ONLINE FEEDBACK PROVIDED	Date received: 20 th June 2025 Total cost of work: £415 Description of work: Replaced 14 tiles with broken water gates. Comments: Excellent. They fixed my leaking roof (something two other companies had come round and failed to do). Everything felt very professional with them - an actual booking system helped (again, other roofers would say they would come round but never did), plus the surveyor took photos of the problem, explained it to me and sent through a detailed quote. Would definitely recommend.

	Description of work: They removed a disused flu from an old boiler and repaired the hole it left with new felt and tiles. They also replaced chipped or broken tiles while up there. A clip holding a flu in place which was also broken was also replaced, this wasn't part of the job but was done anyway and I was very grateful. All work was photographed and shown to me on completion. Good honest reliable workmen
