given necessitating phone calls	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6048	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council men don't all needs vans I see council van at address never moves	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6049	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop council worker sitting in vans to waste time. Hours could be cut. Sitting at top of Burnsknowe and muirfield way every day.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6050	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	reduce the amount of times a council tenant can request a joiner to change the locks when it's the council tenant at fault (through drink or drugs) introduce a 2 or 3 x limit to call outs.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6051	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	make saving can 't even get a front door am a old age pensioner and one door in and out and was told yous are not doing doors can 't get flooring down or open my door so you are already making saving depriving me a door which under heath and safety should be replaced so yous are making saving	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6052	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I read West Lothian Leisure is run as a charity so perhaps Community centres should be run by them too to qualify for charitable funding rather than expecting local people to try to budget fundraise etc.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6053	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Making appointments less anticipated not all people have a person at home to get work done in there home	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6054	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Recently it took 1 operative on 4 consecutive days to clean a lengh of guttering at the back of my house when this could have easily been done on the first visit thus saving time and money.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6055	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council should fine tenants of homes for untidy gardens and council property's should be inspected and if not kept to a clean maintained condition they should be fined and if repeat fines are issued then remove them and put in a new tenant that will help with the housing crisis, along with the budgets as 3 out of 20 houses are unkpet and dirty and the gardens are about 5 in 20 where I live. Yet the council clean these properties when vacated after years of neglect when these costs could be avoided.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6056	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Limit free housing to those that need it	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6057	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop the repeat jobs / visits there is a online job repair but this is not 'live' as such so. I am unable to contact to follow up on review visits or repairs, and then need to spend time on the phone these are also removed without being done or complete with no info I have had someone out 4 times to review / 1 repair in the last few years this has gotten worse each repair requested takes many repeat visits to confirm the repair is required and what prior tk the actual repair taken place waste of time resource and money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6058	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Start throwing people out council properties that don't keep them tidy or look after them, after all it is in their rental agreement also make them pay for damages they cause.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6059	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I also feel there needs to be random checks carried out on many council properties to assist the housing shortages. I worked for the emergency services and many times I visited council properties and the tenant did not resident at their listed accommodation. Many I spoke with openly told me they reside with a partner elsewhere but keep the tenancy as a "fallback" should their relationship suffer or split. Id suggest if allowed legally to carry out random housing checks and even checking heating / electricity usage to determine if the accommodation is being utilised and resided in. 3 strikes and of no signs of anyone at the address ie no beds. No tv or fridge etc they lose the tenancy. I guarantee this would generate many empty properties the council could use.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6060	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get rent arrears paid asap or evict and give someone who will pay a home	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6061	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not have social housing too close to where hard working families pay for their mortgage.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6062	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop your employees and take goods for repairs. Using them for their own use doing homers. Bring back when a repair is done, a slip is signed given to the tenants. This turned up for a 5 - minute job, then sitting outside in the van for ages. Also, it 's time a breathalyser was introduced to start up the vans. The smell of alcohol off your employees is a joke.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6063	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Be more strict with homeless applicaters, ensure that they are evidencing that they are proactive in finding accommodation themselves. Since this is long term maybe invest in a hotel like accommodation rather than others profiting. Also homeless being accountable for their actions, paying for the damage or three strikes and they are out. And when they can find accommodation / holiday / not using room why are they in emergency accommodation.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6064	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Everytime I have a repair booked, they come and then the have to go back to the depot to get the part needed for the job in hand. I live in winchburgh and the depot is in bathgate. So this takes around an hour. If the guys do this 4 times a day this is 4 hours work time wasted a day = 20 hours a week, then the added cost of full to go back and forth. Why	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6065	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It seems every time we get a repair. The council come and they do not have the part that is needed for the job... this means they have to go back to the yard for said part which is in bathgate and we live in winchburgh..... so not only is an hour wasted on work time but the cost of fuel for the journey. I do believe this could be prevented. If one guy does this 4x a day that is a loss of 4 hours work. PER DAY	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6066	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Eliminate the need for several reviews of simple services such as home maintenances, several engineers should not be needed for a quick maintenance survey	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6067	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Should not be spending money on village halls (i. e. painting) when they could be closing in a years time.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6068	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Use vehicles more efficiently. Sending vans with 3 men to 1 job is not efficient	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6069	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	rehousing their own - over illegal imigrants	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6070	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	C. I. S Offices are often empty, either go back to the old way of working which was much better where people can pop in without an appointment or increase call centre staff and shut C. I. S offices.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6071	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Housing Rent - don't give money to the individual - give direct to housing provider! Makes sense stops debt / deficits.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6072	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Possibility of giving blocks of flats to other Factors to maintain or similar arrangement?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6073	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	lookup edura building system where they make recycled pet into structure, insulation and end finish and colour, for walls and then look up tar homes, capsule homes and realise we can combine bot into make cheap 2 room homes here for 1 - 2. 5 people for under 30kpa, and make community complex around a growing garden area for older people who support and lookafter one another, thas safe, on 1 level, etc etc so they can vacate their 3 bed family, council house. FYI theres also an array of skilled people who could assist and help your skilled staff in hoose repair people Teach healthy jobless while fixing the empty stock houses.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6074	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The amount of free council housing handed out to people who then make life a nightmare by committing anti social behaviour	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6075	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Things like scaffolding that are rented not to be put up weeks before and left for weeks after.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6076	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	3. Sites should not be split into separate areas thus reducing the requirement for social housing.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6077	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Attempt to cut down on duplication (west Calder Hub has a file of asbestos servays)	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6078	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get rid of people who dont pay their rent quicker or who cause issues within there street	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6079	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Fine people who dont look after their council house.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6080	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop providing free housing costs! I am retired due to ill health and my husband is my carer and we pay full rent because I have a work pension and work related esa and he gets nothing other than a carers allowance! So if I have to pay full rent I don't see how others shouldn't! Their income is the same as mine in some cases. It's a unfair system regarding rent and council tax. I struggle and I have to find the rent money or I would be chucked out. I have worked since I was 16 until I was medically retired in 2023 making it 35 years I have worked and what for a struggle! I see people being put into new homes and they wreck them and don't pay rent for them. If they are on benefits exceeding £1000 they should pay rent and it might stop them wrecking them or abusing the system! Use the money for genuine good things.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6081	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop xxxx tenants taking the xxxx with multiple door locks changes, broken windows etc. Don't let them off with the charge.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

6082	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Build larger family friendly homes, at mid rent, allowing tenants to pay more for having the benefit of a larger home. This will increase revenue through rent and council tax.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6083	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Do not allow arrears on council properties to go beyond six months of debt	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6084	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Delay council house improvements budget.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6085	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop council buildings being sold for temporary accommodations which only encourages more people to use the homeless route to force the council's hand into finding them permanent housing.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6086	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	3. Building Services - planners need to stop booking in jobs without actually consulting a tenant.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6087	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A lot of services provided to council tenants are free, such as roughcasting, rendering and upgrading tenants bathrooms and kitchens. Asking tenants to pay for this service may save the council money. And only free services to tenants that need this done due to health and safety reasons.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6088	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ensure tenants know of appointments or changes, wasted resources sending trades when tenants are unaware appointments are taking place and let down if cancelled and no knowledge of this.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6089	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Better forward planning and focus on investment - example, spending large amounts of money on a Housing / Repairs software system development for a number of years only for it to be pulled last minute. Large amount of wasted money for a system that was not fit for purpose	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6090	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ripping out kitchens and bathrooms which have been recently installed during the void process and putting in new ones, whilst other properties wait years for upgrades but badly need them.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6091	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop housing people who are in temporary accommodation who don't pay their rent.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6092	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting money on junkies.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6093	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Split houses	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6094	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Be more firm with individuals, particularly "vulnerable" ones in "sensitive" housing who vandalise their homes again and again, these people should be held accountable for their actions, three strikes and your out, society should not have to repeatedly have to clean up after their mess, especially financially.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6095	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	For those in prison, I don't understand why a house should be left unused with someone who is incarcerated for more than three months	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6096	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More prompt on repairs.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6097	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting Money!!! There should be more focus on support and I see lots of money going to fund more people arriving and getting put up in hotels and getting money & funding. UK & Scottish Government need to do something.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6098	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The Whitburn Partnership Centre has 2 rooms lying empty most days! They are offset in case of an emergency! This is a waste of resources as even partners have to find other offices at a cost. Doesn't make sense.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6099	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	By fixing very old houses that are broken on the outside (basically cracked roofs and walls)	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6100	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cap new house builds within West Lothian. Continuing to build new houses in West Lothian is placing increasing pressure on the council's budgets, as demands for infrastructure, schools, and public services rises faster than funding allocations.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6101	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Booking of repairs should be via Adviser / Planner - too many involved in booking and double handling.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6102	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not sure how true this is, I've been told council houses get a new kitchen & windows every 5 years. Again not sure how many council houses you cover but surely this could be spread out to longer periods.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6103	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	smart green working - building services could work smarter by allocating work nearer trades / labourers homes	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6104	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	some buildings are over staffed at some days and others days the staff is reduced significantly! CIS staff are in buildings until 5 / 5. 30pm but are only allowed to serve customers until 3pm	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6105	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think you should look at more efficient and beneficial ways on working on peoples housing issues and making bigger houses for people who have lots of children or who are in blended families so it is more affordable to them and yours, I also think you should changes to what the government are getting and put more of that money into the economy and helping people get houses.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6106	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	OpenHousing is severely outdated and is actively harming staff's ability to carry out their responsibilities. Staff are still expected to complete their work to a high standard every week when OH has daily outages, restarts, freezes periodically and does not function well as a modern hub.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6107	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get rid of all staff down there that sit about doing [XXXX] all why do we have housing officer no seen one in 11yrs phone them about anything they don't deal with that so what are these fat lumps doing all day as for your neighbourhood response team bunch corrupt box ticking bullies waste [XXXX] money as certainly don't look for evidence speak to neigh ours gather evidence nadda just throw anti social behaviour warning about like sweets at [XXXX] Halloween, then there's all the managers pocketing our cash with there dodgy insurance claims get rid of lot of them let public run it as incase you've no noticed nobody calls you west lothian council wee all call you west lothian clowncil ☹️you have actually earned that name all over west lothian and social media the clowncil as about to find out when a sue xxxx of you you can thank xxxx for that clowncil no be harrasing me after moving wee ju kile crim next door growing weed see you in court clowncil	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6108	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You could also rent out the houses that are lying empty for months and months before they are re allocated. There are numerous houses I now off lying empty with no sign of re let. Its ridiculous when there is a higher and higher demand for affordable housing	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6109	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	actually do your job instead of ignoring or patching up work I've had non water tight house for four years great big hole in roof done nothing completely ignored it as turns out had one roofer for west lothian cos you treat your staff like [XXXX] you now have whole house to repair and lawsuit on hands not to mention completely destroyed heating system that you were told was gonna happen as mice got in roof and chewed pipes nah just ignore it though till destroyed and costs small fortune see you in court	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6110	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	furthermore stop putting junkies in the houses then when there standing outside blazing to fek and got a glow in there loft don't let little bully [XXXX] reprobates like xxxx oops should I say xxxx waste hundreds publics money ealing himself into lawsuit hounding the wrong [XXXX] person eh photos of both cars stalking me in street for days see u court	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6111	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Start using 3 strike and your out schemes for tenants that intentionally do damage to their property. Down grade tenants with these problems to flats	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6112	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Start charging for no access appointments after 3 attempts in a year. E. g £15 deductible straight from benefits / wage	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6113	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop sending to me for one man job	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6114	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Build at least 30 one bedroom houses in each village. Offer to the people who are in the bigger houses and reduce the waiting list. Too many single people in 2 and 3 bedroom houses in west lothian. single and couples should be in one bedroom houses / flats	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6115	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Traveling people who come to livingston and make a mess, should be held accountable for the clean up and cost of their mess, not the tax payer	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6116	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Have much better control over council houses. 2 people with a council house each. Neither pays rent or community charge. They live together in one house and the other house stays empty. The empty house could be rented out and increase council income.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6117	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	[XXXX] off ya [XXXX] xxxx. you only care about yourself no one. West Lothian council it's xxxx of the planet. Get out all those [XXXX] Romanians in council houses	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6118	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I agree that the council should save money efficiently but when things break down or fixed this should be done properly. Money is wasted on getting things repaired like lifts. The parts used are not worth the money spent and the time it takes to get fixed is ridiculous.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6119	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Incentivise, equip and train local residents to support with operative work.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6120	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	With the high number of unemployed but employable people living in West Lothian I feel for those claiming benefits that they could do certain tasks for say 10 hours a week to contribute to the community which would maybe help in them getting experience and the drive to actually learn or find work. Things like helping at the recycling sites, removing rubbish and graffiti, helping maintain gardens for the elderly etc. Rather than it being easier to sit back and take of the 'state' let's try and rehabilitate which in turn may also help in reducing mental health and the feeling of stuck in a rut.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6121	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Don't but metal mickey talking bins, there was nothing wrong with the sustainable wooden ones which were removed to make way for these bins. A complete waste of tax payers money and I note that there are few of them still working. Whoever signed off on the purchase of these bins should be sacked.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6122	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting money on talking waste bins.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6123	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting money on daft schemes like reducing speed limits to 20 mph, changing your mind then changing it again. It ain't broke, don't fix it. Teach kids to cross roads	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6124	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	An example I saw the council workers installing cabling for the tunnel lights they dug the hole Monday and sat in their van until Friday then did the work in one day, that would be a lot more efficient	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6125	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	make juvenile youngsters and offenders be volunteers for council works like cleaning public places, cutting grass, collecting littering from streets, green spaces, having them re - paint the public spaces they damaged,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6126	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Pilot waste / fleet for £500k + gains.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6127	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The trying to reduce bin waste costs IS NOT WORKING!! Both myself and my mum - two different addresses and towns have had nothing but hassle the last couple months with communal (flat) bin areas not being emptied. One day they just stopped. With no reason. This in turn after around 3 / 4 weeks caused environmental hazards as residents became sick of having to take their waste to the dump and started leaving black bags around the waste bins. Surely the added environmental factors of 20 / 30 people taking trips to the dump is worse than you not saving money. Absolutely against this one area because it is not working and the council know this.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6128	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There is a lot of food waste in schools, perhaps looking at a more palatable menu which could result in less waste.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6129	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I noticed that xxxx was being cleaned by a private company (not a WLC vehicle) It may have been organised by xxxx? Reduce WLC cleansing and vehicle maintenance costs and consult with local businesses.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6130	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Small Businesses need more time slots to access the recycling centres with their vans and trailers. My neighbour told me he found it difficult to get a suitable time in the morning or evening.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6131	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	How about fixing the roads properly so that you don't have to carry out repairs on the same areas a year later. This normally happens when the budget is about to be done.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6132	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Road repairs, use quality materials as too often you are doing the same roads again within a short time period.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6133	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop putting up a huge amount of road signs, there are over 20 signs on Almondvale Road alone, telling you that you are on Almondvale Road!!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6134	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Potholes here are filled in a few times a year and within weeks crumble. This should be deferred back to the original contractor to repair at no cost to the council. Or better yet just fix the roads properly the first time	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6135	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not employing people to put stickers onto bins.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6136	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I have to agree with all these savings, especially saving on the fleet off waste fleets all we see nowadays are council emptying off bins some bins are not needed as much nowadays, I was first to stop using the brown bin I share hers as I have pebbles front and back a lot of people do this, so that is definitely worth saving money for the council	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6137	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make cuts in the right places. NOT community recycling	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6138	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think congestion as well could be decreased as well I know it is sometimes something we can't help to do but it would make a big difference for little villages I feel there's too much congestion on the roads now	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6139	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council workers could be banned from sleeping in their vans, which I witness regularly.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6140	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think the council is prioritising NO spending on roads as it is to save money. our roads are in a dangerous state and some are even becoming undrivable. causing damage to cars... you might as well start by getting rid of the department that is meant to look after the condition of our roads because they are failing miserably...	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6141	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Find a better way that people don't have to pay for brown bucket to get being emptied with grass as due to the cost which most people cannot afford. Gardens are not getting cut or tidied up the same which makes West Lothian gardens overgrown and a disgrace. I have seen this over the years gardens were tidy people took pride in their gardens now most are rubbish tips now and a disgrace.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6142	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get rid of talking bins.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6143	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Busses are struggle from West Calder - Job opportunities are a struggle for me due to travel -	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6144	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More working vans so squads can get out and do productive tasks for the community.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6145	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	1) not to make savings but trees are out of control gardens and paths are full of unwanted leaves before this time of yr branches should be cut right down then u won't need plp (clearing the paths well not that u do) or our gardens getting ready for winter to be covered in leaves a wk later no one seems to look after this area its a disgrace and embarrassing they won't want to visit family in dirty place Livingston used to be lovely place lovely and clean yes understand there got to be cuts but surely they must know why they are having to cut down on	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6146	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Perhaps have temporary road signs, which are used and discarded after roadworks are completed, collected from roadsides, grass verges and other areas they are dumped. This would save buying new ones.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6147	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting so much on spraying everything that is green u have cut down on grass cutting so grass very long but still spray edges ridiculous just cut the grass. And if u need to spray how about using salt in expensive and it does work for me	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6148	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	What kind of money do you spend on roads because some of the roads that I use are constantly being dug up? From my point of view we are paying more money for less services. Lost bulky uplift, lost train discount, now paying for brown bins and paying more council tax?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6149	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	To reduce fuel costs all employees should make their own way to their employment ie depot no employee should be picked up at their home this is not fair on tax payers	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6150	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I also think that children with disabilities or adults that go to day centres their parents who probably have their own transport should take them themselves. why not.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6151	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It is noticeable that when road repairs are been made that there is so much time wasted either well work is been done ie standing around waiting or watching maybe preplanning in advance can cut the cost of employing people to stand around doing nothing.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6152	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	better paths and roads	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6153	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop leaving road signs on the verges after road works.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6154	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	3 binmen doing collections is ridiculous. You can find them killing the time in locations like behind B & M in Bathgate or outside the community centre in West Calder. I doubt you are capable of making a significant change, apart, obviously, from putting the council tax up every year	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6155	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop closing tips, have a better basic cheaper rate for commercial customers, this will be far cheaper than sending crews out to clear fly tips and roadside mess.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6156	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop digging holes and wasting money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6157	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	In Covid you bought cars for key employees, were are these cars now? Then they changed to electric cars which are now changing back to non - fuel cars,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6158	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop making double work all the time 20mph zone are a fine example	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6159	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Unnecessary spending by out of touch local councillors and initiatives that bring nothing for example behind dovescot park in Linlithgow - the installation of a bench which is not required is a complete waste of money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6160	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More wild flower planting to areas of grassland and verges to reduce grass cutting.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6161	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	streets should be cleaned more often	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6162	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Do away with the garden maintenance scheme	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6163	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Do the job right on potholes I stead pf doing the same ones over and over again waste of money there	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6164	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Waste of council money due to neglect of residents disposable waste ie bags of rubbish left at the front and sides of houses. Should be fined for leaving rubbish lying around and dumping fridge freezers for example in woods apart from being an eye soar is not good for environment. There are houses with more bins than required and left over loaded and never emptied, unless something is done about it will just get worse start charging individual neglected house holds.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6165	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get rid off the talking bins, normal bins are more than suitable.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6166	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I would like to know why a few years ago the council had its own fleet of vehicles including lorries for gritting, road works ect and theses were serviced by council staff whereas now these vehicles are all leased and if there are issues about getting them back on the road. Why are these services contracted out? The council are paying other companies to do half the work they used to do and it is costing more and jobs not properly done which costs more money for jobs to be redone and nobody seems willing to accept responsibility for any mistakes made.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6167	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Free breakfast only for parents on benefits, school lunches made basic, free milk?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6168	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Don't allowed employees to take council vehicles home at the weekends.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6169	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Better deployment of staff ie keeping working areas to a minimum saving on mileage payments When repairing pavements and having traffic lights up for weeks wouldn't it make sense to repair roads at same time	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6170	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	1. Developers on all new building sites should be responsible for all damage to existing highways.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6171	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Given that the council has to live within its means, I would urge that spending on rubbish collection and other services employed to keep areas in a decent state remain adequately financed	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6172	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reducing waste EVERYWHERE - I e in the last 2 months I've had to report my Brown bin 3 times for not being emptied, I have assisted collection. Wasting fuel consumption and man hours having to make a return journey.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6173	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More bins - even recycling clothes etc.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6174	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop wasting money. The overspend on Polkemmetts country park toilets as disgraceful £134k to refurbish toilets is absolutely shameful.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6175	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	attend to roads e. g pot holes as soon as mentioned.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6176	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop the bin lorries parking up in out of the way spots and staying there for over an hour, with some of the crews smoking there wacky baccy.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6177	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More road maintenance required	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6178	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More road maintenance is required	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6179	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cutting back recycling plant times encourages fly tipping and thus costs more in the long run.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6180	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I worry that my definition of efficiency and the councils don't align. Such as shutting refuse sites.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6181	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I do welcome review and suggest less be spent on lampposts and more on services that matter to people.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

6182	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I do welcome review and suggest less be spent on cycle lanes and more on services that matter to people.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6183	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I do welcome review and suggest less be spent on bus lanes and more on services that matter to people.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6184	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop patching roads and just fix them	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6185	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I have heard rumour of the new 20 mph speed limits being reintroduced, ie in Bathgate,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6186	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Washing road signs on cou try roads 2 guys no need not necessary patrols at crossing with traffic lights	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6187	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A lack of common sense is also prevalent particularly around street cleaning just get people into the street cleaners and get the streets cleaned properly	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6188	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	repair the pot holes permanently not on a temp basis	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6189	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop putting up new signs, that are not damaged or required. Upgrading paths through woods that didn't need upgrade. Everyone is happy to take hand out, but not give back.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6190	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	In particular the wasted effort, time and money on plugging pot holes with tar but not sealing the joints, meaning 12 months later the tar has broken up and the job is repeated.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6191	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop workers sitting in Vans for Hours on End	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6192	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop giving Council vans out to travel to and from Work, other workers manage just fine without a company van	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6193	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Tram service to Edinburgh.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6194	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Agreed on most point except for reducing waste collection which is not adequately coirdibayed at the moment.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6195	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Agreed on most point except for reducing road maintenance, which is not adequately coirdibayed at the moment.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6196	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Better changing rooms	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6197	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Better astropitch	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6198	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Better changing rooms and Astro football pitch	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6199	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	New football pitch not a bad sand one	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6200	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reducing food waste	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6201	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Trying our best to reduce food waste,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6202	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Save on Christmas trees. Every year the council puts trees up, sometimes in the middle of nowhere, sometimes when the is a space and soil to plant one. Then a different team decorates it. Then after holidays it needs to be removed. Why not to plant some fir or pine trees that will grow very fast. It's better in terms of eco impact too. Or just reduce tree numbers all together.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6203	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review the recycling site booking scheme to make it more available. Fly tipping clear up costs money.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6204	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council should just stop wasting money on so very many things (they all add up). Take roads as an example, utility companies are forever digging up roads and pavements - it actually beggars belief at times (when a new road has been made and surfaced, eg in a new development = 100 % certainty that a utility company will come and dig it up within 3 months. Utilities should NOT be under roads and pavements = a service strip, perhaps adjacent the road or pavement should be used = its just crazy how these things are done in this day and age.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6205	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop spending money on stupid things like changing the whole lights / lampposts - instead of just changing the bulbs	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6206	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop spending money on stupid things such as sculptures + modern art.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6207	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Schools still give the children a half pint of milk that I see going in the bin alot of the time I know it's beneficial for the children but most don't drink it, it's the parents job to think about the wellbeing of their children.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6208	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also I see many packed lunches not being used and binned as the sandwiches are not very nice very dry and tasteless. I do know some children's parents struggle to supply lunches so perhaps a better quality so they are eaten.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6209	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I have been trying to bring your attention about the pavements walk ways are in a terrible way Ur, polls in middle of pavements, holes bus stops I find impossible to pass due to the location find not enough dropped kirbs, on both sides of bathgate going to Tesco, boghall, the list is endless. I being the user of mobility scooter find it almost impossible to get to and from my flat in Bridgend court to all amenities. I did speak to a woman worker about this saying I'm thinking of video, all the obstacles enjoyed. She suggested I should do this. I've damaged scooters due to the conditions at foot. With me left to pay for repairs done for me. This may not help with saving for council today but will be the future.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6210	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The place is falling to pieces. The state of the communal areas with weeds, litter, grass cuttings left everywhere when it even does get cut. Efficiency and cost cuttings are important and should not come at the expense of frontline services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6211	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Try not to play with speed limits. The 20 mph speed limit on main roads. You wasted so much money on this for what?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6212	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Encouragement & support for people to look after their own environments, e. g. gardens, fences etc., whether council or private tenants as taking pride in your living environment will save council employees from having to do it	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6213	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Keep a closer eye on what operatives are doing	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6214	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	(2) Make refuse staff responsible and accountable for damage to vehicles - especially repeat offenders.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6215	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	(5) Make staff accountable for their mistakes when purchasing signage or equipment that is no faulty or not the right piece of equipment	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6216	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	money is wasted on coffee bars and "recycling" bins which all go to the same place.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6217	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	money is wasted "recycling" bins which all go to the same place	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6218	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	getting 3 bins in schools which all go in the same dumpster at the end of the day,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6219	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	not spending money on talking bins when you can have normal ones.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6220	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	not spending £10000 per dump site for anpr cameras for seeing if a car has an appointment or not a human can do this job which is currently happening.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6221	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop building so many parks nobody uses them stop spending money on unnecessary stuff like clubs	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

6226	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	encourage children to put sealed food back	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6227	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Making less rubbish	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6228	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Pool ars only to be used when necessary.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6229	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut less grass.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6230	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Road working services are focusing on smaller rural issues instead of main routes	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6231	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Almost every road has defects / potholes. Whoever is driving around looking for potholes isn't recording them correctly, or you're not fixing the problems. Where slip roads meet the a71, they're full of rough bits, causing damage to shock absorbers, springs, coils, wheels, wheel balancing. It's terrible that our cars must be roadworthy, for roads to be uncar worthy.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6232	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	We feel like money is spent unfairly on roadworks and maintaining the roads. Consider what are needs and what are wants when it comes to be spending money. Stop going over budget.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6233	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	West Lothian has become a very sad place to live. You no longer grit paths, pick up litter, cut back shrubs & overgrown bushes in every area. You're closing facilities that are badly needed. Where is all the money from the thousands of new houses you're allowing to be built?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6234	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You pretty much fail at every hurdle. Removal of red bins that people were entitled to for example cost you lots. These then got replaced with brand new bins, men worked overtime to deliver them. Embarrassing. This is a tiny mistake that cost thousands no doubt. Add that to the rest of the poor management and you have your debt. The manager of waste management should be fired for example. Useless!!!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6235	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	people in the community now do their own litter picking in their area so that saves money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6236	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	3) stop starting any roadworks without finishing the ones started.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6237	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop buying talking bins	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6238	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council could set goals for businesses to support for example supporting the building of a park	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6239	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council does not need to make savings, it needs to prioritise correctly. There are roadworks and resurfacing happening constantly, but never where it's needed most. Its one example of money being wasted	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6240	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop trying to do all the fringe issues, and deal with only the ones a council should deal with, don't waste money of bike lanes ect there are more important things that funding should be used on	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6241	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Please god fix the [XXXX] horrible football pitch and make it a 3g astro	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6242	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It is vital that funding is prioritised for the services that local residents rely on every day — including road repairs	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6243	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	When new build properties are built in West Lothian make sure the builders are responsible for road changes / fixes lights and make them pay rather than the council having to fix it. You could do this by ensuring they give a large deposit with the council that will be given back to them once the works are done to the correct standard.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6244	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Would you 're s been able to help me get me a job in McDonald 's part time in bathgate if that 's okay with you?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6245	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Leverage the increase of the affluent population in luxury housing estates by encouraging spending within the county.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6246	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Replying from Linlithgow. It is clear the capability of planning officials and the over site in recent years has been severely lacking. Granting permissions that have had unenforceable financial benefits for infrastructure improvements. This costs the council two ways loss of financial contributions and cost of legal challenges that then fail. Thorough review of competencies involved in planning required with definition of target revenues for council needs for required infrastructure e. g. full motorway junction to east of town.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6247	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	By foot everyone should be able to access shops, welfare (gp / dentist) and education withing 10 minutes which in Calderwood you can't. The fact that the community is growing aswell as the surrounding areas these amenities aren't met and under pressure. Why allow grow when in reality it creates more problems?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6248	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The contract to demolish bubbles swimming pool was a crime to take away a great service to save money? But infact waste money by not reviewing the contract with company who had agreed to purchase the land for redevelopment and then back out. Land now used as a car park. Was anyone held accountable for not checking the contract?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6249	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop allowing house builders to build without financial commitment to community infrastructure (doc surgery / parkland / schools) such as funding improvements to existing or providing new.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6250	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It's hard to say which areas deserve more than others but the most important areas deserve the investment. Community	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6251	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Please do not allow more houses to be built around the Caldera where amenities are bit coping, as no project us ever followed through	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6252	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	scrap all 'net zero 'climate compliance 'work over and above what is absolutely necessary to comply with virtue - signalling legislation.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6253	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Given Edinburgh Airport is wishing to divert all aircraft to a route over Livingston, is there any chance of negotiating with the authority and airport for funding / compensation for the massive increase in noise and air pollution over West Lothian in peactular?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6254	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Operational efficiency ideas - energy savings	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6255	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	energy efficiency.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6256	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	One point missing is to take a look at if social care is being provided to those that actually need it. It's the biggest category spend and if there were to be a rise in tax it should NOT be allocated to this category. Too many people in wlc are taking advantage and not working or working just under the benefits cut threshold - we need to take firmer stance so that you are not punishing the constituents who actually work hard and are then taxed to support the unwilling. I'm in favour of helping the unable, but I have no confidence these categories aren't being mixed	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6257	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	What ideas have been considered to rework how services are delivered? Ever increasing social care provision seems unsustainable in its current form.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6258	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	2 person visited our house on a Sat (don 't know if this is o / t... to test care line pendent.they stayed for over an hour for something 1 person could have done in 5 / 10 mins	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6259	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The government covers only 75 % of the costs to house, feed, and clothes etc illegal asylum seekers in west lothian. the council has to pay for the other 25 %. there is a saving straight away.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6260	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Work smarter. Use community service offenders for litter picking and roadside maintenance	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6261	Theme 1: Increase Efficiency and Developing New Ways of Working	General comment	Another possible saving is that adults and children that go to day centres their parents should take them to day centres,	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6262	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Work with the community service team and use their labour for litter picking or fence painting etc let them learn a skill at the same time as reducing wage costs.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6263	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	use people who are doing community service to litter pick, grit paths, fill grit buckets, cut grass etc.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6264	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Review of contracted in services such as home carers and a look at how cost effective this and the wider impact of quality of these services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6265	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Where you are reviewing older people's services, please bear in mind a lot of older people find it difficult to deal with online systems. We also naturally find learning new technology as we age difficult so this will also include a "tech - savvy" generation as we age.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6266	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Better planning for care at home make visits local to carers saving time and money on fuel.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6267	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Only provide at home care for 6 weeks then transfer to private care provider	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6268	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce the travel time between social care clients (don't send carers far from home)	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6269	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	In social care at home money could be saved on keeping staff working in community near there home this would save petrol doubling up employees in one pool car instead of 2 cars could save money when 2 carers are needed to give service at home	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6270	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	By not getting rid of the re enablement service as this service has changed so many life's and has broken the band for people going into packages of care when really they needed a little time to be re enabled and saves money in other areas	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6271	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Community payback orders currently claim transport costs and get meals - scrap this as can't see why they should get this.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6272	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Keep funding Braid house as this is a life line to elderly people. My mother has dementia and benefits greatly from this facility. It is helping her stay in her own home with minimal support which means savings for West Lothian Council.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6273	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Lots of reablement service users needing reassessed. service user consistently declining services that could be utilised by people who desperately need home from hospital.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6274	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Invest in preventative services to reduce future demand in social care and housing.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6275	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The reason I am contacting you is in regard to the reduced funding to braid house the day care centre for the elderly this establishment provide companionship which West Lothian's elderly residents would not benefit from elsewhere and is a vital necessity please consider this when allocating your finances Kind regards xxxxxx	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6276	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Scrap the provision of sleep over staff in Housing With Care complexes. The tenants in these developments often have less complex care needs than others who live in the community. They have access to a pendant alarm and could summon help using this if needed. It is unnecessary for a member of staff to be present when Careline could be alerted in an emergency and access the help required. Even if additional resources were put into extra staff for the crisis response team it would still be cheaper than paying people to go to their bed and would also benefit the wider community	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6277	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop duplicating services Dasat?? There's women's aid	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6278	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Avoid cutting support for services like Day Care Centres. My wife has dementia and the enables me to keep her at home, reducing burdens on residential care and hospitals. Cutting support for Day Care Centres will be more expensive in the long run as there will increased demand for more expensive medical and paramedical services and residential care will not be able to cope.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6279	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Run a pilot project to	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6280	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Adult Support Services can be trimmed back as long as there will be no detrimental effects.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6281	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Adult Social Care is one area where there needs to be better / smarter spending and saving.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6282	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I am elderly and live in supported accommodation the manager already looks after other developments and our staff do a great job in her absence, it worries me that I will be moved elsewhere	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6283	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop sleepover cover within units and use Telecare and SCET and other services to their advantage.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6284	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More guidance and consideration for people who do not pay their contribution policies.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6285	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	When people come out of prison, you don't receive much support. They need to be more effective and efficient with the support they provide ex-offenders.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6286	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I live in Housing with Care. Over the last few years we have experienced a reduction of support staff, Day Care Centre closing, A review of sleep over service, Health and Social care needs more money not services and budgets taken away.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6287	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes I do agree but cutting services for the elderly is not acceptable as the elderly deserve more.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6288	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Contributions policy for equipment. Raise this threshold for £52 to say £100, Man hours between various departments to try to re coop sometimes £53 can't be cost affect and must exceed the hourly rate of pay for number of employees involved in process.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6289	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council having own inhouse homecare instead of using private agencies	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6290	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reablement - I understand there is a suggestion of out sourcing this service which I believe would be very detrimental to our service users. This is a critical service which in the long run saves WLC a huge amount of money as it allows people to remain independent and not require on going services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6291	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Elderly, Disabled, Neurodivergent - those you promise to support	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6292	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You. CAN'T MAKE SAVINGS ON People's care and mental health issues	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6293	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make mental health priority with safe spaces facilities room in hospital I have been sent to jail due to mh breakdown caused by WLC may I add	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6294	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	you can make savings, but services provided are already stretched within social care and should not be reduced if you want to provide an adequate service, with well trained staff	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6295	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Focusing on prevention and early intervention in social care and education would also save money long term by reducing crisis costs.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6296	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	All I can suggest is everybody brings in their own lunch and cut back on kitchen service. Our clients also pay for their lunch.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
6297	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Consider restructuring the council into a larger authority, such as a regional Lothian council, or mirroring health boards. This could offer better economies of scale for local services in addition to departmental cost savings. Social care / education spend makes up the highest proportion of council spending.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6298	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop mps claiming expenses	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6299	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce the pension contributions by the public for civil servants and be realistic with the levels match the private sector pension levels.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6300	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	cut spending for entertainment courses for migrants, diversity programs	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6301	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce councillor expenses and travel using remote working and meetings.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6302	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Strip curb of ability to charge inflated factoring e. g. cutting grass worth £1.19, they adding £55 for the factoring making it £56.19. Take over all local grounds and claim all that money. Private companies shouldn't be allowed to charge factoring fees to the tune of over fifty times the charge as that's racketeering and extortion. I'd rather pay it to the council.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6303	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Start charging a nominal fee for parking at hospitals. St John's has a massive car park for the convenience of patients and visitors. If you don't have a car you have to pay for the bus or a taxi. Why should parking be free a small fixed price charge of 1 or 2 pounds could bring in new revenue.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6304	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut the wages of the councillors	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6305	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get people on benefits that can work but don't have a job yet to do some community service work in the local area.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6306	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop housing immigrants in hotels, use unused barracks, prisons etc if the are here illegally	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6307	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop accepting immigrants, use accommodation for WL homeless	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6308	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Spend more on people of Scotland and less on illegal immigration's	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6309	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Refuse to take in more illegal immigrants.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6310	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Increase use of supervised manual labour by allowing a limited and pre approved number of individuals on unemployment benefit and / or in the prison system to help clean up the county.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6311	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop making stupid decisions, eg a memorial garden built for covid, we dont need this, we need to keep basic services before we need a memorial garden, cant imagine what else has been done just like this. An end to housing illegal immigrants our people come first.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6312	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Rather than just paying out benefits to unemployed people, offer them work that can provide services to the public like grass cutting, garden maintenance, handy men, car washing, petrol attendants etc.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6313	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Close the cairn Hotel and stop paying for migrants who have come here illegally and contributed nothing to the area. Look at those on long term benefits. Invest in the local high streets, stop giving retail space to vape shops and barbers. There is no need for so many in one town.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6314	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I would also call for pay restraint, cap it a 3 % as there has been large pay increases over the last few years it is time to bring this under control.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6315	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop using council money to for anyone who has entered the country illegally (rent / accommodation / mobile phones / clothes / bikes / private medical appointments / taxi's etc).	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6316	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Tighten up mp expenses.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6317	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	reduce councillors money what do they do for the community as they don't listen to what the public want.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6318	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop putting illegal immigrants in hotels	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6319	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce the number of Councillors / Elected members.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6320	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stopping high expenses from councillors no more out of country meetings.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6321	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	create more businesses (jobs) within West Lothian (specifically Livingston) to provide continuous funding via profits. Work with the College, the Job centre and local companies to ensure we all have jobs and earn a sufficient amount to afford the taxes and still live comfortably.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6322	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	People, including youths, who are found to be destructive, violent, vandals etc should be made to do Community service. They can clean streets, paint do whatever needs done to make their communities a better place and to teach them that their actions have consequence. Thus giving council staff the opportunity to do more important work.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6323	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	i) Withdraw the Final Salary Pension Scheme for staff, replacing it with a Money Purchase Scheme. Council Tax Payers are bemused that they should face increased costs for something that has largely become an anachronism of the public sector.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6324	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Withdraw the Final Salary Pension Scheme for employees. Council Tax Payers the majority of whom do not have access to such a scheme are bemused as to why they must face increased costs to benefit a privileged group	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6325	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A starting point, across Council services, would be to withdraw the Final Salary Pension Scheme (FSPS), substituting a Money Purchase Scheme. The majority of Council Tax Payers, do not have this benefit and are bemused as to why they must face increasing costs for a privileged group.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6326	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Merge your councils together to save money on top tier salaries	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6327	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Merge your councils.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6328	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Smaller local authority	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6329	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop the councillors getting expensis they get paid enough. teachers anx other council employees dont get any extra money	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6330	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Paying 6 months sick pay	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6331	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Eliminate defined benefit pension schemes in favour of defined contribution for all WL council employees.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6332	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Update, review and modify pension costs to be in line with comparable commercial organisations.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6333	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop paying as much money out to councillors. How do the do council work and have another full time job	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6334	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Why cant councillors use public transport to travel to and from work especially as a lot of them no doubt are eligible for a bus pass. This would have the added bonus of letting them see the lack of public transport the rest of us have to contend with instead of them probably having official cars to use.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6335	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	reduce expenditure regrades councillors.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6336	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Senior councillors should be made to retire at gov retirement age rather than hanging on for a golden handshake, I. e. xxxx.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6337	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop giving the powers to be such huge pay rises as that money could be used for other amnesties	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6338	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop paying sick pay for 6 months	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6339	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	De colonise from The So called United Kingdom and have independence where we can control our own wealth and tax raising powers from the robbing Westminster government	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6340	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes get rid of the SNP and Green councillors and their mad cap schemes and spend money on improving our NHS, Policing and roads	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6341	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes. Ger rid of SNP and Green councillors. As they waste more money on their mad cap schemes	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6342	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce the number of councillors that look after West Lothian. To my knowledge there are approximately 30, far too many and there numbers should be reduced by at least 50 % ensuring that actually work for their salary.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6343	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	We shouldn't be asked where to make q sqing we should be getting asked where to spend the 20 Million an MP in West Lothian has! That could plug the gap til council sort out proper council tax. Stop freezing it.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6344	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Change pension conditions.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6345	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There is no recommendation on reviewing the benefits system. There should be a structured review of benefits system. It seems people once granted benefits, they stay on it regardless their change in situation. For example single mothers live with their partner, their kids get free school hours and always wonder what their mothers do when small kids are in play school. Overall there should be a equality. Employed people who struggles to go for even one holiday and then people on benefit manage to go for 3 - 4 a year seems unfair.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6346	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut benefits of young people who don't want to work with no disability's, look closely at " mental health " candidates as the number keeps growing, cut benefits of drug addicts, do not house illegal migrants and make the tax payer pay for them	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6347	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop paying billions of pounds of tax payers money on illegal migrants and foreign aid. Start using it on young people and the elderly whilst getting our communities looking great again. We deserve better	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6348	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Pay Councillors less	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6349	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Offer training and benefit schemes that are on the job roles. Teacher training while you work for example, encourage people to work more	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6350	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Free transport and school lunches should be means tested	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6351	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make school dinners and breakfast clubs means tested. This would allow quality to go up and allow breakfast clubs to choose what they offer. Smoothies, fruit juice etc that are no longer on the menu. Stop the bulletin being printed and sent to all houses.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6352	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Free school meals should only be for those families on a lower income.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6353	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Scrap free school meals,	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6354	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cur back on all the free school meals!! These should be means tested like they were years back	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6355	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I also think the EMA needs to be looked into - instead of throwing money at these young people, why not provide their exact needs? They usually use this money to buy vapes or games, get piercings and all kinds of age - inappropriate beauty services.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6356	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Only offer free school meals to children who require it - like it previously was. Review benefits to ensure only people who need it get it. Encourage people to work.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6357	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Improve quality of sports hall and its equipment and it would attract more people from local community to use it. Eg badminton or pickleball. Review the shambolic management of Xcite, especially the booking department and the scandalously high hall let fees for sub - standard facilities (e. g. Linlithgow academy sports hall).	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6358	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Improve quality of sports hall and its equipment and it would attract more people from local community to use it. Eg badminton or pickleball. Review the shambolic management of Xcite, especially the booking department and the scandalously high hall let fees for sub - standard facilities (e. g. Linlithgow academy sports hall).	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6359	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Bring the prices down on xcite, more people would use them!	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6360	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Breakfast Clubs needs to be looked at. Very few children eat breakfast at these breakfast clubs! Free school meals...too much waste! Janitorial staff...a lot of wasted hours not doing very much!	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6361	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ask the British government to increase local councils funding for Scotland! As a parent we are already suffering from demolishing all exit swimming pools in Livingston and Broxburn for savings while facing unclean un hygiene dysfunctional swimming pools in St Margaret academy high - school as a forced alternative to the demolished ones	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6362	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ring fencing funds for projects people don't want or need would be better kept and used for what is urgently needed for instance road repairs	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6363	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Solar power for all government buildings.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6364	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop spending West Lothian budgets on foreigner nationals would be a starting point. As west Lothian council the priority of yourselves should be West Lothian residents not putting up foreign nationals in hotels at the expense of the budget that tax payers pay for.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6365	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut off on benefits for lazy people!	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6366	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce benefit payments and encourage people to work and earn their own money.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6367	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You need to reform the pension spend, which is decimating the budgets and your ability to have impact	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6368	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Relook at benefits	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6369	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	change the benefit system so it supports the working class and encourages the non working class to work rather than have everything paid for them.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6370	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Could we look at blue badges lasting longer than 3 years if you have an award longer. Yes you won't get the £20 as much but less man hours spent on it.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6371	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop repairing things that need replaced, surely long term that would save money! Not replacing building like East Calder Medical practice yet repairing to put off the inevitable makes no sense.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6372	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council tax needs reviewed. Too many properties in dated bands, whilst new builds are forced into high bands. Reviewing all properties, would secure much needed funding.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6373	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council issued "blue badges ". Massive drain on resources of council, government and society. It is now a lifestyle choice which is absolutely disgraceful.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6374	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The government should also give councils more support instead of putting all the pressure on local taxpayers. Councils can only do so much on their own — they need proper funding to look after their communities. We need the Government to stop paying for Hotels and invest in us giving us a good service. Stop going on about independence, it is a waste of money! Cuts to local services often stem from poor spending decisions at higher government levels. National spending priorities should be reviewed before removing essential community services.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6375	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Ensure partner agencies are grouped efficiently in same buildings and using the same systems to increase cost effectiveness.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6376	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes, I agree the Council should try to work more efficiently, but it always feels like the cuts hit local services first. The real problem is the way money's managed and wasted higher up in government. Before taking more away from local areas, there should be a proper look at how public money is being spent nationally — too much seems to go on things that don't really help local people.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6377	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	How much of the budget is being ring fenced for government activities i. e. hotels for illegal asylum seekers?	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6378	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Decrease some benefits as some peoples income larger than employees unfair. Have doctors medically assess as some are playing the system 100 per cent this won't equate to 23 million. Use green	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6379	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	get more money from the SNP	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6380	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Request Police to be tougher on youth caught vandalising. Make them clean up damage. Remove free bus passes for kids unless they are at work or college.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6381	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	WLC have reduced or closed everything that is essential to all residents and tax payers. Why do WLC allow places to home illegal immigrants, yet close services for residents? WLC have lost touch with locals and show they don't care. It's all about cutting costs and services. Please don't blame Scottish government, as all monies come from WESTMINSTER	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6382	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop illegal immigrants getting everything for nothing	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6383	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	to many plp allowed to come into this country if they didn't let them all in houses wouldn't need to be built for them getting bran new homes so thats the reason government are trying to cut down but still there letting a lot of plp into to Scotland not with Scottish plp staying here so government paying out more money why Our government paying out when they themselves have nobody to spare let America	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6384	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Limit no ofimmigrants staying in west, othan	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6385	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Get the unemployed of the County into work. For every excuse they have for not working the DWP should be cutting their benefit by £10.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6386	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Questions: Why do alcoholics get money to buy drink from government? Cut this!	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6387	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Build more prisons to keep troubled people and drug dealers off the streets and limit the damage they create in the community. Make them work and produce for sale in prisons to earn their living.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6388	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce local MP 's wages	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6389	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Lobby the government to stop giving out so much free stuff (ie make it means tested), eg prescriptions, primary school meals, etc., so that more funds are available for education.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6390	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Maybe its time to start taxing cars per living place. 2 cars max. Especially in apartment houses. No parking on roads. Should start making payed parking spaces - and draconic taxes for parking in bus stops - u know thats ableism - buses should by law need access to bus pavement - as enough disabled and disfigures persons. Otherwise its blatant ableism.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6391	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut refugee funds. £10bn. Give more to people living in poverty that live in the UK already not by funding hotels for people from other countries. Start by looking after residents born in the UK.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6392	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	All supermarkets need to become more green specifically in the packaging of items that are sold. People should take containers for fresh meat, fish etc. We need home waste to be lowered and the best way to do it is to remove items from supermarket shelves.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6393	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Introducing penalties for abusing radiator use. Having temps at 27c is a waste	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6394	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop all young bus passes for children	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6395	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Close the migrant hotels, stop the illegal channel crossings deport people who are in the country illegally because we can 't afford it any more.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6396	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Shut the Cairn Hotel, stop paying for illegal immigrants.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6397	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Don 't provide any accommodation for illegal immigrants. Cut the cost of the Cairn Hotel.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6398	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Tell government to make up the shortfall	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6399	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	council budget severely get wasted by scammers in housing, benefit and schooling. example most of the takeaways in west lothian delivery drivers work 12 - 14 hours, make more money than average UK salaried people. claim housing and benefits and some cases from multiple countries of EU. a rigorous check should in place before giving housing and claw back from the people who is taking this benefits. you can find several taxi driver claiming disability benefits and multiple housing stating they are disabled. stop waste on housing and benefits	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6400	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Lead the way to protect local community, jobs and not foreign asylum seekers, as this is a UK government issue	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6401	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The same should be applied to the immigrants who arrive here (too many) to pay their ways! If I arrive in their country I have to pay no matter what! Should be like Australia	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6402	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	budget how money is spent on immigration costs within housing and hotels.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6403	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Either reduce the local police force a bit or make them more efficient so there 's less waste. the amount of times I see them going to people 's doors and then just standing about there and leaving again baffles me. I think I 've seen them take actual action maybe twice out of the dozens of times so having them be more effective at the very least would save money. Rather than 20 + call outs to the same house before they eventually get a warrant, just do it on a 3, 2, 1 system where if they visit twice and don 't have the door answered to them, the 3rd time they apply for the warrant and just get it done	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6404	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Benefits to those who do not work should be capped at a maximum term throughout working life, e. g. you can only claim unemployment for a maximum of 5 years from the age of 16 to 65 otherwise you are required to work and contribute. Unemployment is an increasing issue and people are skating by earning more on benefits than they would in full time employment; it has to change!	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6405	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop housing illegal immigrants.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6406	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	stop paying hotels for illegal migrants.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6407	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Do away with the free bus passes. Why are we paying for someone over 60 to travel to and from work until they retire. Free bus pass on retrial only. Same goes for the under 22's. If every paid something we might be able to afford a better more reliable bus service. I'm assuming the Scottish government pay this just now, but that money could filter down into the community's if more available.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6408	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop Housing Illegals	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6409	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop allowing Anyone in to the country without a passport. Only reason being is they aren't even looking at there own people. Who to have pay there taxes	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6410	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Encourage people to have a second job which would also be taxed.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6411	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Encourage people and companies e. g restaurants to waste less food	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6412	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	lowering prices of food!	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6413	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council have wasted money on people from outside the UK and outside of West Lothian. My neighbour was doing taxis for people who were asylum seekers. I appreciate a lot of this has come from Gov't	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6414	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	reduce the age group for free bus travel	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6415	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	(3) Stop giving money to people to enter the country illegally ie: paying for private accommodation / food / clothing grants / mobile phones / taxi 's to & from appointments / gym membership / legal aid / bikes / driving lessons and everything else they get.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6416	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Enforce bus passes - stops people getting on the bus that don't need it.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6417	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Provide economic migrants a living wage ad equipment to support then in joining our communities for positive destinations. These people want to work and not lie in a hotel with nothing to do all day. it would help with the anti migrant feeling if they were contributing to our communities.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6418	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Combine the Equipment Stores at St Johns with Edinburgh store. They already cover Mid and East Lothian. Would save money by sharing the costans and building at St Johns could be disposed of.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6419	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop benefits, get people who live in council housing to actually start working and bringing in more income to the council.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6420	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce NHS non medical staff and allow doctors and nurses to do their jobs without the interference of overpaid managers.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6421	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Change the laws on local v central government finance. Have philosophical discussion on direction of society. Hold those in power accountable as in the time of the Greeks and Roman civilisations. Hold the banks accountable.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6422	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	West Lothian Council have made over £170 million in cutbacks over the last ten / eleven years. More cutbacks will have a detrimental impact on the services. There must come to a point that enough is enough. The Scottish Government should be providing the additional funding needed to ensure the council are able to deliver the services that the people need and want!	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6423	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Tax the rich, stop giving bonuses to the undeserving at the top.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6424	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Tax the rich, instead of bringing more closures / redundancies / rising poverty / closing things for youths to do, contributing to rising crime. There's plenty of money, it's just all in the pockets of a few.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6425	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Increased spending by central government on council services as promised by both major parties (Labour and Conservative) that never occurs. Instead new services should be met by national government. Not local councils as at present.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6426	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It is vital that funding is prioritised for the services that local residents rely on every day — including community policing	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

6427	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think that an important service is the support for CAB advice This should not be impacted in any way	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6428	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop housing illegals	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6429	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Close the migrant hotels	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6430	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reintroducing the Right to Buy scheme in Scotland presents an opportunity to revitalise council housing investment, empower long - term tenants, and strengthen local communities. With the right safeguards and a modern framework, a new version of this policy could generate substantial funds for councils, create a fair pathway to homeownership for committed tenants, and protect Scotland's social housing stock for generations to come. A reintroduced Right to Buy scheme could provide a much - needed financial uplift for local authorities. Revenue from sales could also support essential services, such as housing maintenance, tenant support, and neighbourhood improvements. By ensuring all proceeds are reinvested locally, councils would be able to deliver visible, community - focused benefits — creating a cycle of regeneration rather than depletion. In essence, this is not about selling off assets — it is about building a sustainable partnership between councils, communities, and homeowners.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6431	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop housing foreign illegals in the Cairn hotel and start looking after our own people better.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6432	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop giving free housing to immigrants - this is not fair.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6433	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reduce fund availability for temporary accommodation for immigration.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6434	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	also get those in free accommodation, out clearing pavements and gritting, painting fences etc. they're living for free while we work to pay for them.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6435	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A good solution would be to sell the old council houses and use the funds to develop attractions for the town, because apart from the large shopping centre, Livingston has nothing else to offer unfortunately.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6436	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Also stop the hotels housing so many so called migrants and I'm sure you'll save a fortune on cleaning up the local areas as I've noticed a significant increase in waste on the streets around these areas.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6437	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council housing should be means tested to protect for most vulnerable and remove the policy which goes above and beyond legal limits (overcrowding definition etc).	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6438	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Less payments for homeless	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6439	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Looking at the ways immigration is handled and housing within local community	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6440	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	As a resident I am deeply concerned about these cuts. The county has gone really bad over the years with cuts. Stop housing for immigration! This is such a waste of tax payers money!	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6441	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop housing illegal migrants.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6442	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The dramatic increase in the people being housed who are illegal / economic migrants / asylum seekers are being supported by the tax payers has put added pressure on our already slim services. Stop providing support to economic migrants or asylum seekers, who are taking council tax resources. Prevent expenditure for driving lessons, games stations, and housing (to name a few) for these people in hotels or council housing. T	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6443	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	By doing the job you are meant to and if not let people buy their house as we have to do most of the work in it anyway it was stupid stopping that	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6444	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut funding for hotels that house migrants which costs the local councils hundreds of thousands each year. We should never be taking away from our own vulnerable people - the services we provide are essential for them!!	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6445	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop funding hotels for illegal immigrants	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

6454	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Tougher penalties for fly tipping, easier access to tips. Reduce the need for constant pickups in streets etc.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6455	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Less red tape and wasting money on 20 mile zones and all the signage that goes with this.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6456	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop wasting money on introducing 20 mph speed limits when the current 30mph can't be enforced. Agreed 20mph should be enforced around schools.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6457	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop free school lunches to all children in P1 to P5 and provide free lunches to only those children in P1 to P5 that need a free lunch.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6458	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Does the council need to provide universal free school meals for all P1 - 5?	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6459	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Free school meals, means tested	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6460	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Not all children (P1 - P5) should automatically get a free school meal. This should be means tested.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6461	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Don't waste money putting the 20mph back in. It was tried during covid and we voted to get rid of it. Putting it back again is just a waste of money.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6462	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Use prisoners to fix pot holes in the road and help them to learn skills they can use on the outside.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6463	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Start fining people who let their dog foul £10000, the way your warnings allude to.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6464	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	more houses are getting built but there's not enough facilities like frozen food stores fresh fruit shops we need money to bring shops into our area	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6465	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A train station in Winchburgh	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6466	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop shops being taken over but fast food places and hair dressers and salons we got plenty.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6467	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Take action on the cash only businesses operating in the area to ensure that the correct tax is being paid.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6468	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Obviously meeting with NHS to talk about new health centres or extending what's there. Maybe any new house builders that are buying all the land could contribute to this too.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6469	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	2. All developer contributions towards improvements to existing infrastructure should be binding. I have seen too many cases where these have been removed at a later date	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6470	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	. There are so many additional houses being built in West Lothian are these houses not providing additional council tax, I can't see where this revenue stream is being spent on West Lothian council tax payers? Reduce the number of new houses being built so reducing the requirement for already stretched services.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6471	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Our health services also should be prioritised. We have gone from a district that was well maintained & offered a comfortable way of life. To a district full of poverty & crime.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
6472	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Perhaps more consultations on impact surveys regarding areas under consideration as it often appears that the knock on effect appears to have more cost issues further along the process which appears more detrimental after the decisions are made, decisions need more care and consideration	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6473	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	In all these endeavors we must keep user experience as paramount. Options for replaced services should be highlighted	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6474	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	This is clearly important to ensure best use of limited resources. It is important in considering these efficiencies that the consequences of change are also properly considered to ensure there is not a detrimental impact on other services, or costs. It is important that any concept of saving from new technology are also fully costed and appropriate. Previously these cost savings were simply transferred to frontline service budgets whether they could actually be achieved or not. Also need to consider the costs of developing and maintaining technology approach.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6475	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	All the "reviews" cost so much money! Make these efficient and review only the priorities first.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6476	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The council staff do do a good job and do the best they can, regardless of where they work, from emptying the bins to education and social care	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6477	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I find it somewhat inappropriate for the Council to ask residents for suggestions on how to achieve budget savings. Such decisions require careful consideration and a thorough understanding of the Council's operations. At this level, a comprehensive analysis of the entire system is necessary, as reducing expenditure in one area may have unintended consequences in others. Perhaps the Council could consider leveraging artificial intelligence to support this complex task.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6478	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Reducing the highest costs, ie wages	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6479	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Concentrate on the necessities only.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6480	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut bureaucracy	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6481	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Cut marketing	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6482	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think each of those should have a separate answer as I do not agree with them all	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6483	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Over all your suggestions are: reduce front office staff leaving customers without face to face interactions, specifically the vulnerable and elderly that are not internet savvy. Close venues used by the community. You have already done that.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6484	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	fine all people that litter, destroy public spaces no matter their age,	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6485	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Remove all home working with employees required to scan in and out of buildings.	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6486	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	To make suggestions, I would have to see what goes out and what comes in like a household, giving general ideals and hoping one sticks is really quite ridiculous for anyone let alone a council to ask for. We elect politicians and have experts at their disposal to come up with these and then put them to the public i now question why we have them and paying a very generous salary to them to ask us.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6487	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	We seem to have little accountability for the staff in the ground as to work practices and actual work completed - management need to actually manage! Not just tick boxes	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6488	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	1c. The details of these proposed changes need to be made public before comments can be made. The statement is too vague and wide ranging. There will be major knock on effects for everyone in the area. This alone should be a consultation.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6489	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I'm sure that you will already have engaged with and will continue to regularly engage with all your staff in answering this question, in a manner which makes them feel fundamentally (rather than peripherally) included in the process and less threatened by the process. By informing the general public what your staff, especially front line staff, believe to be the most effective areas to improve efficiency, this will go a long way towards maintaining if not building trust between the key stakeholders of council management, council workers, and the recipients of the council's service provision. So we have management "top down" schemes, workers "bottom up" schemes, and any unusual wildcard general public schemes. The general public can then give a view on which schemes and services they wish to prioritise, in order to achieve the estimated budget deficit, which should also be published at the same time.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6490	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Absolutely pointless question for the public who have little or no idea where our money is spent. An exercise in "well we asked you what we should do and got nothing back"	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6491	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The proposals you've stated do not provide sufficient enough detail for this to be a meaningful consultation. Generally speaking though, residents are not in possession of sufficient information to be making suggestions about council management and efficiency and you should be looking to be efficient every single day, not just every few years because you have to as you have a budget to balance!!	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6492	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I want to see how the values were arrived at and what the timescale is for this saving. How will people be able to validate this in the coming period. This question is not valid as you should allow for voting on individual items as each one should stand on its own merit.	Corporate Policy and Resources	9. The respondent made a comment on the survey question

6497	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Without being able to see where money is spent across departments, services and staffing (even at a high level), is not a possible to fully understand how savings can be made. This questions is too vague without this context	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6498	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make efficiencies all the time. Several of the proposed ideas seem like they could be done at any stage. Eg. Please amend	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6503	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There are a number of ways already highlighted above where you can make savings. But some come at a detriment to the community. I suggest you re-rate those suggestions as to what can be accomplished by internal efficiencies, external cuts with little / no community impact, or those that might incur additional costs - and explain why it would be additional before asking such a question based on so varied commentary before asking a yes / no question. We are ABSOLUTELY NOT answering yes or no to the individual Propositions in the question above.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6504	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Efficiencies should be found where possible but we still deserve quality services. The previous section listed some vital services and serious cuts. The question then asks should you make efficiencies in principle. It's a Yes, but...	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6505	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes — but efficiency must not become a buzzword for cuts that leave staff overstretched and residents underserved. A “digital first” approach only works if there’s still meaningful access for those who can’t or won’t use online systems. Many people, especially the elderly or vulnerable, still need face - to - face support. Using AI and technology can be positive if it improves response times and frees up staff to focus on complex cases, but not if it replaces people entirely. The Council should focus on reducing waste, duplication, and unnecessary management layers rather than front - line posts. Efficiency should mean better value for money — not fewer services or lower standards. Any savings found through modernisation should be reinvested back into the areas hit hardest by years of reductions so that residents actually feel a benefit, not just see another spreadsheet of savings targets.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6506	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I know you need to save money, but you risk using sticky plasters to fix deep systemic problems so there is a balance to be had. For example it makes strategic sense to place a secondary school in east Calder to give education provision in a rapidly expanding area. It’s in the local development plan and planning in the area was contingent on developers paying section 75 contributions towards a new school. Now faces with capacity issues at WCHS, instead of thinking strategically you’re proposing a consultation on two wholly impractical options which don’t solve the problem in the long term, just shift it about. Wasted money on the wrong consultation, wasting staff time dealing with enquiries from residents, costly extensions. All while you let developers get away with not buying the land for a school in east Calder and the costs go up every year you put your head in the sand!! Do better!	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6507	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I challenge the savings identified. How did you come up with those numbers? The savings of 5.4 m identified from primary schools seems a lot for a service already stretched staffing wise.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6508	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I question why we need to make savings of such magnitude. Why is it such an incredible amount in such a wealthy country? My family pay an incredible amount of tax and our societies basic needs are not being met. I want to live in a world where children can learn music at school or where grass is cut and litter is collected. Why is it always these things that we have to find cost effective measures in? Where is everything going so wrong that we have to have food banks? Why are schools providing clothing banks and do work that should be for social work and other such services? Why are vulnerable families the most affected? Why are children still at risk from poverty? Why do working parents still struggle to pay bills? This is not equal and it is not equitable. The closure of schools should not be an issue, these so called ‘super schools’ are a terrible idea and clearly created by someone who does not know children or young people and possible has forgotten what its like to be one.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6509	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It should not affect services to those most in need. It should not reduce public services such as libraries, pools etc.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6510	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Being more efficient doesn’t always mean saving money. 6514	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	How much have you spent on this survey? Prior to local election you do your best to convince us you’ve got the solution to our problems. Now you spend our money to ask us how to solve them?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6515	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	No suggestions. However I’d like to see more detail on actual savings. AI savings for example. Is that figure based on actual analysis or a headline figure thrown out there? The savings across schools. That’s some saving based on extra play in primary and a streamlined timetable in secondary. Again, what detailed analysis has been done, what are these savings? Realistically you cannot reduce teaching numbers anymore so I fail to see how this figure could be realized. I don’t agree with those that shout salaries should be lower at the top but the salaries need to reflect individuals that are actually doing the council's work and other council's responsibilities. I look at that list and I agree but I could have argued together without any it’s a con	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6516	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It’s a con	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6517	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	To answer this question properly I would need to be able to analyse all the costs properly and investigate inefficient business processes etc to identify where the inefficiencies are. I would start with a simple pareto chart of all costs to identify the biggest areas of potential, as well as a survey of staff asking them for where they know their processes are unnecessarily burdensome, and then LISTEN to those concerns. As part of this analysis I would include an analysis of potential costs incurred due to the impact of the savings. For example, not clearing pathways is proven to have a knock on effect on the safety of the council's roads and the safety of the council's staff. I would highly suggest this survey needs to be set out that you can select your opinion against each each of these statements - agree / disagree. I would highly suggest this is changed to encourage more people to click on their opinions. These open boxes are not suitable for those that struggle with english and the questions disappear - so how can we review these effectively here.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6518	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	this survey needs to be set out that you can select your opinion against each each of these statements - agree / disagree. I would highly suggest this is changed to encourage more people to click on their opinions. These open boxes are not suitable for those that struggle with english and the questions disappear - so how can we review these effectively here.	Corporate Policy and Resources	9. The respondent made a comment on the survey question

6520	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I would need more information on the savings itemised on the previous page as to how these savings would work in practice as well as how these savings would affect services.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6521	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	So far, the survey itself shows a certain level of a) arrogance and b) incompetence. How would a resident who is not involved in the day - to - day planning and running of the council and administrative decisions taken know how it should be done? This is shows an extraordinary level of incompetence and also a tendency to fall into a populist trap.	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6522	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Most organisation concentrate on the E that is efficiency and ignore the other two Es Effectiveness and Economy. They attempt to role them all into efficiency. Efficiency is achieved through people 's ability, training and leadership. Effectiveness is getting them to put into practice what they are good at and what they are paid to do. Economy, money, will never be enough if the the other two Es are not functional. What happens then is yo jump from efficiency to economy by passing effectiveness. This is a result of poor or none existence of a Effective Strageic Plan evdend in your proposals. Thus the only measurement indicator becomes cost. You have not shown your Strategic Plan, all your are showing is a reactive operational plan with no leadership. If anybody reads this it will explain why this time year all you will be able to show is that your plan saved more but at what cost? An electric car is efficient but it is only effective when driven to where you want to go by acompetent driver	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6523	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I feel that these savings and getting public opinions on them is a complete cop out so in 6 months or a years time the council can say well you asked / agreed to this look at the surveys	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6524	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I think that reviewing the services in question 1 will not save money only enacting the suggestions after the review is completed will do this so it is not clear to me what the review is for and why there is a cost saving attached to each item.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6525	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You have given fairly specific amounts of savings that could be achieved, however you haven 't said how you would achieve this. 'You 've only started most of the points with 'reviewing ' . You couldn 't possibly save this money just by reviewing something. 'You must know that there are some proper actions to take in order to save this money. It would be helpful to know what they are?	Corporate Policy and Resources	9. 6528	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It is difficult to give specific examples but given the illustrations you have given those savings are minimal and won't make a huge difference.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6529	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Comment: it 's really difficult to provide comments on the proposals / suggest alternative proposals when it is not possible to view the proposals on the same page when trying to type up comments. 6534	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The survey is not very well designed. You provided me with a long list of possible suggestions, some of which I agree with, some of which I disagree with, and some of which I would have wanted more details on. I can 't give a universal answer for all of these suggestions. Also, the question itself is very leadingly phrased with a strong social desirability bias. Of course I want the council to work efficiently, that doesn 't mean I agree with the detail of what you 're suggesting. Appalling consultation process.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6535	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Some of these points are sensible but they shouldn't all be grouped together	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6536	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The survey is problematic because it is asking if employees agree to greater efficiency, which I doubt any would disagree, but the proposals seem costed and therefore this is a request for consent rather than meaningful consultation.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6537	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A single yes no for numerous options is hardly having a say. Many of the options are pitched as improvement to services, such as mental health and wellbeing in schools and catering for different learning needs, this sounds like teaching time will be cut to save salary costs and less tuition for already underperforming schools. Manager and staffing review, this just all reads like job losses without a tangible service improvement. Each option needs a separate yes / no and more informative details to consider	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6538	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You 've worded this survey to ensure that a 'yes 'is a proxy positive for ALL measures proposed which is disingenuous at best	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6539	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes. How much is being spent on these proposed reviews? If it outweighs the savings then is it worth it. 6540	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You need to provide stats on the current costs. The benefit are shown in. a way to confuse people 's decision making	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6541	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	You're not looking for efficiency, you are looking to cut. You don't even do proper consultations on or budgets and lie that you have done them. I do not trust you on efficiency saving that will not cost more in the long run	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6542	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There are too many areas lumped into one section and it's not a yes or no to all as the survey is seeking. Additionally there is not enough detail given. This is a poorly designed survey, designed to get agreement by stealth. I would suggest redesigning this to be open and transparent, provide sufficient information for informed decisions to be made and enable responses to more aligned as opposed to clumping a heap of statements together.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6543	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Create proper consultation and I'll be happy to participate.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6544	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A side note - this consultation is flawed as it doesn't allow respondents to reject some of the proposals, only allows to say yes or no to all of them.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6545	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Your proposals are incompetent... Nonsense about 'AI', which you obviously don't understand for instance; a bubble which will burst at great financial cost and contribute to service collapse. The "computer says no" mentality - a joke made worryingly real! The rest is just self-serving nonsense too. - Injunctive rules at WLC!	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6546	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council services, especially schools are already really underfunded. Any additional cuts will have significant impacts. Do proposed savings ever materialise when you cost against disbenefits (poorer outcomes, fly tipping etc.)	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6547	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Some of these solutions are more efficient but not all. Such as using smaller vehicles - this will increase local traffic, pollution and probable fuel costs no doubt.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6548	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Needs estimation of job loss with AI introduction. Needs evidence on the effectiveness of AI use. Council needs more staff, but like in every system, there should be absolute necessary managers, not the opposite. Needs explanation on what services are integrated and which ones are stopped. How consistency is gained on education systems needs to be explained to the users Absolutely against increasing the pension age as it feels like those in employment are slaves of work as they all do is work and no time to live. If increased, some will end up working until they die Use of smaller vehicles instead of larger ones will not reduce the number of vehicles on the road as it's not clear to how the impact would be when the changes happen. Not sure of the money going to be spent for bringing the changes	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6549	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It's not clear to how the impact would be when the changes happen. Not sure of the money going to be spent for bringing the changes	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6550	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	This question has too many bits to be answered with a simple yes or no.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6551	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Make each option to cost saving an individual response, or else this survey is completely [XXXX] pointless.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6552	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Top level plans are good. But details matter. For eg, how did someone arrive on the figure of saving by using AI. There could be rooms to improve service, reduce cost, remove unnecessary job but it should not be based on a target, it should be based on where possible only.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6553	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Yes - organise proper consultations. This is not a survey, not a consultation! It is a poll. In a survey one answers Yes / No to each individual question and you give the full information about your intentions if we answer Yes we are confirming the officers decision. This confirmation is used for Public relations purposes to say the residents agreed with the Council's decision. It would be better if one is serious about a consultation to talk about it, or at least have someone at the end of phone or email client answering residents questions. This is a very poor exercise in democracy and consultation.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6554	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Rather unfortunate approach to a consultation where results could quite easily be mis- interpreted by a simple Yes / No question. Would have expected better.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6555	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	This is an extremely misleading question. Including issues affecting schools with the non - issue of water bottles and then asking yes / no is extremely problematic. Also, it is suggestive of an inability to prioritise and make decisions that don't require consultation. By all means, reduce plastic waste of disposable water bottles in school - I wouldn't even think this needs to be asked. Surely somebody in charge has the authority and good sense to just do this. Don't muddy the waters by smooching a huge amount of issues together.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6556	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The entire thing is very vague and doubtful. You have provided figures of savings, but on very unspecific basis. Which services will be affected? Which managerial positions will be affected? Which council vehicles? How will be the primary school timetables change?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6557	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	If the public is being invited to provide feedback on proposed budget reductions, it is imperative that sufficient and detailed information is made available to inform that process. The consultation should clearly set out the likely impact on each service area, including the extent to which service delivery will be affected, the number of posts that may be lost, and the consequent implications for communities. In addition, grouping a wide range of services and proposals together and requesting a single 'yes' or 'no' response does not allow for a fair or meaningful consultation. It prevents respondents from expressing support for some proposals while opposing others, and places an unreasonable expectation on individuals to analyse and respond to multiple complex issues within one submission. In the absence of both detailed information and the opportunity to respond to proposals individually, it is not possible to provide an informed or balanced view on the package presented.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6558	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	There is no detail in the changes suggested so cannot agree to what is ACTUALLY proposed as far too vague. Equally it is farcical to seek "consultation" on such drastic changes with only a mere 8 days to pass comment!	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6559	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A lot of these sounded like potentially good ideas, but were too vague.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6560	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Examples are far reaching and difficult to agree or disagree.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6561	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Examples are far reaching and very difficult to agree or disagree.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6562	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I your next poll and survey please allow people to save and return thank you	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6563	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	A no answer as you do not give an opportunity to answer each individual question. As a result this not a survey it is a confirmatory poll.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6564	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Thank you for this initiative. In order for us to tell you where to save money, we would need to see where the budget is currently allocated and we would also need to know what are the targets and needs. Without these informations, it is not possible to give you an educated answer.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6565	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Appreciate the initiative but we will need to see a P & L to tell you how to make savings, or cost analysis by area of the budget. What are the main costs by department?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6566	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Look more into solarand battery storage for council owned buildings.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6567	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	When selling off excess estate buildings ensure FULL market value obtained in sale price	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6568	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Keep putting money in to the essential services and not on how to make a building look better	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6569	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I sincerely wish I had a bright idea how councils can save money, the forthcoming budget may further reduce the ability of councils to provide a reasonable service to the people of West Lothian	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6570	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	More quickly on efficiency saving plans - don't be recording the same plan, with no changes in 26 months time. Timely action is essential. Time measure value off staff, councillors provide evidence to the public they represent value for money please.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6571	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	I do welcome review and suggest less be spent on high shop rents for small local business 's and more on services that matter to people.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6572	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	How efficiently run is the heating and lighting in all schools and other council buildings?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6573	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	It's fine to look for savings, but not if it means losing the services that communities rely on every day. The Council should focus on using what it already has more wisely and making sure money is spent where it actually helps residents.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6574	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Let's start with the basics. A council's job isn't to run itself like a private company chasing profit margins; it's to maintain the civic fabric of a place—roads, bins, schools, care, and the quiet dignity that comes with being part of something that still remembers what a community is. You can't balance a budget by hollowing out the soul of a town.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6575	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	The services are bad enough with a lot of things already falling on the residents! Cost cutting only works on paper!	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6576	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop spending money on making some main roads have a 20mph limit. No issue with it in estates.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6577	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	track all council vehicles to ensure they are where they should be and not parked up in a hidey hole	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6578	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop temporarily repairing the same roads every single year. Just fix it right the first time.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6579	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Stop closing so many roads at once perhaps	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6580	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Council waste services will always be the thorn in your side. You need to properly get a grip of that, on the surface paying extra for less, will get you voted out.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6581	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Can you charge visitors tax for visiting tourist hotspots?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6582	Theme 1: Increase Efficiency and Developing New Ways of Working	General comment	I also feel social policy should be looked at as the money that is going to private sector to carry out care ect is not providing the correct care and huge mistake are been made (I strongly believe if the council / nhs worked on this there would be less social admission to hospita.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6583	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Link in with the community pay back schemes and utilise community service to support with roads work, bin collections, fixing pot holes painters and reduce the need for qualified staff where possible.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6584	Theme 1: Increase Efficiency and Developing New Ways of Working	General comment	I feel the way the council manages its money needs to change but they need to priorities where you spend your money. Health and social work should be a priority as the social care sector is a disgrace. Not thr staff but the funding that you provide! I work with vulnerable adults and snvce provision for people with learning disabilities is awful.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6585	Theme 1: Increase Efficiency and Developing New Ways of Working	General comment	Working toward joining health and social care as much as possible. Funding early intervention for health and social care will save money in the long run.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6586	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Finally, what steps has the council taken to join up services around early intervention and putting in place holistic preventative measures around an individual or families needs to avoid later reactive expenditure - per the Christie Commission.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6587	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Targeting the underlying social issues would reduce the load of the biggest areas of expenditure: education and social care	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6588	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Investment in prevention and early - help services — such as health, education, social care and community advice — delivers far greater long - term savings by preventing crisis situations.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6589	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Preventative approaches - early intervention to reduce long - term costs	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6590	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	Some services are increasing due to excess waiting lists for diagnosis and support - this needs to be targeted and specialised support with the right service ie disability.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6591	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	long - term savings come from preventative social care and community co - delivery.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6592	Theme 1: Increase Efficiency and Developing New Ways of Working	General Comment	3) Review inefficacies within integrated joint boards	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6593	Theme 1: Increase Efficiency and Developing New Ways of Working	General comment	Try providing the services required for disabled individuals and rather than hiring companies that infringe on the care in the community gone!	Corporate Policy and Resources	9. The respondent made a comment on the survey question
6594	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increasing licensing fees to cover the cost of staff.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6595	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think the council should expand local markets or licensing more street traders with associated fees, offer faster or enhanced versions of standard services (e. g., fast - track planning applications, waste collection upgrades) for a fee;	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6596	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	After school provider should have costs increased - wear and tear charges	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6597	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge entrance fees to museums for tourists but with residents still being free. Parents to pay for extra nursery hours outwith 3 hours a day per child as not all parents work.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6598	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase to council tax and closer monitoring of benefits and benefit fraud.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6599	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes but within reason and not greed but attacking the workforce of west lothian not a clever idea nor taxing tourism	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6600	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge more for optional services like you already have for garden waste	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6601	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Generating additional revenue streams is vital, but this must be balanced with attracting footfall across WLC businesses, for example when considering parking charges	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6602	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Don't raise grass root sports costs but look to generate more income utilising services more.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6603	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The charging of fees for some services is acceptable	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6604	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Services could charge that are currently free	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6605	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	This is a sensible approach.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6606	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't agree with the parking, but the others I do. If someone is paying for pest control through the council, they should cover the cost!	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6607	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	but only if the increase in fees and charges is reasonable and does not affect low - income families or essential community services. The Council could explore income opportunities like advertising or visitor levies rather than raising everyday service costs for residents. Any new charges should be fair and balanced to protect families who are already struggling with living costs.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6608	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	As long as you don't charge extortionate prices. Pensioner's & those struggling will suffer. How about bringing back a couple of free uplift a year like before. This could bring down fly tipping.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6609	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree with every statement here.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6610	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a - Yes but seriously this needs to be in a way it is affordable to those who work or you just lose the incentive to work. Need to stop punishing those in employment for being in employment.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6611	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The council have to do what they need to do to generate income Internal resources would also be a step in the right direction as to where money is allotted	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6612	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	These have already taken place in other local authorities so it make sense to come in line with, but not extend beyond other local authorities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6613	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Bring in a visitor levy and create a parking warden for Linlithgow which would pay for itself with fines. Open a commuter park and ride in Winchburgh and charge for parking	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6614	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The council has a large estate. Maximising income from it should be a priority The ads on bus stops or side of council buildings should be explored to maximise income. Even legacy buildings where council is exiting, keeping the rights to advertise in that space should be explored. There is lots of local clubs use council space for games / training. These should be charged at market rates not discounted for clubs or charity. Grass cutting / garden services. Is there an opportunity to support the community with grass cutting and open new income stream as I see the team out cutting grass with the machines they have it's quick and efficient	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6615	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	This is a big one for me. Due to Livingston playing in the Premier league and also due to our excellent shopping facilities, we have a lot of people visiting. We could be more self sufficient by creating some attractions for families when visiting. They could have a whole day out. Possibly a good venue for gigs like old forum or childrens or family attractions all council owned. Why don't we generate more? We have so much potential	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6616	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fees should increase with real inflation.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6617	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fees to facilities could be reviewed, increased for services which can be categorised as luxury but kept the same for essential services used by communities	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6618	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	proper charges for commercial use and pursue debts remove sponsorship and grants to private events	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6619	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge more for pre - application fees and retrospective applications	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6620	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase rental charges for council halls.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6621	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes I would charge for things if they are nice to have, like music lessons, school transport, etc. HR could be centralised, its not needed for each individual school. Business development / service improvement can and should be driven by those doing the job and using the service. I would decentralise and allow service managers or head teachers to coordinate with the frontline. I pay for lessons for my children, for music, sports, and their social development. I also use private tutors. I really do not believe this should be funded by schools and education beyond the standard curriculum should be driven by parents.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6622	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Establishing shared service models, tightening eligibility, or adding charges for extras / non - statutory care may be appropriate.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6623	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	How about creating new projects for earning money	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6624	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Finally, generating new income through commercial use of Council assets, digital advertising, or fee - based premium services could offset budget pressures while protecting frontline delivery.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6625	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	agree with all suggestions	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6626	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree with the suggestions made	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6627	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Put the use of the Scotlands people 's site at local library 's charge the same rates as the visitors centre in Edinburgh and at the Mitchell Library in Glasgow. I hate having to travel to them. I would love it to be available at the library in carmondean.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6628	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Make a charge for all discretionary services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6629	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I believe local authorities should consider alternative ways to generate income that reflect the needs of our town.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6630	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Should maximise revenue generating options	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6631	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree the council need to look at charges for services but this need consideration of the impact.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6632	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Whilst increasing charges may be necessary, one of the greatest emergent properties to come from the council is in giving access to opportunities the people who would otherwise be denied them. There is no reason why something needs to be expensive just because it is good, though of course it should be ideal to draw on the resources of those better able to support it rather than a blanket expense that simply cuts off the possibility of some people to ever know certain experiences and memories.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6633	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Bring back services that can bring in income community hubs, leisure centres	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6634	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Let 's should be charged for private hire but not community events	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6635	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fees and charges for what? Again I have no problem paying for things like council tax or brown bin etc as long as it is fair and equitable.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6636	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Don 't raise fees before you show improvement. 2a - Reasonable with fairness and transparency; avoid basic service charges	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6637	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	But carefully for medical and leisure areas it's better to add a little to the fees otherwise people are deterred from attempting to access these areas	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6638	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6639	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Put the rent up by the rate of inflation	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6640	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Any service provided will have financial costs and to meet those u	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6641	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increasing revenue via generation of multiple incomes streams is absolutely the right thing to do, but not to the detriment if residents. Focus on tourism and advertising are ideal.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6642	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree that income generation should be looked at and agree to the tourism charge	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6643	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes but not by increasing fees, you don't always have to increase charges to generate money.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6644	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	All opportunities to generate additional revenue should be contemplated... this should start by understanding demand from customers from products or services that you don't provide that you should provide	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6645	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes to charging but has to be on those with the broadest shoulders.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6646	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes to trying to raise funds. However is this possible to be managed depending on	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6647	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Visiting fees	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6648	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes but perhaps increasing planning fees would assist this gap?	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6649	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	West Lothian needs basics done first. In Livingston I rarely see tree clearance or footpath cleaning, there are portions of the road where you cannot see traffic signs because of untrimmed trees and recycling centre access is limited. Missed tasks go unaddressed. Savings should come from management and waste, not cutting frontline standards. What I suggest is - Charge full cost for discretionary services; improve debt recovery.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6650	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Focus on what services within the council can generate income.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6651	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I would be happy to pay a bit more if that means better services. This has to be means tested as I am aware that there are high levels of deprivation in West Lothian and a lot of people lie would struggle to pay more	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6652	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Council should look for new income streams rather than increase existing charges as it appears previous increases have coincided with reduced levels and / or quality of service	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6653	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes, I agree the Council should explore fair and sustainable ways to generate income to protect key services. Any increases in fees or new charges must be proportionate and not disadvantage vulnerable residents.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6654	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge more for services in general	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6655	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Possibly increase small fees for other things	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6656	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree with raising funds through advertising.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6657	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	NOT by closing community centres, but maybe increasing the charges?	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6658	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Supportive of income generation as long as vulnerable are protected and have access to services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6659	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes – but increasing charges should only be considered where it's genuinely fair and where residents can clearly see the benefit. West Lothian households are already under huge financial pressure, so any rises must be modest and targeted, not blanket increases that hit low - income families the hardest.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6660	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	increase prices to owned attractions	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6661	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The council should also consider if / how they can raise revenue outwith the normal approaches, council tax etc.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6662	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Explore, if possible, any creative revenue - making opportunities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6663	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	charge a realistic price for services where at all possible	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6664	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	All business need to be forward thinking about generating income to support development which includes the council. No business should be fully reliant on funding as this is poor business model.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6665	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	A fair assessment of increasing fees needs to be looked at so communities don't lose vital resources	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6666	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think it needs to be done so that those that can pay do and those who can't are given extra burden but I think West Lothian should be in line with other councils and people need to recognise that services cost money and that we all need to help support the costs either through taxes or / and through additional charges where appropriate to help fund services and provisions for everyone.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6667	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	All of these proposals look manageable.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6668	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a - an annual increase in fees and charges at least by annual inflation or even more where charges haven't been reviewed for years seems appropriate.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6669	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree that every option should be consider to generate income. Car parking charges are inevitable, and advertising on council properties could create a valuable source of revenue.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6670	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I would willingly pay more on community charges if it was going to help raise the standard of services given, eg grass cutting.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6671	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	yeah i agree.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6672	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Only in line with inflation	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6673	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The council should increase its fees and services to align with other LAs.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6674	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	As long as the increase improve services not reduce them.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6675	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Only increase prices minimally.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6676	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	West Lothian has a rich history don't think we capitalise on that with visits and tourists and the fact it's on the Glasgow / Edinburgh line. We should be generating money through advertising. Yes to parking charges and let's try to help the planet cutting carbon emissions by charging.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6677	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Discount for local residents but charge a bit more for tourists coming to area	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6678	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a - agree	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6679	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	It is disappointing that the users of services do not realise that there is a cost involved in all services. I realise that not all users can afford to pay more but as I am in the lucky position of being able to pay I would be happy to pay additional costs for services and I am sure there are many more like me who could afford the additional cost.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6680	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree with all your ideas listed with this question, but be bolder! I would charge more for customers using fast food outlets and the waste they generate. Introduce a levy on fast food, both being consumed on - site, collected and / or delivered. The secondary benefit is that people may consider eating more healthier food, and lose weight!	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

6681	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Avenues that do not directly impact the local population should be exhausted first. ie tourism levy	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6682	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	yes to everything except car parking charges	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6683	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I do not mind paying for some additional services,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6684	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree with council proposals.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6685	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	• Fee increases add pressure during the cost - of - living crisis and should be modest, targeted, and transparent. • Prioritise income from commercial activity, advertising, or visitor - based contributions instead of residents.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6686	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Generate income - agree with the Levy charge.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6687	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I support fair and responsible income generation if it protects essential services and those on low incomes. Any new charges must consider affordability and avoid discouraging participation in community and leisure activities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6688	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6689	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase charges but only in line with inflation	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6690	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Happy to pay fees at the going market rate.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6691	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Raising fees where it charges people for extras rather than basic necessities	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6692	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Just execute well. With speed and do what you say. Own these and drive savings. At the end of the day all organisations have to operate in a financially viable way or you just keep digging a bigger hole.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6693	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	For some charges	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6694	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don ' t mind paying more for maintain the level of service we receive from the council currently.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6695	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I have no problem with charging for services, when the services are adequate and charges are reasonable.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6696	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No. I do think fees and charges should rise in line with inflation but not for any other purpose and not without a well thought plan. I can't tell from the information on the previous page whether these are sensible ideas or not.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6697	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I do not mind paying extra if people who are assets to teams keep jobs and services are not cut.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6698	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	As long as the funds are used for the benefits of the residents like pot holes paving repairs more foot pathways encouraging people to walk stop parking outside schools its ridiculous that people drive to the schools to drop off and pick up when living a stone throw away that needs to be a finable act the list is endless but all money raised needs to be put back in to the local community not to be used to give bumper pay rises to those that don ' t deserve it	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6699	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Very supportive of this.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6700	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase council tax	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6701	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes but income generation must be fair, transparent, and designed to protect residents on lower incomes. Raising fees across the board risks widening inequality.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6702	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes, I agree the Council must generate income to protect services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6703	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fully agree with maximising income for charges / aiming for full cost recovery. Where there is a vicious circle (eg higher costs reduce uptake, which means even higher chargeable unit cost) then close consideration should be given to continuing that service, or a clear cost / benefit analysis of the subsidy. I think the attitude that the council should do things for free / cheap, which you'd have to pay for privately, is nonsense.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6704	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increasing current fees and charges, and introducing new fees and charges should be considered - including raising council tax by the large amount if it helps safeguard the council's services. The council also needs to review current services that currently charge fees and carefully consider if those services are really necessary to the council in the current climate if they are not covering their costs. However, raising the charge for providing the service should be considered rather than contracting out a service	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6705	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree that charges should be raised for other things to at be in line with other LA's (and not cheapest) e.g. pest control, burials, fines etc.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6706	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	A small (perhaps 1 or 2 percent) increase in council tax would be acceptable if the general public could see that the Council was doing its level best to generate income in other ways.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6707	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increasing current fees and charges, and introducing new fees and charges should be considered - including raising council tax by the large amount if it helps safeguard the council's services. The council also needs to review current services that currently charge fees and carefully consider if those services are really necessary to the council in the current climate if they are not covering their costs. However, raising the charge for providing the service should be considered rather than contracting out a service	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6708	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Small increase in council tax would be doable.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6709	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think if people can afford to pay for certain services they should pay for them.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6710	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Ok to raise fees but make sure one section of society is not being targeted - need to consider the cumulative impacts.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6711	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Would happily pay more * if * improved the living environment and funds not squandered through ill decisions and ridiculously inefficient processes.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6712	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increasing advertising in council property only from this list. Also adding fundraising efforts could be beneficial.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6713	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think looking at marketing and bringing in income generation is a good idea - depending on where this is, the cost of updating etc but would be a good way to encourage businesses to advertise their products / businesses etc - this could also be considered for WLC social media pages / website etc.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6714	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Community centres should be changing committees for use of centres - if the current model is not being changed.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6715	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Think foregone suggestions quite reasonable	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6716	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree that the Council should consider responsible income generation, especially if it helps protect essential and preventative services that would be more costly to restore later. However, any increases in fees and charges must be proportionate, fair, and not create barriers for low - income households, disabled people, or rural residents. Increasing social isolation, shifting costs onto those least able to pay. Overall, I support income generation as long as: protections and concessions are built in for vulnerable groups, charges do not undermine long - term health, wellbeing, or	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6717	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	raising prices	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6718	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes - Look outside the box. Instead of only looking to make savings / cuts is there initiatives WLC could support / fund to generate revenue? Closed loops within sectors. Start small. Focus on new ways & the why.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6719	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge a little more for services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6720	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Given the need to realise savings of £23 million, bringing in additional income will help reduce the level of cuts needed. The specific examples provided seem sensible but any increases in other areas should continue to take account of affordability, particularly in areas of high deprivation. Similar to the point made in the first question it will be important to guard against unintended consequences from increasing charges. With this in mind some form of means testing would ensure support for those unable to meet the increased cost.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

6721	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a) Happy to pay more as long as I see improvement. Not income biased	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6722	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes I agree with all the suggestions to increase and generate income	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6723	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Wherever you can	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6724	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree with all of the suggestions above	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6725	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Generate income anyway you can. You could bring back library fines.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6726	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree with all of the above	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6727	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	All of the above ok	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6728	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	All of above	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6729	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes to all of the above	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6730	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Everything is going up these days so the council have to find ways as well.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6731	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	If you can generate income any way then do.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6732	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree that the Council should look for ways to increase revenue, but this must be done fairly and with careful consideration of the impact on residents, especially those with low incomes. While maintaining financial sustainability is important, raising fees or introducing new charges can place additional strain on households already facing the rising cost of living. Any increases should be modest, transparent, and carefully targeted to ensure essential services remain affordable and accessible to all.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6733	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	If people want to use community centres for social activities they have to pay for them.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6734	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase the fees slightly for using the council facilities. I attend a knitting group in Strathbrock on a Tuesday evening and would be happy to pay a small fee	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6735	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I do agree we need to find ways to make these larger companies making a lot of money to invest in the local area and find ways for them to pay more.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6736	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes I agree with all the suggestions to increase and generate income especially levy charges.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6737	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The Council should prioritise income generation through means that do not directly burden local residents—for example, responsible commercial partnerships.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6738	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I do agree with potentially 2a if it was elaborated on	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6739	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think parking should be raised slightly but not astronomical fees. Every money that 's saved is a bonus	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6740	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge more money for things that cost a small amount like 1,50 turns into 2.30	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6741	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree with cost increases, however we must be careful not to price ourselves out of providing services to the public. I still struggle to understand the benefit of West Lothian Leisure providing services in council buildings and schools are generating an income for this. I believe we should be administrating this ourselves.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

6742	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No problem with any of these.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6743	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introduce reasonable charges.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6744	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a. I agree with modest increases to charges.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6745	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I do not have an issue paying more if the services improve	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6746	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think there are plenty ways to achieve this however you cant expect the people to always incur increases especially large sums it creates a lot of negativity and stress on people. I however do think there are opportunities to make smaller increases over a longer time to ensure that gradual increase is being seen on your balance sheet without annoying everyone.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6747	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Good idea to make more money.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6748	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charging for services should be encouraged but balanced to not create further inequality in West Lothian.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6749	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes to 2 A	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6750	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6751	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6752	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree to all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6753	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	You need a way to get money and this seems fair.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6754	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think that they should possible charge more, but it depends on how much they charge and how much they would charge for things as people may not have the money for it	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6755	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a - agree	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6756	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	On the whole I agree with these proposals.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6757	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Support all except 2d as increasing pest control charges could mean some people will turn a blind the to the presence of pests rather than pay.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6758	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Support all except 2d as unnecessary pest control charges could mean some people will turn a blind eye to the presence of pests rather that pay.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6759	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	All of the above sound like reasonable measures, particularly the advertising one.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6760	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	West Lothian Council should introduce the visitor levy and on street car parking charges to generate income in towns and centres	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6761	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree with all	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6762	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Ensure non - mandatory services that charge cover cost.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

6784	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree with all bar number 1, shouldn't be increasing charges and fees or at least if so it should be determined by household income how much we need to pay for fees and charges.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6785	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree to bringing in more pest control busy disagree with the others	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6786	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Efficiency and appropriate charging - less waste on stupid things like 20mph zones, talking bins - many of these are not mandatory so can be dropped	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6787	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The advertising, parking and visitor levy are reasonable methods of raising income however it is crucial that cost of administering and management of these charges are not going to balance with the said income	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6788	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The advertising, parking and visitor levy are reasonable methods of raising income however it is crucial that cost of administering and management of these charges are not going to balance with the said income	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6789	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Whilst an easy solution, putting more fees on us will only make us more spiteful of the council. However, I am also unsure of any alternative ways, so it may be the only solution.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6790	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	This is a yes and no answer. But also look at opportunities for private homeowners to purchase small pieces of land from council. Land that is really not used AT ALL but still requires maintenance and care from the council - therefore costs.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6791	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	They should be raising income via fines and charges for littering, dog fouling, vandalism. Putting signs up but not following through is no deterrent for anti social behaviour.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6792	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	As long as it doesn't affect the general public, charge away. Businesses and tourists yes, but not people that often don't have pounds in their pocket to last the month	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6793	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	organise events that would bring in revenues and create local jobs.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6794	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Break it down and charge per service where possible. ie brown bins. But don't rip us off.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6795	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge people who use the services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6796	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Other charges for other services could be introduced	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6797	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Should increase fees where appropriate to cover the cost or reduce the amount of subsidy paid.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6798	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase income generation and reduce spending on services as mentioned previously in the consultation.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6799	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The Council should prioritise finding alternative sources of income before considering any tax rises	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6800	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Sell more services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6801	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree with all the suggestions made to raise fees other than raising council tax itself. We already pay so much and if there are other ways to raise money, as you have suggested, I think these options should be considered first before the tax is raised. Everyone is stretched so thin at the moment and it is very stressful.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6802	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree that the council should find ways to generate more income, however this should be based on usage of services, and not a blanket approach across everyone. The council should provide basic services, and charge additional fees for services over and above the minimum to anyone that wants to use them, just like you introduced for the Garden Waste. I feel that our council tax is ever increasing, and just because we have a nice new build house which we worked hard to get, there's only two adults who use no social care, childcare etc, but yet are still charged over £3k a year. I also wonder how much the council will charge for the £100k houses and how much will be paid towards the roads and the public services and the community and the environment.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6803	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Before increasing tax, the Council should focus on smarter income generation — such as modest fees for commercial users, leasing unused land, and ensuring developers meet full infrastructure costs. Introducing small, fair charges for visitors	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6804	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Before increasing tax, the Council should focus on smarter income generation — such as modest fees for leasing unused land, and ensuring developers meet full infrastructure costs.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6805	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	• Raise income from visitor levy, full - cost bulky uplifts and pest control;	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6806	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Keep community centres open and charge for their use. There are lots of ways to make money using the facilities we have. Hold chargeable events, fairs and community targeted initiatives that are relevant and bring people together. And cut all the executives that add nothing to the council.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6807	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	charge a realistic price for use of facilities	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6808	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The Council should explore opportunities to generate additional income, but this must be done fairly and with careful consideration of the impact on residents, particularly those on low incomes. We need good support from the Council getting people into work! While it's important that the Council remains financially sustainable, raising fees and introducing new charges can place extra pressure on households that are already struggling with the rising cost of living. Any increases should be modest, transparent, and targeted—ensuring that essential services remain affordable and accessible to everyone.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6809	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a - Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6810	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Set up secondary sources of income such as some parking charges	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6811	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree that some charges should be made	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6812	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree that revenue generation through external means but not with raising council tax	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6813	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think generating additional income is a good idea	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6814	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Again, with exception of the tourism levy,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6815	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The cost of living is already so hard for most without fees / surcharges increases and less services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6816	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Raise awareness of places the community can use and encourage young people to access these. Charge more money to access facilities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6817	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	These services should remain but they should be charged for. fees at public toilets	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6818	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Revenue generation and operating as a business should be a goal	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6819	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase fees by inflation and increase council tax by 10 %	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6820	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Making people pay for what they want i. e. g. the community paying for clubs	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6821	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Maybe look at minimal raises but not unrealistic.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6822	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	keep facilities and add additional charges	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6823	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Run non - residential services as 'for profit' that is directly re - invested in essential services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6824	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Why wasn't the charges already increased when the funding cuts were started years ago. People are happy to pay more to keep their local services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6825	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increased charging could be brought in rather than simply stopping services. The latter simply creates more problems long term.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6826	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	they could take a more logical approach to services and charges applied to a lot of the works carried out on housing stock such as fencing or repairs due to mistreatment of properties.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6827	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introduce on - street parking charges and have these enforced by officers randomly attending.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6828	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge people for littering, not picking up their dogs poo, not keeping their grass short and not looking after their environment eg their gardens and fly tipping.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6829	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Bring back traffic wardens people just park were they want to get some money of them.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6830	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	a. Parking and Transport • Introduce or expand on - street parking charges and residential permits in high - demand areas.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6831	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The use of parking enforcement officers could generate a large amount of money each year.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6832	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We could generate a lot of income from issuing parking fines when people park on single and double yellow lines and park in very inconsiderate manner. Introducing fines for people parking on pavements would lead to an increase in budget. Some people's hedges are so overgrown they are taking up a good percentage of the pavement, so consider issuing warnings then threaten a fine if they do not cut back to the curb line. Perhaps if hedges were trimmed properly then having a car parked on a small part of the pavement wouldn't be such a big deal.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6833	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introduce parking permits for full day parking at a premium. Use whatever spare land for parking, introduce more multi storey robotic parking with park and ride or park and taxi.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6834	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge £5 entry fee at waste disposal sites.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6835	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Address illegal parking / impose fines - not been a traffic warden in my area for years.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6836	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The Council should look to increase income rather than always looking to just cut services. Our charge back's for road occupation, skips etc should be looked at and increased (TTRO's especially), also explore the use of parking charges at our country parks along with parking charges in our town centres which are becoming increasingly congested even though traffic measures and active travel routes are becoming better. I think we should also be stricter or increase our developer contributions, West Lothian's population is increasing at a rate faster than almost every other local authority in Scotland and land is sold to developers at a rate faster than almost every other local authority in Scotland.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6837	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge groups more (excluding gala day) who want to parade or stop normal life eg Orange Order	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6838	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Start charging vehicles for parking on path	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6839	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The council need to charge more for services such as cutting grass and general maintenance	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6840	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Paying for certain services such as: increasing brown bin fee to £75. Uplifts cost could increase. Change fee school meals to P3 rather than P5	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6841	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	roads you don't do this at all and parking in places where cars are not suppose to park fine the person for parking on double yellows people park and don't get fined I could suggest more but you have limited to a thousand characters	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6842	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Traffic Wardens would be an added expense but would more than pay for themselves in this day and age.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6843	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	1. Double the price of the annual brown bin garden waste permit. This would raise an additional £1mn per annum	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6844	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Instate traffic wardens to all towns, reducing road pollution in small areas and congestion.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6845	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	If considering more charges for bin collections I would suggest these would be acceptable if the charges were kept modest. Otherwise it would probably just encourage more fly tipping.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6846	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increasing charges for specific one off waste collections would probably be palatable,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6847	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	parking fines for those not parking	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6848	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Implement workplace levy.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6849	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Uplift services for example are well needed but often charged very high. £50 for a bulky uplift for example is fairly reasonable and would allow people easy access and generate revenue.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6850	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a I agree with modest increases to current charging in line with inflation.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6851	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	In Waste management introducing charges for bins will probably be the most obvious increase of income although this will only cover an existing cost for the service.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6852	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Encouraging people to use public transport is commendable, however parking at either Livingston South or Livingston North train stations is almost impossible after 8am, and bus services can be sporadic. Therefore a Workplace Parking Levy would not be welcome and may discourage people from settling or working in the area. A Visitor Levy seems like a good idea.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6853	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Advanced communication with local residents. Fee review for commercial enterprises using open spaces managed by West Lothian Council - for example commercial dog walking businesses using parks.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6854	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Council staff car parks should be fee paying.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6855	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree with 2a charge people for littering / graffiti / dumping	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6856	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The Council should be looking to generate more money from charges where appropriate if it can be targeted at improvements to services that can be visible to the wider public. I would happily pay more for my brown bin to be collected, as I can afford it, and I would be happy to pay the extra if that was able to subsidise similar services for those who can't afford it, such as single parents, single pensioners... etc.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6857	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think there should be a workplace parking levy as this might encourage environmental benefits such as car sharing and a better use of public transport.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6858	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Bring in pavement parking ban, the amount they would make on this alone in West Lothian would be eye opening	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6859	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The work place levy for car parking is not sustainable for many people. I for one would not be able to get to my work without my car unless I made my commute in excess of 90 mins each way. This is not sustainable for a balanced family life. I am not opposed to the other measures	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6860	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Allow another brown bin to be used for an additional small charge. Not every garden is same size! Some only need 1 some need 3 / 4	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6861	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge residents for grass cutting who refuse to keep their areas tidy. One off payments of £10 may boost the funds. Charging for bulky uplifts may help. Bigger fines for fly tipping	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6862	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Maybe implement factor fees to the communities you currently maintain.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6863	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase fly tipping fines and other similar fines.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6864	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree income can be made from folk using council buildings car parks to save paying parking charges but don't agree council employees should pay parking charges at place of employment	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6865	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	A visitor levy like other areas of Europe seems fine.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6866	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Continue with the implementation of visitor levies - other countries do this successfully	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6867	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Tourist levies are a start as long as these are directly invested into improving the local economy as opposed to standing still	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6868	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Tourist taxes can be a good idea in principle, helping to fund local services and maintain popular destinations.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6869	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Small amount for Visitor levy is acceptable	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6870	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree with a visitor levy helping to increase revenue and I feel increasing fees in comparison with other local authorities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6871	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Visitor Levy is a great idea especially if other areas are adopting it.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6872	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think that having moved from out of town I can't believe how little is done to promote the tourism to the amazing one off attraction of the Palace. Having it hidden behind the eyeshore if the vennel very few people even know its there as you can drive right through without even seeing a glimpse of the Loch or palace. Better use would be local murals sign posting and more. The knock on effect for fundraising upkeep and local businesses makes far more sense and provide low cost housing in anyone of the mammoth housing estates being thrown up left and right without improving and	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6873	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	~~imagine the last school days are in evidence. I know what I will have to offer that other places don't and anything on it~~ I would support a visitor levy	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6874	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The visitor tax is a good idea	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6875	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	DON'T introduce a visitor levy - instead encourage more hotels to open in West Lothian.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6876	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree with charging tourist levy	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6877	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think a visitor levy is a good idea	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6878	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introducing a Visitor Levy could support local tourism and reinvestment in communities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6879	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think a visitor levy is a very good idea and should be taxed as a percentage of hotel stays rather than a flat rate for all visitors.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6880	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Tourist tax on overnight stays is a good idea and it's used extensively throughout Europe.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6881	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree that a tourist tax should be introduced.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6882	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	A tourist tax is a bit of a no brainer, I pay it every where I go, we should reciprocate, although I dont think we have a booming tourist industry in WLC.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6883	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	They should introduce a tourist tax.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6884	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introduce tourist tax	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6885	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Tax tourists if they're staying for longer than 3 days or so	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6886	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	There should be a tax for tourists because they use our services and don't pay for the taxes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6887	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Tourist tax on overnight stays is a good idea and it's used extensively throughout Europe.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6888	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Tourism charge and also caravan parking charges that's not on private land.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

6889	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	local visitors levy	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6890	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Tourism levy	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6891	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introduced levy Public transport is a joke	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6892	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Visitor levy	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6893	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Visitor Levy should be introduced	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6894	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Visitor Levy would be good. Money going back into the community to upkeep town services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6895	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Visitor Levy a positive addition.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6896	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The Council should prioritise income generation through means that do not directly burden local residents—for example voluntary visitor levies that boost local tourism.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6897	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We favour income from Visitor Levies, or Workplace Parking Levies	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6898	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes to the tourism levy	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6899	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	keen on visitor levy when not too excessive.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6900	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Income made from a visitor levy should be used to improve and maintain visitor infrastructure and the cherished country parks. This income could also be an opportunity to fund your valuable Ranger Service.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6901	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Visitor Levy seems like a no brainer.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6902	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introduce tourist tax	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6903	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes to the tourist tax definitely - everyone else is doing it.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6904	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think charging tourists is a good option.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6905	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase hotel tax	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6906	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Visitor levy is a solid initiative. Some of the monies raised used to generate income should be used to protect and support essential third sector services which provide help those most in need at local level	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6907	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charging a small tourist levy	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6908	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree with a visitor levy	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6909	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Certainly look at a local visitor levy.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

6910	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree with the visitor tax other European countries / cities / regions do it.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6911	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No objective to generate income by imposing a tourism tax,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6912	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Tourist tax, yes I would be in favour of that.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6913	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree with a tourism tax	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6914	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Maximize Income: Visitor Levy (£350k +)	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6915	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The council should consider a tourist tax akin to other local authorities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6916	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Implementation of the visitor tax.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6917	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Cut non - statutory grants to external sources	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6918	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think looking to raise revenue through a visitor levy is preferable	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6919	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The visitor Levy / tourism tax could be beneficial to the area in particular Linlithgow but it would need to be applied appropriately to ensure there was not a negative impact on the local tourism economy when providing a cheaper alternative to Edinburgh.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6920	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge for social work services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
6921	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Same as before stop funding an easy life for the unemployed so much. Mothers who work full time like myself can't afford to live at the moment, barely get by each month and in above the minimum wage and do not have any luxuries like sky, a car, contract phones. I work to keep my family but we don't live our life's because it costs money to step outside these days! The cost of extra curricular activities for kids is extremely expensive and not realistic for most families. The kids in this generation have no choice but to sit in doors on devices or play in the streets they live in as it's not safe to go outside.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6922	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I'm not a fan of the other revenue raising suggestions though, particularly a visitor levy. I'm not convinced this will raise as much as you hope in this area.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6923	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Not charging visitors as would put tourists off.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6924	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charging higher rents of buildings is a big no, the services some of these buildings provide make the communities, clubs and people meeting socially. They are stretched enough as it is. This will only stop the clubs etc being able to operate. The gym is ridiculous the prices considering how outdated the stuff is, you need to reduce the prices there and the swimming and more football would come. Jailhouse partnership centre is a great example of price range and it's always busy.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6925	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Some charges are wrong eg. Brown Bins, it's unfair for public to cover lost revenue when there are rents and community charges not paid, there should be payment plans put in place for them.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6926	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree that you should look to generate income which would involve you recruiting people who have thoughts in their head that could lead to income generation because you don't have the staff to do it now. This includes within business gateway / invest in West Lothian. I disagree with raising costs. A large proportion of West Lothian lives in poverty. Increasing costs puts a barrier in place for those and potentially pushes those just managing into the cannot afford so stop using bracket. I assume your projections are based on current usage numbers which would likely drop due to increases in	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6927	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Do not raise fees and charges where these will damage the local economy.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6928	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	While I believe the council should find ways to generate income I don't believe increasing charges of services for current West Lothian residents is right	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6929	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Don't introduce levies which will punish businesses. Short sighted thinking	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6930	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Council building rental rates should be decreased to promote investments in the communities.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

6931	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	but not increase fees on charged services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6932	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Not supporting 2a but the other options. Feel pay enough council tax and additional fee for bins	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6933	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Reduce the fee	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6934	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Tourist levy would also be questionable as WL does not bring in a lot of tourists in the first place.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6935	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fees for essential services should not be charged. People pay for Council functions in their taxes.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6936	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	but not adding new feew	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6937	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Although I have ticked Yes, I do not think 2a and 2b should be implemented.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6938	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Do not increase fees	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6939	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I have gave my suggestions on the other page, but dont agree with raising fees and rates. I already pay enough for the service the council provide me with.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6940	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increasing fees doesn 't work.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6941	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I appose increasing fees,	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6942	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree in general that the council need to make saving and increase income, however, 2a Makes no sense, you need to elaborate on which services would incur or have charges increased to enable a balanced view as it could refer to anything.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6943	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	You should but not by passing on charges for services that should already be provided.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6944	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I oppose widesread general Fees / Charges (2a)	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6945	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	but through increasing fees, rates and charges no.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6946	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	do not raise taxes.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6947	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think council should avoid including fees for residents where possible, but fees should cover costs in some cases.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6948	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	but no council tax rise	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6949	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	not 2a	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6950	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Try ways that disrupt the general population first before introducing feeds and charges that will impact people	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6951	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Not all people can afford higher costs.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6952	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Need details about what fees and charges you want to increase, by how much and how much saving it would get without that I don't agree with 2A.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6953	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Don't add stealth taxes (like parking charges, unless it will improve the facilities) on working people;	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6954	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a No we can hardly afford stuff as it is.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6955	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No to 2a	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6956	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	no to these of examples / suggestions	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6957	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No to 2a	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6958	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	not through taxation	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6959	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The public should not be used to get money out of them to increase council money	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6960	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People are struggling to live as it is why charge more for pointless area	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6961	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No. Don't put in extra charges. Makes things better, not more expensive	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6962	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	More raises of charges and fees for services (especially those that used to be free) will just increase the chances of people doing their own work around to get things done and occasionally this means more work for the council to do	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6963	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Raising fees and more charges are going to cripple the economy	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6964	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The fees are already unbearable especially for parents with children. They should request for the unemployed to engage more in the community so as to reduce spending. Allow people work with the council from the community.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6965	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charging your constituents more for already reduced services is not the answer to saving money. We need to look at the root cause of debt in West Lothian and fix the problem. Not taking more from hard working people to recoup money / savings which was not in their control. Also looking at the employees who were in charge of finance and asking how it got so bad in the first place. Again looking at the root cause.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6966	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Raising charges would mainly affect the most vulnerable residents of West Lothian as well as the lowest - paid frontline workers, who already work extremely hard for pay that does not reflect the difficulty and responsibility of their jobs — often involving someone else's health and even life. Many people have already left these roles because of low pay and rising living costs. Increasing charges or cutting wages would only deepen frustration and create negative feelings within the community. Instead of putting more pressure on those who already struggle the most, savings should be found in areas that do not have essential services as the people who deliver them.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6967	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Not at the moment	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6968	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I do not believe that raising fees is the correct answer on how to generate money	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6969	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Cutting costs are far more vital in the budgeting. Due to the rise in living cost the residents of West Lothian are having a difficult time already and if council rise the charges, residents are getting poor and poor and soon they will turn to under benefits which turn out increasing council expenses.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6970	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People can't afford increases	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6971	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Paying too much with too many cut backs on services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6972	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Make things more efficient rather than increase fees for residents. Charge commercial users more than non - commercial individuals.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6973	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We get charged enough for what is already a poor service.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6974	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Voted No on raising fees	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6975	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People cannot afford more fees and charges. Make councillors pay for their own expenses instead of using public funding for personal outings Keep services and make them accessible for all to ensure they are used well and being in income	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6976	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge enough already...	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6977	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I do not agree with increasing fees to tenants as bills have risen and keep rising as it, however I do agree with 2c	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6978	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think the council do need to find ways to make savings but I do not believe people can face the introduction of any more charges due to the continuing rise in the cost of living. Personally, I could not afford an increase to my council tax as I'd imagine that would be the first route the council would take or another additional charge to waste services. I, like many others, no longer have the use of my brown bin for my garden waste as I could not afford the annual charge.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6979	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People can't afford more charges and fees	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6980	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People cant afford the day to day Living as everything is expensive with inflation	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6981	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't feel these changes would be beneficial and only an inconvenience	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6982	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Enough fees already! All fees only apply to working families and those on benefits doesn't pay anything!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6983	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People can hardly afford the cost of living as it is.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6984	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People are struggling to keep food on the table, let alone spend more money.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6985	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Not right now	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6986	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Generating income is appropriate, however increasing fees for services that are already reduced or not sufficient / timely is not appropriate. The council can't expect to keep increasing fees when services are being reduced or cut.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6987	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase fees is not the solution. There is always additional budget remaining which I have seen the council spend unnecessarily on things that do not matter	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6988	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	As a single disabled person with the care line system, I am barely affording things as it is, I am already eating just one meal per day and I cannot afford even the garden waste collection. Increasing the cost for these will mean I am needing to give up my lifeline when I have a fall. With my gas and electricity costing £187 per month with a benefits income of £600 I am already spending almost 30 % on fuel. Not to mention phone, broadband, television, insurance and petrol, I am lucky if I have £40 per week for food. Increasing these will push me into an even worse situation as it is.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6989	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Because right now it's very hard to live people cannot even afford to eat normal proper food some people so I don't think to put any charges on top of the charges they already put on should be not allowed because people are struggling right now at the moment	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6990	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	It's expensive enough as it is to live without increasing charges of necessities	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6991	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No I think it's out of order that we pay for the brown bin and trying to get ride of our rubbish and you see when you go out and they leave the rubbish everywhere	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6992	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Stop rinsing the public	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6993	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We are struggling to make mortgage payments and know we aren't the only ones. This will not be a welcomed move and trying to get people to use public transport won't work as that is unreliable and unsafe	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
6994	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People can't afford to eat and heat their homes (which makes little sense considering all the wind - farms in the local area). You're making peoples lives harder by raising costs	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6995	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We already pay enough for our services via council tax, income tax, NI, etc... labour councils only work for Westminster not for the people.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6996	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Absolutely not people are struggling as it is without fees going any higher	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6997	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Think we pay enough	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6998	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Families are already suffering with high costs and still increasing fees is more burden.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
6999	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increasing charges is a really bad idea. We pay enough and don't even get what we pay for, road and pavement maintenance	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7000	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The measures you mention seem very unfair and private businesses should not be punished for the way this council has mismanaged their finances	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7001	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increasing or charging is not the way. I think looking at the bigger picture of what it's costing public money for service that could be done by able people on benefits.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7002	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The council should not introduce additional charges for some services. I strongly disagree with the ludicrous charge already implemented for emptying the garden waste bin for example.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7003	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	First of all raising fees is atrocious especially when people are struggling to live as it is.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7004	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Limit tax rises, this is a sign of greed especially in an era where is little signs of investment in West Lothian.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7005	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I disagree with an increase in fees and charges, the public are struggling financially and increasing the fees or creating new fees would directly place the burden on the people we are here to serve. Increasing the advertisement capacity is more in line with how we should generate income. The other venue would be to focus more on things like benefit fraud, rent arrears.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7006	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People are struggling to pay bills as it is, why put more pressure on them	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7007	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fees should not be increased. Promote the current facilities and invest in them, maybe people will use them. For example, Polkemett driving range uses secondhand balls, and you can't always purchase a bucket of balls depending on the time.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7008	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I would avoid where possible an increase in fees / charges, as this will just hit the local people who can barley afford the charges now. I also do not agree with tourist tax as how would you determine who was a tourist, if I wanted to spend a night in a hotel would I be a tourist? You also want to encourage tourists so they will spend their money in our area.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7009	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	In the main I don't agree with these, seems you are trying to make money on Basic services that should be free or only charging back what you have spent.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7010	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I dont support increase in fees and charges that are not specified.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7011	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Do not raise current fees Look for additional revenue streams.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7012	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Look at ways to increase income without increasing local charges to people who live here	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7013	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Looks like increasing charges for services will make only a minimal impact in the budget shortfall, but could be detrimental to many residents.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7014	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	It's already dear on families	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7015	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Whilst it states West Lothian has the 8th lowest council tax charges it is also has higher rates of poverty with WL being in the top 10 in Scotland for child poverty!! I don't believe raising fees and introducing charges for the people that can afford to pay council tax is a solution. Although I understand the money has to come from somewhere and I'm afraid I can't think of other solutions.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7016	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	other increases are not suitable as people struggle enough	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7017	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Is this a joke? A few proposals but no income information? And a visitor levy? To see what exactly, the shopping centre? Yes West Lothian had a lot of nice places to spend a day but I hardly think charging people a levy to do so is appropriate. Residents already pay a lot of money to the council and given the state the place is in with pot holes, rubbish, weeds, and generally overgrown, I think it's insulting that you think we should pay even more.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7018	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	we already pay for enough around WL and see nothing happening	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7019	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	It costs too much to live here as it is any you want to increase that, must be joking	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7020	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I feel there are too many charges and I feel lowering them would be better	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7021	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No charges should be raised until all possible spending cuts have been made	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7022	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	introducing or increasing charges is the wrong approach and will have damaging consequences for both individuals and businesses in West Lothian.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7023	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	With cost of living crisis you need to stop charging for stuff as council tax is getting paid by households and some are struggling with this. That adding you to pay for things is just greed in the peoples eye.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7024	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The rest I do not agree with and the fact there is no clear amount means you are not held accountable for any shortfalls and you've not communicated or committed to an amount	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7025	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People are literally on their knees right now, increasing fees when council tax is already very expensive is not the answer. The visitors tax is a good idea.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7026	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	That would just cause more poverty and most people are struggling with all increases since pandemic	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7027	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Not the right thing to do as there is a cost of living crisis and people are struggling as it is	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7028	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Local residents already pay council tax to cover services.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7029	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Reduce expenditure rather than increase taxes or fees.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7030	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No new taxes, or charges, including parking charges.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7031	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	raising charges and parking charges NO. Why cant this box be below the info on previous page so I can refer back to the many points!!!!!!!!!!!!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7032	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Think with council tax brown bin charge no need for more charges	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7033	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Instead of increasing income and pissing everyone off the council should reduce spend. Tough at times, but we should not live outside of our means	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7034	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Nor would I wish any of the fees I already pay to be increased	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7035	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Services are already reduced so unfair to charge more for less	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7036	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The responsibility should be on the council to save money not to charge more	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7037	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	As per before, you can't keep raising prices on people but offering less and less services. It's terrible	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7038	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	• No fee rises for core services until basics improve!!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7039	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We're paying enough	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7040	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We already have enough bills and charges. It's becoming too much for the taxpayer	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7041	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Look at other alternatives rather than taking more from the people. The public are not cash cows for WLC. Salaries are not increasing quick enough to cover the cost of living never mind subsidising WLC.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7042	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Until you get your own house in order you should not be charging fees	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7043	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Any increase of charges would be paid by the citizens, and once stated it would always be increased. No thanks, stop wasting money.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7044	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	with the constant increase in bills, supermarket costs etc etc and no wage increases people can't afford an increase in council tax and any other services!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7045	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increasing prices - not for leisure / sporting activities or it will put people off attending.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7046	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Dont the inflation is already crazy	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7047	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't believe that the council need to charge for anything else there must be other ways to reduce costs West Lothian residents already pay for enough	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7048	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Household budgets are being squeezed enough with the cost of living crisis. Everything is costing more these days. Why would you then stress families more by increasing charges / setting new charges. Look within the services provided rather than putting the costs onto already stressed households.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7049	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The council and government could stop trying to make the people of West Lothian's lives worse as most of us are already paying the maximum we can afford in most things.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7050	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increasing fees / charges is totally unacceptable	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7051	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Stop increasing the charges for people who are contributing already and instead make those who think they don't need to pay ie fly tipping, turning careworkers away 3 out of 4 times a day	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7052	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Costs are dear enough without asking people to pay even more especially for pensioners	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7053	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	don't agree with increasing fees and charges	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7054	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No one can afford it	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7055	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Nobody can afford it	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7056	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think in the present we pay enough, especially with the current cost of living	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7057	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The Council should look for opportunities to earn revenue from any of its existing assets, or by disposing of under used assets / property. It should not impose fees on the residents for services already being provided. It should NOT look for ways to get more money out of residents already paying Council Tax and other national taxes.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7058	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No, council tax is expensive enough and the services are not good as it is, any further cuts would continue to damage the residents	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7059	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Disagree with 2A. Politicians should no by know that interventions like these have consequences for the economy - damage to local business, and inflation that will see you having to make more cuts in future. Increasing tax is rarely the answer to economic problems, and these will hit many that the Council should be focusing its attention on - low paid workers and local businesses.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7060	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The cost of living is high enough and people like myself with additional barriers are already struggling, the council should be looking at more efficient ways without affecting the public	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7061	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No more fees for tenants	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7062	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Local people are poor enough, no extra charges	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7063	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I do not agree that the Council should raise fees and charges as a primary means to generate income. West Lothian already sets some of the lowest charges in Scotland, and increasing fees risks placing an unfair burden on residents, especially vulnerable groups.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7064	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7065	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No you do little enough for our council tax.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7066	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	There is no need to increase the cost to home owners / council tax payers with the amount of wastage in the current social housing sector and benefits that are handed out by this council	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7067	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	but charging tourists no or staff to come to work is a no. Look more at cost of contracts and efficient working.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7068	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't increasing charges ie on what hope it not residents pay more than enough c. tax which is not value with lots it cuts disagree advertising on building and bus shelters linlithgow tourist town be tacky o visitor levy this will. be a double tax to visitors o e edinburgh and a other here this will drive visitors away from our historic town	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7069	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People already pay enough tax, they don't need to pay more. Make savings elsewhere and use those savings to make positive changes, don't introduce additional charges to life like paying for parking etc. cost of living is already on the rise without introducing more.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7070	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People already pay enough tax, they don't need to pay more. Make savings elsewhere and use those savings to make positive changes, don't introduce additional charges to life like paying for parking etc. cost of living is already on the rise without introducing more.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7071	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We already pay too much and still have to compensate the council. Litter picking and dropping off waste to sites	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7072	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	With the cost of living being what it is this is impractical	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7073	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	But stop increasing fees and bills for those who already pay council tax and are struggling to keep up with the cost of living crisis.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7074	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Other solutions must be found, this is just cost cutting and then charging the population more and offering less	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7075	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't agree at charging us more as nothing gets done with the money we pay now, stop the stupid things like 20 mph limits. Cycle lanes, litgbtq things and much more pointless things.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7076	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Not in the public interest	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7077	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	This option appears to be to the detriment of the working taxpayer in my opinion. Service prices will increase for those not on benefits and therefore increase the pressures already being faced by the working poor. The suggestion that West Lothian is a tourist destination comparable to Edinburgh who have introduced a tourism tax is laughable.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

7078	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Don't think so	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7079	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	but do not agree in charging West Lothian residents more for less of a service when households are already struggling. I	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7080	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Don't raise charges already paying enough. Asking folk to pay more money for a worse service is a joke	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7081	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People in West Lothian are already struggling just to get their weekly shopping in. Introducing more things that need to be paid for is absolutely wrong. As I've said previously, if you act in desperation you cause deprivation. There is plenty opportunity to generate funds but not at the expense of your residents. Instead look at how you bring in more business to West Lothian, how to use dead spaces to generate business and how to attract investment from outside parties. Again, a forward thinking approach would be better served than battenning down the hatches and hoping your	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7082	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Finding ways to stealth tax people further is not an answer you should be looking pursue.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7083	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No additional charges but work more efficiently with cost cutting on suppliers and consumables within the council Buildings	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7084	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We pay enough for bulky lifts and council tax	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7085	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Adding additional charges when people are struggling with the cost of living is a terrible idea	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7086	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No more charges should be passed on to the local public especially as the council has neglected areas such as Livingston to build up Winchburgh.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7087	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Cut costs before monetising	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7088	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charging more for services in this climate is not the answer, will push people to use less services	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7089	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Most people within West Lothian are exponentially affected by the current cost of living, they should not be expected to pay additional costs in this current climate.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7090	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't support increasing any council tax bills as part of this which is already off the roof	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7091	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We pay enough during this cost of living crisis you put up charges every year	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7092	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The taxpayers are being punished enough by paying additional fees such as Brown bins fee. costs from that allowance given by the state?	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7093	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	but not with raising council tax	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7094	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People already are suffering through a cost of living crisis. Costs have went up in every walk of life and the increase in council tax should be the only increase and not trying to coin in on hardworking locals for using necessary services.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7095	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We have no extra money to give!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7096	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	but not by raising council tax again or increasing the cost of waste permits for residential waste etc.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7097	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Hard enough trying to survive in this world Don't need things going up again	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7098	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We already give enough we pay for every little thing now. Even the recycling is costing us more and more each year yet you still have no cash. Seems the more you get the more you waste them it's the constituents who are suffering with more to pay out.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7099	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	not 2a	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7100	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We pay enough	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7101	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	not more charges - people are struggling - and I mean people who work as they have to pay for everything eg dental treatment, glasses, full council tax	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7102	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	With cost of living this wouldn't be a clever idea!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7103	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Council Tax is already vast and significantly increased last year, this should not be passed onto homeowners - continually increasing just increases cost of living crisis and puts families further into poverty	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7104	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The council needs to look inwards rather than outwards at charging the general public.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7105	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	charging residents more when we are already penny pinching is unacceptable	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7106	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fees should not be raised! We already pay enough with our bin collection services having been reduced. In the current financial climate, increasing fees will push more people into unaffordable situations forcing them into council housing. Look at the bigger, long - term picture! Get people off benefits and out of council housing to get more people to pay council fees, instead of using them. Have consequences for people who don't look after the council areas, houses, etc... there are no consequences for people who don't look after council property.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7107	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Don't make us pay any more	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7108	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We pay enough! We are skint!! There will be more non payers because we can't afford to breath	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7109	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Whoever came up with those suggestions should be sacked. The fact that a council employee looking at serving the people thought let's charge them for everything. Start by looking at the amount of people in Education who isn't a class teacher or psw. The people of West Lothian DO NOT WANT MORE CHARGES.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7110	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Raising fees is not an option, everyone is already stretched to thin. Bathgate is a ghost town due to expences. More help is needed to bring more shops in allowing more small businesses to thrive and generate income	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7111	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Não porque o salário já está defazado houve um aumento de inflação e poucos empregos tem bons salários ("No, because the salary is already outdated; there has been an increase in inflation, and few jobs have good wages.")	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7112	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't think charging the population more money is the answer. I am aware that the council is a business and needs to make money to survive, however, that cost should not then have to be covered by the average household that struggles to make ends meet as it is. It just seems that the philosophy is, if there are no alternatives, charge more money and put fees up.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7113	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think we pay enough	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7114	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I DO NOT agree to further taxes on working people, particularly parking charges at workplaces. Stand up for those who contribute economically by working for a living - don't fall into the trap of making work less and less rewarding. Stand up for WORKING PEOPLE. Is that not the true roots of the Labour movement?	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7115	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Pay enough	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7116	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	For people who can't afford basic essentials, I don't think they can afford extras.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7117	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Enough fees already in place for brown bins and parking in Livingston.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7118	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't agree with these.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7119	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Overall no	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

7120	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No to this	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7121	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't think the council should raise fees	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7122	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't know but the council don't need to add more fees	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7123	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I disagree. It's a good idea to generate income but not in these ways.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7124	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Everything is dear enough as it is just now	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7125	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Having more event and fundraising In my opinion there is no need to raise anything we just need to be more creative	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7126	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	You're joking right? Go after the rich.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7127	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't agree with increased charges and new taxes until non - statutory services and underused buildings are cut first.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7128	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The cost of living is high enough for people without these extra charges	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7129	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The people of West Lothian already pay extortionate fees, do you really think they want to pay more?	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7130	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Raising fee can discriminate against many within the communist.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7131	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Most people, are struggling to make ends meet already and can't afford extra charges	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7132	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't think charges should continue to go up as it will be people who are working that will be affected.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7133	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think living costs are expensive and should be lowered because it's harder for people to maintain a clean and healthy environment of a household	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7134	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Some people can't afford to pay anymore things or if people are spending more money on things like thing they may need to change the lifestyle they live and the things they are paying for it may not benefit them	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7135	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Mum and Dad cant afford to pay more	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7136	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	In the current climate this would put the lack of funding from the government on the people of West Lothian and effectively be a stealth tax. We are not here to generate income and any fees / charges should pay for the service delivered only, but what is being suggested is moving into a for profit business. Ensure the services provided are quality and the fees / charges are relative to the actual cost of providing the service.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7137	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No we are one of the highest tax payers in the world! The general public already pay enough to exist.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7138	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Not necessary to raise taxes and charges if you implement savings identified - so no to all these.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7139	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't agree with any new taxes and charges until buildings and non - statutory services are cut.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7140	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We pay enough and we have nothing to show for it no swimming pools, no after school clubs and now we could lose our community centers	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7141	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I do not believe members of the public should have to pay for certain services as many families are already really struggling with the cost of living.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7142	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	some people dont have the money to pay for additional costs	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7143	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	no to: 2a	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7144	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Dont think new charges should be introduced	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7145	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Everything already to expensive	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7146	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	If you raise the taxes and charges people will struggle more and main streets will become even more empty with empty units	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7147	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People don 't have enough money	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7148	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introducing additional local charges in the current economic climate will drive visitors away. Retail units are already closing. Taxes generally are too high and seem likely to be the increased at the the next budget. Market and sell West Lothian as a place to visit.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7149	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Households are already struggling so just charging people more for things is not the solution. Sort out the organisation in terms of removing any unnecessary overspending.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7150	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree the council could generate more income but not through charging more to the public.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7151	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fees and council tax charges are all ready high enough for people in a family working full time.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7152	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I dont think there should be an increase in charges for things like bulky lifts etc. People who use this service most are people who dont work and have no means of transport to take to recycle services, so usually the most vulnerable and needy I think money can be raised through recycling and sustainability.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7153	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes but no more cuts to waste management, stop the crazy brown bin garden waste charge too - we cover ALL waste in our council tax! Refund the last 2 years!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7154	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I am sure that you are considering the likely consequential impact of new levels of charging for services and have estimated a net overall benefit eg recent restrictions (and therefore those immediate savings) in local recycling centres set against the cost to prosecute increased levels of fly tipping. Increased levels of car parking and similar parking and other road safety violations must be prosecuted urgently and fairly, generating income to be spent in those areas on vastly improved park and ride schemes. All road and public path users who have the capacity to cause hurt to the general public should be charged for the damage they cause. However you cannot levy on car parks when the public transport system in WL is so paltzy. I live in Linlithgow and can get nowhere by bus in a timely manner. This would penalise your staff for working for you or members trying to keep fit by visiting Excite.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7155	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't agree with charging to park cars as I believe this will further reduce people coming to town centres and affect businesses I also dont agree with increasing the amount charged to groups which benefit the community health and wellbeing. . many of these will close and we have so few as it is	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7156	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I would not want to make the a large increase in brown bins collection or bulk up loading due to ensure fly tipping is not increase	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7157	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Workplace parking levy is not practical in rural area such as West Lothian where it would be impossible to commute and visit clients by public transport.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7158	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	However fees etc shouldn 't just target those in employment. The people that pay for everything	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7159	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Encouraging alternative methods of transport is all very well, but currently it is almost impossible to park at either Livingston South or Livingston North train stations after 8am. Some bus services are sporadic and so people are reluctant to ditch their cars.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7160	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree that the Workplace Parking Levy should not be explored by the Council at this time as I think that more transport options need to be available to employees.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7161	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.

7162	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Making employees pay for their parking is a bit no no too. But - take my first point into consideration and you won't need a building with parking.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7163	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We have to be very careful not to encourage people to visit west lothian and we still have to be careful with car parking charges as we want to encourage people still to work!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7164	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Workplace Parking Levy - this should be parked for now as it is difficult enough to keep businesses in west lothian.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7165	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	It would be unfair to charge employees for parking. I think this would have a detrimental impact on recruiting staff - which in a few service areas is already difficult.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7166	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charging employee's to park definitely isn't the answer in fact it feels like they're being punished for coming into work just No.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7167	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charging employers for providing parking spaces could be detrimental to companies looking at operating in the area. If they then just choose somewhere else on the central belt to set up, those same workers (possibly from West Lothian) are then just travelling outside of the area for work, which means higher costs to them for travel and emissions. I actually don't think we have a severe problem with congestion, but I'll admit my ignorance as I don't work on the roads.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7168	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Car parking charges will make people park in other places and not use the facilities (shops etc) which will be bad for the communities	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7169	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	So you want to tax tourists but how many tourists from outside the UK see West Lothian as a destination?? Why don't you employ traffic wardens and fine the drivers who park on double - yellow lines? There's been a massive increase in this as every resident knows that no one cares and no one gets fined.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7170	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charging people to park at council buildings and services is outrageous. Truly disgusting. And increasing fees.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7171	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	By increasing fees you will increase fly tipping, also getting employers to pay extra will force them out of west Lothian	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7172	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Terrible got to pay for uplifts n brown bins	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7173	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Parking fees at council properties disproportionately impact poorer people, and do little to increase adoption of public transport. Similarly, increasing fees is also disproportionate, unless you can make tiered changes based on household income - e.g. households with a higher - rate taxpayer have a higher rate for brown bin collection etc.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7174	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a No further bin charges, the brown bin charge is inefficient since the same employees still empty them of food waste. Further charges on recycling will increase grey bin use and is not in keeping with recycling policies. I presume the council tax will be increasing anyway.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7175	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	stop charging for bins and cutting uplifts	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7176	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We pay enough, West Lothian high streets are dead, if people had to park to use local shops that would be a deterrent	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7177	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charging tax payers to park at work when there is no public transport is not right.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7178	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Work place carpark charging negatively impacts on employment. Central government has loaded costs on time businesses already and this move will cost jobs. The public transport in the county is not good enough to offer a viable alternative for workers, often on shift work to travel to and from work by car	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7179	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Citizens should not be charged even more fees / charges as the cost of living is already so high and many struggle as it is	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7180	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Not by raising our council tax anyway. I struggle enough month to month with rent other bills and council tax it's not fair	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7181	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I do not support new charges and taxes until all the other savings outlined have been made. Reduce expenditure first.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7182	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introducing new charges is a terrible idea. It comes across as a desperate attempt to squeeze every possible pound out of anyone who has an income in West Lothian, at the same time as increasing Council Tax each year and reducing services. Be more creative. Generating income by dreaming up new charges to force onto people is very myopic and unimaginative. Look outside Scotland and the UK. Think global. What works in other countries? Look at examples from Australia, Canada, Germany. Where are the innovative ideas where income generation goes beyond dull things like parking charges? For the tourist visitor levy, you first need to invest in making West Lothian more appealing. It's not exactly the Highlands and Islands or City of Edinburgh. Make the parks nice. Create destinations. Winchburgh is a blank slate and it's just house after house after house. Use Auldscathie park to create something like Loch Leven's Larder - shop and restaurant. It'd generate lots of money. Have some imagination	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7183	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't think the council should be raising fees and charges at the moment. Many residents are already struggling with the cost of living and I don't agree that west lothian charges are less than other councils.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7184	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	the recent brown bin charges are higher than other local councils and had a large increase this year. This could cause more flytipping of garden waste and may cause Invasive Non Native Species to be released into the environment which can be costly remove and limit spreading.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7185	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	what can possibly be raised? Every year it's rent, council tax	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7186	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Absolutely do not encourage employers for providing car parking. This would seriously hamper businesses so that they don't prosper and then there is no tax coming in	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7187	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Car park charging (including for disabled spaces, which other local authorities don't do) already generate income for the Council, as well as the Blue Badge permit fees - to increase these would not be popular.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7188	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No visitors levy, that's ridiculous!!!!	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7189	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Levies on tourism and work place parking are a terrible idea - it is already difficult to attract people to visit and work in West Lothian. This would further deter people.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7190	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Don't damage Linlithgow high street by doing anything to discourage visitors via a levy. WL is already in competition with other areas for visitors. It does not have as many attractions as some others. It cannot compete with Edinburgh or what have you, where people will come regardless. Damaging local tourism will cost more to revenues in the medium term. Stop wasting so much money on heating draughty big old buildings. The library building in west Lothian must be horrifically inefficient. Be more proactive at getting gap sites in Linlithgow high street back into productivity.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7191	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	~~Don't charge visitor levy - we want to attract people to our lovely countryside location - keep toilet facilities / cafes open at public parks for longer to encourage people to stay out, especially in summer months.~~ Don't charge visitor levy - we want to attract people to our lovely countryside location - keep toilet facilities / cafes open at public parks for longer to encourage people to stay out, especially in summer months.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7192	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't also feel that WL has tourism to the same extent as Edinburgh or Glasgow, and may drive tourism away rather than encourage it.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7193	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't think the visitor levy will generate very much income. Cities yes, I don't think WL has enough tourism to warrant a levy, you just punish people travelling to Livingston for their Christmas shopping / parties. You have processes for generating money, make them more efficient and enforce them.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7194	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	A visitor levy sounds insane.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7195	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	There are multiple questions however only a yes or no option at the end. I do not think West Lothian should include a visitor charge as there is not the same pull that Edinburgh etc have and will likely have a detrimental impact on business.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7196	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	West Lothian is not Edinburgh, you would need to massively improve public and the facilities for tourists, night buses and more regular reliable buses	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7197	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Please consider unintended consequences. Charges should not be at the cost of people being able to visit and enjoy our community, retail and public spaces. Likewise we mustn't put people off wanting to visit our beautiful county	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7198	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think we need to encourage visitors to come to West Lothian, not make them pay an extra tax	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7199	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Raising a tax on tourist visits would mean less people visiting the area	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7200	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree in part that income raising opportunities should be reviewed. However, introducing visitor tax I believe will be detrimental to business and individuals	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7201	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Absolute no to tourist tax.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7202	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The tourist tax would not work here and should be discouraged. It's hard enough to encourage people to visit and spend here. We are not a city. Orkney has recently rejected this and their arguments for doing so should be looked at.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7203	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I am not sure whether the tourist levy will make much of a saving given that West Lothian is not a top tourist destination, unlike Edinburgh city.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7204	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	And not sure about a levy on tourists...the little tourism WL has needs to be encouraged.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7205	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	However I don't agree on charges such as Visitor Levy as this may put off visitors from coming to visit and we rely on this income.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7206	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	As regards Visitor levy, I think you have to tread carefully as not to reduce the steady income that is already coming into West Lothian via the Centre etc as this may potentially make visitors think twice.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7207	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I also do not agree with a Visitor or Workplace Levy.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7208	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	a visitor levy is silly for WL. Also, don't introduce parking charges.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7209	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	DISAGREE - dumb idea for a visitor levy people will simply go elsewhere - how do you know that the visitor is a resident? This will be expensive to implement and could drive away people to visit other areas -	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7210	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	no charges for tourist tax	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7211	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Definitely not a visitor levy	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7212	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	introducing levys is only going to discourage visitors to the area and hit those that live / work in the areas instead, you would need a good public transport framework which isn't there at the moment with options being either unreliable or too infrequent.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7213	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	As for your tourist tax, laughable.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7214	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Adding tourism charges will just drive people away from Livingston rather than attract. If you want to kill the town off then it's a good idea, if you want to attract more people, then it is not. You only have to look at the number of stores closing due to reduced footfall	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7215	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	You can't introduce a visitor levy when no one wants to come here. It will kill small businesses.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7216	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Were already skint enough dinny be wee money grabbers	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7217	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	taxing them for visiting sunny west Lothian seems a stretch. Wish you had phrased this question better, lost opportunity	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7218	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	You don't grow by taxing further. Basic economics. Start generating new business to the area and start giving something back to its citizens as opposed to looking at taxing further	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7219	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	also visitors fee could also discourage people from visiting as if it makes the visiting more expensive.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7220	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	An introduction to visitors tax may have a negative impact and affect local business and trade.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7221	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Visitor Levy will kill tourism in the area and hurt specific towns that are more reliant on tourism. These things actually bring money into your town, so why put an extra tax on top?	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7222	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a. The council should be encouraging trade not making money at the expense of it. No to visitor levies.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7223	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	definitely not with tourism tax there's very little in west lothian for tourists other councils are much better at providing things such as parks and attractions	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7224	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a This is very vague and basically could mean anything so cannot comment	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
7225	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No.	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
7226	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a no comment do not understand what this actually means (not well communicated?)	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
7227	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
7228	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes & No. No to increasing fees for elderly day care.	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
7229	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	It depends on what things are being changed	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
7230	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think it would depend on what fees and charges we are talking about I already pay enough council tax.	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
7231	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a - Does give any detail so hard to comment	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
7232	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a - No Not enough details to comment	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
7233	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
7234	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	No	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
7235	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	no	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
7236	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Can't answer this question because 2a, as usual the wording is very vague, 'increasing current fees and charges, and introducing new fees and charges' what are these charges, we need clarification?	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
7237	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	.	Corporate Policy and Resources	3. The respondent advised that they had no comment to make.
7238	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Options to find efficiencies 4. Place a full stop on hospitality funding. In a time where vital services are at risk, it is a very bad look for councillors to be seen "winning and dining" and visiting other countries, on the council pocket, while poverty is so high in West Lothian.	Corporate Policy and Resources	4. The council is already doing this.
7239	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Negotiate bulk procurement discounts.	Corporate Policy and Resources	4. The council is already doing this.
7240	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Make better use of school facilities in the evening, weekends and during the summer. Rent out halls to sports groups etc. Rent out to summer clubs.	Corporate Policy and Resources	4. The council is already doing this.
7241	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Think that there is opportunity to extend the purchase of nursery hours - compete with the private sector.	Corporate Policy and Resources	4. The council is already doing this.
7242	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Schools could work together to raise funds	Corporate Policy and Resources	4. The council is already doing this.
7243	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Instead of closing our nurseries we should be looking to generate income from selling extra places to parents instead of them going to private nurseries. Private nurseries are a council competitor why are we not competing in the childcare business.	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7244	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	charge for school holiday clubs / activities (means pay - parent (s) lower income certain benefit wouldn't pay so much	Corporate Policy and Resources	4. The council is already doing this.
7245	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Maximise school lets in the evenings and weekends particularly Broxburn academy. Let out the swimming pool at Broxburn academy in the evenings and weekends for lessons. Let out the 3G Astro at Broxburn on evenings and at weekends to generate more income.	Corporate Policy and Resources	4. The council is already doing this.
7246	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	charge rent to after school clubs that use school buildings	Corporate Policy and Resources	4. The council is already doing this.
7247	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charges for short term property rental.	Corporate Policy and Resources	4. The council is already doing this.
7248	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Schools could rent out their sports halls out of school time (for example, for children 's parties over weekends).	Corporate Policy and Resources	4. The council is already doing this.
7249	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Look at how local businesses, including housing developers can contribute to increasing income. Increase working from home for some departments; generating more workspace but also less utilities in some venues. Use some space in council run community centres for CLD team offices. This could probably apply to a variety of council teams.	Corporate Policy and Resources	4. The council is already doing this.
7250	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Rent out places not being used	Corporate Policy and Resources	4. The council is already doing this.
7251	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	sell off council buildings that only have limited uses / funding.	Corporate Policy and Resources	4. The council is already doing this.
7252	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	6. Rent out school and other community spaces	Corporate Policy and Resources	4. The council is already doing this.
7253	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Look at ways that other organisations are sustainable and manage to run successfully, making money.	Corporate Policy and Resources	4. The council is already doing this.
7254	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Let out school facilities and charge for them - ie. Halls, swimming pools, grounds	Corporate Policy and Resources	4. The council is already doing this.
7255	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Undertake benchmarking against comparable councils and set appropriate levels of charging to ensure you are competitive but also running at least market average.	Corporate Policy and Resources	4. The council is already doing this.
7256	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	and charge for work that has needed to be done due to damage caused on purpose	Corporate Policy and Resources	4. The council is already doing this.
7257	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Renting some council properties to the general public for community groups.	Corporate Policy and Resources	4. The council is already doing this.
7258	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The council should also invest more in renewable energy across its buildings, selling surplus electricity back to the grid to generate income and reduce costs. Partnering with private companies for advertising on council assets—such as bus stops, bins, and vehicles—could create a consistent revenue stream. Additionally, leasing out unused council - owned buildings to start - ups & local entrepreneurs would support economic growth, revitalise communities, and ensure public assets are being used	Corporate Policy and Resources	4. The council is already doing this.
7259	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Collect millions in backlog before doing anything else	Corporate Policy and Resources	4. The council is already doing this.
7260	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Consolidate underused buildings and move services into shared spaces. Lease or repurpose council - owned properties to generate rental income.	Corporate Policy and Resources	4. The council is already doing this.
7261	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Revenue generation - grants	Corporate Policy and Resources	4. The council is already doing this.
7262	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Review funding streams for any potential grant funded opportunities and who would be best to deliver these. Sometimes front facing workers should be involved in this process to ensure practicality of delivery. Do ask staff what they think. How they think money could be generated and where they feel it is wasted.	Corporate Policy and Resources	4. The council is already doing this.
7263	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	*rent out pitches, halls and halls commercially.	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7264	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Have cash for clothing banks at every school	Corporate Policy and Resources	4. The council is already doing this.
7265	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Before we raise any fees and charges, we should make sure existing projects are justified and running lean.	Corporate Policy and Resources	4. The council is already doing this.
7266	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Don't raise fees and charges. Look at alternative income generation that does not cost families.	Corporate Policy and Resources	4. The council is already doing this.
7267	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Before putting more charges onto your public why not look at ways of making more internal savings.	Corporate Policy and Resources	4. The council is already doing this.
7268	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Start charging for untidy gardens. On the spot fines with it directly coming from benefits or wage same a council tax. introduce street wardens for littering and dog fouling with on the spot fines	Corporate Policy and Resources	4. The council is already doing this.
7269	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	WL has high levels of poverty, increasing fees increases poverty Tax higher earners in the area, chase unpaid rent and council tax, take steps to recoup this sooner before insane amounts are accrued	Corporate Policy and Resources	4. The council is already doing this.
7270	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Look at spending and if it is absolutely necessary before increasing charges.	Corporate Policy and Resources	4. The council is already doing this.
7271	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Get your priorities right on spending. Charge the people more is not the answer to your budget problem	Corporate Policy and Resources	4. The council is already doing this.
7272	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Further cuts and services should be reviewed before any of the suggestions on the list. Reducing the size of local and national government should be done first.	Corporate Policy and Resources	4. The council is already doing this.
7273	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't agree that raising fees and charges is the best way to generate income. Many residents are already facing financial pressures, and higher charges could make essential services less accessible. The Council should prioritise lobbying for fairer national funding, improving efficiency, and exploring creative partnerships rather than introducing new costs for local people.	Corporate Policy and Resources	4. The council is already doing this.
7274	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	There should also be a clearer focus on local reinvestment to ensure communities benefit from any income raised.	Corporate Policy and Resources	4. The council is already doing this.
7275	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Council community building can be let for birthdays and other celebrations and it can be a source of income for the council.	Corporate Policy and Resources	4. The council is already doing this.
7276	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Lease unused council land / buildings.	Corporate Policy and Resources	4. The council is already doing this.
7277	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Sell surplus assets (vehicles, equipment).	Corporate Policy and Resources	4. The council is already doing this.
7278	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Rent houses that sit empty in low prices.	Corporate Policy and Resources	4. The council is already doing this.
7279	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Start charging customers for repairs being booked and they're not at home! Wasting time, and resources. If forced entry is required charge more. Charge for the state of the house, start doing spot checks and if not upto standard charge tenants	Corporate Policy and Resources	4. The council is already doing this.
7280	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	but the council should also be looking at council tenants where damage is caused (I have lived experience of this) smashing up doors and wrecking houses only for the council to come and replace. There should be charges in place for this type of behaviour. Not everyone on benefits is on the breadline trust me.	Corporate Policy and Resources	4. The council is already doing this.
7281	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Ensure tenants keep environments clean and tidy eg gardens and household waste this will save money on pest control on ongoing issues costing money. Allow working people to rent council property or social housing as the majority of properties are filled with people on benefits and therefore no rent paid. The paid rent would increase income.	Corporate Policy and Resources	4. The council is already doing this.
7282	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People who destroy council property should have to pay for repairs. I have neighbours who have a windows replaced more than once a year after smashing them themselves. They don't pay rent or council tax (drug addicts). Meanwhile I work full time, pay my rent & council tax & the wind is howling through my old, knackered windows, my kitchen is falling apart & I've got holes in my ceilings, but the council won't repair anything.	Corporate Policy and Resources	4. The council is already doing this.
7283	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase rents in council housing, compared to private lets the rent is way to low. Evict all those in arrears.	Corporate Policy and Resources	4. The council is already doing this.
7284	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Filling your empty houses will generate plenty	Corporate Policy and Resources	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7285	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	review costs of school meals	Corporate Policy and Resources	4. The council is already doing this.
7286	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	also introduce fines for all the illegal ones placed on railings and lampposts. Should be easy to track them down. ☐	Corporate Policy and Resources	4. The council is already doing this.
7287	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fines for those dropping litter / save costs on employees having to litter pick.	Corporate Policy and Resources	4. The council is already doing this.
7288	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Entry fee at waste disposal sites	Corporate Policy and Resources	4. The council is already doing this.
7289	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	expanding LED street lighting.	Corporate Policy and Resources	4. The council is already doing this.
7290	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	and encouraging rewinding of selected grass areas to reduce mowing costs.	Corporate Policy and Resources	4. The council is already doing this.
7291	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Use fines for littering instead.	Corporate Policy and Resources	4. The council is already doing this.
7292	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Can the council make any money from Property developers looking to develop in the area?	Corporate Policy and Resources	4. The council is already doing this.
7293	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	If you take money from housing developers, prioritise delivering on what you have agreed upon instead of wasting money extending pavements / changing speed limits etc	Corporate Policy and Resources	4. The council is already doing this.
7294	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Another way is to get more money from home builders for all the services of residents.	Corporate Policy and Resources	4. The council is already doing this.
7295	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Targeted rates increases on Vape / Gambling shops.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
7296	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Moving to West Lothian should incur one off fee, in range of £200 - 250 per adult	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
7297	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Ensure electric charging points are charging a market comparable price.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
7298	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	- Charge for dump slots or at least premium ones. I'd pay for same day, evening or weekend slots - offer bigger grey bins as a premium service. I'm fed up jumping up and down in my bin to condense it. You are going to get rubbish whither it's via the dump or bin	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
7299	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think you could make money with the recycling centres by charging even £1 to enter but also remove the booking system to get more uptake.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
7300	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Maybe add a nominal charge for the lunch options in primary schools, or making it free only for pupil where the parents are on minimum wage.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
7301	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Again, with CRC, even £1. 00 for access, it's still revenue	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
7302	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Make builders have to resurface all surrounding roads, install traffic lights etc. stop doing it out of the Council's pocket.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
7303	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	charge for using recycling centres	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
7304	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We should make more effort making hard decisions on spending. Decisions that actually matter. Not the 30k savings for festive lighting, but think about saving millions by holding road work companies responsible for the amount of time they block roads by charging them a fee.	Corporate Policy and Resources	5a. It is proposed that this suggestion is not taken forward because the council is required by law to deliver this work.
7305	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Parents pay to replace damaged (by their child) school property ie smashed laptops	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7306	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Generate outdoor activities safe outdoor swimming areas chargeable access.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7307	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Additional charge for leisure facilities for users outside WLC area	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7308	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	• Rent rooftop areas for solar panel installations or mobile network infrastructure. c. Fee and Licensing Reviews	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7309	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	All Council buildings should have solar panels fitted to roofs before expecting everyone else to pay more for the Councils past failures to manage resources available to them	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7310	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Rooftop Solar Leases: Lease council building and school rooftops to solar energy companies for a long - term, green income stream. Cell Tower Leases: Lease space for mobile phone cell towers on council property.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7311	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	What we need is businesses to generate income such as SWIMMING POOLS. Time capsule for example, with flumes and different activities, ice rinks, roller blading is popular at present, axe hurling, butterfly world (nothing has replaced this in Edinburgh). These are creative ways to bring everyone into West Lothian, from first dates, family outings, teen hangout areas. All of which is muchly required in our area and sadly deprived at present.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7312	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Making hall hire rates in school and other council buildings more attractive (cheaper) to allow more community use - benefits local community organisations and locals who attend these groups	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7313	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Solar panels on roofs and batteries. Could get community groups to fund these initiatives as a way to safeguard properties for future use. As an example, if a community building was at risk of closure because of running costs but if with a new solar and battery system it could be saved, then allow the community to raise the funds to secure this.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7314	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Green energy let 's get money back from the grid. Build solar panels and other devices into all centres.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7315	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge for the use of the facilities that are at threat of closure.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7316	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Expand solar panels on council roofs for energy sales.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7317	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Instead of looking at ways to make savings the Council should be looking at ways to make more money. Other council 's have tourist attractions that make a lot of money. We need to invest in sites like this creating visitor centre 's for tourists to pay to visit our historic areas.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7318	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Make companies that 'll make them more money such as council run restaurants	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7319	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	charge for late fees for library books	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7320	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	charges should be introduced when clubs make multiple changes to their initial let. Admin fee should be applied	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7321	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Room rentals can be a bit cheap compared to other councils	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7322	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Stop charging for brown bin as this is causing fly tipping	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7323	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fine messy and unkempt gardens.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7324	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	investment in recycling machines to recycle and sell (profit)	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7325	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fines for miss use of household bins.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7326	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	In country parks e.g. Almondell, Polkemmet have a council run cafe to generate income, basic tea / coffe, cakes and sandwiches. Almondell already has a building to utilise for this. Beeccraigs cafe is very busy, could this be changed to Council owned at end of lease and run for a source of income.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7327	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fine everyone who has turned there garden into a driveway illegally, leaving obstructions on the road. Get them to apply for the proper permits.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7328	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Rather than outsourcing lots of services at a higher cost to end users, provide better services within the council, and where appropriate provide these services to third parties at a normal charge. E. g. provide commercial waste handling and bring profit for this in - house rather than allowing other companies to profit.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7329	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Important to look at efficiencies on the longer term rather than from year to year. Income generation through fleet - service station for the public?	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7330	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Stop the booking system for recycle centres but introduce a toll on leave - £1 / £2 for public and slightly more for businesses	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7331	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charging for bins.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7332	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Make a small charge, ask for additional support from businesses or individuals to be able to provide the facilities (sponsored?), for example ask people with a 'bus pass' to pay say £10 per month IF THEY ARE ABLE TO to help that service to be provided and improved. Many older people could easily pay a small monthly amount (same price as two coffee 's at Starbucks', and probably will if they are asked properly and can see the difference that they are making. Remember to say 'Thank You' to people that make voluntary payments, get businesses to help too, make sure that every penny raised in this way is spent effectively and efficiently and celebrate very publicly the difference that everyone has made to maintaining and enhancing their local services.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7333	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	A potential way to reduce costs could be to introduce centralised waste drop - off points where residents leave their bags daily or weekly, rather than lorries collecting from every house. This could significantly cut fuel use, vehicle wear, and staff hours, especially in rural areas.	Corporate Policy and Resources	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
7334	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge for breakfast club use. Stop free school meals for all and keep it to those under a certain income or receiving certain benefits.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7335	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Primary school should open and close re the school day. No more evening or weekend lets in school buildings. If not increase let charges covering the evening and weekend let's significantly this would help cover the cost of wear and tear to the school infrastructure, heating bills etc.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7336	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	4) Payment from parents who 's children truant as it 's a waste of valuable service (BRING BACK TRUANT OFFICERS)	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7337	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Some of the spending on non statutory services is extremely high. Especially free summer clubs could instead introduce small fee from parents.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7338	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introduce a voluntary donation from parents of school children per term / year (£1 - 5?) towards equipment, extra curricular supplies, school outings, school meals. Completely confidential.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7339	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Start to look at running services like a Business as well as running council services. - garden services - cleaning service - plumbing, joinery, electrician services with a charge.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7340	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	But no to selling land to build houses	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7341	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Invest in XRP XLM and Bitcoin crypto. Embrace blockchain technologies and investigate where tokenization of assets can optimise your business.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7342	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	More working from home if possible and freeing up office space which could be leased	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7343	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	If the council wanted a more active way to save money, I would advise the logistics would be easy to roll with, is that I remind West Lothian council they are their own contractors, plumbers, etc. if the services were made privately available, then you could fraction a margin save a percentage of these services to the savings trust itself.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7344	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Not sure if possible but could the council use its housing repair staff to also sell services to residents and make a profit for the council. Not sure what supply is like in terms of trained joiners etc but you could also grow the number of apprenticeship places with this new revenue stream creating new opportunities for the young people as well	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7345	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	One way to make money is to broaden your commercial arm by providing plumbing, electrical, gardening, joinery, fencing, shed construction, painting, etc., services to the region at reduced prices (compared to commercial competitors) for anyone who wants to use the service. This will raise valuable income for the Council.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7346	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Offering services to public who are not council tenants but to re charge for basic services i.e door locks, painting, small electrical repairs - but will charge for the service.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.

7347	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge for bin deliveries	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7348	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	As said start cutting grass for disabled people and say over 75 years old and pay say direct debit for a charge at reasonable rates.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7349	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2 car limit for each house then purchase a permit for additional vehicles	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7350	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Already tried my best in other questions, Especially the grass not being cut because you have your own house and offering a charge to them that's reasonable that is profit.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7351	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	• Ring - fence new income to visible maintenance in Livingston and publish quarterly KPIs.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7352	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Other ideas include using smart sensors on public bins to collect only when full,	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7353	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase cost of care contribution for those with the most money.	Corporate Policy and Resources	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
7354	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introduction of nominal charge for school meals in primary schools for families out with any financial support / benefits.	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
7355	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The swimming poolw I think bringing in more money in this way would find more general acceptance than further significant increases to Council Tax. I 'm living from my pension and am currently paying £332 a month for Council Tax.	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
7356	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Painting auctions to raise money.	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
7357	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase brown bin fee but include it in the bill we receive for council tax	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
7358	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introducing bigger bins especially the grey bins.	Corporate Policy and Resources	5d. It is proposed that this suggestion is not taken forward because it has been previously considered and will not be progressed.
7359	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Take business ads in bulletin	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7360	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Advertise private businesses in bulletin.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7361	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Dietary requirements in Early Years - any food specified for a child by the parent has to be provided and taken from the settings budget. These are parental preference and not medically related. For example a parent prefers their toddler only to have oat milk, this is then ordered from budget and is much more expensive. Such requirements should be paid for or supplied by parent to ensure savings.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7362	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Encourage schools to grow food to sell.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7363	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Facilities and Community Use - Letting School Spaces Rent out halls, classrooms, or sports facilities to community groups during evenings or weekends.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7364	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	charge more for community groups to hire schools etc	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7365	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Some of the spending on non statutory services is extremely high. Especially music lessons in schools, could instead introduce small fee from parents.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7366	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	.Additional property tax for short term rentals.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7367	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Utilise tourist attractions including film industry to generate income at Pyramids to attract more tourism	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7368	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Make using council facilities more accessible. Games halls sitting empty in most schools when it costs in excess of £50 to hire a football pitch externally is a travesty. The halls should be cheaper than other places and just as easy to book. Janitors are being paid already to keep the buildings open so it should not add cost to make the facilities easily available for the community and this would generate income.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7369	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Council could offer house owners to buy the land / frass area near their houses where possible. That will be extra income to council and also will save on maintenance cost of the area.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7370	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	There are numerous council buildings across West Lothian where space could be rented out to various groups and organisations if they were marketed properly.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7371	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Start to bring money into the council - run it like a business - open up services with a charge to all West Lothian for example Joinery, painters, cleaners, plumbers, Gas engineers. - could also do discount to council staff, rhs etc to promote people to use these services. - work in line with education and college to carry out task for the council under supervision rather than bringing contractor in. - decorating council buildings or property - gardens, areas that require looked at -	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7372	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Ensure school buildings are being appropriately rented out to generate additional income - after school clubs / wraparound childcare etc.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7373	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase charge for the use of rooms within partnership centres for private functions	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7374	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Underused facilities should be used to generate income from the private sector's	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7375	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Smaller buildings. Rent out office space in larger buildings, to other companies or sell them.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7376	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	adopting self - funding models for leisure, events, and environmental schemes. Council - run services can generate small income through fair user fees or sponsorship without excluding residents. Every pound spent should be justified by public benefit.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7377	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	sell more land to developers.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7378	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Limiting services or making cuts is a very short - sighted reaction. This is unlikely to effect any actual change, but will lower service delivery. Many of your employees have excellent ideas on (1) cutting losses and (2) increasing revenue. WLC could make better use of assets and equipment at their disposal, as well as the workforce, facilities to bring in revenue. Make use of the upstairs area at Whitehill and rent out the lower area. Even renting out conference rooms is a start.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7379	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	A proper project needs to be created to assess risks and benefits open to the council and devise a proper plan for increasing revenue and service output. You have staff with project management experience who could easily handle such an endeavour.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7380	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increasing hire of council owned facilities to private companies. Increase revenue from historic landmarks (loan, corporate events etc.).	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7381	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Rent out council office space to private business	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7382	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge market rates for use of all council facilities	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7383	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Use the empty building instead for more community outreach programs that can give back to the public, rent rooms in empty buildings out for small fees for things like indoor markets, craft sales, children's fun days, mother and toddler events, pop up food banks, clothes donation / swapshop days - things like this are increasingly popular with the upcoming generation who are much more environmentally aware, most of these buildings are heated and secured but giving no purpose, they're a money pit.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7384	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	You could look for big companies to give sponsorships to key industries like adult day services	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7385	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Perhaps consider selling unused shop spaces on high streets in different wards across West Lothian and similar real estate to generate income could be considered, seeking to attract new small businesses to various high streets. -?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7386	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Let out empty office / work space in community centres.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7387	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	,and shared - use or partnership schemes with local businesses.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7388	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Alternative uses for buildings such as hire out to organisations or even locals for groups or parties etc. How can the buildings be fully used. However for this to work well you would benefit from a bookings coordinator for all sites	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7389	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Lease out assets rather than selling. Charge businesses rather than individuals. Help train different departments to have a more business - like mind set and give them the powers to implement their ideas.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7390	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Income generation may need investment t to begin with, facilities in WL have reduced but attractive Council backed facilities would draw in income and potentially create jobs locally. A state of the art leisure pool for example or something like bowling / go karts / lazerquest / soft play - something for families to do and maybe combine with a meal out or shopping in Livingston.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7391	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I in my job with the council visit my homes with pre booked appointments to arrive and find No one in a no access a fee could and should be charged with any missed appointment.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7392	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	rent out council owned buildings,	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7393	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase rent for shops and houses	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7394	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Small charges for attending clubs	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7395	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Use halls for fundraisers	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7396	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introduce charges to groups who wish to utilise / hire Council owned facilities for example use of rooms at Ability Centre, Carmondean, Livingston	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7397	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Look at how large scale businesses can contribute more. Stop increasing everything that then makes the average family costs higher. In work poverty already rising and this will only contribute to this	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7398	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	How about thinking about some tourist project to welcome more people around the world to come here? E. g. short course for whisky tasting / making and promote it in Asia? Create a cheese / yogurt making farm?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7399	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Council owned building no longer needed and being closed should be leased out to GP 'or dentists to increase community health operations and help reduce waiting times. Income generated from the lease can either come directly from the GP private group or leased back to the NHS LOTHIAN service.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7400	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Start charging for facility usage across all age groups from nursery age to pensioners and reinvest the money into facilities maintenance. Encourage small business owners to use your facilities eg outdoor yoga or fitness classes in the local parks but ensure they have correct insurance and charge them for doing so.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7401	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The council should prioritise revenue - generating opportunities over further cost - cutting. Many non - statutory services and facilities, if managed effectively, have the potential to generate income while delivering real value to communities. Facilities like leisure centres, libraries, and community hubs could be used more creatively to host paid events, offer rentable spaces, and support local enterprise. This approach would strengthen communities and create sustainable income streams.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7402	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	If fees are to be raised, there should be accommodations made for those on lower incomes. You already have council tax bands - - proportional costs for eg. Bulky Uplift using these as a guideline could be appropriate. Nobody should be shut out of the services that our council tax subsidises because they are unable to afford it.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7403	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	second home levy.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7404	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Although a very long shot, it could be worth investing in new research and technology with for example a university and then contracting to make profits from sales of new technology, developed with / by partnership organisations. Of course this means having the staff to contribute expertise in any field of investment, not just technology but education or health would be the three main avenues for this type of alternative way of thinking, in the long term. That sort of approach may not be achievable in 2 years of course but worth considering.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7405	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Shared services with neighboring councils.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7406	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Hire Council Chambers for meetings when not being used.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7407	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	have kid and family events to raise money for public amusement	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7408	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We have lost many buildings already. Multi purpose use of existing buildings would generate income by charging for private use and activities every day and into the evenings.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7409	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think Tenants should have more responsibilities, cut their own grass or pay for this to be done its like washing windows the Council don't do that for them. Make Tenants more liable for damages to properties, recharge them, take to court	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7410	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	increase rent for council tenants.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7411	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	start charging library users for late returns.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7412	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Renters should pay a reasonable amount for the halls etc the council is not a charity, however running costs need to be properly evaluated	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7413	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Photocopying / printing in libraries is too cheap, increase the costs to generate income.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7414	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Stop paying extortionate rates to companies providing homeless accommodation for very sub standard levels.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7415	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	While I agree that savings need to be made all residents of West Lothian should be treated equally whether they are council tenants or homeowners and council tenants should pay for services and not be subsidized.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7416	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge for lets of halls at the going rate.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7417	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Council tenants should burden the cost of regular maintenance of council houses and not rely on council to fund eg broken fencing, garden maintenance et. Private home owners have to pay for pest control. Council tenants often on reduced rents in comparison to private rental should also pay for pest control.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7418	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The council needs to charge for services like cutting people 's grass and things like that. That shouldn 't be free just because people are old. We all should improve communities and the council should take a harder approach to horrible gardens / tenants etc and try to be more punitive. It seems like the council has no teeth sometimes. Services dont need to be cut, but what is seen has essential by communities needs to change, and there needs to be charges applied to things that are nice to have.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7419	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I live in an estate that uses a property factor to help manage the maintenance of the common areas, which consists of cutting grass and trimming hedges & trees. Our estate, consisting of 83 houses, collectively pay just under £6000 in management fees and £5800 in contractor fees. The property factors role is to essentially manage payments between homeowners and the contracted maintenance company. Could the council not offer a property factor type service that estates could sign up to? Currently property factors are poor performing and charge a high amount in management fees, which increase dramatically each year, so a lot of estates would probably switch. The cost could be added to council tax bills as an extra, and the maintenance could be picked up by current contractors WLC use. Even if the management fees were 2 thirds of what we are currently paying, it would be much more appealing.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7420	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introduce on - street parking charges and have these enforced by officers randomly attending.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7421	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Allow the council powers to enforce parking fines to those who park in blue badge spaces without a blue badge.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7422	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree monies need to be accumulated from somewhere however I believe the cost of refuse waste is not cost effective as the cost of clean ups due to fly tipping	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7423	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The council should be charging for the Orange Walks as these events infringe on the public purse which is very unfair in this day and age and should be funded by the organisation or they seek other funding streams for this provision.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7424	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Sell compost from food waste recycling centres.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7425	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge All businesses and households for ground maintenance as only some areas currently have to pay.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7426	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	a lot of people look for gardeners especially elderly this could be council doing this with a charge. elderly looking for trusted cleaner to pay ' Private placements for child care outwith hours provided by government as people work shifts weekends.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7427	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	increase brown bin charges.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7428	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I noticed some of the road cleaning services / refuse collections are being carried out by private contractors, perhaps funded by some of the business in the area, perhaps you need to offer these services.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7429	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	charge for replacement refuse bins.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7430	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Why have WLC not enforced the pavement parking like other areas. Inconsiderate and dangerous parking is rife in WLC and there seems to be nobody stopping this. Is there any analysis on the cost of this service compared to money generated?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7431	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We used to get our grass cut by council because we are both disabled but it stopped because we owned the house I said I would pay for it being done Answer NO. So we get a private grass cutter now Also other who are in the same vote Would it not be a idea to change for this and cut the grass for private homes for the elderly We are 75 years old and cancer patients. Would bring in some extra cash. Many thanks xxxx.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7432	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	allow businesses to use our CRCs. Charge them - similar to Falkirk and make money.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7433	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Providing a better system to allow tenants to get rid of waste which will generate more money and save on the pest control of managing this as tenants cant control the rubbish.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7434	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Identify parking area 's (could be land at community centres no longer used) or (on council green space which would then not have to be cut by council staff) for more than one vehicle per household or charge for parking more than one vehicle per household and also company vehicles.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7435	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Put cameras on the top of every traffic light and fine all who go through red lights you will then have money to fix all the put holes.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7436	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Employ people to fine everyone who parks on the pavement so you can generate more money.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7437	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Employ a couple of traffic wardens who could pay for themselves and produce income for the council by unannounced visits to West Lothian towns where uncontrolled parking is a menace and pavement parking is downright dangerous. Also increase the fines to make even more money for the council..	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7438	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I suggest you double the price of the brown bin garden waste permit, which would bring in an extra £1m per annum.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7439	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	WLC is possibly the only council not involved in trade waste, yet is in a position to drive this and benefit from it.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7440	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Income generation - glass recycling service same as brown bin service where you pay a yearly amount for collection	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7441	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Allowing vendors to set up in Parks and Public spaces ie Cafes / Food trucks etc to increase amenity of park and gather rent	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7442	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Employ a few members of staff throughout the county to police, cars parked on double yellow lines, (especially at Livingston town centre), pavement Parker's. The post would self fund and generate more funds.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7443	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introducing traffic wardens again would generate income and improve parking within WL villages.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7444	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Residential parking permits. As a Linlithgow high street resident, I would be willing to pay an annual residents parking permit, if this meant that I would be able to park my car without fear of parking tickets from Police Scotland. This would also mean I would have somewhere to park when I come home from work without competing for space with the commuters using Linlithgow train station, staff of local businesses and the huge volume of local tourists from neighbouring towns in West Lothian. Both the vennel, St Ninians road and water yett car parks are full to overflowing during business hours including weekends. As is the high street. I'd be very willing to pay for a permit, as would some of my neighbours having discussed this on a regular basis with them.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7445	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Put a traffic warden back on patrol in each town - we're told parking on kerbs / pavements is illegal, however, who is patrolling this? Surely a traffic wardens parking fine needs to be paid - there's money straight into the budget pocket!	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7446	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	electrical charging charges for cars. Generation of income through investment in amenities as oppose to the short term saving through closure.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7447	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fines if you drop cigarettes butts or any form of litter, be it very tiny through to large. All business advertising signs at Whiteside Cottages - Whitburn Road in Bathgate intersection should be removed or charged a huge fee as the signs are opposite homes.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7448	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The council should empty parking wardens to fite those who park on double yellows and on pavements	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7449	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Bring back traffic wardens	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7450	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Implementation of decriminalised parking enforcement across WLC area. Whilst there will a cost to this the revenue generated from parking fines will outweigh this. There is sufficient evidence from other council areas in Scotland to justify this. This will also improve traffic flow and safety	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7451	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introduction of fees for school transport based on household income and proportional to the commute distance.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7452	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Make our roads safer and the pavements safe. Bring back proper traffic wardens to stop people double parking, parking on pavements which makes life very hard for wheelchairs and buggies	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7453	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Other measures could be charging for emptying contaminated recycling bins as the council current bears this cost. In my opinion should be used more as a deterrent than a source of income. Bulky uplift prices are too low and should be updated to reflect the prices that WLC currently pays to get rid of Persistent Organic Pollutant. Brown Bin Permit should also be updated so the charge is per bin rather than per household. Currently households can present two brown bins with the same permit.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7454	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I don't think charging staff for parking would help but bring back traffic wardens to collect payment charges advertising would be a good idea if we can see it generated income	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7455	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	*small fee at local council parks.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7456	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Bring back parking attendants. The parking in West Lothian and misuse of disabled parking bays are shocking	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7457	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes still charge for bulky uplift however maybe allow more items to be picked up which could mean more people use instead of flytipping.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7458	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	offer council expertise (e. g., planning, HR, sustainability) to other councils or small businesses for a fee; partner with private firms for development projects or shared services;	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7459	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge a permit fee for all works vehicles being parked in residential streets. Will bring in a bit of funding and could also increase parking spaces for residents.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7460	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Employee traffic wardens to fine motorists who park illegally	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7461	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	or possibly hiring out council minibuses to local schools, voluntary groups, sports clubs, or community music / band groups	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7462	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Reinstate traffic wardens and make money from illegal parking.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7463	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Having some parking enforcement is a good idea, the parking near the Asda garage in Livingston is unsafe and those drivers on the double yellow lines should be fined	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7464	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge more for carriageway occupation permits, development inspections, etc. Due to the amount of development in West Lothian, the council cannot possibly supervise the number of sites being constructed. Therefore, additional supervisory inspectors are required. Developers should be made to cover the cost of this additional staff (and at least one existing post) in the form of either increased cost per inspection, or a lump sum up front which would cover the cost of the additional salaries necessary. This would help to ensure construction standards are met.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7465	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Have a tourist tax in West Lohjian for accommodation.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7466	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	A very small increase in Community Charge would balance your books?? Involve voluntary groups in areas such as park management, litter picking and other low level local pride maintenance projects. Volunteers in libraries, sports centres and other community spaces may also help reduce workload costs and improve service delivery. PCOS is a false economy - especially in schools - allocate budgets instead and allow schools to determine suppliers etc - could this be helpful across the council? At the very least review costs and suppliers on this list. Are other centrally agreed costs worth a look?	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7467	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge visitor levy.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7468	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge tourist's money for staying in hotels.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7469	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Explore having interesting and fun events that will encourage WL tourism	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7470	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Promote West Lothian tourism as day trips from nearby cities such as Edinburgh and Glasgow, highlighting historic and scenic attractions that are often overlooked.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7471	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	For PEDR, fees could be increased for pre - planning application advice, particularly for larger / major applications. Prioritising Planning Enforcement time for following up unlawful development which leads to the submission of retrospective planning applications could bring in additional planning fees (including a 25 % surcharge). This could be done instead of applying (and subsequently enforcing) planning conditions which are covered by other services and legislation (such as road conditions and noise). Changing the planning scheme of delegation protocol, so that local applications recommended for refusal cannot be called to Development Management Committee, would ensure that appeals of these applications are heard by the council's Local Review Body and the fee is retained by the council. This is instead of committee refusals being appealed to the Scottish Government DPEA and the council losing the fee to the DPEA.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7472	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Promote and enhance offerings at council owned facilities, creating a fund for community groups to give a discount but raising charges for private hires	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7473	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	however i do think people who can pay for services should pay, ie free personal care for all!! Should be looked at as people who receive benefits such as disability allowance should be paying for this as the money is given to assist living independently but is treated more as income.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7474	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Creating more residential beds in the residential house4 which would enable the council to return young people from external placements to their local community.	Corporate Policy and Resources	6. The respondent suggested an improvement. Officers will consider how this could be developed.
7475	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Utilise services already available. Put on events that generate income that residents want to be a part of.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7476	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Maybe actually offer affordable rents to businesses in the area! I live and work local, and the council teams have never once supported me or my business with potential premises!. Shocking as they are staffed with people who just steal a wage instead of earning a wage	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7477	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charging higher rents of buildings is a big no, the services some of these buildings provide make the communities, clubs and people meeting socially. They are stretched enough as it is. This will only stop the clubs ect being able to operate. The gym is ridiculous the prices considering how outdated the stuff is, you need to reduce the prices there and the swimming and more football would come. Jailhouse partnership centre is a great example of price range and it's always busy. We need the council vehicles and equipment to be up to scratch to take care of the communities. Try looking at lunches that are out on for meetings, travel expenses claimed back ect by the higher management teams. All expense paid events this is not how the people agreed for their money to be used. If you want social events fund it yourself	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7478	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a - increase garage / lock up rentals to a more realistic amount	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7479	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Start charging for Out of hours repairs visits that aren't actually an "emergency" ie a really bad leak that's just a drip etc to minimise people abusing the service	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7480	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I dont necessarily agree with increasing charges. However you could consider extras as you did when you began charging for garden waste uplift. Target the service user, not a per head approach. PEOPLE ARE SKINT ENOUGH!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7481	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Higher rents for council lock ups as these are a Luxury rather than a nessesity.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7482	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Be careful that you do not constantly keep hitting those of us who work but earn just above minimum wage we have very little disposable income and with the recent holiday debacle in the council I am earning less than three years ago.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7483	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Build a statue of a camel with a goldfish head and place it Craigshill, call it the golden camel and charge 25p to take a picture on it Also charge the people that complain about west Lothian council on Facebook a £30 annoyance fee	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7484	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	• Income - raising measures should align with prevention goals and must not widen inequality	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7485	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Council tax increase isn't always the answer as many people struggle as is to pay the current fees therefore putting more pressure on families.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7486	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Agree with generating or increasing fees where this would help communities and council but wary where this could negatively affect communities and behaviours. Charging for garden waste uplift as part of food waste collection has had negative impact on many and wonder why paying extra for a bin that is already being collected and all contents going for compost!!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7487	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Stop the boats crossing the channel, close the migrant hotels and HMO's, deport anybody that is in he countriy illegally. We can 't afford it anymore.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7488	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Host special events with donations on money.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7489	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	focus more on communities and public relations projects that could bring in revenue for local councils	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7490	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Revenue generation -public/private initiatives	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7491	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Service delivery models - co - production	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7492	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	yes = but within reason and not go monetising everything they can because they can. There are lots of ways for the council to raise cash - it just needs the right person in the right job to so = firstmost it would be better to stop wasting money and instead of penalising everybody that wants to use the council car park, penalise the few people that benefit the most from council spending on top heavy management / expenses / waste / fiddles (who is getting back handers for all the sets of traffic lights set out every friday until monday with no road work being done in between)?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7493	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Look at least used services and remove them reallocating cost savings to other areas such as waste management and keeping the streets clean and tidy	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7494	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Braid House provides essential support social activities and respite that we couldn't get anywhere else. Any increase in fees must not put this service out of reach for people who need it most.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7495	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increased fees means we are unable to fully access enough days in the service if budgets for help for families is restricted we have to protect our older peoples services like Braid House Day Service.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7496	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Braid House provides essential support for respite and social activities which allows me to interact with my own peer group. As a newly started person I hope that this service does not get taken away. It's given me a new life line.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7497	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Generating income is important, but care must be taken to protect essential and cost - effective services like Braid House. Any increase in fees should not put vulnerable clients or their families at risk of losing access to vital support and respite. The council could explore alternative income sources.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7498	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Selling toys for people who are in need and the money going to the Council	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7499	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Investment in solar wind water heat	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7500	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We are already pay lots in service charges with reduced facilities. I have just bought a new home comparable and will have an increase in council tax just because it's a new build. West Lothian does have a massive tourist attraction /presence that justifies adding additional charges to tourists more likely to put those who do come off!!!!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7501	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	You want to put charges up yet people are at breaking point with food prices heating, electric, so if the top managers stop taking big bonuses there would be more money to fund things without charging the working class.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7502	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Tenants are paying too much just now	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7503	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase charges fir doing xxxx all that 's a joke	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7504	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Mabey a very small rent increase I know this had just been done but the amount of homes even a £1 increase a month should be a good excess of income if put in separate pot.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7505	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Stop trying to cut things like Community centres, that will cost you money in the long run and is a back door way of shutting them. You haven't even done a proper cost efficiency. I don't trust you	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7506	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Cost of living has affected everyone enough	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7507	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We are sick to death of constant rises and don't get the same services.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7508	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	It's all about money tennants and landlords don't get things done right it money money you need to cut your staff	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7509	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We are living in a society where the rich are getting richer and the poor are getting poorer. And you want to charge us more?	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7510	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	WL residents have been bailing out the Councils financial mismanagement for years, the more you take from us the bigger your purse to mismanage! Individuals have had to adjust their living costs in this prolonged cost of living crisis with some having to choose between heating their home or eating, or having to go hungry to make sure their children are fed and the Council are no different. Start using funds appropriately to provide the required services and justify the bonuses & above RPI wage rises given to staff whilst the vast majority of households are juggling with less as they have not seen wages rise in their industries whilst the cost of food, utilities, daily commute, etc have risen dramatically.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7511	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	inflation is already too high and lots of people struggle for money	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7512	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Raising charges will discourage the usage of these services resulting in false 'savings '	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7513	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I dont think the council should spend much time on looking at further ways to generate income but instead focus on maximum the income (and improve efficiency) on income already coming in. More revenue is weighting alot on the community and upsets the community. Build on what is already in place and other external growth and investment opportunities to help the community. There is a huge amount of growth in the community make sure that new revenue is coming in and being maxed. Nothing new to further tax the community as I think that area has already hit the top of what can be absorbed!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7514	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Some charges are vital and must not be cut.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7515	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I already feel ripped off, and see the council doing very little of value. I think the only thing the council gets right is the bin collection... So what ever else the council is doing cut it. Maybe one day I'll see one of the pit holes get fixed	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7516	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People are already feeling the squeeze and while I appreciate the need it feels like punishment for "payers "	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7517	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Not sure of this is likely to be a productive way forward and might lead to considerable beaurocracy to set up.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7518	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Impractical and ridiculous with the current cost of living!	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7519	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a - rising costs for everyday services = reduced footfall in towns.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7520	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Raising fees and charges isn't always the answer people are already struggling financially	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7521	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Give employees freedom to be prop active, creative, vocal about opportunities to generate income. eg cafe at rosemount could have ben viable if people had known about it.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7522	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree there are opportunities for raising funds by charging for additional services but care must be taken not to create barriers for our poorest communities to access open spaces and facilities as they provide so many benefits to our physical and mental health and wellbeing. For instance, charging for car parking at the county parks is not a bad idea but alternative methods of travel to these spaces needs to be addressed so that it remains equal and fair for all to access.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7523	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The suggested increase's outlined previously, while obviously not going to be popular, I can't think of other ways to generate income	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7524	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Again increases are inevitable but mainstream services must be affordable	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

7525	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fix empty houses and fill this increasing rent received.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7526	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Not charging all owner occupiers in certain blocks factored by WLC - no consistency in charging if at all.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7527	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Revenue generation - community asset use	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7528	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	yes but in centres some groups cant afford high charges in community buildings raise money but spend wisely not on salaries	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7529	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	you have recently stuck a charge of £50 pounds on our brown bins collections and the result of this is very noticeably by fly dumping or garden waste., as far as I am concerned the council really need to look at the staff running the various departments, as it is they are not giving value for money.. the transport department are one of the biggest wastes of council money, the amount of vehicles used by the council is shocking, I stay in seafield and there was an instance at local (underused) community centre where some minor repairs were being carried out, there were THREE council vans in attendance for the whole day, that was a van each for the electrician, one for the joiner and one for a plumber, couldnt they all have come in the one van, and you see vans parked up at nights at workers homes, free works transport, sorry i could go on but departments really need to look at the way things are run to stop wastage and make savings.. it would be a start.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7530	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase social housing costs and review if the housing housing is matched for the relivent applicants.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7531	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Think opportunities through parking fines, so many people park across towns. Have roaming wardens.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7532	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Again people depend on these services it 's absolutely terrible that you need to pay for your brown bin. i had a brown bin as i grew my own vegetable but had to give it up as i couldn 't afford to pay for the service.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7533	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Does the council charge employees at civic centre for parking? Engage effectively with community councils.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7534	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think some of these could be reviewed. However. Some seem excessive! But if we do not want to live in a slum we need some of this funding to support tourism and visitors and make an area we are proud to live in.	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7535	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Visitor fees are good ideas but some fees will cause more issues than they are worth such as parking and waste where in increases fly tipping and parking congestion in other areas	Corporate Policy and Resources	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
7536	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Making more primary students pay for lunch	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7537	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Introduction of nominal charge for school meals in primary schools for families out with any financial support / benefits.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7538	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Change fee school meals to P3 rather than P5	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7539	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The amount of money the private companies are making from parking and land banking is criminal. Tax on large land land owners and car park operators No to visitor tax not a big industry this area	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7540	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fee from Edinburgh airport to compensate West Lothian residents from the chemical (fuel dispersal) pollution & noise pollution from flights crossing West lothian.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7541	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Littering, parking, fishing, dog licenses, mandatory cycling proficiency test. Additional taxes for professional road users, taxis and buses who use the roads more often and have dedicated lanes. More speed cameras. You could make your entire budget deficit on the A71 alone. Instead of decentralised pest control, book private jobs. 70 / 30 split between council jobs and private jobs. The same with garden services and home maintenance. Your employees are doing 'homers' anyway, so why not cash in on it?	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7542	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I reiterate my point on exploring charges for non - statutory care services Merging into a larger council e. g Lothian and introducing a tourism tax for edinburgh would generate significant income	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7543	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase tax on the rich.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7544	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Should be looking at the benefit system and reduce some finances depending on personal circumstance, to encourage people accessing support back into employment.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7545	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Consider residential parking permits, property tax on businesses if not already in existence, review of council tax.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7546	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	However, the public are fed up of increased charges for services they expect from local authorities. Longterm promises about reviewing and improving Council Tax have never been delivered.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7547	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Could the community centres be like most clubs these days. Pay a small yearly subscription to become a member and use the facilities. I'm happy to pay more, but people need to see that paying more is for the better and can see a significant change for their money.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7548	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	All housing should be reassessed for council tax banding and pay correct rate. Appreciate this isn't in the gift of WLC. But many 4 / 5 bedroom properties are being as G / H however when compared to old properties this is significantly disproportionate to older and extended properties that have not. Let be honest Council tax is a bit of a mess but WLC should be pushing with Scottish government	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7549	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase fees for building planning applications.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7550	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Challenge rates given to WLC, to ensure value for money on all services. Reduce pension contributions made by WLC.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7551	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	charge more tax on shops	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7552	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Make businesses pay council tax	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7553	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Work already underway looking at factoring charges for residents in flats and potential alternatives for laundrettes	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7554	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Perhaps a fee on all properties sold in West Lothian to people from outwith the county? Increasingly noticeable in West Lothian is the number of people who move into the area but are working and living most of their life in Edinburgh / Glasgow / Stirling etc. Unsure of the legal viability of this, but from West Lothian once being full of strong communities it is now little more than a collection of commuter towns for mostly Edinburgh and Glasgow, with lifelong residents being pushed to smaller towns and villages as a result of the increase in property demand.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7555	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	but what are you using the money from the extra charges for? because i know it's not my groceries or wi - fi and electric bill. i can certainly agree that i need this money a lot more than you do	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7556	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Legislation introduction to charge litter offenders £2, 000 per event detected by legally enforceable cameras. Reopen facilities and charge a reasonable fee.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7557	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	i would be handing out tickets for all those who park on double yellow lines beside the new asda garage beside the centre. Im sure that would help. i would also cut the free bus travel for kids after 5pm. Not only would it save money it would cut out some of the anti social behavior	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7558	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We already pay enough in taxes and fees. Why can't individuals on income support / unemployed be used to assist in low level council tasks. Litter picking, keeping our paths clean.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7559	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Then get rid of factors in new build estates and just increase the council tax for everyone and that income can go to normal council running including looking after the grounds in those estates but also making sure that local services are then catered for instead of factors robbing people. this money can go into a community pot rather than a nice street pot and means everyone benefits. Don't start cutting services looking for a quick saving.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7560	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We need to look at charging big companies extra for empty buildings on business rates.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7561	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	There are enough car park charges in Livingston and they seem to be monitored by English companies, this doesn't look like it is a benefit to West Lothian Council. We still have to repair roads and carparks and the carpark companies don't appear to pay anything so this is a cash cow for them. Make them pay for some of the overheads.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7562	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge for swimming pool lockers	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7563	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Community centre charging fees need to be addressed in any new model of operation going forward. Classification of groups and spaces needs to be clear, costs need to be fair and affordable and consistently applied hence definition of spaces for hire and classification of groups is key.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7564	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Renting out community centres at attractive rates.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7565	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes I think they should charge more for room hire in community centres and deploy contactless technology to further increase savings. Councils run community centres like its the year 2000 and don't utilise contactless bookings, offsite cameras or centralised bookings for all community centres. Further savings can be made by getting rid of management committees that keep the hire money while the council pays for the upkeep of the centres	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7566	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increase fees for fly tipping	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7567	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Financial punishment for utility companies / contractor's entering the road network without a valid permit.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7568	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Sometime you need to spend money to make money so I would suggest. Put cameras on all traffic lights and fine everyone who goes through a red light. I can't say how many times I have been close to being run over with drivers jumping light.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7569	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charging more for transportation	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7570	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Commercial vehicles should not be allowed to park in residential areas. Start charging the businesses for permits to allow their employees to take the vans home.	Corporate Policy and Resources	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
7571	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes, but not for workers or council workers - levys only work if you have something worth visiting - there is no point putting a levy on west lothian just to visit the place. You could outsource services	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7572	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Whatever you decide, make it progressive (so richer people pay more).	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7573	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Blanket increases of fees and charges are lazy and unfair to working people who are already taxed up to their eyeballs. Scotland has the highest tax liability in the UK	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7574	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a gives no indication which fees you are targeting, so it's difficult to give an informed view.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7575	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	To raise fees and charges needs to always have consideration on the classes and demography, last thing the council wants is to burden less safe financially people. But certainly an option.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7576	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increases in user fees should allow for reductions in council tax as services will be paid for directly by those who use them	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7577	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Making Broxburn more interesting to visit, there is nothing in Broxburn to visit, Perhaps a cafe for people to enjoy and you making a slight profit	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7578	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The council should be careful to not increase costs in the most vulnerable. Carefully consideration is therefore needed on how you raise income	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7579	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Charge businesses but no charges that hit the general public. We pay enough we shouldn't have to pay to park at work or pay to use council ran car parks and no more fees.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7580	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	If new fees are introduced, they must be fully transparent, with a clear breakdown showing how that money is reinvested locally. Income generation should complement efficiency, not replace it. The Council should prioritise fairness, sustainability, and accountability in every decision to build public trust and protect essential services.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7581	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2A may reduce people using car parks and encourage parking on residential streets. Holiday tax would be suitable if set at the correct level	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7582	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I can't understand why we haven't already brought all of these measures in!	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7583	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Nothing should be off the table however hard that is to swallow.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7584	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	increasing charges elsewhere seems to be challenging	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7585	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	increasing fees what is meant by this increasing council tax fees? So people who are out working try to better themselves are the ones to suffer when you have so many out of work getting eligible 2a, free school meals and clothing grants, they already get all their benefits paid ect it's not right. There needs to be more for the working people to make it more desirable to pay more to the councils. A good way could be if your a council band (one of the higher pays) you get so much discount from xcite, or local amenities. People on benefits can also get access passes for xcite with their benefits so why not make another pass for the working people. It would generate more footfall and keep the gyms / pools going also. All we seem to see if Bathgate is roads being dug up but never improved, how much money goes into these projects. If it is gas works ect why not make them have to pay a council fee for lifting the road and set a standard to ref	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7586	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Look for ways of generating income shouldn't necessarily mean an increase in charges. Be more efficient.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7587	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I agree that there is benefit to increased advertising in council owned property and facilities, however I feel that the other suggested methods are too unfair on residents of West Lothian Council and should not be implemented.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7588	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Many disabled people rely on council services and already face higher living costs. Increasing charges for essential support would create more barriers to employment and independence. Income should be generated through tourism, commercial partnerships, and efficient asset use rather than increasing everyday costs for vulnerable residents.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7589	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	With the cost of living at an all - time high and the minimum wage exceptionally low considering, I would like to think that the council would not want to put the burden onto the working class and try and charge / fee them anymore than they are.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7590	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	To a degree. Understand services need to be paid for but it is the fairness of it all. If green issues on the cards why charging for the bins. Feel increasing fees is difficult as groups can be paying out thousands in monthly charges... can this lead to losing groups?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7591	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Not to increase charges and fees to charities that use any council services or buildings though	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7592	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Yes the Council should do this but not at the cost of the public.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7593	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think the council should look at alternative ways of generating income rather than increasing costs to individual households in the first instance. A lot of families operate to a budget and an increase in living costs could be problematic to those already living month to month.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7594	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	These should be means tested, not everyone could afford to pay more for essential services eg pest control. Keep it simple though eg do they receive benefits, not a CT discount the threshold for this is too high	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7595	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Others will inevitably take more money from the public pocket at a time when people are struggling.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7596	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Carry out expansions of already standing buildings instead of building new ones. Look at geographical areas that could benefit from extra provisions that could create more revenue for the council i. e a swimming pool in the east Calder area.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7597	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Be visionary and forward looking. Only by creating a vibrant community can we look forward to a better future. Constantly looking for cost cutting without looking at ways of making things more effective and bringing in an income will just lead to a downward spiral.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7598	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The focus appears to be entirely on making savings with no time or focus on how to increase income.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7599	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a - depends what the charges are. I wasn't against the garden waste charge	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7600	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I hope contract administration won't cost more in time, money and attention than it yields. Neither should fees deter residents from using services.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7601	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	What are the current fees and charges?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7602	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fees should only be raised if the level of service can be made better than it currently is.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7603	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I'd be happy to pay extra if I felt I was receiving something in return but this is definitely not the case at the moment.	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7604	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	what would be the new fees and charges that you expect to introduce - we pay for everything now anyway	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7605	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fees and charges should be standardised for all and not means tested for day services. That is, kept low so that all can afford but would generate income across the board.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7606	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increases should be no more than the current rate of inflation as measured by CPI.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7607	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a - specifically what?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7608	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a) more information required required brown bin charges could be reduced by half if people shared the brown bin	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7609	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increasing charges / fees (2A) is very vague... to where?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7610	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Again, this question clearly highlights that this is not a serious consultation but rather a PR exercise in trying to generate the answers you want. It's disgraceful that you are trying to get agreement for "extra charges" for unspecified services with no costings. Absolutely no private enterprise would be able to put forward a proposal like this. I can't imagine a contractor would pass the council procurement process by saying their fees were for services yet to be determined, and at a level to be confirmed at a later date. Similarly a proposal to tax work parking spaces in a region with woeful public transport services is a shocking idea, and punishes those working and at the lowest income levels. Similarly a visitor levy is a joke - whilst possibly justifiable in Edinburgh, it's simply an additional tax on an already struggling leisure sector	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7611	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	While generating income is important, increasing fees and charges would place further strain on residents already facing significant cost of living pressures.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7612	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Raising current prices and charges will only anger residents.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7613	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	These fee increases would effect those that have little money to spare	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7614	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The cost of living is so high already most people cannot afford anymore expenses.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7615	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Any additional costs would be very unpopular in the current economic environment. Any increases must be explained in such a way that any extra costs have a positive effect.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7616	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think the council should look for ways to generate income but not via additional fees, we already pay for our brown bin and an increase on our council tax. We are seeing less services provided and paying more. It is the responsibility of the council to manage their funds accurately and years of mismanagement by the council now means the community has to pay more. The council should stop outsourcing services, private companies charge an exuberant amount of money and although you do not have salaries or pensions to pay you are paying too much to private companies who are charging for extra employees on jobs, not required. Perhaps increase the hours of council employees to be in line with private companies, there are a lot of council works who have been in the employment of the council for too many years and know how to work the system.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7617	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	With councils facing financial issues so are every single household across the country. When you raise your costs, it raises the costs for us also. The cost of living is difficult enough nevermind more charges. There must be a better solution.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7618	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Stop using citizens of west lothians a cash cow we already pay the council more than enough	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7619	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Our purses are squeezed enough!	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7620	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increasing what ever else it was - people are struggling day to day.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7621	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People have no money as is you are creating more unrest and more unpaid bills by increasing, if things were actually lower you would have a better turn out if paid bills	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7622	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I believe income could be generated but not answering yes as I do not agree to raising charges. Maybe reviewing charges and making it fairer across the board instead of penalising new builds	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7623	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Fed up living in Linlithgow and costs rising with services offered decreasing.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7624	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	You wish to generate income but you are only taking more money from the people that are already paying for poor services.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7625	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Public opinion was extremely negative regarding the new charge on brown bins. With price increases across the board for the general public, it is becoming increasingly difficult to maintain a standard of living. Surely all the projected potential incomes would cover the charges and fees you are proposing.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7626	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Raising fees and introducing more gives a view of being ripped off Especially when services are being cut back and not delivering in specific areas	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7627	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The people of west lothian should not be footing the bill for the councils failures and the administrations financial gap	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7628	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	WLC trying to offset their inefficiencies by charging the ratepayers. That'll not go down well with the public!	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7629	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People struggle as it stands right now. So adding further charges will have more people in poverty. Some of the services such as community centres provide outreach support networks	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7630	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	2a - You want to increase the cost of living to residents during a cost of living crisis??	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7631	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Its always about costing tax payers more	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7632	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Raising prices reduces use off service. Increase value for money. Everyone is feeling the pinch of rising costs so raising prices will only facilitate more poverty	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7633	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Some people in benefits as myself struggle to get from one payday to u / c day	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7634	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Everything is so expensive as it is.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7635	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	It is not always to the benfit of those who live within the allocated council. As some if not most of those that stay within the council area are living under the cost of living. I understand that there is a need to put some increase on to changes but I 'm am sure there are other areas that should be looked into before costs are added.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7636	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	As my previous answer, it can 't be about raising revenue from citizens and discouraging tourism into the area.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7637	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Reducing costs is what is required charges are very high at the moment and increasing them will just burden the residence.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7638	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increasing fees is unfair and targeting the people living in west lothian	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7639	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Increasing fees for those hard working families that already get taxed on everything.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7640	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	WL residents and employees already pay high taxes, council taxes, energy bills, and so on. Adding extra charges or invoking a tourist charge is not attractive in any way. It just punishes WL residents and tourists for our own government mismanagement.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7641	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Look at waste and efficiency of all areas before assuming extra chargeable be the solution	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7642	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	A trial period maybe, to see if the revenue is there before making fees and charges permanent. Currently today people are facing costs increasing significantly and not getting anything extra for paying more. Unless people can see the money being saved and out to good use it may just add to peoples frustrations over the financial crisis,	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7643	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Additionally, to suggest West Lothian has the among the lowest charge rates is simply untrue in many case. Garden Waste Permits cost more in West Lothian than most other neighbouring authorities. Uplift charges for waste are among the priciest in the country.	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7644	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	its going to put more financial pressure on people already struggling	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7645	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	generating income from increasing fees or generating new ones for WLC citizens will only increase the poverty.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7646	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	You're adding to the already cost of living crisis little by little	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7647	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People are struggling as it is why ask for more? It's about cutting costs	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7648	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People are struggling with cost of living now, other additional costs would have dire consequences. We need to look at what we are already paying out and either cut completely or reduce.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7649	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think the income they have should be better managed first before looking at generating more by new charges or fees	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7650	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Proposals are only to contribute a small proportion of savings versus an adverse impact on people	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7651	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We already have to pay fees to the council for all living expenses, you want to increase these?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7652	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	We pay enough for very little in return. Vital services are cut or non-existent but yet we are expected to keep paying more into the council. I've lived in West Lothian for a decade and I've never seen it look so run down and dirty	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7653	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	but the rest is just penalising the poor!	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7654	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Depends on exactly where you target the income generation. Increasing charges on xcite for instance could lead to lower uptake and we have already lost a number of leisure facilities. Similarly increasing council tax needs to be balanced against the wider wage growth position given the current pressure on households.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7655	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The people already impacted and under great financial pressure with the inflation	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7656	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Not enough has been provided on the revenue. Do not add cost pressure to users of services. Add it to the overall council tax bill instead.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7657	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	That will not help the people who have a low income to live if they do this and will make single families and families struggle more if they rise above.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7658	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	You increase council tax all you'll do is drive people out of the county and thus reduce income. Raise whatever charges you want but what's the point if we as residents aren't getting anything extra? This is to fill a gap because someone in WLC can't count and spent too much money that you're trying to claw back. You've not mentioned in any previous surveys or in bulletins that you wish to hire more staff to increase productivity or anything else along the lines of improving services or reducing wait times for housing, repairs, upgrading facilities, etc.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7659	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	as I have already stated, your suggestion of charging more is a joke as it is only the honest hard working folks that will pay	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7660	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Im not sure these initiatives will actually benefit and it will negatively impact users	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7661	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Council charge for everything increasing prices is not a smart move right now as trust is very low between council and residents of West Lothian.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7662	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	however, charging in other areas seems unfair	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7663	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People pay way too much as it is for services	Corporate Policy and Resources	9. The respondent made a comment on the survey question

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7664	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Joke already that cost has gone up and services cut	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7665	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	People are struggling with the current cost of living and charges. Adding further expenses is not going to positively contribute to life when benefits are not being seen.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7666	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Thousands of houses are being built and these companies should be putting more than they are into the local areas.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7667	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Tenant can't afford it	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7668	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Raising fees can be considered when all other options for increasing income have been utilised. Often people just opt not to use a service if the cost is prohibitive	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7669	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Because the local population are struggling to leave day - to - day food is expensive to live day - to - day is getting harder every time	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7670	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	What fees and charges are you considering increasing and why cant you put a figure on the sum you could save?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7671	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	I think where your proposing to generate money will only hurt the people of West Lothian	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7672	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	WLC's charge for uplift of garden wastes eg grass cuttings, hedge trimmings offends me! This reeks of desperation and is so unjust in this cost conscious climate. I am fortunate to be able to compost my garden wastes and avoid this disgraceful add on charge.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7673	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Local Visitor Levy - what level of places are there in west lothian to apply this to that could generate enough of an income?	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7674	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	What tourists come to west lothian	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7675	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	As for a visitor levy, how would that be enforced and administrated.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7676	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	Some services like home care alarm service has already become almost unaffordable to many who rely on this service	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7677	Theme 2- Generating Income	2a - Increasing current fees and charges, and introducing new fees and charges.	The cost of some services have already increased to almost non affordable for the people who need them example is the home care alarm service many need this for peace of mind but struggle due to low income. Raising in some other areas are acceptable.	Corporate Policy and Resources	9. The respondent made a comment on the survey question
7678	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	• Implement staff parking charges at prime council locations, with exemptions for lower grades and Education Staff	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7679	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes generate fees, increase parking fees	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7680	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I only agree with car parking charges but not at hospitals.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7681	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree with car parking fees this could help and may improve the roads as some places are a nightmare but prices would need to be low to still generate people to visit.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7682	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Some investment in the country parks could drive back money in tourism. We have fantastic resources in Beecraigs, Amondell, Polkemmet. A small parking charge which is reinvested in green spaces, parking membership options for local residents.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7683	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	This is a sensible approach.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7684	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charges, yes with a Small fee need traffic wardens and more Policing	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7685	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car park charges would be good at low costing, need traffic wardens & more policing	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7686	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	workplace parking levies are a start as long as these are directly invested into improving the local economy as opposed to standing still	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7687	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	You could put in parking metres such as the private carparks with an hourly charge	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7688	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Like the suggestion of charging for car parking spaces at work more people need to use public transport.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7689	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	This needs to be done carefully as to not adversely impact on small, local businesses and further degrade town centers. For example, parking charges in Bathgate may prove a disincentive for people to shop there as many in surrounding villages rely on cars to get there due to poor public transport links. These populations also rely on cars to get to necessary amenities such as doctors and dentists.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7690	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	You need to pay for parking everywhere else, so why not? We will need wardens for nearby streets to ensure that residents can still park near their homes without obstruction.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7691	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for parking is reasonable if public transport is suitable alternative	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7692	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Definitely start charging for parking, especially at St John 's hospital.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7693	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree with every statement here.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7694	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charges at council owned car parks, as long as these are reasonable.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7695	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Council car parking charges should be a good idea, just not for staff car parking for work	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7696	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Make council workers use their own vehicle 's and pay parking charges if they choose to go by car like private sector workers do. #	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7697	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges for council car parks seem a reasonable option but only if kept to a low cost.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7698	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	These have already taken place in other local authorities so it make sense to come in line with, but not extend beyond other local authorities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7699	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge drivers for parking on the pavement - this would generate a huge amount of money. Charge all the marches a ton of money for their ridiculous out dated processions. Stop spending money on galas, road closures, burning, clean up, staffing	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7700	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge for on street parking on high streets and other busy areas - meter for visitors and permit for residents. This makes sense from a congestion and turnover of parking spots perspective. Would also raise revenue	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7701	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charges are a must to reduce pollution and to support public services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7702	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge staff for parking, this happens at Edinburgh Napier University with Ringo.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7703	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Raise these services especially visitors. Introduce a reasonable fee for car parking which can in turn to towards building new car parks.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7704	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	.Parking charges aswell is a no brainer.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7705	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking has always been free in West Lothian, so this may come with a lot of negative back lash - however i feel it is a solution better than others	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7706	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charges need to be reasonable in a similar way to what they charge at Almondvale centre or a neighbouring authority such as Falkirk who only charge up to 3pm which means workers pay something but not being penalised for longer days in the office.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7707	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	It makes sense to charge in Council buildings, it creates an income.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7708	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introduce on - street parking charges and have these enforced by officers randomly attending.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7709	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	charge for parking (introduce day or half day charges in current free car parks)	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7710	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge for parking to allow longer than two hour stays in central Bathgate	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7711	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	introduce on - street parking charges and have these enforced by officers randomly attending.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7712	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Get speed cameras and parking attendants all over the county.... You will make a fortune and the place will be like Oxford in no time.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7713	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Re - deploy traffic wardens within west Lothian to stop dangerous and nuisance parking and increase revenue.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7714	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes, employers in the area who provide parking on council grounds should pay for this. This would generate income. Also, providing after school clubs or activities for children in already opened council buildings, and charging a fee for this - this would be beneficial for both parents for childcare purposes and the council for generating income.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7715	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge for parking in central Bathgate to allow longer than two hour stays and encourage people to visit town centre.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7716	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	It looks like the largest income generation project in this section would be charging for staff parking. This should be looked at across all council sites. Even a minimal £1 a day would create a reasonable income.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7717	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree on parking charges etc	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7718	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	agree with all suggestions	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7719	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Workplace parking levy is a great idea. You should also pressurise scot govt to allow a levy on car parking spaces at out - of - town retail and leisure, which would also benefit local town centres greatly	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7720	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree about the parking charges, the shops that are using car parking isn't free, there is a need to pay more as the councils have to fix issues where the spaces need holes fixed the employees should pay as well, maybe a daily charge while areas could be used to park cars vans and other vehicles, while I had moved away to be beside my daughter nurses were having to park in a street because of the over flow at the hospital some had had there cars clamped we need our hospitals to let the doctors and nurses have a place to park, so I do agree that folks should pay for parking. ~~Recharge with electric cars and not need to pay to charge the machine other than in the street~~	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7721	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree with the suggestions made	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7722	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I'm open to parking charges at council owned car parks provided these are minimal with option for cost savings if purchased yearly, and appropriately enforced by parking attendants. people already park in non - parking spaces in these locations and abuse the system	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7723	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking fees to country parks / fines for parking when gates are closed, introduce parking wardens.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7724	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Open the staff car Park at centre at weekends and charge	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7725	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Keep increase to a minimum but be transparent in how costs are arrived at. Eg parking fees should cover cost of maintaining car parks but not excessively more than that	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7726	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Workplace parking levy should be looked at. £2million in income could be generated yet you are keen to look at car park charges for public car parks and not work place parking levy? Makes no sense. Punishing public and not the businesses. Parking charges for CERTAIN public car parks where congestion is highest but not for all where locals need to be able to go about daily life or for areas of recreation.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7727	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges and wardens need bring back into council control. The money raised for this could be phenomenal as West Lothian is a law to itself currently where parking is concerned. Need to make more out of centres and schools allowing from clubs to run from them and charge these for the use	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7728	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	A workplace parking levy should be introduced at the maximum permitted charge. Such a charge would have a powerful environmental impact, as Council employees across Scotland seek to minimise their travel.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7729	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge for parking on Council owned carparks in line charges levied at private care parks.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7730	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I am sure that you are considering the likely consequential impact of new levels of charging for services and have estimated a net overall benefit eg recent restrictions (and therefore those immediate savings) in local recycling centres set against the cost to prosecute increased levels of fly tipping. Increased levels of car parking and similar parking and other road safety violations must be prosecuted urgently and fairly, generating income to be spent in those areas on vastly improved park and ride schemes. All road and public path users who have the capacity to cause hurt to the general public to be required to have insurance in the same way as a car currently does eg cyclists, dog walkers, electric scooters.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7731	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think it's fair to charge at car parks	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7732	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Perhaps car park charges and advertising, but dont over do it.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7733	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charges such as parking in Council car parks should be a priority as in this day and age free town centre parking is unheard of.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7734	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not supporting 2a but the other options. Feel pay enough council tax and additional fee for bins	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7735	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes reintroduce parking wardens for illegal parking, with the proceeds of enforcement fines being paid to the council deploy these officers in multiple areas, with the amount of Vehicles on the road this could recover vast sums of money.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7736	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking. Not sure why WLC has out sourced parking in Livi, but other LAs will surely be able to gain some money back.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7737	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introduce parking charges and fines. Across West Lothian on a daily basis I see examples of dangerous and illegal parking which go unpunished. Having lived adjacent to the A89 for 25 years it has turned into a race track.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7738	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge for parking and enforce it, permitting longer paid for parking to bolster high street shop revenue. Where public transport options are strong charge for workplace parking.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7739	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Enforcement of parking legislation and the issuing of tickets for those who park inconsiderately and dangerously	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7740	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The fees charged in respect of all discretionary services should be those necessary to meet the cost of provision. I agree that charges should be levied in respect of Council owned car parks. This will ensure that there is a greater turn over of cars parked and ensure that parking is more freely available for users. The costs charged should related to the cost of provision, maintenance and regulation	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7741	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think parking charges providing they are reasonable would be a good idea. I know the area I live in it is really difficult to find parking and people are parked of curbs and pavements some of which is unsafe.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7742	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introduce car park charges to all council car parks. Reintroduce traffic wardens	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7743	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking meters at Country park locations would generate income. People do expect to pay something so even if it was £1 per car it would generate a reasonable amount.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7744	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	NPR and country Park car parks for Smart Parking charges I allow corporate sponsorship of areas like Beecraigs and Polekemmet	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7745	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b - Feasible, but protect town centres and blue badge users and / or payment only by non - residents	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7746	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7747	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	as is charging to park in council car parks.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7748	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Raising parking fees needs careful thought when bus transport is so inadequate	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7749	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think the use o car parks is fine we have to pay for cararks every where.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7750	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I had already suggested charging for parking	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7751	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges are one way to do it and allowing residents to share in fines for civil infractions like parking fines by empowering residents to report them to the council for action.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7752	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	parking at Beecraigs etc. charge for it	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7753	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	There are ways such as Carpark charges - they done away with parking wardens but the amount of illegal parking is horrendous - get back to fining people. DO NOT GHARGE PEOPLE AT THERE WORKPLACE!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7754	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introduce a fee for using WLC car parks, ensure any debt owed to council is recovered quickly from the offender,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7755	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Increasing car parks charges,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7756	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges would be a good place to start	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7757	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	If you started fining people who park illegally you could make a fortune. You could do this by utilising police car cameras, asking people to send photo 's in of cars parked badly to a centralised office (someone could work from home to do this if they have a disability). A letter could be sent for a first offence and then charged for all future offences	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7758	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	As you say in council car parks make employees pay for parking	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7759	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introduce car parking charges or fine car owners who park in areas not designated as parking areas e. g bank of Scotland car park	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7760	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Make sure that the running costs of all services is recovered and not run at a loss, increase car parking charges to the same as other local authoritys	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7761	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	All opportunities to generate additional revenue should be contemplated... this should start by understanding demand from customers from products or services that you don't provide that you should provide	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7762	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Should already be paid parking at council car parks	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7763	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	1. Parking Charges, Street and Car Park Fees - ensure reasonable rate.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7764	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7765	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Hire a parking enforcement officer and give tickets for illegal parking.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7766	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking wardens / Parking revenue. Neighbouring authorities - Neighbouring LA 's make revenue to support council services. loved this.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7767	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Employ parking wardens / increase parking revenue. Neighbouring authorities in Edinburgh and Falkirk and Glasgow make substantial revenue from parking fines / charges that go both to council revenues and to supporting, improving and repairing the existing transport infrastructure. For example, Livingston and Linlithgow are major hubs for people visiting. The former (shopping - best out of city shopping in Scotland - only my view) and Linlithgow - a significant tourist attraction.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7768	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7769	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2. Introduce wardens to issue parking fines, to prevent drivers parking illegally and on pavements - extra income unknown	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7770	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charges should be carefully assessed to avoid discouraging town centre visits or affecting local businesses. A balanced approach that prioritises fairness, transparency, and reinvestment of income into improving local services would be most effective.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7771	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Profit making enterprises should definitely be prioritised although should be fully evaluated. I. e. car parking charges could lead to better environmental impacts and increased use of public transport but would also cost money to enforce.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7772	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introduce car parking charges with a reasonably low cost for short stays, the charge rising for longer stays.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7773	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Pay for parking	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7774	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Increasing charges needs to be handled carefully, to avoid impacting those who need it most. For example, at the Centre there are free car parks with time limits and paid car parks without them. The paid car parks fees are very reasonable and could perhaps be increased. However, I think it is important that there remain some free parking.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7775	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes teachers should pay to park or use public transport like employees in the private sector do. Teachers have had wage increases unlike many in private sectors. Cleaning team have also had recent pay rises	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7776	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge for all car parks as long as the charge is low, people don't mind paying.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7777	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Careful with parking fee, especially for station parking or park and ride. It could incentivise use of private vehicles	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7778	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking levy is a definite non starter. If I were to use public transport to my workplace this would add on a 3 hour journey time making mine an 11 hour day. I would have no life balance. Public transport is basically awful to rely on. I agree that council car parks should charge more. I think the size of the vehicle should reflect what you pay. The bigger the vehicle the more you pay. Another thing you could consider is to charge companies / drivers who park company vehicles on council owned roads overnight at their homes. This could generate a good income. They cause as much damage on residential roads as any vehicle and cause a nuisance. I also think if residents of council owned homes don't work they should be made to put to work for the community the live in where applicable. I'm sure the council could make big savings on work needing done / residents getting their rents paid for lounging around all day smoking weed. The council really needs to such matters to make savings.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7779	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2. Option for some Pay and display at council run facilities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7780	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Workplace levy on parking would seem a fair charge as most people now a days have to pay for parking at their work place also look at council owned car parks being allowed to charge a fair fee but also need to check that these don't stop people from using shops etc in the local communities	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7781	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for parking seems good too.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7782	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking levy's would be a good idea	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7783	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	There should be a levy on work place parking.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7784	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charges in towns may help as long as it's not too expensive which will stop drivers and shoppers visiting and result in more shops closing and further unemployment.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7785	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	This shouldn't be touching Council Tax but agreed there should be parking charges on Council run facilities as well as charges for ad hoc provisions that the council provides. The Tax is high enough however.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7786	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The car parks could be more effectively priced rather than being used by third party companies to rip off local and visiting people. There is a model used in Cumbria / northumberland which works well.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

7787	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Or charge nominal parking fees for council operated car parks and use the infrastructure to provide this service for private car parks to bring profits in house rather than large private companies like RingGo.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7788	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes to car parking charges	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7789	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	reasonable car parking £1 bus travel charge £1 Taxi surcharge per trip	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7790	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Reasonable car parking £1 bus travel charge £1 taxi subcharge per trip	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7791	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Raise Council Tax Charge for parking in public spaces sell property or rent property	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7792	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Put prices up for non necessities? Like parking	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7793	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	bring back parking officers, charge public for parking on council land	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7794	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge for car parking at country parks	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7795	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	• Parking charges should be designed carefully to avoid harming town centres •	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7796	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	A small parking charge of ie 50p per day to park a car in a Council Carpark would help generate some income, similar to The Centre. It would generate income and would be affordable.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7797	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	We also think there is scope to apply modest parking charges at sites as long as people can see clear benefit in the quality of parking facilities and visitor infrastructure - paths, signs, toilets, waste collection etc.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7798	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b - as long as not extortionate & not art	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7799	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b - as long as not extortionate & not art	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7800	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes to car parking charges - these should be kept low but enforced	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7801	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The council should look at raising extra income by increasing parking charges	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7802	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Increase car parking at railway stations and charge for parking (eg at West Calder)	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7803	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	All of these proposals look manageable.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7804	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b - WLC must be one of the few councils in Scotland which does not charge for car parking. Many town centre car parks are simply used as "long stay" options by people who work in these centres. Contrast that with Linlithgow where the The Vennel car park has had charges since 1995, and brings in a substantial income for the Council.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7805	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I can't understand why we haven't already brought all of these measures in!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7806	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	carpark fees are a no brainer!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7807	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree that every option should be consider to generate income. Car parking charges are inevitable, and advertising on council properties could create a valuable source of revenue.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

7808	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I also agree that car parking charges should increase by a lot to take into account the damage they do to the environment and air pollution.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7809	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	yeah i agree.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7810	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Increase car park charges	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7811	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	More detail and consultation on proposed increases to fees and charges is needed. Parking charges seems reasonable but should be targeted to make sure it doesn't affect low income families i. e. making	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7812	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge for WLC owned car parks.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7813	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Small fee for car parking will only be worth it if effectively managed / monitored / enforced: it is commonly known in Scotland that parking fines can only be enforced by Police traffic wardens so would people pay anyway?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7814	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	All road related permits should be fully reviewed and increased by the same levels as other LAs not just a wee inflation raise.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7815	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	is a good idea as are charges on council owned car parks.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7816	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking fees would be good ways to generate income but not adding new fees	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7817	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I'm supportive for car park charges to be introduced provided they are not at a level which would cause a reduction in visitors / shoppers.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7818	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for parking and introducing parking permits could help generate income.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7819	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Let's charge parking at least daily rate Most of the cars are not local anyway and it can help us to make more money	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7820	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	If parking charge was say 50p an hour like the multi story would support this	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7821	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Definitely implement workplace parking levy	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7822	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	West Lothian has a rich history don't think we capitalise on that with visits and tourists and the fact it's on the Glasgow / Edinburgh line. We should be generating money through advertising. Yes to parking charges and let's try to help the planet cutting carbon emissions by charging.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7823	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2a and b - agree	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7824	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes to council car parks,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7825	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parks (council) to charge.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7826	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I personally believe you should look more into 2b	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7827	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't have an issue paying for parking (£2 perhaps) to use country park car parks as long as it's reinvested in that area	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7828	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree with all your ideas listed with this question, but be bolder! I would charge more for customers using fast food outlets and the waste they generate. Introduce a levy on fast food, both being consumed on - site, collected and / or delivered. The secondary benefit is that people may consider eating more healthier food, and lose weight!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

7829	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	If you do the parking thing which o dont mind paying for unless you charge a stupid price like certain car parks at the centre.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7830	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	yes to car parking charges.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7831	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think looking at parking charges could generate additional income	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7832	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for parking and using the money to improve local bus services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7833	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges for council employees only! The council are way too good to employees, although I doubt any employee would agree. It's the taxpayers money - bring everything in line with private sector!! You'd save millions on sickness pay and health care. - let ALL council employees take responsibility for their own sickness insurance policies. This alone would stop the them taking time off. In the real world, we all have to!!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7834	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree with council proposals.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7835	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Council car parks should be charged accordingly.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7836	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	A token payment of £20 a year to park in staff carparks would introduce a lot of cash, although unpopular, it would be a better alternative than job cuts. A more vigorous approach to penalty clauses in tenders might also result in payments being made back to the council too.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7837	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Just execute well. With speed and do what you say. Own these and drive savings. At the end of the day all organisations have to operate in a financially viable way or you just keep digging a bigger hole.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7838	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	charge your own employees to park, or introduce a car share where applicable, I don't mind paying a car parking fee, but it would need to be in line with other car parks	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7839	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree WLC staff should be made to pay to park their car. Everybody else does or use public transport when it turns up.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7840	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges I agree with, but then that would present a worsening illegal / inconsiderate parking issue. However this could definitely be dealt with by the re - introduction of traffic wardens. I personally don't think outsourcing services is the answer as the council then have no control of the quality of work / service provided	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7841	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	There should be a minimum £1. 00 charge on every council maintained car park including Country Parks.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7842	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Nothing should be off the table however hard that is to swallow.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7843	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	and car parking charges seem like reasonable measures.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7844	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I am nervous about making money on the use of cars when our council area is so poorly served by public transportation. However, I think there needs to be a way of getting people to pay a fair share of the infrastructure they use. Paying for parking is one way to do that, but will it cost money to enforce this, and will it be profitable?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7845	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree with charging parking fees in all council own car parks	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7846	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b - car parking charges - would be useful to know how roughly how much a nominal £1 / £2 charge for recreational car parks (e. g. all country parks) would bring in, as I think people might pay for car parking where they can spend a while and get other facilities for free (e. g. walks, biking,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7847	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Very supportive of this.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7848	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking yes should be charged for as this aligns with the private sector.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7849	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Workplace Parking Levy (WPL): The Council should actively pursue the WPL (up to £2m) as it is a significant business - side income stream and addresses congestion	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

7850	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think a reasonable car park fee is a good idea	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7851	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	While I understand that while charging at council car parks will politically be a major issue, it needs to be considered. Across the border in England, council 's charging for parking in the car park facilities has been standard practice for years, and this needs to be considered if it helps protect council services A visitor levy should be introduced	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7852	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b - car parking charge - would be useful to know how much a £1 charge would be for public car parks. / Workplace Parking Levy	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7853	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree with parking charges in public areas	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7854	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I have to pay for parking if I take my car to work why should everybody else not have to pay	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7855	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Happy to note charging for parking and advertising. I would go further and charge all including employees to park	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7856	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Increase parking etc	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7857	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge cars more to park on roads and in council parking lots. The workplace parking levy is an excellent idea - no exceptions or reductions for anyone.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7858	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	While I understand that while charging at council car parks will politically be a major issue, it needs to be considered. Across the border in England, council 's charging for parking in the car park facilities has been standard practice for years, and this needs to be considered if it helps protect council services	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7859	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking fees or permits in housing streets etc.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7860	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think charging for the use of council car parks at the weekend (particular attention to the terrace car park in Livingston) as this gets used as free parking for the shopping centre. Other areas probably in similar situations.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7861	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	charging for car parks is acceptable at reasonable rates. No more than £1 an hour with a max charge of like £6 for the day	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7862	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	parking charges	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7863	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	introduce fees for parking	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7864	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	If we need to pay for public car parks in the parks, please give us the option to do so - on a per use / seasonal basis. Time in nature and connection to it is vital for mental & physical health - stopping this services is a false economy elsewhere (health & social care).	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7865	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	introducing parking charges where relevant	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7866	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	car parking charges should happen	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7867	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes I agree with all the suggestions to increase and generate income especially council tax and levy charges.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7868	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	charge car parks.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7869	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges - fine - but what is the implication for chasing non paid fees does the cost of managing this outweigh benefit of charging for parking.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7870	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Can see value in charging for busy car parks e. g. the terrace at civic centre as very busy with public so could generate an income. Difficult if it means you are paying to park at a free activity (e. g. Beecraigs or another country park) This would have an impact on poverty etc. Again, you don 't want parking charges to be a deterrent.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

7871	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge Council Car parks,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7872	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for car parking.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7873	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Wherever you can	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7874	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree with all of the suggestions above	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7875	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Within reason - car parking charges.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7876	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Generate income anyway you can.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7877	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree with all of the above	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7878	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	All of the above ok	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7879	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	All of above	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7880	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes to car park charges.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7881	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes to car parking charges	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7882	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	charging for parking	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7883	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	parking charges should come in.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7884	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes to all of the above	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7885	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Everything is going up these days so the council have to find ways as well.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7886	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think parking charges are ok if you give people a couple of hours free and then charge after that. I might get the bus to work if you did that which would also help the green agenda	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7887	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Anything that generates income for local council needs to be examined. Charges for council car parks seems reasonable.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7888	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree with the car parking . Affordable amounts will help maintain car parks and would suggest parking wardens to patrol parking on the streets.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7889	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I wouldn't mind paying for parking but I don't drive.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7890	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Pay 2 park	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7891	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charges - can see the benefit although low income families / individuals would be adversely impacted by this	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

7892	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	All fees should be subject to a inflation uplift and where charges are currently not in place such as council - owned car parks they should be introduced.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7893	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	As long as parking charges are not too much.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7894	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes to the parking levy	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7895	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introduce car parking charges on streets. LAS have or soon to have responsibility for monitoring traffic parking + enforcing it. Income from on - street parking even with ad hoc monitoring could be considerable. It would also help our town centres which are often parking nightmare	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7896	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	More charge on parking and buses	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7897	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge people for parking	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7898	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	* Charging for all West Lothian owned car parks (Monday to Saturday 8am to 4pm). This is money that could be directed as a contribution to subsidising bus services.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7899	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Increase or introduce parking charges at council car parks seems a good way forward.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7900	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No problem with any of these.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7901	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree with other income generation options you have mentioned.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7902	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Small charge for using carpark, including countryparks carparks.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7903	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Bring in car parking charges	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7904	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges for parking illegally	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7905	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree to all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7906	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charges should be introduced	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7907	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car park charges should be considered	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7908	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	car park fees	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7909	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges in council car parks - good idea but should be kept low to encourage people to still use and not increase issues around street parking	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7910	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	On the whole I agree with these proposals.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7911	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b) council should charge at council owned car parks.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7912	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Bring in parking charges but keep to an affordable rate.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

7913	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Support all except 2d as increasing pest control charges could mean some people will turn a blind the to the presence of pests rather than pay.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7914	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Support all expect 2d as unnecessary pest control charges could mean some people will turn a blind eye to the presence of pests rather that pay.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7915	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	perhaps charging to use council car parks but again I think that depends where. No train stations or park and rides and not gyms or leisure activities that are free for families.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7916	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not agree with workplace parking levy or visitors levy but the other suggestions are a possibility for raising funds	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7917	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	All of the above sound like reasonable measures, particularly the advertising one.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7918	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree with all	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7919	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	car parking charges	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7920	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2B I agree with.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7921	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree with car park charges but should be low cost	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7922	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Paying for parking. Make people pay to park but not much money	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7923	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for parking. Paying for parking.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7924	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Work place parking levy	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7925	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Good idea to charge for parking but not disabled parking	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7926	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	yes to 2b	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7927	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree with measures. Introduce car park charging above a longer amount of hours e. g. above 3 hour	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7928	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	all of the above	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7929	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b bring in car parking charges where appropriate	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7930	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes 2b,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7931	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes to 2b	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7932	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b) Yes charge for council owned car parks in tourist hot spots. If it is the only parking for staff maybe have a staff pass?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7933	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Keep the parking charges to a minimum	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7934	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't make parking charges too high	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7935	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't look at charging staff to park their cars, this is madness. With an increase in WFH it is impossible to do most jobs without a car.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7936	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	explore the introduction of workplace parking levies. increase due to inflation should be okay.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7937	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think the council should raise the price of car parking in areas like schools and jobs	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7938	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Workplace car parking	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7939	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charges in tourist locations - I agree,	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7940	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	If comparing to Falkirk council, who now charge for parking in most parks, I understand the logic behind this. We don't however have the same level of attractions within of park and our parks don't seem to have the same level of investment. Quite frankly, our country parks are an eye sore and have went down hill over the last few years. Create more attractions within our parks, and charge for the attractions. Don't let our parks to continue to fall in disrepair, it's happening, time to open our eyes.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7941	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree with all bar number 1, shouldn't be increasing charges and fees or at least if so it should be determined by household income how much we need to pay for fees and charges.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7942	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Year on year, services are being cut but the price of things are continuing to go up. Parking charges for car parks could be a way to recoup some money however it would be better if prices were similar to the multi storey cars parks in the centre and not too expensive for people.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7943	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree that you could bring in reasonable car parking charges at council - owned car parks and increase advertising on council owned property and facilities.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7944	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do agree that council staff should be paying for their parking as very few other local authority areas have free parking. I hope that means the teachers as well though.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7945	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	We already pay so much council tax. Parking charges for free council owned car parks is a good idea though. That would only be a couple of quid per person and would generate a lot of income.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7946	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	1c. Charge visitors to park in ALL areas apart from hospitals. If they are out spending, eating, etc they can afford parking too.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7947	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	£1 - £2 maximum charges for car parks, token charges for places, no more, even then with great reluctance, the locals are not happy with being charged to park at car parks that were free for decades	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7948	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging at car parks does that impact on incentive for greener living. If charging was kept to a minimum or token amount?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7949	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	An example of a £1 fee to visit bercaigs for example would generate a large sum.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7950	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The Council should prioritise finding alternative sources of income before considering any tax rises	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7951	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I would also suggest the car park at Civic Centre (terrace) and other council premises is not free to the public to park in especially at weekends. Is there any other non vital services that cost can be applied to?	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7952	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree with all the suggestions made to raise fees other than raising council tax itself. We already pay so much and if there are other ways to raise money, as you have suggested, I think these options should be considered first before the tax is raised. Everyone is stretched so thin at the moment and it is very stressful.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7953	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	* Car - parking charges only in busy centres; free first 30-60 min, resident permits, blue - badge exemptions.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7954	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	car park fees only with free first hour, resident and Blue Badge concessions.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.

7955	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Maximize Income: Immediately introduce the Workplace Parking Levy (£2m)	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7956	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing care parking fines. Introduce charging for Council owned car parks.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7957	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	A small parking charge might be acceptable. However the method of payment should be inclusive and include cash.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7958	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	They never get the balance right. By all means they should charge for parking at the numerous, council employee only car parks.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7959	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Putting charges on parking is fine	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7960	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	However I think charging the general public to park is okay.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7961	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree that revenue generation through external means but not with raising council tax	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7962	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think generating additional income is a good idea	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7963	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parks yes - but drive people to use them through parking wardens etc in our towns. Do not charge businesses more it is only costing jobs.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7964	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Certainly for Livingston I cannot identify any WLC owned / operated car parks!	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7965	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge for parking, they don't need to be expensive as long as they cover the ongoing maintenance & staff of these facilities	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7966	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charges may be an opportunity to encourage travel by public transport	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7967	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Start charging employees and managers at the centre for their parking	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7968	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Increasing parking charges mean fewer people making short shopping trips which often generate more purchases.	Environment and Sustainability	1. The respondent advised that they agree with the proposal.
7969	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Work place levy to charge council employees for parking would not work unless there is a functional public transport put into place.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7970	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree that every option should be consider to generate income. Car parking charges are inevitable, and advertising on council properties could create a valuable source of revenue.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7971	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not the correct place to be making savings	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7972	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Passing the cost onto the tax payer doesn't make sense. It has just been admitted that paid parking is to generate income and not to encourage people to use other services. Look for ways of saving money, not for ways of generating more income. Someone who earns £100, 000 and saves £50, 000 of it will be richer than someone who earns £1, 000, 000 per year and spends all of it.... It's a money management issue not an income issue	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7973	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Under no circumstances introduce the workplace levy. The public transport infrastructure is simply not good enough and will cost staff significantly more as well as WLC (as it will not be seen as an attractive location for those coming from Edinburgh or Glasgow).	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7974	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Work place parking will be difficult - for those on minimum wage.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7975	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I can't see how you can charge council staff for parking at their place of work but maybe a car sharing system would cut down on the parking issues along with a parking permit to display on there cars to say you work for the council or any other services if they are over 2 miles from work. bring back the parking warding 's this would cut down on the street parking / on pavements this would also bring in funds	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7976	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	but charging people to park at a council building or work seems a bit iffy with the cost of living being the way it is right now and wages bearyl getting people by... I also dont think it would work in terms of encouraging people to get alternative transport to work, driving is comfortable, you can get an extra half hour to an hour or so to get ready or sleep in if you drive compared to standing waiting on a bus and having to adjust everything around said buses schedule having to leave 45 minutes earlier because of a timetable etc... all the variables just make public transport a nuisance, if I had a car I certainly wouldn't be putting myself through all that extra stress for the sake of paying a few bob at work, I'd begrudgingly	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7977	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging visitors people will just go elsewhere, charging workers to park in council. Carparks will just mean all street parking spaces taken up doing so will destroy passing trade.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7978	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not charge at council car parks Agree to charge advertising billboards etc	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7979	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Only 2c and 2d not the other options	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7980	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	the introduction of car parking charges is not and should not be introduced	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7981	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car park charges are always annoying, especially when they rely on an app to pay.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7982	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	we need to be careful about parking fees as it can kill shopping and Livingston is lucky to have a shopping centre.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7983	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No way should someone be charged for driving to work	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7984	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	definitely not with the parking charges or tourism tax there's very little in west lothian for tourists other councils are much better at providing things such as parks and attractions	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7985	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Ensure that any fees and charges do not effect those without the means to afford them. Don't charge people who need to use a car for work or childcare if possible as there is no viable alternative travel in the area.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7986	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	workplace parking charges and council land charges may just cause dangerous parking or parking in residential areas making more congestion, especially when no parking wardens	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7987	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't agree with the parking, but the others I do. If someone is paying for pest control through the council, they should cover the cost!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7988	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	no to charging for parking, alk that dies is create discontent, focus instead on incentives for carpooling / public transport etc.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7989	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Workplace parking charges will not work if public transport is not available at times people need or to places they need. It has gone down badly in other councils and may deter West Lothian from attracting the best talent to the area during recruitment.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7990	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't agree with workplace car parking fees as the public transport would have to be hugely upgraded in order to give workers a viable option, otherwise this would be very unfair to those already struggling with the cost of living and inflation.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7991	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Ruling out a Workplace Parking Levy is an admission that you are not serious about the task at hand, nor the environmental impacts.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7992	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging extra at train stations is unfair, as those who travel by train are already helping the environment by not driving into Edinburgh. Many people in West Lothian have no choice but to commute this way for work, and excessive parking fees will only discourage them and reduce visitors who support local shops and businesses.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7993	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not charge council staff for parking at their place of work	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7994	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charges should NOT be introduced as this will discourage people to come to the town centre and thus decreasing footfall in buildings. Car parking charges will act as a deterrent for visitors.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7995	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I wouldnt introduce charging of council owned car parks as this would have a detrimental effect on the communities this would stop visitors to town centres which are struggling enough as it is and would just encourage people to travel further to shop etc	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
7996	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't believe charging staff to park in there place of work is right more likely lose staff as public transport is not reliable	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7997	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't charge for council parking.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7998	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	A workplace parking levy is a tax on employment, which will damage local businesses. The impact of the NI rise and rise to the minimum wage on the public sector has been significant as it has reduced funds available for service provision, and this could prove the same. If passed on to employees will be another tax on working people (which the Labour Party has said it is against) by increasing the cost of working, a further disincentive for	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
7999	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not raise fees and charges where these will damage the local economy. Charges at council car parks will damage struggling town centres, as they will make it even harder for local shops to compete with on - line shopping. They will further damage the struggling hospitality sector by increasing the cost of a meal in a restaurant or a night out. They will be another tax on working people (which the Labour Party has said it is against) by increasing the cost of working, a further disincentive for people to get a job rather than claiming benefits.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8000	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't think car parking should be charged for	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8001	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	no one should have to pay to park in a council car park. This is simply passing the issue on to residents who are already paying through the nose for everything else every day, and are already struggling with the cost of living	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8002	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree income streams should be investigated. However the "high street" is dying, public transport is subpar so to then charge parking fees everywhere is likely to reduce footfall, how are you expecting to infuse tourism to an area that is looking like it has been used as a film set for a warzone!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8003	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Be more commercial for use of properties and parking but this shouldn't be through increasing existing charges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8004	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't agree with the parking charges. Our high streets are already quiet enough without people actively avoiding the area because of these unless something could be put in place to attract new engaging and useful businesses to areas like Bathgate precinct.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8005	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Penalising staff with parking charges when they would be happy to work at home rather than come into the office. This would allow the car parking to be charged for anyone to use and not staff	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8006	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think charging people to park their car at work isnt a great idea tbh, as it will more than likely impact those on lower wages the most. I suppose to offset that loss you could reduce the wages of anyone over £75k per year who is employed by the council.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8007	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I dont disagree with some of the ideas but ultimately parking charges would end up passed onto the employee in some form because small business in local towns would not be able to continue to afford increased levys as well as NI and rate increases.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8008	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do agree with some of these charges. Not however the council car parking as this is usually used by council employees for them to go to work. Am also unsure car park charges will encourages visitors to use the shopping centre for example which is already on the decline	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8009	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges are not realistic. This will push drivers to park nearby & congest all ready busy streets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8010	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't attack your key workers with parking fees.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8011	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	although charging for use of council car - parks will most likely result in more parking in residential areas and less use of these carparks - i. e. train stations, when we should be encouraging people to use public transport.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8012	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	work place parking is not really a good look when we are trying to make work pay. It would discourage work place parking and deintcentivise business opening up in the area.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8013	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do not agree with parking charges, as this would lead to a reduction in the number of people accessing town centres when businesses are already struggling. Some local authorities are now fining people who are parked on the pavement, and in West Lothian we don't even have Parking Wardens.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8014	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Blue badge holders should be exempt from car parking charges Car park charging will increase parking / congestion on other roads causing issues for residents. Congestion is already an issue in some areas.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8015	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The council needs to make sure that those on lower incomes do not suffer under certain charges - carparking in rural areas where good health is a benefit of using these areas	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8016	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges would lead to irresponsible parking in areas that can cause blockages. Perhaps a permit for locals at a reduced fee and then charge out of town visitors to use the spaces. There is not enough parking at train stations as it is, without adding to the burden of surrounding. Streets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8017	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not in favour of workplace charging. Infrastructure is not the same as in somewhere like Edinburgh or Glasgow.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8018	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do not agree that people should pay for parking in West Lothian. This is not a city therefore paying to park in car parks for partnership centres etc will have a negative impact on attendance at GPs, ability to pick up prescriptions, use of libraries and groups. As an employee who often uses their own car for work purposes, I do not think we should be paying to attend to park to attend meetings. There are not enough pool cars for me never to use my own car.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8019	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No paying car park though	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8020	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Employees should not be charged for parking unless the public transport system is improved / subsidised. Could employees within a certain distance from their office be charged for parking or offered a shuttle bus type service?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8021	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I am not supportive of car park charges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8022	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't agree with charging employees to park at their own council workplace if this is being considered	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8023	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Local towns have steadily declined over the years with family run businesses and other moving out due to higher business rates and the acceptance from local committees to saturate with more charity, barbers and coffee shops. The answer is to stop the above and reduce rates for entrepreneurs who open craft and family attraction shops. To put a charge on town parking will only decimate what poor facilities that remain.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8024	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The balance needs to be struck here. Most levies reduce customer spending. There's a correlation between parking charges and amount spent in the shops. Small businesses tend to suffer. No one will pay to park just because I want a coffee	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8025	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Until public transport is reliable, frequent and available to ALL of West Lothian then car parking should remain remain free and there should be no workplace levy. Simple fact is that there is not the consistency of public transport to support the Council charging.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8026	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Partly agree, but there was no option for that. Until public transport improves, which is a vicious circle as no incentive to take a bus as there isn't a sufficient bus service but while people take their cars then how will there be an improved bus service, charging workers to park is unfair.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8027	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not introduce a parking levy. Bathgate is dying because there are less people stopping in the town and spending money in the shops that are struggling. You should be encouraging people to stay and spend time in the town. Parking charges would only encourage people to drive through the town and shop elsewhere or park illegally. Charging companies for parking in their place of employment only encourages the companies to tell their workers to take their vans and cars home to park outside their already congested streets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8028	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	There should be a proper review of fees and charges to ensure correct recovery of services. The workplace parking levy however should be disregarded. Recruitment is a real challenge without making it more so by charging people to come to work. By introducing charges at council car parks you are in danger of doing the same thing. It hardly makes West Lothian an attractive place to work or visit.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8029	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not introduce parking fees. This will deter people from staying in West Lothian to shop	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8030	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not parking charges as it's bad enough just now	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8031	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Workplace Parking levy will do nothing to reduce congestion, merely increase cost of employment.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8032	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The council need to focus on public transport provision before introducing workplace parking charges. The bus services in West Lothian are quite poor. ie; poor early morning and late night provision. This is a priority for all residents who want to access early and late travel.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8033	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	but don't agree with charging people to park their cars, especially if that's people parking for work	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8034	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No Workplace Parking Levy. No Visitor Levy. Could afford to double parking charges - they are very cheap in West Lothian. Outsourcing is not always cost effective - might be better to keep things in house and increase charges. Please ensure that youngsters and older people on basic pensions are still encouraged to use facilities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8035	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Until public transport is frequent and reliable to ALL parts of West Lothian no parking charges or workplace levy should be raised.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8036	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Be selective with workplace charging ie St John's staff working shifts MUST drive there. They are already at serious risk due to not being allowed to park on site. Its absolutely ridiculous.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8037	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging staff to park to come to work will not be effective. Some of these people use their own car for business purposes without claiming mileage. This will not generate income but will lose a lot of good will.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8038	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges are a terrible idea. It will be the final nail in the coffin for what remains of our high streets and will force cars into already crowded residential areas.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8039	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for parking both employers and public is just passing a charge on to West Lothian community essentially another tax. I am concerned that visitors levy would detract visitors from coming	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8040	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think the council should look at this but avoid the workplace parking levy as I don't feel it has the transport links to provide alternatives to this	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8041	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Advertising but not car parking charges or other charges for brown bins etc	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8042	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Advertising and marketing sounds like a good way to generate income. Charging public more money such as parking or additional services wouldn't be the best idea. I understand the council needs to generate money somehow... The council could charge businesses higher rates for services based on their turnover. Perhaps the council could invest some money to receive higher returns or sell some of its assets such as council houses and commercial buildings. There are a few properties not being used... If there are old properties that are council owned and they are deteriorating, sell them to the public in an auction or based on the proposed use. Perhaps even sell them cheap and if someone wants to use the unit / property for a business then charge a % as well each month for a certain amount of time... there are plenty of opportunities without charging the hard working public.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8043	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	With the disastrous bus services in West Lothian I am glad that WLC are not considering workplace parking levies as this would cause both employers and employees a great difficulty.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8044	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do not agree with car parking charges, this will just encourage car owners to park in the surrounding streets which are already dangerous with illegally parked cars!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8045	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No one should have to pay to park at their work especially cause the bus services in West Lothian are terrible	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8046	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	As a commuter town with limited public transport, charging for parking or introducing a workplace parking levy would unfairly impact residents and workers who rely on their cars.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8047	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think some of the ideas are good however I do feel asking council employees to pay for parking at their workplace. The public transport infrastructure is not the best in West Lothian unlike other councils.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8048	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No car parking charges	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8049	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Rather than impose parking fees which will consistently rise, focus on a good public transport in the West Lothian area and more reliable links to major towns. The public transport provision does not allow for very early or late night journeys for workers. Also consider a limit on councillors' expenses as well as hospitality provision from the council.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8050	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No charges for council staff to park at work	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8051	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not charge staff to park at council buildings and school car parks	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8052	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for council car parks seems a little petty.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8053	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	If the council is even thinking about workplace parking then ALL the car parks around the Civic Centre would need to be included to ensure all the council employees were captured. A visitor levy isn't proportionate for West Lothian and would probably incur more cost to implement it than it would provide revenue.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8054	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes we should be looking to generate income but upping the price of everything for everyone already struggling is not the way. Totally disagree with paying to park anywhere this is ridiculous we already pay stupid amounts for car insurance road tax council tax food etc we do not need to be paying for parking	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8055	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not agree with any of your suggestions! Car parking charging, seriously! There is more than enough sites for parking. This is not what West Lothian needs AT ALL!! Not the way about it, make those who are already struggling pay more.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8056	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not paid for parking at train stations. This will discourage the use of trains and lead to higher levels of pollution and congestion.	Environment and Sustainability	2. WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8057	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Any attempts to raise revenue may also have a negative effect, such as charging for parking reducing footfall in town centres and shops, forcing more to close.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8058	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not car parking, car parking is hard enough for people especially in hospitals and things. That would be out of order.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8059	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Some of these would be suitable. However, parking charges should absolutely not be introduced at workplaces, especially in areas where there is no alternative. There are many council workplaces, such as schools, where there is no suitable public transport. Charging for parking would only increase congestion in surrounding streets, creating a hazard for children. There should be no parking charges for train station car parks as this will only deter people from using public transport. The cost of train tickets is already high enough to deter people - adding the cost of parking will mean they use their car for their full journey.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8060	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	My concern is that some proposals may be counter productive. Eg car park charge - less people come to shop??	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8061	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	but do not agree to charging in council car parks as this would turn town centres into more of a ghost town than they already are. There is more need to encourage people to West Lothian to shop and spend quality time here but at the moment there is nothing to do this. Something needs to be done to encourage businesses and shoppers into town centres which would increase money through business rates more retail shops and less barbers / nail bars / vape shops	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8062	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b Bringing in car parking charges at council - owned car parks. (Income to be determined)... NOT a good idea. This will force people to park out with carparks and on streets especially around schools.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8063	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't think employees should be charged for parking at work,	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8064	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I'm not sure convinced that workplace parking charges is the right route to raise cash. However I can suggest no alternative	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8065	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Under no circumstances should an employee have to pay to park at their work. How can you possibly target those who actually work and contribute to the area. Stop seeing those that work as a cash machine to fund you. Workers are on the breadline already and you want to make the situation worse. That will bit go down well and there will be a huge back lash from it. Whats the point in working then.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8066	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	however not council parking fees	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8067	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging council employees to park to attend their work is ridiculous also charging for other parking across the council area too is wrong. Visitors come to the area because these charges are low or not there.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8068	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I hope this doesn't involve charging staff to park at their workplaces	Environment and Sustainability	2. 8069	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I support the Joint Forum of Community Council statement re car parking charges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8070	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I particularly oppose parking charges at Livingston South railway station.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8071	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I oppose employees being charged to park their cars at their own workplace.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8072	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't approve of car parking levies at railway stations. We need to encourage the use of public transport, not penalise it.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8073	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Employee car parking levy could cause issues if there is no alternative mode of transport available. This could have adverse effect by stopping candidates from applying. Delivering a high quality service to encourage use of WLC services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8074	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Work placed parking levies would not be a good idea. one of the key selling points of West Lothian should be ease of access to the road network to attract businesses away from Cities. if we have parking levies on workplaces this will hamper economic development and make the council area less competitive.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8075	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Work based charging should not be introduced. People require transport to work around west Lothian. There isn't sufficient bus services and public transport	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8076	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	but not against employers as they could move out of the area - public transport is not fit for purpose in some areas	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8077	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I strongly disagree with the work place parking levy. As a working parent, public transport is not good enough or has enough links to allow people to actually get to work in an efficient amount of time. Charging people to park at work in car park is absolutely mental - will mean many will struggle to make family commitments and cover enough work hours in one day.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8078	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not put levy on parking	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8079	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do Not introduce the workplace parking levy, this is insane with the poor bus services and the fact Livingston was built as a town which relies on cars	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8080	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Workplace parking is not an option in my mind. The bus service is not nearly good enough or regular enough to allow public transport to be a reliable option. Unless you want to go to the Centre public transport is awful.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8081	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Council car parks should def remain free. I strongly oppose charges and levy's in such ways.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8082	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I dont know. I dont think you should charge for using car parks.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8083	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I would urge the council to consider unintended consequences - East Kilbride introduced parking fees and it resulted in the death of what was once a fabulous shopping destination	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8084	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do not agree with a parking levy for employees unless salaries are increased to cover this as this could have a detrimental impact on peoples expenses where they have no alternative transport. The use of public transport may not be a feasible option in comparison to the use of a car for transport taking into account additional costs and time traveling for a work life balance. Also I do not feel public transport is dependable and frequent enough to ensure this as an alternative to car usage.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8085	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b Bringing in car parking charges at council - owned car parks. THIS IS A TERRIBLE IDEA. The towns are desolate as it is and if you charge parking, this encourages people off the high street and less spending in towns which will force small businesses out and less income to Council for rent and rates. Also affecting Council staff who have to park at work. Of all the savings mentioned, this is possibly the worst idea.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8086	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't think employees should be paying for parking for work commitments.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8087	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Disagree with charging for parking.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8088	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	NOT by charging employees to park at work... I thought car parking was already charged?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8089	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't agree with staff having to pay to park at their place of work as this can put added stress on getting their quickly to secure a place.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8090	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't think you should introduce car parking fees at council buildings.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8091	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2A and 2B may reduce people using car parks and encourage parking on residential streets. Holiday tax would be suitable if set at the correct level	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8092	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't agree with charging employers to allow their employees to park as all that will happen is the cost will be passed onto employees	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8093	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for basic services like parking risks discouraging use and could push people to dump waste or park elsewhere, creating more problems than income.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8094	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Raising some fees may be necessary, but essential services for disabled residents, carers, and vulnerable people must remain affordable. Parking charges, especially workplace parking levies, could hurt people who cannot use public transport due to disability. Income should be raised in ways that don't place extra hardship on those already struggling	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8095	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The workplace parking levy would have to come with a review of bus routes, otherwise it will not have the intended impact on public transportation use. Advertising on bus stops seems the least concerning of all these suggestions provided there are some rules over what can be advertised.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8096	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking levy's for companies are not a good idea.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8097	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	car parking charges are active across the county, I dont see where you can apply this to make an impact.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8098	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not in parking charges though	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8099	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do NOT charge for parking at stations. Do more to improve the appalling public transport.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8100	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No car parking charges	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8101	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	but definitely not parking charges	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8102	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing charges for parking could possibly be counterproductive. People would be reluctant to use car parking, another tax on the taxpayer, drivers would then start parking on surrounding streets, resulting in unhappy residents. Public transport is unreliable at times and smaller communities can at times feel isolated.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8103	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not bringing in charging for car parking at employment. People using these are working and adding to the economy Employ traffic officials and stop dangerous parking on streets	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8104	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not with parking charges though.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8105	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	not parking fees or council tax.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8106	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	They should introduce charging in car parks	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8107	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Disagree with proposal to apply a levy on workplace parking. This could be applied where there are adequate public transport or active travel alternatives, but for many, car travel is the only realistic option. Such a levy would be a tax on working people, as costs would undoubtedly be passed on to employees by the employer.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8108	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	P5 - P7 Pupils at Croftmalloch Primary discussed these options and stated: - Car parking "Car parking idea is not good, no one should have to pay to go to work ""People might not go to work if they have to pay "	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8109	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Absolutely no to the above. People should not be charged for parking in their workplace. People with cars are not going to use alternative transportation. Its nots convenient and this will not work.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8110	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do not agree about the parking charges	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8111	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge for parking where not using trains by all means but not on already expensive commute where it 's a lottery if your station car park is council owned. Older WL towns are losing all heart. Leisure facilities removed, walk routes overgrown and inaccessible. Just more housing, more traffic and more squalor.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8112	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car Parking Charges Arguments against their introduction. The Council should not want to accelerate the deterioration of High Streets. Not only should you refrain from their introduction but you should make further planning approvals for Retail Operators to be subject to the withdrawal of such parking charges. Livingston's Retail offering would benefit from such a strategy, leading to alternative benefits to the Council.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8113	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	P5 - P7 Pupils at Croftmalloch Primary discussed these options and stated: - Car parking "Car parking idea is not good, no one should have to pay to go to work ""People might not go to work if they have to pay "- Advertising "This is a good idea, business have money to pay to advertise and charge them more. "	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8114	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not for parking as the bus services in West Lothian are appalling, especially in smaller areas.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8115	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging car parking costs to staff feels like a small perk staff have working for WLC. This won 't generate that much income and staff will find other ways to get to work / park elsewhere.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8116	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The area needto keep free council parking as majority of carparks you pay for currently. The workplace parking levy isn 't a good idea as it places undo stress on workers.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8117	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do not disagree with the council looking for ways to increase monies coming in. However the car parking charges would move more than do now to park illegally and with no traffic wardens in WL and the police only sporadically booking those parked illegally, I think this could be a disaster and somewhat dangerous to pedestrians if illegal parking was to increase	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8118	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I feel that by charging employees money to park their cars this would create a two way problem for the young person and the keyworker due to the fact that the worker is in place to help the young person and if they have any disabilities this would cause a detrimental impact.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8119	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Public transport in West Lothian is nowhere near good enough to be able to consider charging people for workplace parking.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8120	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Yes to certain charges, but I don't think charging keyworkers money to park especially when they are helping young people to sustain positive destinations.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8121	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Problem with charging for staff parking is that it just encourages the staff to park in surrounding local areas causing problems for local residents.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8122	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	But car parks and essential services for people living here is kind of nonsense. A car park is simply a means for people to park their vehicle whilst they work, go to shops, use services.. all of which are more essential and better for us all than car park charges. In fact, car park charges should be abolished outright as lacking common sense. It's not like anyone uses a car park for a lark, they are there for a reason. Let them use it, don't penalise it.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8123	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	There should be no charge for council employees to park at work. Depending on where you work, you already pay out of your own pocket for resources to support your role.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8124	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I am opposed to bringing in car parking charges for council employees who need transportation to do their jobs.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8125	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	car parking will be ineffective as it is not possible to fine drivers unless Police traffic wardens enforce it or barriers are installed at car parks (and is this a viable / profitable option?). Levy on staff car parking will be inefficient and will not generate income - staff will just park in nearby streets making congestion worse, especially around schools.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8126	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	In my opinion introducing parking charges to council car parks for staff would not be a good idea as this penalises staff and contributes to their own personal budgets and another bill that needs to be paid.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8127	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't introduce workplace parking Levy - employees will simply park in different areas, most likely residential areas which will bring it's own problems. Outsourcing services is only an option where there are savings to be made without a drop in quality	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8128	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I would not suggest parking costs as this will effect staff attending their work place which would have a negative effect on staff already feeling under pressure,	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8129	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think you need to be careful with the parking levy. The public transport links in West Lothian are not set up to offer a viable option for most people to travel to work. It could also feel that you are getting penalised for going to work.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8130	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I would strongly oppose any form of workplace charging. Although I understand it is not proposed at present does not prevent it being considered in future, especially as this would impact directly on staff such as myself who travel from outside of West Lothian.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8131	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think we need to be careful at applying charges to Council car park, as this could reduce the amount of some vulnerable people within our community accessing face to face services and have a detrimental impact to the local community.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8132	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree in part that income raising opportunities should be reviewed. However, introducing workplace car park levies I believe will be detrimental to business and individuals. I	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8133	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Although don't agree with parking charges	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8134	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Apart from car park charging, less people and spend less for retail or restaurant	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8135	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I wouldn't be in favour of a workplace charging levy given limited alternatives to travelling by car in parts of West Lothian.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8136	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Although I have ticked Yes, I do not think 2a and 2b should be implemented.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8137	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges at workplaces could simply make people park in surrounding streets causing a nuisance.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8138	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Council car parks should remain free or will result in dangerous parking by people to avoid those charges. It will also result in people stopping coming to West Lothian as well as impacting on the local economy. It is also going to likely cost more to enforce than it will generate (installation of cameras and the maintenance or recruitment of parking wardens and legal fees chasing people who won't pay).	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8139	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think parking charges in council parking areas isn't a good idea, employees would be disadvantaged an people who use these services will be impacted	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8140	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	New parking charges could be direct hit in West Lothian residents, limiting their ability to travel around freely. And that could turn out to a false economy.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8141	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Work place car levy is not a good idea in West Lothian for companies who provide parking.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8142	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Disagree with parking charges. There 's not enough parking for people who have to travel to work and public transport is far too unreliable in West Lothian so people need cars. It will also deter people coming to shop.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8143	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not add charges to public parking near businesses e. g. high streets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8144	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	For someone who is trying to encourage people into work, applying a parking levy is a bad idea.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8145	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don 't think charging for car parking would be cost effective, it would cost lot to manage this.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8146	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I have concerns about proposal 2b regarding car parking charges. Implementing this would require investment in enforcement, ticketing machines, staffing, and maintenance, which may outweigh the income generated—especially in smaller or less busy areas.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8147	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The workplace parking levy idea is ridiculous and if implemented businesses will do away with their parking spaces and staff will park elsewhere. This will lead to people parking on roads.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8148	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	do not agree with staff parking fees.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8149	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Increasing advertising in council property only from this list. Also adding fundraising efforts could be beneficial.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8150	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	a parking charge for the workplace would receive huge backlash and potentially lead to other issues of on street parking? Logistically I'm unsure this is the correct approach.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8151	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree that there is benefit to increased advertising in council owned property and facilities, however I feel that the other suggested methods are too unfair on residents of West Lothian Council and should not be implemented.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8152	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charging would have a negative effect. Especially in areas like Bathgate. It would stop people coming into Bathgate. Keep parking free	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8153	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parks at stations should remain free to encourage commuters or those visiting Edinburgh or Glasgow to take the train rather than drive	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8154	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	but not car parking - even though i dont drive	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8155	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	yes to everything except car parking charges	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8156	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't agree with increase parking changes as they are high enough. Charging parking fees for people parking at work should not be started.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8157	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	There cannot be a policy more demotivating to council employees, particularly those staff who are employed in the provision of education and who go above and beyond on daily basis, than charging them to park their car when they come to work. This measure, if implemented, would be bound to encounter considerable resistance.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8158	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges hit locals.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8159	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car park charging within proportion	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8160	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Brinig in parking charges is likely to result in increased illegal parking with no traffic warden service to combat this. For example, in Linlithgow there is constant parking on double yellow lined areas	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8161	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking fees shouldn't be applied to buildings housing NHS services or staff. I live in Uphall Station Livingston and our housing scheme is constantly being abused by people parking in our street all day to use the train! I would introduce a parking permit for the residents with a minimum of two cars per household. The rest should be charged! They do this in Edinburgh and Glasgow council areas. No permit a fee should be charged! I think carers should be provided with parking permits free.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8162	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	If you are considering charging employees to park at work I don't feel that is a good way forward - this could cause financial strain and the transport in West Lothian is not there to support travelling across the regions.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8163	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Some small charges are okay, but not things like parking or transport because that makes it harder for me to get to work or appointments	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8164	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Many disabled people rely on council services and already face higher living costs. Increasing charges for car parking would create more barriers to employment and independence. Income should be generated through tourism, commercial partnerships, and efficient asset use rather than increasing everyday costs for vulnerable residents.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8165	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No car parking charges incl at workplaces.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8166	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do not agree with parking charges for council staff attending their place of work.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8167	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car park charges I do not agree with.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8168	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't agree with parking charges for council premises. Many jobs across the council require employees to park on the premises, such as school / social work, and alternative parking would be difficult to find.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8169	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think introducing parking charges would be okay, provided they are reasonable and perhaps mirror the likes of the charges at the centre.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8170	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No workplace charges or council car park charges, people will just park elsewhere in dangerous places.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8171	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think it's unfair to ask council employees pay to park.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8172	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing or raising charges risks: • discouraging participation in community and leisure activities, • reducing use of preventative services, • increasing social isolation, • shifting costs onto those least able to pay. Car parking charges may generate income but could harm town centre recovery, increase local displacement parking, and reduce accessibility for those without good public transport links. This could undermine economic activity.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8173	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b Disagree	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8174	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do not agree with charging people who visit Livingston. charge for car parking in line with the centre.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8175	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not charge for parking. This affects residents and employees.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8176	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charges could be detrimental to businesses especially in town centres so this would have consequences.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8177	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I am not sure charging for parking without ensuring there is adequate public transport is helpful.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8178	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Disagree with charging staff to park at Council buildings if the person is there too work. Some staff have to use their own car for work purposes due to nothing else being available.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8179	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	but charging your people to park is an utter disgrace. Stop putting the burden on the people.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8180	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not with parking.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8181	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do not agree with parking charges for staff parking at their workplace. I know a lot of staff who car share and others who walk, cycle or use public transport. Staff who work further away should not be penalised for using their own transport. to get to their place of work.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8182	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No. I do think fees and charges should rise in line with inflation but not for any other purpose and not without a well thought plan. I can't tell from the information on the previous page whether these are sensible ideas or not.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8183	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I. e. should not be simply increasing parking costs to public. The council should look other innovative ways of raising funding. This is part of what the public pay through council tax. If this is not being done, the wrong people are employed.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8184	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	retaining and recruiting staff within WLC is difficult, by charging employees to park at their place of work will only exacerbate this, therefore other avenues should be investigated.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8185	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charges for car parking in small towns should Not be introduced, this will make it more difficult to access local businesses and health centre etc in a time where money is tighter for everyone.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8186	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	While the suggestions are fine, one of them is not fine: Charging to use car parks at train stations is a very bad idea and is contrary to our climate change imperatives to encourage park and ride. We know bus services are not available everywhere and so many people have to drive to train stations to park and ride or to pick up their children. It is morally wrong to charge them to do the right thing by leaving their car behind and using a train.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8187	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Trying to reduce cars being used is great but you need improved alternative services otherwise no one will use them. So in essence you just charging people to park which you never used to which isn't really fair	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8188	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Income is important but West Lothian has a thriving centre. Car parking charges are counter productive. Kirkcaldy is a prime example. All car parking was increased and increased and footfall stopped, businesses moved out from the town centre and council lost huge amounts in business rates	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8189	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I wouldn't increase car parking charges in town as you should be encouraging people to shop locally.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8190	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Workplace Parking Levy - public transport would have to be much better. It's prohibitive for me as takes way too long, is relatively expensive and doesn't get me to where I actually need to be for work. Also, this option may have a wider knock - on effect for the local economy e. g. if I had to pay for workplace parking, I would cut down on paying for coffees / lunch from WLC / non WLC outlets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8191	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	and Car Parking Charges (2b) as these hurt local residents and small businesses, undermining the local economy. Focus should be on maximizing commercial / levy income first.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8192	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging people to park for work should not happen. Wages already don't cover minimal cost of living so making it more costly to be at work when bus services are being cancelled within West Lothian and park and ride facilities are minimal is diabolical.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8193	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Disagree with workplace levy as public transport / alternatives to car travel are poor, congestion is not at all a major problem (having commuted to / in Edinburgh for a number of years). Would fall more heavily upon lower graded staff who do not work hybrid arrangements.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8194	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't bother charging for parking where employers provide it. That isn't council land for the main part and this penalises workers who cannot get to work on public transport. We already pay out way with road duty and taxes on fuel.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8195	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b No do not do this.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8196	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The idea of charging businesses for having car parks is crazy, the local public transport system cannot support people who need to work and then pick up children. Businesses need to be supported rather than charged more.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8197	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't think we should be charging for staff parking it is one of the advantages of working at west Lothian that this is free, we could lose staff to other locations if parking was charged as public transport to the civic centre is not ideal given the lack of proximity to the train station.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8198	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	What is the definition of council car parks? If this includes places of work such as schools or similar work places I would hope that staff who work in those locations would be exempt from charges. Also there would be a cost to implement and ensure compliance which might outweigh any savings	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8199	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't think charging for car parks is a good idea because people will park in alternative places and this would likely cause problems for other road users and pedestrians.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8200	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	but not for employees in workplace car parks. Many employees travel many miles from outwith West Lothian and there are simply no easy public transport alternatives without spending hours on trains or buses as well as costing a lot more than cars.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8201	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No council car park should be chargeable. We should not need to pay to access council facilities that out council tax pays for in the first place	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8202	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not introduce the work place parking levy. Asking employees to pay for parking at work is ridiculous, especially when public transport is not available to everyone.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8203	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Please don't increase parking charges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8204	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't believe parking fees for workplaces is beneficial to anyone as West Lothian does not have a good public transport network and could prevent WLC from recruiting and retaining staff.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8205	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I wouldn't be in favour on an employers parking levy.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8206	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	If parking charges is aimed at reducing congestion I think there would also need to be investment / improvement in alternative means of transport and not just in West Lothian as employers will have significant numbers of staff travelling from other regions.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8207	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	You should not be charging WLC workers to pay to park near the civic centre there is literally no other facilities to park around CC	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8208	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I disagree that we would need to pay to park at our own place of work as we need to commute to work and the transportation in West Lothian is not good enough to enable us to use alternative and what if we need to pick children up from school nursery after we finish work and don't have time to wait on alternative transport.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8209	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't agree with charging at council buildings. Staff travel between buildings using their own cars which is saving the council money and this will reduce the required interactions.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8210	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Totally against workplace parking charges. Business struggling with high rates. Employees struggling with cost of living	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8211	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	It has to be realistic, adding costs to council car parks just pushes people further from town centres which would cause them to fail more than they already are. Plus the buses aren't reliable for a lot of people. I live in Fauldhouse where the buses only cover half the village and seem to only run on time half the time and I've had to fork out on taxis to get to work as the buses don't show up so pushing people to buses won't help this at all.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8212	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for car parking isn't great as there is already an issue with cars parked all over and in people's streets to save paying at the shops or the hospital and no - one is policing it just now	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8213	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	To a degree. Train station parking charges absolutely not. Directly contravening any policy to encourage use of public transport. Not all routes are serviced by buses, will certainly drive traffic onto roads and parking into residential streets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8214	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	infrastructure needs to be in place for transport before you start charging people. Many people have to travel to work and don't have access to a bus, train, etc. service. Stop wasting money	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8215	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't agree with charging people at car parks. The bus service is awful in West Lothian and people depend on their cars. Plus it is not safe at night, particularly for females on their own.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8216	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b) Not a good idea revenues lost would amplified by fewer shoppers also impacting the high street.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8217	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I totally disagree with charging for parking. We are not Edinburgh or Glasgow. People need access to car parks to get to work and everything costs so much right now everyone is struggling. To put more onto the working people is not the answer. Totally disagree with any charges for parking.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8218	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	do not charge parking	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8219	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not agree re car parking fees	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8220	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No to car parking charges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8221	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree to 2c	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8222	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	not 2b	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8223	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I may have misunderstood but I do not think charging for parking at work will help in retaining staff and would likely lead to significant distress.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8224	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging employees to go to their workplace would be ridiculous, and would result in Councillors and Council officials claiming it back in expenses while the ordinary employees couldn't. Should not be considered.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8225	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No to car park charges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8226	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	But, not keen on parking charges for council owned car parks due to starting costs	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8227	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't think there should be parking costs. This acts as a deterrent and our public transport isn't good enough to match this.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8228	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't introduce car parking charges again	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8229	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	no parking charges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8230	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No parking charges - will impact the shops and there are not enough already!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8231	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No parking charges please	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8232	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b - People are so used to not paying and people won't be happy.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8233	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No parking charges though	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8234	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do not agree with 2b. This could exclude people from outings or resources if they cannot afford parking charges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8235	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	don't charge fees on Parking as this will have a detrimental effect on visitors to the county	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8236	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing parking charges would deter people from spending money locally which would be very bad	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8237	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't think they should introduce car parking charges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8238	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No car park charges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8239	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't think a workplace parking levy is a good idea in West Lothian. The public transport network is not sufficient to replace car journeys in West Lothian.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8240	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	the car parking charges - i think you would need to watch that it doesn't heavily impact staff, as it will most likely be the lowest paid staff that it will effect more. (maybe staff free) ones without barriers is it going to cost more for someone to monitor that?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8241	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	parking Levy may impact large employers in the area (make them move elsewhere?)	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8242	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	All of the above would seem to me to be acceptable. However, town centre car parks serve the shops in those towns, so it is a difficult decision to weigh up.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8243	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No to car parking charges these will damage small towns economies.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8244	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b - No it would make us poorer, car tax, car HP, diesel, Tax, Insurance it's enough. Car wash costs £10 - £20. Petrol expensive so no!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8245	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	It is unfortunate if this has to be done but WLC needs to be aware of unintended consequences, e. g introduction / increased parking charges could reduce footfall in already struggling town centres.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8246	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2a - People if charged would opt out and park illegally. No good doing this.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8247	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think car parking charges are a worry as a lot of people with them park in neighbouring streets to avoid the charges and residents will be affected.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8248	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Consider carefully the impact of charging for parking on the local shops, which are already struggling against the internet	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8249	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Disagree with 2b	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8250	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No charges for those with blue badges in council car parks as it can be dangerous for them to walk and access council buildings.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8251	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	affordable parking housing	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8252	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't agree with car parking charging. West Lothian public transport is not good enough to enable people not to use cars. Car use is sadly essential in Scotland due to our adverse weather, rural lives for many and necessity to work further afield from our homes than urban people. Stop funding foreigners.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8253	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b - The local authority is public - the public should not have to pay to park to attend at a building for an appointment, to pay rent, to attend an event....	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8254	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Although car parking charges at council owned sites would bring in revenue - WLC employs a large number of staff who are community based and use these car parks in their day to day employment - would staff be exempt from these charges?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8255	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b) no to the charges the car park at Craigshill would limit access to park, library and shops	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8256	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Bearing in mind that households are generally feeling the financial pressure. Any charge directly affecting households would be unacceptable. eg. Car parking charges on council land. It could also affect spending in the shopping centers increasing fees again, if it was for commercial companies it would be ok but not individuals	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8257	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do not agree with introducing charges at council car parks.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8258	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	introduction of charges at Council owned car parks - NO - at least until local bus services are improved.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8259	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think it would be unfair to introduce parking fees in sites where there is no available public transport options. It would need to be introduced reasonably and it will be hugely controversial.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8260	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I strongly disagree with charging people to park in their workplace as they will park in the streets that are already congested, maybe fine cars for double parking for safety reasons.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8261	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No to 2b	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8262	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't think it's fair to ask staff to pay in WLC to come to work though.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8263	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No - 2b	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8264	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	DISAGREE - Parking levy should only be applied to larger employers above a certain workforce size and car park size. However it is likely this cost will be passed on to consumers by the prices those employers may charge for services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8265	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	no to these of examples / suggestions	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8266	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b - Introducing car parking charges be they for public car parks or workplace ones needs to be balanced against an improvement in the reliability and availability of public transport. Making it more difficult for people to use and work at local businesses and services would be a self defeating move.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8267	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do not agree with car park charges at places of work given that this will impact on the local people who are also likely to be paying an increase in council tax for reduced services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8268	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not agree with parking charges since when public transport alternatives are so poor.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8269	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not support fees for parking when our public transport alternatives are severely limited.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8270	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	do not agree with car parking charges for residents visiting council premises. For example, if visiting Strathbrock Partnership, how would you distinguish between people with medical appointments and those visiting the Library or Council offices.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8271	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not introduce parking charges when public transport alternatives are limited / time consuming / unreliable and many resident and workers depend on their cars to live life.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8272	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not charge for workplace parking	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8273	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No car park charges for WLC employees even though I am no longer an employee!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8274	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	It is unfortunate if this has to be done but WLC needs to be aware of unintended consequences. Concerns re parking charges for council workers - as this would be impossible to grade, based on salary scale it could become a very divisive amongst staff, also cause in - street parking etc.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8275	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I am not in favour of parking charges to park at my place of work as staff struggle to park due parents entering our school carpark. We would be paying for parents to park in spaces that we have been charged for.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8276	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Whilst I support the notion of the council raising more income great care needs to be taken to ensure this does not have a negative economic impact on businesses. I am particularly concerned at for example workplace parking charges which could impact business if they choose to pay the charge on behalf of employees. If they decide to recharge employees then my concern might be the adverse effect on recruitment if similar charges are not levied across neighbouring regions.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8277	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Although bringing in parking charges would not be beneficial especially for disabled drivers and elderly drivers. I also think it would be wrong to charge staff for parking at work. Workers have had tax hits all through the year - possibly more tax rises to come from Westminster. This is reducing income for everyone, as well as food prices rising, fuel and energy prices rising and people are just getting extremely depressed by the with constant rises for absolutely everything	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8278	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not agree with workplace parking levy or visitors levy but the other suggestions are a possibility for raising funds	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8279	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Keep Council Staff parking free	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8280	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Staff shouldn't be charged for parking at work. There are staff who live a distance from where they work as they may not have decent public transport available to them.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8281	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think that given the lack of good public transport in West Lothian, parking levies should be scrapped as this could impact on the areas economy	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8282	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	However parking fees will just cause worker to incur even more costs. A lot of people that work in West Lothian are not local and the transport services are either poor or do not exist. The local shops will suffer and this will again impact on the community in a negative way.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8283	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not agree with workplace levy.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8284	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not car parking charges as these will damage local economies which are already struggling.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8285	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	DISAGREE - Bringing in car parking charges for council owned car parks must not be extended to the hospital - this needs to be excluded -	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8286	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Families are breaking point and putting the charges on them is not the way to make West Lothian a place to thrive. Charging people to park at work is also not showing value in their contribution to our local authority. Look at ways we can generate income through supplier services, advertising and such like to external suppliers and businesses.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8287	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I answered no, but only because there wasn't a "yes, but with caveats". WLC already has potential by laws that could generate some revenue streams which they don't seem to enforce anywhere near vigorously enough. For example, dog fouling, fly tipping, noise pollution, etc. If the council were to actually enforce these properly, this could perhaps generate some revenues - and improve quality of life for residents. My Main Street in East Calder is case in point - dog mess everywhere, litter, illegal parking, engine idling. Let's actually start enforcing these by laws and fining people for it. ~~Not parking charges for council owned car parks. There's too much charges already.~~	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8288	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	~~Not parking charges for council owned car parks. There's too much charges already.~~	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8289	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not introduce charges at many of the West Lothian car parks. You will move people to the streets surrounding. Eg train stations I agree with advertising on council land.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8290	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I would not agree with having to pay for parking five mornings per week to drop my child off at school. Apart from it being unnecessary and difficult already and without an adequate car park, what about parents who can't afford to pay for parking everyday just to get our children to school. Also would like more speed bumps in the areas that are near schools. Eg. Palmer Rise. Cars come speeding around the bend at the beginning of the street. Have witnessed some near misses with cars and pedestrians. Including pupils from James young high school just walking home.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8291	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	People should not have to pay to park in council car parks.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8292	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	charging employers to go to their work is awful parking fees increasing could prevent people visiting	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8293	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging people to park their car at their place of work is not acceptable. Parking charges etc at sports facilities would only reduce some families ability to participate	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8294	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking seems to be the basic need for everyone here, it might upset everyone while now everyone is suffering from the Econ downturn situation now.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8295	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking fees is a bad idea. No one should pay to park their car either for work or shopping. Public transport is unreliable. Our weather is unreliable also.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8296	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking at work Lev low or in the future is ridiculous.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8297	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Start charging parking fees and the already derelict towns will end up even worse. If you pay for parking why would you go to the local town when you can pay the same money to go to Livingston instead and pay the same money. Less town footfall means the already struggling retailers would end up struggling even more and more would close. Would ruin many towns	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8298	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The work place levy for car parking is not sustainable for many people. I for one would not be able to get to my work without my car unless I made my commute in excess of 90 mins each way. This is not sustainable for a balanced family life. I am not opposed to the other measures	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8299	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The work place levy for car parking is not sustainable for many people. I for one would not be able to get to my work without my car unless I made my commute in excess of 90 mins each way. This is not sustainable for a balanced family life. I am not opposed to the other measures	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8300	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Everything is just take take take from the public paying for parking again to line the fat cats pockets	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8301	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not charge people to park at council facilities. These places hold vital services for families who are already struggling due to the cost of living. This will only make the situation worse.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8302	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	You shouldn't be charging people to attend work locations - if they park outwith work locations they are not covered by insurance.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8303	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not under ANY circumstances start charging to park in local town centres. The town centres have been so horrifically underfunded that they're dead already. If you charge to park in a dying town centre, nobody will visit.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8304	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging staff to park cars at work a bit off more should be done to encourage car sharing. With the lack of public transport in westlothian using alternative transport to cars is unviable. Car park charging for public not that bad an idea, but not enough car parking already in growing towns.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8305	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Avoid any pressure on car parking and facilities required by people to work.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8306	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charges in tourist locations - I agree, but in areas of shopping, no, as this would impact on the revenue of shops due to people avoiding these areas. There are lots of places in the area which have closed due to the costs already implemented by the council and car parking charges would impact heavily on the existing businesses. The council could try and encourage large businesses to move into the existing empty shops in Bathgate for example to entice shopping. PRIMARK, B & Q etc would provide a service that locals would support.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

8307	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	,but in areas of shopping, no, as this would impact on the revenue of shops due to people avoiding these areas. There are lots of places in the area which have closed due to the costs already implemented by the council and car parking charges would impact heavily on the existing businesses. The council could try and encourage large businesses to move into the existing empty shops in Bathgate for example to entice shopping. PRIMARK, B & Q etc would provide a service that locals would support.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8308	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I have not had a pay rise in two years. Money is tight. I work on Livingston and use works car park. I am on minimum wage. Any more rises in costs of anything would mean I would be considered in poverty because it will be a choice of heating or food!!!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8309	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	If comparing to Falkirk council, who now charge for parking in most parks, I understand the logic behind this. We don't however have the same level of attractions within of park and our parks don't seem to have the same level of investment. Quite frankly, our country parks are an eye sore and have went down hill over the last few years. Create more attractions within our parks, and charge for the attractions. Don't let our parks to continue to fall in disrepair, it's happening. time to open our eyes.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8310	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	neither is charging for carparks or visitors	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8311	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't agree with charging employees for parking in west Lothian, Bathgate has lost a lot of it's shops as it is this will make it worse. Switch off Lights at night in the council buildings some of them are like Blackpool illuminations.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8312	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	People should not be charged to park at work or to visit the area, there isn't the same amount of tourist attractions other areas have to bring in visitors.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8313	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Stop trying to rip off drivers. They already pay too much. Nobody will come into towns if they have to pay to park. The towns are already in decline. Business will leave if their workers have to pay to park. Any charges relating to parking is just another tax.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8314	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Voted No esp. parking—unfair for families at pools amid poor services & taxes. As lowest per capita, seek alternatives to fund keys without burdening locals.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8315	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Crazy idea to charge for car parking you want to entice people to come into town not scare them away, start employing traffic wardens to stop the illegal parking on the street	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8316	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Get to France with charging for car parks. Why don't you charge cyclists, for using the road. No difference between a bike and a car.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8317	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Stop trying to force people not to have cars.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8318	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Why should we pay for parking	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8319	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The ordinary workers are already taxed enough, if you tax big companies on parking spaces, they will find a way of passing it on to staff and customers.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8320	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't feel these changes to car parking fees will increase people to park in dangerous places and not pay fines and for council staff.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8321	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging people to park at their workplace is disgraceful. The cost of living crisis is bad enough without taking more money out of people's pockets. Charging companies more to advertise, absolutely.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8322	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't think these savings show any substantial savings and more of an inconvenience, especially to parking charges and people parking in dangerous ways or not paying fines and for council staff.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8323	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Without knowing which fees etc are being discussed it is not possible to comment. Parking fees in Council car parks will not make people use public transport if it is not available at times that suit them. Making people pay to park at their work may influence whether people wish to work in the area. Talent may go lost.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8324	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Stop fleecing motorists to make up for the shortfall for a poorly managed public transport system	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8325	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Fees are high enough for parking. Alternative transport is not an option if you live in a village that only has an hourly bus service, unreliable trains	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8326	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree with some of these things but not charging employees to park	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8327	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing parking charges and a workplace parking levy will damage the local economy, decrease footfall in town centres, and be a tax on working people. These are not necessary if the Council lives within its means - don't spend money on non-statutory services you are not funded to provide.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8328	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	This is a very problematic area. Staff shouldn't pay to park and any council car park shouldn't be used to generate money. Any car park that is sub contracted from WLC to a 3rd party should be brought in house and managed internally. Many areas of sub contracting are money wasted as these contracts run and run without a review and often councils paying well over the odds	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8329	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Please dont charge people for going to their work, they are there to make money, not spend it.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8330	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I chose 'No' because although I agree with the majority of saving suggestions, including parking charges for Non - WLC employees in WLC run car parks, I absolutely don't agree to charging WLC employees to park in WLC run car parks. Where else should they park? Not every WLC employee lives close enough to walk or use public transport or could even afford an additional parking charge. Being able to park for free within a relatively close walking commute is one of the better limited benefits provided to staff.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8331	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	We shouldn't have to pay for car parks as there is enough car parks with time limits and private company fines, every big supermarket or shop now has these in place, we need free car parks so we can actually do shopping without worrying about the times	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8332	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging on work place parking is ridiculous ☐	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8333	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I certainly don't think we as the public should have to compensate by extra parking charges while there is plenty of houses lying empty that should be occupied.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8334	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	cost of living is hard enough for people to buy every day essentials without asking them to pay for parking to see a doctor etc	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8335	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging staff to park in council building: Civic, Strathbroke or Torridon house is not effective for staff who are only there as they are doing a job	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8336	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Working people are already taxed to the hilt. If you plan on increasing or charging for parking then folks will go elsewhere where there is free parking. Thus small business will close and income lost.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8337	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	It's good to look for ways to generate income but not by car park charges that even low income people use.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8338	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	A Workplace Parking Levy is a tax on employment, and if passed on to employees it is another disincentive to work as it will further erode the differential between employment and benefits. Both will have a negative impact on West Lothian's economy. Introducing charges at car parks is another disincentive to work as it will further erode the differential between employment and benefits and will have a negative impact on employees, and the West Lothian economy - it will be another disincentive to work. Charges will further damage the high street as they will make on - line shopping even more attractive in comparison to the cost of shopping in local establishments, and will further damage the hospitality sector as they will increase the cost of visiting a restaurant or having a night out.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8339	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Work place parking charges is just another tax on the already over taxed workers of West Lothian.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8340	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No objection to council looking at ways of raising revenue but more detail is required in terms of the fees and charges that are proposed. A recent report to one of the council committees highlighted the dismal state of public transport in West Lothian and the fact that some communities have no service at all. Before introducing car parking levies for staff or charges for the public there needs to be public transport that is reliable, accessible and covers the area; for some people there is no alternative to the car. The council relies heavily on staff using their own cars to conduct council business and the fact that many do not claim mileage expenses. Good luck with that if employee parking levies are introduced.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8341	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Services have already been reduced, so charging for existing services like car parking will result in further negativity and avoidance of use of the services. Cost exercises on services that can be sub contracted is sensible	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8342	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charges should not be introduced in council car parks, especially not coupled with a rise in fees for council services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8343	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car park charges will do the opposite of bringing in income. It will drive demand out of places like Livingston.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8344	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Council can look at generating income but not on car park and community services that low income people use	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8345	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing parking charges is only going to discourage visitors to the area and hit those that live / work in the areas instead, you would need a good public transport framework which isn't there at the moment with options being either unreliable or too infrequent.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8346	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think the council charge enough for facilities and have a cheek to suggest charging for parking	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8347	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think that charging at public car parks, particularly as a mother of 2 with another one the way would be unfair as this would mean having less to spend on essentials for a growing family such as nappies.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8348	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	People are struggling for cash as it is so by charging them to park at work it's not a good idea, employers can't afford to pay this and not pass it on due to rising minimum wage and ni costs. This will chase business out of WL. Employ parking wardens and dog wardens and issue fines for parking and fouling, this will generate an income.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8349	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Definitely no to car parking charges for folk at work places!! Are you insane?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8350	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	It's a disgrace you feel the need to charge for council car parks. Our high streets are bad enough without making it more expensive to visit them.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8351	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Some ideas are ok, but parking should remain free.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8352	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Paying to park at your work - absolutely terrible!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8353	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	More free parking	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8354	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	do have a problem if charges were brought in and staff in council buildings have to pay a daily fee for parking, people are struggling enough with tax rises, gas, electricity charges, food prices etc, asking staff to pay for parking is just another way of making people poorer.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8355	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't think it's the council's best interest to charge etc for car parking etc it will drive people online	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8356	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Stop using motorists as a cash cow. Look at ways to tax rich people who don't contribute their fair share.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8357	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging people to park at council buildings and services is outrageous.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8358	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree to bringing in more pest control busy disagree with the others	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8359	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Paying to park at a council building when it is my place of work is unacceptable	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8360	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Council car parks are public land that are already paid for through taxes.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8361	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The people that will be penalised will be the staff for car parking which is not a great option!!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8362	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	It's wrong to expect staff to pay to come to work. All this will do is push people to leave, not save money.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8363	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	In the main I don't agree with these, seems you are trying to make money on Basic services that should be free or only charging back what you have spent.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8364	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	no charges for car parking or tourist tax if you expect people to visit West Lothian	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8365	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not introduce car parking charges, you will destroy this area.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8366	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't support parking charges, especially at train stations.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8367	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges could be the final nail in the coffin for towns like Bathgate, if there was Traffic Wardens in place to deal with the bad parking, that would bring in income. I am totally against "the tourist tax", these people are already being ripped off with prices in Scotland, West Lothian included.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8368	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Absolutely not to introduce parking charges. There are more than enough costs with car owners presently. Adding these costs wont make any difference to the budgets. Public transport systems are terrible in WL in general so thinking charges would divert people to use them would be a fairytale.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8369	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No but as a West Lothian Council Employee I haven't had a pay rise this year, which in the past was in April and it has now changed to August, and we still haven't had it. Therefore I don't want to see any increases to make savings, especially in employee car parking.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8370	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	not charging for parking at train stations ect because that causes other problems	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8371	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Income could be generated by enforcing parking laws in most towns in West Lothian	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8372	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	You cannot increase car parking charges when there isn't a robust public transport network to provide alternatives to car use - I would LOVE to cycle / bus / train around West Lothian on my daily rounds but it is only possible in the car for the majority of residents	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8373	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	You cannot increase car parking charges when there isn't a robust public transport network to provide alternatives to car use - I would LOVE to cycle / bus / train around West Lothian on my daily rounds but it is only possible in the car for the majority of residents	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8374	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Putting charges on car parks will reduce footfall in town centres (excluding near Livingston shopping centre which isn't controlled by the council) as people aren't going to pay. They'll just go online Increasing fees for certain things will stop people using them as they become unaffordable	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8375	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	If you charge employers for parking you will lose employers, I will move my business elsewhere if this came out. Charge for council car parks, but don't charge your employees (I am not one), you already removed their allowance for using their cars, and made it difficult to get a pool car.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8376	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	charge members of the public to pay to drive to work! Absolute madness!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8377	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	These proposals such as parking charges just result in further costs to West Lothian citizens are effectively a local tax.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8378	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Lot of normal folk work in Bathgate and other towns. Paying for parking etc no no no. Ring fenced funds from the grant is the problem	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8379	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking fees at council properties disproportionately impact poorer people, and do little to increase adoption of public transport.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8380	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	charging people to park their car when they are going about their business in local area, spending money in local business should not be charged.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8381	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Applying a parking levy on businesses will just force them away from West Lothian.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8382	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	You should not be punishing people for visiting the area, these people no doubt spend money in the local economy. People should also not be punished for using a car park. The public transport service in West Lothian is so unreliable. Having a car is almost a necessity if you can afford it.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8383	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing parking charges, would unfairly penalise local workers and employers who are already struggling with rising costs. It would also discourage people from visiting our town centres, which are only just beginning to recover, directly harming local businesses rather than supporting them.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8384	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	While I agree with increasing the use of advertising on council - owned property and facilities, for example roadside and bus shelter advertising. The rest I do not agree with and the fact there is no clear amount means you are not held accountable for any shortfalls and you've not communicated or committed to an amount	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8385	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The measures proposed would serve to stifle the local economy, reduce growth and make West Lothian less attractive to employers. The council should focus on ways to bring new employers to the area and also bring in tourists. If bordering councils introduce such levies. West Lothian could capitalise on this position and be a lower cost, but geographically close alternatives. Along with continued investment in roads and public transport, this could turn West Lothian back into a place business want to be and where tourists naturally want to stay	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8386	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Why penalise the employees for parking when all there doing is coming to workintroduce electronic parking for employees and charge non employees	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8387	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	If you run more and frequent local bus services, people would not have to use cars. Increasing parking charges would possibly put people off using your car parking facilities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8388	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Increasing parking charges would possibly put people off using your car parking facilities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8389	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Cost of living has already risen so to put charges on employees when working is not acceptable	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8390	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Local residents already pay council tax to cover services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8391	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree with the visitor Levy however the car park charges is appalling and would have a negative affect on visitors which would then reduce the visitor levy income.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8392	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think in this economy putting more pressure on people for driving isn't fair, as a non driver and having to use buses to get to my work, I have to leave my house an hour and a half before I start my work this means getting my son up and out at this time as well if you tell employees to either pay or use public transportation this will impact on family life putting extra pressure on individuals	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8393	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Your new income generating methods should not hit the residents. No car parking charges at train station and employers car parks - west Lothian does not have a robust bus / train / public transport network.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8394	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Considering charging to park at council buildings is disgusting.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8395	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	People are already at breaking point with the cost of living Charging people to park at work is further squeezing tax payers	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8396	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think charging employees to park at their own place of work would be outrageous	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8397	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Again looking at cars per household and street parking	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8398	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No new taxes, or charges, including parking charges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8399	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No to more parking charges which will damage the local economy. Taxes on employers increase costs for everyone. Taxes on employees are a disincentive to work. Charges for parking will drive custom from West Lothian towns.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8400	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No to workforce parking charges. These will be passed on to employees and will be another tax on working people, with the money used to support those who do not work. This is not fair. No to town center car parking charges. West Lothian towns are struggling as it is without an additional disincentive to visit pushing more shoppers online.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8401	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Bathgate as a shopping town is struggling as it is without introducing charging for parking	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8402	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Public pay enough for parking	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8403	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The idea of introducing workplace car parking charge is ludicrous. If the council is not 'actively looking at in the immediate term' then why is it even mentioned in a consultation that is for the next 2 years. Car parking charges will just lead to utter chaos with drivers parking in residential areas. Road safety will suffer if this idea is implemented. Stop providing pest control rather than worrying about what to charge. Loads of other companies out there doing it better.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8404	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing parking charges at car parks and it will further destroy what is left of town and village centres like Bathgate and others.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8405	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	raising charges and parking charges NO. Why cant this box be below the info on previous page so i can refer back to the many points!!!!!!!!!!!!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8406	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8407	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	don't increase car parking fees of council owned car parks	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8408	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging people to park you dont emplot wardens as it is.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8409	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do not agree with employees being charged with parking fees.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8410	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Additionally, adding parking costs to employers will just transfer to employees resulting in an increased cost to go to work.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8411	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charges could deter people coming to areas nd increasing already charges that ordinary people are already struggling to find the money. Maybe charge companies for the staff having to take work van home which congests and ordinary house parking	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8412	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Towns like bathgate / whitburn / Armadale are quiet as they are. Introduced parking charges will make this worse and will also increase costs as parking attendants will have to be hired which will negate any savings.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8413	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't increase the tax burden on working people with parking charges and a workplace parking levy. Don't further disadvantage physical shops, services and leisure by increasing the cost of visiting them through parking charges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8414	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Please don't introduce parking charges at train stations, this will only force people into their cars which will then clog up the roads causing higher omissions. And will only penalise the persons who're trying to utilise public transport.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8415	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car travel is fairly essential across West Lothian. Public transportation is not frequent enough and unreliable. Workplace parking levy would also be wrong move and put company investment off	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8416	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	When people have to pay for parking in town centres, this reduces the number of people who will visit town centres	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8417	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	It would be unacceptable to have to pay for council parking.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8418	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Why are all the charges aimed at people trying to work??? You want to go to work but you are now asked to pay to park your car?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8419	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The only thing you ever come up with is charging the car drivers. Easy money but you can overcharge and then see were they go.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8420	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	When public transport is up to an acceptable level, more people might consider this option.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8421	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No to implementing car park charges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8422	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	You can bring more money in to the local businesses and economy but not having parking charges. If you introduce parking charges people then just park where they shouldn't. Bus stop outside the co - op in particular is a problem. The reason you have a shortfall is the SNP froze council tax for so long. Do you really need all those pool cars in Livingston?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8423	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think introducing paid parking for council buildings is not something that would be effective	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8424	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Having to pay for car parking within many areas already in West Lothian, simply squeezes its resident and put off people from visiting the area.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8425	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges will ultimately lead to dumping of cars in unsafe spaces as no one wants to pay for parking. In addition, staff will ultimately have to pay to attend work..... something I am unable to afford.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8426	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No to new car parking charges. No to workplace parking levy.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8427	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not charging staff to park at their workplace as this will be an added cost to those trying their best for the residents.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8428	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	It would be pointless to charge for parking as people would just choose to park elsewhere. In big cities I imagine this would make sense by West Lothian is not as densely populated so there is not the demand.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8429	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	the cost of living and council tax etc is expensive enough. Targetting motorists in particular is nit fair at all.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8430	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for parking at railway stations is madness and will decrease usage and flood neighbouring streets with cars	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8431	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for parking when authority buildings like offices, libraries, and schools, etc. are far from train and bus links would not look fair.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8432	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	anything which costs or could potentially cost taxpayers more at some point than from their own spending ie car parking is not great.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8433	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Families are already struggling with increased costs in our local community. By looking at increasing tariffs, introducing levies etc will only cripple our local businesses. Concerns about the workplace parking levy Not all workers have viable alternatives to driving, especially shift workers, carers, or those in rural areas. The levy could discourage businesses from operating in West Lothian or reduce job opportunities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8434	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking levy cause an undue burden in the population and business	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8435	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing car parking charges will damage local town centres and businesses.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8436	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Some leisurely car parking costs is one thing, but I think access to train station car parks should remain free as commuting costs across rail is still a significant financial burden for many, and adding in additional costs the commute would hit the lowest paid the hardest.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8437	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Would absolutely be against parking charges, especially in local towns. The towns need more free parking to boost local trade / help businesses.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8438	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No to parking charges, why would I visit any high street when I can drive to Glasgow for free, paid parking would kill independent shops like Nautical in Bathgate	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8439	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	There certainly shouldn't be a tax which it actually is put on work place parking.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8440	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not everyone can afford to pay for parking at hospitals and their place of work,	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8441	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The cost of policing car parking charges surely cannot outweigh the legal fees to fight people in unpaid fines etc. More parking should be made available, Bathgate precinct for example is void of life due to lack of traffic. Open it to vehicles again and put on street parking either side, it works in other towns, why not there? A roundabout could be created around the fountain and a traffic light system in place there for all directions would massively reduce the tea time rush. Less parking / charges in towns like Mid Calder will surely encourage anti social behaviour, road rage incidents etc.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8442	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Public parking charges will kill the local economies in West Lothian. If charges begin to apply, footfall (which is already an issue) will reduce for restaurants, shops, and increase demand on public transport which has been reduced over the years. This will also strain those on lower incomes who travel into west lothian for work. An example of this would be bar staff, wait staff and shopkeepers who would be earning close to minimum wage, who would then need to pay for parking charges which would impact hiring, retention and footfall for local businesses.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8443	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	This is merely tinkering and projected income that doesn't appear to be based on real income. adding parking levy will inadvertently disadvantage rural communities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8444	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	car parking fees NO!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8445	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Employees should not have to bear the brunt of further parking charges at work. We want employers to invest in employment in West Lothian paying charges to park at work is scandalous. Motorist already have to pay more with fuel costs and commuting costs. There are no regular bus services to industrial estates that are reliable	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8446	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	as for a parking Lev that's just a stupid idea	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8447	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Better public transport, no more uncertainty. Parking charges are counterproductive, people will park outwith designated parking and this would have negative ripple effect on communities. Just another tax.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8448	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Public transport in West Lothian is not sufficient and will not offset parking charges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8449	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Council workers should not have to pay to park their car so they can do their job	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8450	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	On the subject of parking - to even suggest that employers are charged for parking which will inevitably lead to charges being passed on to employees is another example of the extreme arrogance that appears to be the norm in this council administration.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8451	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing parking fees might have a negative impact on people coming to Livingston.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8452	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for parking in council owned car parks - not	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8453	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree with most of the proposals but not the business place car parks. The current public transport network does not provide the necessary service for the majority of workers especially those working shifts and as such you would be penalising those in our emergency services (especially) and other work forces. You can not bring in this tax without an efficient public transport network operating 24 / 7 to support it.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8454	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	WL residents and employees already pay high taxes, council taxes, energy bills, and so on. Adding extra charges for parking is not attractive in any way. It just punishes WL residents and tourists for our own government mismanagement.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8455	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I work for the council and I would not be happy if I had to pay the park at work. I live in Linlithgow and work in Whitburn and there are no reliable public transport links between these 2 towns. I also don't think council car parks should charge money to park. The state of West Lothian's streets with people parking causing obstructions is making it more and more difficult driving in the region and this would exacerbate it.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8456	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No to workplace parking charges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8457	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Definite no to workplace parking and town center parking. I 'd much rather see savings through reducing non - statutory services.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8458	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do not support car parking charges. I do not support a workplace parking levy.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8459	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not charge council employees to park at their place of work	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8460	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b - No. How does this link with 2a just the same but highlighted a specific? How would this impact on council staff, would staff car parks be barred or would the flex working from home be increased?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8461	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't frequent local places where charges are made for parking. Therefore, I shop out of West Lothian.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8462	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Families are already struggling with increased costs in our local community. By looking at increasing tariffs, introducing levies etc will only cripple our local businesses. Concerns about the workplace parking levy Not all workers have viable alternatives to driving, especially shift workers, carers, or those in rural areas. The levy could discourage businesses from operating in West Lothian or reduce job opportunities.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8463	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Increasing parking fees could discourage people from visiting town centres,	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8464	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Can't believe you'd consider charging employees to park at their place of work. How on earth can people use alternative transport when there are no buses running from many of the local villages. This is a ludicrous suggestion and ill thought out clearly by people with no knowledge of the local areas.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8465	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Making employees pay for parking would be a disaster..... There would be cars dumped everywhere	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8466	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for parking at places of work or in train stations will impact the immediate neighbourhood as people will leave their cars outside the car park rather than pay.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8467	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't agree with car parking charges for workplace environments	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8468	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Because Staff shouldn't have to pay to come to work and park in staff car parks	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8469	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Staff should not have to pay to park in their place of work. Public carparks are acceptable to charge for	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8470	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The council have already been raising fees, the idea of charging employees to park at their work place is terrible and should be scrapped.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8471	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	You have to improve public transport dramatically before you can charge for parking. Livingston is a town for drivers and it would be ridiculous to charge for parking with such a poor bus service in place.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8472	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Shouldn't have to pay for parking at your place of work, plus all those that work from home get off scot free	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8473	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I am strongly apposed to other like car parking.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8474	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing car parking charges to council owned car park's would generate a negligible amount of income, in the grand scheme of things. It would be an unfair further expense for employees and service users. Public transport is simply not comprehensive enough in West Lothian to suggest staff should look alternative transport when attending work.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8475	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging people to park will only cause more congestion, parking in all sorts of crazy places	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8476	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Absolutely no to car parking charging. This will impact on the low paid the most.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8477	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Again targeting Staff parking!!!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8478	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Absolutely not. Charging for things like workplace parking simply increases the fiscal burden on companies and employees, which is money they will not spend. Companies in the UK are already struggling - we have the highest industrial energy prices in the WORLD thanks to UK policy decisions, as well as some of the highest labour costs. Labour and energy are in every product and service we use, and high costs there makes everything more expensive. In the industry I am in, simply for energy and labour costs, our West Lothian level is DOUBLE the cost in Japan for equivalent energy and people. That is already unsustainable, and adding further costs into those, will strangle the future of this region. We need to lower the overall cost of living, not increase it.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8479	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car park charges will kill our high streets and what about those located near essential services like GPs?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8480	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Workplace parking levy is putting extra demands on employers who have already had extra demands put on them.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8481	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	You cannot introduce a parking levy if you do not back this up with adequate and regular public transport.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8482	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	This was a question of generating income vs. making savings Most car parks around the area are privately owned and charged, many people struggle with paying to park particularly for commuting for the train, etc which would make jobs in Edinburgh and Glasgow much harder to take	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8483	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Disagree with 2B. Politicians should no by know that interventions like these have consequences for the economy - damage to local business, and inflation that will see you having to make more cute in future. Increasing tax is rarely the answer to economic problems, and these will hit many that the Council should be focusing its attention on - low paid workers and local businesses.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8484	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charges to park at a workplace is wrong especially with the current cost of living crisis, and increased pressures on businesses.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8485	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The public own the roads, why should we pay parking. We pay road tax and the roads are a shambles.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8486	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The cost of living crisis is putting an incredible amount of pressure on average people, adding further charges to things like parking at your place of work or in council areas. Adding fees and charges should be the absolute last resort. Politically it could be incredibly damaging to place the cost on individuals shoulders repeatedly. I believe there could be better ways to make money but adding charges for things that people rely on, like free parking should not be considered.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8487	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I am fed up as a local resident having to pay in council car parks to do our shopping. It's a disgrace. we end up paying extra so people choosing to shop at weekends from outside west lothian reap the benefit of shopping provision.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8488	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't think charging staff to park in their workplace is ideal. As a teacher with a tiny car park, I already have to use the high school car park and walk. Most employers provide a free car park	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8489	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b - car parking charges and a workplace parking levy will lead to the ruin of our town centres. Cars will park all over the place to avoid car parking charges, and why should workers pay to come to their work, it is meant to be the other way around!!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8490	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I live & work in Broxburn but my clients travel to Broxburn & what benefits my business is free parking in the greendykes road car park. As it's the only free car park Broxburn has. You could earn money maybe having parking meters on the Main Street	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8491	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Use of advertising OK. All other suggestions No.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8492	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing workplace parking is a tax on employment and inflationary.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8493	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Workers are struggling as it is. Many travel over 6 miles to get to work. Charging employers for parking spaces will be passed on to the workers to pay.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8494	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	It's expensive enough getting the train to work. Charging to use the car park would penalise workers.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8495	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Adding a cost to park in council parking is a very poor suggestion, no one should have to pay to park at their work. Residents pay a lot in council tax without adding additional charges	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8496	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges will only make people park outside houses in residential streets and cause a nuisance. Do you want towns to exist? Charging for parking will put people off coming in also how many visitors stay in west lothian certainly not Bathgate as all hotels are now for the homeless	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8497	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not charge workers to park.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8498	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging employees to park is an insult You are giving with one hand and ta	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8499	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging gvt council car parks only exacerbates the excessive street parking in nearby residential areas. This is dangerous to local schools and residents. If you charge it will mean more cars in streets. You allow all these new builds without thinking about the infrastructure	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8500	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing parking charges to employees is not the way forward.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8501	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	but don't charge for car parks when you are encouraging people to shop locally and use council run facilities	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8502	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't charge staff to park they are already stretched with the high council tax riding food costs etc	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8503	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	but then you would have to run a proper bus service west lothian wide not viable	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8504	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't agree in charging people for driving to work.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8505	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Proposals are only to contribute a small proportion of savings versus an adverse impact on people	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8506	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Staff paying for car parking is ridiculous for staff who do not reside in West Lothian.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8507	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for car parking will just move people to park in residential streets.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8508	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking fees will discourage visitors and penalise locals. Visitor levy does not look as if it's worth the effort.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8509	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Provide more car park spaces in towns, not charging for them, to increase footfall in local shops	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8510	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I found this difficult to answer as I believe council employees should not be charged to park their cars for work, I also think people attending GP appointments should not be charged if their GP is in a council building.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8511	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not in the public interest	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8512	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don't think so	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8513	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for car parking will only lead to more illegal parking throughout the county. Police Scotland are not able to manage with the level of illegal parking as it stands now so won't be able to help. The cost of paying traffic wardens will surely outweigh any income being brought in	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8514	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Some of the ideas are relevant. However, charging for car parks could potentially make visiting public buildings like libraries etc no longer viable for those who are on low incomes or disabled.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8515	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Increasingly council tax and charging for council car parks could affect the most worse off more harshly	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8516	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	but the rest is just penalising the poor!	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8517	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	charging more for car park usage etc when already council tax, bins etc all prices have shot up and you are making life unmanageable for the public to live anymore	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8518	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for car parking will only increase bad parking when there is no consequences. Only the good people being penalised	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8519	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b. Do not increase fees and charges especially at car parks. Planning applications have already ensured there is often insufficient workplace parking across the country	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8520	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I just think the cost of living crisis we are in people are struggling especially those with lower income, putting charges on parking for those who really need access to council property is an additional burden	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8521	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	West Lothian is too small to introduce parking fees in any other area other than the shopping centre. We receive substandard services for the council tax we pay so it will be a mockery to increase council tax	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8522	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing car parking fees is not the answer.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8523	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Likewise charging for parking given the already precarious state of most high streets seems counter intuitive.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8524	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Would the cost of having to police the parking charges or implement a digital system outweigh the income generated by this and people are already struggling. I think the amount generated (or what was listed) does not justify the changes suggested.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8525	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think with today's living crisis and affordability the last thing our community needs is carpark charges	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8526	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Staff should be exempt from car park charges.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8527	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not bring in a workplace levy as it will decimate working opportunities and just be pushed onto working people. We need more people in offices not something to drive them away	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8528	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	You CANNOT charge people for parking at their workplace. If you go down this route you must have trial at all the council premises first. Blackburn, Civic Centre etc...	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8529	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No parking charges	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8530	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not workplace parking charge.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8531	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Further cuts and services should be reviewed before any of the suggestions on the list. Reducing the size of local and national government should be done first.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8532	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Raising car parking charges or bringing in visitor levies will just reduce the movement and spending in west Lothian. Personally I would actively avoid areas where I would have to pay more for things like parking when I could go elsewhere for free.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8533	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Any workplace charge will be counter productive it will simply be a tax on jobs	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8534	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	these are merely passing costs on to residents and without a clear determination of possible income.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8535	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	however, charging in other areas seems unfair	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8536	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	not 2b.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8537	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No to car parking charges. This will damage town centers. No to workplace parking levy. If you do this you will be making further cuts in a few years to pay for the increased wages necessary when the cost of living rises.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8538	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for parking won't work, people will park in streets near by and cause more congestion issues.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8539	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introduction of parking costs hits the majority of people in their weekly budget. This could potentially isolate people from using services, making them even more vulnerable in their communities. support our most vulnerable.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8540	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Due to the layout of West Lothian, parking is a necessity for doing the basic chores for most families.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8541	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	unfair to charge for car parking when many workers, pensioners etc rely on this.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8542	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	People are at their limit financially. Need to get people back to shops. This pushes people online.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8543	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Council shouldn't charge for parking unless there is connectivity across the council. People need to travel for work, for kids activity, schools, shopping etc. By imposing cost you will be pushing more and more people to be at home or just their surrounding. This could lead to less people going to town center affecting business. Over long term, people will lose touch with the wider area	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8544	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charges should not be considered	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8545	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	do not agree with the car parking charges. Do not put the charges onto ordinary people	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8546	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	We should be charging for peoples parking as it would be a regular cut to their wages when they are already cost of living problems. The people who are parking are the ones who are contributing to the running of society and not eroding it dry.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8547	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The public should not be charged for council car parks as they should be serving the public. The cost of living is already difficult and having money removed daily from our wages to just park at work is a ridiculous concept and is very greedy. Basically punishing people who are contributing to keeping society running, keeping jobs, medical assistance, communities afloat, and shops etc	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8548	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing fees to car parks wouldn't work and would put pressure on working people in the local council areas.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8549	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No to parking charges in town centers and workplaces.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8550	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	We think we should try to generate income but some additional charges we don't agree with such as charging more for parking cars as sometimes this can be unfair	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8551	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	As for charging for parking, I also do not think this is the answer, I am quite proud of WL when it comes to that sort of thing as other local authorities charge for parking, again its just yet another expense that will be expected to be covered by the average household.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8552	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't think people can afford this with the cost of living problems to pay for parking. It would be like having a wage cut if you have to pay at being at your work each day. The council is meant to look after the people not steal from them for working for them.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8553	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think we pay enough	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8554	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Town Center Parking and Workplace Parking - I don't think charging employees to park close to or at their place of work is viable. It will be reflected in higher pay claims, and you will be back where you started - looking for more savings.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8555	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I DO NOT agree to further taxes on working people, particularly parking charges in town centers. Stand up for those who contribute economically by working for a living - don't fall into the trap of making work less and less rewarding. Stand up for WORKING PEOPLE. Is that not the true roots of the Labour movement?	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8556	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I DO NOT agree with any new taxes, particularly parking. Reward work and enterprise, support those who have a job and contribute. Go back to your roots and stand up for working people - Labour is the party of the WORKERS.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8557	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I DO NOT agree with new taxes on parking and workplace parking to fund unnecessary non - statutory services. Stand up for working people.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8558	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing further car parking charges for council run car parks will lead to businesses leaving the area, and will kill what shopping remains in our towns outside of Livingston. This is short sighted, and while it may make some short term financial gains, it will be to long term detriment of our towns and local economy. You won't make money from car parks if you kill local business and remove the need for the parking.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8559	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking fee is a no unless we have a reliable bus service. If we had a decent and reliable bus service people would not need to use their vehicles to go to work. I think the council should look how other countries bus services work as ours is very poor in fact it's dire compared to Spain for instance	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8560	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	With the cost of living crisis, it's unreasonable to charge for car parks	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8561	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Pay enough	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8562	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Disagree charging residents for things like car parking given the current cost of living crisis.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8563	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	For people who can't afford basic essentials, I don't think they can afford extras.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8564	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	We are barely getting by as it is. If you put parking charges on various car parks, you will stop people visiting the businesses etc. In turn, they will lose money.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8565	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b - rising costs for everyday services = reduced footfall in towns. Public transport needs to be far better to make this work	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8566	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Enough fees already in place for brown bins and parking in Livingston.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8567	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	High streets are struggling enough. Charging for car parks will kill it off.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8568	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b - I rely on parking / car to get to work. I can't afford this additional cost.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8569	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Increasing charges and fees such as car parking are a negative way to generate income. Stops people from using services. People are struggling enough and extra charges should not be considered. STOP WASTING MONEY.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8570	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Employee parking charging is a ludicrous idea which would be met with the same reaction as that of the poll tax.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8571	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don't agree with these.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8572	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Overall no	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8573	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges should not be included	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8574	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No to this	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8575	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	People are struggling with the current cost of living and charges. Adding further expenses is not going to positively contribute to life when benefits are not being seen.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8576	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No parking charges	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8577	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introducing parking charges would deter people from spending money locally which would be very bad	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8578	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	NO car park charges please.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8579	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I do not agree with bringing in car parking chargers	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8580	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Council car parks should be free - especially where there are Dr 's surgeries.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8581	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I disagree. It 's a good idea to generate income but not in these ways.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8582	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No charging for parking! A really good way to stop people accessing council services. Those with disabilities rely on using cars as public transport is so poor.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8583	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I DO NOT agree with any new taxes, particularly workplace parking taxes. Reward work and enterprise, support those who have a job and contribute. Go back to your roots and stand up for working people - Labour is the party of the WORKERS.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8584	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging for parking at council owned car parking facilities should be scrapped. Charging commuters to park at train stations is disgraceful and will discourage use of public transport. Commuting to work is expensive enough without the added cost of this and it's clear this idea hasn't been thought out well enough for real people living in West Lothian.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8585	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not agree to general introduction of car parking fees. If we take Livingston, which was based on a car driven society the thought of a general car parking fee does not gel. Neither does the idea of workplace parking charge for employees.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8586	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Payment for parking can often move the car issues elsewhere	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8587	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don 't believe we should be paying for parking	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8588	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Absolutely no new parking taxes on Working People. Represent workers, and make it pay to work - promote services that get people into work, not phone lines to help people stay out of work.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8589	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Certainly don 't put charges on cart parks. Town centres don 't get much foot fall any more anyway, so if people start to have to pay to park they 'll stop going.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8590	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Don 't charge for parking	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8591	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	This is not fair to people using the council car parks to attend appointments people will park on streets which will cause more issues.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8592	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Dont think its fair for staff and residents to pay for parking	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8593	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Unfair to expect employees and residents to pay for parking to go to work or access services	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8594	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	we should not have to pay for parking at work - stupid idea	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8595	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	no to: 2b	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8596	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Everything already to expensive	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8597	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Should not have to pay to park at train stations, or at work, there is very little parking in West Lothian.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8598	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	not fine to raise funds from work place parking, West Lothian is too rural without a reliable affordable public transport system. Put this in place before levying even more charges on employees and residents.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8599	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Unfair to charge a workplace levy on council workers to park to attend work.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8600	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	It 's unfair to charge council workers to park for work.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8601	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Why should council employees have to pay to park at their place of work? There are no benefits to work for the council, so why should they be penalised further with having to pay to park.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8602	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging people to come to work (I assume that is what is meant here) is a way of taking money from people who earn the least, and can probably least afford it.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8603	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I understand WL already receives income from car parking (including for disabled spaces!) which other councils do not, as well as the income from Blue Badge fees, so increasing these would not be a popular move.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8604	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I don 't think raising fees and charges and additional parking for people at work in Council car parks is fair. Let Council employees get to work without this added burden. You can 't just keep putting costs up and not delivering a better service.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8605	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charging teachers to park their cars in the school car park - no. If this happens, staff will park in the surrounding streets and there will be increased congestion. I will happily park in the town and walk further to work.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8606	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think businesses in the area are already struggling with the 'cost of doing business' crisis that to implement a charge for parking spaces would not be beneficial to the local economy.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8607	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do not introduce car parking charges in towns in West Lothian most high streets are struggling already without a disincentive of paying to park.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8608	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b Bringing in car parking charges at council - owned car parks Do not agree with this unless arrangements made for staff parking at workplaces	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8609	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I am a teacher I have no other alternative but to park at the school 's car park and a parking charge will impact my decision to keep working for the council	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8610	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Not by charging employees to park at their workplace.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8611	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	not paying for parking at work until you can provide a reliable transport network suitable for shift work.	Environment and Sustainability	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
8612	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	.	Environment and Sustainability	3. The respondent advised that they had no comment to make.
8613	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No.	Environment and Sustainability	3. The respondent advised that they had no comment to make.
8614	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No	Environment and Sustainability	3. The respondent advised that they had no comment to make.
8615	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	no	Environment and Sustainability	3. The respondent advised that they had no comment to make.
8616	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Residents deserve transparency about how much of our local budget is being transferred to private corporations, and whether these contracts deliver value for money. I therefore urge the Council to: 1. Publish an annual summary showing total external supplier payments by category and supplier.	Environment and Sustainability	4. The council is already doing this.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8617	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Generating additional revenue streams is vital, but this must be balanced with attracting footfall across WLC businesses, for example when considering parking charges	Environment and Sustainability	4. The council is already doing this.
8618	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Fine people that litter, people that park on double yellow lines, fine youngsters / people that damage public parks and propriety (put cameras on those areas), fine people that spit / stuck gum on streets, public transport, public proprieties, get 100£ to return dumped trolleys to businesses, invest in leisure buildings and charge for services	Environment and Sustainability	4. The council is already doing this.
8619	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	scan licence plates and every time someone parks there car in a car park, charge them 1 pence. 1 pence isn't much but if you take 1 pence from millions of people daily it'll add up.	Environment and Sustainability	5b. It is proposed that this suggestion is not taken forward because it is likely that the costs of this proposal would outweigh the benefit.
8620	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Each household can buy a parking space at there home As this area multiple taxis work vans boats takeaway unit all taking up car park spaces outside my home can't get parked on the evenings it's a joke 3 to 4 vehicles from one house least if you could buy a space one per house I would definitely do it as would some others that have one car can't get parked At gordon way	Environment and Sustainability	5c. It is proposed that this suggestion is not taken forward because it is not consistent with the council's values and priorities.
8621	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking wardens	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8622	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge vehicles that are parked on pavements this money can help council make extra income crack down on vandalism find those responsible and charge a fine	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8623	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Bring back parking wardens or use police to combat illegal parking - they could generate huge income in Linlithgow High street alone!	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8624	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Do what Fife council has done and have parking wardens ticket illegally parked vehicles which will raise far more than the wage for the warden	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8625	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Fine people who park their car on the pavement.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8626	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Another way of generating income around the towns could be introducing parking attendants again, this would generate a lot of income!	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8627	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introduce on - street parking charges and have these enforced by officers randomly attending.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8628	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Enforce parking fines to cars parked in country parks when gates closed (not expensive, only £5 - 10 per car, in the summer alone when there are attendants the council could make over £5000 from Becaigs alone!). Allow easier access for community groups to start local gardens / allotments which can generate passive income for the council AND increase pride for the local community, increase wildlife AND reduce staff litter picking.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8629	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The obsession with savings rather than revenue is an issue. Learning into illegal parking in towns all over West Lothian would benefit budget as well as safety.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8630	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Sub letting unused council spaces for private organisations. Enforcing double yellow line and disabled parking fines.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8631	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Again by implementing suggestions. But if increased charges were to be made a discount for West Lothian residents would make it less unpopular	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8632	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Make this automated or through an app so that paying is easy an convenient so as to avoid people who forget to pay getting fines. Like hozah automatic payment.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8633	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The west Lothian country parks are an amazing asset that are not maximised. Some investment in facilities at these could make them great tourist destinations - Charge for parking but reinvest in the parks themselves. Nature is important for mental health - if the council wants to spend less on services for mental health you need to keep nature spaces a high priority.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8634	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Get traffic wardens out especially in bathgate amd stop the takeaway cars parking on pavements. Again too many chiefs not enough Indians.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8635	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Introduce parking wardens to deal with the parking problems. Introduce parking permits for road parking in residential areas where too many cars are blocking streets., generating more revenue.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8636	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Illegal parking in Linlithgow is not challenged and fines not imposed. Start, imposing fines for illegally parked cars. If money cannot be made here shows a lack of imagination and competence.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8637	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking meters and wardens need to be on the streets lining cars for parking more than 1 hr in busy shopping / city areas. Cars fined for parking illegally (sidewalks, zig zags, double yellow lines). Automated machines are not sufficient. It's a waste of time.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8638	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	take advantage of people parking incorrectly and ticket them.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8639	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Start charging for parking at local attractions like Almondell Country Park / Beecraigs. Every car having to pay £1 a day would be minimal cost but could help fund rangers / visitor centre / landscaping etc.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8640	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Employ parking warden and fine bad parking.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8641	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree that parking charges could be reconsidered as long as they're reasonable and affordable for people travelling outwith the local area, perhaps a booking system for those travelling a certain distance outside the local area, at reasonable prices if train / bus is not an effective commute? Bit of tailored consideration required here.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8642	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Included in previous question ELC Traffic wardens	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8643	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	bring back traffic wardens (pavement parking is an issue)	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8644	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Keep car parking free but implement charges for people parking on double yellow lines	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8645	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	As before, traffic wardens would create more income than expense of wages.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8646	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	already mentioned. Bring back traffic wardens / increase parking revenue. Livingston is a major shopping hub in Scotland - probably the largest outside of any city, the car parks that are not owned by the centre are now owned by private English based equity firms - of no benefit to the local community of West Lothian in any context. Parking charges / wardens supports repair, sustaining and renewing transport infrastructure; thus helping with any knew cost.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8647	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking attendants, the money for parking charges would benefit the public and save lots of traffic problems	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8648	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking fines would be an effective way to increase income and would also benefit the public by deterring drivers from parking on pavements and in unsuitable places.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8649	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking attendants the parking on main roads / pavements is terrible fines would generate income and make safer	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8650	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Bring back traffic wardens people just think they can park anywhere and everywhere	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8651	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Bring back traffic wardens or parking wardens. North Lanarkshire council have a designated team who spot fine people who have parked their cars on pavements etc. Again, this would bring in thousands in revenue and would also make the area safer. Especially around schools etc	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8652	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Reinstate traffic wardens. This would generate income from the many who park illegally or stupidly	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8653	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I also think that pavement parking charges needs to be introduced - this would generate a lot of income for those illegally parking on footpaths.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8654	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Book people illegally parking	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8655	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Start fining kerb parking;	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8656	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Providing secure bike racks at work car parks	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8657	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I think introducing charges for council owned car parks may be ok but what about staff using these to park while at their place of work? I think this would then need to be free or a nominal charge of say £1 to park all day for employees	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8658	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Fees for essential services should not be charged. People pay for Council functions in their taxes. Fees for non - essential services should be charged at a reasonable rate. I work in Any parking charges should be very low and as a marketing feature, be tied to something the People like. E. g - all parking charges go to youth recreation. You 're likely to get a more favorable response if you say "last year our drivers raised £98, 000 for playgrounds "than "Pay £3. 00 to park here "	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8659	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	staff at council buildings should get a permit for free parking. Public could pay.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8660	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking around train stations is inadequate, leading to cars dumped into nearby housing roads. Council could set up larger park and ride areas and then shuttle people to stations - charge a premium to park at station. Set of double yellow lines to raise money from cars parked illegally - eg at entrance to ASDA petrol station in order to save spending 50p in car park.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8661	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Private car parks have received very bad publicity in the press for predatory tactics and I think most people would welcome all car parks falling into local government control. Maybe it would be possible to introduce a pass system whereby residents of WLC have the opportunity to purchase a discounted permit (or monthly subscription) that allows them into any council owned car park for no fee?	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8662	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Consider offering West Lothian locals to buy a Centre parking permit for the year for their home and they never have to pay for parking and then hike up the rates for those who pay on the go. Get those visitors especially during christmas.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8663	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I agree, however, could workers get free car parking or discount?	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8664	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Paid parking in main town centres parking attendants to fine everyone illegally parked on double yellow lines zig zags at pedestrian crossings.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8665	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Similarly car parking at the centre is charged by print companies - you could levy this yourself but you need to make this easier for people. Set up a registration service that tracks the car registration and automatically takes payments.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8666	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	There should be a minimum £1. 00 charge on every council maintained car park including Country Parks.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8667	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I also believe a warden for cars parked illegal should be reinstated across west lothian which would generate further income and also prevent / reduce illegal parking	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8668	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	this said job position could also be responsible for ensuring the charges for car parks are and have been paid.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8669	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	it would benefit the council if they employed a traffic warden in linlithgow which would generate money from parking tickets as linlithgow parked on double yellow lines and all along the high street and beyond	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8670	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	You could start charging a fee for parking at beecraigs etc to generate revenue which can then be spent on maintaining the grounds and parking	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8671	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	The Scottish Government also allows councils to look at a Workplace Parking Levy, which is a charge on employers in the area for providing parking spaces. This could generate up to £2 million of income in West Lothian. The Levy aims to reduce congestion and encourage alternative transportation. This is not something the Council is actively looking at in the immediate term.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8672	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Take control of parking enforcement, charge a levy for using recycling centres, consolidate / combine departments to reduce Council staff numbers, ensure housing developers fund additional infrastructure (eg bypass roads) and facilities.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8673	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Should start taxing car owners for parking spots. Max 2 cars per living space. Should tax and punish bus stop parkings - bus stops should be access by bus as plenty disabled or old persons dont need jump and injure when getting in or out of bus. Fight ableism.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8674	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Get parking / traffic wardens to manage the illegal and dangerous parking on all roads rather than charging people for using the little available legal car parks. This would raise more income and help with the problem of dangerous and illegal parking and would cover the wages of any parking enforcement officers. They could take photos or videos like speed cameras rather than leave tickets on cars and then the owners could be informed via a digital means as the cars are registered to the owners address and there would be less likelihood of confrontation.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8675	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Employing parking attendants would generate income. Uphall and Broxburn mainstreet is a free for all with people parking on double yellow lines and on traffic lights all day, every day. The police do not do anything about it, yet there are several near misses on a daily basis.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8676	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Putting inexpensive cameras in known fly tipping areas a fining those caught fly tipping. Enforcement existing parking restrictions and fining those responsible for illegal parking. Livingston Centre - outside of car park) and the road leading to Livingston North Station being two where illegal parking is a daily event and never seems to be patrolled	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8677	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Perhaps parking fines for the vehicles parked on the double yellow lines on the main street in Broxburn. Might also help with the safe flow of traffic.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8678	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	reintroducing a warden service could raise money through parking fines. Introducing parking costs to areas such as Bathgate could have a significant impact on the use of High Street shops, to the detriment of the town centre.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8679	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking enforcement is a big one. Not done at all in West Lothian and could generate a considerable amount. Needs to be criminalised as the police don't care or do anything about it.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8680	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Charge people for parking fully or partially on pavement (huge potential)	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8681	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking Wardens would generate income, reduction in fees paid to private hire cars	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8682	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Increase the number of traffic wardens to capture illegal parking. Even parking on pavements	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8683	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Enforce the pavement parking ban. I have complained many times to the council and my MSP about the pavement parking that takes place within my area of Linlithgow (Kettistoun Road). I see elderly people having to come off pavements, my pregnant wife was forced to walk on roads. I had to take my buggy with my 1 year old onto roads all because people are parking on pavements. It is RIFE. Get parking enforcers out and start charging people for parking illegally and inconsiderately. Even in residential areas.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8684	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges would hurt a lot of small businesses. You could charge after the first hour but need to be careful	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8685	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car Parking Charges - 2 hours free but then pay after that.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8686	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking at health and community centres should be free for the first 2 hours only.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8687	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Enforce Parking Regulations to generate additional revenue. At the moment, it's the Wild West in many towns, not West Lothian! Some motorists can be very selfish.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8688	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Also, as much as you would be paying a wage - Traffic Wardens back in the county. The amount of revenue you would get from that would be unbelievable. There's always people on double yellows, disabled bays, pavements, etc. The Police can't deal with it. Generating employment & revenue too. Just ask Edinburgh how much they make.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8689	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Also start fining people who park on pavements this is a very dangerous situation for people in wheelchairs and people with children in pushchairs or trying to walk round cars.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8690	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Employ parking wardens.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8691	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I would like to see a dedicated mobile blue badge parking warden with ability and legal standing to issue on - the - spot fines for misuse of badge, or the space. Financial penalties WOULD far exceed cost of salary, bike, equipment, uniform & mileage. - Start at Scotmid's in Winchburgh! Good Luck!	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8692	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	fine people who park illegally especially on double yellow lines	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8693	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	People who park on yellow lines should get fined more	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8694	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Using automated parking rather than attendants	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8695	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	By decriminalising parking and tendering out issuing parking tickets to a private company, you would have a guaranteed income. Companies would submit a bid for the contract on a set period basis and they would keep any profit made. After a period of time, the amount of tickets issued would drop off, however that would be for the company to manage. At the moment parking is managed by the Police, who only do it as and when they have the time. You only have to look at how cars are being parked in West Lothian around schools, places or work, train stations and shopping centres to see that they have bigger priorities.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8696	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	What about charging for parking in places like Beecraig county park..	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8697	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking meters on public roads where traffic park up on double yellow lines or make more car parks and put a charge but at the same time make sure the roads are in good use at car parks cause you can't charge for parking if the roads are not kept up to date	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8698	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Agree with previous, but car park parking charges should be introduced gradually at a low amount - not instantly unaffordable for some people. (Eg. £2 per day as opposed to £5 per day with permits available at better rates for regular users. Any income is better than no income at all. Charges for illegal parking should be enforced (no trainer!)	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8699	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b - small charge is fine 50p or £1.00 like the Centre	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8700	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	If you charge for car parking why not make sure that money goes into fixing pot holes	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8701	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Increase charges where appropriate but have a reduced charge for people on benefits. Increasing car parking charges only works if you invest in public transport allowing commuters an alternative viable option of getting to there destination.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8702	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking permit for staff in school car park per year and fine people in car park if in school hours	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8703	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Employ parking attendants to fine illegally parked vehicles.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8704	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Start employing parking inspectors and finding people fis	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8705	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Reinstate parking wardens!	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8706	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	put traffic wardens back on the streets like before, health and safety with parking on zig - zags, corners, bus stops, pavements etc also the income will pay the wages of the wardens plus some in your pocket Drivers just do what they want and council could be held liable as people are not driving to rules and regs of Highway Code and the council is under obligation for enforcement for it	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8707	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Think bringing back parking wardens in every town would generate alot of money due to the amount of illegal parking that goes on. Surely the amount of money raised would more than cover wages and bring in much needed income.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8708	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Bring in council warden parking fines for parking on footpaths etc, this could be undertaken by current council employees maybe 1 day a week	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8709	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	BUT a traffic warden partook should be. Why punish people using appropriate car parking facilities when others park causing risk to life to others.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8710	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	For example try alternatives such as employing traffic wardens to generate income as the dangerous parking in the town centres is horrendous.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8711	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Have an idea on what it would generate first. Apply parking tickets to illegally parked cars.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8712	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Bring back traffic wardens	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8713	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Perhaps a traffic warden would be an option especially for the illegal parking at crossings, traffic lights and street parking	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8714	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	You could introduce parking fees for using council car parks but not for staff, that would be incredibly silly and cause outrage and demoralisation. You could enforce parking by fining people who park on double yellow lines / pavements etc. there is not a day goes by that I don't see this, some of which block pavements resulting in pedestrians having to walk on the road way. There is always ways to make savings and to increase fiscal generation, it just needs managers brave enough to think outside the box.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8715	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	However introducing a parking attendant for people parking in unauthorised areas would bring in an income and hopefully encourage people to use suitable parking spaces as well as bring money in.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8716	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	illegal to park in certain areas and fined if parked.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8717	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Put traffic wardens in and use money collected to improve roads and pavements.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8718	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parking charges should not be introduced especially not at railway stations. Car parking enforcement should be introduced with a disc parking scheme on High Streets for time limits. Income to fund wardens should only be from fines for illegal parking. Revenue from contracted car parks like the Vennel in Linlithgow should be added to this income not put into the general pool.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8719	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	b / I 'm not against the council raising funds through modest charges e. g. 50p to £1 for all day parking currently free car parks but don 't rip residents off.	Environment and Sustainability	6. The respondent suggested an improvement. Officers will consider how this could be developed.
8720	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car parks in west lothian	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8721	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	You fine drivers that are parking where they shouldn't and allow shops to provide footage of cars that parks wrongfully on disabled spaces.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8722	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I only agree with this and charges for car parking if the public transport system is sorted. Smaller communities such as East Calder have dreadful and unreliable public transport and they will be unfairly penalised compared to others due to having to take their car. That's unfair. What is the council going to do to ensure fairness and equality? Why can some areas not be given car passes that either reduce costs or mean they can park free because they have no public transport alternative. We also want businesses to thrive so don't put up barriers to customers accessing businesses.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8723	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking costs for SUVs and other large vehicles	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8724	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Parking charges must not damage town centres.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8725	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Workplace parking levy - what are the needs for staff and their cars ie do they work shifts that makes alternative transport a problem, what accessibility is there to all transport? When removing transport options there needs to be consideration of what the actual genuine safe and timely alternatives are.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8726	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car park charges in car parks	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8727	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	When increasing or introducing new charges the impact of these should be carefully evaluated so as to avoid unintended consequences. For example, the introduction of car parking charges causing parking problems elsewhere.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8728	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Step away from spending above the budget, were sick of more and more costs for many unmanageable "savings" it's pie in the sky and rather wishful of our council. Parking charges.... really!	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8729	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Partnership Centres don't have enough parking spaces for the number of staff in each building which means we have to use alternative car parks. I would love to get public transport to work but there are no transport links to get me to my place of work or to the variety of meetings I need to attend across West Lothian. Businesses on the high street are already struggling to manage so introducing paid parking is only going to push people into further shopping online and not utilising the businesses they have on their door step.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8730	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	increasing parking charges reduces people visiting particular areas, a reduction in parking may increase football especially in towns.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8731	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	private parking	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8732	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	No	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8733	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Government have also allowed all local authorities to enforce pavement, dropped kerb parking etc	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8734	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Stop continually penalising the people who do the right thing. If the introduction of parking charges cover the cost of brown bin collection and more then remove this cost.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8735	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Invest in town centre car parks to encourage people to towns.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8736	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Adding a workspace parking levy will lead to businesses leaving the area	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8737	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	.Car parking charges may be an opportunity to travel by public transport but our Country Parks should remain an opportunity for all to enjoy to opportunity to enjoy benefits of outdoors.	Environment and Sustainability	7. The respondent's comment was either not relevant to the question, inappropriate and/or contained personal and sensitive information.
8738	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Build more doctors facilities for all the old people there are going to be. Then you can charge them for parking at the doctors.	Environment and Sustainability	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
8739	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	I have a serious issue with people parking on double yellow lines near my property. The council do nothing about this and advise me to contact the police. I do and they also do nothing. This leads to junctions becoming dangerous and will inevitably lead to an accident. The council should have traffic wardens to patrol issues like this which will generate income from ticketing.	Environment and Sustainability	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
8740	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Stop allowing commercial vehicles to park in Residential areas. Charge a permit fee at least. Might stop vans destroying out grasses areas and improve parking facilities for residents	Environment and Sustainability	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
8741	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Should start taxing car owners for parking spots. Max 2 cars per living space. Should tax and punish bus stop parkings - bus stops should be access by bus as plenty disabled or old persons don't need jump and injure when getting in or out of bus. Fight ableism.	Environment and Sustainability	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8742	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Car park charges seem inevitable but how about introducing speed cameras in 30mph / 20mph zones and generate revenue from fines whilst making the community safer? It is rift the number of people that are breaking the speed limit on Edinburgh Road, Bathgate - at Kirton Park and towards the school.	Environment and Sustainability	8. This suggestion is out with the responsibility of West Lothian Council. Where relevant, we will forward these comments to our partner organisations.
8743	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Again no specific details so hard to judge. If you charge for parking at council offices staff will need a raise and residents may not be able to visit. I can't do buses as disabled and need to take car to library, rent office, advice shop etc	Environment and Sustainability	9. The respondent made a comment on the survey question
8744	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	With regards charging employees it is important to ensure this does not have a detrimental impact on family income or standard of living.	Environment and Sustainability	9. The respondent made a comment on the survey question
8745	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Depends on what current fees you looking to increase. car parking charges on council owned property? fairly sweeping statement - needs to be more prescriptive if any chance of people signing up to anything.	Environment and Sustainability	9. The respondent made a comment on the survey question
8746	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	Will employees require to pay for parking? or will this be covered as a work expense?	Environment and Sustainability	9. The respondent made a comment on the survey question
8747	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	To my knowledge council workers buy things for their work out their own pockets clothing shoes put a car on road to do their job no access to a pool car so use own. They buy things pens toiletries food and clothing or need children and young people have therefore to impose a parking cost onto the workers that is wrong. Also they park at livi football car park not fit for parking.... rough stones chipping car the Council don't care about their staff.	Environment and Sustainability	9. The respondent made a comment on the survey question
8748	Theme 2- Generating Income	2b - Bringing in car parking charges at council-owned car parks.	2b - You want to increase the cost of living to residents during a cost of living crisis??	Environment and Sustainability	9. The respondent made a comment on the survey question
8749	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Only to the advertising part	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8750	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I think increased use of advertisements and reasonable pricing for services such as pest control etc are definitely good ideas as its better to have a bit more costly service available rather than having to suspend a service because you can't afford to run it.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8751	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Not charge at council car parks Agree to charge advertising billboards etc	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8752	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Only 2c not the other options	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8753	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising g in bus stops sounds good	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8754	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Bus stops always had advertising on them as per 1995 ads.... why oh why did this generated income stop in the first place.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8755	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	yes i agree with better advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8756	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	This is a sensible approach.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8757	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising sounds good,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8758	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I don't agree with the parking, but the others I do. If someone is paying for pest control through the council, they should cover the cost!	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8759	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising - get money from businesses instead of families.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8760	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2C seems the most likely way to raise money without outlay, in the short term.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8761	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c is a great idea - takes money from those who have the money to spend.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8762	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Agree with 2c	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
8763	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Agree with every statement here.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8764	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Increasing advertising income	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8765	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Using potential advertising space should be a priority as does not incur further cost of living increases to residents.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8766	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Like the advertising in bus shelter ideas, as I know many have to be repaired and cleaned.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8767	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising is the best suggestion	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8768	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	There is also scope to advertise next to the M8 motorway.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8769	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Yes use bus shelters, council buildings for appropriate advertisement Small amount for Visitor levy is acceptable	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8770	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	These have already taken place in other local authorities so it make sense to come in line with, but not extend beyond other local authorities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8771	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Increased advertising should be utilised,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8772	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertise local business on council vans and source materials locally like work wear and provide advertising to the companies where they source materials,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8773	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advert on council own spaces	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8774	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Increasing the use of advertising on council - owned property and facilities sounds like an excellent option.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8775	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising is a no brainer.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8776	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising charges seem like a no brainer,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8777	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Generate income from advertising, not just increasing fees for things that the general public need to do in the course of their daily lives	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8778	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising on council owned property sounds sensible.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8779	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Making use of suitable advertising spaces.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8780	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Installing advertisements in bus stops appears to be a simple and effective way to raise funds.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8781	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Methods such as advertising on public buildings sounds like an effective use of space	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8782	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	agree with all suggestions	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8783	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	We have the M8 running right through the middle of the county promote and advertise along the roadside and many bridges that cross it.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

8784	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8785	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I agree with advertisement	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8786	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Increasing the use of advertising on council - owned property and facilities, for example roadside and bus shelter advertising.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8787	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Use advertisers income	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8788	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Giving space to advertisers doesn't harm employees some of your schemes do and tourism local levy I think would backfire	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8789	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Generating income from bus stops and road side is a good idea The visitor tax is a good idea	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8790	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	increase advertising space / revenue I wouldn't mind	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8791	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	For advertising, it is understandable the attraction of generating more income, but equally, it has been a tragic loss over the last few decades of the ability simply enjoy being in a place as a human experience without constant pressure to be economically active or add to the 'productivity'. I note with happiness the lack of current interest in the workplace parking levy, perhaps when the area is criss - crossed with plentiful, cheap and fast transport it would be possible.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8792	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Perhaps car park charges and advertising, but dont over do it.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8793	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Not supporting 2a but the other options. Feel pay enough council tax and additional fee for bins	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8794	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising on bus shelters etc. an excellent idea	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8795	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising on bus stops is a good idea	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8796	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertisements must be increased ten fold. Increase fines significantly for things like vandalism & speeding.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8797	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Charging for advertising as mentioned. Higher rents for council lock ups as these are a Luxury rather than a necessity.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8798	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Yes increase advertising costs but the workforce shouldn't have to pay to be at work	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8799	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c - Yes.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8800	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8801	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Bus shelters / roundabouts advertising yes, I wouldn't be keen on to many road signs...	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8802	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising is a good option and linking the visitor levy to tangible public benefit is a worthwhile action	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8803	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I think advertising on local facilities is an excellent idea to generate funding	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8804	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	All opportunities to generate additional revenue should be contemplated... this should start by understanding demand from customers from products or services that you don't provide that you should provide	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

8805	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	the advertising will not affect people and may make the things look more appealing and a great way of sharing information	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8806	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	but I think advertising in bus shelters is a good one as well. Small payments should mount up quite quickly, without too much pressure on the public.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8807	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising is a good idea.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8808	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	and improve advertising on council facilities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8809	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	increase advertising. Get corp comms to do this more. Should be what they do	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8810	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Would prefer the council looked at advertising and sponsorship on existing infrastructure instead	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8811	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Increasing the use of advertising on council - owned property and facilities, for example roadside and bus shelter advertising.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8812	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Liking the advertisement on council property	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8813	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Increasing the use of advertising on council - owned property and facilities, for example roadside and bus shelter advertising.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8814	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	while selective advertising on council property could generate additional income with minimal public impact.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8815	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Agree with the advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8816	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising build boards would be a good way of brining in money.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8817	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Bus advertisement and other unuaed spaces to generate an income not directly out the pocket of residents 100 % a positive factor to follow	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8818	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising - absolutely	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8819	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I agree with 2C.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8820	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I agree that the council should try to generate income, for example, advertising.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8821	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c and 2d would be appropriate.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8822	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising- yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8823	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Charge companies for adverts on Bus Stops	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8824	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	You could put more adverts up	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8825	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I agree with charging money to put up adverts.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

8826	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Operate more like a business. Billboards in high profile locations. Such as the M8 with heavy traffic.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8827	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Increasing the use of advertising on council - owned property and facilities, for example roadside and bus shelter.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8828	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Increasing the use of advertising on council - owned property and facilities, for example roadside and bus shelter advertising.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8829	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	The council should look at raising extra income by other small charges from advertising etc	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8830	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Increasing the use of advertising on council - owned property and facilities, for example roadside and bus shelters.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8831	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Increasing the use of advertising on council - owned property and facilities, for example roadside and bus shelter advertising.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8832	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Again, more caveats. Absolutely raise money with advertising, etc. (provided it's not too much that people don't use it)	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8833	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	All of these proposals look manageable.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8834	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	c) yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8835	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I can't understand why we haven't already brought all of these measures in!	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8836	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Agree that every option should be consider to generate income. Car parking charges are inevitable, and advertising on council properties could create a valuable source of revenue.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8837	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	yeah i agree.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8838	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising revenue can also be generated via the council publication the Bulletin. With a falling readership of commercial print media, the Bulletin provides businesses with the best way of guaranteeing that they can reach every single address in West Lothian. Local Businesses would more than likely be more than up for exploring the opportunity.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8839	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising is the only realistic option here:	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8840	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	however looking at advertising,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8841	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising on council property is a good idea	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8842	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Explained in my previous answer. Advertising seems a great way of making money for the council as long as it doesn't become cluttered	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8843	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	advertising charges would be good ways to generate income but not adding new fees	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8844	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	* agree that we should advertise on bus stops and buildings.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8845	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	All reasonable options should be explored. Bus shelter advertising looks a good option, as would additional hoardings at appropriate spots. I do laugh at the state of the roundabouts, that state they are "sponsored" by various organisations. There is not one decently maintained landscaped roundabout in the region... so I assume sponsorship is minimal?	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8846	Theme 2- Generating Income	Zc - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I'm supportive of space being used for advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

8847	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising seems like good ideas.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8848	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	More advertising or sponsorship sounds like an idea worth exploring	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8849	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c seems to be attainable	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8850	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	the idea at 2c seems sensible in some areas.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8851	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Agree that the councils need to advertise and bus stops and buildings are a great way to do it.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8852	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Increased use of advertising space	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8853	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising is a good way to increase budgets	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8854	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Yep charging for advertising etc.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8855	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	All sounds positive, especially advertising.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8856	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	The idea of adverts on bus shelters is a good one.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8857	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I agree with using council owned properties for advertisements purposes.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8858	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Yes in terms of advertising but other charges need to be considered carefully as people are struggling with their finances at the moment.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8859	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Look at things such as advertising which have no impact on services or the finances of local people who are already paying for services	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8860	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	The advertising in areas sounds good	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8861	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	If Bus shelter adverts can bring in money then of course this should be maximised as a source of income.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8862	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	You should be able to generate more than £100, 000 in advertising revenue from bus shelters etc	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8863	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	West Lothian has a rich history don't think we capitalise on that with visits and tourists and the fact it's on the Glasgow / Edinburgh line. We should be generating money through advertising. Yes to parking charges and let's try to help the planet cutting carbon emissions by charging.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8864	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I support 2c. increasing advertising on council - owned property like bus shelters and roadside locations. This is a practical and low - cost way to generate income without placing additional financial pressure on residents.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8865	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Yes to advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8866	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	charge for advertising different business. this will bring in money	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8867	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c - yes agree to all.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

8868	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	council building advertising is a good idea.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8869	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I personally believe you should look more into 2c	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8870	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Agree with all your ideas listed with this question, but be bolder! I would charge more for customers using fast food outlets and the waste they generate. Introduce a levy on fast food, both being consumed on - site, collected and / or delivered. The secondary benefit is that people may consider eating more healthier food, and lose weight!	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8871	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Expand advertising and sponsorship opportunities on council assets,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8872	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I believe looking at new ways to increase advertising to generate income,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8873	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	advertising at council sites,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8874	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Increasing advertising in council property only from this list. Also adding fundraising efforts could be beneficial.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8875	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I agree that there is benefit to increased advertising in council owned property and facilities, however I feel that the other suggested methods are too unfair on residents of West Lothian Council and should not be implemented.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8876	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Appropriate advertising on council facilities.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8877	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Having somewhere people can advertise is a great idea as long as it is not large amounts to use this service.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8878	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	good idea to push for more advertising on bus stops and roundabouts.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8879	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Funding from advertising seems sensible since it shouldn't have a negative impact upon services that are provided.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8880	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Avenues that do not directly impact the local population should be exhausted first. ie advertising.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8881	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	yes to everything except car parking charges	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8882	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Agree with charging a fee for advertising.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8883	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Increasing advertising income,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8884	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	The advertising idea is by far the best out of the options you suggested, low impact but produces revenue.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8885	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising spaces makes sense. Just be mindful ordinary people are still struggling financially.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8886	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Yes to advertising on public spaces	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8887	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Business advertising seem a fair option	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8888	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising charge I agree with	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

8889	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Partnering with private companies for advertising on council assets—such as bus stops, bins, and vehicles—could create a consistent revenue stream	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8890	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising on council property is a good idea as it doesn't impact services.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8891	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I agree with council proposals.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8892	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising at roundabouts and local places is a great idea, I think this should definitely be looked at. It will benefit local businesses with exposure of their branding and earn money to the council - a great idea!	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8893	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Income from advertising sounds good.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8894	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertisement is a good option, bus stops are still in use and the signage on the back of buses and on trains can be a good option.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8895	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	All the advertising and revenue opportunities mentioned above	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8896	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Bus stop advertising will be good.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8897	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Maximise income from advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8898	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Also agree with advertising on bus stops / un - used commercial properties etc.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8899	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Do agree with the advertising charges	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8900	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Increase advertising revenue streams	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8901	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2C - Bus stops used to be used for advertising, some still are. worthwhile pursuing.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8902	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c Agree	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8903	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Businesses advertising on local bus stops is an idea. Edinburgh has loads in new screens that rotate.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8904	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising 100 % behind that	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8905	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Agree with advertising on bus shelters.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8906	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising should be maximised on empty industrial spaces like Edinburgh.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8907	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c - roadside bus shelter advertising seems like a good idea.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8908	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Very supportive of this. 2c Increasing the use of advertising on council - owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100, 000.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8909	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I'd prefer to see creative, ethical options such as responsible advertising on council property.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

8910	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I strongly support measures that do not burden West Lothian residents: 2c (Advertising): Maximize income from this non - resident charge.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8911	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	A greater focus on the revenue generated from providing council resource to advertisers, this appears lucrative and does not detract from council services as - os	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8912	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c Yes generate here	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8913	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising is a good option. Bus stops can be updated by the advertiser and allowed to display their content. A standard design should be followed.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8914	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c - roadside bus shelter advertising seems sensible	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8915	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Generating income through advertising yes.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8916	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	The signage and advert avenue is lucrative and I suggest the council look into this with an outside the box thinking whilst still preserving historical significance and in alignment with the local culture.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8917	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Utilising billboards etc is a great idea.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8918	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Income through advertising is encouraged but should ensure we don't end up putting fast food next to schools etc.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8919	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Using the land for advertising could work.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8920	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Increasing advertising in council property only from this list. Also adding fundraising efforts could be beneficial.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8921	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Put up adverts on bus stops and buildings	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8922	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Look at advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8923	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	A good idea to advertise in bus shelters	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8924	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising - agree this would be a good measure to generate income	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8925	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c) Absolutely why are we only thinking of this now	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8926	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I think there are some valid points for example with advertising on Council buildings etc.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8927	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Yes I agree with all the suggestions to increase and generate income	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8928	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	advertising at bus stops etc.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8929	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	advertise.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
8930	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Agree re advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

Enhanced Ads / Sponsorship: Add digital boards in parks / centres & event sponsors (£150k + extra, tasteful).	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9037	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I do not agree with increasing fees to tenants as bills have risen and keep rising as it, however I do agree with 2c	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9038	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Charging for advertising on billboards is a good idea.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9039	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising free on bus stops	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9040	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	You suggested advertising start there why isn't it already happening? Too much bureaucracy.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9041	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Agree with all bar number 1, shouldn't be increasing charges and fees or at least if so it should be determined by household income how much we need to pay for fees and charges.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9042	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Adverts is a good idea.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9043	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Utilise advertising spaces - hire out venues when these aren't in use to gain income	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9044	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I agree with the advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9045	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Agree to advertising revenue.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9046	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising on local bus stations, roundabouts, even the council website could all assist with additional income.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9047	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I do support better usage of council land to attract income via advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9048	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Again grouping things together is unhelpful. I agree with marketing and advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9049	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Some charges do seem fair such as advertising costs	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9050	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	We are paying Council Tax and this should cover services. I like the idea of generating income via advertising. What kind of charges do you levy on new house building as I drive a lot in and around West Lothian and there are a lot of new houses being built	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9051	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Agree on advertising on council land but other increases are not suitable as people struggle enough	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9052	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising is a good income generator.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9053	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	While I agree with increasing the use of advertising on council - owned property and facilities, for example roadside and bus shelter advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9054	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I could agree to give spaces for advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9055	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising on buses, bus shelters etc should be encouraged to increase income.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9056	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	the bus stop advertising yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

Master Reference Number	Theme	Option	Comment	PDSP	Officer Response
9057	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising space seems like it might generate some income.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9058	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	The Council should prioritise finding alternative sources of income before considering any tax rises	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9059	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Would agree with advertising at roundabouts / bus stops	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9060	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I agree with all the suggestions made to raise fees other than raising council tax itself. We already pay so much and if there are other ways to raise money, as you have suggested, i think these options should be considered first before the tax is raised. Everyone is stretched so thin at the moment and it is very stressful.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9061	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Before increasing tax, the Council should focus on smarter income generation — such as advertising on council assets	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9062	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	bus - shelter / roadside ads,	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9063	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	maximize commercial advertising (2c).	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9064	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Increasing advertising space might be a good option	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9065	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Look into the advertising route to generate more income	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9066	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Agree with the advertising though	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9067	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c - Yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9068	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Agree with the advertising.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9069	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I agree with some of the ways of generating income ie bus advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9070	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Agree with the advertising part	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9071	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Charging for advertising is an excellent idea as long as adverts remain current.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9072	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising on bus stops is a good idea	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9073	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	generating income indirectly through selling advertising space is a good idea	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9074	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Do not agree with any of the above proposals except advertising.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9075	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising charges are good.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9076	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	and earn from adverts would be OK	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9077	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I suggest increasing advertising.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

9078	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising - you should have done that already.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9079	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Use of advertising OK. All other suggestions No.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9080	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Charging businesses for things like advertising is acceptable but many people are financially squeezed enough as is without the council increasing costs for things that may be essential.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9081	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9082	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Set up secondary sources of income such as advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9083	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I agree with potentially utilising advertising space for companies or businesses within the community.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9084	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising, yes fine.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9085	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising is fine, the rest, are again, hitting those that least deserve it.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9086	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I agree with advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9087	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Allow advertisers and digital billboards at bus stops and on council properties.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9088	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertisement should be charged.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9089	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising sounds ok	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9090	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I dont think this question should be lumped as one I agree there should be other ways of raising funds ie advertising and people actually paying for the service they are receiving without the council making a loss	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9091	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Perhaps advertising income or other such scheme may be appropriate but nothing that further adds to the cost of living crisis.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9092	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	These are wasted opportunities adverting is fine as is councils operate in a way that residents are aware and understand whats available	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9093	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c. If you can make money selling advertising space then do it.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9094	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising is the best suggestion put forward.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9095	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	The advertising on buildings etc is best idea.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9096	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Happy for generating revenue with adverts and other means.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9097	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I agree with generating income through advertising	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9098	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I agree that revenue generation through external means but not with raising council tax	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

9099	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I think generating additional income is a good idea	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9100	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Encourage advertising or sponsorship	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9101	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising is a good suggestion	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9102	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising makes sense.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9103	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising opportunities seems a good avenue	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9104	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I agreed with 2c	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9105	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising is fine	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9106	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	The use of advertising generates additional income without causing additional expenses on households. This should be prioritised over increasing living costs for families in West Lothian.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9107	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising fine	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9108	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Raising money over advertisement is a good plan.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9109	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising is also a good idea and could potentially bring income in.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9110	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	However, we think advertising is a good way to generate income.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9111	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I think looking to raise revenue through advertising is preferable	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9112	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I do agree with advertising. It feels like they already do these.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9113	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c - Good idea but you 'd need graffiti free bus shelters to do so.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9114	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising revenue from council owned assets seems a good idea in principal.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9115	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Any advertising that generates income.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9116	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	agree to advertising.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9117	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	yes to advertising.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9118	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Yes to advertising - this could bring in a lot of money.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9119	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c advertising sounded like the best option, especially with the potential income but I don't agree with the others.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

WL2028 Your Council, Your Say Budget (Phase 3) Consultation Comments and Responses from Officers

9120	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Bus shelters, roundabouts, railings, at the train stations etc are great places for advertising and if this can generate more income then that would be a good way to increase income.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9121	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I do believe you should look at making income but not in a way that is effectively taxing the residents of West Lothian. Advertising is a good example of how to raise money without a direct impact to residents.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9122	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising, yes.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9123	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	can do 2c - also include advertising on council vehicles	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9124	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Fine to raise funds on advertising etc but not from work place parking.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9125	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Digital advertising on council owned property would be good as assume if digital these can be updated without need to visit site	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9126	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Most of those services are essential for people living in West Lothian. But you could do more to advertise them. For example this survey was only on Facebook. You could send out a email and have a app that gives news and updates	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9127	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Get the advertising on bus stops	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9128	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Should already be advertising in bus stops and roundabouts.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9129	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Look to gain by working more with businesses for mutual benefit. Have your vehicles sponsored for example and include in that sponsorship the maintenance.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9130	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Selling advertising space	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9131	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c - there is probably some mileage in this, although there needs to be a balance struck between the visual impact of adverts on the wider environment. There must be a case for bringing back traffic wardens to enforce traffic management in town centres. This has been sadly lacking for a number of years now meaning that some drivers merely park wherever they want without any sanction. The income due from ticketing, together with charges for on street parking could raise significant amounts of income.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9132	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertise bus shelter	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9133	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Make advertising on roundabouts get company to maintain the roundabout making it more astheticand improve the enviroment	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9134	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	No problem with any of these.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9135	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Bus shelters yes	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9136	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	The work place levy for car parking is not sustainable for many people. I for one would not be able to get to my work without my car unless I made my commute in excess of 90 mins each way. This is not sustainable for a balanced family life. I am not opposed to the other measures	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9137	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I dont know where all the money from me paying council tax goes, and what services the coucil actually provides vs what is already outsourced or responsibility being elsewhere. Some of the suggestions make sense to generate income like use of buildings and bus stops to advertise	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9138	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I dont agree with a local levy, I feel this would put people off attending events, visiting West Lothian etc and would cause more of a loss of business for the local economy.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9139	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	I partially agree with your suggestion but only with strict conditions. • Start with Visitor Levy and advertising.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.

9140	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Most of the previous ideas were good ie advertising in buildings.	Corporate Policy and Resources	1. The respondent advised that they agree with the proposal.
9141	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Any alternative method ensuring vital information is delivered to everyone in West Lothian will undoubtedly results in a greater cumulative cost to the council therefore it would make sense to retain the publication. However it could also be used to generate income, working with local business in the area.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9142	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	2c no chance pay more fixing them from vandalism	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9143	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Bus shelters get kicked in most of the time so that's a waste of money.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9144	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Please avoid introducing advertising.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9145	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	STOP ADVERTISING IN BUS STOPS	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9146	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	and I don't think advertising in bud stops is such a great idea, how many bus services do we have really and I don't read them anyway	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9147	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Waste of time using a bus stops for advertising.. Who looks at them?	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9148	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	Advertising on billboards or at bus shelters is a waste of time and money. The amount of vandalism in West Lothian is noticeable and the cost to do posters and put them up is not worth it.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
9149	Theme 2- Generating Income	2c - Increasing the use of advertising on council-owned property and facilities, for example roadside and bus shelter advertising, which could generate in excess of £100,000.	No, I do think fees and charges should rise in line with inflation but not for any other purpose and not without a well thought plan. I can't tell from the information on the previous page whether these are sensible ideas or not.	Corporate Policy and Resources	2. The respondent advised that they either did not agree or did not believe the council should consider the proposal.
